MINUTES
CITY OF ISANTI
CITY COUNCIL MEETING

TUESDAY, DECEMBER 21, 2021 – 7:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Community Development Specialist Ryan Saltis, City Attorney Joe Langel, Community Development Director Stephanie Hillesheim and Chief of Police Travis Muyres

Others Present: Margaret Stringer, 305 Broadway ST SE

D. Public Comment
Margaret Stringer, 305 Broadway ST SE, shared her concerns with the car wash selling vehicles in the parking lot.

E. Adopt Agenda
ADD F.2. Recognition of Isanti Lions for Isanti County Christmas Project 40th Anniversary
ADD F.3. Remembering Fallen Officer Marshal Frank Dahlin

REMOVE K.1.

Renumbering K.1.-K.3.

K.1. City Council and Commission Meeting Dates for 2022

K.2. ORD-765 Amending Chapter 160; Fees

K.3. Resolution 2021-258 Approving a Final Plat for PID 16.125.0020

Motion by Lundeen, seconded by Bergley to approve agenda with the modifications listed above. Motion passed 5-0. Motion carried.

F. Proclamations/Commendations/Certificate Awards

1. Years of service Awards
   Mayor Johnson recognized John McCarty and Brian Saba for their 5 years of service with Isanti.

2. Recognition of Isanti Lions for Isanti County Christmas Project 40th Anniversary
   Mayor Johnson recognized Isanti Lions for their 40th Anniversary of the Isanti County Christmas Project.

3. Remembering Fallen Officer Marshal Frank Dahlin

Chief of Police Travis Muyres shared that 95 years ago Officer Marshal Frank Dahlin was killed in the line of duty at the Potato Warehouse when he interrupted a robbery and was shot twice during an exchange of gunfire. He succumbed to his wounds two days later. Two men were arrested four months later and charged with Marshal Dahlin's murder. Both were wanted for several robberies in neighboring counties and the murder of a cashier during a bank robbery in Weelock, North Dakota, that occurred on November 12th, 1926. On May 14th 1927, both were convicted of Marshal Dahlin's murder and sentenced to life in prison. One was paroled on January 24th, 1949, after being diagnosed with severe heart problems.

Marshal Dahlin had served with the Isanti Police Department for one year. He was survived by his wife and stepson.

G. Approve City Council Minutes

1. December 7, 2021- Regular Meeting of the City Council

Motion by Bergley, seconded by Lundeen to approve minutes as presented. Motion passed 4-0. Motion carried.

H. Announcements

1.	**CITY OFFICES CLOSED**	Thursday, December 23, 2021 *(In Observance of Christmas Eve)* Friday, December 24, 2021 *(In Observance of Christmas Day)* Friday, December 31, 2021) *(In Observance of New Year's Day)*
2.	City Council Meeting	Tuesday, January 4, 2022 at 7:00 p.m.
3.	EDA Meeting	Tuesday, January 4, 2022 *(Following the City Council Meeting)*

I. Council Committee Reports

Councilmember Lundeen shared that the Joint Powers Agreement has been tabled until a resolution is found. Lundeen further shared that the Fire District has gotten approval to purchase Ranger pickups because General Motors pulled their state bid package for buying state vehicles. They will be selling their two Impalas that are duty crew cars.

Councilmember Collison shared that the last race of the season was December 15th and BMX track is closed until after the 1st of the year. Collison further shared that the Fire and Ice Series is going to be sponsored by the National Guard this coming year.

J. Public Hearings

None

K. Business Items

~~**1.** Interview Applicant Vaughn Ihrke for Vacant Parks, Recreation and Culture Board Member Seat~~

City Administrator Josi Wood

1. City Council and Commission Meeting Dates for 2022

Administrator Wood shared that typically at this meeting every year the meeting schedule is sent out for the following year. This includes City Council meetings, EDA meetings, Committee of the Whole meetings, Planning Commission meeting and Parks, Recreation and Culture Board meetings. Earlier in the evening Goal Setting meeting date and time had been determined for

January 24th at 5:30 p.m. There is one Wednesday meeting for City Council in observance of National Night Out which will be August 3rd.

Motion by Bergley, seconded by Gordon to approve City Council and Commission dates for 2022.

2. **ORD-765** Amending Chapter 160; Fees
Administrator Wood shared that annually the Fee Schedule is reviewed for warranted changes to ensure it is accurate for what staff costs are and any other significant changes. The changes are the same as presented to Committee of the Whole last month. The only addition is meter pricing because at that time it was undetermined what the pricing would be and the change has been made to say "at cost." Also, in Chapter 76-16 there was a reference to investigation for comprehensive background and financial investigation where it was written within Chapter 76 but not City Code so it was added to City Code as well. Changes also included removing any fines that were in Chapter 160 and including them in their applicable Chapter of City Code if not already included. Wood further stated that recommended changes are made by staff and City Attorney. The Ordinance draft has been reviewed by Committee of the Whole and posted for the required 10-day notice period.

   Motion by Lundeen, seconded by Bergley to approve Ordinance as presented. Motion passed 5-0. Motion carried.

3. **Resolution 2021-258** Approving a Final Plat for PID 16.125.0020
Administrator Wood shared that there is a property in the Industrial Park at the Isanti Centennial Complex 3rd Rearrangement. It was listed as an outlot and the City is in the process of selling this property to Special Tools, Inc. It has already gone through the EDA and is EDA owned property. However, it was platted in 2007 as an outlot and needs to be platted as a lot. The intent is the same as it was in 2007 but is now a buildable lot.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

L. Approve Consent Agenda

1. Consider Accounts Payable in the Amount of $2,006,095.00 Payroll in the Amount of $157,649.21
2. **Resolution 2021-259** Approving Adopt-A-Park Policy Revision
3. **Resolution 2021-260** Accepting Full-Time Police Officer Tyler Lawson Letter of Resignation
4. **Resolution 2021-261** Approving a Check to be Written to Northern Elements Cheer for Volunteering at Isanti Movie Nights
5. **Resolution 2021-262** Approving Revision to Current Mowing Policy
6. **Resolution 2021-263** Approving Enrollment in Utility Assistance Program

A motion was made by Lundeen to approve the Consent Agenda, seconded by Bergley. Motion passed 5-0. Motion carried.

M. Other Communications

1. November Police Department Reports
2. November Code Enforcement Officer Report
3. November Building Inspector Report
4. December Engineering Project Status Report

M. Closed Session

1. City Administrator Annual Performance Review Pursuant to Minnesota Statutes 13D.05 Subd3 (a)

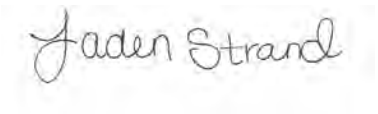
At 7:14 the City Council went into closed session regarding performance of the City Administrator.

Upon reopening of the meeting at 7:17 p.m., no action was taken.

Adjournment

A motion was made by Lundeen, seconded by Bergley to adjourn. Motion passed 5-0. Motion carried.

Meeting adjourned at 7:38 p.m.
Respectfully Submitted,



Jaden Strand
City Clerk

MINUTES
CITY OF ISANTI
COMMITTEE OF THE WHOLE MEETING

TUESDAY, DECEMBER 21, 2021 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:00 p.m.

The Pledge of Allegiance as recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Members Absent: None

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Public Services Director Matt Sylvester, Community Development Director Stephanie Hillesheim and Finance Director Mike Betker

Others Present: George Hemen

D. Public Comment
None

E. Committee Meeting Items

1. Public Works Updates

- Crews have been working on a tree trimming list. This list is generated over the Summer when trees are at their fullest and is completed annually as a winter project.
- Due to the lack of snow in November, Public Works was able to help out with the Liquor Store move.
- The 2021 Storm System Management Project is now completed.
- Staff will be doing some brush cutting in other storm ponds over Winter when the ground is frozen as routine maintenance only.
- Sewer Jetting was completed this Fall. This year they jetted more than usual as a training exercise for some of the newer team members concentrating on gravity areas out to the main lift station.
- The clarifiers at the Waste Water Treatment Facility have been drained and cleaned. The WWTF is now in Winter mode where the clarifiers and UV bulbs are not in use.
- Fall maintenance was completed at the WWTF including oil changes on the backwash pumps, sludge pumps and the aeration blowers.

- Private well water testing is almost complete. Residents who have a private well are required to provide sample to be tested for Bacteria (Bac-T) and Nitrates in their private well. The limit is 0 for the Bac-T test and 10 mg/l in the Nitrates sample. This year, 9 residents did not submit their sample results. Public Works is working on gathering those samples and getting those samples submitted.
- Public Works was also able to make a "Snow Making Machine." Staff has made a few modifications to it since the initial use with the cold temperatures. It will be used as need when the temperatures are cold enough.
- The Compost Site closed November 7.
- The Santa Event was held at the Isanti Community Center on December 10 beginning with Santa Claus followed by the movie "Jingle all the Way."
- On December 12th Parks, Recreation and Event Coordinator Alyssa Olson held the "Candy Cane Flashlight Hunt" in Legacy Park.

2. Water and Sewer Base Fee Charges Discussion
- This was requested to be added to the agenda for discussion.
- Water and Sewer Base fee charges began in 1982 and at the time a lot of residents had well water and asked to start testing the water.
- At the time wells were not passing the test and the fee was meant to be an incentive to get onto the system.
- In 2020, charges collected was $3800.00.
- Roughly 13 residents are charged for sewer and 33 charged for fixed water.
- Recommendation from Committee is for staff to look into City Code and different scenarios and bring back to Committee of the Whole for discussion.

3. Council Chambers Rental Discussion
- Earlier in 2021 this policy was brought back and updated to include a $100 damage deposit, rules and regulations for use and added capacity. The rest of the policy was left intact.
- The policy only allowed certain groups and organizations. Religious and Political groups were not permitted to rent the Council Chambers.
- Upon attorney review, it has been concluded that certain groups cannot be excluded and needs to be biased.
- Consensus from Committee is to not allow the public to rent the space but staff can use it for City functions for needs of the City.

4. Goal Setting Meeting Date Discussion
- In the past Goal Setting meeting was on a Tuesday morning which did not work well with schedules, after other City meetings which in turn made for a really late night as well as the 4th Tuesday in January which would be January 25th.
- Consensus from Committee is for the Goal Setting meeting to be held on Monday, January 24th at 5:30 p.m.

5. Farmer's Market Location Discussion

- With the old liquor store being sold brings up the question where the Farmer's Market go.
- Options include: New Liquor Store, Bluebird Park and Eagle Park.
- Liquor Store staff has asked that if the Farmer's Market moves there to have the date change to any other day of the week so it does not interfere with them.
- Some vendors had concerns moving the Farmer's Market back to Eagle Park.
- Recommendation from Parks, Recreation and Events Coordinator is to have the Farmer's Market at the Liquor Store on Wednesdays.
- Consensus from Committee is for staff to ask Coborns first and if no luck have it at the North end of the parking lot and move to the South side of the lot if the land sells.

6. Economic Development Authority, Planning Commission and Parks, Recreation and Culture Board Minutes Discussion
- Current practice is meetings from other boards such as EDA, Planning Commission and Parks, Recreation and Culture Board have all come back through City Council to be approved. This does not need to be done as each Board approves their own Minutes.
- If anyone wants to see what each Board has approved the Minutes are on the City's website.
- Consensus from Committee is to not include Minutes for approval but add Councilmembers to the Park Board Agenda Packet email list.

7. CSAH 5 & 8th Ave Intersection
- A concept layout was shared with Committee.
- The City Engineer's estimated cost was $100,000.00 and the final cost is $100,000.00.
- Consensus from Committee is to share concept with the County and inquire if they would be willing to split the cost 50%.

8. Memorial Sign for Marshal Frank Dahlin
- Sam from the Historical Society reached out to Councilor Collison about a memorial sign for Marshal Frank Dahlin close to the site the incident occurred.
- Parks, Recreation and Events Coordinator Alyssa Olson is working with the Park Board about putting an observation deck near the location where it could potentially be a memorial observation deck.
- Consensus is for the Historical Society to work with Parks, Recreation and Events Coordinator Alyssa Olson about details regarding the memorial sign.

9. 901 East Dual & 400 East Dual
- Wood updated the Committee that on Friday the City closed on 901 East Dual property and today closed on 400 East Dual to Nick and Drews Discount Foods.

F. Adjournment

Meeting was adjourned at 5:53 p.m.

Respectfully Submitted.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: January 4, 2022
Subject: Resolution to Approve Amendments to the Conditional Use Permit for Auto Sales at 305 Main Street East.

The Planning Commission held a public hearing for the Conditional Use Permit Amendment Application for 305 Main Street East. The Planning Commission approved the request with the added conditions:

1. The site is limited to displaying a maximum of eight (8) vehicles on the lot for sale located in the northwest corner of the lot.
2. Fencing on the west side of the property must remain in place to soften the effects of the auto sales upon neighboring residences.
3. Fencing between 4 and 5 feet high on the south side of the property must be installed to soften the effects of the auto sales upon neighboring residences.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, approve Resolution as written, approving the amendments to the Conditional Use Permit.

Attachments:

- Resolution 2022-XXX
- Findings of Fact

RESOLUTION 2022-XXX

APPROVING THE AMENDMENT TO THE CONDITIONAL USE PERMIT AT 305 EAST MAIN STREET AS REQUESTED BY JIM BERGMAN

WHEREAS, Jim Bergman of Sportsmen Specialties has applied for an Amendment to the Conditional Use Permit at 305 East Main Street to allow Auto Sales as an additional use to the site as detailed in Resolution 2003--022; and,

WHEREAS, the Planning Commission held a public hearing to consider the Conditional Use Permit request on December 21, 2021; and,

WHEREAS, the Planning Commission voted unanimously to recommend approval of the Conditional Use Permit request with certain conditions;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that Jim Bergman's request for a Conditional Use Permit is hereby approved requesting allowance of Auto Sales at 305 East Main Street with the following conditions added to the original conditions as stated in the original Conditional Use Permit:

1. The site is limited to displaying a maximum of five (8) vehicles on the lot for sale located in the northwest corner of the lot.
2. Fencing on the west side of the property must remain in place to soften the effects of the auto sales upon neighboring residences.
3. Fencing between 4 and 5 feet high on the south side of the property must be installed to soften the effects of the auto sales upon neighboring residences.

FINDINGS OF FACT AND CONCLUSION
CONDITIONAL USE PERMIT AMENDMENT – 305 MAIN STREET EAST

Request

Request by Jim Bergman of Sportsmen Specialties for a Conditional Use Permit Amendment to increase the number of vehicles displayed for Auto Sales at 305 Main Street East.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit Amendment for to increase the number of vehicles on display for Auto Sales.
2. The Property is zoned B-2 General Business District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on December 21, 2021 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit Amendment application was published with the *County Star* on December 9, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2, Subd. 3D of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit Amendment request.
6. On February 18, 2003 the Isanti City Council approved a Conditional Use Permit for Auto Sales at 305 Main Street East through Resolution No. 2003-022.
8. On December 21, 2021 the City of Isanti Planning Commission approved the Conditional Use Permit Amendment to modify site plans with conditions listed in the December 21st staff report and passed with a 4-1 vote.

Conclusions

In review of the standards established in Section 18, Subdivision 7; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

1. 1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
The nature of the business is consistent with the goals and objectives of Isanti's Comprehensive Plan to develop along Highway 65.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Auto Sales is a Conditional Use in B-2 General Business zoning district, applying for the CUP meets the purpose and intent.*

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The operation of auto sales will enhance the community and general welfare and is not anticipated to endanger the public's health, safety, morals or comfort.*

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional use is not anticipated to diminish or impair surrounding property values. Surrounding uses of this parcel are commercial properties, state highway, and residential areas. Adjacent residential properties will be shielded by new and existing fencing.*

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The site is already connected to and serviced by adequate utilities.*

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The proposed conditional use amendment does not maintain adequate parking standards. The intended use does conform to the other applicable regulations of the district.*

8. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional use meets this requirement.*

Decision

The City of Isanti Planning Commission reviewed the request in a public hearing that was held on December 21, 2021. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:
Motion by Bergley, seconded by Johnson to recommend approval of the Conditional Use Permit Amendment. Motion passed 4-1.

A Community For Generations.

Isanti

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: January 4th, 2022
Subject: Request by New Hope Community Church for a Conditional Use Permit, said request is to allow for a Religious Institution in the R-1 Tier 1 Zoning District

---

Background: A presentation was given at the December 21, 2021 Planning Commission Meeting by the City's Community Development Specialist in regards to the Conditional Use Permit for New Hope Community Church. The applicant would like to construct a religious institution on PID 05.029.1900 within the city's R-1 Tier 1 Zoning District. A majority of the 40-acre parcel contains wetlands and forested areas. The west side of this parcel has some developable area near Highway 65, with the concept plan of the site showing the church and parking area in this location. It was pointed out that the concept plan that was submitted in this application will not be considered at this time of the process, and that a completed plan set shall be submitted for full site plan review. The applicants representing New Hope Community Church were present at the meeting and available for questions from the Planning Commission. Mayor Johnson asked if they are planning to keep the existing New Hope Church location or if they would like to move all of their operations to this new facility and location. The applicant confirmed that the plan is to move all of their operations to this new facility and location with long term goals of expanding on this site as well.

At the December 21st Planning Commission Meeting, there was nobody present at the public hearing to speak on the Conditional Use Permit. A letter was submitted by a neighboring property owner that was read aloud at the public hearing. The letter voiced concerns of having the church be located near the wetland, and that the development of a church on the parcel will disrupt wildlife and the natural beauty of the area. Planning Commission members discussed the location of the church on the parcel in relation to the nearby residences on Chisholm St NE. It was determined that the church would be directly surrounding only commercial businesses and Highway 65. The wetland and natural area of the Sroga Slough will be in between the proposed church and residential properties acting as a natural buffer.

The City of Isanti Planning Commission approved the Conditional Use Permit at the December 21st, 2021 Planning Commission Meeting. Motion of approval passed with a vote of 5-0.

Request: Consider adopting the attached findings of fact/conclusion and resolution.

RESOLUTION 2022-XXX

APPROVING A CONDITIONAL USE PERMIT, FOR A RELIGIOUS INSTITUTION IN THE R-1 TIER 1 ZONING DISTRICT LOCATED AT PID 05.029.1900 FOR NEW HOPE COMMUNITY CHURCH

WHEREAS, New Hope Community Church (applicant) has requested approval for a Religious Institution in the R-1 Tier 1 Zoning District located at PID 05.029.1900; and,

WHEREAS, the property is zoned R-1 Tier 1, Tier 1 Residential District; and,

WHEREAS, a public hearing on the matter was scheduled before the City of Isanti Planning Commission on December 21, 2021 at 7:00 p.m. at City Hall within the City Council Chambers; and

WHEREAS, notice of the Conditional Use Permit application was published with the County Star on December 9, 2021; and

WHEREAS, notices of the public hearing for a Conditional Use Permit were sent to all property owners located within 350 feet of the aforementioned address; and

WHEREAS, Section 21, Article 2, Subd. 3D of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request; and

WHEREAS, under Isanti Zoning Code Section 21, Article 2 Subdivision 5, a Conditional Use Permit is required to obtain approval of the Planning Commission and City Council; and,

WHEREAS, the City of Isanti Planning Commission held a public hearing to consider the proposed Conditional Use Permit on December 21st, 2021 and pursuant to said hearing recommends approval of the proposed conditional use permit by a vote of 5-0;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that the New Hope Community Church request for a Conditional Use Permit for a Religious Institution at PID 05.029.1900 be hereby approved.

This Resolution is hereby approved by the Isanti City Council this 4th day of January, 2022

_____

Mayor Jeff Johnson

Attest:

Jaden Strand
City Clerk

FINDINGS OF FACT AND CONCLUSION
CONDITIONAL USE PERMIT – NEW HOPE COMMUNITY CHURCH

Request

Request by New Hope Community Church for a Conditional Use Permit to allow for a Religious Institution in the R-1 Tier 1 Zoning District located at PID 05.029.1900.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for a Religious Institution located at PID 05.029.1900.
2. The Property is zoned R-1 Tier 1, Tier 1 Residential District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on December 21, 2021 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on December 9, 2021. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2, Subd. 3D of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request.
6. On December 16th, 2021 the City of Isanti Planning Commission approved the Conditional Use Permit to allow for a Religious Institution within the R-1 Tier 1 Zoning District located at PID 05.029.1900 and passed with a 5-0 vote.

Conclusions

In review of the standards established in Section 18, Subdivision 7; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The nature of the business is consistent with the goals and objectives of Isanti's Comprehensive Plan to develop along Highway 65.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
A Religious Institution is a Conditional Use in the R-1 Tier 1 zoning district, applying for the CUP meets the purpose and intent.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The operation of a religious institution will enhance the community and general welfare and is not anticipated to endanger the public's health, safety, morals or comfort.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The conditional use is not anticipated to diminish or impair surrounding property values. Surrounding uses of this parcel are commercial properties, state highway, and residential areas. Surrounding residential areas are intended to be naturally shielded by existing mature trees and wetlands.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The conditional use will not impede on the normal and orderly development and improvement of surrounding property.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
The site is located just south of city limits and is part of the tier 1 Zoning District. The parcel has access to city sewer and water and would be able to reasonably accommodate the conditional use for a religious institution. In order to access the city water and sewer, the parcel would have to be annexed into the city limits, otherwise the parcel will have to be serviced by private well and septic.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The proposed conditional use conforms to the regulations set in the R-1 Tier 1 Zoning District. Plans for the building and site shall be reviewed under the R-1 Tier 1 Zoning District and approved by Planning Commission and City Council prior to future construction.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.
The conditional use meets this requirement.

Decision

The City of Isanti Planning Commission reviewed the request in a public hearing that was held on December 21, 2021. The meeting minutes, staff memo, and attachments shall be made a part of the Findings of Fact and Conclusion.

Planning Commission Recommendation:
Motion by Bergley, seconded by Lundeen to recommend approval of the Conditional Use Permit. Motion passed 5-0.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: December 21, 2021

SUBJECT: Conditional Use Permit for a Religious Institution at PID 05.029.1900 within the R-1 Tier 1 Zoning District

---

Request:
Request from New Hope Community Church for a Conditional Use Permit for a Religious Institution at PID 05.029.1900 within the R-1 Tier 1 Zoning District.

Overview/Background:
The applicant, New Hope Community Church is requesting a Conditional Use Permit for a Religious Institution to be allowed on PID 05.029.1900 within the city's R-1 Tier 1 Zoning District. This parcel is located just south of O'Reilly Auto Parts and has frontage along Highway 65. The applicant is looking to develop the lot into a church with a large parking area with potential to expand in the future as needed. This vacant parcel is roughly 40 acres; however, a majority of this acreage is made up of the Sroga Slough and surrounding wetlands. The concept plans show the church and parking area on the west end of the parcel near Highway 65. The concept plan is included as an attachment to this memo, but shall not be considered for approval as part of the Conditional Use Permit review. The applicant will have to submit site plans for review by city staff at a later time in which these plans will be in consideration for approval.

Analysis of Application
The applicant has submitted a Conditional Use Permit Application for a Religious Institution in the R-1 Tier 1 Zoning District.

A "Religious Institution" is defined in Section 2 of the Zoning Ordinances as follows:

> "A place of worship or religious assembly, where people regularly assemble for religious purposes and related social events with related accessory uses and facilities such as the following: rectory or convent; private school, meeting hall, offices for administration, or licensed child or adult day care; and which is maintained and controlled by a religious body organized to sustain public worship and religious ceremonies."

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The nature of the business is consistent with the goals and objectives of Isanti's Comprehensive Plan to develop along Highway 65.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *A Religious Institution is a Conditional Use in the R-1 Tier 1 zoning district, applying for the CUP meets the purpose and intent.*

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The operation of a religious institution will enhance the community and general welfare and is not anticipated to endanger the public's health, safety, morals or comfort.*

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional use is not anticipated to diminish or impair surrounding property values. Surrounding uses of this parcel are commercial properties, state highway, and residential areas. Surrounding residential areas are intended to be naturally shielded by existing mature trees and wetlands.*

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The site is located just south of city limits and is part of the tier 1 Zoning District. The parcel has access to city sewer and water and would be able to reasonably accommodate the conditional use for a religious institution. In order to access the city water and sewer, the parcel would have to be annexed into the city limits, otherwise the parcel will have to be serviced by private well and septic.*

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The proposed conditional use conforms to the regulations set in the R-1 Tier 1 Zoning District. Plans for the building and site shall be reviewed under the R-1 Tier 1 Zoning District and approved by Planning Commission and City Council prior to future construction.*

8. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional use meets this requirement.*

Staff Recommendation:
Staff recommends approval of the Conditional Use Permit for a Religious Institution at PID 05.029.1900 within the city's R-1 Tier 1 Zoning District. Public Right of Way separates this parcel with the surrounding parcels and the site will have natural buffers of existing mature trees and wetlands alleviating impacts on nearby commercial and residential properties. At this time staff does not have recommendations for conditions, if the Planning Commission would like to add conditions to this CUP it should be discussed at the public hearing.

November 2021

Narrative of the Project for PID 0502291900 in Isanti.

New Hope Community Church (NHCC) is in the process of completing its due diligence in anticipation of purchasing the above referenced property for a future church located on Hwy 65 between O'Reilly's on the north and P&M Truss on the south. NHCC would intend to develop primarily the west boundary of the property for the church as shown on the site plan that is included in this packet of information. It is our belief that this site will be a wonderful addition to the Hwy 65 corridor and the City of Isanti.

It is our understanding upon meeting with the City Officials, that a church is a permitted use of this property located within the Tier 1 district subject to an approved CUP. In order for NHCC to have an approved CUP from the city, there is significant cost and detail required in terms of building plans, detailed site plan, utility plan, etc. which will need to be done when development of the site for a church is to be undertaken. At this time, there is no specific time frame to develop the site, but our desire is to do our due diligence to determine if a purchase of the property should be made so that when we are ready to begin development of the site that there are no obvious obstacles to prevent our intended use.

We have completed the following as a part of our due diligence:

1. General site plan showing setbacks as required by the city.
2. A wetland delineation done by Bolton and Menk.
3. A survey completed by the MNDNR to determine the high-water mark on the property to determine the setbacks needed.
4. Boundary Survey of the property.
5. Phase I Environmental Study.
6. CUP application with information as we know it.
7. Site Plan Review Application.

It should be noted that the above information/reports have not indicated any issues of concern related to the development of the property.

It has not been determined if NHCC will want to access sewer/water utilities or if we will explore the use of a well and septic.

We are requesting to have the City of Isanti give NHCC confidence that they will be able to develop the site for a church subject to the details required for an approved CUP.

On a further note, we want to thank and acknowledge the City of Isanti officials, Bolton & Menk, MNDNR and the Isanti County Zoning Office for their wonderful help to us in the process of doing our due diligence related to the potential development of this property.

Many thanks for your consideration.

RESOLUTION 2022-XXX

DECLARING THE OFFICIAL INTENT OF THE CITY OF ISANTI TO REIMBURSE CERTAIN EXPENDITURES FROM THE PROCEEDS OF BONDS TO BE ISSUED BY THE CITY

WHEREAS, the Internal Revenue Service has issued Treas. Reg. § 1.150-2 (the "Reimbursement Regulations") providing that proceeds of tax-exempt bonds used to reimburse prior expenditures will not be deemed spent unless certain requirements are met; and,

WHEREAS, the City expects to incur certain expenditures that may be financed temporarily from sources other than bonds, and reimbursed from the proceeds of a tax-exempt bond; and,

WHEREAS, the City has determined to make this declaration of official intent ("Declaration") to reimburse certain costs from proceeds of bonds in accordance with the Reimbursement Regulations,

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI AS FOLLOWS:

1. The City proposes to undertake the following projects (the "Projects"):

_____

2. The City reasonably expects to reimburse the expenditures made for certain costs of the Projects from the proceeds of bonds in an estimated maximum principal amount of the following:

	20__-20__ Budget
_____	$_____

The City may declare other separate statements of reimbursement intent in connection with specific public improvement projects as they are initiated under Minnesota Statutes, Chapters 475, 429 and 444, or for other capital projects, with the understanding that such additional declarations of reimbursement intent will supplement this resolution. All reimbursed expenditures will be capital expenditures, costs of issuance of the bonds, or other expenditures eligible for reimbursement under Section 1.150-2(d)(3) of the Reimbursement Regulations.

3. This Declaration has been made not later than 60 days after payment of any original expenditure to be subject to a reimbursement allocation with respect to the proceeds of bonds, except or the following expenditures: (a) costs of issuance of bonds; (b) costs in an amount not in excess of $100,000 or 5 percent of the proceeds of an issue; or (c) "preliminary expenditures" up to an amount not in excess of 20 percent of the aggregate issue price of the issue or issues that finance or are reasonably expected by the City to finance the project for which the preliminary expenditures were incurred. The term "preliminary expenditures" includes architectural, engineering, surveying, bond issuance, and similar costs that are incurred prior to commencement of acquisition, construction or rehabilitation of a project, other than land acquisition, site preparation, and similar costs incident to commencement of construction.

4. This Declaration is an expression of the reasonable expectations of the City, based on the facts and circumstances known to the City as of the date hereof. The anticipated original expenditures for the Projects and the principal amount of the bonds described in paragraph 2 are consistent with the City's budgetary and financial circumstances. No sources other than proceeds of bonds to be issued by the City are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside pursuant to the City's budget or financial policies to pay such Project expenditures.

5. This Declaration is intended to constitute a declaration of official intent for purposes of the Reimbursement Regulations.

This Resolution is hereby approved by the Isanti City Council this 4th day of January 2022

Attest: Mayor Jeff Johnson

Jaden Strand
City Clerk

J. Public Hearings
None

K. Business Items

1. ~~Interview Applicant for Vacant Parks, Recreation and Culture Board Seat~~

a. ~~Resolution 2022-XXX Designating Committees and Representatives for City Commissions and Advisory Boards for 2022~~

a. Interview Applicant for Vacant Parks, Recreation and Culture Board Seat
Applicant Vaughn Ihrke was interviewed by Mayor Johnson for the vacant Parks, Recreation and Culture Board seat. Johnson asked questions specific to Parks, Recreation and Culture.

A motion was made by Bergley to appoint Vaugh Ihrke to the Parks, Recreation and Culture Board, seconded by Collison. Motion passed 5-0. Motion carried.

b. Interview Applicant for Vacant Planning Commission Seat
A motion was made by Lundeen to postpone K.1. b. and K.1. c. to the end of the agenda, seconded by Bergley. Motion passed 5-0. Motion carried.

Applicant Alexander Collins was interviewed by Mayor Johnson for the vacant Planning Commission. Collins was asked questions specific to the Planning Commission.

c. **Resolution 2022-001** Designating Committees and Representatives for City Commissions and Advisory Boards for 2022

Councilor Bergley asked if he needs to attend Chamber of Commerce if Community Development Director Stephanie Hillesheim is already attending. Consensus from Council is if the Chamber requests a member from the Council in presence, Councilor Bergley would attend if needed.

Mayor Johnson stated he would like to have Councilor Lundeen remain Mayor Pro-Tem.

A motion was made by Lundeen, seconded by Collison to appoint Alexander Collins to the Planning Commission and for representatives of City Commissions, Advisory Boards and Mayor Pro-Tem to remain the same as the previous year. Motion passed 5-0. Motion carried.

2. **Resolution 2022-002** Designating an Official Newspaper, Appointing Depositories and Professional Services
City Administrator Josi Wood shared advertisements were placed for bids for the City's official newspaper. Two bids were received:

County News Review $ 1.99 per column inch (9 lines/inch)
852 paid subscriptions outside Isanti County
328 paid subscriptions within Isanti County
of which 230 are within City of Isanti

Isanti-Chisago County Star $ 2.10 per column inch; (9 lines/inch)
1885 distributions in City of Isanti

Wood continued to share that County News Review offered to include distribution in the Rum River Scotsman however, those numbers are not included as they are not a legal paper registered with the MN Secretary of State Office. Both bids received have stated to be qualified newspapers per Statue Statute 331A.02. It is not clearly defined within Statute that the paying subscribers must all be within the political subdivision. Staff

recommendation is to go with Isanti-Chisago County Star because they do reach the maximum number of City of Isanti residents.

A motion was made to appoint the Isanti-Chisago County Star as the City of Isanti's Official Newspaper and appoint Depositories and Professional Services as written in the provided resolution by Collison, seconded by Lundeen. Motion passed 5-0. Motion carried.

Community Development Director Stephanie Hillesheim

3. **Resolution 2022-003** Approving the Amendment to the Conditional Use Permit at 305 East Main Street as Requested by Jim Bergman
   Community Development Director Stephanie Hillesheim shared that the Planning Commission held a Public Hearing at the last meeting and it was recommended that the Council move to approve the resolution written to amend the Conditional Use Permit. Hillesheim stated she spoke with the applicant and he did not have any reservations that he disclosed and thanked the Council for increasing the number of vehicles allowed.

   A motion was made by Bergley, seconded by Gordon to approve resolution as presented. Motion passed 5-0. Motion carried.

4. **Resolution 2022-004** Approving a Conditional Use Permit for a Religious Institution at PID 05.029.1900 for New Hope Community Church
   Community Development Director Stephanie Hillesheim shared that the Planning Commission held a Public Hearing for the Conditional Use Permit to allow a religious institution at the PID 05.029.1900 for New Hope Community Church. The Planning Commission recommended approval.

   Motion by Bergley, seconded by Collison to approve the resolution as presented. Motion passed 5-0. Motion carried.

L. Approve Consent Agenda

1. Fourth Quarter Payroll for Council/ Boards/ Commissions in the Amount of $7,610.06, Payroll in the Amount of $126,311.84 and Accounts Payable in the Amount of $772,929.21
2. **Resolution 2022-005** Declaring the Official Intent of the City of Isanti to Reimburse Certain Expenditures

   A motion was made by Bergley to approve the Consent Agenda, seconded by Collison. Motion passed 5-0. Motion carried.

M. Other Communications

None

Adjournment

A motion was made by Lundeen, seconded by Bergley to adjourn. Motion passed 5-0. Motion carried.

Meeting adjourned at 7:28 p.m.
Respectfully Submitted,

Jaden Strand
City Clerk

RESOLUTION 2022-XXX

APPROVING PARTNERSHIP AGREEMENT BETWEEN THE CITY OF ISANTI AND THE EAST CENTRAL REGIONAL LIBRARY

WHEREAS, on December 7, 2010 the City Council approved Resolution No. 2010-274, a Resolution Extending the Original Partnership Agreements Between the City of Isanti and the East Central Regional Library (ECRL), relating to an ECRL Outreach Stop in Isanti City Hall; and,

WHEREAS, the ECRL and the City of Isanti have annually renewed the Partnership Agreements, providing ECRL services through the Outreach Stop at City Hall; and,

WHEREAS, the agreement with the ECRL for an Outreach Stop at the Isanti City Hall has been presented for 2022;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the new Partnership Agreement with the East Central Regional Library Board through the year 2022; that are hereby attached as 'Exhibit A' and made a part of this resolution.

This resolution was duly adopted by the Isanti City Council this 18th day of January 2021.

Exhibit A

East Central Regional Library
Outreach Stop
Partnership Agreement

In an effort to create more library service connections in communities across the six-county region served by the East Central Regional Library (ECRL) system, ECRL hereby agrees to continue to provide library outreach services in **Isanti** for the community of **Isanti** in **Isanti** County.

A selection of materials and services will be offered in the **Isanti City Hall** facility located at **110 1st Avenue Northwest** in the town of **Isanti**. The facility will be staffed by an ECRL staff member and open 4 hours per week one day a week, thus providing connectivity to reading materials and resources from ECRL.

In order to make this library service partnership successful, the representatives of the community of **Isanti** and the library staff of ECRL agree to accept the following responsibilities:

ECRL will provide:

- Staff to provide weekly service at the stop
- A minimum of 350 items of library materials and may be adjusted to serve the needs of the public as needed
- Insurance on equipment and materials owned by ECRL
- Weekly delivery service and rotation of collection with new items on a regular schedule
- Maintenance of checkout-dedicated computer, software, scanner and receipt printer

The Community will provide:

- An appropriate facility, handicapped-accessible, with a handicapped-accessible public restroom
- Insurance to protect property and community owned contents
- Insurance to protect against liability
- Internet connectivity to central library catalog and databases – line capacity to be a minimum of 1 MBS
- Maintenance of the book drop
- Parking to accommodate visitors to the outreach stop
- Shoveling of walkways
- Adequate space within that facility for a 14’ x 14’ minimum Outreach Stop area
- Signage to establish Outreach Stop for East Central Regional Library
- Shelving for a minimum of 350 books and other items
- Comfortable seating and reading tables for 5-8 customers at time

- Utilities for the facility
- Cleaning of the facility
- Security for library computer, equipment and materials when not in active use
- Maintenance of any community-provided computer equipment

The site will be evaluated once a year. If, at the end of each evaluation, the site is determined not viable for the regional library system, or not valuable to the community, ECRL or the community may terminate this agreement with 30 days' notice, without penalty or recrimination. If adequate funding is provided, if the ECRL Board approves and the outreach stop is determined to be viable and valuable to all parties, the agreement may be renewed annually.

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: January 18, 2022

Subject: Resolution 2022-XXX Approving Data Request Policies

Background:
Each government entity is required to have policies about access to government data. One policy must explain the rights of the public and the other must explain the rights of data subjects. The City of Isanti adopted data practices procedures June 6th, 2017 per Resolution 2017-175. The City Attorney and staff have thoroughly reviewed the policies to ensure consistent terminology within the policies and compliance with state guidelines.

Request:
- Staff is requesting City Council action on this item.

Attachment:
- Resolution 2021-XXX Approving Data Request Policies
- Exhibit A
- Exhibit B
- Exhibit C

RESOLUTION 2022-XXX

APPROVING DATA PRACTICES POLICIES

WHEREAS, each government entity is required to have policies regarding access to government data; and,

WHEREAS, the policies must explain the rights of the public, procedures for process and the rights of data subjects; and,

WHEREAS, the City of Isanti previously adopted data practices policies June 6th, 2017 per Resolution 2017-175; and,

WHEREAS, Staff and the City Attorney have thoroughly reviewed the City's data practices policies and made recommended revisions in the best interest of the City; and,

WHEREAS, revisions to the policies include consistent terminology and compliance with state guidelines; and,

WHEREAS, this Resolution supersedes;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL of the City of Isanti, Minnesota, hereby approves the policies outlined per this Resolution and attached as 'Exhibit A', 'Exhibit B', 'Exhibit C'.

This Resolution hereby approved by the Isanti City Council this 18th day of January 2022.

Attest: _____
Mayor Jeff Johnson

DATA INVENTORY

DATA PRACTICES PROCEDURES

1.0 Introduction. These procedures are adopted to comply with the requirements of the Minnesota Government Data Practices Act (the "Act"), specifically Minnesota Statutes Sections 13.025, 13.03, subdivision 2 and 13.05, subdivision 5. It is the intent of the City of Isanti ("City") to remain in compliance with the Act. These procedures shall be supplemented by the requirements of the Act as needed and if any procedure contained herein is inconsistent with those requirements, as they may be amended, the specific provisions of the Act shall be controlling.

2.0 Responsible Authority. The names of the Responsible Authority and the Compliance Official are listed on attached **Exhibit 1**. The ~~Manager is the~~ Responsible Authority ~~and Compliance Official~~is responsible for the collection, use and distribution of government dataand is accountable for City compliance with the Minnesota Government Data Practices Act. The Compliance Official receives and responds to questions or concerns about data practices problems, including problems in obtaining access to data the entity keeps. The Responsible Authority has authorized certain other City employees to collect, maintain, disseminate and otherwise assist in complying with the Act ("Designees"). These Designees are listed on attached **Exhibit 1**. The Responsible Authority shall providetraining to Designees and staff at such times and in such a manner as the designated Responsible Authority determines is appropriate to inform them of their obligations underthe Act. The designated Responsible Authority shall also be authorized to amend or supplement the Exhibits attached to these procedures as needed to further the intent of theseprocedures and the City's compliance with the Act. For the purposes of carrying out theseprocedures, the term Responsible Authority shall include Designees unless the context in which it is used indicates a different intent.

3.0 Access to Public Data. All information maintained by the City is public unless there is a specific statutory designation which gives it a different classification. Categories of classification are as follows:

Data on Individuals*	**Data on Decedents**	**Data not on Individuals***
M.S. § 13.02, subd. 5	M.S. § 13.10, subd. 1	M.S. § 13.02, subd. 4
Public Accessible to anyone	**Public** Accessible to anyone	**Public** Accessible to anyone
M.S. § 13.02, subd. 15	M.S. § 13.02, subd. 15	M.S. § 13.02, subd. 14
Private Accessible to the data subject; Not accessible to the public	**Private**** Accessible to the representative of the decedent; Not accessible to the public	**Nonpublic** Accessible to the data subject; Not accessible to the public
M.S. § 13.02, subd. 12	M.S. § 13.10, subd. 1(b)	M.S. § 13.02, subd. 9
Confidential Not accessible to the data subject; Not accessible to the public	**Confidential**** Not accessible to the representative of the decedent; Not accessible to the public	**Protected Nonpublic** Not accessible to the data subject; Not accessible to the public
M.S. § 13.02, subd. 3	M.S. § 13.10, subd. 1(a)	M.S. § 13.02, subd. 13

* Individual is defined at M.S. § 13.02, subd. 8. Individual means a living human being. It does not mean any type of entity created by law, such as a corporation.

** Private and confidential data on decedents become public data ten years after the death of the data subject and 30 years after the creation of the data.

3.1 People Entitled to Access. Any person has the right to inspect or view public data and/or to have an explanation of the meaning of the data. The person does not need to state his or her name or give the reason for the request, unless a statute specifically authorizes the City to request such information. Additionally, any person has the right to obtain a copy of public data except in the case of copyrighted materials in the possession of the City for which the City does not have express written permission to reproduce. See **Exhibit** 7.

3.1A Copyrighted public documents may be shown to anyone but shall not be reproduced or photocopied without express written permission from the copyright holder. See **Exhibit 7**.

3.1A1 The Responsible Authority reserves the right to refuse to provide copies of copyrighted data in accordance with the copyright law of the

United States (Title 17, United States Code) which governs the making of photocopies or other reproductions of copyrighted material.

3.1A2 Public documents created by the City of Isanti and/or its officials and employees on behalf of the City do not qualify for copyright protection and shall be available for viewing and reproduction in accordance with the Act. In certain cases, the City may enforce a copyright or acquire a patent for a computer software program or components of a program created by the City. In such cases, the data shall be treated as trade secret information.

3.2. Form of Request. The request for public data ~~generally~~ requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-delivering it to the City. See **Exhibit 3**.

3.3 Request for Clarification. If the data request is unclear, the City may ask for clarification. If the request yields voluminous data, the City may ask if there ismore specific data sought by the requestor. However, if the requestor chooses notto limit its request, the City will respond to the original data request.

3.3 Identification of Requesting Party. The Responsible Authority **may not** require the requesting party to provide identification to view public documents except as may be necessary to facilitate access to the data. Examples of when identifying information may be requested include, but are not limited to, obtaining a mailing address when the person has requested that copies be mailed, requesting identification when copies have been paid for by check, or requesting contact information in order to clarify or follow up on the request. The Responsible Authority must verify the identity of the requesting party as a person entitled to reproductions when reproductions of copyrighted public data are requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

3.4 Form of Copies. Where public data is maintained in a computer storage medium, the Responsible Authority shall provide copies of the public data in electronic form upon request, provided a copy can reasonably be made in that form. The Responsible Authority is not required to provide the data in an electronic format or program that is different from the format or program in which the Responsible Authority maintains the data.

3.5 Time Limits (Public Data). Requests will be received and processed only at Isanti City Hall during normal business hours. If copies cannot be made at the time of the request, copies will be supplied as soon as reasonably possible. Whenever possible, the Responsible Authority will immediately allow the person to inspect the public data. When providing an immediate response to the customer it should not interfere with the City's efficient operations. The Responsible

Authority may require that the requesting person make an appointment or return at a later time to inspect or to pick up copies of the requested data.

When public data on individuals is requested by the individual data subject and an immediate response is not possible, the authorized City employee will provide the ~~data~~ response within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays.

3.6 Fees. Anyone may inspect or view public data for any reason without charge. Fees may be charged only if the requesting person asks for a copy or electronic transmittal of the data. Fees will be charged according to the City's current fee schedule and may not include time necessary to separate public from non-public data. Prepayment of fees prior to receiving the copies is mandatory. In some situations, the City may also ask for a refundable deposit prior to copying data if the actual cost of providing copies may result in a large fee. Fees are established annually by ordinance. Information regarding the City's approved feeschedule is attached in **Exhibit 2**.

4.0 Access to Private and Confidential Data on Individuals. Information about individual people is classified by law as public, private, or confidential. An inventory of the private and confidential information maintained by the City is contained in **Appendix A**.

4.1 People Entitled to Access.

4.1A Public information about an individual may be shown or given to anyone for any reason.

4.1B Private information about an individual may be shown or given to:

4.1B1 The individual, but only once every six months, unless a dispute has arisen or additional data has been collected or created.

4.1B2 A person who has been given access by the express written consent of the data subject. See **Exhibit 6**.

4.1B3 People, or another responsible authority, which are authorized access by federal or state law or by court order.

4.1B4 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

4.1C Confidential information may not be given to the subject of the data, but may be given or shown to:

4.1C1 People who are authorized access by federal or state law or by court order.

4.1C2 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

4.2 Form of Request. The data request ~~generally~~ requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-delivering it to the City. See **Exhibit 3**. Data will be released depending on whether or not the City has stored the data requested and whether the data is classified as public, private, or confidential.

4.3 Requests for Private or Confidential Information. All requests to see private or confidential information must be made in writing in order to verify identity. The Responsible Authority will provide a form~~.~~ (s~~S~~ee **Exhibit 3**~~).~~ to document the requesting party's identity, the information requested, and the City's response~~; however, any individual may request data verbally or in writing as long as the request is accompanied by documentation providing the requesting party's identity and a detailed description of the information requested~~.

4.4 Identification of Requesting Party. The Responsible Authority **must** verify the identity of the requesting party as a person entitled to access when private or confidential data is requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

4.5 Time Limits. Requests will be received and processed at Isanti City Hall only during normal business hours. Access to the data will be provided as soon as is reasonably possible. Data requested by the individual data subject will be provided within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays if an immediate response is not possible.

4.6 Fees. Fees will be charged in the same manner as for public information and are summarized in **Exhibit 2**.

4.7 Summary Data. The term summary data refers to statistical records and reports derived from data on individuals but which does not identify an individual by name or reveal any other characteristic that could uniquely identify an individual. Summary data derived from private or confidential data is public. The Responsible Authority will prepare summary data upon request, if the request is in writing and the requesting party pays for the cost of preparation. The Responsible Authority must notify the requesting party about the estimated costs and collect these costs before preparing or supplying the summary data. This should be done within 10 days after receiving the request. If the summary data cannot be prepared

within 10 days, the Responsible Authority must notify the requester of the anticipated time schedule and the reason for the delay.

Summary data may be prepared by "blacking out" personal identifiers, cutting out portions of the records that contain personal identifiers, creating a spreadsheet, programming computers to delete personal identifiers, or other reasonable means.

The Responsible Authority may ask an outside agency or person to prepare the summary data if (1) the specific purpose is given in writing (2) the agency or person agrees not to disclose the private or confidential data, and (3) the Responsible Authority determines that access by this outside agency or person will not compromise the privacy of the private or confidential data. See **Exhibit 4**.

4.8 Records of Minors and Incapacitated Persons as defined in Minnesota Statutes § 524.5-102, subdivision 6. The following applies to private *(*not confidential) data about people under the age of 18 and about those persons who are incapacitated as defined by Minnesota Statutes § 524.5-102, subdivision 6.

4.8A Parent /Guardian Access. In addition to the people listed above who may have access to private data, a Parent may have access to private information about a minor or incapacitated person. For the purposes of these procedures, "Parent" shall include guardians and individuals acting as parents or guardians in the absence of parents or guardians. A Parent is presumed to have this right unless the minor has requested the Responsible Authority to withhold the data and withholding the data would be in the best interest of the minor, or unless the Responsible Authority has been given evidence that there is a state law, court order, or other legally binding document, that restricts the Parent's exercise of this right.

4.8B Notice to Minor and Incapacitated Persons. Before requesting private data from minors or incapacitated persons, City personnel must notify the minors and incapacitated persons that they may request that the information not be given to their parent or guardian(s). See **Exhibit 5**.

4.8C Denial of Parent or Guardian Access. The Responsible Authority may deny parent or guardian access to private data when the individual requests this denial and the Responsible Authority determines that withholding the data would be in the best interest of the individual. The request from the individual must be in writing, stating the reasons for the request. In determining the best interest of the individual, the Responsible Authority will consider:

4.8C1 Whether the individual is of sufficient age and maturity to explain the reasons and understand the consequences,

4.8C2 Whether denying access may protect the individual from physical or emotional harm,

4.7C3 Whether there are reasonable grounds to support the individual's reasons, and

4.8C4 Whether the data concerns medical, dental, or other health services provided under Minnesota Statutes Sections 144.341 to 144.347. If so, the data may be released only if failure to inform the parent or guardian would seriously jeopardize the health of the individual.

The Responsible Authority may also deny parental access without a request from the juvenile or incapacitated person under Minnesota Statutes Section 144.335, or under any other state or federal statute that allows or requires denial of parental access and that provides standards for denying parental access.

5.0 Access to Private and Confidential Data on Decedents. Private data on decedents means data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as private data. Confidential data means data which, prior to the death of the data subject, were classified by statute, federal law, or temporary classification as confidential data. An Inventory of the private and confidential information maintained by the City is contained in **Appendix A.** Information about individuals who are deceased will be treated the same as data that is about individuals who are living except:

5.0A Private and confidential data on decedents will become public data ten years after the death of the data subject **and** 30 years after the creation of the data in accordance with Minnesota Statutes Section 13.10, subdivision 2. An individual is presumed dead if either 90 years elapsed since the creation of the data or 90 years have elapsed since the individual'sbirth, whichever is earlier, except that an individual is not presumed to be dead if the Responsible Authority has information readily available to it indicating the individual is still living.

5.0B A representative of the decedent may exercise the rights that the decedent could have exercised as a living individual. A "representative of the decedent" means a personal representative of the estate of the decedent during the period of administration, or if no personal representative has been appointed or after discharge, the surviving spouse, any child of the decedent, or, if there is no surviving spouse or children, the parents of the decedent.

6.0 Access to Data Not On Individuals. Information not about individuals is classified by law as public, nonpublic, and protected nonpublic. Information that is not about individuals will generally be treated the same as data about individuals. Nonpublic and

protected nonpublic information, except for security information, becomes public either ten years after it was created by the City or ten years after the data was received or collected by the City unless the Responsible Authority reasonably determines that if the information was made public or made available to the data subject that the harm to the public or the data subject would outweigh the benefit to the public or the data subject.

6.1 People Entitled to Access.

6.1A Public information not about an individual may be shown to anyone. Copyrighted documents will not be reproduced or photocopied without express written permission from the copyright holder. See **Exhibit 7**.

6.1B Nonpublic information not about an individual may be shown or given to:

6.1B1 An authorized representative of the subject entity of the data, but only once every six months, unless a dispute has arisen or additional data has been collected.

6.1B2 A person who has been given access by the express written consent of the authorized representative of the entity which is the subject of the data. See **Exhibit 6**.

6.1B3 People who are authorized access by federal or state law or by court order.

6.1B4 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

6.1C Protected Nonpublic information may not be given to the authorized representative of the entity, but may be given or shown to:

6.1C1 People who are authorized access by federal or state or by court order.

6.1C2 People within the City staff, the City Council, and outside agents (such as attorneys, insurance agents, etc.) whose work assignments or responsibilities reasonably require access.

6.2 Form of Request. The data request ~~generally~~ requires a written request on a form provided by the City, and sending it by email, U.S. mail, or by hand-delivering it to the City. See **Exhibit 3**. Data will be released depending on whether or not the City has stored the data requested and whether the data is classified as public, nonpublic, protected nonpublic or is copyrighted.

6.3 Form of Request (Nonpublic or Protected Nonpublic Information). All requests to view or receive a reproduction of nonpublic or protected nonpublic information must be made in writing in order to verify identity. All requests to receive a reproduction of copyrighted public, nonpublic or protected nonpublic information must be made in writing in order to determine if the request for copyrighted material qualifies for release under copyright law of the United States (Title 17, United States Code.) The Responsible Authority will provide a form ~~,~~(see **Exhibit 3**)~~,~~ to document the requesting party's identity, the information requested, and the City's response~~; however, any person may request data verbally or in writing as long as the request includes documentation of the requesting party's identity and a detailed description of the information requested~~.

6.4 Identification of Requesting Party. The Responsible Authority must verify the identity of the requesting party as a person entitled to access when nonpublic or protected nonpublic data is requested. The Responsible Authority must also verify the identity of the requesting party as a person entitled to access when copies of copyrighted private, nonpublic, or protected nonpublic data is requested. Identity can be established through personal knowledge, presentation of photo identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.

6.5 Time Limits. Requests will be received and processed at Isanti City Hall only during normal business hours. The response must be immediate, if possible, or prompt and reasonable, if an immediate response is not possible.

6.6 Fees. Fees will be charged in the same manner as for public information and are summarized in **Exhibit 2**.

6.7 Accessibility of Records. Upon request by an individual, records must be made available within a reasonable time period to persons with disabilities in a manner consistent with state and federal laws prohibiting discrimination against persons with disabilities. Reasonable modifications must be made in any policies, practices and procedures that might otherwise deny equal access to records to individuals with disabilities. This requirement does not apply to (1) technology procured or developed prior to January 1, 2013, unless substantially modified or substantially enhanced after January 1, 2013 or (2) records that cannot be reasonably modified to be accessible without an undue burden as defined in Minnesota Statutes Section 16E.015, subdivision 4 to the public entity or (3) except as otherwise provided in Minnesota Statutes Chapter 16E.

7.0 Temporary Classification. If the Responsible Authority determines information not expressly classified by law should be protected, the Responsible Authority may apply to the Department of Administration Commissioner for permission to classify information as private, confidential, nonpublic or protected nonpublic for its own use and for the use of other governmental entities on a temporary basis. The application and the classification of the information shall be in accordance with Minnesota Statutes Section 13.06.

8.0 Denial of Access. If the Responsible Authority determines that the requested data is not accessible to the requesting party, the Responsible Authority must inform the requesting party verbally at the time of the request or in writing as soon after that as possible. The Responsible Authority must give the specific legal authority, including statutory section, for withholding the data. The Responsible Authority must place a verbal denial in writing upon request. This must also include the specific legal authority for the denial.

9.0 Collection of Data on Individuals. The collection and storage of information about individuals will be limited to that necessary for the administration and management of the programs specifically authorized by the state legislature, City Council, or federal government.

9.1 Tennessen Warning. When an individual is asked to supply private or confidential information about the individual, the City employee requesting the information must give the individual a Tennessen warning. See **Exhibit 8; Exhibit 9**.

9.1A This warning must contain the following:

9.1A1 The purpose and intended use of the requested data,

9.1A2 Whether the individual may refuse or is legally required to supply the requested data,

9.1A3 Any known consequences from supplying or refusing to supply the information, and

9.1A4 The identity of other persons or entities authorized by state or federal law to receive the data.

9.1B A Tennessen warning is not required when:

9.1B1 An individual is requested to supply investigative data to a law enforcement officer;

9.1B2 The data subject is not an individual (e.g., the data subject is a corporation or partnership);

9.1B3 The data subject offers information that has not been requested by the City;

9.1B4 The information requested from the individual is about someone else;

9.1B5 The City receives information about the subject from someone else; or

9.1B6 The information requested from the subject is classified as public data.

9.1C A Tennessen warning may be on a separate form (e.g., **Exhibit 9**) or may be incorporated into the form which requests the private or confidential data.

9.1D Collection of Data on Individuals through the Use of the City's Computer. When an individual gains access to government information or services through the City's computer, the City may create, collect, or maintain electronic access data or use its computer to install a cookie on an individual's computer. The City must inform individuals gaining access to the City's computer of the creation, collection, or maintenance of electronic access data or the City's use of cookies before requiring the individual to provide any data about the individual to the City. As part of that notice, the City must inform the individual how the data will be used and disseminated. Notwithstanding an individuals' refusal to accept a cookie on its computer, the City must allow the individual to gain access to data or information, transfer data or information, or use government services by means of the City's computer.

9.2 Data Quality Procedures. The City is required to establish procedures to ensure that data on individuals are accurate, complete and current. The Responsible Authority shall work with employees that collect, use, or disseminate data on individuals to implement the following procedures:

9.2A At the time that data is collected from the individual data subject, the individual should be advised of his or her right to review and contest the accuracy or completeness of public or private data concerning him/herself.

9.2B An individual data subject should be encouraged to review his/her file for accuracy, completeness and currency.

9.2C Whenever possible and practical, collect data about an individual from the individual subject of the data rather than from third parties (e.g., birthdate, address, etc.). (This directive does not prohibit employees from collecting data from third parties.)

9.2D Design forms to collect objective types of data elements whenever possible, rather than data which calls for an opinion or conclusion or other subjective entry. Forms for the collection of data on individuals should request only necessary data.

9.2E Department heads should periodically review forms used to collect data on individuals. Data elements that are not necessary or that lend themselves to ambiguity or subjectivity should be removed and the forms redesigned.

9.2F Department heads should periodically conduct quality/validity check on sample case files that contain data on individuals.

10.0 Challenge to Data Accuracy or Completeness. An individual who is the subjectof public or private data may contest the accuracy or completeness of that data maintainedby the City. The individual must notify the City's Responsible Authority in writing describing the nature of the disagreement. Within 30 days, the Responsible Authority mustrespond and either (1) correct the data found to be inaccurate or incomplete and attempt tonotify past recipients of inaccurate or incomplete data, including recipients named by the individual, or (2) notify the individual that the authority believes the data to be correct.

An individual who is dissatisfied with the Responsible Authority's action may appeal to the Commissioner of the Minnesota Department of Administration, using the contested case procedures under Minnesota Statutes Chapter 14. The Responsible Authority will correct any data if so ordered to do so by the Commissioner.

11.0 Data Protection.

11.1 Accuracy and Currency of Data.

11.1A All employees will be requested, and given appropriate forms, to provide updated personal information to the appropriate supervisor, City Administrator, City Clerk, or Finance Director, which is necessary for tax, insurance, emergency notification, and other personnel purposes. Other people who provide private or confidential information will also be encouraged to provide updated information when appropriate.

11.1B Department heads should, on a yearly basis, review forms used to collect data on individuals to delete items that are not necessary and to clarify items that may be ambiguous.

11.1 C All records must be disposed of according to the State of Minnesota General Records Retention Schedule.

11.2 Data Safeguards/Ensuring Security of Not Public Data. The City has established the following procedures to ensure appropriate access to not public data:

11.2A Data Inventory. Pursuant to Minn. Stat. § 13.025, subd. 1, the City has a Data Inventory that identifies and describes all not public data on individuals maintained by the City. See **Appendix A**. To comply with Minn. Stat. § 13.05, subd. 5, the City has modified its Data Inventory to represent the employees who have access to not public data.

11.2B In the event of a temporary duty as assigned by the City Administrator or Supervisor, an employee may access certain not public data, for as long as the work is assigned to the employee.

11.2C In addition to those employees listed in the Inventory, the Responsible Authority/Compliance Officer (City Administrator, City Clerk), Data Practices Designee, City Councilmembers, City Attorney, or specific City agent may have access to all not public data maintained by the City for specified duties. Any access to not public data will be strictly limited to the data on an as-needed basis and only as necessary to complete the work assignment.

11.2D Employee position descriptions and job responsibilities. Position descriptions may contain provisions identifying any not public data accessible to the employee when a work assignment reasonably requires access. Only those employees whose job responsibilities require them to have access will be allowed access to files and records that contain private or confidential information. The City Administrator or City Clerk shall instruct these employees to:

11.2.D1 1) not discuss, disclose, or otherwise release private or confidential data to anyone other than City employees whose job responsibilities require access to the data;

11.2.D2 2) Password-protect their computers and lock their computers before leaving work stations;

11.2.D3 3) Secure no public data within locked work spaces and in locked file cabinets;

11.2.D4 4) not leave private or confidential data where non-authorized individuals might see it; and

11.2.D5 5) shred private or confidential data before discarding.

11.2E When a contract with an outside party requires access to private or confidential information, the contracting party will be required to use and disseminate the information consistent with the Act. The City must include in a written contract the language contained in **Exhibit 10** or substantially similar language.

11.2F Data Storage. Private and confidential information will be stored in files, work spaces, or databases that are not readily accessible to individuals who do not have authorized access and that will be secured

during hours when offices are closed. Private and confidential data will be kept only in City offices, except when necessary for City business. The City will limit access to shared network drives and implement password protections, where necessary, for not public data.

11.2G Appointment of Designees. To further ensure appropriate access and compliance with laws, the City Administrator, an appointed responsible authority designee, the City Clerk. See **Appendix A.**

11.2H Data Sharing with Authorized Entities or Individuals. State or federal law may authorize the sharing of public data in specific circumstances. Not public data may be shared with another entity if a federal or state law allows or mandates it. Individuals will receive notice of any sharing in applicable Tennessen warnings or the City will obtain the individual's consent. Any sharing of not public data will be strictly limited to the data necessary or required to comply with the applicable law.

11.2 I Security Assessment. The City will conduct a comprehensive security assessment of any personal information maintained by the City (i.e., social security numbers, driver's license or identification numbers, and account, credit and debit card numbers along with any security code, access code or passwords that would permit access to an individual's financial account).

11.3 Procedures for Breaches in Security.

11.3A In the event of an unauthorized breach of the security of not public data, the City will follow all applicable procedures pursuant to Minn. Stat. § 13.055. The City will promptly investigate a breach in the security of data. Upon completion of the investigation and final disposition of any disciplinary action related to the breach, the City will prepare a report on the facts and results of the investigation.

11.3B If the breach involves unauthorized access to or acquisition of data by an employee, contractor, or agent of the City, the report will include: 1) a description of the type of data that were accessed or acquired; 2) the number of individuals whose data was improperly accessed or acquired; 3) if there has been final disposition of disciplinary action, the name of each employee determined to be responsible for the unauthorized access or acquisition; and 4) the final disposition of any disciplinary action taken against each employee in response.

11.3C The City will notify the subject of the data that the report is being prepared and how to access the report and that the report may be requested by mail or email. Notification to the data subject may be delayed if a law enforcement agency determines that the notification will impede an active criminal investigation. After the law enforcement agency determines that notification will not compromise the investigation, the notification must be made to the data subject.

11.3 D The City will notify each data subject affected by a breach in writing either by first class mail or by electronic notice, or by substitute notice, as allowed by law.

11.4 Penalties for Unlawfully Accessing Not Public Data. The City will utilize penalties for unlawful access by its employees to not public data as provided for in Minnesota Statutes Section 13.09, if necessary. Penalties include suspension, dismissal, or referring the matter to the appropriate prosecutorial authority who may pursue a criminal misdemeanor charge.

EXHIBIT 1

LIST OF DESIGNEES

The Minnesota Data Practices Act establishes a system for compilation and distribution of data gathered by government agencies. All data collected and maintained by the City of Isanti ("City") is presumed public and is accessible to the public for both inspection and copying, unless classified as Private, Confidential, Nonpublic or Protected Nonpublic in accordance with Federal law, State Statute or a temporary classification.

The City has appointed the following position to administer this system.

Responsible Authority and Data Practices Designee:

Jaden Strand
City Clerk
City of Isanti
110 1st Avenue NW PO Box 428
Isanti, MN 55040
P: (763) 444-5512
F: (763) 444-5560
Jstrand@cityofisanti.us

Data Practices Compliance Official
Josi Wood
City Administrator
City of Isanti
110 1st Avenue NW PO Box 428
Isanti, MN 55040
P: (763) 444-5512
F: (763) 444-5560
E: jwood@cityofisanti.us

The Responsible Authority, Compliance Official, and Designee shall have access to all records.

Other persons responsible for the maintenance and dissemination of City records are as apparent or assigned.

EXHIBIT 2

Annual Fee Schedule

The City of Isanti charges members of the public for copies of government data. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c).

Pre-Payment Mandatory

Pre-payment is mandatory for all copy requests for which fees are charged. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, the person making the data request will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount, the person making the data request is responsible for the remaining balance before the copies will be provided. The deposit amount must be paid before the City will begin working on processing a data request.

Standard Charges

Please note: An administrative fee may be charged for services not specifically identified, as deemed appropriate by the City Council (and or designees – City Administrator, City Clerk). An administrative fee may be added to the charges in the Fee Register for those situations where the specified fee does not adequately compensate the City.

- The City will not require payment for copies if the cost of copies is less than $5.00.

- 100 or fewer black and white paper copies/ 8.5" x 11"
  single-sided – 25 cents
  double-sided – 50 cents

- 100 or More Paper Copies, or Most Other Types of Copies – Actual Cost

What is Actual Cost?

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies, or electronically transmitting the data (e.g. sending the data by email).

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - retrieve documents (except when the subject of the data is making the request);
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;
  - remove staples or paper clips;

- Please note: the cost of employee time to search for data, retrieve data, and make copies should generally not exceed those of the lowest-paid employee who can complete the task performed. However, if, because of the subject matter of the request, the City finds it necessary for a higher-paid employee to search for and retrieve the data, the City will calculate the search and retrieval portion of the copy charge at the higher salary/wage;
- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if the request is for copies of data that we cannot reproduce ourselves, such as photographs.

EXHIBIT 3

GOVERNMENT DATA ACCESS AND NONDISCLOSURE AGREEMENT

1. **AUTHORIZATION.** City of Isanti ("City") hereby authorizes _____, ("Authorized Party") access to the following government data: _____

_____

2. **PURPOSE.** Access to this government data is limited to the objective of creating summary data for the following purpose:

_____

_____

3. **COST.** (Check all that apply):

___ The Authorized Party has been requested by the City to prepare summary data and will be paid in accordance with City policy. The estimated total is: $_____

___ _____ is the person who requested the summary data and agrees to bear the City's costs associated with the preparation of the data which has been estimated to be $_____.

_____

Signature of Requestor Date

4. **SECURITY.** The Authorized Party agrees that it and any employees or agents under its control must protect the privacy interests of individual data subjects in accordance with the terms of this Agreement.

The Authorized Party agrees to remove all unique personal identifiers which could be used to identify any individual from data classified by state or federal law as not public which is obtained from City records and incorporated into reports, summaries, compilations, articles, or any document or series of documents.

Data contained in files, records, microfilm, or other storage media maintained by the City are the City's property and are not to leave the City's custody. The Authorized Party agrees not to make reproductions of any data or remove any data from the site where it is provided, if the data can in any way identify an individual.

No data which is not public and which is irrelevant to the purpose stated above will ever be disclosed or communicated to anyone by any means.

The Authorized Party warrants that the following named individual(s) will be the only person(s) to participate in the collection of the data described above:

_____

Complete name (printed) Title (printed)

5. **LIABILITY FOR DISCLOSURE.** The Authorized Party is liable for any unlawful use or disclosure of government data collected, used and maintained in the exercise of this agreement and is classified as not public under state or federal law. The Authorized Party understands that it may be subject to civil or criminal penalties under those laws. The Authorized Party agrees to defend, indemnify, and hold the City, its officers and employees harmless from any liability, claims, damages, costs, judgments, or expenses, omission of the Authorized Party's failure to fully perform in any respect all obligations under this agreement.

6. **INSURANCE.** In order to protect itself as well as the City, the Authorized Party agrees at all times during the term of this Agreement to maintain insurance covering the Authorized Party's activities under this Agreement. The insurance will cover $1,000,000 per claimant for personal injuries and/or damages and $1,000,000 per occurrence. The policy must cover the indemnification obligation specified above.

7. **ACCESS PERIOD.** The Authorized Party may have access to the information described above from_____to_____.

8. **ACCESS RESULTS.**

A copy of all reports, summaries, compilations, articles, publications or any document or series of documents that are created from the information provided under this agreement must be provided to the City. The Authorized Party may retain one copy of the summary data created for its own records but may not disclose it without City permission, except in defense of claims brought against it.

EXHIBIT 4

NOTICE TO PERSONS UNDER AGE 18

Some of the information you are asked to provide is classified as private under State law. You have the right to request that some or all of the information not be given to one or both of your parents/legal guardians. Please complete the form below if you wish to have information withheld.

Your request does not automatically mean that the information will be withheld. State law requires the City to determine if honoring the request would be in your best interest. The City is required to consider:

* Whether you are of sufficient age and maturity to explain the reasons and understand the consequences,

* Whether denying access may protect you from physical or emotional harm,

* Whether there is reasonable grounds to support your reasons, and

* Whether the data concerns medical, dental, or other health service provided under Minnesota Statutes Sections 144.341 to 144.347. If so, the data may be released only if failure to inform the parent would seriously jeopardize your health.

EXHIBIT 8

City of Isanti
Tennessen Warning Form

It is the City of Isanti's responsibility to inform potential employees of their privacy rights. Please carefully read the Tennessen Warning provided below. Sign and date the form and return it with your application. Your signature indicates that you have received information regarding your rights as they pertain to the Minnesota Government Data Practices Act.

The Minnesota Government Data Practices Act (Minn. Stat. §§ 13.01 – 13.90) includes two sections affecting applicants seeking employment with the City of Isanti. First, under "Rights of Subjects of Data" (Minn. Stat. § 13.04), when an applicant is asked to provide information about him/herself, the City must advise you of:

- The purpose and intended use of the data;
- Whether you may refuse or are legally required to supply the requested data;
- Any known consequences arising from your supplying or refusing to supply the data; and
- The identity of other persons or organizations authorized by State of Federal law to receive the data you provide.

Second under "Personnel Data" (Minn. Stat. §13.43) the following data on you as an applicant for employment by a public agency is automatically public:

- Your veteran's status;
- Your job history;
- Your education and training;
- Your relevant test scores;
- Your rank on our eligibility list; and
- Work availability.

As an applicant, your name is considered private until you are certified as eligible for appointment to a position or are considered by the appointing authority to be a finalist for a position in public employment.
If you are hired, the following additional data about you will be considered public information:

- Your name;
- Your employee identification number (which is not your Social Security number);
- Your actual gross salary, contract fees, salary range, and actual gross pension;
- The value and nature of employer paid benefits;
- The basis for and the amount of any added remuneration, including expense reimbursement, in addition to your salary;
- You job title, bargaining unit (if applicable) and job description;
- The dates of your first and last employment with us;

- The existence and status of any ~~written~~ complaints or charges against you ~~while you work for~~as an employee of theCity of Isanti, regardless of whether or not they have resulted in disciplinary action;~~, the final disposition of any disciplinary action and supporting documentation;~~
- The final disposition of any disciplinary action and supporting documentation;
- You work location and work telephone number;
- Your education and training background;
- Work-related continuing education;
- Honors and awards you have received;
- Payroll timesheets or other comparable data that are only used to account for your works time for payroll purposes: except to the extent that release of time sheet data would reveal employee's reasons for the use of sick or other medical leave or other non-public data;
- Your previous work experience;
- The "complete" terms of any settlement agreement (including buyout agreements) except that the agreement must include the specific reasons if it involves the payment of more than $10,000 of public money; and
- Your badge number. This data is private if the candidate is applying for or is hired for an undercover law enforcement position.

All data concerning you which is placed in your personnel file and which is not addressed in statute as public data (see above listing) is private data. This private data will be available to you and those members of city staff needing it to process city records. In addition, the following persons or organization are authorized by state and federal law to receive this data if they so request in certain circumstances:

- The Bureau of Census;
- Federal, State and County Auditors;
- The State Department of Public Welfare;
- The Department of Human Rights;
- Applicant Data Practices Advisory Continued
- Federal Officials investigating compliance of Affirmative Action and Equal Employment Opportunities;
- Labor organizations and the Bureau of Mediation Services;
- Data may also be made available through court order.

With the exception of the optional data requested, the data you provide is needed to identify you and you assist in determining your suitability for the position for which you are applying. The optional data is used in summary form by the city's Affirmative Action Program to monitor protected class employment and meet federal, state and local reporting requirements. Furnishing the optional data requested about you in voluntary.

NOTICE REGARDING SOCIAL SECURITY NUMBER: This information will be used for payroll taxes, insurance purposes, and retained in the employee's data record.

NOTICE TO MINORS: Minors from whom private data or confidential data is collected have the right to request that parental access to the private data be denied.

If you have any questions regarding your rights as a subject of data, please contact the City of Isanti Human Resources at 110 1st Ave NW P.O. Box 428, Isanti, MN 55011.

This information is subject to change consistent with subsequent amendments to the Minnesota Government Data Practices Act.

I have read and understand the information given above regarding the Minnesota Data Practices Act.

SAMPLE CONTRACT PROVISION

Data Practices Compliance. This contract is governed by Minnesota Statutes Section 13.05, subdivisions 6 and 11, the provisions of which are incorporated by reference into this contract. The City of Isanti ("City") agrees to give the CONTRACTOR access to data collected or maintained by the City as necessary to perform CONTRACTOR'S obligations under this contract. CONTRACTOR agrees to maintain all data created, collected,received, stored, used, maintained or disseminated by CONTRACTOR consistent with requirements of the Minnesota Government Data Practices Act, Minnesota Chapter 13 (the "Act"). CONTRACTOR will not release or disclose the contents of data classified as notpublic to any person except at the written direction of the City. CONTRACTOR agrees todefend and indemnify the City from any claim, liability, damage or loss asserted against the City as a result of CONTRACTOR'S failure to comply with the requirements of this Paragraph; provided that CONTRACTOR shall have no duty to defend or indemnify where CONTRACTOR has acted in conformance with the City's written directions.

EXHIBIT 10

Building Permit/Plans
DATA PRACTICES ADVISORY

You may be required to submit building plans with your building permit application so that the City of Isanti can determine whether or not your building permit application should be approved. If you do not submit plans when they are required, your building permit will not be approved. The Minnesota Government Data Practices Act establishes a presumptionthat all government data are public and are accessible by the public for both inspection and copying unless there is a federal law, a state statute, or a temporary classification of data that provides that certain data are not public. Minnesota Statutes Section 13.01 defines government data as being all data collected, created, received, maintained, or disseminated by the City.

The Government Data Practices Act allows building plans to be classified as non-public ONLY if they contain the following information:

Security information defined by Minnesota Statutes Section 13.37 as being "government data the disclosure of which would be likely to substantially jeopardize the security of information, possessions, individuals or property against theft, tampering, improper use, attempted escape, illegal disclosure, trespass, or physical injury."

AND / OR

Trade Secret information defined by Minnesota Statutes Section 13.37 as being "government data, including a formula, pattern, compilation, program, device, method, technique or process (1) that was supplied by the affected individual or organization, (2) that is the subject of efforts by the individual or organization that are reasonable under the circumstances to maintain its secrecy, and (3) that derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use."

Building plans submitted to the City are generally public information and will be presumed to be available for copying and release to the public. If you hold a copyright to the plans and do not want them copied for the public, then you will need to indicate as such below. Also, if you believe that your building plans qualify for the classification of nonpublic data you must provide documentation verifying your claim. The responsible authority for the City of Isanti will determine whether or not the plans qualify for nonpublic data classification within 10 business days of the request.

Building plans and related documents submitted to the City are presumed to be public and by submitting them and signing this document you are expressly giving permission to the

City to make copies for the City's use and to make available to the public upon request unless you indicate otherwise as follows:

_____ **The building plans I have submitted contain SECURITY INFORMATION as defined by Minnesota Statutes Section 13.37, subdivision 1 (a) and are to be treated as protected nonpublic data.** I understand I must provide an explanation (below) to support my claim that the information I am providing constitutes security information under law.

_____ **The building plans I have submitted contain TRADE SECRET INFORMATION as defined by Minnesota Statutes Section 13.37, subdivision 1 (b) and are to be treated as protected nonpublic data.** I understand I must provide an explanation (below) to support my claim that the information I am providing constitutes trade secret information under law.

_____ **The building plans I have submitted are COPYRIGHTED under and protected by the Federal Copyright Act and I do not give permission for them to be copied for release to the public.** However, I understand the plans are considered public information under Minnesota law and may be viewed by the public.

APPENDIX A

NONPUBLIC, PRIVATE, AND CONFIDENTIAL DATA MAINTAINED BY THE CITY OF ISANTI

DATA INVENTORY

Pursuant to Minnesota Statute § 13.025, subd. 1, the City provides this Data Inventory identifying and describing all not public data on individuals maintained by the City. To comply with Minnesota Statute § 13.05, subd. 5, the City's Data Inventory also indicates the employees who have access to this data.

In addition to the employees listed, the City's Responsible Authority/Data Practices Compliance Official, Data Practices Designee(s), City Councilmembers, City Attorney, and specified agents of the City will also have access to all not public data only on an as-needed basis, and only when necessary as part of a specific work assignment.

This Inventory includes data divided into the following categories: General, Administration, Community and Real Property, Personnel, and Public Safety. These categories are provided only for convenience in locating types of data. Inclusion in any particular category is not intended to indicate an exclusive location for that data type. (For example, data listed under Personnel may be physically located in more than one City department.)

This Inventory includes citations to the applicable Minnesota Statutes. Please refer to the specific statutes cited for the complete details regarding the data classifications, any applicable exceptions, and other information.

Audio recordings of a 911 call to request service is private data on individuals, but written transcript of the audio recording is public, unless it reveals identity of an individual otherwise protected under Minn. Stat. § 13.82, subd. 17. Criminal investigative data created/collected by law enforcement to prepare a case against a person for commission of a crime or other offense for which the agency has primary investigative responsibility is confidential or protected nonpublic while investigation still active. Photos that are part of inactive investigation files that are clearly offensive to common sensibilities are private or nonpublic, provided that their existence shall be disclosed to any person requesting access to the inactive investigative file. Data on court records relating to name changes under Minn. Stat. § 289.10, subd. 2 which are held by a law enforcement agency are confidential data while an investigation is still active and private when inactive. Data in arrest warrant indices are confidential until defendant has been taken into custody, served with warrant, appears in court, except when law enforcement determines that public purpose is served by making information public. Data uniquely describing stolen, lost, confiscated or recovered property are classified as private or nonpublic, depending on content.	Private/Confidential/ Public/Non Public	Minn. Stat §§ 13.82, 259.10, subd. 2	City Administrator, City Clerk, Chief of Police

Name of Record, File, Form or Data Type	Description	Data Classification	Citation for Classification	Employee Work Access
	Financial records of a program paying informant rewards protected nonpublic/confidential data. Data on registered criminal offenders are private data. Data on missing children bulletins are public. Data reflecting thoughts/investigative techniques confidential/nonpublic, provided that information, reports, memoranda have been adopted as the final opinion or justification for a decision of a law enforcement agency are public. Booking photographs are public data. Data that could reveal identity of persons who are customers of a licensed pawnbroker of secondhand goods dealer are private data. Data describing property in a regulated transaction with a licensed pawnbroker or secondhand goods dealer are public			
Orders for Protection and No Contact Orders	Data from orders for protection or no contact orders and data entered by law enforcement to assist in enforcement of those orders. Data about the offender can be shared with the victim for order enforcement.	Private	Minn. Stat. §§ 13.871, subd. 13; 299C.46, subd. 6	City Administrator, City Clerk, Chief of Police
Peace Officer Discipline Procedures	Investigative report made by a law enforcement agency in connection with a peace officer disciplinary matter; identifies of confidential informants in such matters; identities of witnesses expected to testify in disciplinary hearings.	Confidential/Private/ Public	Minn. Stat. §§ 13.871, subd. 6(p); 626.89, subd. 6; and 13.43	City Administrator, City Clerk, Chief of Police
Peace Officer Records on Juveniles	Peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts.	Private	Minn. Stat. §§ 13.875, subd. 3; 260B.171, subd. 5	City Administrator, City Clerk, Chief of Police

Name of Record, File, Form or Data Type	Description	Data Classification	Citation for Classification	Employee Work Access
Peace Officer Reports on Accidents	Collected by law enforcement as required for a report of an accident under Minn. Stat. § 169.09, subd. 8. Must be disclosed to, upon written request by, persons in accident or representing estate, surviving spouse, etc., or other person injured in person, property, or means of support, or who incurs other loss by virtue of accident.	Confidential	Minn. Stat. § 169.09, subd. 13	City Administrator, City Clerk, Chief of Police
Reports of Gunshot Wounds	Report made by a health professional regarding wound inflicted by perpetrator of crime using firearm or other dangerous weapon.	Confidential	Minn. Stat. §§ 13.871, subd. 6(a); 626.53	City Administrator, City Clerk, Chief of Police
Safe at Home Data	Identity and location data of Safe at Home Program participants not otherwise classified by law are private data. Data on participant who submits a notice that they are certified part of address confidentiality program may not be shared with any other government entity or disseminated to any person unless 1) express consent from participant; 2) court order; 3) data subject to sharing pursuant to Minn. Stat. 5B.07, subd. 2.	Private	Minn. Stat. §§ 13.805; 5B.07, subd. 1	City Administrator, City Clerk, Chief of Police
Sexual Assault Crime Victims	Data identifying victim who is a minor, in records or reports relating to petitions, complaints or indictments made for criminal sexual conduct in the first – fourth degrees.	Private	Minn. Stat. §§ 13.871, subd. 3(e); 609.3471	City Administrator, City Clerk, Chief of Police
Undercover Buy Fund	Data in investigative files identifying witnesses, sources, or undercover investigators; information in a report at the close of an investigation regarding identity/location of witness.	Confidential/Private/ Public	Minn. Stat. §§ 13.6905, subd. 13; 299C.065,subd. 4	City Administrator, City Clerk, Chief of Police
Videotapes of Child Abuse Victims	Videos where child is alleging, explaining, denying, or describing physical or sexual abuse.	Private/Confidential	Minn. Stat. §§ 13.821; 611A.90	Chief of Police
Vulnerable Adult Report Records	Reports made (Minn. Stat. § 626.557) of possible maltreatment of vulnerable adults; identities of persons making such reports.	Private/Confidential	Minn. Stat. §§ 13.871, subd. 6(1); 626.557, subd. 12(b)	City Administrator, City Clerk, Chief of Police

Exhibit B

Data Practices Policy for Data Subjects

City of Isanti, Minnesota

Section 1
DATA ABOUT YOU

The Government Data Practices Act (Minnesota Statutes, Chapter 13) says that data subjects have certain rights related to a government entity collecting, creating, and keeping government data about them. You are the subject of data when you can be identified from the data. Government data is a term that means all recorded information a government entity has, including paper, email, DVDs, photographs, etc.

Classification of Data about You

The Government Data Practices Act presumes that all government data are public unless a state or federal law says that the data are not public. Data about you are classified by state law as public, private, or confidential. See below for some examples.

1. **Public data**: We must give public data to anyone who asks; it does not matter who is asking for the data or why.

   The following is an example of public data about you:
   Names of government employees, if you are a government employee

2. **Private data**: We cannot give private data to the general public, but you have access when the data are about you. We can share your private data with you, with someone who has your permission, with our government entity staff who need the data to do their work, and as permitted by law or court order.

   The following is an example of private data about you:
   Your social security number.

3. **Confidential data**: Confidential data have the most protection. Neither the public nor you can get access even when the confidential data are about you. We can share confidential data about you with our government entity staff who need the data to do their work and to others as permitted by law or court order. We cannot give you access to confidential data.

   The following is an example of confidential data about you:
   Your identity if you are the subject of an active criminal investigation.

Your Rights under the Government Data Practices Act

The City of Isanti must keep all government data in a way that makes it easy for you to access data about you. Also, we can collect and keep only those data about you that we need for administering and managing programs that are permitted by law. As a data subject, you have the following rights.

- **Access to Your Data**
  You have the right to look at (inspect), free of charge, public and private data that we keep about you. You also have the right to get copies of public and private data about you. The Government Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

  Also, if you ask, we will tell you whether we keep data about you and whether the data are public, private, or confidential.

  As a parent, you have the right to look at and get copies of public and private data about your minor children (under the age of 18). As a legally appointed guardian, you have the right to look at and get copies of public and private data about an individual for whom you are appointed guardian.

Minors have the right to ask this government entity not to give data about them to their parent or guardian. If you are a minor, we will tell you that you have this right. We may ask you to put your request in writing and to include the reasons that we should deny your parents access to the data. We will make the final decision about your request based on your best interests. **Note**: Minors do not have this right if the data in question are educational data maintained by an educational agency or institution.

- **When We Collect Data from You**
  When we ask you to provide data about yourself that are not public, we must give you a notice. The notice is sometimes called a Tennessen warning. The notice controls what we do with the datathat we collect from you. Usually, we can use and release the data only in the ways described in the notice.

  We will ask for your written permission if we need to use or release private data about you in a different way, or if you ask us to release the data to another person. This permission is called informed consent. If you want us to release data to another person, you must use the consent form we provide.

- **Protecting your Data**
  The Government Data Practices Act requires us to protect your data. We have established appropriate safeguards to ensure that your data are safe. In the unfortunate event that we determine a security breach has occurred and an unauthorized person has gained access to your data, we will notify you, conduct an investigation into the security breach, and prepare a report which you may obtain access, in accordance with the law.

- **When your Data are Inaccurate and/or Incomplete**
  You have the right to challenge the accuracy and/or completeness of public and private data about you. You also have the right to appeal our decision. If you are a minor, your parent or guardian has the right to challenge data about you.

How to Make a Request for Your Data

To look at data, or request copies of data that this government entity keeps about you, your minor children, or an individual for whom you have been appointed legal guardian, the City ~~generally~~ requires a written request. Make your request for data to the appropriate individual listed in the Data Practices Contacts in **Section 2**. You may make your request by filling out a form provided by the City (also attached to this Policy), and sending it by email, U.S. mail, or by hand-delivering it to the appropriate individual listed in **Section 2** ~~City~~.

Formatted: Font: Bold

Please be sure that your written data request is as clear and detailed as possible. If the City does not understand your request, the City may ask you for clarification. The City cannot begin processing your data request if you do not provide the requested clarification.

In addition, if your request is so broad that it yields voluminous data, the City may ask if there is more specific data you seek. The City may also ask whether you wish to inspect the data at City offices prior to making copies, or require a deposit for the actual cost of providing copies. (See **Section 3** for information on copy costs and payment.)

The City requires proof of your identity before we can respond to your request for data. If you are requesting data about your minor child, you must show proof that you are the minor's parent. If you are a guardian, you must show legal documentation of your guardianship. Please see the Standards for Verifying Identity located in **Section 4**. If you do not provide proof of that you are the data subject, we cannot respond to your request.

How We Respond to a Data Request

Once you make your request, we will work to process your request. If it is not clear what data you are requesting, we will ask you for clarification.

- We will ask you to confirm your identity as the data subject.
- If we do not have the data, we will notify you in writing within 10 business days.
- If we have the data, but the data are confidential or private data that are not about you, we will notify you within 10 business days and state which specific law says you cannot access the data.
- If we have the data, and the data are public or private data about you, we will respond to your request within 10 business days, by doing one of the following:
    - arrange a date, time, and place to inspect data, for free, if your request is to look at the data, or
    - provide copies of the data within 10 business days. You may choose to pick up your copies, or we will mail them to you. We will provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format.

Please see Section 3, so that you understand how the City calculates costs for copies and your obligations regarding payment of copies. You will be responsible to pre-pay for the cost of copies prior to receipt of the copies. In addition, if a deposit is required as described in Section 1, *How to Make a Request for Your Data,* you must pay the deposit before the City will begin working on your request.

After we have provided you with access to data about you, we do not have to show you the data again for 6 months unless there is a dispute or we collect or create new data about you.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you.~~let us know.~~ We will give you an explanation if you ask.

The Government Data Practices Act does not require us to create or collect new data in response to a data request if we do not already have the data, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. In addition, we are not required under the Government Data Practices Act to respond to questions that are not about your data requests for

government data.~~to respond to questions that are not specific requests for data.~~

- Following our response, if you do not make arrangements within 15 business days to inspect the data or pay for the copies, we will conclude that you no longer want the data and we will consider your request closed.

Section 3
Copy Costs and Payment – Data Subjects

This government entity charges data subjects for copies of government data. These charges are authorized under Minnesota Statutes, section 13.04, subdivision 3.

Pre-payment is mandatory for all copy requests for which fees are charged. You must pay for the copies before we will give them to you. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, you will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount,you are responsible for the remaining balance before the copies will be provided to you. You must pay the deposit amount before the City will begin working on your request.

The City will not require payment for copies if the cost of copies is less than $5.00.

Actual cost

When the subject of the data requests copies, the City may charge for the actual costs of making, certifying and compiling the copies.

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;
  - remove staples or paper clips;
- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if your request is for copies of data that we cannot reproduce

Section 4
Standards for Verifying Identity

The following constitute proof of identity.

- An **adult individual** must provide a valid photo ID, such as
  - a state driver's license
  - a military ID
  - a passport
  - a Minnesota ID
  - a Minnesota tribal ID
  - the foreign equivalent of any of the above
- A **minor individual** must provide a valid photo ID, such as
  - a state driver's license
  - a military ID
  - a passport
  - a Minnesota ID
  - a Minnesota Tribal ID
  - a Minnesota school ID
  - the foreign equivalent of any of the above
- The **parent or guardian of a minor** must provide a valid photo ID *and either*
  - a certified copy of the minor's birth certificate *or*
  - a certified copy of documents that establish the parent or guardian's relationship to the child, such as
    - a court order relating to divorce, separation, custody, foster care
    - a foster care contract
    - an affidavit of parentage
- The **legal guardian for an individual** must provide a valid photo ID *and* a certified copy of appropriate documentation of formal or informal appointment as guardian, such as
  - court order(s)
  - valid power of attorney

Note: Individuals who do not exercise their data practices rights in person must provide either notarized or certified copies of the documents that are required or an affidavit of ID.

Exhibit C

Data Practices Policy for Members of the Public

City of Isanti, Minnesota

Section 1

Right to Access Public Data

The Government Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data is a term that means all recorded information a government entity has, including paper, email, DVDs, photographs, etc.

The Government Data Practices Act also provides that the City of Isanti must keep all government data in a way that makes it easy for you, as a member of the public, to access public data. You have the right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Government Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

How to Make a Data Request

To look at data or request copies of data that the City keeps, the City ~~generally~~ requires a written request. Make your request for data to the appropriate individual listed in the Data Practices Contacts in Section 2~~on page 4~~. You may make your request for data by filling out a form provided by the City (also attached to this Policy)and sending it by email, U.S. mail, or by hand-delivering it to appropriate individual in Section2~~the City~~.

Please be sure that your written data request is as clear and detailed as possible. If the City does not understand your request, the City may ask you for clarification. The City cannot begin processing your data request if you do not provide the requested clarification.

In addition, if your request is so broad that it yields voluminous data, the City may ask if there is more specific data you seek. The City may also ask whether you wish to inspect the data at City offices prior to making copies, or require a deposit for actual costs of providing the copies. (See **Section 3** for information on copy costs and payment.)

The City cannot require you, as a member of the public, to identify yourself or explain the reason for your data request. However, depending on how you want us to process your request (if, for example, you want us to mail you copies of data), we may need some information about you. If you choose not to give us any identifying information, we will provide you with contact information so you may check on the status of your request. In addition, please keep in mind that if we do not understand your request and have no way to contact you, we will not be able to process your request.

How We Respond to a Data Request

Upon receiving your request, the City will work to process it.

- If we do not have the data, we will notify you in writing as soon as reasonably possible.
- If we have the data, but the data are not public, we will notify you as soon as reasonably possible and state which specific law says the data are not public or cannot be disclosed.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
    - arrange a date, time, and place to inspect data, for free, if your request is to look at the data, or
    - provide you with copies of the data as soon as reasonably possible. You may choose to pick up your copies, or we will mail or email them to you if possible. If you want us to send the copies through the mail, you will need to provide us with an address or email address. We mayprovide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format.
- Response time may be impacted by the size and/or complexity of your request, and also by the number of requests you make in a given time period.

~~o~~ Following our response, if you do not make arrangements within 15 business days to inspect the data or pay for the copies, we will conclude that you no longer want the data and will consider your request closed.

Please see Section 3, so that you understand how the City calculates costs for copies and your

Exhibit C

obligations regarding payment of copies. You will be responsible to pre-pay for the cost of copies

prior to receipt of the copies. In addition, if a deposit is required as described in Section 1, *How to Make a Data Request*, you must pay the deposit before the City will begin working on your data request.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please let us know. We will give you an explanation if you ask.

The Government Data Practices Act does not require us to create or collect new data in response to a data request if we do not already have the data, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request.

In addition, the Government Data Practices Act does not require us to answer questions that are not about your data requests, or requests for government data.~~that are not requestsfor data.~~

Requests for Summary Data

Summary data are statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals. The preparation of summary data is not a means to gain access to private or confidential data. We will prepare summary data if you make your request in writing and pre-pay for the cost of creating the data. Upon receiving your written request – you may use the data request form on page 6 – we will respond within ten business days with the data or details of when the data will be ready and how much we will charge.

Section 3

Copy Costs and Payment – Members of the Public

The City of Isanti charges members of the public for copies of government data. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c).

Pre-payment is mandatory for all copy requests for which fees are charged. Additionally, if a data request will result in voluminous numbers of documents, the City may ask for a deposit prior to copying data. If the cost of providing the copies is less than the deposit amount, you will receive a refund of the unused deposit amount. If the cost of providing the copies exceeds the deposit amount, you are responsible for the remaining balance before the copies will be provided to you. You must pay the deposit amount before the City will begin working on your request.

The City will not require payment for copies if the cost of copies is less than $5.00.

For 100 or Fewer Paper Copies – 25 Cents Per Page

100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy.

For 100 or More Paper Copies, or Most Other Types of Copies – Actual Cost

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies, or electronically transmitting the data (e.g. sending the data by email).

In determining the actual cost of making copies, the City considers factors including but not limited to:

- Staff time to:
  - retrieve documents (except when the subject of the data is making the request);
  - make, certify and compile copies;
  - sort and label documents only if necessary to identify the data to be copied;
  - remove staples or paper clips;
  - **Please note:** the cost of employee time to search for data, retrieve data, and make copies should generally not exceed those of the lowest-paid employee who can complete the task performed. However, if, because of the subject matter of your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate the search and retrieval portion of the copy charge at the higher salary/wage;
- Materials (paper, copier ink, staples, magnetic tapes, CD's or DVD's, thumb drives, etc.);
- Special costs associated with making copies from computerized data, such as writing or modifying a computer program to format data;
- Mailing costs; and/or
- Costs to pay an outside vendor (including transportation to and from the vendor) if your request is for copies of data that we cannot reproduce ourselves, such as photographs.

RESOLUTION 2022-xxx

APPROVING AN AMENDMENT TO THE DEVELOPMENT AND SUBSIDY AGREEMENT FOR ROCKSTAD AND CO RELICS AND WARES DATED OCTOBER 5, 2021

WHEREAS, the City of Isanti owns property for the public purpose of creating quality jobs and increasing the City's tax base; and,

WHEREAS, the City of Isanti entered into a Development and Subsidy Agreement for Rockstad and CO Relics and Wares regarding the sale of the property located at PID 16.047.0120; and,

WHEREAS, the City of Isanti has received a notification from Rockstad and CO Relics and Wares of a requested name change to Rockstad and CO LLC as the purchaser; and,

WHEREAS, the Development and Subsidy Agreement for Rockstad and CO Relics and Wares signed and dated the 5th of October, 2021 should be formally amended as the Development and Subsidy Agreement for Rockstad and CO LLC; and

WHEREAS, any mention of Rockstad and CO Relics and Wares as mentioned in the aforementioned Development and Subsidy Agreement and any other supporting documents related to the sale of PID16.047.0120 should be amended to Rockstad and CO LLC.

WHEREAS, the City Administrator has authority to sign documents on behalf of the City of Isanti; and,

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota the Amended Development Agreement for Rockstad and CO LLC is approved.

This resolution was duly approved by City of Isanti this 18th of January, 2022.

CITY OF ISANTI

DEVELOPMENT AND SUBSIDYAGREEMENT FOR ROCKSTAD AND CO. LLC.

This Agreement (hereinafter the "Agreement") is dated as of this 5th day of October, 2021 and is by and between the **City of Isanti**, a Minnesota municipal corporation (the "**City**") and **Rockstad and CO LLC**, a company under the laws of Minnesota (the "**Developer**").

1. Subject Property. Developer is, or will be, the owner of the Subject Property legally described as Lot 6, Block 3, Lindbergs Addition, County of Isanti, State of Minnesota, PID Number 16.047.0120, located at 102 Dahlin Ave N.E., Isanti, MN 55040. Sale of the Subject Property by the City to Developer at a price below market value is the subsidy contemplated by this Agreement.

2. Conditions of Approval. The City has approved development of the Subject Property, as subsidized by the City, subject to satisfaction of the following conditions:

   a. The Developer's Execution of this Agreement. That the Developer enter into this Agreement.

   b. Marketable Title. That the Developer obtain, and retain, title to the Subject Property**.**

   c. Proof of Authority. That the Developer provide proof that the respective governing boards of the Developer have authorized the Developer's execution of this Agreement. This proof of authority may be satisfied by providing the City with a certified copy of the minutes of the governing board of each entity which grants such authority.

   d. Site Plan. That Developer's site plans, as required by the Isanti City Code, be completed by Developer and reviewed and approved by the City.

3. The Plans. The term "Plans" as used in this Agreement means the Site Plans prepared by Developer. The Plans are subject to: (a) Planning Commission review; (b) approval of the City Council; and (c) such further revisions as the Developer may propose and the City approves. The Plans shall not be attached to this Agreement but are in the City's files.

4. Required Private Improvements. The private improvements the Developer will construct or install are as follows:

   a. Sanitary sewer
   b. Water
   c. Storm drainage facilities
   d. Stormwater maintenance
   e. Parking lot
   f. Concrete curb and gutter
   g. Lot grading
   h. Landscaping

5. Payment of Development Fees. Developer shall, contemporaneously with execution of this Agreement, deposit with the City an escrow of $5,000 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the Development shall be refunded to the Developer. In the event the escrow account balance is reduced to $1,000 or less, the Developer shall post additional sums of money to replenish the account to a maximum of $2,000 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account. Sanitary Sewer Connection (Trunk) Fees, Water Connection (Trunk) Fees are collected at time of building permit

6. Developer Defaults. If the Developer defaults in the performance of one or more of the Developer**'s** obligations under this Contract, i) the City gives the Developer30 days written notice of the default and ii) the Developer fails to cure the default within said 30 days, then the City may pursue any and all remedies available at law or in equity including, but not limited to, the following:

   a. The City may, at its option, perform or engage one or more third parties to perform the Developer**'s** obligations. If, in the reasonable judgment of the City**'s** staff, the Developer**'s** default creates an immediate risk to public health or safety, the City may perform or engage one or more third parties to perform the work before the City provides the notice described in the initial paragraph of this Section, but the City must use commercially reasonable efforts to notify the Developer as promptly as possible that the City is undertaking to perform the Developer**'s** obligation or obligations. If the City performs one or more obligations of the Developer, the Developer

must reimburse the City for any costs or expenses the City incurs, including costs and expenses for City staff time, to perform the work within 30 days after the City notifies the Developer, in writing, of the costs and expenses the City incurred to perform the work. If the Developer does not reimburse the City within said 30-day period, the City may pursue any remedies available to the City either at law or in equity or, in the alternative, the City may draw on the financial guaranty the Developer has provided to the City pursuant to this Agreement to reimburse itself for the expenses the City incurs to perform the work. This Agreement is a license for the City to act, and it shall not be necessary for the City to seek a Court Order for permission to enter the Developer Property. As an alternative to seeking recovery from the Developer the financial guaranty, the City may levy special assessments against the Developer Property in accordance with Minnesota Statutes Section 429, and the Developer, for itself and its successors in title, hereby expressly waives any and all substantive and procedural objections or defenses the Developer may have, to such special assessments;

b. The City may commence an action in Isanti County District Court to pursue any remedy available to the City at law or in equity including, but not limited to, injunctive relief;

c. The City may refuse to grant building permits for improvements to be constructed on the Subject Property until the Developer has cured all of its defaults; and

d. The City may draw upon all or any portion of the financial guaranty the Developer has provided to the City and (i) use all or any portion of the proceeds from the financial guaranty to reimburse the City pursuant to subsection (a) above; (ii) use all or any portion of the proceeds from the financial guaranty to satisfy any judgment the City obtains against the Developer pursuant to subsection (b) above; (iii) use all or any portion of the proceeds to reimburse the City pursuant to Section 11 (j) below; and (iv) hold all or any portion of the proceeds for a reasonable time for the future application as described in subsections (i), (ii) and (iii) of this paragraph.

7. Business Subsidy. As a condition of developing the Subject Property, Developer and City agree to the following terms:

a. Subsidy. Developer acknowledges and agrees that it received a business subsidy from the City in the form of a reduced purchase price for the Subject Property. Pursuant to the County Assessor, the Subject Property is valued at $18,900. The City sold the Subject Property to Developer for $1. The value of the subsidy is the difference between the appraisal value and the purchase price.

b. Public Purpose. The public purposes for granting the subsidy are to create jobs within the City of Isanti and to increase the City's tax base.

c. Subsidy Goals. Developer shall create a minimum of one full-time, and 2 part-time, jobs within five years of the date of this Agreement. All jobs shall meet or exceed State minimum wage requirements. Developer shall continue to meet or exceed said employment goals for at least five years after the date of this Agreement. In the event these requirements are not met, Developer shall pay the City the amount of the subsidy in a single lump sum payment or as otherwise agreed to in writing by the parties.

d. Statement of Need. Developer represents that without the business subsidy contemplated by this Agreement, Developer would not relocate its existing business to the City.

e. Reporting. Developer shall provide reports to the City as required by Minnesota Statutes section 116J.994, subdivision 7, on forms provided by the City.

8. Miscellaneous.

a. Invalidity of Any Section. If any portion, section, subsection, sentence, clause, paragraph or phrase of this Agreement is for any reason invalid, such decision shall not affect the validity of the remaining portion of this Agreement.

b. Written Amendments Only. The action or inaction of the City or the Developer shall not constitute a waiver or amendment to the provisions of this Agreement. To be binding, amendments or waivers shall be in writing, signed by the parties, and approved by a resolution of the City Council. The City**'s** or the Developer**'s** failure to promptly take legal action to enforce this Agreement shall not be a waiver or release.

c. Compliance with Laws and Regulations. The Developer represents to the City that the Plat complies with all City, County, State, and Federal laws and regulations, including but not limited to: subdivision ordinances, zoning ordinances and environmental regulations. If the City determines that the site plan does not comply, the City may, at its option, refuse to allow any construction or development work on the Subject Property until the Developer does comply. Upon the City'**s** demand Developer shall cease work until there is compliance.

d. Mailbox Locations. If the Developer desires to construct a mailbox within the public right of way, the Developer agrees that the placement of a mailbox along public streets is subject to the approval by the Postmaster. Utility locates will be necessary.

e. Boulevard and Wetland Restoration. The Developer shall be responsible for the cost of establishing seed in all boulevards within 30 days of the completion of the street improvements, and restoring all other areas disturbed by the development grading operation in accordance with the approved Grading and Erosion Control plan. The Developer shall be responsible for the cost of cleaning any soil, earth, or debris from the wetlands within and adjacent to this Plat resulting from grading performed in the development of the Plat.

f. Construction, Hours and Entrance Signs. The City restricts construction and delivery hours to Monday through Friday 7:00 a.m. to 9:00 p.m., weekends and holidays, 8:00 a.m. to 8:00 p.m. The Developer is required to provide a sign at each entrance point stating delivery and construction operation hours. Said signs are not to exceed 80 square feet in size and must be clearly visible at all times during the construction period.

g. Construction Site Maintenance. The Developer shall adhere to all of the City ordinances relating to, but not limited to, dumping of garbage, site development, construction debris, open burning, etc. The City reserves the right to withhold permits, inspections, or certificates of occupancy to correct violations relating to construction site maintenance.

h. Estimated Cost. It is understood and agreed that cost amounts set forth in this Agreement as to Stage I, Stage II, and Required Private Improvements, unless qualified as fixed amounts, are estimated. The Developer agrees to pay the entire cost of said improvements including interest, engineering and legal fees related thereto.

i. Plat Approval Expenses. Not applicable.

j. Reimbursement to the City. The Developer agrees to reimburse the City for all costs incurred by the City in defense or enforcement of this Agreement, or any portion thereof, including court costs and reasonable engineering and attorney's fees.

k. Certificate of Occupancy. The term "Certificate of Occupancy" as used in this Agreement shall be defined as a document issued by the City Building Official, which authorizes the structure to be used for its intended purposes.

l. Notices. Required notices shall be in writing, and shall be either hand delivered to the Parties, its employees or agents, or mailed to them by certified or registered mail at the following address:

RESOLUTION 2022-XXX

APPROVING STAFF TO SUBMIT APPLICATIONS FOR GRANTS PERTAINING TO COMMUNITY DEVELOPMENT

WHEREAS, City staff is continually notified of eligible grant opportunities; and,

WHEREAS, the City of Isanti has been awarded grants for Community Development including Economic Development projects in the past; and,

WHEREAS, each year there are grants available specific to the types of activities conducted by the Community Development Department through organizations like DEED, EDAM, East Central Regional Development Commission, MN DNR, MNDOT, MN Economic Development Foundation and other organizations; and,

WHEREAS, City staff has approval for submission of applications to grants listed above and to future grant opportunities that pertain to the Community Development department. Submittal of grants that fit within the described areas will be based upon City staffs discretion and their ability to complete the background work to submit the application; and,

WHEREAS, if awarded funding through grant opportunities as outlined in this resolution, funds would be accepted through City Council and distributed through the EDA or the City; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve City staff to apply for grant opportunities that pertain to Community Development on a continual basis as needed.

This Resolution hereby approved by the Isanti City Council this 18th day of January 2022.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Katie Grotte Human Resources
Date: January 18, 2022
Subject: Annual Administrator Review Summary

"The Council reviewed the performance of City Administrator Josi Wood at its December 21, 2021, meeting. The Council commented positively on Ms. Wood's leadership and communication skills, staff relationships, ability to handle adversity and her success with a long list of projects this past year. The Council appreciates Ms. Wood's hard work and dedication to the City."

-Statement prepared by City Attorney Joseph Langel

RESOLUTION 2022-XXX **L.6.**

AUTHORIZING THE APPLICATION TO ENTER INTO AN AGREEMENT WITH THE MINNESOTA OFFICE OF TRAFFIC SAFETY GRANT FOR SAFE AND SOBER HIGH VISIBILTY ENFORCEMENT

WHEREAS, the Minnesota Office of Traffic Safety offers an enhanced traffic enforcement grant to promote roadway and driver safety awareness and education, and;

WHEREAS, the Isanti Police Department has participated in this grant for ten plus years and is partnering with Cambridge PD, Braham PD and the Isanti County Sheriff's Office to provide high visibility enforcement, and;

WHEREAS, receives compensation for officer's wages and benefits for hours worked;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Be it resolved that the Isanti Police Department enter into a grant agreement with the Minnesota Department of Public Safety, Office of Traffic Safety for Traffic Safety Enforcement project during the period from October 1, 2021 through September 30, 2022.

2. That the Chief of Police or designee is hereby authorized to execute such agreements and amendments as are necessary to implement the project on behalf of the City of Isanti and Isanti Police Department; and the fiscal agent of the grant will be the City of Isanti.

This resolution was duly adopted by the Isanti City Council this 18th day of January 2022.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: January 18, 2021
Subject: Approve Resolution to Amend the Business Subsidy Criteria

---

The Business Subsidy Criteria outlines the City's ability to grant business subsidies as governed by the limitations established in Minnesota Statutes 116J.993 through 116J.995 (the "Statutes"). Some of the criteria established in the most recent version of the agreement was outdated or incongruent with our current strategies. City staff reviewed the criteria and updated according to current State and City standards.

The Economic Development Authority held a public hearing allowing public comment on changes to the criteria on January 4, 2022. The EDA has made a recommendation to the Council to follow through with the following proposed actions. The finalized version of the Business Subsidy Criteria is attached for reference.

Proposed Action(s):
Accept the amendments to the criteria as proposed and approve Resolution 2022 -XXX APPROVING AMENDMENTS TO THE BUSINESS SUBSIDY CRITERIA.

Attachments:
- Resolution 2022 – XXX
- Business Subsidy Criteria

RESOLUTION 2022-xxx

APPROVING AMENDMENTS TO THE BUSINESS SUBSIDY CRITERIA

WHEREAS, Pursuant to Minnesota Statutes, sections 116J.993 to 116J.995 (the "Act"), governmental subdivisions that grant business subsidies, as defined in the Act, are required prior to granting any such business subsidies to adopt business subsidy criteria; and,

WHEREAS, Economic Development Authority held a public hearing to consider the proposed modifications to the business subsidy criteria on January 4, 2022; and,

WHEREAS, the proposed amendments have been evaluated to be in the best interest of the City and satisfy state statutes;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota that hereby approves the Business Criteria as presented at the January 18, 2022 meeting.

This resolution was duly approved by the Isanti City Council this 18th of January, 2022.

City Clerk

Business Subsidy Criteria

1 PURPOSE AND AUTHORITY

1.1 The purpose of this document is to establish the criteria for the City of Isanti, Minnesota (the "Grantor") for granting of business subsidies for private development. These criteria shall be used as a guide in the processing and reviewing of applications requesting business subsidies.

1.2 The City's ability to grant business subsidies is governed by the limitations established in Minnesota Statutes 116J.993 through 116J.995 (the "Statutes").

1.3 Unless specifically excluded by the Statutes, business subsidies include grants by state or local government agencies, contributions of personal property, real property, infrastructure, the principal amount of a loan at rates below those commercially available to the recipient of the subsidy, any reduction or deferral of any tax or any fee, any guarantee of any payment under any loan, lease, or other obligation, or any preferential use of government facilities given to a business.

1.4 These criteria are to be used in conjunction with other relevant policies of the Grantor.

1.5 The City may deviate from these criteria by documenting in writing the reason(s) for the deviation. The documentation shall be submitted to the Department of Employment and Economic Development with the next annual report.

1.6 The Grantor may amend this document at any time. Amendments to these criteria are subject to public hearing requirements contained in the Statutes. The Grantor may waive provisions of these criteria without holding a public hearing.

1.7 Any applicant who is not in good standing with the City, in regards to any licenses, fees, property taxes, or other specific City charges, will not be considered for business subsidies.

2 PUBLIC PURPOSE REQUIREMENT

2.1 All business subsidies must meet a public purpose.

2.2 The creation or retention of jobs may be, but is not required to be, a public purpose for granting a subsidy. The determination that jobs are not a public purpose for the subsidy and that the related wage and job goals are zero shall be made following a public hearing.

2.3 Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable. The City shall document the information used to determine the nature of the job loss.

2.4 The creation of tax base shall not be the sole public purpose of a subsidy.

2.5 The wage floor for wages to be paid for the jobs created shall be as required by state and/or federal law for Industrial businesses. The City will seek to create jobs with higher wages as appropriate for the overall public purpose of the subsidy.

2.6 The purposes, priorities, goals and objectives in providing a business subsidy to assist private development under this policy, include but are not limited to, achieving the following:

a) To redevelop blighted or under-utilized areas of the City.
b) To create additional job opportunities within the City.
c) To retain local jobs in the City, where job loss is specific and demonstrable.
d) To enhance the economic diversity of the City and to provide essential products and services within the City.
e) To enhance economic growth and opportunity in the City.
f) To increase the City's tax base.
g) To create opportunities for affordable and workforce housing and/or a diversification of housing stock available within the City.
h) To target assistance to businesses that demonstrate a clear and ongoing commitment to the community.

2.7 Because projects vary greatly in structure and public benefit derived, each project will be considered on its own merits. Subject to clause (e) below, consideration will be given to projects providing public benefits in one or more of the following categories:

i. Redevelopment projects that result in the stabilization of business districts or neighborhoods by elimination of blighting conditions.

ii. Projects that result in the development of affordable senior or workforce housing.

iii. Quality of Life based on business/projects. Those business/entities that provide a desirable good or service and address an unmet demand in the community will be considered. New job wage requirements will apply to any new jobs created.

3 BUSINESS SUBSIDY APPROVAL CRITERIA

3.1 The City reserves the right to approve or reject projects on a case-by-case basis, taking into consideration established policies, project criteria, and demand on City services in relation to the potential benefits from the project. Meeting all or any portion of the policy criteria contained herein does not mean or guarantee the award of business assistance by the City to any project. Approval or denial of one project is also not intended to set precedent for approval or denial of another project. The City reserves the right, in its sole judgment and discretion, to approve or deny business assistance to a project based on the merits of the project and the overall benefit of the project to the community, using this policy and the criteria contained herein as the means of measuring overall benefit.

3.2 A business must submit a written request/application to the City for a Business Subsidy or other financial assistance with the required fee (if applicable). The business must submit all information as found in the Business Subsidy Application for any request for financial assistance from the City. The City of Isanti may request additional financial information as the deemed appropriate or necessary in its discretion to analyze and process the application.

3.3 To be eligible to receive a business subsidy, the recipient must meet the following minimum requirements:

a) The subsidy must achieve a public purpose.
b) The project must comply with local plans and ordinances.
c) The recipient shall provide information demonstrating that granting the subsidy is necessary for the proposed development to occur.
d) The recipient must enter into an agreement pursuant to these criteria and the Statutes.

3.4 The business subsidy shall be provided within applicable state legislative restrictions, debt limit guidelines, and other appropriate financial requirements and policies.

3.5 The project must be in accord with the Comprehensive Plan and Zoning Ordinances, or required changes to the plan and Ordinances must be under active consideration by the City at the time of approval.

3.6 Business subsidies will not be provided to projects that have the financial feasibility to proceed without the benefit of the subsidy. In effect, business subsidies will not be provided solely to broaden a developer's profit margins on a project. Prior to consideration of a business subsidy request, the Grantor may undertake an independent underwriting of the project to help ensure that the request for assistance is valid.

3.7 Prior to approval of a business subsidy, the developer may be asked to provide any required market and financial feasibility studies, appraisals, soil boring, information provided to private lenders for the project, and other information or data that the Grantor or its financial consultants may require in order to proceed with an independent underwriting.

3.8 Any developer requesting a business subsidy should be able to demonstrate past successful general development capability as well as specific capability in the type and size of development proposed.

3.9 A recipient of a business subsidy must enter into a subsidy agreement with the Grantor as described in Section 4.

3.10 A recipient of a business subsidy must make a commitment to continue operations within the City for at least five years after the benefit date.

3.11 Any business subsidy will be at the lowest possible level and for the least amount of time necessary, after the recipient maximizes the use of private debt and equity financing first.

3.12 A Business Subsidy of $150,000 or more requires a public hearing with at least a 10-day notice in the official City newspaper. A public hearing for another purpose such as tax increment financing or abatement may be combined with the Business Subsidy hearing. A copy of the draft Business Subsidy agreement must be on file with the City.

4 SUBSIDY AGREEMENT

4.1 In granting a business subsidy, the Grantor shall enter into a subsidy agreement with the recipient that provides the information, wage and job goals, commitments to provide necessary reporting data and recourse for failure to meet goals required by the Statutes.

4.2 The subsidy agreement may be incorporated into a broader development agreement for a project.

4.3 The subsidy agreement will describe the requirements for the recipient to provide the reporting information required by the Statutes.

4.4 In all cases of business subsidy, where the subsidy is equal to or greater than the threshold prescribed in Minnesota Statutes, a subsidy agreement will be entered into between the City and the recipient. This agreement will comply with the requirements of Minn. Stat. § 116J.994, and delineate, among other required provisions, the subsidy structure and amount, as well as the expected public benefit. The agreement will include provisions for repayment and other resolution options if the expected public benefit is not achieved. Upon completion of the project, the actual costs of the elements of the project eligible for the business subsidy will be verified. All business subsidies will be subject to the criteria outlined in Minnesota Statutes, Sections 116J.933 through Section 116J.955, except those subsidies as exempted by the same.

a) Business Subsidies in the form of grants must be structured as forgivable loans. For other types of Business Subsidies, the agreement must state the fair market value of the subsidy to the recipient, including the value of conveying property at less than a fair market price, or other in-kind benefits to the recipient.

4.5 The City shall monitor the progress by the recipient in achieving the goals contained in the business subsidy agreement, and the recipient shall cooperate in all respects in meeting the reporting requirements contained in Minn. Stat. § 116J.994.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: January 18th 2022
Subject: Resolution Approving 2021 Audit Engagement Letter

Background:
Resolution 2021-181 designated Abdo as the City's audit firm for 2021. The attached audit engagement letter documents and confirms the auditor's acceptance of the appointment, the objective and scope of the audit, the extent of the auditor's responsibilities to the client and the form of any reports.

Finance Director Betker has reviewed the engagement letter and is recommending acceptance.

Request:
Consider resolution approving engagement letter for 2021 audit.

Attachment(s):
- Resolution 2022-XXX – Approving the Engagement Letter for the 2021 Audit
- 2021 Audit Engagement Letter

RESOLUTION 2022-XXX

APPROVING THE ENGAGEMENT LETTER FOR THE 2021 AUDIT

WHEREAS, MN State Statutes require the City of Isanti to employ a certified public accounting firm to audit, examine and report upon the books and records of the accounts of the City; and,

WHEREAS, the City of Isanti, through Resolution 2021-181, designated the public accounting firm of Abdo for their auditors for 2021;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the Engagement Letter for the 2021 Audit in the amount of $31,375, with funding as follows:

1. 50.0% 101-41500-301 Financial Administration
2. 12.5% 601-49400-301 Water Utility
3. 12.5% 602-49450-301 Sanitary Sewer Utility
4. 12.5% 603-49500-301 Storm Water Utility
5. 12.5% 609-49750-301 Liquor Store

This Resolution is hereby approved by the Isanti City Council this 18th day of January 2022.

Attest: Mayor Jeff Johnson

Jaden Strand
City Clerk

INFORMATION REGARDING SAS 134

At Abdo, we are committed to a culture of clear and open communication to ensure you as a client understand our process and how it may change when new standards are implemented. With this in mind, we wanted to draw your attention to the new Statement on Auditing Standards (SAS) 134 as released by the AICPA's Auditing Standards Board (ASB) earlier in the year.

Under SAS 134, the format of our Independent Auditor's Report has undergone some updates to its structure and language. The revised reporting model is intended to enhance the communicative value and relevance of the auditor's report to the users of the audited financial statements. It does this by:

- Providing more transparency into the audit and the related auditor's report,
- Satisfying the user's need for more information by addressing the auditor's responsibility, and
- Providing new guidance for the form and content of the auditor's report.

The standard requires Abdo to present the Opinion section first in the Independent Auditor's Report, followed by the Basis for Opinion section. These changes will more clearly articulate management's responsibilities for the financial statements and the auditor's responsibilities for the audit.

The process of our audit will not change, but we felt it was important to inform you of these new standards and the changes you may see to the Auditor's Report as a result.

If you have any questions regarding SAS 134 or the changes that will be taking place, please reach out to your audit team and we'll be happy to discuss with you in more detail.

As always, we appreciate the opportunity to work with you and your organization.

Sincerely,

Abdo

January 12, 2022

Management, Honorable Mayor and City Council
City of Isanti
Isanti, Minnesota

We are pleased to confirm our understanding of the services we are to provide the City of Isanti (the City) for the year ended December 31, 2021.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information, including the disclosures (collectively the "financial statements") as of and for the year ended December 31, 2021. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis
2) Schedule of Funding Progress and Employer's Contributions

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

1) Combining and Individual Fund Financial Statements and Schedules
2) Summary Financial Report - Revenues and Expenditures for General Operations - Governmental Funds

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information.

1) Introductory Section

Edina Office
5201 Eden Avenue, Ste 250
Edina, MN 55436
P 952.835.9090
F 952.835.3261

Mankato Office
100 Warren Street, Ste 600
Mankato, MN 56001
P 507.625.2727
F 507.388.9139

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion about whether your financial statements are fairly presented in all material respects, in conformity with accounting principles generally accepted in the United States of America (and to report on the fairness of supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole). Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives also include reporting on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of your accounting records and other procedures we consider necessary to enable us to express such an opinion. As part of the audit in accordance with GAAS and *Government Auditing* Standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements and not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of certain assets, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We have identified the following significant risk(s) of material misstatement as part of our audit planning, however, it should be noted that our planning procedures are not concluded and therefore additions or modifications may be made to the below significant risks:

- Management Override of Controls
- Improper Revenue Recognition

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Audit Procedures - Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures - Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will prepare a general ledger trial balance for use during the audit. Our preparation of the trial balance will be limited to formatting information in the general ledger into a working trial balance. As part of the audit, we will assist with preparation of your financial statements and related notes. You will be required to acknowledge in the written representation letter our assistance with preparation of the financial statements and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. We will also use the financial statements to complete the Office of the State Auditors' Reporting Forms. We will also enter the current year capital asset transactions into our software based on information you provide.We will also assist with entries to convert from the modified accrual basis of accounting to the full accrual basis of accounting for long-term assets, long-term liabilities, and related deferred inflows of resources, deferred outflows of resources, revenues and expenses from information provided by management. We will also assist with year end accrual entries from information provided by management. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

You are also responsible for making drafts of financial statements, all financial records and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related party relationships and transactions (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by GAAS and *Government Auditing Standards*.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the City received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements that we report.

With regard to including the auditor's report in an exempt offering document, you agree that the aforementioned auditor's report, or reference to Abdo, will not be included in any such offering document without our prior permission or consent. Any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

With regard to publishing the financial statements on your website, management understands that websites are a means of distributing information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information on the website with the original document.

You are responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. You are also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide referenced in the Other Services paragraph above. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the results of the services, the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, and other confirmations we request and will locate any documents selected by us for testing.

We will provide electronic copies of our reports to the City; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Abdo and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to any Regulator or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Abdo personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by the Regulator. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit in February, 2022, and to issue our reports no later than June 30, 2022. Steven R. McDonald, CPA is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fee for these services will be as follows:

Audit	$	28,000
2021 Office of the State Auditor's Reporting Form		800
2021 TIF Reporting Forms		1,575
GASB 75 Implementation		1,000
Total	$	31,375
American Rescue Plan Act Compliance Testing *(if applicable)*	$	1,000

In an effort to reduce environmental impact, you will receive printable, downloadable PDFs of your report. To receive one (1) paper report, you will be charged $150 for a set-up fee. Additional paper copies will be charged at the rate of $50 per report.

You may also be billed for travel and other out-of-pocket costs such as report production, typing, postage, etc. if not included in the fee listed above. The fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss it with you and arrive at a new fee before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. Amounts not paid within 30 days from the invoice date will be subject to a late payment charge of .66 percent per month (8 percent per year). If for any reason the account is turned over to collections, additional fees will be added to cover collections cost. In accordance with our Firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

Except in the event of your failure to make a payment when due, in the event of a dispute related in any way to our services, our Firm and you agree to discuss the dispute and, if necessary, to promptly mediate in a good faith effort to resolve. We will agree on a mediator, but if we cannot, either of us may apply to a court having personal jurisdiction over the parties for appointment of a mediator. We will share the mediator's fees and expenses equally, but otherwise will bear our own attorneys' fees and mediation cost. Participation in such mediation shall be a condition to either of us initiating litigation. In order to allow time for the mediation, any applicable statute of limitations shall be tolled for a period not to exceed 120 days from the date either of us first requests in writing to mediate the dispute. The mediation shall be confidential in all respects, as allowed or required by law, except our final settlement positions at mediation shall be admissible in litigation solely to determine the prevailing party's identify for purposes of the award of attorneys' fees. In the event you fail to make a payment for services or to reimburse for costs advanced by the Firm on your behalf, the Firm reserves the right to take all legally permissible action, including commencement of litigation in lieu of mediation, and shall have the right to collect its costs, including reasonable attorney's fees, incurred in any such collection or litigation activities.

Should the City of Isanti desire to employ the Firm's partner(s) or employee(s) involved in the performance of any audit, review or attest service for or relating to the City at any time during the then current fiscal year of the City up to and including the date of the audit report for that year, or in the twelve months preceding the audit report date for the immediately preceding year, it must have the written consent of the Firm to enter into an employment contract with the Firm partner or employee. Should the Firm agree to such arrangement, the agreement will include a payment equal to 200% of the partner or employee's current annual salary.

Professional and certain regulatory standards require us to be independent, in both fact and appearance, with respect to the City in the performance of our services. The City shall not, during the term of this agreement and for the twelve months following its termination for any reason, without the prior written consent of the Firm, solicit for employment, or hire any current or former partner or professional employee of the Firm, or any affiliate thereof, if such partner or professional employee has been involved in the performance of any audit, review, or attest service for or relating to the City at any time during the then current fiscal year of the City up to and including the date of the audit report for that year, or in the twelve months preceding the audit report date for the immediately preceding year.

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, we cannot guarantee or warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with the performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

We have the right to withdraw from this engagement, at our discretion, if you do not provide us with any information we request in a timely manner; refuse to cooperate with our reasonable requests or misrepresent any facts; we have reason to believe you may have engaged, or may be planning to engage, in conduct that is unethical and/or unlawful; you engage in conduct directed toward or affecting firm personnel that is disrespectful, inappropriate, and/or potentially unlawful; or we determine that continuing the engagement is not in the best interests of the firm or threatens legal or reputational harm to the firm. In the event of withdrawal under any of these circumstances, such withdrawal will release us from any obligation to complete your report and will constitute completion of our engagement.

Reporting

We will issue written reports upon completion of our audit. Our reports will be addressed to the Management, Honorable Mayor and City Council of the City. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reasons, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or issue reports, or we may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the City is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2020 Peer Review Report accompanies this letter.

We appreciate the opportunity to be of service to the City and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please electronically sign this letter.

Sincerely,

Abdo

Abdo

RESPONSE:

This letter correctly sets forth the understanding of the **City of Isanti.**

REPORT ON THE FIRM'S SYSTEM OF QUALITY CONTROL

November 10, 2020

To the Partners of
Abdo, Eick and Meyers, LLP
and the Peer Review Committee of the Nevada Society
of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Abdo, Eick and Meyers, LLP (the firm) in effect for the year ended May 31, 2020. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act; audits of employee benefit plans, and an audit performed under FDICIA.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Abdo, Eick and Meyers, LLP in effect for the year ended May 31, 2020, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Abdo, Eick and Meyers, LLP has received a peer review rating of *pass*.

RESOLUTION 2022-XXX

APPROVING THE SIDEWALK EASEMENT AGREEMENT WITH THE VILLAGES ON THE RUM ASSOCIATION

WHEREAS, there was no easement over the sidewalk on the west side of Whiskey Road in the Villages on the Rum Association to allow for snow removal; and,

WHEREAS, the sidewalk is heavily used by kids to and from school; and,

WHEREAS, the Sidewalk Easement Agreement is for snow removal purposes only per the Snow Plowing Policy; and,

WHEREAS, the easement is for the sidewalk from Isanti Parkway extending south to the bike path along the west side of Whiskey Road; and

WHEREAS, there would be no term to the agreement and can be terminated by either party with thirty (30) days written notice: and,

WHEREAS, to allow the City Administrator the authority to sign such agreement;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to approve a Sidewalk Easement Agreement with the Villages on the Rum Association for snow removal purposes per the Snow Plowing Policy.

This resolution was duly adopted by the Isanti City Council this 18th day of January 2022

_____
Mayor Jeff Johnson

City Clerk

SIDEWALK EASEMENT AGREEMENT

This Sidewalk Easement Agreement (the "Agreement") is made this 20th day of December, 2021 (the "Effective Date"), by Villages on the Rum I Owners' Association, a Minnesota non-profit corporation ("Villages I"), Villages on the Rum IV Owners' Association, a Minnesota non-profit corporation ("Villages IV"), and the City of Isanti, a Minnesota municipality organized under the laws of the State of Minnesota ("Isanti") (collectively the "Parties").

WHEREAS, Villages I is subject to a certain Declaration of Common Interest Community Number 5, a Planned Community, Villages on the Rum I dated October 14, 2002 and filed in the Anoka County Recorder's office as Document Number 305236, as the same has been amended from time to time (the "Villages I Declaration"); and

WHEREAS, Villages IV is subject to a certain Declaration of Common Interest Community Number 5, a Planned Community, Villages on the Rum dated August 11, 2004 and filed in the Anoka County Recorder's office as Document Number 339672, as the same has been amended from time to time (the "Villages IV Declaration"); and

WHEREAS, under the Villages I Declaration and Villages IV Declaration, Villages I and Villages IV are responsible for the maintenance of the real property located in Isanti County with the legal description of Lot 41, Block 4, Villages on the Rum, Isanti County, Minnesota (the "Northern Parcel"); and

WHEREAS, under the Villages I Declaration, Villages I is responsible for the maintenance of the real property located in Isanti County with the legal description of Lot 99, Block 3, Villages on the Rum, Isanti County, Minnesota (the "Southern Parcel"); and

WHEREAS, the there is a sidewalk that runs north and south along the eastern most section of the Northern Parcel and the Southern Parcel, parallel to Whiskey Road as shown in Exhibit A attached hereto (the "Sidewalk"); and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Grant of Maintenance Easement. Villages I and Village IV, on behalf of themselves and their respective successors and assigns, hereby grant Isanti an easement over the Sidewalk for the exclusive purpose of snow removal pursuant to the Isanti Snow Plow Policy.

A. Any snow removal on the Sidewalk outside of that provided by Isanti and its Snow Plow Policy shall remain the responsibility of Villages I and Villages IV pursuant to City Code 284-14 Snow Removal.

2. Effective Date. The Parties agree that the terms and conditions of this Agreement, and the Easements granted hereunder, shall apply to all Maintenance of the Sidewalk occurring after the Effective Date.

3. Damage to the Northern or Southern Parcel. Isanti agrees that it will not intentionally damage or modify any portion of either the Northern Parcel or Southern Parcel, other than its obligations to maintain the Sidewalk herein. If Isanti does damage any portion of the Northern Parcel or Southern Parcel it will follow City Code and the Snow plowing Policy in making the necessary repairs.

4. Voluntary and Knowing Action. The Parties, by executing this Agreement, state that they have carefully read this Agreement and understand fully the contents thereof; that

in executing they agree to the terms described in this Agreement, without duress, coercion, undue influence or otherwise, and that they intend to be legally bound thereby.

7. Remedies and Enforcement. Each non-defaulting party shall have the right to prosecute any proceedings at law or in equity against any defaulting party violating or attempting to violate or defaulting upon any of the provisions contained in this Agreement, and to recover damages for any such violation or default. Such proceeding shall include the right to restrain by injunction any violation or threatened violation by another of any of the terms, covenants, or conditions of this Agreement, or to obtain a decree to compel performance of any such terms, covenants, or conditions, it being agreed that the remedy at law for a breach of any such term, covenant, or condition (except those, if any, requiring the payment of a liquidated sum) is not adequate. All of the remedies permitted or available to a party under this Agreement or at law or in equity shall be cumulative and not alternative, and invocation of any such right or remedy shall not constitute a waiver or election of remedies with respect to any other permitted or available right or remedy.

8. Entire Agreement. The Parties acknowledge and represent that no promise or representation not contained in this Agreement has been made to them and acknowledge and represent that this Agreement contains the entire understanding between the Parties and contains all terms and conditions pertaining to the Maintenance of the Sidewalk. Any modification or addition to this Agreement must be in writing and signed by all Parties.

9. Construction. This Agreement shall not be construed or interpreted for or against any Party hereto because that Party drafted or caused the Party's legal representative to draft any of its provisions. The Parties agree that this Agreement shall be interpreted as a whole in accordance with the laws of the State of Minnesota.

10. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which shall constitute one and the same instrument. For purposes of this Agreement, the use of a facsimile, e-mail, or other electronic medium shall have the same force and effect as an original signature.

11. Severability. If any provision of this Agreement or application thereof is held invalid, the invalidity shall not affect other provisions or applications of this Agreement which can be given effect without the invalid provision or application. To this end, the provisions of this Agreement are severable.

12. Term. The Sidewalk Easement Agreement shall begin from the date written above and continue until either party gives to the other written notice of not less than thirty (30) days, said notice stating that this Agreement shall be terminated and the effective date of termination.

IN WITNESS WHEREOF, the Parties have executed this Sidewalk Easement Agreement, effective as of the date first written above.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: January 18, 2022
Subject: Conflict of Interest Policy Annual Review

Background:
The Conflict of Interest Policy is reviewed annually and all members of the City Council and Board Members are required to fill out the Conflict of Interest Disclosure Form provided by the City Clerk.

Request:
Staff is requesting City Council review this policy and then fill out the Conflict of Interest form.

Attachments:
- Conflict of Interest Policy

18.01 CONFLICT OF INTEREST POLICY

Purpose

The City Council of the City of Isanti confirms its determination that ethical standards by the employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition

Public Officials will be defined as follows:

- All employees of the City of Isanti
- Police Reserves

Standards of Conduct

1. Public Officials:
    a) Must not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;
    b) Must not engage in, solicit, negotiate for, or promise to accept private employment nor will they render services for private interests or conduct a private business when such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;
    c) Must not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials must disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;
    d) Must not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;
    e) Must not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office. The following types of gifts are permitted under exceptions to the law:
        1. Lawful campaign contributions.
        2. Services to assist an official in the performance of official duties.
        3. Services of insignificant monetary value.
        4. A plaque or similar item.
        5. A trinket or item of insignificant monetary value.
        6. Informational material of unexceptional value.
        7. Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).
        8. Gifts given because of the recipient's membership in a group.
        9. Gifts between family members.
    f) Must not participate in drawings or raffles at events, conferences, or seminars while attending as a City employee where financial participation is required.

g) Must not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business with the City will make known that interest in writing as provided in the disclosure section of this Policy.
3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), will enter into any contract with the City unless otherwise authorized by law.
4. Public Officials must disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.
5. Public Officials will not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.
6. A Public Official will not hold two positions if the positions' functions are incompatible with one another.

Disclosures

Public Officials, elected or appointed, must, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Clerk. All subsequent applicants for appointment on Boards and Commissions will file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official will file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead will be excluded from the above disclosure. Each Public Official must disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form

The disclosure information required by this Policy will be set forth on a form made available by the City Clerk or designee.

Discipline

Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council will refer the matter to the City Attorney for investigation and the City Attorney will report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report will be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request will be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member will not participate in the Council's deliberations or vote on the issue.

Violations

Any Public Official who violates the Conflict-of-Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

MEMORANDUM

Date: January 12, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.126218

Please find listed below a status report of the current projects in the City of Isanti:

1) **2022 Pavement Management Project**
We will produce plans & specifications in the coming month.

2) **Brookview South 1-4 Addition Rehabilitation**
We will complete the Preliminary Engineering Report this month.

3) **Heritage Blvd & 8th Avenue Pedestrian Crossing**
We have submitted the concept layout and cost estimate to the County Engineer for review.

4) **Legacy Pines 3rd Addition**
The final pavement lift on Eagle Street is scheduled to be completed next spring.

5) **Fairway Greens North Development**
The First Addition Phase 1 was completed this fall & building permits are being pulled. The remainder of the 1st Addition as well as the 2nd Addition are anticipated to be completed in 2022.

6) **Fairway Greens South Development**
The owner has requested to extend the recording of the plat up to 1 year.

7) **MS4 Implementation**
We will continue to assist the City as requested to meet MS4 requirements.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: January 24, 2022
Subject: Review Purpose of Goal Setting Session

Purpose:
It has been the City Council's practice to conduct an annual goal setting work session that allows leaders to come together to assess the City's current initiatives and practices, the future state of our City, establish goals balancing workload and demand with available resources, and action to obtain desired outcomes. The planning process includes discussion on development for where we are at and where we are going followed by discussions for implementation of how we will get there and how staff can achieve the goals Council sets.

The purpose of our goal setting session today is to develop consensus to determine top priorities for 2022, provide direction on the 2022-23 budget principles, and develop a work plan which provides direction to staff for a period of 12 months and beyond. To assist with the prioritization of 2022 projects, staff has assembled several attachments for City Council's review. Attachments for goal setting items reflect the best information available to staff and does not reflect any assumptions regarding the Council's priorities.

Annually, the City Council adopts a comprehensive budget to provide for regular on-going operations, investment in the City's capital assets and infrastructure, and funding for new projects or services prioritized by the City Council. Major capital improvement plan (CIP) projects are outlined in item G.

After review of the items for discussion, including any new items brought to the meeting, Council will be asked to determine top priorities and objectives.

Mission:

To provide a safe healthy vibrant community and manage our resources to enhance the quality of life. We are dedicated to cost-effective governance, professional management and excellent public services.

Vision:

To support and engage the community through leadership, professionalism and integrity to ensure Isanti continues to be a community for generations.

Core Values:

+ **Leadership:** To encourage innovation, creativity, and initiative.
+ **Service:** To be fair, friendly, helpful and customer-service oriented.
+ **Ethics and Integrity:** To be truthful, accountable, responsible, professional, and with good moral standards.
+ **Collaboration:** To recognize that our people are our most valuable resource.
+ **Community:** To respect and promote our community and share opportunities to succeed.
+ **Stewardship:** To consider the long-term consequences of actions, protect our assets, and invest in the future.

- Create Joint Planning Advisory Board with City of Cambridge and Isanti Township - Comprehensive Planning
- Work on Sidewalk Infill on CSAH 23 and Heritage Boulevard
- Continue Marketing Plan and Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City and Development Standards

2014

- Police Chief Search - Internal Posting Process
- Change Sidewalk Snow Removal Policy
    - Formal Policy Change for Council Consideration
    - Purchase of new equipment
    - Hiring of one new full-time maintenance technician
    - Discontinue charging citizens for un-cleared sidewalks
- Create Joint Planning Meetings with Cambridge and Isanti Township - Compatible Land Usage/ Common Control Boundaries
- County Road 5 (Heritage Blvd) Traffic Study - Traffic Control/ Improvement
- Street Light Infill - Phased Plan for Budget Consideration
- Community Center Improvements / Parking Lot Improvements
    - Tie in Downtown Accessibly to City Hall/ Community Center through Downtown Parking Improvements, Access East of City Hall
    - Community Center Improvements
- Complete Implementation of City Website Improvements
- Continue Economic Development Efforts to Diversify and Increase the Tax Base
- Maintain City Standards

2013

- Community Center
- Finalize Process
- Need to Make it Financially Viable
- HRA Option - Evaluate
- CSAH 5 Aesthetic Standards / Traffic Flow Evaluation
- City Website Update
- Maintain City Standards
- Utility Billing – Pursue In House Billing
- Continue Economic Development Efforts to Diversify and Increase the Tax Base.

2012

- Community Center Review
- Capital Replacement Fund – Municipal Building Reserve
- Review and Recommendation regarding Utility Billing
- Review CSAH 5 Traffic and Congestion Issues
- Main Street Traffic Issues
- Continue Economic Development Efforts to Diversify and Increase the Tax Base.

2011

- Restructure City Government

2010

- Economic Development Comprehensive Plan
- Downtown Plan
- Consideration of EDA to an HRA
- Continue work on Rail Industrial Park
- Budgeting without LGA
- Establishing a list of cuts and prioritize budget items

- Determine the percentage of general funds to reserve
- Restructuring bonded debt

2009
- Complete Long-Term Financial Plan
- Commercial Tax Base
- Disaster Plan
- New Personnel Policy
- City Multi Modal Transportation Plan

2008
- Water Treatment Plant
- Long Term Financial Plan
- Marketing Plan, Strategic Downtown Plan, and Commercial Base

2007
- Increase Commercial Base
- Develop a Marketing Plan for the City
- Public Safety
- Develop a Strategic Downtown Plan
- Stabilize and/or reduce taxes
- Long term financial planning
- Transportation Needs
- Better Communications
- Council By-Laws
- Controls on Spending
- Collecting Dollars due City for Services Rendered
- Enhanced Housing Stock Planning
- Water Treatment Plant
- Annexation Policy
- Review of Service Providers
- Planning Commission / Advisory Boards
- Liquor Store Project
- Discussion of Future Annexations
- Healthier City
- Recreation Opportunities
- Codification
- Phase III Street / Utility Improvements
- Comprehensive Economic Plan
- Intergovernmental Communications
- Viable Comprehensive Plan

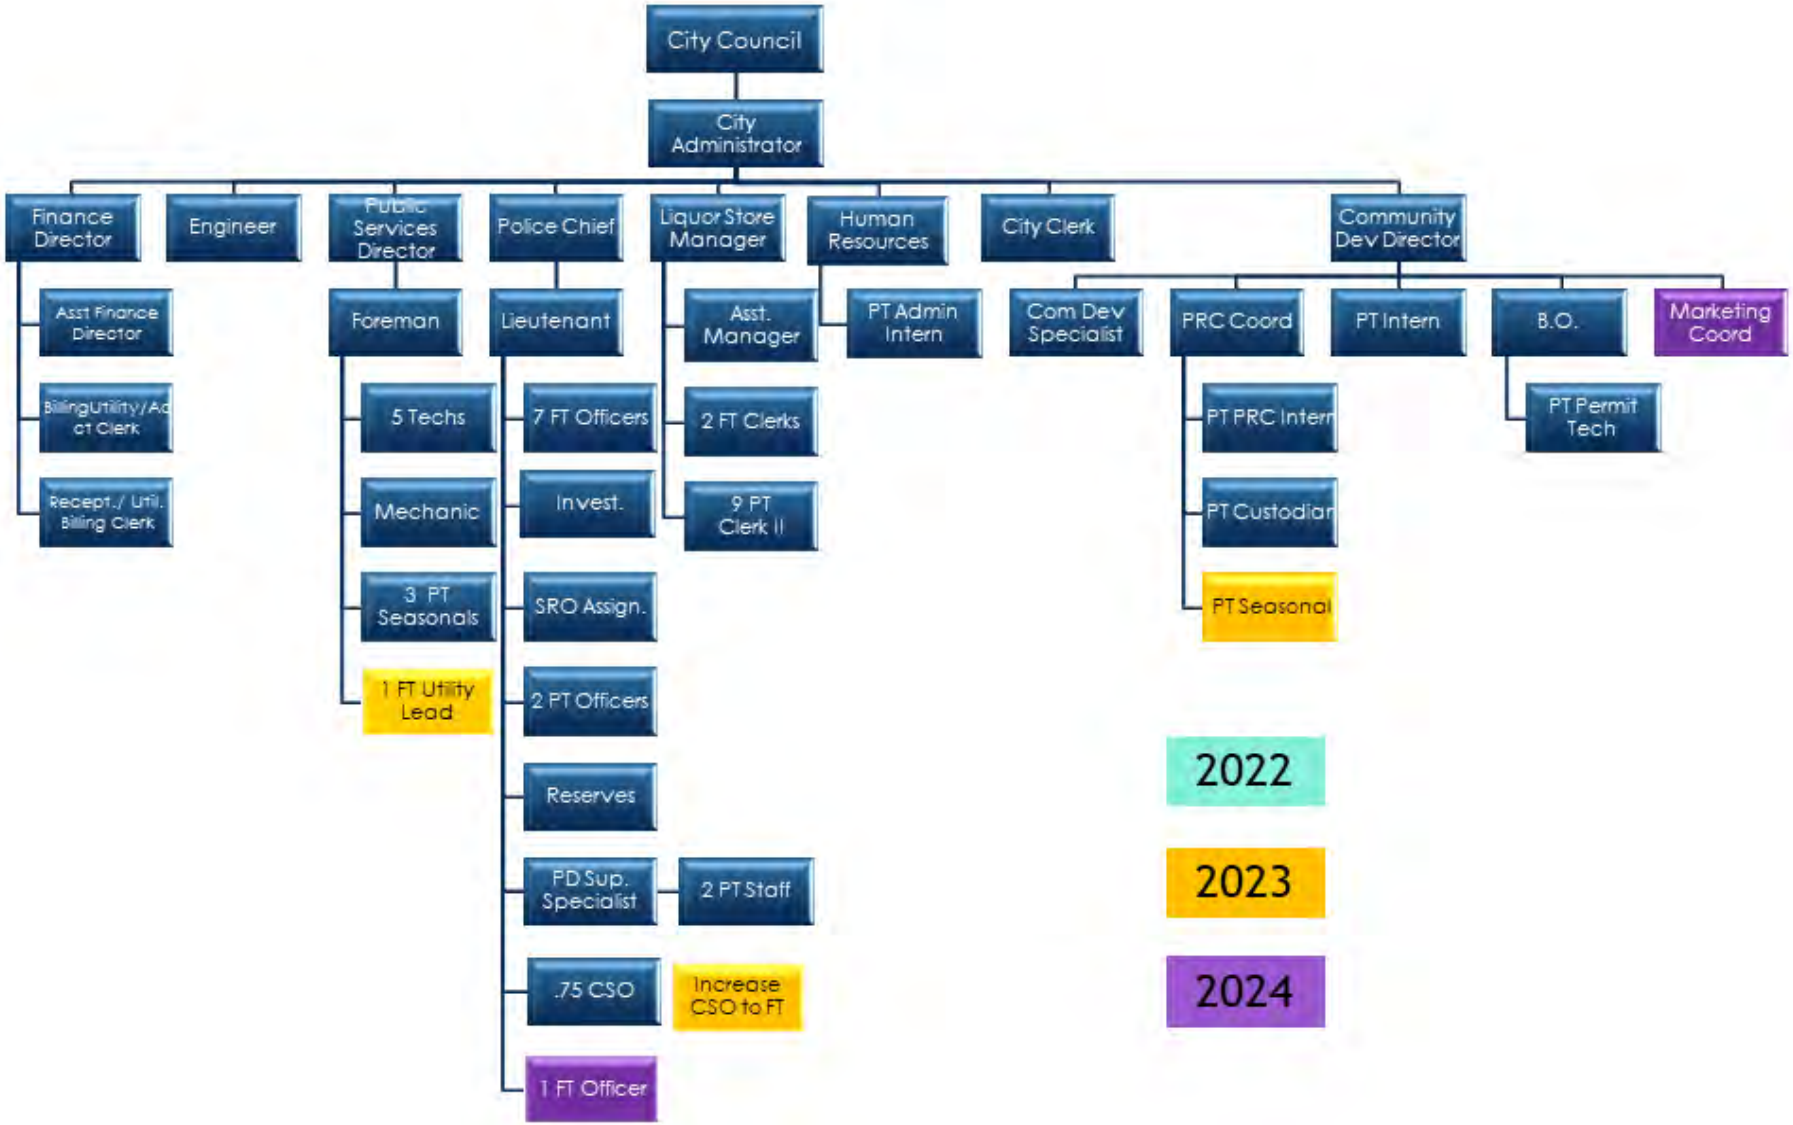
2006
- No Record of Goal Session

2005
- Performance Review on all Boards
- Training
- Comprehensive Plan- Participation by all Boards
- Submission of Agenda Items for Boards

Current and Proposed Staffing Plan

Currently the City employs 34 FT personnel, 17 PT personnel, 5 PT seasonal/intern personnel, and the use of contracted services.

I.



J.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: January 24, 2022
Subject: 2022 Goal Setting Discussion Item Supporting Documentation

---

The following list are discussion topics provided to the City Administrator prior to the printing of this meeting agenda packet. Supplementary information meant to aid in the discussion has been provided where able. More information may be shared at the meeting.

1. **Dynamic Sign**

2. **Employee Retention**

3. **Whiskey Sidewalk Infill**
   There is a missing section of sidewalk stretching across 5 parcels along the East side of Whiskey that prohibits continuation between South Passage and Heritage Blvd. Previous discussion has been limited by the owners of the properties not wanting to allow an easement through their property.

4. **Council Chamber Modifications for Safety**

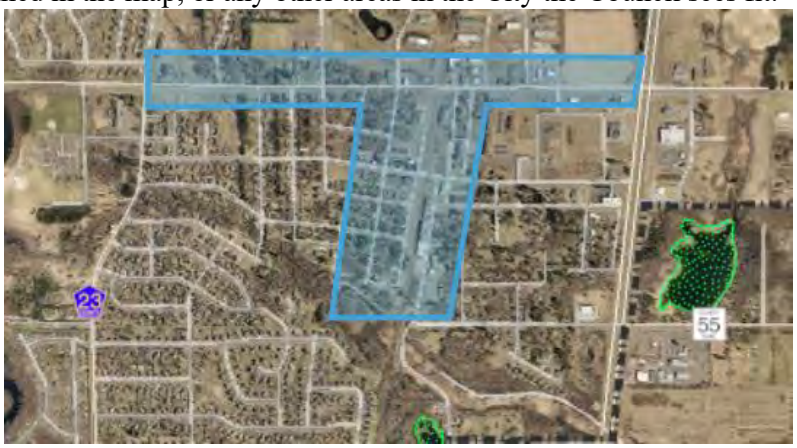
5. **Growing Industrial Development**
   The City currently has approximately 6.22 acres remaining of shovel ready sites for industrial development in Centennial Complex, with strong interest in the remaining industrial sites. The City owns 66 acres to the north of the Wastewater Treatment Plant, identified in the Future Land Use Plan and zoned for industrial use. The City also owns 4 acres to the east of the UPS facility, with limited road access.

   With the goal of increasing the tax base by encouraging industrial and commercial growth in the city to further reduce the tax rate, is purchasing additional land something the Council would consider? Does the Council want to consider bringing utilities to the 66 acres?

6. **Establishing a Redevelopment District**

The City of Isanti has a historic downtown and large commercial district that has areas that have the potential to be redeveloped with the help of State and Federal funds to create grant or loan funds for local businesses. Funds can also be used to help the City to improve the streetscape and define the sense of place many residents and businesses are looking for in small towns. Through the powers of the EDA the City has the ability to not only loan funds, but also grant funds to local businesses for revitalization of their storefronts, blighted site, and improve hazardous or declining conditions of structurally important elements of properties, or transition properties to commercial along the corridor.

Looking into the future, staff would like direction on the interest of the Council to research funding opportunities to create a redevelopment district in the commercial corridor to include the area outlined in the map, or any other areas in the City the Council sees fit.



7. **Age-Friendly City Designation**

Since the State's declaration to be an age-friendly state in 2019, there are funding opportunities that will align with the Eight Domains of Livability – outdoor spaces and buildings; transportation; housing; social participation; respect and social inclusion; work and civic engagement; communication and information; community and health services. Being designated as an Age-Friendly City would distinguish the City of Isanti as leading the way. Currently, only 13 cities in MN have joined the Age-Friendly network of livable communities, but the number is growing.

Becoming an Age-Friendly City could impact funding from many state departments in the future. Correspondingly, AARP has grant opportunities for up to $25,000 per community annually for projects identified as making a significant impact through the Age-Friendly process, funding includes park projects, street improvements and recreation opportunities.

8. **Future Bluebird Park Amenities**

The Council has shared a desire to create Bluebird Park into a central large-scale park with many amenities and opportunities for residents and the community at large to enjoy. The City has added a sledding hill, amphitheater and soon to come archery range and possible splash pad. Staff would like to discuss other amenities the Council would like to see added within the next 10 years or even beyond. Some ideas include:

- Inclusive play - Building an inclusive park area suitable for all ages and abilities. There are estimated to be 6 inclusive parks in the State of Minnesota, all located in the Twin Cities loop. There is opportunity to create a destination inclusive park that serves this region and obtain shared funding from grant sources. The request for more accessible (ADA) equipment has been requested from staff.

- Expanding the skate park - Consideration of long-term plans to increase size and expand offerings for younger ages for increased safety and equity in usage. This is a request we hear from parents and children often.
- Adding exercise equipment
- Other amenities?

9. Increasing Social Media Presence

The City currently has YouTube for Council/COW meetings and Facebook to share information regarding City happenings with the general public, residents and community at large. Currently, the Facebook account is managed by the Parks, Recreation and Events Coordinator. After discussing future marketing of the economic development activities for the City through the Facebook page, it was also discussed to possibly begin using LinkedIn as a way to promote the City of Isanti on a professional platform to target businesses and professionals. LinkedIn posts would be created to encourage local businesses to see what is happening in Isanti as well as what kind of business support is available to them. The platform would also allow the City to market to more businesses outside of Isanti, highlighting how Isanti could be the right community for them. Staff responsible for posting and managing the LinkedIn acct would be the Community Development Director, Community Development Specialist, and Economic Development Intern. Staff would post approximately once per week as time permits.

10. Reorganization of Planning Commission Board

In 2016, the advisory Planning Commission Board organization in Chapter 8-6 was amended to reduce the members of the Board from 7 to 5 of which 2 were Councilmembers. In 2017, it was amended to once again have a total of 7 members of the Board however all 5 Council members would be appointed. The role of the PC Board is to review planning and zoning related requests and to advise the Council whether or not the request being made is adhearing to the Council approved Zoning Ordinances. They are a recommendation board only. Staff would like to have a discussion if the Council would like to see the recommendation Boards be made up of a majority of members at large versus of Councilmembers. If the Council desired to open the seats up to members of the public, it would need to do so over a staggered timeframe to allow for new members to apply, be appointed and have varying terms.

SECTION 1. INTRODUCTION

1.01 Purpose

The purpose of these policies is to establish a uniform and equitable system of personnel administration for employees of the City of Isanti. They should not be construed as contract terms for any City employees. Nothing in this Personnel Policy, or in any other City policies which may be communicated to the employee, constitutes a contract or employment for any City employee. Contracts, collective bargaining agreements (CBA) or individual employment contracts will supersede this Personnel Policy. This Personnel Policy is not intended to cover every situation that might arise and can be amended at any time at the sole discretion of the City. As an employee, you are responsible for complying with current City policy at all times. The policies are not intended to cover every situation that might arise. This Personnel Policy replaces, revokes, and supersedes any previous Personnel Policies, interpretations, and practices. This Personnel Policy is only valid until amended or replaced by the City Council. The City reserves the rights to modify, revoke, suspend, or change the language of this Personnel Policy, in whole or in part, at any time, with or without notice, at the City Council's sole discretion. Departments may establish more policies as deemed appropriate, subject to the approval of the City Administrator.

1.02 Acknowledgement

All employees of the City of Isanti will sign and acknowledge that they have read and understood this Personnel Policy. The City will furnish all employees with a copy of revisions or changes in this policy as they occur. It is the employee's responsibility to sign and acknowledge that they have read and understand these revisions and changes.

Except as provided by a collective bargaining agreement or otherwise prohibited by law, all employment with the City of Isanti is "at-will" employment. The City of Isanti has the right to terminate any employee at any time for any or no reason. Employees may similarly terminate employment at any time for any reason.

1.03 Scope

These policies apply to all employees of the City. Except where specifically noted, these policies do not apply to:

1. Elected Officials
2. City Attorney
3. City Engineer
4. Members of City Boards, Commissions and Committees
5. Consultants and Contractors
6. Volunteers

If any specific provisions of this Personnel Policy conflicts with any current union agreement, the union agreement will prevail. Union employees are encouraged to consult their collective bargaining agreement first for information about their employment conditions. Any policy or portion thereof that does not conflict with a labor agreement will remain in full force and effect and will continue to govern the actions of all covered employees. Nothing in these policies is intended to modify or supersede any applicable provision of state or federal law.

Departments may have special work rules or establish specific policies deemed necessary by the Department Head and approved by the City Administrator for the achievement of objectives of that department. Each employee will be given a copy of such work rules or policies by the department upon hiring and such rules will be further explained and enforcement discussed with the employee by the immediate supervisor.

1.04 EEO Policy Statement

The City of Isanti is committed to providing equal opportunity in all areas of employment, including but not limited to hiring, demotion, promotion, transfer, recruitment, selection, lay-off, disciplinary action, termination, compensation, and selection for training. The City of Isanti will not discriminate against any employee or job applicant on the basis of race, color, creed, religion, national origin, ancestry, sex, sexual orientation, disability, age, marital status, genetic information, status with regard to public assistance, veteran status, familial status, or membership on a local human rights commission or lawful participation in the Minnesota Medical Cannabis Patient Registry.

1.05 Data Practices Advisory

In accordance with the Minnesota Government Data Practices Act, the City is required to inform employees of their rights as they pertain to any private information that the City collects from them. During the course of City employment, an employee will likely be asked to provide information which is classified by state law as either private or confidential. Private data is information which generally cannot be given to the public but can be given to the subject of the data. Confidential data is information which generally cannot be given to either the public or the subject of the data. Much of the data the City has about individual employees, however, is classified as public according to Minnesota Statutes, section 13.43, subdivisions 2 and 3. All public data is available for inspection and copying by members of the public, with or without the employee's consent.

Information about employees requested by the City may be used for the following purposes: (1) to process payroll, including accounting for wages and fringe benefits and to justify any reimbursed expenses; (2) enroll in benefit programs and pension plans; (3) evaluate the employee's job performance, eligibility and abilities; (4) distinguish the employee from other applicants and employees and identify the employee in the correct personnel file; (5) determine the employee's eligibility for employment or promotion, and make employment decisions about the employee's performance; (6) contact the employee or other significant persons in case of an emergency; (7) compile equal opportunity and any affirmative action reports required by applicable law; (8) make decisions regarding the employee's eligibility for sick leave, family and medical leave, parenting leave, and other available leave; (9) make decisions regarding the employee's eligibility for workplace accommodations, including accommodations for disabilities; (10) comply with workers compensation requirements in the event of an injury; and (11) provide information during workplace investigations. Such information may also be used and disclosed for other purposes consistent with applicable law. The information provided by the employee may be used in performance evaluations, determinations regarding merit pay, applications for different employment positions, and other matters which involve a review of the employee's personnel file and past performance.

Unless the employee is told otherwise, the employee is required to provide this information. If the employee refuses to supply the information, the employee may face disciplinary action. Any information which the employee is required to provide cannot be used against the employee in a criminal proceeding. Even if the employee is not required to provide information, it is generally to the employee's best interest to provide it. Without the requested information, the City may not be able to determine the employee's eligibility for employment opportunities, compute wages, or grant the employee other benefits. The employee's refusal to provide information during an employment investigation may also necessitate that the investigation be completed without his or her input.

Federal law permits government agencies to require individuals to provide their social security number for the administration of any tax. Please be aware that when an employee is asked to give his or her social security number on revenue forms, this collection is mandated by law. This information will be

shared with the Minnesota Department of Revenue, the Internal Revenue Services, and security tax programs. In most other cases, the disclosure of an employee's social security number is voluntary.

Any information an employee is asked to provide may be shared with individuals within the City whose job duties reasonably require access, as well as individuals outside of the City whose duties require access, such as insurance vendors, consultants, attorneys, and retirement plan employees. Information may also be shared with other agencies authorized by law to receive specific data.

If litigation arises, the information may be provided in documents filed with the court which are available to any member of the public. If it is reasonably necessary to discuss the information at a City Council meeting, it will be available to members of the public. To the extent that some or all of the information is part of the basis for a final decision on disciplinary action, that information is available to any member of the public.

1.06 Media Requests

All city employees have a responsibility to help communicate accurate and timely information to the public in a professional manner. Requests for private data or information outside of the scope of an individual's job duties should be routed to the appropriate Department Head or to the City Administrator.

Any employee who identifies a mistake in reporting should bring the error to the City Administrator or other appropriate staff. Regardless of whether the communication is in the employee's official city role or in a personal capacity, employees must comply with all laws related to trademark, copyright, software use, etc.

Except for routine events and basic information readily available to the public, all requests for interviews or information from the media are to be routed through the City Administrator or the Chief of Police when regarding police matters. No city employee is authorized to speak on behalf of the city without prior authorization from the City Administrator or his/her designee. Media requests include anything intended to be published or viewable to others in some form such as television, radio, newspapers, newsletters, social media postings, and websites. When responding to media requests, employees should follow these steps:

1. If the request is for routine or public information (such as a meeting time or agenda), provide the information and notify the City Administrator or City Clerk of the request.

2. If the request is regarding information about city personnel, potential litigation, controversial issues, an opinion on a city matter, or if an employee is unsure if the request is a "routine" question, forward the request to the City Administrator. An appropriate response would be, "I'm sorry, I don't have the full information regarding that issue. Let me take some basic information and submit your request to the appropriate person, who will get back to you as soon as he/she can." Then ask the media representative's name, questions, deadline, and contact information.

All news releases concerning city personnel will be the responsibility of the City Administrator.

When/if the City Administrator authorizes a staff person to communicate on behalf of the city in interviews, publications, news releases, on social media sites, and related communications, employees must:

- Identify themselves as representing the city. Account names on social media sites must be clearly connected to the city and approved by the City Administrator.
- Be respectful, professional, and truthful when providing information. In most cases, only factual information (not opinions or editorial comments) should be provided: "The city finished street

cleaning on 16 streets in the northwest corner of the city this past week" instead of "The city is doing a great job with street cleaning this year!" Corrections must be issued when needed.

- Generally, not include personal opinions in official city statements. One exception is communications related to promoting a city service. For example, an employee could post the following on the city's Facebook page: "My family visited Hill Park this weekend and really enjoyed the new band shelter." Employees who have been approved to use social media sites on behalf of the city should seek assistance from the City Administrator on this topic.
- Notify the City Administrator if they will be using their personal technology (cell phones, home computer, cameras, etc.) for city business. Employees should be aware that data transmitted or stored may be subject to the Minnesota Government Data Practices Act.

The Mayor is designated as the City Public Information Officer or City PIO during emergency declarations as defined within the City's emergency management plans. Authorized City spokespersons as the Acting City PIO are designated as the City Administrator and City Chief of Police who is also the Emergency Management Director. When information is requested by the City PIO or authorized spokesperson for information, all Department Directors will immediately provide the City PIO or authorized spokesperson with the most accurate and complete information available for the response.

1.07 Personal Communications and Use of Social Media

It is important for city employees to remember that the personal communications of employees may reflect on the city, especially if employees are commenting on city business or commenting on issues that implicate their city employment. As city representatives, employees share in the responsibility of earning and preserving the public's trust in the city. An employee's own personal communications, such as on social media, can have a significant impact on the public's belief that all city staff will carry out city functions faithfully and impartially and without regard to factors such as race, sex/gender, religion, national origin, disability, sexual orientation, or other protected categories. Nonpersonal communications (performed within one's job duties) to members of the public must be professional at all times. The following guidelines apply to personal communications, including various forms such as social media (Facebook, Twitter, blogs, YouTube, etc.), letters to the editor of newspapers, and personal endorsements:

- Do not share any private or confidential information you have access to as a result of your city position.
- Any personal communications made on a matter of public concern must not disrupt the efficiency of the city's operation, including by negatively affecting morale. Put another way, such public comments must not undermine any city department's ability to effectively serve the public. Disruptive personal communications can include liking or republishing (sharing/retweeting) a social media post of another individual or entity. The City can act on the personal communication that violates this policy without waiting for the actual disruption.
- Remember what you write or post cannot easily be undone. It may also be spread to larger audience than you intended. Use common sense when using email or social media sites. It is a good idea to refrain from sending or posting information or photos you would not want your boss or other employees to read, or you would be embarrassed to see in the newspaper. Keep in mind harassment, bullying, threats of violence, discrimination, or retaliation concerning a co-worker or between co-workers that would not be permissible in the workplace is not permissible online, even if it is done after hours, from home and on home computers.
- The City of expects its employees to be fair, courteous, and respectful to supervisors, co-workers, citizens, customers, and other persons associated with the city. Avoid using statements, photographs, video or audio that reasonably may be viewed as malicious, obscene, threatening or intimidating, disparaging, or might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of sex, race, national origin, age,

color, creed, religion, disability, marital status, familial status, veteran status, sexual orientation, gender identity, or gender expression, status with regard to public assistance or membership or activity in a local human rights commission.

- If you publish something related to city business and there is liable to be confusion whether you are speaking on behalf of the city, it would be best to identify yourself and use a disclaimer such as, "These are my own opinions and do not represent those of the city of Isanti."
- City resources, working time, or official city positions cannot be used for personal profit or business interests, or to participate in personal political activity. Some examples: a building inspector could not use the city's logo, email, or working time to promote his/her side business as a plumber; a parks employee should not access a park after hours even though he or she may have a key; a clerk, while working at City Hall, should not campaign for a friend who is running for City Council.
- Personal social media account name or email names should not be tied to the city (e.g., Isanti Cop).
- Also see City Social Media policy (APPENDIX).

SECTION 2. CITYWIDE WORK RULES & CODE OF CONDUCT

2.01 Ethics and Conduct as a City Employee

Upon accepting City employment, employees become representatives of the City and are responsible for assisting and serving the citizens for whom they work. An employee's primary responsibility is to serve the residents of the City of Isanti. Employees should exhibit conduct that is ethical, professional, responsive, and of high standard. To achieve this goal, employees must adhere to established policies, rules, and procedures and follow the instructions of their supervisors.

Honesty is an important organizational attribute to our City. Therefore, any intentional misrepresentation of facts or falsification of records, including personnel records, medical records, leaves of absence documentation or the like, will not be tolerated. Further, dishonesty in city positions may preclude workers from effectively performing their essential job duties. Any violations will result in corrective action, up to and including termination

The following are job requirements for every position at the City of Isanti. All employees are expected to:

- Perform assigned duties to the best of their ability at all times.
- Render prompt and courteous service to the public at all times.
- Read, understand and comply with the rules and regulations as set forth in these Personnel Policies as well as those of their departments.
- Conduct themselves with decorum toward both residents and staff and respond to inquiries and information requests with patience and courtesy.
- Report any and all unsafe conditions to the immediate supervisor.
- Maintain good attendance while meeting the goals set by the employee's supervisor.

The City of Isanti conducts its business fairly, impartially, in an ethical and proper manner, and in compliance with all laws and regulations.

The City of Isanti is committed to conducting its governmental business with integrity underlying all relationships, including those with citizens, customers, suppliers and communities, and among employees. The highest standards of ethical business conduct are required of the City of Isanti employees in performance of their responsibilities. Employees will not engage in conduct or activity that may raise questions as to the City's honesty, impartiality or reputation or otherwise cause embarrassment to the

City. Employees will avoid any action, whether or not specifically prohibited in the personnel policies, which might result in or reasonably be expected to create an appearance of:

- Using public office or public position for private gain.
- Giving preferential treatment to any person or entity.
- Losing impartiality.
- Adversely affecting the confidence of the public in the integrity of the City.

2.02 Attendance & Absence

The operations and standards of service in the City of Isanti require that employees be at work unless valid reasons warrant absence. In order for a team to function efficiently and effectively, employees must be on the job. Attendance is an essential function of every City position.

Employees who are going to be absent from work are required to notify their supervisor/ designee as soon as possible in advance of the absence by making said request on the 'Request for Leave' form and submitting the form to the employee's supervisor. In the event of an unexpected absence, employees should contact their supervisor before the scheduled start time and keep in mind the following procedures:

- If the supervisor is not available at the time, the employee should leave a message that includes a telephone number where he/she can be reached and/or contact any other individual who was designated by the supervisor.
- Failure to use established reporting process will be grounds for disciplinary action.
- The employee must call the supervisor on each day of an absence extending beyond one (1) day unless arrangements otherwise have been made with the supervisor.
- Employees who are absent for two (2) days or more and who do not report the absence in accordance with this policy will be considered to have voluntarily resigned not in good standing. The City may waive this rule if extenuating circumstances warrant such behavior.

This policy does not preclude the City from administering discipline for unexcused absences of less than two (2) days.

2.03 Access to and Use of City Property

Any employee who has authorized possession of keys, tools, cell phones, or other City-owned equipment must register his/her name and the serial number (if applicable) or identifying information about the equipment with his/her supervisor and/or Human Resources. All such equipment must be turned in and accounted for by any employee leaving employment with the City in order to separate employment in good standing.

Police Department City-owned property and related equipment registered to employees will be kept on file maintained by the Chief of Police.

Employees are responsible for the safekeeping and care of all such equipment. The duplication of keys owned by the City is prohibited unless authorized by the City Administrator/designee. Any employee found having an unauthorized duplicate key will be subject to disciplinary action.

Use of public resources by City employees for personal gain and/or private use including, but not limited to, outside employment or political campaign purposes, is prohibited and subject to disciplinary action which may include termination and/or criminal prosecution, depending on the circumstances. Incidental and occasional personal use may be permitted with the consent of a supervisor.

2.04 City Driving Policy

This policy applies to all employees who drive a vehicle on City business. Whether driving a City-owned vehicle or their own personal vehicle the employee is responsible for carrying valid insurance. It also applies to employees who drive less frequently, but whose ability to drive is essential to their job due to the emergency nature of the job. The City expects all employees who are required to drive as part of their job to drive safely and legally while on City business and to maintain a good driving record.

Employees who lose their driver's license or receive restrictions on their license are required to notify their immediate supervisor on the first work day after any temporary, pending or permanent action is taken on their license and to keep their supervisor informed of any changes thereafter. Employees who chose to drive their own vehicle for City business will not be reimbursed mileage unless prior approval from City Administrator.

City vehicles are equipped with "hands-free" devices to hold cell phones while driving. There are not exceptions to State Laws while operating city vehicles and employees are expected to uphold the law and the consequences associated with any violations except when permitted by Statute.

No City vehicle will be allowed to be driven home by an employee unless deemed appropriate and approved by an employment contract or by the City Administrator which would occur infrequently and be evaluated on a case-by-case basis.

2.05 Personal Appearance and Dress Policy

Departments may establish dress codes for employees as part of departmental rules. Personal appearance should be appropriate to the nature of the work and contacts with other people and should present a positive image to the public. Clothing, jewelry or other items that could present a safety hazard are not acceptable in the workplace. Please refer to the Personal Appearance and Dress Policy

It is the policy of the City that each employee's dress, grooming, and personal hygiene should be appropriate for the work situation.

The City places a high priority on appearance and dress in the workplace and the image we project to our customers. The dress and appearance of City employees is a direct reflection on the professionalism of our services. City employees meet with the public everyday as part of the regular workday. A neat, well-groomed employee will present a positive image of the City and demonstrate the pride of our City employees.

The City hereby adopts "casual business wear" as the dress standard for office staff for Monday through Thursday and permits employees to "dress down" on Fridays. Listed below is a general overview of acceptable casual business wear as well as listing of some of the more common items that are not appropriate for office attire. Neither group is intended to be all-inclusive.

- Casual business wear options for men include: sport coats/blazers, dress slacks, khakis, dress shirts, sport shirts, knit shirts, vests, sweaters, and dress shoes. Socks are mandatory. Shirttails are to be tucked in at all times.

- Casual business wear options for women include: sport coats/blazers, dress slacks, khakis, dresses, skirts less than 3" above the knee, blouses, sport shirts, knit shirts, vests, sweaters, dress shoes, and dress sandals.

Employees are expected to present a neat appearance and are not permitted to wear clothing overly worn, faded, in disrepair or unkempt clothing, athletic wear, or similarly inappropriate clothing. Additional inappropriate clothing are jeans of any color, overalls, spandex or form-fitting, sweatpants, sweatshirts, jogging/warm-up suits, leisure pants, shorts more than 3" above the knee, tank or halter tops, T-shirts, and shirts with inappropriate slogans, sundresses without jackets, athletic shoes, sneakers, or slippers.

- Friday's dress code permits jeans (with the exception of those with faded, holes, frays, tattered/torn, etc.) and tennis shoes. Approved T-shirts and Sweatshirts (those that do not have inappropriate slogans). All attire must be in good form and appearance.

The City recognizes that special job assignments or special duties of a particular job may require an employee to wear non-business casual clothing. Employees may use discretion when working in conditions during their work day that requires them to wear attire that is appropriate to their work environment.

Uniforms are provided to some City employees. Uniforms bearing City identification should not be worn during off-duty hours. Uniforms must be worn while at work unless an exception is made by the supervisor.

Certain employees may be required to meet special dress, grooming, and hygiene standards, such as wearing uniforms or business attire depending on the nature of their job. Employees who are expected to have contact with customers, prospects, and the public must dress appropriately. Clothes should be clean, pressed, and properly fitting. Hair should be clean, combed and neatly trimmed or arranged. Shaggy, unkempt hair is not permissible. Sideburns, moustaches, and beards should be neatly trimmed. Employees should use perfume or cologne sparingly or not at all, many individuals are sensitive to the various scents.

The City of Isanti reserves the right to ask employees to dress appropriately. If a supervisor has a concern regarding personal appearance, he/she will discuss the concern with the employee. The supervisor should address repeated violations, and may issue a verbal or written warning. Further, a supervisor can ask an employee to leave the workplace without pay until suitably attired.

Employees should be aware that poor hygiene could disrupt the work of other employees. Supervisors will address these problems in private with the employee.

2.06 Conflict of Interest

City employees are to remove themselves from situations in which they would have to take action or make a decision where that action or decision could be a perceived or actual conflict of interest or could result in a personal benefit to themselves or a family member. If an employee has any question about whether such a conflict exists, the employee should consult with the City Administrator.

The Council members, board members and all employees are required to disclose any conflict of interest by completing and submitting the 'Conflict of Interest' form upon hire or on an annual basis. The City Administrator may request any employee to disclose a conflict of interest. Please refer to the Conflict-of-Interest Policy. (**APPENDIX**)

2.07 Falsification of Records

Any employee who makes false statement or commits, or attempts to commit, fraud in an effort to prevent the impartial application of these policies, will be subject to immediate disciplinary action up to and including termination and potential criminal prosecution.

2.08 Personal Telephone Calls / Cellular Phones Use Policy

Personal telephone calls and texts are to be made or received only when truly necessary (e.g., family or medical emergency). They are not to interfere with City work and are to be completed as quickly as possible.

General

This policy is intended to define acceptable and unacceptable uses of cellular telephones. Its application is to ensure that cellular phone usage is consistent with the best interests of the City without unnecessary restriction of employees in the conduct of their duties. This policy will be implemented to prevent the improper use or abuse of cellular phones and to ensure that City employees exercise the highest standards of propriety in their use.

City issued cellular phones are intended for the use of City employees in the conduct of their work for the City. Supervisors are responsible for the cellular telephones assigned to their employees and will exercise discretion in their use. City issued cellular phones are property of the City and can be removed at any time. City phones are not intended to be a supplement to personal phones as employees should only use them for City business only.

Nothing in this policy will limit supervisor discretion to allow reasonable and prudent personal use of such telephones or equipment provided that:

- Its use in no way limits the conduct of work of the employee or other employees.
- No personal profit is gained or outside employment is served.
- All employees are expected to follow applicable local, state, and federal laws and regulations regarding the use of cellular phones at all times. Employees whose job responsibilities include regular or occasional driving and who are issued a cellphone for business use are expected to refrain from using their phone while driving. Safety must come before all other concerns. Regardless of the circumstances and in accordance with Minnesota law, employees are required to use hands-free operations or pull off into a parking lot and safety stop the vehicle before placing or accepting a call. Employees are encouraged to refrain from discussion of complicated or emotional matters and to keep their eyes on the road while driving at all times. Special care should be taken in situations where there is traffic or inclement weather, or the employee is driving in an unfamiliar area. Hands-free equipment may be provided in City vehicles to facilitate the provisions of this policy.
- Reading/sending text messages, making or receiving phone calls, emailing, video calling, scrolling/typing, accessing a webpage, or using non-navigation applications while driving is strictly prohibited except when permitted by Statute.
  In accordance with State law, there is an exception to hands free cellphone operations to obtain emergency assistance to report a traffic accident, medical emergency, or serious traffic hazard or prevent a crime from being committed. There is also a State law exception for authorized emergency vehicles while in the performance of official duties.
- Employees who are charged with traffic violations resulting from the use of their phone while driving will be solely responsible for all liabilities that result from such actions. See above “City Driving Policy” for more information on reporting driver’s license restrictions.

Personal Cellular Phones

Supervisors may also prohibit employees from carrying their own personal cell phones during working hours if it interferes with the performance of their job duties.

Personal calls and text messaging will be made or received only when absolutely necessary. Such calls/messaging must not interfere with working operations and are to be completed as quickly as

possible. Excessive or inappropriate use of cellular phones while an employee is working may result in discipline or a request for the employee to remove the phone from their work area by a supervisor.

Responsibility
The City Administrator or designee, will have primary responsibility for implementation and coordination of this policy. All Department Heads will be responsible for enforcement within their departments.

Cell phones provided to employees remain the property of the City and must be returned to the City upon termination of employment with any passcodes in order for the employee to be considered to be terminating employment in good standing.

Violations of this policy may result in disciplinary action as provided within the Personnel Policy and/or Labor Contract.

2.09 Computer Use Policy

The Internet and the public and private telephone systems have become an effective standard for communication between governmental entities, commercial organizations, and private citizens. Communications traffic may cross multiple and different networks prior to reaching the client destination. The public has a high reliance on the integrity and accuracy of data shared from the City of Isanti. Therefore, each City of Isanti employee is considered to be responsible for adhering to the guidelines and polices regarding the use of these system; to protect the accuracy, integrity and dependability of the City's electronic systems and information (see Computer Use policy APPENDIX).

2.10 Political Activity Policy

City employees have the right to express their views and to pursue legitimate involvement in the political system. However, no City employee will directly or indirectly, during hours of employment, solicit or receive funds for political purposes. Further, any political activity in the workplace must be pre-approved by the City to avoid any conflict of interest or perception of bias such as using authority or political influence to compel another employee to apply for or become a member in a political organization.

This policy will apply to Employees of the City of Isanti.

- During working hours, no employee will engage in any form of political activity, nor can any political activity impair an employee's effectiveness in his/her position.
- Outside of working hours, an employee may belong to a political party and engage in activities associated with this affiliation, be a member of an established organization or political club and may attend political meetings and enjoy complete freedom in voting, and may seek election or appointment to public office.
- If an employee is elected or appointed to a City of Isanti public office, the employee must resign his/her position with the City.
- Bumper stickers and posters may be displayed on private vehicles parked in employee parking areas; however, these materials may not otherwise be displayed on City property including but not limited to city vehicles wherever located.
- No employee will use his/her position to gain benefit and/or seek favors from an elected official.

2.11 Tobacco Use

The City of Isanti observes and supports the Minnesota Clean Indoor Air Act. All City buildings and vehicles, in their entirety, are designated as tobacco free, meaning that smoking in any form (through the use of tobacco products such as pipes, cigars, and cigarettes) and form of "vaping" with e-cigarettes (without regard to the presence of nicotine) is prohibited while in any City facility, vehicle, or while using or operating City equipment.

Smoking of any kind, including pipes, cigars, e-cigs/vape devices (without regard to the presence of nicotine) and cigarettes, and the use of chewing tobacco is prohibited for employees while on duty. Employee's age 21 and over are allowed to use tobacco only during their breaks and lunch, and only in areas designated for that purpose and a minimum of fifteen (15) feet from any municipal building entry area.

2.12 Job Shadowing and Ride-Along Policy
Any member of the public or employee seeking to job shadow another employee or department's operation must be approved by the City Administrator or follow current department policies for job shadowing/ride-a-longs.

2.13 Service on Boards and Committees
Employees that desire to serve on the Boards or Committees of Professional or other Organizations of which the City and/or the employee is a member, where their service is or may reasonably be perceived to represent the City of Isanti, will receive approval for such service by the City Administrator prior to committing to serve in any such capacity.

No employee, nor any employee's immediate family member, will receive any salary, per diem, compensation, or item of substantial value from their service other than the following:

1) Reasonable reimbursement for their personal expenses for such service. This includes meals, lodging and mileage for attending Board or Committee events.

2) Scholarships for seminars, short courses or educational benefits the employee could receive that would benefit the City of Isanti, as prior approved by the City Council.

SECTION 3. DEFINITIONS

For purposes of these policies, the following definitions will apply:

3.01 Authorized Hours
The number of hours an employee was hired to work. Actual hours worked during any given pay period may be different than authorized hours, depending on workload demands or other factors, and upon approval of the employee's supervisor.

3.02 Benefits
Privileges granted to qualified employees. Examples of which include paid leave and/or insurance coverage.

3.03 Benefit Earning Employees
Full-time employees and employees who are eligible for at least a pro-rated portion of City provided benefits. Such employees must be year-round employees who work at least thirty (30) hours per week on a regular basis.

3.04 Core Hours
The core hours for all City Hall employees (exempt and non-exempt) are expected to work are 9:00 a.m. to 3:30 p.m., Monday through Friday unless away from the work site for a work-related activity, on approved leave, or on an approved temporary flexible work schedule. Police, liquor store, and public works employees do not have core hours and work the schedules established by their supervisors or as

provided within their union contracts. The City Administrator may approve permanent flexible work scheduling outside of these core hours for employees on a case-by-case basis.

3.05 Demotion

The movement of an employee from one job class to another within the City, where the maximum salary for the new position is lower than that of the employee's former position.

3.06 Direct Deposit

As permitted by state law, all City employees are required to participate in direct deposit.

3.07 Employee

An individual who has successfully completed all stages of the selection process including the training period.

3.08 Exempt Employee

Employees who are not covered by the overtime provisions of the federal or state Fair Labor Standards Act.

3.09 FICA (Federal Insurance Contributions Act)

FICA is the federal requirement that a certain amount be automatically withheld from employees' earnings. Specifically, FICA requires an employee contribution for Social Security and for Medicare. The city contributes a percentage match on behalf of each employee. Certain employees are exempt or partially exempt from these withholdings (e.g., police officers). These amounts may change if required by law.

3.10 Fiscal Year

The period from January 1 to December 31.

3.11 Full-time Employee

Employees who are required to work forty (40) or more hours per week, year-round, in a permanent position. In accordance with federal health care reform laws and regulations, the City shall offer health insurance benefits to eligible employees and their dependents that work on average or are expected to work thirty (30) or more hours per week or the equivalent of one hundred thirty (130) hours or more per month. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended.

3.12 Good Standing

Refers to an employee leaving service with the City after giving appropriate advance notice as defined in chapter *Separation from Service*, providing the employee has not been discharged for misconduct, except that in special cases less than the designated appropriate advance notice may be given if mutually agreed to by the Department Head and Human Resources.

3.13 Hours of Operation

City Hall's regular hours of operation are Monday through Friday and closed Saturday and Sunday:

Monday	8:00 a.m.- 4:30 p.m.
Tuesday	7:00 a.m.- 5:30 p.m.
Wednesday	8:00 a.m.- 4:30 p.m.
Thursday	7:00 a.m.- 5:30 p.m.

Friday 8:00 a.m.- 4:30 p.m.

3.14 Management Employee

An employee who is responsible for managing a department or division of the City.

3.15 Non-exempt Employee

Employees who are covered by the federal or state Fair Labor Standards Act. Such employees are normally eligible for overtime at 1.5 times their regular hourly wage for all hours worked over forty (40) in any given workweek.

3.16 Outside Employment

Outside employment refers to any non-city employment or consulting work for which an employee receives compensation.

3.17 Part-time Employee

Employees who are required to work less than thirty (30) hours per week year-round in a permanent position. Part-time employees do not earn benefits or credit for seniority.

3.18 Pay Period

A fourteen (14) day period beginning at 12:00 a.m. (midnight) on Sunday through 11:59 p.m. on Saturday, fourteen (14) days later.

3.19 PERA (Public Employees Retirement Association)

Statewide pension program in which all City employees meeting program requirements must participate in accordance with Minnesota law. The City and the employee each contribute to the employee's retirement account.

3.20 Promotion

Movement of an employee from one job class to another within the City, where the maximum salary for the new position is higher than that of the employee's former position.

3.21 Reclassify

Movement of a job from one classification to another classification because of a significant change in the position's duties and responsibilities.

3.22 Seasonal Employee

Employees who work only part of the year (100 days or less) to conduct seasonal work. Seasonal employees may be assigned to work a full-time or part-time schedule. Seasonal employees do not earn benefits or credit for seniority. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended or, in some rare instances, may be offered health insurance.

3.23 Seniority

The ranking of an employee based on the longevity of service or higher rank of a position of another employee.

3.24 Service Credit

Time worked for the City. All employees begin earning service credit on the first day worked for the City. Some forms of leave will create a break in service.

3.25 Temporary/ Interim Employee

Employees who work in temporary positions. Temporary positions might have a defined start and end date or may be for the duration of a specific project. Temporary employees may be assigned to work a full-time or part-time schedule. Temporary employees do not earn benefits or credit for seniority. In order to comply with health care reform law while avoiding penalties, part-time employees will be scheduled with business needs and in a manner that ensures positions retain part-time status as intended or, in some rare instances, may be offered health insurance.

3.26 Training/Probationary Period

A six (6) month period at the start of employment with the City (or at the beginning of a promotion, reassignment or transfer) that is designated as a period within which to learn the job.

Police Department employees require a twelve (12) month period at the start of employment with the City (or at the beginning of a promotion, reassignment or transfer) that is designated as a period within which to learn the job.

For part-time employees scheduled to work less than thirty (30) hours per week, the training period is not to exceed five hundred twenty (520) hours.

An employee serving his/her initial probationary period may be disciplined at the sole discretion of the City, up to and including dismissal. An employee so disciplined, including dismissal, will not have any grievance rights.

Nothing in this Personnel Policy shall be construed to imply that, after completion of the probationary period, an employee has any vested interest or property right to continued City employment.

3.27 Transfer

Movement of an employee from one City position to another of equivalent pay.

3.28 Weapons

Weapons are defined to include all legal or illegal firearms, switchblades knives, or any other object that has been modified to serve as a weapon or that has the primary purpose of serving as a weapon.

3.29 Workweek

A workweek is seven (7) consecutive twenty-four (24)-hour periods. For most employees the workweek will run from Sunday through the following Saturday. With the approval of the City Administrator, departments may establish a different workweek based on coverage and service delivery needs.

SECTION 4. EMPLOYEE RECRUITMENT & SELECTION

4.01 Scope

The City Administrator or designee will manage the hiring process for positions within the City. While the hiring process may be coordinated by staff, the City Council is responsible for the final hiring decision and must approve all hires to City employment. All hires will be made according to qualifications related to the position being filled.

When an employee elects to resign from his/her position and the position is a budgeted position within the City of Isanti, the City Administrator, is authorized to direct Human Resources to proceed forward with

all necessary steps in which to fill the vacant position. All letters of resignation must be approved by the City Council; however, the selection process to fill the position may start prior to approval of resignation.

4.02 Features of the Recruitment System

When a vacancy occurs, the Department Head must notify the City Administrator and the City Administrator will determine proper budgeting authorization. The City Administrator will determine if a vacancy will be filled through an open recruitment or by promotion, transfer or some other method. This determination will be made on a case-by-case basis. Vacancies may be filled by promotion of an employee working on a regular basis for the City who meets the qualifications necessary to perform the duties of the position. The majority of position vacancies will be filled through an open recruitment process.

4.03 Employment of Spouses, Relatives or Significant Others (Anti-Nepotism)

An applicant related to an elected or appointed official will not be considered for employment. An applicant related to an employee will not be considered for employment in a department or work situation where the relative would also be employed and if it would result in the influential hiring or supervision of a relative. The words "related" or "relative" for the purpose of this policy will mean: spouse, parent, partner, child, and sibling, step-parent, step-child, and half-siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, and son-in-law; grandparent, and grandchild; nephew, and niece.

In addition, those having a significant relationship to any elected or appointed official or employee such as significant others, roommates, and anyone else whose relationship to such elected or appointed official or employee could reasonably be perceived as causing a conflict of interest will not be considered for employment in a department or work situation where such conflict may result.

Conflict of Interest means:

- Where one employee would supervise or have the authority to appoint, remove or discipline a relative.
- Where one relative would be responsible for auditing the work of another relative.
- Where circumstances exist, which would place a relative in a situation or actual or foreseeable conflict between the City's interests and the relative's interest.
- Where the employment of a relative of a policy-level employee of an organization with whom the City deals would give the appearance of improper influence or favor.
- Where a relative of a policy level employee, appointed or elected official could be perceived as benefitting from decisions made regarding job benefits or compensation.

4.04 Advertisement

The City Administrator or designee will post position vacancy postings on the City website and other advertisement outlets. The posting will specify the title, pay range or rate, nature of work to be performed, qualifications desired, place and manner of completing an application and the closing date for receiving the application if so designated. If necessary, other appropriate means of publicizing job openings will be utilized. These include preparation and publication of newspaper advertisement, advertising in professional or trade journals, contacting other organizations and other accepted recruitment methods.

Application for employment will be made on forms provided by the City online. Supplemental questionnaires may be required in certain situations. All candidates must complete and submit the required application materials by the posted deadline, in order to be considered for the position. The deadline for application may be extended by the City Administrator and Human Resources. Unsolicited applications will not be kept on file.

Position vacancies may be filled on an “interim” or “acting” basis as needed. The City Council may approve interim or acting appointments and temporary pay rate adjustments, if any.

4.05 Testing and Examinations

Applicant qualifications will be evaluated in one or more of the following ways: training and experience rating; written test; oral test or interview; performance or demonstrative test; physical agility test, or other appropriate job-related exams. Examples below:

- Keyboarding exercises for data entry positions.
- Writing exercises for positions requiring writing as part of the job duties.
- “In-basket” exercise for an administrative support position (sets up real-life scenarios and items that would likely be given to the position for action and asks the candidate to list and prioritize the steps they would take to complete the tasks).
- Mock presentation for a planning director position, for example.
- Scenarios of situations police officers are likely to encounter on the job that test the candidate’s decision-making skills (can be role played or multiple-choice questions).

Internal recruitments will be open to any City employee who: (1) has successfully completed the initial training period; (2) meets the minimum qualifications for the vacant position; and (3) currently is and for the past year has been in good standing with the City.

Rehiring past employees will be evaluated on a case-by-case basis by the City Administrator. Certain positions may not require certain pre-employment evaluations if re-hired within 2 months.

4.06 Pre-Employment Medical Exams

The City Administrator or designee may determine that a pre-employment medical examination, which may include a psychological evaluation, is necessary to determine fitness to perform the essential functions of any City position. Pre-employment medical examinations are required for the hire of Police Officers and Public Works positions and other positions if determined by the City Administrator. Where a medical examination is required, an offer of employment is contingent upon successful completion of the medical exam.

When a pre-employment medical exam is required, it will be required of all candidates who are finalists and/or who are offered employment for a given job class. Information obtained from the medical exam will be treated as confidential medical records.

When required, the medical exam will be conducted by a licensed physician designated by the City with the cost of the exam paid by the City. (Psychological/psychiatric exams will be conducted by a licensed psychologist or psychiatrist.) The physician will notify the City Administrator or designee that a candidate either is or isn't medically able to perform the essential functions of the job, with or without accommodations and whether the candidate passed a drug test, if applicable. If the candidate requires accommodation to perform one or more of the essential functions of the job, the City Administrator or designee will confer with the physician and candidate regarding reasonable and acceptable accommodations. If a candidate is rejected for employment based on the results of the medical exam, he/she will be notified of this determination.

4.07 Selection Process

The selection process will be a cooperative effort between the City Administrator, Human Resources and the Department Head, subject to final hiring approval of the City Council. Any, all, or none of the candidates may be interviewed. Selected candidate(s) for a position will be finalized by resolution indicating the title, anticipated start date, salary and other applicable details.

The process for hiring seasonal and temporary employees may be delegated to the appropriate supervisor with each hire subject to final City Council approval. Except where prohibited by law, seasonal and temporary employees may be terminated by the supervisor at any time, subject to City Council approval.

The City has the right to make the final hiring decision based on qualifications, abilities, experience, and the City of Isanti's needs.

4.08 Background Checks

All finalists for employment with the City will be subject to a background check to confirm information submitted as part of application materials and to assist in determining the candidate's suitability for the position. Except where already defined by state law, the City Administrator or designee will determine the level of background check to be conducted based on the position being filled. Job offers are all contingent on successfully passing a background check.

4.09 Notification

Human Resources or designee will notify in writing by letter or email to the candidate selected. The notification will include the employment date, title, salary and listing of benefits. Human Resources or designee will notify in writing, letter or email those not selected.

4.10 Training/ Probation

The training / probation period is an integral part of the selection process and will be used for the purpose of observing the employee's work and for training the employee in work expectations. Training periods apply to new hires, transfers, promotions and rehires. Training periods are six (6) months (or 1040 hours) in duration with the exception of Police Officers whose training period is one (1) year. The training / probation period will be used to observe the employee's work for securing the most effective adjustment of the employee to the position and for rejecting any employee whose performance does not meet the required work standards. Upon recommendation by the Department Head and approval by the City Administrator, the training/probation period for employees not covered by a collective bargaining agreement may be extended up to an additional six (6) months' time period. The training/probation period may also be extended by, for example, an unpaid leave of absence.

4.11 Training/ Probationary Termination

The City Administrator may recommend to City Council to terminate or demote a probationary employee at any time during the probation period. Upon request, the employee terminated will be notified in writing of the reasons for the termination. Unless required by law or under the terms of a collective bargaining agreement, the employee terminated will not have the right to appeal.

SECTION 5. ORGANIZATION

5.01 Job Descriptions

The City will maintain job descriptions for each position. New positions will be developed as needed, but must be approved by the City Council prior to the position being filled.

Each job description will include: position title, department, supervisor's title, FLSA status (exempt or non-exempt), primary objective of the position, essential functions of the position, examples of performance criteria, minimum requirements, desirable training and experience, supervisory responsibilities (if any), and extent of supervisory direction or guidance provided to the position. In addition, job descriptions may also describe the benefits offered and potential career path opportunities as a means to entice a qualified pool of applicants.

Prior to posting a vacant position the existing job description will be reviewed by the City Administrator or designee and the Department Head to ensure the job description is an accurate reflection of the position and the stated job qualifications do not present artificial barriers to employment. A current job description is provided to each new employee. Department Heads are responsible for recommending revisions of job descriptions as necessary to ensure that the position's duties and responsibilities are accurately reflected. All revisions are reviewed and must be approved by the City Administrator.

5.02 Assigning and Scheduling Work

Assignment of work duties and scheduling work is the responsibility of the supervisor subject to the approval of the City Administrator.

5.03 Layoff

In the event it becomes necessary to reduce personnel, temporary employees and those serving a probationary period in affected job classes will be terminated from employment with the City before other employees in those job classes. Within these groups, the selection of employees to be retained will be based on merit and ability as determined by the City Administrator, subject to approval of the City Council. When all other considerations are equal, the principle of seniority will apply in layoffs and recall from layoffs.

5.04 Recall

An employee who is recalled to work in the same position after a layoff of less than 365 days will resume work with all of their seniority intact. For purposes of accumulating vacation, sick leave, and other similar benefits, the employee will be considered to have not been working during their layoff. If an employee is recalled to work after a layoff of more than 365 days or re-hired for a new position, they can and will be considered a new employee.

SECTION 6. HOURS OF WORK

6.01 Work Hours

Work schedules for employees will be determined by the Department Head and approved by the City Administrator. For most employees, the workweek begins at midnight on Sunday and runs until the following Saturday night at 11:59 p.m. The regular workweek for most employees is five eight-hour days in addition to a lunch period, Monday through Friday, except as otherwise approved by the City Administrator in accordance with the customs and needs of the individual departments.

6.02 Core Hours

To ensure employee availability and accountability to the public the City serves, the normal City business hours are from 8:00 a.m. to 4:30 p.m. Monday, Wednesday, Friday and 7:00 a.m. to 5:30 p.m. Tuesday and Thursday for City Hall Offices (with core hours being from 9:00 a.m. to 3:30 p.m.). The City may allow flexible scheduling of work hours to accommodate eight (8) or ten (10) hour days; however, flexible hours must be approved by the Department Head and the City Administrator, to work a minimum of 40 hours per week for full time staff.

6.03 Meal Breaks and Rest Periods

A paid fifteen (15) minute break is allowed within each four (4) consecutive hours of work. An unpaid thirty (30) minute lunch period is provided when an employee works eight (8) or more consecutive hours. Licensed Peace officers are exempt from the unpaid lunch period. Employees are expected to use these breaks as intended and will not be permitted to adjust work start time, end time or lunch time by saving

these breaks without prior approval by the Department Head and City Administrator on a case-by-case basis, not to be abused.

Employees working in City buildings will normally take their break at the place provided for that purpose in each building. Employees working out-of-doors will normally take their break at the location of their work. Employees whose duties involve traveling throughout the City may stop along the assigned route at a restaurant or other public accommodation for their fifteen (15) minute break. Exceptions must be approved by the Department Head and City Administrator.

6.04 Work from Home

Employees who perform work at home must first be pre-authorized by the City Administrator. For budgetary and confidentiality reasons, non-exempt employees (eligible for overtime pay) are not authorized to take work home or work through lunch without prior approval from their supervisor.

6.05 Adverse Weather Conditions

City facilities will generally be open during adverse weather. Due to individual circumstances, each employee will have to evaluate the weather and road conditions in deciding to report to work (or leave early). Employees will be allowed to use accrued vacation time or compensatory time; or with supervisor approval may modify the work schedule or make other reasonable schedule adjustments.

Sworn Peace Officers and Public Works employees will generally be required to report to work regardless of conditions.

Decisions to cancel departmental programs (special events, recreation programs, etc.) will be made by the respective supervisor or the City Administrator.

Minnesota is known for extreme changes in weather conditions. Our primary concern is of the safety of all employees and the public should the weather turn dangerous.

In the event of severe weather, the following steps should be taken:

Tornado Watch

1. A **watch** means that conditions are present for severe weather, such as a tornado to occur.
2. Continue normal routine; be alert for changing weather conditions, tune into commercial radio or television for updates.

Tornado Warning

1. A **warning** means a funnel cloud has been spotted, or a tornado has touched the ground, or winds in excess of 70 mph have been recorded. Outdoor sirens may be sounded.
2. Updated information will be provided by WCCO 830 AM radio and the public safety communications network.

Tornado Warning General Procedures

1. Notify Department Heads.
2. Conduct sweeps of assigned areas and take shelter. Direct other employees and escort visitors to take shelter in the same manner.
3. The Department Head/designee will take roll call of staff. If employees are unaccounted for, the Department Head/designee will notify the City Administrator or designee.

Employees will remain at the recommended shelter area until permission is granted by the Department Head/designee to return to work or be released for the rest of the day. Any employee leaving without prior authorization will be subject to disciplinary action.

Department Procedures
City Hall

- If possible, the front receptionist window should be closed.
- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Employee Restrooms)

Police Department

- If possible, the front receptionist window should be closed.
- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Public Works

- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Liquor Store

- If possible, registers should be logged off.
- All doors should be locked and all personnel and the public should be directed to the safest location of the building. (Restrooms)

Closing of City Hall: Blizzard Conditions

1. Only the following people are authorized to direct the closing of City Hall in the event of severe winter weather conditions.
    a. Mayor
    b. City Administrator
2. The City Administrator or designee will notify City Hall staff directly and inform them of the procedures to be taken.
3. Document time and reason of closure.
4. Follow through with regular closing procedures before exiting the building.

Closing of Liquor Store

1. Only the following people are authorized to direct the closing of a store in the event of severe winter weather conditions.
    a. Mayor
    b. City Administrator
2. The Liquor Store Manager will notify the store directly and inform them of the procedures to be taken. In the event that the Store Manager is unavailable, it is then the responsibility of the immediate Store Supervisor to provide directions for the store closure.
3. Document time and reason of closure on an incident report form.
4. Follow through with regular closing procedures before exiting the building.

When it is necessary to close operations due to adverse weather conditions, employees will not be paid for the hours closed unless payment is approved at the discretion of the City Administrator. Employees may use accrued vacation or compensatory time to make up for any lost time.

In extreme emergency situations, the City Administrator may authorize staff to stay at a local lodging establishment paid for by the City if requested by the City Administrator to ensure safety and order. Examples include natural disasters, blizzards, train derailment, etc.

SECTION 7. COMPENSATION

Full-time employees of the City will be compensated according to schedules adopted by the City Council. Unless approved by the Council, employees will not receive any amount from the City in addition to the pay authorized for the positions to which they have been appointed. Expense reimbursement or travel expenses may be authorized in addition to regular pay.

7.01 Amount

Employees may receive a cost-of-living adjustment (COLA) to their wage on January 1st of each year if the COLA has been approved by resolution of the City Council for the given budget year. All step increases based on the wage schedule may be given to the employee if the step increases have been approved by resolution of the City Council and subject to the following:

1. All employees hired prior to September 1, 2007 will receive a step increase on July 1 of each given year
2. Employees hired on or after September 1, 2007 will receive a step increase on their anniversary date, successful completion of 2080 worked hours.
3. Part-time employees who are promoted to a new position and receive a new wage scale will accumulate hours for step increases based on the date the employee begins the new position.
4. Compensation for seasonal and temporary employees will be set by the City Council at the time of hire, or on an annual basis.

Under the Minnesota Wage Disclosure Protection Law, employees have the right to tell any person the amount of their own wages. While the Minnesota Government Data Practices Act (Minn. Stat. §13.43), specifically lists an employee's actual gross salary and salary range as public personnel data, Minnesota law also requires wage disclosure protection rights and remedies to be included in employer personnel handbooks. To that end, and in accordance with Minn. Stat. §181.172, employers may not:

- Require nondisclosure by an employee of his or her wages as a condition of employment.
- Require an employee to sign a waiver or other document which purports to deny an employee the right to disclose the employee's wages.
- Take any adverse employment action against an employee for disclosing the employee's own wages or discussing another employee's wages which have been disclosed voluntarily.
- Retaliate against an employee for asserting rights or remedies under Minn. Stat. §181.172, subd. 3.

The city cannot retaliate against an employee for disclosing his/her own wages. An employee's remedies under the Wage Disclosure Protection Law are to bring a civil action against the city and/or file a complaint with the Minnesota Department of Labor and Industry at (651) 284-5070 or (800) 342-5354.

7.02 Paychecks or Reimbursement Checks

Checks are issued every two weeks. Distribution of checks to City employees is to be accomplished in a timely manner using accurate, consistent procedures.

Checks will not be given to anyone other than the person for whom they were prepared, unless the person has a note signed by the employee authorizing the City to give the other person the check. Checks will be given to the spouse, or another appropriate immediate family member, in the case of a deceased employee.

Employees are responsible for notifying Human Resources of any change in status including changes in address, phone number, names of beneficiaries, marital status, etc.

7.03 Paydays

Employees will be paid bi-weekly on alternate Fridays. When a payday falls on a holiday, employees will typically receive their pay the preceding work day.

7.04 Direct Deposit

As provided for in Minnesota law, all new employees are required to participate in direct deposit effective January 1, 2020.

7.05 Improper Deduction and Overpayment Policy

If an employee believes that an improper deduction, overpayment, or another type of error has occurred, he/she should immediately contact his/her supervisor. If the City determines they had made an improper deduction from a paycheck, the employee will be reimbursed for the improper amount deducted and take good faith measures to prevent improper deductions from being made in the future.

In cases of improper overpayments, employees are required to promptly repay the City in the amount of the overpayment. The employee can write a personal check or authorize a reduction in pay to cover the repayment. The City will not reduce an employee's pay without written authorization by the employee. Once the overpayment has been recovered in full, the employee's year to date earnings and taxes will be adjusted (so that the year's Form W-2 is correct) and the paying department will receive the corresponding credit. When an overpayment occurs, the repayment must be made within the same tax year.

In the exceptional situation where the overpayment occurs in one tax year and is not discovered until the next year, the overpayment must be repaid in the year it is discovered, but there will be additional steps and paperwork required. Any overpayments not repaid in full within the calendar year of the overpayment are considered "prior year overpayments" and the employee must repay not only for the net amount of the overpayment, but also the federal and state taxes the City has paid on their behalf. The City is able to recover the overpaid Social Security and Medicare taxes. Accordingly, the City will not require the employee to repay those taxes provided the employee provides a written statement that he/she will not request a refund of the taxes. The overpayment amount will remain taxable in the year of the overpayment since the employee had access to the funds. The employee is not entitled to file an amended tax return for the year but may be entitled to a deduction or credit with respect to the repayment in the year of repayment. Employees should contact their tax advisors for additional information.

7.06 Time Reporting

Full-time, non-exempt employees are expected to work forty (40) hours per workweek and will be paid according to the time reported on their time sheets. To comply with the provisions of the federal and state Fair Labor Standards Acts, hours worked and any leave time used by non-exempt employees are to be recorded daily and submitted to payroll on a biweekly basis. Each time reporting form must include the signature of the immediate supervisor. The Department Head/designee will submit all time sheets to the Finance Department for payroll. Reporting false information on a time sheet may be cause for immediate termination.

7.07 Overtime / Compensatory Time

The City of Isanti has established this overtime policy to comply with applicable state and federal laws governing accrual and use of overtime. The City Administrator will determine whether each employee is

designated as “exempt” or “non-exempt” from earning overtime. In general, employees in executive, administrative, and professional job classes are exempt; all others are non-exempt.

All employees, in all departments, are required to work overtime as necessary, requested by their supervisor as a condition of continued employment. Refusal to work overtime may result in disciplinary action. Department Heads will make reasonable efforts to balance the personal needs of their employees when assigning overtime work. The Department Head must approve overtime hours in advance. An employee who works overtime without prior approval may be subject to disciplinary action.

7.08 Non-Exempt (Overtime-eligible) Employees:

All overtime-eligible employees will be compensated at the rate of time and one-half for all hours worked over forty (40) in one workweek. Compensation will take the form of either time-and-one-half pay or compensatory time. Compensatory time is paid time out at the rate of one-and one-half hours (1 ½) for each hour of overtime worked.

Vacation, sick leave, compensatory time and paid holidays do not count toward “hours worked”. “Hours worked” over forty (40) but have used either vacation, sick leave, compensatory time or a holiday within the workweek will be paid either straight time at the rate of one hour pay or straight compensatory time.

A non-exempt employee may accrue compensatory time to a maximum of eighty (80) hours or receive overtime pay. Once a non-exempt employee has earned the maximum amount of compensatory time, no further compensatory time may accrue in that calendar year. All further overtime will be paid. Employees may request and use compensatory time in the same manner as other leave requests. All compensatory time will be marked as such on official timesheets, both when it is earned and when it is used. The Finance Department will maintain compensatory time records.

All accrued compensatory time for non-exempt staff will be paid out when the employee leaves city employment at the hourly pay rate the employee is earning at that time or when someone moves to an exempt position within the City. Total payout is based on total number of hours at straight time. The 80-hour max is a of 1 and 1.5 banked.

All compensatory time will be marked as such on official time sheets, both when it is earned and when it is used.

*Police Officers to whom the Federal Fair Labor Standards Act (FLSA) applies to will be compensated for overtime work at one and one-half (1 ½) times their regular rate of pay to be given only in compensatory time except where precluded by law or policy. Unless defined in a contract, overtime hours are calculated on the basis of eighty (80) hours worked in a two (2) week pay period with the two (2) week period established from Sunday at 12:00 a.m. for a period of fourteen (14) days and ending on a Saturday at 11:59 p.m.

7.09 Exempt (not-overtime-eligible) Employees:

Exempt employees are expected to work the hours necessary to meet the performance expectations outlined by their supervisors. Generally, to meet these expectations, and for reasons of public accountability, an exempt employee will need to work forty (40) or more hours per week. Exempt employees do not receive extra pay for the hours worked over forty (40) in one workweek.

Exempt employees are paid on a salary basis. This means that they receive a predetermined amount of pay each pay period and are not paid by the hour. Their pay does not vary based on the quality or quantity of work performed, and they receive their full weekly salary for any week in which any work is performed.

Exempt employees are eligible for compensatory time at straight time for hours worked in excess of forty (40) hours in a work week or over 8/10-hour a day depending on schedule. However, exempt employees forfeit any compensatory time accrued in excess of eighty (80) hours, unless a different amount is established by the City Administrator, measured pay period to pay period. Upon termination/ resignation from employment, either voluntarily or involuntarily, exempt employees forfeit any accumulated compensatory time without payment. Exempt employees may request and use compensatory time off in 15-minute increments, in the same manner as other leave requests.

The City of Isanti will only make deductions from the weekly salary of an exempt employee in the following situations:

- The employee is in a position that does not earn vacation or personal leave and is absent for a day or more for personal reasons other than sickness or accident.
- The employee is in a position that earns sick leave, receives a short-term disability benefit or workers' compensation wage loss benefits, and is absent for a full day due to sickness or disability, but he/she is either not yet qualified to use the paid leave or he/she has exhausted all of his/her paid leave.
- The employee is absent for a full workweek and, for whatever reason, the absence is not charged to paid leave (for example, a situation where the employee has exhausted all of his/her paid leave or a situation where the employee does not earn paid leave).
- The very first workweek or the very last workweek of employment with the city in which the employee does not work a full week. In this case, the city will prorate the employee's salary based on the time actually worked.
- The employee is in a position that earns paid leave and is absent for a partial day due to personal reasons, illness, or injury, but:
    - Paid leave has not been requested or has been denied.
    - Paid leave is exhausted.
    - The employee has specifically requested unpaid leave.
- The employee is suspended without pay for a full day or more for disciplinary reasons for violations of any written policy that is applied to all employees.
- The employee takes unpaid leave under the FMLA after all other leave banks have been exhausted.
- The City of Isanti may for budgetary reasons implement a voluntary or involuntary unpaid leave program and, under this program, make deductions from the weekly salary of an exempt employee. In this case, the employee will be treated as non-exempt for any workweek in which the budget-related deductions are made.

7.10 Leave Policy for Exempt Employees

Exempt employees are required to work the number of hours necessary to fulfill their responsibilities including evening meetings and/or on-call hours. Exempt employees are required to use paid leave when on personal business or away from the office for two (2) hours or more, on a given day. Absences of less than two (2) hours do not require use of paid leave as it is presumed that the staff member regularly puts in work hours above and beyond the normal work schedule Monday through Friday requirement. Exempt employees must receive prior approval for their absence to the City Administrator or his/her designee. If one of the above employees is regularly absent from work under this policy and it is found that there is excessive time away from work which is not justified, the situation will be handled as a performance issue. If it appears that less than forty (40) hours per week is needed to fulfill the position's responsibilities, the position will be reviewed to determine whether a part-time position will meet the needs of the City. Flexible scheduling and combining leave with lunch is subject to prior approval by the

City Administrator for specific situations as determined necessary. Additional notification and approval requirements may be adopted by the City Administrator for specific situations as determined necessary.

SECTION 8. PERFORMANCE

8.01 Performance Reviews

An objective performance review system will be established by the City Administrator or Human Resources for the purpose of periodically evaluating the performance of City employees. The quality of an employee's past performance will be considered in personnel decisions such as promotions, transfers, demotions, terminations and, where applicable, salary adjustments.

Performance reviews will be discussed with the employee. While certain components of a performance evaluation, such as disputed facts reported to be incomplete or inaccurate are challengeable using the City's grievance process, other performance evaluation data, including subjective assessments, are not. For those parts of the performance evaluation system deemed not challengeable, an employee may submit a written response, which will be attached to the performance review. Performance reviews are to be scheduled on a regular basis, at the end of the probationary period and annually at a minimum. The form, with all required signatures, will be retained as part of the employee's personnel file.

During the training/probationary period, informal performance meetings should occur frequently between the supervisor and the employee. Conducting these informal performance meetings provides both the supervisor and the employee the opportunity to discuss what is expected, what is going well and not so well.

Signing of the performance review document by the employee acknowledges the review has been discussed with the supervisor and does not necessarily constitute agreement. Failure or refusal to sign the review by the employee will not invalidate the form nor will it delay processing.

8.02 Employee Recognition

Employee Service Credit Recognition

Employees who have obtained service credit for five (5), ten (10), fifteen (15), twenty (20), and additional year in increments of five will be recognized by receiving a 'Certificate of Recognition' at the last regular City Council meeting of the given year.

Employee Resignation or Retirement

Employee recognition for meritorious service to the City of Isanti will be given to full time employees in good standing that have completed three (3) or more years of service. Recognition will be given at the time that employment with the City has ended. Recognition will be presented a recognition plaque by the Mayor at a regular City Council meeting, closest to the date that the employee's service to the City has ended.

SECTION 9. BENEFITS

9.01 Insurance Benefits

The City will contribute a monthly amount toward group health, dental and life insurance benefits for each eligible employee and his/her dependents. Eligible employees are full time employees and employees working thirty (30) hours per week or the equivalent of 130 hours or more a month. The amount to be contributed will be determined annually by the City Council.

Insurance coverage is effective the 1st day of the first full month of employment for all eligible employees.

- The City pays the full cost of the health insurance premium for single coverage.
  - If the plan includes an HSA, the City will annually review the amount contributed to employees based on IRS guidelines.
- The City pays the full cost of Dental for the employee and dependents.
- The City pays the full cost of Life Insurance and AD&D for the employee in the amount of $25,000

The City may provide elective benefits, outlined within the Flexible Benefit Plan/Cafeteria 125 summary plan document.

Cash Reimbursement is outlined in the summary plan document as an elected benefit to eligible employees who "opt out" of the City benefits.

For information about flexible benefits, including coverage and eligibility requirements, employees should refer to the summary plan description for the Flexible Benefit Plan/Cafeteria 125 plan and the various certificates of coverage for the insurance benefits. You may also contact Human Resources.

All employees (full time and part time) are eligible for the Employee Assistance Program (EAP) contact your Supervisor or Human Resources for more information.

9.02 Retirement /PERA

The City participates in the Public Employees Retirement Fund (PERA) to provide pension benefits for its eligible employees. Participation in PERA is mandatory for most employees, and contributions to PERA begin immediately. This City and the employee contribute to PERA each pay period as determined by state law. Most employees are also required to contribute a portion of each pay check for Social Security and Medicare (the City matches the employee's Social Security and Medicare withholding for many employees).

Employees may also be eligible to participate in deferred compensation programs offered through the City. Options may include participation in the Mission Square (formerly ICMA RC) and MN Deferred Compensation plans. Contributions to these plans are at the employee's cost. For information about PERA eligibility, contribution requirements, and the deferred compensation programs, contact Human Resources.

SECTION 10. HOLIDAYS

10.01 Observed Holidays

The City observes the following official holidays for full-time and part-time thirty (30) hour employees:

New Year's Day
Martin Luther King, Jr.
President's Day
Good Friday
Memorial Day
Independence Day
Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Friday after Thanksgiving
Christmas Eve
Christmas Day

Official holidays commence at the beginning of the first shift of the day on which the holiday is observed and continue for twenty-four (24) hours thereafter.

10.02 Holiday Pay

When a holiday falls on a Sunday, the following Monday will be the "observed" holiday and when a holiday falls on a Saturday, the preceding Friday will be the "observed" holiday for City operations/facilities that are closed on holidays.

Employees will receive holiday pay for City-observed holidays. Employees wanting to observe holidays other than those officially observed by the City may request either vacation leave, compensatory time, or unpaid leave for such time off. Any employee on a leave of absence without pay from the City is not eligible for holiday pay.

Full-time nonexempt employees who do not work a holiday will receive 8 hours holiday pay for official holidays at their normal straight time rates, provided they are on paid status on the last scheduled day prior to the holiday and first scheduled day immediately after the holiday.

Part-time thirty (30) hour employees who do not work a holiday will receive pro-rated holiday pay based on the number of hours normally scheduled provided they are on paid status on the last scheduled day prior to the holiday and first scheduled day immediately after the holiday.

Non-exempt employees who work on a holiday will receive pay at one and one-half (1 ½) for the hours worked and will be given at straight time. Pay at one and one- half (1 ½) will be on regular base hourly wage not to be pyramided with any other premium. Pay at one and one-half (1 ½) times the regular hourly wage for employees required to work on a listed holiday will be for the hours worked on the "actual" holiday as opposed to the "observed" holiday.

Exempt employees who work on a holiday will receive compensatory straight time or may trade for another day off within the same pay period subject to prior approval by the City Administrator.

SECTION 11. LEAVES

11.01 Taking Leave

Depending upon an employee's situation, more than one form of leave may apply during the same period of time (e.g., the Family and Medical Leave Act is likely to apply during a worker's compensation absence). An employee will need to meet the requirements of each form of leave separately. Leave requests will be evaluated on a case-by-case basis.

Except as otherwise stated, all paid time off, taken under any of the City's leave programs, must be taken consecutively, with no intervening unpaid leave. The City will provide employees with time away from work as required by state or federal statutes, if there are requirements for such time off that are not described in the Personnel Policies.

11.02 Sick Leave

Sick leave is authorized absence from work with pay, granted to qualified full-time and part-time thirty (30) hour employees. Sick leave is a privilege, not a right. Employees are to use this paid leave only when they are unable to work for medical reasons and under the conditions explained below. Sick leave does not accrue during an unpaid leave of absence. Full-time employees will accumulate sick leave at a rate of eight (8) hours per month.

- Part-time employees regularly scheduled to work at least 30 hours per week will accrue sick leave on a pro-rated basis of the full-time employee schedule.
- Part-time employees regularly scheduled to work fewer than 30 hours per week will not earn or accrue sick leave.
- Temporary and seasonal employees will not earn or accrue sick leave.
- Sick leave may be used only for days when the employee would otherwise have been at work. It cannot be used for scheduled days off.

Sick leave may be used as follows:

- When an employee is unable to perform work duties due to illness or disability (including pregnancy).
- In increments as small as 15 minutes.
- An employee who is drawing worker's compensation will be allowed to use accumulated sick leave as necessary to ensure a full monthly paycheck, providing that employee shows documentation to the City.
- For medical, dental or other care provider appointments.
- When an employee has been exposed to a contagious disease of such a nature that his/her presence at the work place could endanger the health of others.
- To care for the employee's injured or ill children, including stepchildren or foster children, for such reasonable periods as the employee's attendance with the child may be necessary.
- To take children, or other family members to a medical, dental or other care provider appointment.
- To care for an ill spouse, father, mother, sister or brother.
- Safety leave: Employees are authorized to use sick leave for reasonable absences for themselves or relatives (employee's adult child, spouse, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent) who are providing or receiving assistance because they, or a relative, is a victim of sexual assault, domestic abuse, or stalking. Safety leave for those listed, other than the employee and the employee's child, is limited to 160 hours in any 12-month period.

Pursuant to Minn. Stat. §181.9413, eligible employees may use up to 160 hours of sick leave in any 12-month rolling period for absences due to an illness or injury to the employee's adult child, spouse, sibling, parent, grandparent, stepparent, parent-in-law (mother-in-law and father-in-law), and grandchild (includes step-grandchild, biological, adopted, or foster grandchild).

After accrued sick leave has been exhausted, vacation leave or other leaves may be used upon approval of the City Administrator, to the extent the employee is entitled to such leave.

To be eligible for sick leave pay, the employee will:

- Communicate with his/her immediate supervisor, as soon as possible after the scheduled start of the work day, for each and every day absent;
- Keep his/her Department Head/ Human Resources informed of the status of the illness/injury or the condition of the ill family member;
- Submit a physician's statement upon request.

11.03 Returning to Work After Medical Absence

After a medical absence beyond five (5) working days, a physician's statement may be required on the employee's first day back to work, indicating the nature of the illness or medical condition and attesting to the employees' ability to return to work and safely perform the essential functions of the job with or without reasonable accommodation.

Any work restrictions must be stated clearly on a return-to-work or workability form. Employees who have been asked to provide such a statement may not be allowed to return to work until they comply with this provision. Sick leave may be denied for any employee required to provide a doctor's statement until such a statement is provided.

The City has the right to obtain a second medical opinion to determine the validity of an employee's worker's compensation or sick leave claim, or to obtain information related to restrictions or an employee's ability to work. The City will arrange and pay for an appropriate medical evaluation when it is required by the City.

Any employee who makes a false claim for sick leave will be subject to discipline up to and including termination.

Sick leave will normally not be approved after an employee gives notice that he or she will be terminating employment. Exceptions must be approved by the City Administrator.

11.04 Reimbursement of Accrued Sick Hours

Employees will not be reimbursed for unused sick leave except in the manner as described in this section. Upon accrual of four hundred eighty (480) hours, the City will, on an annual basis, reimburse unused sick leave at the rate of one-half of the employee's current rate of pay on a maximum accrual of ninety-six (96) hours over the four hundred eighty (480) hours.

Hours will be paid out on the first pay date in December of each year.

Upon termination of an employee in good standing and with five years consecutive employment, the employee will be reimbursed one-half pay for sick days not used to a maximum of four hundred eighty (480) accumulated plus the current year number of hours at the employee's current rate of pay.

11.05 Vacation Leave

Vacation will accrue at the following rates per the anniversary year employed:

Years of Service	Annual Accrual
First (1) year	6 days (48 hrs.)
Second (2) year	12 days (96 hrs.)
Sixth (6) year	18 days (144 hrs.)
Tenth (10) year	24 days (192 hrs.)
Fifteenth (15) year	27 days (216 hrs.)

11.06 Eligibility

Full-time employees will earn vacation leave in accordance with the above schedule.

Part-time employees who work at least thirty (30) hours per week on a regular basis will accrue vacation leave on a prorated basis of the full-time employee schedule.

Part-time employees who are scheduled to work less than thirty (30) hours on a regular basis, temporary and seasonal employees will not earn or accrue vacation leave.

11.07 Accrual Rate

For the purpose of determining an employee's vacation accrual rate, years of service will include continuous time that the employee has worked at the city (including authorized unpaid leave). Employees who are rehired after terminating city employment will not receive credit for their prior service unless specifically negotiated at the time of hire.

11.08 Use

All employees, including those who are in training/on probation, may use vacation leave as it is earned. Approved leaves are subject to approval by the employee's Department Head or City Administrator.

*Every full-time and part-time thirty (30) hour plus employee hired prior to March 1, 2007 will have July 1 as their anniversary date for purposes of earned vacation. Vacation earned from the date of employment to July 1 will be credited to the employee and will be taken as provided. Every full-time and part-time thirty (30) hour plus employee hired after March 1, 2007 will have their date of hire as their anniversary date for purposes of earned vacation.

An employee will not earn any vacation leave for any pay period unless he/she is employed by the City on the last scheduled work day of the pay period. Requests for vacation should be received at least forty-eight (48) hours in advance of the requested time off. This notice may be waived at the discretion of the Department Head and/or City Administrator. Vacation can be requested in increments as small as 15 minutes.

Employees may carry accrued vacation leave up to a maximum of 480 hours. Accrued hours in excess of the allowed amount will be forfeited by the employee unless obtaining approval of the City Council to carry the excess of the allowed amount. Vacation hours will be audited on an annual basis by the Finance Department, but it is the responsibility of the employees to track maximum accrual. Vacation leave cannot be converted into cash payments except when meeting criteria of separating employment in good standing referenced in section: ***Separation from Service*.**

Vacation leave will generally not be approved once an employee has submitted a resignation notice unless approved by the City Administrator.

Vacation leave requests greater than 14 days (or 112 hours) must be approved by the City Administrator.

11.09 Vacation Donation

An employee may voluntarily donate their accumulated vacation hours, up to a max of 24 hours, to other employees annually. More than 24 hours must be approved by the City Administrator. Donated time will be banked to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

11.10 Funeral Leave

Employees will be permitted to use up to three (3) working days, with pay, as funeral leave upon the death of an immediate family member. This paid leave will not be deducted from the employee's vacation or sick leave balance.

The actual amount of time off, and funeral leave approved, will be determined by the Department Head or City Administrator depending on individual circumstances (such as the closeness of the relative, arrangements to be made, distance to the funeral, etc.)

11.11 Military Leave

State and federal laws provide protections and benefits to City employees who are called to military service, whether in the reserves or on active duty. Such employees are entitled to a leave of absence without loss of pay, seniority status, efficiency rating, or benefits for the time the employee is engaged in training or active service not exceeding a total of 15 days in any calendar year.

The leave of absence is only in the event the employee returns to employment with the City as required upon being relieved from service, or is prevented from returning by physical or mental disability or other cause not the fault of the employee, or is required by the proper authority to continue in military or naval service beyond the fifteen (15) day paid leave of absence. Employees on extended unpaid military leave will receive fifteen (15) days paid leave of absence in each calendar year, not to exceed five years.

Where possible, notice is to be provided to the City at least ten (10) working days in advance of the requested leave. If an employee has not yet used his/her fifteen (15) days of paid leave when called to active duty, any unused paid time will be allowed for the active-duty time, prior to the unpaid leave of absence.

Employees returning from military service will be reemployed in the job that they would have attained had they not been absent for military service and with the same seniority, status and pay, as well as other rights and benefits determined by seniority. Unpaid military leave will be considered hours worked for the purpose of vacation leave and sick leave accruals.

Eligibility for continuation of insurance coverage for employees on military leave beyond fifteen (15) days will follow the same procedures as for any employee on an unpaid leave of absence.

Military Leave for Family Members

The city will not discharge from employment or take adverse employment action against an employee because an immediate family member is in the military forces of the United States or Minnesota. Nor will the city discharge from employment or take adverse employment action against an employee because they attend departure or homecoming ceremonies for deploying or returning personnel, family training or readiness events or events held as part of official military reintegration programs. Employees may substitute paid leave if they choose to do so.

Unless the leave would unduly disrupt the operations of the city, employees whose immediate family member, as a member of the United States armed forces has been ordered into active service in support of a war or other national emergency, will be granted an unpaid leave of absence, not to exceed one day's duration in any calendar year, to attend a send-off or homecoming ceremony for the mobilized service member.

Military Leave for Family Member Injured or Killed in Active Service

Employees will be granted up to ten working days of unpaid leave whose immediate family member (defined as a person's parent, child, grandparents, siblings or spouse) is a member of the United States armed forces who has been injured or killed while engaged in active service. The 10 days may be reduced if an employee elects to use appropriate accrued paid leave.

Civil Air Patrol

The city will grant employees an unpaid leave of absence for time spent serving as a member of the Civil Air Patrol upon request and authority of the State or any of its political subdivisions, unless the absence would unduly disrupt the operations of the city. Employees may choose to use vacation or compensatory leave while on Civil Air Patrol Leave but are not required to do so.

11.12 Jury Duty

Regular full-time and part-time employees will be granted paid leaves of absence for required jury duty. Such employees will be required to turn over any compensation they receive for jury duty, minus mileage reimbursement, to the City in order to receive their regular wages for the period. Time spent on jury duty will not be counted as time worked in computing overtime.

Employees excused or released from jury duty during their regular working hours will report to their regular work duties as soon as reasonably possible or will take accrued vacation or compensatory time to make up the difference.

Employees are required to notify their supervisor as soon as possible after receiving notice to report for jury duty. The employee will be responsible for ensuring that a report of time spent on jury duty and pay form is completed by the clerk of court so the city will be able to determine the amount of compensation due for the period involved.

Temporary and seasonal employees are generally not eligible for compensation for absences due to jury duty, but can take a leave without pay subject to Department Head approval. However, if a temporary or seasonal employee is classified as exempt, he/she will receive compensation for the jury duty time.

11.13 Court Appearances

Employees will be paid their regular wage to testify in court for City-related business. Any compensation received for court appearances (e.g., subpoena fees) arising out of or in connection with City employment, minus mileage reimbursement, must be turned over to the City.

11.14 Victim or Witness Leave

An employer must allow a victim or witness, who is subpoenaed or requested by the prosecutor to attend court for the purpose of giving testimony, or is the spouse or immediate family member (immediate family member includes parent, spouse, child or sibling of the employee) of such victim, reasonable time off from work to attend criminal proceedings related to the victim's case. [See Safety Leave under the Sick Leave Policy for additional information on leave benefits available to employees and certain family members].

11.15 Job Related Injury or Illness

All employees are required to report any job-related illnesses or injuries to their supervisor immediately (no matter how minor) and a First Report of Injury (FROI) form must be filled out and submitted to Human Resources. If a supervisor is not available and the nature of injury or illness requires immediate treatment, the employee is to go to the nearest available medical facility for treatment and, as soon as possible, notify his/her supervisor of the action taken. In the case of a serious emergency, 911 should be called.

If the injury is not of an emergency nature, but requires medical attention, the employee will report it to the supervisor and make arrangements for a medical appointment.

Worker's compensation benefits and procedures to return to work will be applied according to applicable state and federal laws.

11.16 Workers Compensation

An employee injured on the job will receive compensation from the City's Worker's Compensation Insurance provider after a three (3) day initial waiting period. The three (3) day waiting period will be charged to the employee's sick leave account. Should the employee receive workers compensation for a

period of ten (10) days or more, workers compensation will pay for the initial three (3) days and the employee's sick leave account will be credited the initial waiting period. Because the compensation provided by the insurance may be less than the normal salary, the employee may use leave pay (sick, compensatory, or vacation) to provide the difference between the employee's regular net pay (irrespective of all deductions required by State and Federal Law) and the worker's compensation amount. In the event that all leave pay available to an employee is exhausted, the employee would be paid exclusively through the worker's compensation plan.

Workers Compensation: Leave Accrual and Holidays
During the period in which an employee is out on workers compensation leave, the employee will continue to accrue leave hours (sick and vacation) as if they were working, for up to six (6) months. After six (6) months, and during such time as the employee continues on workers compensation leave the employee will not continue to accrue leave hours (sick and vacation pay). Employees who are working with reduced hours will earn prorated vacation and sick leave. Holiday pay will also be given for this time period as long as the employee retains employment status with the City. There will be no further leave accrual or holiday pay after employment with the City of Isanti is terminated.

At the time the employee returns to work, the employee will begin to accrue leave based on the number of hours the employee works.

Workers Compensation: Pension
To the extent permissible under PERA guidelines, and provided the employee so chooses to pay the employee's share, the City will pay the amount of the employer paid pension that was lost during the worker's compensation leave to help restore the portion of the employee's pension attributable to City leave funds paid to the employee.

Workers Compensation: Insurance Benefits

1. During the worker's compensation period in which an employee is being partially compensated by the City (with the use of available leave hours), the employee will continue to receive insurance benefits applicable to the position held at the time of the injury. Applicable insurance benefits will continue for a period of no more than six (6) months from the time that an employee's leave hours are exhausted and partial City compensation has discontinued. The employee will continue to be responsible for the employee portion of insurance payments, if any; and any other personal deductions the employee may have. If the City is not providing a portion of the employee's wage adequate to withhold the employee portion of premiums, with the use of available leave, the employee must provide such payment to the city on a timely basis in order to maintain insurance coverage.

2. Upon an employee's return to their original position, or to a work hardening program which schedules return to their original position, the employee will receive insurance benefits applicable to that position.

3. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that as the result of a job related injury, a regular full-time employee is unable to return to work full time (forty (40) hours per week), and if a regular part-time position is available that would accommodate all work restrictions and for which the employee would otherwise qualify and is accepted by the employee, insurance benefits would be continued at the original full-time rate for the remainder of the six (6) month period after which time lapses, insurance benefits would be prorated based on the new position.

4. The wage paid to the returning employee by the city would be consistent with the wage established for the new position. In the event the new wage is less than the wage for the original position, the City's Worker's Compensation Insurance provider would be responsible for the payment of any wage difference for such period as determined by the insurance provider and consistent with State law.

5. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that as a result of a job related injury, a regular full-time employee is unable to return to the employee's original position as the result of physical restrictions, and if there is a position available that would accommodate those restrictions and for which the employee would otherwise qualify, the individual accepting the new position would also be subject to the benefit and wage stipulations as stated above.

6. If it has been determined by medical evaluation and the City's Worker's Compensation Insurance provider that an employee had reached maximum potential recovery from a work related injury and that a permanent disability exists that would preclude the employee from returning to their former position and that no other position is available that would accommodate the employee's work restrictions and for which the employee was otherwise qualified, the City's Worker's Compensation Insurance provider would be fully responsible for the monetary settlement with the employee and the employee would be terminated from their position with the City. The employee would be allowed to continue insurance coverage as provided in state and/or federal law and would be responsible for payment of insurance premiums.

11.17 Family and Medical Leave (FMLA)

The Family and Medical Leave Act (29 CFR Part 825) provides certain employees with up to 12 workweeks of unpaid, job-protected leave in any 12-month period, and requires group health benefits to be maintained during the leave as if employees continued to work instead of taking leave. **(APPENDIX)**

To be eligible for FMLA leave, an employee must work for a covered employer and:

- have worked for that employer for at least 12 months; and
- have worked at least 1,250 hours during the 12 months prior to the start of the FMLA leave; and
- work at a location where at least 50 employees are employed at the location or within 75 miles of the location.

11.18 Pregnancy and Parenting Leave

Employees who work twenty (20) hours or more per week and have been employed more than one year are entitled to take an unpaid leave of absence under the Pregnancy and Parenting Leave Act of Minnesota. Female employees for prenatal care, or incapacity due to pregnancy, childbirth, or related health conditions as well as a biological or adoptive parent in conjunction with after the birth or adoption of a child as eligible for up to 12 weeks of unpaid leave and must begin within twelve (12) months of the birth or adoption of the child. In the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital. Employee should provide reasonable notice, which is at least 10 days. If the leave must be taken in less than three days, the employee should give as much notice as practicable.

Employees are required to use accrued leave (i.e., sick leave, vacation leave, etc.) during Parenting Leave if the employee has any FMLA eligibility remaining at the time this leave commences, this leave will also count as FMLA leave. The two leaves will run concurrently. The employee is entitled to return to work in the same position and at the same rate of pay the employee was receiving prior to commencement of the leave. Group insurance coverage will remain available while the employee is on leave pursuant to the

Pregnancy and Parenting Leave Act, but the employee will be responsible for the entire premium unless otherwise provided in this policy (i.e., where leave is also FMLA qualifying). For employees on an FMLA absence as well, the employer contributions toward insurance benefits will continue during the FMLA leave absence.

11.19 Reasonable Work Time for Nursing Mothers

Nursing mothers and lactating employees will be provided reasonable break times to express milk for her infant child during the twelve months following the birth of the child, unless it would cause undue business disruption. The paid break time times must, if possible, run concurrently with any break time times already provided. The city will provide a room (other than a bathroom) as close as possible to the employee's work area, that is shielded from view and free from intrusion from coworkers and the public and includes access to an electrical outlet, where the nursing mother can express milk in private.

11.20 Reasonable Accommodations to an Employee for Pregnancy Health Conditions

The City will attempt to provide a female employee who requests reasonable accommodation with the following for her health conditions related to her pregnancy or childbirth without advice of a licensed health care provider or certified doula:

- More frequent restroom, food, and water breaks;
- Seating; and/or
- Limits on lifting over 20 pounds.

Additionally, an employer must provide reasonable accommodations to an employee for health conditions related to pregnancy or childbirth upon request, with the advice of a licensed health care provider or certified doula, unless the employer demonstrates that the accommodation would impose an undue hardship on the operation of the employer's business. In accordance with state law, no employee is required to take a leave of absence for a pregnancy nor accept a pregnancy accommodation.

11.21 Adoptive Parents

Adoptive parents will be given the same opportunities for leave as biological parents (see provisions for Parenting Leave). The leave must be for the purpose of arranging the child's placement or caring for the child after placement. Such leave must begin before or at the time of the child's placement in the adoptive home.

11.22 Administrative Leave

Under special circumstances, an employee may be placed on an administrative leave pending the outcome of an internal or external investigation. The leave may be paid or unpaid, depending on the circumstances, as determined by the City Administrator. Unpaid leaves exceeding 30 days will be approved by the City Council.

11.23 School Conference Leave

Any employee who has worked half-time or more for at least twelve (12) months preceding the request may take unpaid leave for up to a total of sixteen (16) hours during any 12-month period to attend school conferences or classroom activities related to the employee's child (under 18 or under 20 and still attending secondary school), provided the conference or classroom activities cannot be scheduled during non-work hours. When the leave cannot be scheduled during non-work hours and the need for the leave is foreseeable, the employee must provide reasonable prior notice of the leave and make a reasonable effort to schedule the leave so as not to disrupt unduly the operations of the City. Employees may choose to use vacation leave hours for this absence, but are not required to do so.

11.24 Bone Marrow/ Organ Donation Leave

Employees working an average of 20 or more hours per week may take paid leave, not to exceed 40 hours, unless agreed to by the City, to undergo medical procedures to donate bone marrow or an organ. The 40 hours is over and above the amount of accrued time the employee has earned.

The City may require a physician's verification of the purpose and length of the leave requested to donate bone marrow or an organ. If there is a medical determination that the employee does not qualify as a bone marrow or organ donor, the paid leave of absence granted to the employee prior to that medical determination is not forfeited.

11.25 Elections / Voting

An employee selected to serve as an election judge pursuant to Minnesota law, will be allowed time off with pay for purposes of serving as an election judge, provided the employee gives the city at least twenty days written notice, including a certification from the appointing authority stating the hourly compensation to be paid the employee for service as an election judge and the hours during which the employee will serve. The city may reduce the wages of an employee serving as an election judge by the amount paid to the election judge by the appointing authority during the time the employee was absent from the place of employment. Thus, employees will be paid the difference between their pay as an election judge and their regular rate of pay for their normal workday. The city reserves the right to restrict the number of employees absent from work for the purpose of serving as an election judge to no more than 20 percent of the total work force at any single worksite.

All employees eligible to vote at a State general election, at an election to fill a vacancy in the office of United States Senator or Representative, or in a Presidential primary, will be allowed time off with pay to vote on the election day. Employees wanting to take advantage of such leave are required to work with their supervisors to avoid coverage issues.

11.26 Regular Leave without Pay

The City Administrator may authorize leave without pay for up to thirty (30) days. Leave without pay for greater periods may be granted by the City Council.

Normally employee benefits will not be earned by an employee while on leave without pay. However, the City's contribution toward health, dental, and life insurance may be continued, if approved by the City Council, for leaves of up to ninety (90) days when the leave is for medical reasons and FMLA has been exhausted.

If an employee is on a regular leave without pay and is not working any hours, the employee will not accrue (or be paid for) holidays, sick leave, or vacation leave. Employees who are working reduced hours while on this type of leave will receive holiday pay on a prorated basis and will accrue sick leave and vacation leave based on actual hours worked.

Leave without pay hours will not count toward seniority and all accrued vacation, sick leave and compensatory time must be used before an unpaid leave of absence will be approved.

To qualify for leave without pay, an employee need not have used all sick leave earned unless the leave is for medical reasons. Leave without pay for purposes other than medical leave or work-related injuries will be at the convenience of the City.

Employees returning from a leave without pay for a reason other than a qualified Parenting Leave or FMLA, will be guaranteed return to the original position only for absences of thirty (30) calendar days or less.

Employees receiving leave without pay in excess of thirty (30) calendar days, for reasons other than qualified Parenting Leave or FMLA, are not guaranteed return to their original position. If their original position or a position of similar or lesser status is available, it may be offered at the discretion of the City Administrator subject to approval of the City Council.

11.27 Light Duty/Modified Duty Assignment

This policy is to establish guidelines for temporary assignment of work to temporarily disabled employees who are medically unable to perform their regular work duties. Light duty is evaluated by the City Administrator on a case-by-case basis. This policy does not guarantee assignment to light duty.

Such assignments are for short-term, temporary disability-type purposes; assignment of light duty is at the discretion of the City Administrator. The City Administrator reserves the right to determine when and if light duty work will be assigned. The circumstances of each disabled employee performing light duty work will be reviewed regularly. Any light duty/modified work assignment may be discontinued at any time

If the City offers a light duty assignment to an employee who is out on worker's compensation leave, the employee may be subject to penalties if he/she refuses such work.

When an employee is unable to perform the essential requirements of his/her job due to a temporary disability, he/she will notify the supervisor in writing as to the nature and extent of the disability and the reason why he/she is unable to perform the essential functions, duties, and requirements of the position. This notice **must** be accompanied by a physician's report containing a diagnosis, current treatment, and any work restrictions related to the temporary disability. The notice must include the expected time frame regarding return to work with no restrictions, meeting all essential requirements and functions of the city's job description along with a written request for light duty. Upon receipt of the written request, the supervisor is to forward a copy of the report to the City Administrator. The City may require a medical exam conducted by a physician selected by the City to verify the diagnosis, current treatment, expected length of temporary disability, and work restrictions.

SECTION 12. SEPARATION FROM SERVICE

12.01 Resignation or Retirement

Non-exempt employees wishing to leave the City service in "good standing" must provide a written resignation notice to their supervisor, at least fourteen (14) calendar days before leaving and fulfilling the regular scheduled hours. Exempt employees must give thirty (30) calendar days written notice, unless otherwise stated in their contract.

Employees leaving the city in "good standing" will receive 100 percent of their vacation leave balance as compensation (applicable taxes will be withheld). Employees have the option of directing those dollars into a 457 deferred compensation plan (subject to IRS maximum deferral regulations and Minnesota law).

Unauthorized absences from work for a period of two (2) consecutive work days may be considered as resignation without proper notice.

The written resignation must state the effective date of the employee's resignation. Failure to comply with this procedure results in not leaving in good standing and may be cause for denying the employee's

severance pay and any future employment with the City. Employees who are terminated by the City or resign not in good standing will not qualify for vacation or sick leave payouts.

12.02 Severance Pay-outs

Employees who leave the City in "good standing" will receive pay for:

- All unused accrued vacation leave
- Employee who has five (5) years of consecutive employment will be reimbursed for unused sick days to a maximum of four hundred eighty (480) accumulated hours at the rate of one-half (1/2) of the employee's hourly rate plus the current year accrual.
- Non-exempt employees will receive all unused accrued compensatory time (Exempt employees will not receive any unused accrued compensatory time).
- Exempt employees will receive severance pay per their employment contract if applicable.
- * Employees covered by a Collective Bargaining Agreement may have additional terms and conditions pertaining to severance.

Employees who do not leave in "good standing" will only receive pay for:

- Non-exempt employees will receive all unused accrued compensatory time only.

SECTION 13. DISCIPLINE

13.01 General Policy

All Employees are responsible for maintaining compliance with City standards of employee conduct. The objective of this policy is to establish a standard disciplinary process for employees of the City of Isanti. City employees will be subject to disciplinary action for failure to fulfill their duties and responsibilities at the level required, including observance of work rules and standards of conduct and applicable City policies.

Discipline will be administered in a non-discriminatory manner. An employee who believes that discipline applied was either unjust or disproportionate to the offense committed may pursue a remedy through Human Resources. The City Administrator or designee will investigate any allegation on which disciplinary action might be based before any disciplinary action is taken.

13.02 No Contract Language Established

This policy is not to be construed as contractual terms and is intended to serve only as a guide for employment discipline.

13.03 Process

The City may elect, but shall not be required, to use progressive discipline with any employee. There may be circumstances that warrant deviation from the suggested order or where progressive discipline is not appropriate. Nothing in these personnel policies implies that any City employee has a right or guarantee to the job he/she performs.

Documentation of disciplinary action taken will be placed in the employee's personnel file with a copy provided to the employee.

The following are descriptions of the types of disciplinary actions:

13.04 Oral Reprimand

This measure will be used when informal discussions between the employee's supervisor or Department Head and the employee have not resolved a matter. All Department Heads have the ability to issue oral reprimands without prior approval.

Oral reprimands are normally given for first infractions on minor offenses to clarify expectations and put the employee on notice that the performance or behavior needs to change, and what the change must entail. The Department Head will document the discussion including date(s) and a summary of discussion and corrective action needed. Human Resources will place this summary in the employee's personnel file.

13.05 Written Reprimand

A written reprimand is more serious and may follow an oral reprimand when the problem is not corrected or the behavior has not consistently improved in a reasonable period of time. Serious infractions may require skipping either the oral or written reprimand, or both. Written reprimands are issued by the Department Head with prior approval from the City Administrator.

A written reprimand will: (1) state what did happen; (2) state what should have happened; (3) identify the policy, directive or performance expectation that was not followed; (4) provide history, if any, on the issue; (5) state any goals, including timetables, and expectations for the future; and (6) indicate consequences of recurrence.

Employees will be given a copy of the reprimand to sign acknowledging its receipt. Employees' signatures do not mean that they agree with the reprimand. Human Resources will place this in the employee's personnel file.

13.06 Suspension With or Without Pay

The City Administrator may suspend an employee with or without pay for disciplinary reasons. Suspension without pay may be followed with immediate dismissal as deemed appropriate by the City Council, except in the case of veterans. Qualified veterans, who have completed their initial probationary period, will not be suspended without pay in conjunction with a termination.

The employee will be notified in writing of the reason for the suspension either prior to the suspension or shortly thereafter. A copy of the letter of suspension will be placed in the employee's personnel file.

An employee may be suspended or placed on involuntary leave of absence pending an investigation of an allegation involving that employee. The leave may be with or without pay depending on a number of factors including the nature of the allegations. If the allegation is proven false after the investigation, the relevant written documents will be removed from the employee's personnel file and the employee will receive any compensation and benefits due had the suspension not taken place.

13.07 Demotion and/or Transfer

An employee may be demoted or transferred if an attempt at resolving an issue have failed and the City Administrator determines a demotion or transfer to be the best solution to the problem. The employee must be qualified for the position to which they are being demoted or transferred. The City Council must approve this action.

13.08 Dismissal/Termination

The City Administrator, with the approval of the City Council, may dismiss/terminate an employee for substandard work performance, serious misconduct, or behavior not in keeping with City standards.

If the disciplinary action involves the removal of a qualified veteran, who has completed his/her initial probationary period, the appropriate hearing notice will be provided and all rights will be afforded the veteran in accordance with Minnesota law.

13.09 Salary

An employee's salary step increase may be withheld or the salary may be decreased due to performance deficiencies.

13.10 Benefits

Vacation leave and sick leave accruals will not be applied when on unpaid suspension if the unpaid suspension exceeds five (5) working days.

SECTION 14. EMPLOYEE EDUCATION & TRAINING

14.01 Purpose

The City promotes staff development as an essential, ongoing function needed to maintain and improve cost effective quality service to residents. The purpose for staff development is to ensure that employees develop and maintain the knowledge and skills necessary for effective job performance and to provide employees with an opportunity for job enrichment and mobility. The City permits and encourages attendance at various education seminars, conferences, and training sessions as approved and budgeted.

14.02 Policy

The City will pay for the costs of an employee’s participation in training and attendance at professional conferences, seminars, and training sessions, provided that attendance is approved in advance and approved by the Department Head and City Administrator under the following criteria and procedures:

14.03 Job-Related Training & Conferences

The subject matter of the training session or conference is directly job-related and relevant to the performance of the employee’s work responsibilities. Responsibilities outlined in the job description, annual work program requirements, and training goals and objectives that have been developed for the employee will be considered in determining if the request is job-related.

CLE or similar courses taken by an employee in order to maintain licensing or other professional accreditation will not be eligible for payment under this policy unless specified in an employment contract or the subject matter relates directly to the employee’s duties, even though the employee may be required to maintain such licensing or accreditation as a condition of employment with the City.

The Department Head and the City Administrator are responsible for determining job-relatedness and approving or disapproving training and conference attendance.

14.04 Job-Related Meetings and Trainings with Minimal Cost

Attendance at professional meetings, or in state trainings costing $100 or less, that an employee has an involvement in and are directly related to the performance of the employee’s work responsibilities, do not require the approval of the City Administrator or training and travel paperwork. Advance Department Head approval is required to ensure adequate department coverage and budgetary impacts.

14.05 Request for Participation in Training & Conferences

All training/conferences by City employees must be in accordance with the City’s adopted budget. Requests for participating in training or conferences must be submitted in writing to the employee’s

supervisor on the appropriate form. Training and travel requests are required to be signed by the City Administrator, Department Head and Human Resources for approval.

All requests must include an estimate of the total cost (training session, travel, meals, etc.) and a statement of how the education or training is related to the performance of the employee's work responsibilities with the City. All training request forms should be submitted to the City Administrator as early as possible prior to the departure date.

Registration fees, meals, hotel/motel accommodations, public transportation, and other legitimate expenses are reimbursable as follows:

a. Expenses will be reimbursed for employees only. If spouses or guests attend the training sessions, they may do so at no expense to the City.
b. All registration fees for the training session will be paid by the City, provided that attendance at said sessions was approved and budgeted.
d. Lodging for the night before the commencement of a conference, seminar, or meeting may be requested only if the following criteria are met:
    1. The conference begins that evening or prior to 8:00 a.m. the next day.
e. Lodging for a multiple day conference considered to be within driving distance may be requested if one or more of the following criteria are met:
    1. Scheduled events end at 7 p.m. or later
    2. Following day travel to the event would start before 6 a.m.
f. In the event there are extenuating circumstances where lodging is seen as necessary, but does not fall under the outlined criteria above, those instances will be dealt with on a case-by-case basis by the City Administrator.
g. The registrant must provide itemized receipts for all of the above expenditures and attach them to the expense report form.

All requests must be approved by the Department Head and the City Administrator.

14.06 Out of State Travel

Attendance at training or conferences out of state is approved only if the training or conference is not available locally or if the training/conference is in an employee's employment contract. All requests for out of state travel are reviewed for approval/disapproval by the City Administrator.

14.07 Compensation for Travel & Training Time

Time spent traveling to and from, as well as time spent attending a training session or conference, will be compensated in accordance with the Federal Fair Labor Standards Act.

Travel and other related training expenses will be reimbursed subject to the employee providing necessary itemized receipts and appropriate documentation.

14.08 Travel & Meal Allowance

If employees are required to travel outside of the area in performance of their duties as a City employee, they will receive reimbursement of expenses for meals, lodging, and necessary expenses incurred. In no case will City funds be used to pay for, or reimburse, for events sponsored by or affiliated with political parties. The City will not reimburse employees for meals connected with training or meetings within City limits, unless the training or meeting is held as a breakfast, lunch or dinner meeting. The City will also not reimburse employees for the costs for travel of family members.

City vehicles should be used for travel by City employees. However, if circumstances make it impractical to use a City vehicle, and advance approval is given by the City Administrator prior to attendance, the City of Isanti will reimburse employees for the use of their private vehicles while on official City business at the current rate provided by the IRS mileage limit during the year. An employee approved to use their personal vehicle will not be reimbursed for mileage that the employee would have driven to and from their place of work on the days of training and travel; only those miles in excess of their regular miles that would have been driven to and from work will be reimbursed. Mileage from the employee's home to city offices in the conduct of employment will not be subject to reimbursement.

City vehicles will only be used for transportation related to the event being attended with exception of an occasional stop related to reasonable circumstantial needs.

Private vehicle mileage for use unrelated to the event will not be reimbursed.

Reimbursement will not be provided for any meals which are included as part of registration, tuition, or fees unless approved. Itemized receipts are required for meals and must clearly indicate the date. Reimbursement for meals while on authorized travel will include only actual expenditures including tax and 15% tip as outlined:

Individual Meals	$ 10.00 Breakfasts
	$ 15.00 Lunches
	$ 25.00 Dinners

Costs for meals which are a scheduled activity of an authorized conference or meeting which are not included in the registration fee will be fully reimbursed, not to exceed federal guidelines. Costs for alcoholic beverages will not be reimbursed.

14.09 Reimbursement Procedures

All requests for reimbursement will be made on the standard expense report form or claim request form, and will be submitted to the Department Head for approval; the Department Head will forward to the City Administrator or Human Resources for final approval.

Itemized receipts must be attached to the expense report form for any expenses not paid in advance by the City including; registration, lodging, meals, (other legitimate expenses where a receipt is not available, i.e. parking).

No advance reimbursement for an approved training session is permitted. Registration and lodging reservation will be made subject to the employee's travel request form. The Finance Department will process and provide a check made payable to the lodging entity or the City credit card will be used to reserve the lodging.

14.10 Internal Training

The City of Isanti finds it to be in the best public interest to conduct formal and informal internal training sessions as follows:

a. Holding regular staff meetings at the Department Head level and frequent staff meetings at the employee level.
b. Conduct in-service training seminars on such subjects as safety, etc.
c. Meet and confer with elected and appointed personnel of nearby municipalities or other units of government for the purpose of exchanging ideas which are of mutual benefit.

There will be no claims approved for personal expenses incurred under this Section.

14.11 Team/Department Training

The City of Isanti supports team/department training to enhance the cohesiveness and skills/abilities of a department or work team as a whole. Training objectives, costs, location, back-up for any staffing needs and hours away from work for the training of teams/departments must be reviewed by the supervisor for approval. Costs for team/department training must be approved by the City Administrator.

14.12 Memberships and Dues

The purpose of memberships to various professional organizations must be directly related to the betterment of the services of the City. Normally, one City membership per agency, as determined by the City Administrator, is allowed, providing funds are available. Such memberships will be approved by the City Administrator.

Upon separation of employment, individual memberships can and will remain with the City and in that case, are transferred to another employee by the supervisor.

SECTION 15. OUTSIDE EMPLOYMENT

The potential for conflicts of interest is lessened when full time employees at the City of Isanti regard the City as their primary employment responsibility. All outside employment is to be reported to the employee's immediate supervisor. If a potential conflict exists based on this policy or any other consideration, the Department Head will consult with the City Administrator. All outside employment, unless part of an employment contract, must be approved by the Department Head. A form must be completed by the employee and submitted to the Department Head. Any City employee accepting employment in an outside position that is determined by the Department Head to be in conflict with the employee's City job will be required to resign from the outside employment or may be subject to discipline up to and including termination.

For the purpose of this policy, outside employment refers to any non-City employment or consulting work for which an employee receives compensation, except for compensation received in conjunction with military service or holding a political office or an appointment to a government board or commission that is compatible with City employment. The following is to be considered when determining if outside employment is acceptable:

- Outside employment must not interfere with a full-time employee's availability during the City's regular hours of operation or with a part-time employee's regular work schedule.
- Outside employment must not interfere with the employee's ability to fulfill the essential requirements of his/her position.
- The employee must not use City equipment, resources, or staff in the course of the outside employment.
- The employee must not violate any City personnel policies as a result of outside employment.
- The employee must not receive compensation from another individual or employer for services performed during hours for which he/she is also being compensated by the City. Work performed for others while on approved vacation or compensatory time is not a violation of policy unless that work creates the appearance of a conflict of interest.
- No employee will work for another employer, or for his/her own business, while using paid sick leave from the City for those same hours.
- Outside employment opportunities with private or public entities where the employee already serves that entity with specified duties through a Joint Powers Agreement or Service Contract will

be reviewed by the City Administrator prior to acceptance of the employment opportunity. The review is to ensure that there is no conflict of interest with or use of City time or resources for the employment opportunity.

- Requests made by employees for outside employment that are denied by the Department Head may have a secondary review by the City Administrator for reconsideration.

City employees are not permitted to accept outside employment that creates either the appearance of or the potential for a conflict with the development, administration or implementation of policies, programs, services or any other operational aspect of the City.

SECTION 16. DRUG FREE WORKPLACE

In accordance with Federal Law, the City of Isanti has adopted the following policy on drugs in the workplace:

a. Employees are expected and required to report to work on time and in appropriate mental and physical condition. It is the City's intent and obligation to provide a drug-free, safe and secure work environment.

b. The unlawful manufacture distribution, possession, or use of a controlled substance on City property or while conducting City business is absolutely prohibited. Violations of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.

c. The City recognizes drug abuse as a potential health, safety, and security problem. Employees needing help in dealing with such problems are encouraged to use their health insurance plan, as appropriate.

d. Employees must, as a condition of employment, abide by the terms of this policy and must report any conviction under a criminal drug statute for violations occurring on or off work premises while conducting City business. A report of the conviction must be made within five (5) days after the conviction as required by the Drug-Free Workplace Act of 1988.

16.01 DOT Employees

The City has adopted the Commercial DOT Drug and Alcohol Testing Policy Resolution 2021-228 for employees who drive motor vehicles in safety sensitive. This policy applies to employees who are required to hold a commercial driver's license per the Omnibus Transportation Employee Testing Act of 1991. The City has the right to test DOT drivers at hire, for reasonable suspicion, post-accident and at random for drugs and/or alcohol. Any employee who fails a test for drugs or alcohol may be terminated by the City Council. An employee may be given the option to undergo a Substance Abuse Program (SAP) to continue employment at the expense of the employee by the discretion of the City Administrator.

SECTION 17. HARASSMENT/ RESPECTFUL WORKPLACE

17.01 General

The City is committed to creating and maintaining a public service workplace free of harassment and discrimination. Such harassment is a violation of Title VII of the Civil Rights Act of 1964, the Minnesota Human Rights Act, and other related employment laws.

In keeping with this commitment, the City maintains a strict policy prohibiting unlawful harassment, including sexual harassment. This policy prohibits harassment in any form, including verbal and physical harassment.

This policy is intended to make all employees, volunteers, members of boards and commissions, applicants, contractors/vendors, and elected officials and members of the public aware of the matter of harassment, to express the city's strong disapproval of harassment, to advise employees against this behavior and to inform them of their rights and obligations.

17.02 Applicability

Maintaining a work environment free from harassment is a shared responsibility. This policy is applicable to all city employees, volunteers, applicants, contractors/vendors, members of boards and commissions, City Council members, and members of the public both in the workplace and other city-sponsored social events. The most effective way to address any harassment issue is to bring it to the attention of management. The City acknowledges that this policy cannot predict all situations that might arise, and also recognizes that some employees are exposed to disrespectful behavior, and even violence, by the very nature of their jobs.

17.03 Definitions

The following types of harassment are unacceptable and therefore prohibited, even if not unlawful in and of themselves:

Sexual Harassment

Based on Minnesota Statute § 363.01, subdivision 41, sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature, when:

- Submitting to the conduct is made either explicitly or implicitly a term or condition of an individual's employment; or
- Submitting to or rejecting the conduct is used as the basis for an employment decision affecting an individual's employment; or
- Such conduct has the purpose or result of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment includes, but is not limited to, the following:

- Unwelcome or unwanted sexual advances. This means stalking, patting, pinching, brushing up against, hugging, cornering, kissing, fondling or any other similar physical contact considered unacceptable by another individual.
- Verbal or written abuse, making jokes, or comments that are sexually oriented and considered unacceptable by another individual. This includes comments about an individual's body or appearance where such comments go beyond mere courtesy, telling "dirty jokes" or any other tasteless, sexually oriented comments, innuendos or actions that offend others. The harassment policy applies to social media posts, tweets, etc., that are about or may be seen by employees, customers, etc.
- Requests or demands for sexual favors. This includes subtle or obvious expectations, pressures, or requests for any type of sexual favor, along with an implied or specific promise of favorable treatment (or negative consequence) concerning one's current or future job.

Violent Behavior

Violent behavior includes the use of physical force, harassment, bullying, or intimidation.

Offensive Behavior

Offensive behavior may include such actions as: rudeness, gossip, slander, angry outbursts, inappropriate humor/topics, vulgar obscenities, name calling, disrespectful language, or any other behavior regarded as offensive to a reasonable person based upon violent or discriminatory behavior as listed above. It is not possible to anticipate in this policy every example of offensive behavior. Accordingly, employees are encouraged to discuss with their fellow employees and supervisor what is regarded as offensive, taking into account the sensibilities of employees and the possibility of public reaction. If an employee is unsure whether a particular behavior is appropriate, the employee should request clarification from their supervisor or the City Administrator.

Discriminatory Behavior
Discriminatory behavior includes inappropriate remarks about or conduct related to a person's race, color, creed, religion, national origin, disability, sex, pregnancy, gender-biased statements, such as stereotypes about women or men, marital status, age, sexual orientation, familial status, or status with regard to public assistance.

Abusive Customer Behavior
While the City has a strong commitment to customer service, the City does not expect that employees accept verbal abuse from any customer. An employee may request that a supervisor intervene when a customer is abusive, or they may defuse the situation themselves, including professionally ending the contact.

If there is a concern over the possibility of physical violence, the individual should use his/her discretion to call 911, and as soon as feasible, a supervisor. Employees should leave the area immediately when violence is imminent unless their duties require them to remain (such as police officers). Employees must notify their supervisor about the incident as soon as possible.

17.04 Expectations
The City recognizes the need to educate its employees, volunteers, members of boards and commissions, contractors/ vendors, applicants, elected officials and members of the public on the subject of harassment and stands committed to providing information and training. All employees are expected to treat each other and the general public with respect and assist in fostering an environment free from offensive behavior or harassment. Violations of this policy may result in discipline, including possible termination. Each situation will be evaluated on a case-by-case basis.

Employees who feel that they have been victims of harassment, or employees who are aware of such harassment, should immediately report their concerns to any of the following:

1. A supervisor;
2. Department Head;
3. Human Resources;
4. City Administrator;
5. City Attorney.

In addition to notifying one of the above persons and stating the nature of the harassment, the employee is also encouraged to take the following steps, if the person feels safe and comfortable doing so. If there is a concern about the possibility of violence, the individual should use his/her discretion to call 911, and/or take other reasonable action, and as soon as feasible, a supervisor.

1. Communicate to the harasser the conduct is unwelcome. Professionally, but firmly, tell whoever is engaging in the disrespectful behavior how you feel about their actions, and request the person to stop the behavior because you feel intimidated, offended, or uncomfortable. If practical, bring a witness with you for this discussion.

2. In some situations, such as with an offender from the public, it is preferable to avoid one on one interactions. Talk to your supervisor about available options to ensure there are others available to help with transactions with an offender.

3. To reiterate, it's important you notify a supervisor, the City Administrator, the of your concerns promptly. Any employee who observes harassment or discriminatory behavior, or receives any reliable information about such conduct, must report it promptly to a supervisor or the City Administrator. The person to whom you speak is responsible for documenting the issues and for giving you a status report on the matter. If, after what is considered to be a reasonable length of time (for example, 30 days), you believe inadequate action is being taken to resolve your complaint/concern, the next step is to report the incident to the City Administrator, or the City Attorney.

The City urges conduct which is viewed as offensive be reported immediately to allow for corrective action to be taken through education and immediate counseling, if appropriate. Management takes these complaints seriously and has the obligation to provide an environment free of harassment. The City is obligated to prevent and correct unlawful harassment in a manner which does not abridge the rights of the accused. To accomplish this task, the cooperation of all employees is required.

In the case of a harassment complaint, a supervisor must report the allegations promptly to the City Administrator. If the City Administrator is the subject of the complaint, then the supervisor is to report the complaint to the City Attorney. A supervisor must act upon such a report even if requested otherwise by the victim. The City will take proportionate corrective action to correct any and all reported harassment to the extent evidence is available to verify the alleged harassment and any related retaliation. As noted later in this policy, retaliation is strictly prohibited. All allegations will be investigated. Formal investigations will be prompt, impartial, and thorough.

Strict confidentiality is not possible in all cases of sexual harassment as the accused has the right to answer charges made against them; particularly if discipline is a possible outcome. Reasonable efforts will be made to respect the confidentiality of the individuals involved, to the extent possible. Any investigation process will be handled as confidentially as practical and related information will only be shared on a need-to-know basis and in accordance with the Minnesota Government Data Practices Act and/or any other applicable laws.

To facilitate fostering a respectful work environment, all employees are encouraged to respond to questions or to otherwise participate in investigations regarding alleged harassment.

The City is not voluntarily engaging in a dispute resolution process within the meaning of Minn. Stat. § 363A.28, subd. 3(b) by adopting and enforcing this workplace policy. The filing of a complaint under this policy and any subsequent investigation does not suspend the one-year statute of limitations period under the Minnesota Human Rights Act for bringing a civil action or for filing a charge with the Commissioner of the Department of Human Rights.

17.05 Special Reporting Requirements

When the supervisor is the alleged harasser, a report will be made to the City Administrator who will assume the responsibility for investigation and discipline. For more information about what to do when allegations involve the City Administrator, see below.

If the City Administrator is the alleged harasser, a report will be made to the City Attorney who will confer with the City Council regarding appropriate investigation and action.

If a councilmember is the alleged harasser, the report will be made to the City Administrator and referred to the City Attorney who will undertake the necessary investigation. The City Attorney will report his/her findings to the City Council, which will take the action it deems appropriate.

Pending completion of the investigation, the City Administrator may at his/her discretion take appropriate action to protect the alleged victim, other employees, or citizens. The City will take reasonable and timely action, depending on the circumstances of the situation.

If an elected or appointed city official (e.g., council member or commission member) is the victim of disrespectful workplace behavior, the City Attorney will be consulted as to the appropriate course of action.

In cases such as these, it is common for the City Council to authorize an investigation by an independent investigator (consultant). The City will take reasonable and timely action, depending on the circumstances of the situation.

17.06 Retaliation

The City will not tolerate retaliation or intimidation directed towards anyone who reports employment discrimination, serves as a witness, participates in an investigation, and/or takes any other actions protected under federal or state discrimination laws, including when requesting religious or disability accommodation. Retaliation is broader than discrimination and includes, but is not limited to, any form of intimidation, reprisal or harassment. While each situation is very fact dependent, generally speaking retaliation can include a denial of a promotion, job benefits, or refusal to hire, discipline, negative performance evaluations or transfers to less prestigious or desirable work or work locations because an employee has engaged or may engage in activity in furtherance of EEO laws.

It can also include threats of reassignment, removal of supervisory responsibilities, filing civil action, deportation or other action with immigration authorities, disparagement to others or the media and making false report to government authorities because an employee has engaged or may engage in protected activities. Any individual who retaliates against a person who testifies, assists, or participates in an investigation may be subject to disciplinary action up to and including termination.

If you feel retaliation is occurring within the workplace, please report your concern immediately to any of the following:

1. Immediate supervisor;
2. Department Head;
3. City Administrator;
4. In the event an employee feels retaliation has occurred by the City Administrator or the City Council, then reporting may be made to the City Attorney.

Supervisors who have been approached by employees with claims of retaliation will take the complaint seriously and promptly report the allegations promptly to the City Administrator, or if the complaint is against the City Administrator to the City Attorney, who will decide how to proceed in addressing the complaint.

Consistent with the terms of applicable statutes and City personnel policies, the City may discipline any individual who retaliates against any person who reports alleged violations of this policy. The City may also discipline any individual who retaliates against any participant in an investigation, proceeding or hearing relating to the report of alleged violations.

SECTION 18. APPENDIX and POLICIES

- 18.01 Conflict of Interest
- 18.02 Safety
- 18.03 City Social Media Page policy
- 18.04 Computer Use policy
- 18.05 FMLA policy

18.01 CONFLICT OF INTEREST POLICY

Purpose
The City Council of the City of Isanti confirms its determination that ethical standards by the employees of the City (Public Officials) are essential to the proper conduct of City affairs. By eliminating conflicts of interest and providing a guide for conduct in City matters, the City Council strives to promote the faith and confidence of the citizens of the City in their government. The following standards of conduct are intended to serve as a guideline for Public Officials in carrying out their responsibilities. This Policy is in addition to any statutory requirements, Attorney General opinions or court rulings, which prescribe allowable actions for Public Officials.

Definition
Public Officials will be defined as follows:

- All employees of the City of Isanti
- Police Reserves

Standards of Conduct

1. Public Officials:
    a. Must not use their positions to secure special privileges or exemptions for themselves or others to intentionally jeopardize the position of employment of others;
    b. Must not engage in, solicit, negotiate for, or promise to accept private employment nor will they render services for private interests or conduct a private business when such employment, service, or business creates a conflict with or impairs the proper discharge of their official duties;
    c. Must not participate in deliberations in any matter before the Council, Board or Commission, which affects that Public Official's, Public Official's spouse or minor child's financial interests directly or indirectly or those of a business, profession or occupation with which the Public Official is associated. Whenever such conflict is recognized, the affected Public Officials must disclose in writing such interest prior to any discussion or vote and disqualify themselves from any further involvement pertaining to the issue;
    d. Must not act as agent or attorney for another in any matter before the Council or any Board or Commission or before any court or administrative board in any matter in which the City is a party;
    e. Must not directly or indirectly receive, or agree to receive, any compensation, gift or reward or gratuity as an inducement to support or influence any matter or proceeding connected with, or related to, the duties of the office. The following types of gifts are permitted under exceptions to the law:
        1. Lawful campaign contributions.
        2. Services to assist an official in the performance of official duties.
        3. Services of insignificant monetary value.
        4. A plaque or similar item.
        5. A trinket or item of insignificant monetary value.

6. Informational material of unexceptional value.
7. Food or beverage given at a reception, meal, or meeting by an organization before whom the recipient makes a speech or answers questions as part of a program (this exception is only available if the location of the reception, meal, or meeting is away from the recipient's place of work).
8. Gifts given because of the recipient's membership in a group.
9. Gifts between family members.

f. Must not participate in drawings or raffles at events, conferences, or seminars while attending as a City employee where financial participation is required.
g. Must not disclose to others or use to further their personal interest confidential information acquired by them in the course of their official duties.

2. Any Public Official who is an officer, director, partner, agent, proprietor or employee of any firm or has a proprietary interest of 10 percent (10%) or more in any company, business, enterprise or corporation, partnership, labor union or association doing business with the City will make known that interest in writing as provided in the disclosure section of this Policy.
3. No Public Official nor business entity that the Public Official has a financial interest in, in excess of 10 percent (10%), will enter into any contract with the City unless otherwise authorized by law.
4. Public Officials must disclose to the governing body any relationship to another person or entity in any instance where there is a conflict of interest or could be the appearance of a conflict of interest.
5. Public Officials will not have a personal financial interest in any sales, lease, or contract that they are authorized to make in their official capacities.
6. A Public Official will not hold two positions if the positions' functions are incompatible with one another.

Disclosures
Public Officials, elected or appointed, must, no later than thirty (30) days following election or appointment to office and each year thereafter by February 1, complete the Disclosure Form and return it to the City Clerk. All subsequent applicants for appointment on Boards and Commissions will file a completed Disclosure Form together with the application form. Within thirty (30) days after the acquisition or sale of any property, each Public Official will file as a public record with the City Administrator, a list of all real property in the City owned by such person, that person's spouse, or minor child, or in which the Public Official has a beneficial interest, disclosing each individual item held, and by whom. Homestead will be excluded from the above disclosure. Each Public Official must disclose all positions as officer, director, partner, agent, proprietor or employee of any firm in which such Public Official has a proprietary interest of ten percent (10%) or more in any company, business, enterprise, corporation, partnership, labor union or association doing business with the City, and indicate with respect to each such relationship whether services are gratuitous or for compensation.

Disclosure Form
The disclosure information required by this Policy will be set forth on a form made available by the City Clerk or designee.

Discipline
Upon a signed written complaint of any person questioning adherence to this Policy or on the Council's own volition, the Council will refer the matter to the City Attorney for investigation and the City Attorney will report the results of the investigation to the Council within forty-five (45) days thereafter. A copy of such report will be furnished to the person complained against. Such person may request a hearing on this matter before the Council which request will be filed with the City Administrator not later than ten (10) days following receipt by such person of the City Attorney's report.

Upon receipt of the City Attorney's report and at the conclusion of any hearing on the matter, the Council by majority vote may dismiss the complaint as having no merit, may adopt a resolution of censure, or with respect to members of Boards and Commissions, the Council may remove a member from such Board or Commission. In the event the complaint is against a member of the Council, such member will not participate in the Council's deliberations or vote on the issue.

Violations
Any Public Official who violates the Conflict-of-Interest Law can be found guilty of a gross misdemeanor, be fined up to $3,000, and imprisoned for up to one year. Any contract that has been made illegally is void.

18.02 SAFETY POLICY

The health and safety of each employee of the City and the prevention of occupational injuries and illnesses are of primary importance to the City. To the greatest degree possible, management will maintain an environment free from unnecessary hazards and will establish safety policies and procedures for each department. Adherence to these policies is the responsibility of each employee. Overall administration of this policy is the responsibility of each supervisor.

Reporting Accidents and Illnesses
Both Minnesota Worker's Compensation laws and the State and Federal Occupational Safety and Health Acts require that all on the job injuries and illnesses be reported as soon as possible by the employee, or on behalf of the injured or ill employee, to his/her supervisor. The employee or the employee's immediate supervisor is required to complete a First Report of Injury (FROI) and any other forms that may be necessary related to an injury or illness on the job and submit to Human Resources.

Safety Equipment/Gear
Where safety equipment is required by federal, state, or local rules and regulations, it is a condition of employment that such equipment be worn by the employee.

Unsafe Behavior
Supervisors are authorized to send an employee home immediately for the remainder of the employee's shift when the employee's behavior violates the City's personnel policies, department policies, or creates a potential health or safety issue for the employee or others. The City will not compensate the employee for the time he/she loses; however, the employee may use accrued compensatory or vacation time for the time he/she loses.

Possession or Use of a Dangerous Weapon
Possession or use of a dangerous weapon (see attached definitions) is prohibited on City property, in City vehicles, or in any personal vehicle, which is being used for City business. This includes employees with valid permits to carry firearms.

The following exceptions to the dangerous weapons prohibition are as follows:

a. Employees legally in possession of a firearm for which the employee holds a valid permit, if required, and said firearm is secured within an attended personal vehicle or concealed from view within a locked unattended personal vehicle while that person is working on City property.
b. A person who is showing or transferring the weapon or firearm to a police officer as part of an investigation.
c. Police officers and employees who are in possession of a weapon or firearm in the scope of their official duties.

18.03 CITY SOCIAL MEDIA PAGE POLICY

Social networking in government serves two primary functions: to communicate and deliver messages directly to citizens and to encourage citizen involvement, interaction, and feedback. Information which is distributed via social networking must be accurate, consistent, and timely and meet the information needs of the City's customers. Since social media is used for social networking, this policy seeks to ensure proper use of the City of Isanti's social media sites by its representatives.

The City of Isanti wishes to establish a positive and informative social media presence. City representatives have the responsibility to use the City's social media resources in an efficient, effective, ethical and lawful manner pursuant to all existing City and departmental policies. This policy also provides guidelines and standards for City representatives regarding the use of social media for communication with residents, colleagues and all other followers.

The City of Isanti will determine, at its discretion, how its web-based social media resources will be designed, implemented and managed as part of its overall communication and information sharing strategy. City social media sites may be modified or removed by the City at any time and without notice, as described in this document.

City of Isanti social media accounts are considered a City asset and administrator access to these accounts must be securely administered in accordance with the City's Computer Use policy. The City reserves the right to shut down any of its social media sites or accounts for any reason without notice.

All social media web sites created and utilized during the course and scope of an employee's performance of his/her job duties will be identified as belonging to the City of Isanti, including a link to the City's official web site.

Scope

This policy applies to any existing or proposed social media web sites sponsored, established, registered or authorized by the City of Isanti. This policy also covers the private use of the City's social media accounts by all City representatives, including its employees and agents, council members, appointed board or commission members, and all public safety volunteers to the extent it affects the City. Questions regarding the scope of this policy should be directed to the Human Resources or the City Administrator.

Definition

Social media are internet and mobile-based applications, websites, and functions, other than email, for sharing and discussing information, where users can post photos, video, comments, and links to other information to create content on any imaginable topic. This may be referred to as "user-generated content" or "consumer-generated media."

Social media includes, but is not limited to:

- Social networking sites such as Facebook, LinkedIn, Twitter, Instagram, and online dating services/mobile apps
- Blogs, Wikis, or shared encyclopedias such as Wikipedia
- Social news sites such as Reddit and Buzzfeed
- Video and photo sharing sites such as YouTube, Instagram, Snap Chat, and Flickr, Facebook
- An ever-emerging list of new web-based platforms generally regarded as social media or having many of the same functions as those listed above

As used in this policy, "employees and agents" means all City representatives, including its employees and other agents of the City, such as independent contractors or Council members.

Rules of Use
City employees, as assigned in their respective City Departments, or designated agents with administrator access, are responsible for managing social media websites. Facilities or departments wishing to have a new social media presence must initially submit a request to the City Administrator in order to ensure social media accounts are kept to a sustainable number and policies are followed. All social media sites/use must be approved by Resolution of the City Council. All approved sites will be clearly marked as the City of Isanti site and will be linked with the official City website (www.cityofisanti.us). No one may establish social media accounts or websites on behalf of the City unless authorized in accordance with this policy

Administration of all social media web sites must comply with applicable laws, regulations, and policies as well as proper business etiquette.

City social media accounts accessed and utilized during the course and scope of an employee's performance of his/her job duties may not be used for private or personal purposes or for the purpose of expressing private or personal views on personal, political, or policy issues or to express personal views or concerns pertaining to City employment relations matters.

No social media website may be used by the City or any City employee or agent to disclose private or confidential information. No social media web site should be used to disclose sensitive information; if there is any question as to whether information is private, confidential or sensitive, contact Human Resources or the City Administrator.

When using social media sites as a representative of the City, employees and agents will act in a professional manner. Examples include but are not limited to:

- Adhere to all City personnel and Computer Use policies
- Use only appropriate language

Be aware that content will not only reflect on the writer but also on the City of Isanti as a whole, including elected officials and other City employees and agents. Make sure information is accurate and free of grammatical errors.

- Not providing private or confidential information, including names, or using such material as part of any content added to a site.
- Not negatively commenting on community partners or their services, or using such material as part of any content added to a site.
- Not providing information related to pending decisions that would compromise negotiations.
- Be aware that all content added to a site is subject to open records/right to know laws and discovery in legal cases.
- Always keep in mind the appropriateness of content.
- Comply with any existing code of ethical behavior established by the City.

Where moderation of comments is an available option, comments from the public will be reviewed by City staff, with administrative rights, before posting. It is the City's discretion to allow any comments or posts on City social media sites. Where moderation prior to posting is not an option, sites will be regularly monitored by City staff.

City of Isanti's staff with administrative rights will not edit any posted comments. However, comments posted by members of the public may not be posted or will be removed if they are abusive, obscene, defamatory, in violation of the copyright, trademark right, or other intellectual property right of any third party, or otherwise inappropriate or incorrect. The following are examples of content that may be removed by City staff before or shortly after being published:

- Potentially libelous comments
- Obscene or racist comments
- Personal attacks, insults, or threatening language
- Plagiarized material
- Private, personal information published without consent
- Comments totally unrelated to the topic of the forum
- Commercial promotions or spam
- Hyperlinks to material that is not directly related to the discussion

18.04 COMPUTER USE POLICY

General
This policy serves to protect the security and integrity of the City's electronic communication and information systems by educating employees about appropriate and safe use of available technology resources.

Computers and related equipment used by City employees are property of the City. The City reserves the right to inspect, without notice, all data, emails, files, settings, or any other aspect of a City-owned computer or related system, including personal information created or maintained by an employee. The City may conduct inspections on an as-needed basis as determined by the City Administrator or designee.

Beyond this policy, the city's System Administrator may distribute information regarding precautions and actions needed to protect City systems; all employees are responsible for reading and following the guidance and directives in these communications.

No Privacy
Users have no expectation of privacy in using the City's electronic communication and information systems. No communication using these systems should be considered private or personal. Since records retention policies may apply to electronic communications, users should assume that even deleted messages are retrievable at a later date.

Personal Use
The City recognizes that some personal use of City-owned computers and related equipment has and will continue to occur. Some controls are necessary, however, to protect the City's equipment and computer network and to prevent abuse of this privilege.

Reasonable, incidental personal use of City computers and software (e.g., word processing, spreadsheets, email, Internet, etc.) is allowed but should never preempt or interfere with work. All use of City computers and software, including personal use, must adhere to provisions in this policy, including the following:

- Employees shall not connect personal peripheral tools or equipment (such as printers, digital cameras, disks, USB drives, or flash cards) to City-owned systems, without prior approval from the System Administrator. If permission to connect these tools/peripherals is granted, the employee must follow provided directions for protecting the City's computer network.
- Personal files should not be stored on City computer equipment. This also applies to personal media files, including but not limited to mp3 files, wav files, movie files, iTunes files, or any other file created by copying a music CD, DVD, or files from the Internet. City Technology Office staff will delete these types of files if found on the network, computers, or other City-owned equipment. Exceptions would be recordings for which the City has created, owns, purchased, or has a license.
- City equipment or technology shall not be used for personal business interests, for-profit ventures, political activities, or other uses deemed by the City Administrator to be inconsistent with City activities. If there is any question about whether a use is appropriate, it should be forwarded to the City Administrator for a determination.

Hardware
In general, the City will provide the hardware required for an employee to perform his or her job duties. Requests for new or different equipment should be made to your supervisor, who will forward the request to the System Administrator.

The City will not supply laptop computers based solely on the desire of employees to work offsite. A laptop request form will be required for each laptop deployment, and must be signed off by the employee's supervisor and Department Head. Laptops will only be issued to employees who: travel frequently and require the use of a full computer while traveling; regularly use their laptop offsite; require a laptop for access to special software or systems; and/or have a documented business need for a laptop.

Only City staff may use City computer equipment. Use of City equipment by family members, friends, or others is strictly prohibited.

Employees are responsible for the proper use and care of City-owned computer equipment. City computer equipment must be secured while off City premises; do not leave computer equipment in an unlocked vehicle or unattended at any offsite facility. Computer equipment should not be exposed to extreme temperature or humidity. If a computer is exposed to extreme heat, cold, or humidity, it should be allowed to achieve normal room temperature and humidity before being turned on.

Software
In general, the City will provide the software required for an employee to perform his or her job duties. Requests for new or different software should be made to your supervisor, who will forward the request to the System Administrator.

Employees shall not download or install any software on their computer without the prior approval of the System Administrator. Exceptions to this include updates to software approved by Information Technology such as Microsoft updates, or other productivity software updates. The System Administrator may, without notice, remove any unauthorized programs or software, equipment, downloads, or other resources.

Electronic Mail: The City provides employees with an email address for work-related use. Some personal use of the City email system by employees is allowed, provided it does not interfere with an employee's work and is consistent with all City policies.

Employee emails (including those that are personal in nature) may be considered public data for both e-discovery and information requests and may not be protected by privacy laws. Email may also be monitored as directed by the City authorized staff and without notice to the employee.

Employees must adhere to these email guidelines:

- Never transmit an email that you would not want your supervisor, other employees, members, city officials, or the media to read or publish (e.g., avoid gossip, personal information, swearing, etc.).
- Use caution or avoid corresponding by email on confidential communications (e.g., letters of reprimand, correspondence with attorneys, medical information).
- Do not open email attachments or links from an unknown sender. Delete junk or "spam" email without opening it if possible. Do not respond to unknown senders.
- Do not use harassing language (including sexually harassing language) or any other remarks, including insensitive language or derogatory, offensive, or insulting comments or jokes.

Electronic Calendars: A shared calendar environment is provided as part of the City's email software program. All employees are required to keep their electronic calendar up to date and, at a minimum, must grant all staff the ability to view their calendar.

Instant Messaging: Due to data retention concerns, Instant Messaging (IM) is only allowed for transitory discussions and should be deleted after use. The City only allows IM via (insert designated product here). Employees are not allowed to use IM as a mechanism for personal communication through the City's computer network or when using City equipment, and are not allowed to download or install any other IM software package on their City computer.

Personal Devices: Employees may choose to use their own equipment to read or compose email or other City data as governed in this policy. Employees understand that by connecting their personal equipment to the City's email server, their personal devices could be searched during an e-discovery or other court-ordered scenarios, and agree to grant access to their personal devices should such a situation arise.

Security

Passwords: Employees are responsible for maintaining computer/network passwords and must adhere to these guidelines:

- Passwords must be at least eight characters long and include at least three of the following: lowercase character; uppercase character; and a number or non-alpha-numeric character (e.g., *, &, %, etc.). (Example: J0yfu11y!) Password requirements may be changed as necessary, as determined by the System Administrator.
- Passwords should not be shared or told to other staff. If it is necessary to access an employee's computer when he or she is absent, contact your supervisor or the System Administrator; The System Administrator will not provide access to staff accounts without approval of the City Administrator.
- Passwords should not be stored in any location on or near the computer, or stored electronically such as in a cell phone or other mobile device.
- Employees must change passwords every 60 days when prompted, or on another schedule as determined by the System Administrator.

Network access: Non-City-owned computer equipment used in the City's building should only use the wireless connection to the Internet. Under no circumstances should any non-City-owned equipment be connected to the City's computer network via a network cable. Exceptions may be granted by the System Administrator.

Personal computer equipment may not be connected to the City's network without prior approval of the System Administrator. Personal equipment may be subject to password requirements or other electronic security measures as determined by the System Administrator.

Remote Access to the Network: Examples of remote access include, but are not limited to: Outlook Web Access (web mail), virtual private network (VPN), Windows Remote Desktop, and Windows Terminal Server connections. While connected to City computer resources remotely, all aspects of the City's Computer Use Policy will apply, including the following:

- Remote access to the City's network requires a request from a supervisor and approval from the System Administrator. Remote access privileges may be revoked at any time by an employee's supervisor.
- If remote access is from a non-City-owned computer, updated anti-virus software must be installed and operational on the computer equipment, and all critical operating system updates must be installed prior to connecting to the City network remotely. Failure to comply could result in the termination of remote access privileges.
- Recreational use of remote connections to the City's network is strictly forbidden. An example of this would be a family member utilizing the City's cellular connection to visit websites.
- Private or confidential data should not be transmitted over an unsecured wireless connection. Wireless connections are not secure and could pose a security risk if used to transmit City passwords or private data while connecting to City resources. Wireless connections include those over cellular networks and wireless access points, regardless of the technology used to connect.

Internet

The following considerations apply to all uses of the Internet:

- Information found on the Internet and used for City work must be verified to be accurate and factually correct.
- Reasonable personal use of the Internet is permitted. Employees may not at any time access inappropriate sites. Some examples of inappropriate sites include but are not limited to adult entertainment, sexually explicit material, or material advocating intolerance of other people, races, or religions. If you are unsure whether a site may include inappropriate information, you should not visit it.
- If an employee's use of the Internet is compromising the integrity of the City's network, City Technology Office staff may temporarily restrict that employee's access to the Internet. If City Technology Office staff does restrict access, they will notify the employee, HR, and the employee's manager as soon as possible, and work with the employee and manager to rectify the situation.
- The City may monitor or restrict any employee's use of the Internet without prior notice, as deemed appropriate by the employee's Department Head.

Responsibility for Information User

City authorized users should logout of computer terminals or systems if they are going to leave the computer terminal or system unattended. City employees should be alert about their computer or terminal status and take care that unauthorized individuals cannot read or modify data through a valid system login or session. When a user prints sensitive, proprietary or otherwise controlled information, that user should retrieve the printed material in a timely manner to ensure that it is not available for unauthorized use. City employees should not make extra copies of any City or client information beyond what is required to perform official duties.

Reporting Problems (and Maintenance of Confidentiality)

If a City employee has knowledge of, or suspicion of a compromise or attempted compromise of City of Isanti information systems, or access controls, that employee is expected to report that knowledge or

suspicion immediately upon becoming aware of the potential security problem to their supervisor or to the System Administrator.

Data Retention
Electronic data should be stored and retained in accordance with the City's records retention schedule.

Storing and Transferring Files: If you are unsure whether an email or other file is a government record for purposes of records retention laws or whether it is considered protected or private, check with your supervisor. If you are unsure how to create an appropriate file structure for saving and storing electronic information, contact the System Administrator.

Employees must adhere to these guidelines when transferring and storing electronic files:

- All electronic files must be stored on identified network drives and folder locations. The City will not back up documents stored on local computer hard drives, and holds no responsibility for recovery of documents on local computer hard drives should they fail. Files may be temporarily stored on a laptop hard drive when an employee is traveling/offsite; however, the files should be copied to network as soon as possible.
- Electronic files, including emails and business-related materials created on an employee's home or personal computer for City business, must be transferred to and stored in designated locations on the City's network. City-related files should not be stored on an employee's personal computer, unless otherwise defined in this policy.
- All removable storage media (e.g., CD-ROM, flash or USB drive, or other storage media) must be verified to be virus-free before being connected to City equipment.
- Email that constitutes an official record of City business must be kept in accordance with all records retention requirements for the department and should be copied to the network for storage.
- Email that is simple correspondence and not an official record of City business should be deleted (from both the "Inbox" and the "Deleted" box) as soon as possible and should not be retained by employees for more than three months. The City will not retain emails longer than one year on the network or in network back-ups.
- Electronic files or emails that may be classified as protected or private information should be stored in a location on the City's network that is properly secured.
- Any files considered private or confidential should not be stored anywhere other than the City's network. If there is a need to take confidential information offsite, it must be stored on encrypted media; the System Administrator can assist in the encryption of media.

18.05 FAMILY AND MEDICAL LEAVE (FMLA) POLICY

ELIGIBILITY
To qualify to take FMLA leave under this policy, an employee must meet all the following conditions:

- Have worked for the City for 12 months (or 52 weeks) prior to the date the leave is to commence. The 12 months or 52 weeks need not have been consecutive; however, the City will not consider any service 7 years prior to the employee's most recent hire date.
- Have worked at least 1,250 hours during the 12-month period prior to the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act ("FLSA") determine the number of hours worked by an employee. Vacation and other leaves are not included

TYPES OF LEAVE COVERED BY FMLA
Leave will be granted to all eligible employees for any of the following reasons:

- The birth of a child, including prenatal care, or placement of a child with the employee for adoption or foster care;
- To care for a spouse, child, or parent who has a serious health condition;
- Due to a serious health condition that makes the employee unable to perform the essential functions of the position;
- A covered military member's active duty or call to duty or to care for a covered military member (Military Caregiver and Qualified Exigency Leave) (described below).

DEFINITIONS

- **"Spouse"** does not include domestic partners or common-law spouses.
- **"Caring for"** a covered family member includes psychological as well as physical care. It also includes acquiring care and sharing care duties. An eligible **"child,"** with some exceptions, is under 18 years of age.
- An eligible **"parent"** includes a biological parent or a person who stood in the place of a parent.
- **"Serious Health Condition"** means an illness, injury, impairment, or physical or mental condition that involves one of the following:
    - **Hospital Care**: Any period of incapacity or treatment connected with inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility;
    - **Pregnancy**: Any period of incapacity due to pregnancy, prenatal medical care or child birth;
    - **Absence Plus Treatment:** A period of incapacity of more than three consecutive calendar days that also involves continuing treatment by or under the supervision of a health care provider.
    - **Chronic Conditions Requiring Treatments**: An incapacity from a chronic condition which requires periodic visits for treatment by a health care provider, continues over an extended period of time, and may cause episodic rather than a continuing period of incapacity;
    - **Permanent/Long-Term Conditions Requiring Supervision**
    - **Multiple Treatments:** Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider.

LENGTH AND AMOUNT OF LEAVE

The length of FMLA leave is not to exceed twelve (12) weeks in any twelve (12) month period. The leave year is calculated based on day the leave began.

The entitlement to FMLA leave for the birth or placement of a child for adoption expires twelve (12) months after the birth or placement of that child.

HOW LEAVE MAY BE TAKEN

FMLA leave may be taken for 12 (or less) consecutive weeks, may be used intermittently (a day periodically when needed), or may be used to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of 12 workweeks. Employees are required to use all vacation, sick and compensatory time during FMLA. Unpaid leave will not be permitted unless all leaves banks have been exhausted.

Intermittent leave may be taken when medically necessary for the employee's serious health condition or to care for a seriously ill family member. Intermittent leave must be documented in the medical certification form as medically necessary.

If an employee is taking intermittent leave or leave on a reduced schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as to not disrupt the City's business.

In instances when intermittent or reduced schedule leave for the employee or employee's family member is foreseeable or is for planned medical treatment, including recovery from a serious health condition, the City may temporarily transfer an employee to an available alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule.

Intermittent/reduced scheduled leave may be taken to care for a newborn or newly placed adopted or foster care child only with the City's approval.

PROCEDURE FOR REQUESTING LEAVE AND NOTICE
Employees requesting FMLA leave must provide written or verbal notice of the need for the leave to Human Resources or the City Administrator along with a *Medical Certification.*

When the need for the leave is foreseeable, the employee must give verbal or written notice to his/her supervisor at least thirty (30) days prior to the date on which leave is to begin.

If thirty (30) days' notice cannot be given, the employee is required to give as much notice as practicable, including following required call-in procedures.

The City requires an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

CERTIFICATION AND DOCUMENTATION REQUIREMENTS
For leave due to an employee's serious health condition or that of an employee's family member, the City will require the completion of a Medical Certification form by the attending physician or practitioner. The form must be submitted by the employee to the City Administrator within fifteen (15) calendar days after leave is requested. If the form is not submitted in a timely fashion, the employee must provide a reasonable explanation for the delay. Failure to provide medical certification may result in a denial or delay of the leave.

When leave is due to an employee's own serious health condition, a fitness for duty certification (FFD) will be required before an employee can return to work. Failure to timely provide such certification may eliminate or delay an employee's right to reinstatement under the FMLA.

If an employee is using intermittent leave and reasonable safety concerns exist regarding the employee's ability to perform his or her duties, a FFD certificate may be required as frequently as every 30 days during periods when the employee has used intermittent leave.

Recertification of leave may be required if the employee requests an extension of the original length approved by the City or if the circumstances regarding the leave have changed. Recertification may also be required if there is a question as to the validity of the certification or if the employee is unable to return to work due to the serious health condition.

*****The City may require an employee obtain a second opinion from a provider which the City selects. If necessary, to resolve a conflict between the original certification and the second opinion, the City may require the opinion of a third doctor. This third opinion will be considered final. An employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion.

ANNUAL MEDICAL CERTIFICATION AND RECERTIFICATION
Where the employee's need for leave due to the employee's own serious health condition lasts beyond a single leave year, the City will require employees to provide a new medical certification in each subsequent leave year. Such new medical certifications are subject to the provisions for authentication and clarification and second and third opinions.

REINSTATEMENT
Employees returning from Family and Medical Leave will be reinstated in the same position or a position equivalent in pay, benefits, and other terms and conditions of employment.

GROUP HEALTH INSURANCE AND OTHER BENEFITS, CONCURRENT LEAVE AND SUBSTITUTION OF PAID LEAVE
An employee granted leave under this policy will continue to be covered under the City's group health and dental insurance plan under the same conditions and at the same level of City contribution as would have been provided had the employee been continuously employed during the leave period. The employee will be required to continue payment of the employee portion of group insurance coverage while on leave. Arrangements for payment of the employee's portion of premiums must be made by the employee with the City.

If there are changes in the City's contribution levels while the employee is on leave, those changes will take place as if the employee were still on the job.

Rights to additional continued benefits will depend on whether leave is paid or unpaid.

Any paid disability leave benefits (Short Term Disability or Long-Term Disability), sick leave, Paid Time Off (PTO) or compensatory time off available to employees for a covered reason (an employee's serious health condition or a covered family member's serious health condition, including worker's compensation leave and Minnesota State Parenting Leave) will run concurrently with FMLA.

*The City's FMLA policy with Minnesota Parenting Leave and all forms of paid time off (sick leave, disability leave, workers' comp leave, vacation, PTO and compensatory time off) run concurrently with FMLA. By way of example, a Minnesota Parenting Leave policy -- which permits employees who have worked for the company for at least twelve (12) months and have worked at least 1,040 hours – should clearly state that Minnesota Parental leave will run concurrently with any other applicable leave, such as FMLA, STD, paid parental leave, sick leave, or accrued vacation and that paid leave cannot be utilized to extend FMLA or parental leave beyond twelve weeks.

FAILURE TO RETURN TO WORK AFTER FMLA
Under certain circumstances, if the employee does not return to work at the end of the FMLA leave for at least 30 calendar days, the City may require the employee to repay the portion of the monthly cost paid by the City for group health plan benefits. The City may also require the employee to repay any amounts the City paid on the employee's behalf to maintain benefits other than group health plan benefits.

*If an employee does not return to work following 12 weeks of FMLA leave, the employee may be subject to COBRA continuation.

If the employee fails to pay the City a portion of the premiums for which he or she is responsible during the FMLA leave and the employee fails to return to work, coverage may end. Loss of coverage for failure to pay premiums is not a qualifying event for purposes of continuation coverage under COBRA.

If the employee does not return from the FMLA leave and coverage ended sometime during the FMLA leave due to lack of payment, there is no COBRA election available. For COBRA to apply, the employee must have been covered on the day before the qualifying event. In this situation, the qualifying event would occur at the time the employee did not return from the leave.

ACTIVITIES PROHIBITED DURING FMLA
While on leave, an employee may not engage in activities (including employment) which have the same or similar requirements and essential functions of an employee's current position.

While on leave, an employee may not engage in any activity that conflicts with the best interests of the City. Such conduct may result in disciplinary action up to and including termination of employment.

FMLA – QUALIFIED EXIGENCY AND MILITARY CAREGIVER LEAVE

Qualified Exigency
Eligible employees (described above) whose spouse, son, daughter, or parent either has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call-up or service.

The qualifying exigency must be one of the following: (1) short-notice deployment; (2) military events and activities; (3) childcare and school activities; (3) financial and legal arrangements; (5) counseling; (6) rest and recuperation; (7) post-deployment activities; (8) parental care; or (9) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

Military Caregiver Leave
An employee eligible for FMLA leave (described above) who is the spouse, son, daughter, parent, or next of kin of a covered servicemember may take up to 26 weeks in a single 12-month period to care for that servicemember.

The family member must be a current member of the Armed Forces (including a member of the National Guard or Reserves), who has a serious injury or illness incurred in the line of duty on active duty for which he or she is undergoing medical treatment, recuperation, or therapy, or otherwise is on outpatient status or on the temporary disability retired list. Eligible employees may not take leave under this provision to care for former members of the Armed Forces, former members of the National Guard and Reserves, or members on the permanent disability retired list.

DEFINITIONS

- A **"son or daughter of a covered servicemember**" means the covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.

- A "**parent of a covered servicemember**" means a covered servicemember's biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents "in law."

- The "**next of kin of a covered servicemember**" is the nearest blood relative, other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the servicemember by court decree or

statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

- **"Covered active duty"** means:
  - "Covered active duty" for members of a regular component of the Armed Forces means duty during deployment of the member with the Armed Forces to a foreign country.
  - "Covered active duty" for members of the reserve components of the Armed Forces (members of the U.S. National Guard and Reserves) means duty during deployment of the member with the Armed Forces to a foreign country under a call or order to active duty in a contingency operation as defined in section 101(a)(13)(B) of Title 10 of the United States Code.

- **"Covered servicemember"** means:
  - An Armed Forces member (including the National Guard or Reserves) undergoing medical treatment, recuperation, or therapy or otherwise in outpatient status or on the temporary disability retired list, for a serious injury or illness"; or
  - A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

- **"Serious injury or illness"** means:
  - In the case of a member of the Armed Forces (including a member of the National Guard or Reserves), means an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
  - In the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered servicemember, means a qualifying (as defined by the Secretary of Labor) injury or illness incurred by a covered servicemember in the line of duty on active duty that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank or rating.

AMOUNT OF LEAVE – QUALIFIED EXIGENCY
An eligible employee can take up to 12 weeks of leave for a qualified exigency.

AMOUNT OF LEAVE – MILITARY CAREGIVER
An eligible employee taking military caregiver leave is entitled to 26 workweeks of leave during a "single 12-month period." The "single 12-month period" begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends 12 months after that date.

All leave taken for any FMLA reason counts towards the 26-week entitlement. If an employee does not take all 26 workweeks of leave to care for a covered servicemember during this "single 12-month period," the remaining part of the 26 workweeks of leave entitlement to care for the covered servicemember is forfeited. 29 C.F.R. § 825.127(e)(1) (2017).

CERTIFICATION OF QUALIFYING EXIGENCY FOR MILITARY FAMILY LEAVE
The City will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification of Qualifying Exigency for Military Family Leave.

CERTIFICATION FOR SERIOUS INJURY OR ILLNESS OF COVERED SERVICEMEMBER FOR MILITARY FAMILY LEAVE
The City will require certification for the serious injury or illness of the covered servicemember. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave. This certification will be provided using the DOL Certification for Serious Injury or Illness of Covered Servicemember.

All other provisions of the FMLA policy, including Use of Paid Leave, Employee Status and Benefits During Leave, Procedure for Requesting Leave, and Benefits During Leave and Reinstatement, are outlined above in the FMLA policy.

This Policy Manuel has been updated and approved by the City Administrator and approved by the City Council on February 2, 2022. All employees are expected to reach out their Supervisor, Human Resources or City Administered for questions, clarifications or concerns.

Joi Wood
City Administrator

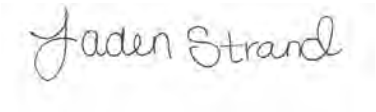
5. January Engineering Project Status Report

Adjournment
A motion was made by Bergley, seconded by Gordon to adjourn. Motion passed 5-0. Motion carried.

Meeting adjourned at 7:17 p.m.
Respectfully Submitted,



Jaden Strand
City Clerk

MINUTES
CITY OF ISANTI
COMMITTEE OF THE WHOLE MEETING

TUESDAY, JANUARY 18, 2022 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:01 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Members Absent: None

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Human Resources Director Katie Grotte, Finance Director Mike Betker, Community Development Director Stephanie Hillesheim, Parks, Recreation and Events Coordinator Alyssa Olson and Police Officer Jeremy Welfring

D. Public Comment
None

E. Committee Meeting Items

1. Deferred Comp Presentation *(Scott Elwood)* via Zoom
Scott Elwood provided a presentation to Committee in regards to Deferred Compensation.

2. Annual Personnel Policy Update
Each year staff update the Employee Personnel Policy for content and grammar. Changes and clarifications are recommended from State Law, City Attorney and League of MN Cities reference guide to remain current with Federal and State guidelines. Some sections have not been changed but the language has been blended with other sections for a more clear and complete Personnel Policy.

Consensus from Committee is to move forward to City Council for Consideration.

3. Water and Sewer Base Fee Charges Discussion Continuation
Previous discussions regarding sewer base fee charges occurred at the December 21, 2021 Committee of the Whole meeting with Committee recommending staff look into City Code and different scenarios and bring back to Committee for further discussion.

Recommendation from Committee is to remove base fees from Chapter 262 and post the Ordinance Amendment for the required 10 days.

Further Recommendation from Committee is to send a letter to residents the change effects.

4. Isanti Lights Naming Discussion
   Four naming options were shared with Committee regarding the naming of the lighting event. The options included: City of Isanti's Winter Jubilee, The Park's Lights Festival, Illuminate Isanti and Isanti Celebration of Lights.

   Recommendation from Committee is to name the event Illuminate Isanti and bring to City Council later in the evening for consideration.

5. Splash Pad- To Charge Admission or Not
   Staff requested insight on whether Committee would like the Splash Pad to charge an entrance fee or if entry shall be free.

   Recommendation from Committee is for Parks, Recreation and Events Coordinator Alyssa Olson to work on grants for the Splash Pad and potential cost benefits of using recycled water.

   Further recommendation from Committee is to find out the cost difference to staff the Splash Pad versus not staffing it and bring back to Committee of the Whole for further discussion.

6. Downtown Businesses
   Mayor Johnson asked staff about a directional sign off of Heritage per a resident request.

   CA Wood shared that there is a directional sign on the Police Department property.

7. Old Rink Boards
   Mayor Johnson asked what had happened to the old rink boards.

   CA Wood shared that the boards were sold when they were removed because they were in disrepair.

   Councilmember Collison added to the discussion.

F. Adjournment
Meeting was adjourned at 6:07 p.m.

Respectfully Submitted.
Jaden Strand

Jaden Strand
City Clerk

MINUTES
CITY OF ISANTI
CITY COUNCIL WORK SESSION
GOAL SETTING
MONDAY, JANUARY 24, 2022 – 5:30 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:33 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon (arrived at 5:51), Paul Bergley and Dan Collison

Members Absent: Steve Lundeen

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Community Development Director Stephanie Hillesheim, Public Services Director Matt Sylvester, Parks, Recreation and Events Coordinator Alyssa Olson, Liquor Store Manager Keith Lusk, City Engineer Jason Cook and Chief of Police Travis Muyres

D. Welcome and Review Purpose of Goal Setting Work Session
City Administrator Josi Wood shared the purpose of goal setting is to develop consensus to determine top priorities for 2022, provide direction on the 2022-2023 budget principles and develop a prioritization of 2022 projects.

E. Existing Council Approved/ On-going Plans
CA Wood shared that Memo E consisted of Council approved/ on-going plans.

F. 2021 Goals and Progress Summary
CA Wood shared that Memo F consisted of 2021 Goals and progress summary.

G. 2022-2024 Budgeted Projects in CIP
CA Wood shared that Memo G are the top bucket items that are within the Capital Improvement Plan slated for years 2022, 2023 and 2024.

H. 2005 – 2020 Established Council Goals for Reference
CA Wood that Memo H consisted of previous goals from years 2005-2020.

I. Current and Proposed Staffing Plan

CA Wood shared that Memo H consisted of the current and future staffing organizational chart. Future changes include 1 Full-Time Utility Lead in 2023, Increase Community Service Officer to Full-Time in 2023, Part-Time Parks Seasonal and Marketing Coordinator in 2024.

J. Goal Setting Discussion Items and Staff's Supporting Documentation

1. Dynamic Sign

Recommendation from City Council is to reach out to other organizations to see if there is interest in sharing a dynamic sign or billboard South of City limits.
Recommendation from City Council is for Staff to look into obtaining land to place a sign outside City limits to the South of the City.
Recommendation from City Council is for Staff to further look into a billboard sign for the liquor store.

2. Employee Retention

Recommendation from City Council is for staff to bring options back to Council on how Council could assist in union negotiations.

3. Whiskey Sidewalk Infill

Recommendation from City Council is for Mayor Johnson to reach out to homeowner it affects and for staff to ask City Attorney about dollar amount that can be spent.

4. Council Chamber Modifications for Safety

Recommendation is for Chief of Police Travis Muyres to look into bullet proofing options for Chamber Dais and Chamber windows.

5. Growing Industrial Development

Recommendation from Council is for Community Development Director Stephanie Hillesheim and City Engineer Jason Cook to put together a concept plan for utilities for the 66 acres and for staff to look into cost to purchase 20 acre parcel.

6. Establishing a Redevelopment District

Recommendation from City Council is for staff to look into funding and grants to establish a redevelopment district.

7. Age-Friendly City Designation

Recommendation from City Council is for staff to further look into becoming an Age-Friendly City.

8. Future Bluebird Park Amenities

Recommendation from City Council is for staff to look into ADA compliant equipment, additional skate park equipment, fitness/ exercise equipment and to put together an all-encompassing concept plan for future planning in Bluebird Park.

9. Increasing Social Media Presence

Consensus from City Council is to create a LinkedIn account for the City.

10. Reorganization of Planning Commission Board

Consensus from City Council is to leave as is.

11. *Other Items Added at Meeting*

a. Land on West side of Rum River

Recommendation from City Council is for staff to contact DNR about restrictions and potential options for a picnic table, etc.

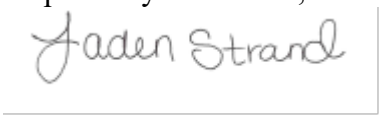
K. Establish 2022 Goals

No further action was recommended.

L. Adjournment

Motion by Bergley, seconded by Collison to adjourn. Motion passed 4-0. Motion carried. The meeting adjourned at 8:58 p.m.

Respectfully Submitted,



Jaden Strand
City Clerk

A Community For Generations.
Isanti

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: February 2, 2022
Subject: ORD-XXX An Ordinance Amending Chapter 262; Sewer and Water Service Charges

---

Background:
Discussions were held at the December 21st, 2021 and January 18th, 2022 Committee of the Whole meetings. Water and Sewer base fee charges began in 1982 and at the time a lot of residents had well water and asked to start testing the water. At the time wells were not passing the test and the fee was meant to be an incentive to get onto the system.

Recommendation from Committee of the Whole at the December 21st, 2021 meeting was for staff to look into City Code and different scenarios and bring back to Committee of the Whole for further discussion.

On January 18th, 2022 discussions continued with a recommendation from Committee of the Whole to remove base fees from Chapter 262 and post Ordinance for the required 10 days and send a letter to residents the change effects.

Request:
Staff is requesting action on this item.

Attachments:
- ORD-XXX An Ordinance Amending Chapter 262; Sewer and Water Service Charges

ORDINANCE NO. XXX

AN ORDINANCE TO AMEND ORDINANCE NO. 717, ADOPTED ON JANUARY 7, 2020 and TITLED SEWER AND WATER SERVICE CHARGES

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 1 – Amendment. Ordinance No. 717 is hereby amended as follows:

Chapter 262

SEWER AND WATER SERVICE CHARGES

Article I Sanitary Sewer and Water Rates and Regulations

262-1 Definitions
262-2 Sanitary sewer and water utility charges
262-3 Sanitary sewer and water rate table
262-4 Sanitary sewer and water rates
Sanitary sewer rates for users with normal strength sewage waste (NSSW) are listed in the Sewer Rate Table.[1] Users are charged base fee(s) and usage charges (per gallon). Water rates for users are listed in the Water Rate Table.[2]

A. Base fees are charged as follows:

(1) Single-family dwellings are charged one base fee per unit.

(2) Apartment units are charged 80% of the base fee charge per unit.

(3) Commercial and industrial structures shall be charged base fees per account based on water consumption. The base fee rate and base fee charges shall be set in the Commercial Base Fee Consumption Schedule of the Sanitary Sewer and Water Rate Table.[3]

(4) Irrigation meters, when used in conjunction with residential, commercial or industrial uses, are not subject to base fee charges.

~~**B. Base fees** - utility not connected or not in service. The owner of any building or premises to which the public sanitary sewer system or water system is available through a service stub in the City right-of-way or easement but either not connected, or installed but not in service, shall pay a monthly availability charge equivalent to 50% of the sewer base fee as provided in the Sewer Rate Table and availability charge equivalent to 50% of the water base fee as provided in the Water Rate Table.[4] Failure by the owner to pay the fee shall subject them to collection of the fee pursuant to **§ 262-7B** of this chapter.~~
~~[4]~~
~~Editor's Note: Said tables are included as attachments to this chapter.~~

B.~~C.~~ Usage charge. Upon connection of any building or premises to the public sanitary sewer system and/or water system, the owner shall pay for sewage and water based on water used each month at rates listed in the Sewer Rate Table and Water Rate Table.[5]
[5]

Editor's Note: Said tables are included as attachments to this chapter.

C.~~D.~~ Sewer charge options - residential accounts. For the purpose of calculating the sewer usage charge, new residential accounts are billed a minimum of 3,500 gallons per month and charged according to the winter average method. This is calculated by taking the average of water used in the months of January, February and March of each year to get average monthly sewage use. Winter averages are updated annually on the April billing statement. The account holder has the option of electing billing based on actual water usage (gallon per gallon). The election to change sewer charge options shall be made by November 1 for the following year. If the option is to change back to the winter average method, a minimum usage of 3,500 gallons per month will be used until the average is calculated. Election to change calculation of sewer charges may be done annually. For any month during the averaging period that a property is vacant, that account shall be assigned a minimum usage of 3,500 gallons. In no case will the sewer charge exceed the actual metered water usage.

D.~~E.~~ Sewer - commercial accounts. Commercial customers are charged for sewer usage based upon their monthly water usage. If an irrigation system is in place, the owner, at their own expense, may have a separate meter installed for the irrigation system. Only the water usage rate applies to the irrigation meter.

E.~~F.~~ Industrial charges. Sanitary sewer base fees, usage rates, or other fees for industrial users with waste flows in excess of normal strength sewage waste shall be set by special agreement and are calculated based upon their impact on the sewer plant's capacity and treatment system (BOD, TSS, phosphorus, ammonia, etc.) as outlined in their discharge permit.

~~G.~~F. Accessibility charge. The accessibility charge for connection of a building or premises to the sanitary sewer system or water system is listed in the Sewer Rate Table as the SAC fee (sewer accessibility charge) and the Water Rate Table as the WAC fee (water accessibility charge).[6] The accessibility charge for a single-family dwelling or equivalent shall be 100% of the full connection charge for each unit.
[6]
Editor's Note: Said tables are included as attachments to this chapter.

G.~~H.~~ Residential equivalency connection charge. Residential equivalency connection charges (RECs) will be established by the City for nonresidential users as per the City Engineer's recommendations.

H.~~I.~~ Trunk utility charges. Trunk utility charges have been established for new subdivided areas of the City that did not pay for the original sanitary sewer system and water system.
[1] Editor's Note: Said table is included as an attachment to this chapter.
[2] Editor's Note: Said table is included as an attachment to this chapter.

262-5 Accounts and billing for services
262-6 Right to discontinue service
262-7 Miscellaneous provisions

Article II Special Sewer Treatment Fund

262-8 Special Sewer Treatment Fund

Article III Hook-up Charges for Commercial Malls

262-9 Intent and Purpose
262-10 Administrative standards
262-11 Connection Charges
262-12 Part of building permit

Article IV Violations and Penalties

262-13 Violations and Penalties

Section 2 – Effective Date:
This ordinance shall take effect upon its adoption and publication in the City's official newspaper.

Adopted by the City Council this 2nd day of February 2022.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: February 2, 2022
Subject: ORD-XXX An Ordinance Amending Chapter 8; City Council

---

Background:
At the December 21st, 2021 Committee of the Whole meeting, it was shared that current practice is City Council approves all minutes from other boards and committees such as Economic Development Authority, Planning Commission and Parks, Recreation and Culture Board. Recommendation from City Attorney is that each board should be approving their own minutes.

Consensus from Committee of the Whole is to not include minutes for approval but add Councilmembers to the Park Board agenda packet email list.

The proposed Ordinance also includes the requirements to be a student representative on Park Board. The requirements were established and adopted per Resolution 2009-069 and adoption of this Ordinance would incorporate them into City Code.

Request:
Staff is requesting action on this item.

ORDINANCE NO. XXX

AN ORDINANCE AMENDING ORDINANCE NO. 722, ADOPTED ON FEBRUARY 4, 2020, ORDINANCE NO. 707, ADOPTED ON JUNE 18, 2019 TITLED CITY COUNCIL

THE CITY COUNCIL OF ISANTI DOES ORDAIN AS FOLLOWS:

Section 1 – Amendment. Ordinance No. 772 and Ordinance No. 707 is hereby amended as follows:

Chapter 8

CITY COUNCIL

§8-4 Organization

Advisory bodies shall organize themselves, elect a Chair and a Vice Chair, and determine their meeting dates by majority vote of members. All advisory bodies shall appoint a secretary to take official minutes. ~~All minutes shall be officially approved by the City Council~~. All meetings of advisory bodies shall be public meetings. A meeting quorum shall consist of a simple majority of the members appointed. An advisory body may meet without a quorum of the members but may make no official recommendations without a quorum. The City Council shall have the authority to change the organizational decisions of any advisory body it appoints.

§8-7 Parks, Recreation, and Culture Board.

D. The City Council shall have the sole authority to appoint members to the Parks, Recreation, and Culture Board. All members of the Parks, Recreation, and Culture Board shall serve at the will of the City Council and may be removed without cause. The number of members for the Parks, Recreation, and Culture Board shall be five and one student representative. The student representative shall be a high school student (ages 14-18), a resident of the City of Isanti, and have an interest in local government and/or park and recreation issues. Appointment to the Parks, Recreation, and Culture Board shall include one City Council member, and the remaining members ~~four~~ shall be citizens at large. Any City staff, necessary or advisable by the City Council, may be appointed to be ex officio members of the advisory board.

Section 2 – Effective Date.

This ordinance shall take effect upon its passage and publication in the official City newspaper.

Adopted by the City Council this 2nd day of February 2022.

MEMORANDUM

Date: January 25, 2022

To: Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E., City Engineer

Subject: South Brookview Improvements
- Preliminary Engineering Report, Call for Public Hearing, Project Engineering Services
City of Isanti, MN, Project No.: 0R1.126222

Pursuant to your authorization, we have prepared a Preliminary Engineering Report (PER) for the South Brookview area rehabilitation. Included in the report are exhibits depicting the proposed improvements, estimated costs and discussion regarding funding and the Minnesota State Statute No. 429 (MS-429) assessment procedure.

Should the Mayor and City Council elect to move forward with the improvements, Bolton & Menk, Inc proposes to complete the following scope of services to enable the project to be completed:

- Prepare documents for an open house and the required public hearing
- Prepare Plans and Specifications
- Advertise for bids
- Prepare the recommendation to Council to award bid
- Perform construction administration, observation and surveying during the project
- Prepare the final assessment roll and conduct the final assessment hearing

We recommend the following schedule to keep the project on schedule to be constructed this summer:

1) February 2, 2022 Mayor and City Council accepts Report calls for Hearing on the Improvement and Authorizes Preparation of Plans and Specifications.
2) February 16, 2022 Hold Public Open House
3) March 1, 2022 Hold Public Hearing on the proposed improvement
4) March 1, 2022 Mayor and City Council approves plans and orders advertisement of bids
5) March 29, 2022 Open Bids
6) April 5, 2022 Mayor and City Council awards bid
7) June – October 2022 Project construction
8) November 15, 2022 Conduct final Assessment Hearing

We propose to assist the City in completing the scope of design services through bidding, for an hourly, not-to-exceed fee of $67,660. Should the project move forward to construction, we propose to complete the construction services for an hourly, not-to-exceed fee of $55,330.00. These fees were included in the estimated project costs in the Preliminary Engineering Report.

In order to proceed with this project and assessment process, we recommend the City Council pass a resolution accepting the feasibility report, call for a public hearing, and authorize development of the plans and specifications.

I will be at the February 2, 2022 City Council meeting to present this report and respond to any questions you have concerning this project. Feel free to contact me with any questions prior to the meeting.

Bolton & Menk is an equal opportunity employer.

RESOLUTION NO. 2022-____ **K.3a.**

RESOLUTION RECEIVING FEASIBILITY REPORT, AND CALLING HEARING ON THE SOUTH BROOKVIEW IMPROVEMENTS PROJECT

WHEREAS, pursuant to Resolution 2021-252 of the City Council adopted December 7, 2021, a report has been prepared by Bolton & Menk, Inc. with reference to the improvement of South Brookview Additions 1-4. Roadways evaluated in this report include: South Brookiew Lane SW, Marion Street SW, Nina Street SW, Page Street SW and 8th Avenue SW between Whiskey Road and 6th Avenue SW. The improvement shall consist of street reclamation, sidewalk construction, and the replacement of curb & gutter. This report was received by the Council on February 2, 2022; and,

WHEREAS, the report provides information regarding whether the proposed project is necessary, cost-effective, and feasible.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The Council will consider the proposed improvement in accordance with the report and the assessment of benefited property for all or a portion of the cost of the improvement pursuant to Minnesota Statutes, Chapter 429, at an estimated total cost of the improvement of $743,945.

2. A public hearing shall be held on such proposed improvement at approximately **7:00 p.m.** on the **1st** day of **March, 2022**, in the Council Chambers at Isanti City Hall, 110 1st Avenue NW, Isanti MN, and the City Clerk shall give mailed and published notice of such hearing and improvement as required by law.

This resolution was duly adopted by the Isanti City Council this 2nd day of February 2022.

RESOLUTION NO. 2022-____

RESOLUTION AUTHORIZING PREPARATION OF PLANS ON THE SOUTH BROOKVIEW IMPROVEMENT PROJECT

WHEREAS, pursuant to Resolution 2021-252 of the City Council adopted December 7, 2021, a report has been prepared by Bolton & Menk, Inc. with reference to the improvement of South Brookview Additions 1-4. Roadways evaluated in this report include: South Brookiew Lane SW, Marion Street SW, Nina Street SW, Page Street SW and 8th Avenue SW between Whiskey Road and 6th Avenue SW. The improvement shall consist of street reclamation, sidewalk construction, and the replacement of curb & gutter. This report was received by the Council on February 2, 2022; and,

WHEREAS, as recommended in the Preliminary Engineering Report, in order to keep the proposed project on schedule for a March 29, 2022 bid opening, it is recommended that development of plans and specifications begin in advance of the public hearing.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall prepare plans and specifications for the making of such improvement at an hourly not to exceed fee of $67,660.00. These fees are included in the total cost of the project in the report.
2. Should the project be awarded and move into construction, Bolton & Menk, Inc, shall perform engineering construction services at an hourly not to exceed fee of $55,330.00 These fees are included in the total cost of the project in the report.

This resolution was duly adopted by the Isanti City Council this 2nd day of February 2022.

I. PROJECT INTRODUCTION

This Preliminary Engineering Report prepared by Bolton & Menk, Inc., as authorized by the Isanti City Council, provides an initial analysis of the feasibility, cost-effectiveness, and necessity of proposed infrastructure improvements in the South Brookview Additions 1-4. The proposed project area is generally described as S Brookview Lane SW from Whiskey Road SW (CSAH 23) to 6th Avenue SW, Marion Street SW from Whiskey Road SW (CSAH 23) to 6th Avenue SW, Nina Street SW from Whiskey Road SW (CSAH 23) to 6th Avenue SW, Page Street SW from Nina Street SW to 6th Avenue SW, and 8th Avenue SW from Nina Street SW to S Brookview Lane. The project area will be referred to as the South Brookview Additions 1-4. A portion of the improvement costs may be assessed to benefiting property owners. Public assessments applied to the properties described in this report are subject to the requirements of Minnesota State Statute, Chapter 429 (MS 429). This Preliminary Engineering Report is the first step in the special assessment process required by the MS 429 Statute if assessments are applied.

A. Background Information

The South Brookview Additions 1-4 were recognized as needing infrastructure improvements in the City's 2020 Pavement Management Plan (PMP), where it received ratings of 2-5 out of 10 using the Pavement Surface Evaluation and Rating (PASER) rating system for asphalt roads. This project has also been identified in the City Capital Improvement Plan (CIP) as a bituminous repaving option.

B. Scope

This report addresses the necessity for infrastructure improvements in the South Brookview Additions 1-4. Included in this report is a description of proposed improvements, along with the estimated costs and assessments. The specific objectives of this report are to:

- Evaluate the need for the project.
- Determine the necessary infrastructure improvements.
- Prepare cost estimates for the proposed improvements.
- Determine the feasibility of the improvements.

II. MS 429 PROCESS AND PROPOSED SCHEDULE

As mentioned above, infrastructure improvements financed through the assessment of benefiting property owners are regulated by Minnesota Statute, Chapter 429 (MS 429). The process prescribed by MS Chapter 429 along with the proposed project schedule is described below.

The benefited parties submit a petition for the proposed improvements to the City Council or, as in this case; the improvement process was authorized by the City Council without a petition.

The City Council passed a Resolution ordering preparation of report on improvement and ordered a Preliminary Engineering Report (PER) for the proposed project.
This was passed on: December 7, 2021

After the City Council considers the Preliminary Engineering Report, the Council may pass a *Resolution Receiving Report and Calling Hearing on Improvement,* as well as a resolution ordering preparation of plans to indicate its plan to continue the process.
Estimated date: February 2, 2022

An optional public open house is proposed to be held to inform residents and receive input on proposed improvements.
Estimated date: February 16, 2021

A public hearing on the proposed improvements is held. **Estimated date: March 1, 2022**

After the City Council considers the presentation of the plans and specifications, it may pass a *Resolution Approving Plans and Specifications and Ordering an Advertisement for Bids*.
Estimated date: March 1, 2022

The advertisement for bids should be published in the official local newspaper and trade publication such as the "Construction Bulletin" at least three weeks prior to the bid opening date. **Estimated bid opening date: March 29, 2022**

If the City Council wishes to continue with the improvements after consideration of bids, the City Council may pass a *Resolution Accepting Bid*. This resolution would award the project to the lowest responsible bidder and construction may begin. **Estimated date: April 5, 2022**

Following completion of the proposed improvements, a public hearing is held to set the final assessment amounts. **Estimated date: November 15, 2022**

III. EXISTING CONDITIONS

The existing conditions are shown in Appendix B and described below.

A. Pavement/Curb & Gutter

All streets in the project area are approximately 32 feet wide back of curb to back of curb with a D418 surmountable curb & gutter which gives 27' of bituminous pavement width. The roadways are located within an existing 66-foot right-of-way. Currently the bituminous pavement is rated as 2-5 of 10 according to the PASER rating system in 2020. A rating of 4 or below signifies the pavement condition is in a failed state and regular maintenance is not cost effective. These PASER values are shown in Table 1 below. The city has spent an extensive amount of time patching this roadway over the past few years to keep it in a functioning condition and the pavement shows a significant amount of major distress and needs repaving. Record drawings show that the existing pavement section within the project area consists of two-inches (2.0") of bituminous pavement, and six-inches (6") of aggregate base. The roads were constructed in 1990 as part of the South Brookview Additions 1-4. The intersections with 6th Avenue SW were reconstructed in 2020 as part of the 6th Avenue SW Rehabilitation project. The curb & gutter is generally found to be in good condition.

Street	Pavement Surface Evaluation and Rating (PASER)
Nina Street SW	2
8th Avenue SW	3
Page Street SW	4
South Brookview Lane SW	4
Marion Street SW	5

Figure 1: Failing Pavement

B. Sidewalk

There is concrete sidewalk on the west side of the project area running north/south along the east side of Whiskey Road SW (CSAH 23). The walk north of S Brookview Lane was constructed in 2006 and is generally 5-foot or 6-foot in width. The walk south of S Brookview Lane is generally 4-foot in width. The pedestrian ramps at the intersection of Whiskey Road (CSAH 23) and S Brookview Lane SW, Marion Street SW, and Nina Street SW are not compliant with the Americans with Disabilities Act (ADA).

There is concrete sidewalk on the east side of the project area running north/south along the west side of 6th Avenue SW. This walk was constructed in 2020 as part as the 6th Avenue SW Rehabilitation project and is generally 5-foot in width. The pedestrian ramps at the intersection of 6th Avenue SW and Page Street SW, Nina Street SW, and Marion Street SW are compliant with ADA.

There is segmented concrete sidewalk on the north side of S Brookview Lane SW. It ends approximately 285 feet northwest of the intersection of S Brookview Lane SW and 6th Avenue SW. This walk was constructed in 2008 as part of the Brookview South 6th Addition and is generally 5-foot in width with a 10-foot turf boulevard.

Figure 2: Whiskey Road SW & S Brookview Lane SW North Pedestrian Ramp

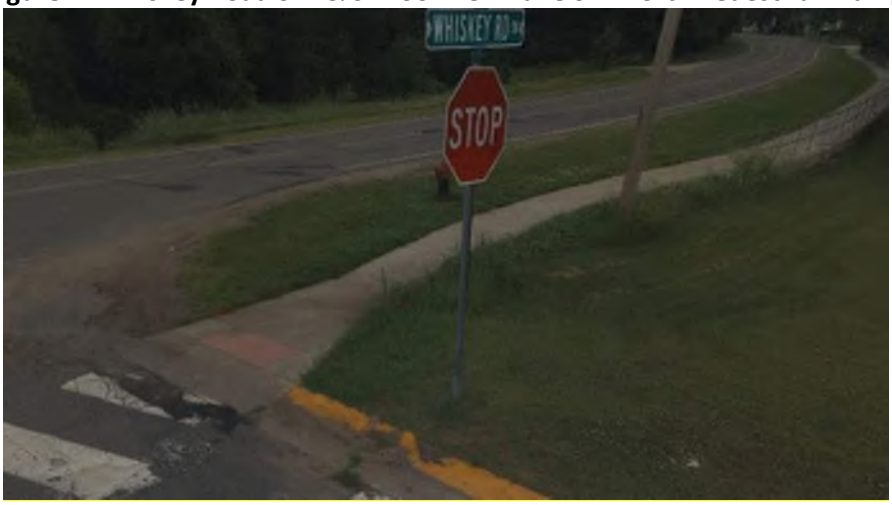

Figure 3: Whiskey Road SW & S Brookview Lane SW South Pedestrian Ramp

C. Stormwater Management

Existing stormwater management is achieved using a combination of ditches on the west end of the project area and pipe sewer throughout the project area.

Generally, stormwater reaching the ditch on the east side of Whiskey Road SW (CSAH 23) comes from the west portion of Page Street SW, west portion of Nina Street SW, and the west portion of Marion Street SW. Nina Street SW has existing bituminous spillways to channel street flow stormwater into the ditch on the east side of Whiskey Road SW (CSAH 23).

The two catch basins on Page Street SW (constructed in 1990) take stormwater from approximately 670-feet of Page Street SW and approximately 220-feet of the west side of 6th Avenue SW. This stormwater is piped north in 24-inch RCP (constructed in 1990) through an easement between homes to a catch basin at the intersection of Nina Street SW and 8th Avenue SW.

The three catch basins at the intersection of Nina Street SW and 8th Avenue SW (constructed in 1990) take water from approximately 430-feet of Nina Street SW. This stormwater is piped north in 24-inch RCP to a manhole at the intersection of Marion Street SW and 8th Avenue SW. The remaining street drainage on Nina Street SW flows west to the ditch on the east side of Whiskey Road SW (CSAH 23) or to the east to catch basins at the intersection of Nina Street SW and 6th Avenue SW.

The four catch basins at the intersection of Marion Street SW and 8th Avenue SW (constructed in 1990) take stormwater from approximately 750-feet of Marion Street SW and approximately 350-feet of 8th Avenue SW. This stormwater is piped north in 27-inch RCP (constructed in 1990) to a manhole at the intersection of S Brookview Lane SW and 8th Avenue SW. The remaining street drainage on Marion Street SW flows west to the ditch on the east side of Whiskey Road SW (CSAH 23) or to the east to catch basins at the intersection of Marion Street SW and 6th Avenue SW.

The two catch basins at the intersection of Marion Street SW and 8th Avenue SW (constructed in 1990) take stormwater from approximately 220-feet of 8th Avenue SW and approximately 320-feet of one side of S Brookview Lane SW. This stormwater is piped west in 27-inch RCP (constructed in 1991) to a catch basin approximately 180-feet west of the intersection of 8th Avenue SW and S Brookview Lane SW. These two catch basins (~180-feet west of the intersection of 8th Avenue SW and S Brookview Lane SW) (constructed in 1990) take approximately 320-feet of one side of S Brookview Lane SW and approximately 250-feet of the full width S Brookview Lane SW. The remaining street drainage on S Brookview Lane SW flows west to the ditch on the east side of Whiskey Road SW (CSAH 23) or to the east to catch basins at the interection of S Brookview Lane SW and 6th Avenue SW.

All of the stormwater collected by storm pipe within the proposed project area is piped west from the westernmost catch basins on S Brookview Lane SW in 30-inch RCP (constructed in 1990) to an apron outfall into a stream on the west side of Whiskey Road SW (CSAH 23).

The storm sewer in the proposed project area has no history of sediment build-up or failure. There are reports of a portion of the storm sewer in the proposed project area that has been bored through by private utility installation.

There is a concrete valley gutter crossing Page Street SW at the intersection of Page Street SW and Nina Street SW.

D. Sanitary Sewer

The sanitary sewer system on Page Street SW, Nina Street SW, and Marion Street SW was constructed in 1990. The sanitary sewer main on these streets generally flows west and runs along the street centerline at a depth of 8-feet to 15-feet. The mainline sewer assumed to be is 8-inch PVC with service lines typically 4-inch to 6-inch in diameter.

The sanitary sewer system along S Brookview Lane SW was constructed in 1983. The sanitary sewer main on these streets generally flows west and runs along the street centerline at a depth of 15-feet to 20-feet. The mainline sewer is assumed to be 18-inch RCP with service lines typically 4-inch to 6-inch in diameter.

The sanitary sewer along the east side of Whiskey Road SW (CSAH 23), from south of Nina Street SW to S Brookview Lane SW, was constructed in 1990. The sanitary sewer main on these streets generally flows north and runs in the east ditch at a depth of 15-feet to 20-feet. The mainline sewer is assumed to be 12-inch PVC and does not generally have service lines.

The sanitary sewer within the project area has generally been found to be in good condition without a significant number of reported maintenance issues and no reported breaks.

E. Watermain

The watermain system on Page Street SW, Nina Street SW, and Marion Street SW was constructed in 1990. The main on these streets generally runs on the south side of the road at a depth of approximately 8-feet. The watermain on Page Street SW is assumed to be 6-inch DIP and the watermain on Nina Street SW and Marion Street SW is assumed to be 8-inch DIP.

The watermain system on S Brookview Lane SW from the east project limits west to Whiskey Road SW (CSAH 23) was constructed in 1976. The main on this street generally runs on the north side of the road and sometimes runs behind the back of curb. The watermain on S Brookview Lane SW is assumed to be 6-inch Cast Iron Pipe.

Watermain on S Brookview Lane SW connects on the east end to assumed 8-inch DIP (Constructed in 2000), and on the west end to assumed 8-inch Cast iron pipe to the north of S Brookview Lane SW (constructed in 1976) and assumed 8-inch DIP to the south of S Brookview Lane SW (constructed in 1990). Watermain on Marion Street connects on the east end to 8-inch DIP (Constructed in 2020), and on the west end to assumed 8-inch DIP (constructed in 1990). Watermain on Page Street SW and Nina Street SW connects on the east end to assumed 8-inch DIP (constructed in 1990). Watermain on Nina Street SW connects on the west end to assumed 8-inch DIP (constructed in 1990).

The watermain has generally been found to be in good condition without a significant number of reported maintenance issues and no reported breaks or frozen pipes.

IV. PROPOSED IMPROVEMENTS

The proposed street improvement includes a nine and a half-inch (9.5”) full depth pavement reclamation of the roadway and spot curb repairs. The addition of 5-foot concrete sidewalk on the north side of S Brookview Lane SW was also included. The proposed improvements are shown in Appendix C and Appendix D and described in detail below.

A. Street Improvements –Full Reclamation & Curb & Gutter Spot Repairs

The proposed street would maintain the existing roadway width of 30-feet face of curb to face of curb, and design speed of 30 mph. This design would also keep the existing curb in place with only spot repairs as needed.

The proposed pavement section would consist of three and a half-inches (3.5”) of bituminous pavement and six-inches (6”) of reclaimed aggregate.

The pavement will be reclaimed to a depth of nine and a half-inches (9.5”), blending the existing two-inch (2.0”) bituminous section with the top six-inches (6”) of existing aggregate base and one and a half-inches (1.5”) of existing select granular base. The reclaimed material will be left in place on-site and three and a half-inches (3.5”) of the reclaimed material will be excavated and hauled away. The reclaim material will be graded, compacted, and used as aggregate base for bituminous paving.

The curb and gutter is in good condition so minimal curb replacement is anticipated. If necessary, portions of the curb will be removed and replaced prior to final paving.

B. Concrete Sidewalk

A 5-foot wide concrete sidewalk is proposed on the north side of S Brookview Lane SW to complete a missing sidewalk network link. This concrete sidewalk is proposed to be constructed with a typical 5-foot boulevard and will connect the sidewalk ending on the east project limits with the sidewalk running north/south along the east side of Whiskey Road SW. The city standard is a 5-foot walk with a 6-foot boulevard. A 5-foot boulevard is recommended to avoid an existing fire hydrant and some existing trees. Some tree removals and brush removal is proposed as part of this improvement. This can be seen in Appendix B. This walk addition would be a safety improvement, reducing vehicle/pedestrian conflicts, and completing the system wide loop. Projects like this have included walk to fill in these uncompleted system links.

All non-compliant ADA pedestrian ramps in the project area are proposed to be reconstructed to bring them into compliance with ADA standards.

Figure 4: S Brookview Lane East Project Limits Proposed Walk

C. Signing & Striping

All 4-way intersections are proposed to be 4 way stops. All 3-way intersections are proposed to be stop condition on the intersection road, with no stop or yield condition on the through road. 12-inch-wide stop bars are proposed to be painted at all stop conditions. All crosswalk crossings are proposed to be painted with 3-foot by 6-foot white crosswalk blocks.

D. Stormwater Management

No additional pipe storm sewer is planned to be installed with this project. Storm manhole and catch basin castings will be adjusted to fit the proposed surface as needed.

There are reports of a private utility that has drilled through a storm pipe in the project area.

An attempt to locate this through discussions with the public works department will be conducted. If discovered, the section of storm pipe will be replaced, and the private utility relocated to avoid conflict with the new storm pipe.

In 2011, the Anoka Conservation District prepared a report titled "City of Isanti Stormwater Retrofit Assessment". This report analyzed different ways to reduce the harmful nutrients and suspended solids runoff from Isanti from reaching the Rum River. The proposed project area falls into their "Catchment A". Some treatments recommended include installing up to six rain gardens on Page Street SW near the catch basins as well as a rain garden near the catch basins at the intersection of Whiskey Road SW (CSAH 23) and S Brookview Lane SW. This could be an effective way to improve the City of Isanti's impact on the water quality of the Rum River. If further action is desired, affected property owners will be contacted during the design process to discuss these rain gardens. A portion of the previously mentioned report is included in Appendix H. Any rain garden installation would use current Anoka Conservation District best practices.

Best Management Practices (BMP's), as required by the Minnesota Pollution Control Agency (MPCA), will be utilized during construction to minimize erosion and sediment runoff from the construction site. These BMP's may include silt fence, stabilized construction exits, and storm water inlet protection.

E. **Sanitary Sewer**

Sanitary sewer within the project limits appears to be in adequate condition and is expected to last for the life expectancy of the proposed street improvements. Therefore, it is proposed the sanitary sewer system remain in-place, adjusting manhole castings as needed to fit the proposed surface.

F. **Watermain**

Watermain within the project limits appears to be in adequate condition and is expected to last for the life expectancy of the proposed street improvements. There have not been a significant number of reported maintenance issues and no reported breaks or frozen pipes. Therefore, it is proposed the watermain system remain in-place, adjusting valve boxes as needed to fit the proposed surface.

V. RIGHT-OF-WAY ACQUISITION

Additional Right-of-Way is not expected to be needed for the proposed South Brookview Improvements. The need for temporary construction easements will be evaluated during the final design process but are not anticipated.

VI. APPROVALS/PERMITS

There are no anticipated permits or approvals for this project. This will be evaluated in the design phase to determine if any are required.

VII. PRELIMINARY COST ESTIMATES

The estimated project cost for the improvements is summarized in Table 1, and the special assessments is broken down in Appendix G and Table 2. The unit prices for the items of work have been estimated based on similar types of projects completed in the past. The costs shown are estimates that include construction, contingencies, and engineering costs. Actual construction cost would be determined through a competitive bidding process.

Table Set 2: South Brookview Improvements Estimated Project Costs

	Estimated Street Costs	Estimated New Walk Costs	Total Estimated Cost
Construction Cost Estimate	$444,485	$114,560	$559,045
10% Contingency	$44,450	$11,460	$55,910
Construction Cost Subtotal	**$488,935**	**$126,020**	**$614,955**
Engineering & Admin			
- Design & Bid	$53,800	$13,860	$67,660
- Construction	$43,990	$11,340	$55,330
Testing	$5,000	$1,000	$6,000
Total Estimated Project Cost	**$591,725**	**$152,220**	**$743,945**

VIII. FUNDING AND ASSESSMENTS

Funding for the project would come from a combination of special assessments and City funds. Special assessments could be levied in accordance with City Resolution 2020-031– Special Assessment Policy which states up to 25% of the proposed reconstruction project can be assessed to adjacent landowners at a per front foot basis. New Sidewalk would not be assessed as it was not petitioned for by the residents. This cost would be fully paid for by the City.

Table Set 3: Funding Sources

South Brookview Improvements

Funding Source	Estimated Street Costs	Estimated New Walk Costs	Total
Special Assessments	$147,931.25	$0.00	$147,931.25
City Funds	$443,793.75	$152,220.00	$596,013.75
Total	**$591,725.00**	**$152,220.00**	**$743,945.00**

South Brookview Improvements Assessable Footage Summary

Assessment Breakdown	Per Assessable Front Foot	Total Assessable Frontage
Total Assessment	$18.41	8,032 ft

South Brookview Improvements Assessment Summary

Average Assessment	$1,825.54
High Assessment	$3,829.28
Low Assessment (Non-Zero)	$1,104.60
Median Assessment	$1,620.08
Mode Assessment	$1,564.85

The table below shows the assessable costs comparisons between previous projects in the City. South Brookview Improvements is estimated to cost less per assessable foot than the two comparable projects in the table. This is primarily due to minimal curb replacement, minimal existing walk replacement, and a larger ratio of assessable feet to split the cost. Main street included the reconstruction of large amounts of existing curb and gutter and existing sidewalk. City special assessment policy allows assessment of the reconstruction of existing sidewalk but not for unpetitioned new sidewalk.

Project Assessment Comparisons

Project	Cost per Assessable Foot	Average Assessment
South Brookview Improvements	$18.41	$1,825.54
Main Street Reconstruction (2021)	$52.23	$4,608.85
6th Avenue Reconstruction (2020)	$32.55	$2,751.08

IX. RECOMMENDATION

Based on the findings presented in this report, the proposed street improvements are cost effective, necessary, and feasible from an engineering perspective. Should the City finance department determine these improvements are financially feasible we recommend that the City Council approve this report, call for a public hearing to follow the MS-429 process, and authorize the preparation of final plans and specifications.

Executive Summary

This study provides recommendations for cost effectively improving treatment of stormwater from portions of the City of Isanti before it is discharged to the Rum River. The Rum River is regarded highly for its recreational qualities and scenic nature. While much of the City of Isanti discharges to the Rum River, only portions of the City were examined. Those examined are generally older areas built before modern-day stormwater treatment requirements. Some of these areas send stormwater to the river (via a creek) with little or no treatment. Generally, these are also the areas with the most impervious surfaces and land uses that are most likely to generate pollutants. We analyzed present day stormwater flows and treatment, and investigated projects to improve the quality of the water discharged to the Rum River.

The approaches in this report are often termed "stormwater retrofitting." This refers to adding stormwater treatment to an already built-up area, where little open land exists. This process is investigative and creative. Stormwater retrofitting success is sometimes improperly judged by the number of projects installed or by comparing costs alone. Those approaches neglect to consider how much pollution is removed per dollar spent. In this stormwater assessment we estimated both costs and pollutant reductions, and used them to calculate cost effectiveness of each possible project.

We divided the study area, which was determined by city staff, into four drainage areas, or "catchments." For each catchment, we modeled stormwater volume and pollutants using the software WinSLAMM. First, we modeled existing conditions, including existing stormwater treatment practices. Currently, the 233 acre area contributes an estimated 85 acre feet of runoff, 92 pounds of phosphorus and 29,994 pounds of total suspended solids to the river each year. Then we modeled possible stormwater retrofits to estimate reductions in volume, total phosphorus (TP), and total suspended solids (TSS). Finally, we estimated the cost of each retrofit project, including 30-year lifespan operations and maintenance. Projects were ranked by cost effectiveness with respect to total phosphorus reduction.

Eight stormwater retrofit projects were identified. They included:

- Networks of curb cut rain gardens in each of three catchments,
- A large parking lot rain garden,
- Two modifications to an existing stormwater basins,
- Sand filters, and
- New stormwater ponds.

The table below summarizes potential projects. Potential projects are organized from most cost effective to least, based on cost per pound of total phosphorus removed.

Summary of preferred stormwater retrofit opportunities ranked by cost-effectiveness with respect to total phosphorus (TP) reduction. Total suspended solids (TSS) reduction is also shown. For more information on each project refer to the catchment profile pages later in this report.

Project ID	Catchment	Description (refer to catchment profile pages for more detail)	Optimal Project Sizing (lowest cost per lb phosphorus removed)	TP Reduction (lb/yr)	TSS Reduction (lb/yr)	Volume Reduction (ac-ft/yr)	Estimated Cost	Estimated cost per 1,000 lbs TSS/year (30-year)	Estimated cost per lb-TP/year (30-year)
1	D	Curb cut rain gardens. 4, 6, or 8 considered.	4 rain gardens	4.7 - 6.8	1,962 - 2,945	4.2 - 6.2	$20,380 - 38,940	$499 - 645	$208 - 280
2	B	Curb cut rain gardens. 6, 9 , or 12 considered.	6 rain gardens	6.5-8.5	1,983 - 2,637	5.3- 6.7	$29,660 - 57,500	$725 - 1,068	$220 - 332
3	A	Curb cut rain gardens. 6, 9 , or 12 considered.	6 rain gardens	5.4-7.7	1,684-2,408	4.2-6.1	$29,660 - 57,500	$855 - 1,170	$266 - 364
4	D	Outfall pond	only 80x100 ft size examined	12.2	6,218.0	0	$62,700 - 88,500	$690 - 973	$353 - 497
5	D	Federated Co-op basin - Add vertical riser to outlet	18" tall vertical riser	0.3	539.0	0	$1,560	$319	$611
6	D	Federated Co-op basin - Add vertical riser to outlet AND double basin area	18" tall vertical riser, only considered increasing basin width from 20-40 ft	0.4	635.0	0	$6,000	$504	$819
7	D	Rain garden at VFW parking lot	1000 sq ft rain garden	0.5	320.0	1	$23,960	$2,733	$1,648
8	D	Sand Filter at VFW parking lot	70 linear ft with water diversions	0.4	281.0	0	$20,410	$5,797	$4,077

Of the eight stormwater retrofits, the top five are recommended for serious consideration. These top five all have reasonably low cost per pound of pollutant captured. Aside from this ranking, the City will want to consider other factors when prioritizing projects for installation. Two projects in particular deserve special consideration. First, the addition of a vertical riser to an existing stormwater basin at the Federated Co-op Country Store ranked fifth at cost effectiveness for phosphorus capture, but is ranked first for solids capture and is the least expensive project. Second, the a new stormwater outfall pond for Catchment D ranks fourth at cost effectiveness for phosphorus capture and ranks second at suspended solids removal cost effectiveness, but this single project would capture far more pollutants than any of the other candidate projects. It would capture two times more solids and about 44% more phosphorus than the projects with the next highest pollutant removals.

If all of the top five stormwater retrofits are installed, the benefits to the Rum River would be significant. Nearly 30 pounds of phosphorus and over 12,000 pounds of suspended solids would be captured per year. This equates to a 32.6% reduction in phosphorus and 40% reduction in suspended solids being delivered to the Rum River from these portions of the City.

This report provides conceptual sketches or photos of recommended stormwater retrofitting projects. The intent is to provide an understanding of the approach. If a project is selected, site-specific designs must be prepared. This typically occurs after committed partnerships are formed to install the project. Committed partnerships must include willing landowners when installed on private property.

It is intended that the information in this report will not only help the City select projects, but also write effective grant applications for funding to install the projects.

About this Document

This Stormwater Retrofit Assessment is a watershed management tool to help prioritize stormwater retrofit projects by performance and cost effectiveness. This process helps maximize the value of each dollar spent.

Document Organization

This document is organized into three major sections, plus references and appendices. Each section is briefly described below.

Methods

The methods section outlines general procedures used when assessing the subwatershed. It overviews the processes of retrofit scoping, desktop analysis, retrofit reconnaissance investigation, cost/treatment analysis, and project ranking.

Catchment Profiles

The study areas in the City of Isanti were divided into stormwater catchments for the purpose of this assessment. Each catchment was given a unique ID letter. For each catchment, the following information is detailed:

Catchment Description

Within each catchment profile is a table that summarizes basic catchment information including acres, land cover, parcels, and estimated annual pollutant and volume loads. A brief description of the land cover, stormwater infrastructure, and any other important general information is also described here. Existing stormwater practices are noted, and their estimated effectiveness presented.

Retrofit Recommendations

The recommendation section describes the conceptual retrofit(s) that were scrutinized. It includes tables outlining the estimated pollutant removals by each, as well as costs. A map provides promising locations for each retrofit approach.

Retrofit Ranking

This section ranks stormwater retrofit projects across all catchments to create a prioritized project list. The list is sorted by cost per pound of phosphorus removed for each project over the duration of 30 years. The final cost per pound of pollutant removed includes installation and maintenance costs.

There are many possible ways to prioritize projects, and the list provided in this report is merely a starting point. Other considerations for prioritizing installation may include:

- Non-target pollutant reductions
- Timing projects to occur with other road or utility work
- Project visibility
- Availability of funding
- Total project costs
- Educational value

References

This section identifies various sources of information synthesized to produce the assessment protocol utilized in this analysis.

Appendices

This section provides supplemental information and/or data used during the assessment.

Methods

Selection of Subwatershed

Many factors are considered when choosing which subwatershed to assess for stormwater retrofits., but always focus on the drainage to an important lake, river, or stream. Water quality monitoring data, non-degradation report modeling, and TMDL studies are just a few of the resources available to help determine which water bodies are a priority. Assessments supported by a Local Government Unit with sufficient capacity (staff, funding, available GIS data, etc.) to greater facilitate the assessment also rank highly. For some communities a stormwater assessment complements their MS4 stormwater permit. The focus is always on a high priority waterbody.

For this assessment, portions of the City of Isanti, Minnesota which drain to the Rum River were chosen for study. The Rum River is regarded highly for its recreational qualities and scenic nature. While much of the City of Isanti discharges to the Rum River, only portions of the City were examined. Those examined are generally older areas built before modern-day stormwater treatment requirements. Some of these areas send stormwater to the river (via a creek) with little or no treatment. Additionally, these are also the areas with the most impervious surfaces and land uses that are most likely to generate pollutants.

A portion of the study area was scheduled to undergo reconstruction of streets and sanitary sewers in mid-2011. This type of reconstruction and expansion of the storm sewer system is an opportune to install any additional stormwater treatment practices that are desired. Furthermore, in order to alleviate street flooding problems the street reconstruction project will add storm sewer in areas that previously had none, increasing the areas with a direct hydrological connection to the Rum River. While this water will be routed through the existing 2nd Avenue stormwater pond for treatment, we examined whether the pond had capacity to treat this new area (see page 24-25 for findings). We also scrutinized the entire reconstruction area for additional stormwater treatment recommendations. This catchment was analyzed in accelerated fashion so that the results would be available before the street reconstruction began.

Street ponding – An example of street ponding that is being alleviated in 2011 by the addition of storm sewer conveyances. This project also increases the area with a direct hydrological connection to the Rum River.

Before construction

During construction

Stormwater pollutants – Pollutants studied by this stormwater assessment were phosphorus and total suspended solids. Example sources include grass clippings (left), street grime (center), and runoff from rooftops, parking, and industrial (right).

Subwatershed Assessment Methods

The process used for this assessment is outlined below and was modified from the Center for Watershed Protection's *Urban Stormwater Retrofit Practices,* Manuals 2 and 3 (Schueler, 2005, 2007). Locally relevant design considerations were also incorporated into the process (*Minnesota Stormwater Manual*).

Step 1: Retrofit Scoping

Retrofit scoping includes determining the objectives of the retrofits (volume reduction, target pollutant, etc.) and the level of treatment desired. It involves meeting with local stormwater managers, city staff and watershed management organization members to determine the issues in the subwatershed. This step also helps to define preferred retrofit treatment options and retrofit performance criteria. In order to create a manageable area to assess in large subwatersheds, a focus area may be determined.

In this assessment, the focus area was specified by city staff. The study was restricted to certain areas south of County Road 5 and included downtown, older industrial areas, and residential neighborhoods. These are some of the oldest parts of town and therefore the most likely to have been built without modern day stormwater treatment practices. We divided this area into four catchments (drainage areas) using a combination of stormwater infrastructure maps and observed topography. Each catchment drains to a single outlet into a creek that then flows to the Rum River.

Targeted pollutants for this study were total phosphorus and total suspended solids. Total phosphorus is a nutrient commonly associated with stormwater that causes excessive algae production and low oxygen levels in lakes and rivers. Total suspended solids was also chosen as a target pollutant because it is also commonly associated with stormwater and causes turbidity in lakes and rivers. Suspended solids are also important because many other pollutants, such as heavy metals, are attached to the particles. Volume of stormwater was tracked throughout this study because it is necessary for pollutant loading calculations and retrofit project considerations.

Step 2: Desktop Retrofit Analysis

The desktop analysis involves computer-based scanning of the subwatershed for potential retrofit catchments and/or specific sites. This step also identifies areas that don't need to be assessed because of existing stormwater infrastructure. Accurate GIS data are extremely valuable in conducting the desktop retrofit analysis. Some of the most important GIS layers include: 2-foot or finer topography, hydrology, soils, watershed/subwatershed boundaries, parcel boundaries, high-resolution aerial photography and the storm drainage infrastructure (with invert elevations).

For this assessment, digital records of stormwater infrastructure were obtained from the City of Isanti and utilized in GIS mapping software. High-resolution aerial photography and parcel boundaries were available from Isanti County. Fine topography data was not available.

Desktop retrofit analysis features to look for and associated potential stormwater retrofit projects.

Feature	Potential Retrofit Project
Existing Ponds	Add storage and/or improve water quality by excavating pond bottom, modifying riser, raising embankment, and/or modifying flow routing.
Open Space	New regional treatment (pond, bioretention).
Roadway Culverts	Add wetland or extended detention water quality treatment upstream.
Outfalls	Split flows or add storage below outfalls if open space is available.
Conveyance system	Add or improve performance of existing swales, ditches and non-perennial streams.
Large Impervious Areas (campuses, commercial, parking)	Stormwater treatment on site or in nearby open spaces.
Neighborhoods	Utilize right of way, roadside ditches, curb-cut rain gardens, or filtering systems to treat stormwater before it enters storm drain network.

Step 3: Retrofit Reconnaissance Investigation

After identifying potential retrofit sites through the desktop search, a field investigation was conducted to evaluate each site and identify additional opportunities. During the investigation, the drainage area and stormwater infrastructure mapping data were verified. Site constraints were assessed to determine the most feasible retrofit options as well as eliminate sites from consideration. The field investigation may have reveal additional retrofit opportunities that went unnoticed during the desktop search.

General list of stormwater BMPs considered for each catchment/site.

Stormwater Treatment Options for Retrofitting		
Area Treated	**Best Management Practice**	**Potential Retrofit Project**
5-500 acres	Extended Detention	**12-24 hr detention of stormwater with portions drying out between events (preferred over wet ponds). May include multiple cell design, infiltration benches, sand/peat/iron filter outlets and modified choker outlet features.**
	Wet Ponds	**Permanent pool of standing water with new water displacing pooled water from previous event.**
	Wetlands	**Depression less than 1-meter deep and designed to emulate wetland ecological functions. Residence times of several days to weeks. Best constructed off-line with low-flow bypass.**
0.1-5 acres	Bioretention	**Use of native sol, soil microbe and plant processes to treat, evapotranspirate, and/or infiltrate stormwater runoff. Facilities can either be fully infiltrating, fully filtering or a combination thereof.**
	Filtering	**Filter runoff through engineered media and passing it through an under-drain. May consist of a combination of sand, soil, compost, peat, and iron.**
	Infiltration	**A trench or sump that is rock-filled with no outlet that receives runoff. Stormwater is passed through a conveyance and pretreatment system before entering infiltration area.**
	Swales	**A series of vegetated, open channel practices that can be designed to filter and/or infiltrate runoff.**
	Other	**On-site, source-disconnect practices such as rain-leader disconnect rain gardens, rain barrels, green roofs, cisterns, stormwater planters, dry wells, or permeable pavements.**

Step 4: Treatment Analysis/Cost Estimates

Sites most likely to be conducive to addressing the City's goals and appear to have simple-to-moderate design, installation, and maintenance were chosen for a cost/benefit analysis. Estimated costs included design, installation, and maintenance annualized across a 30-year period. Estimated benefits included are pounds of phosphorus and total suspended solids removed, though projects were ranked only by cost per pound of phosphorus removed annually.

Treatment analysis

Each proposed project's pollutant removal estimates were obtained using the stormwater model WinSLAMM. WinSLAMM uses an abundance of stormwater data from the upper Midwest and elsewhere to quantify runoff volumes and pollutant loads from urban areas. It is useful for determining the effectiveness of proposed stormwater control practices. It has detailed accounting of pollutant loading from various land uses, and allows the user to build a model "landscape" that reflects the actual landscape being considered. The user is allowed to place a variety of stormwater treatment practices that treat water from various parts of this landscape. It uses rainfall and temperature data from a typical year, routing stormwater through the user's model for each storm.

A "base" model was created which estimated pollutant loading from each catchment in its present-day state. To accurately model the land uses in each catchment, we delineated each land use in each

catchment using ArcGIS, and assigned each a WinSLAMM standard land use file. A site specific land use file was created by adjusting total acreage and converting to "sand" soils to account for the sandy soils in the City of Isanti. For catchments with multiple standard land use files, these were combined using the software's batch processing capability. This process resulted in a model that included estimates of the acreage of each type of source area (roof, road, lawn, etc.) in each catchment. For certain source areas critical to our models we verified that model estimates were accurate by calculating actual acreages in ArcGIS, and adjusting the model acreages if needed.

Once the "base" model was created, each proposed stormwater treatment practice was added to the model and pollutant reductions were generated. Because neither a detailed design of each practice nor in-depth site investigation was completed, a generalized design for each practice was used. Whenever possible, site-specific parameters were included. Design parameters were modified to obtain various levels of treatment. It is worth noting that we modeled each practice individually, and the benefits of projects may not be additive, especially if serving the same area. Reported treatment levels are dependent upon optimal site selection and sizing.

It should be noted that we used the stormwater modeling program P8 instead of WinSLAMM in catchment C. There, a newer stormwater pond is at the south end of 2nd Avenue just before the catchment outlets into the creek. This pond has a forebay and main basin which cannot be accurately modeled in WinSLAMM so P8 was used. We did use WinSLAMM to verify the P8 estimates of pollutant generation from the landscape were consistent between the models. We found the discrepancy between models was 4% for total phosphorus and 8% for suspended solids, which we felt was acceptable. In this report only the P8 results are presented, and the reader can know these are comparable to the WinSLAMM modeling used elsewhere in the report.

WinSLAMM stormwater computer model inputs

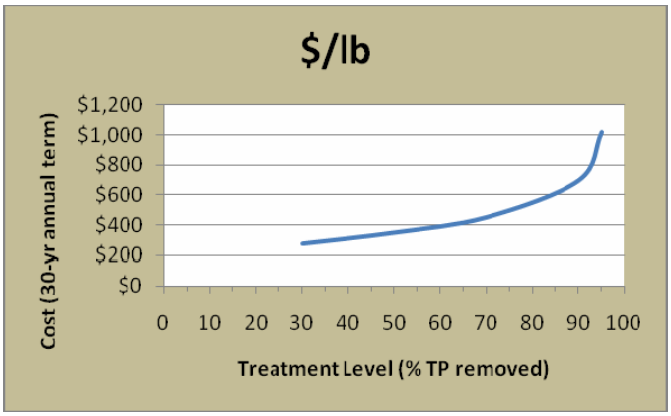
General WinSLAMM Model Inputs	
Parameter	**File/Method**
Land use acreage	ArcGIS
Precipitation/Temperature Data	Minneapolis 1959 – the rainfall year that best approximates a typical year.
Winter season	Included in model. Winter dates are 11-4 to 3-13.
Pollutant probability distribution	WI_GEO01.ppd
Runoff coefficient file	WI_SL06 Dec06.rsv
Particulate solids concentration file	WI_AVG01.psc
Particle residue delivery file	WI_DLV01.prr
Street delivery files	WI files for each land use.

Cost Estimates

Cost estimates were annualized costs that incorporated design, installation, installation oversight, and maintenance over a 30-year period. In cases where promotion to landowners is important, such as rain

gardens, those costs were included as well. In cases where multiple, similar projects are proposed in the same locality, promotion and administration costs were estimated using a non-linear relationship that accounted for savings with scale. Design assistance from an engineer is assumed for practices in-line with the stormwater conveyance system, involving complex stormwater treatment interactions, or posing a risk for upstream flooding. It should be understood that no site-specific construction investigations were done as part of this stormwater assessment, and therefore cost estimates account for only general site considerations.

The costs associated with several different pollution reduction levels were calculated. Generally, more or larger practices result in greater pollution removal. However the costs of obtaining the highest levels of treatment are often prohibitively expensive (see figure). By comparing costs of different treatment levels, the city and/or watershed organization can best choose the project sizing that meets their goals.



Step 5: Evaluation and Ranking

The cost per pound of phosphorus treated was calculated for each potential retrofit project, and projects were ranked by this cost effectiveness measure. Only projects that seem realistic and feasible were considered. The recommended level was the level of treatment that would yield the greatest benefit per dollar spent while being considered feasible and not falling below a minimal amount needed to justify crew mobilization and outreach efforts. Local officials may wish to revise the recommended level based on water quality goals, finances, or public opinion.

Catchment Profiles

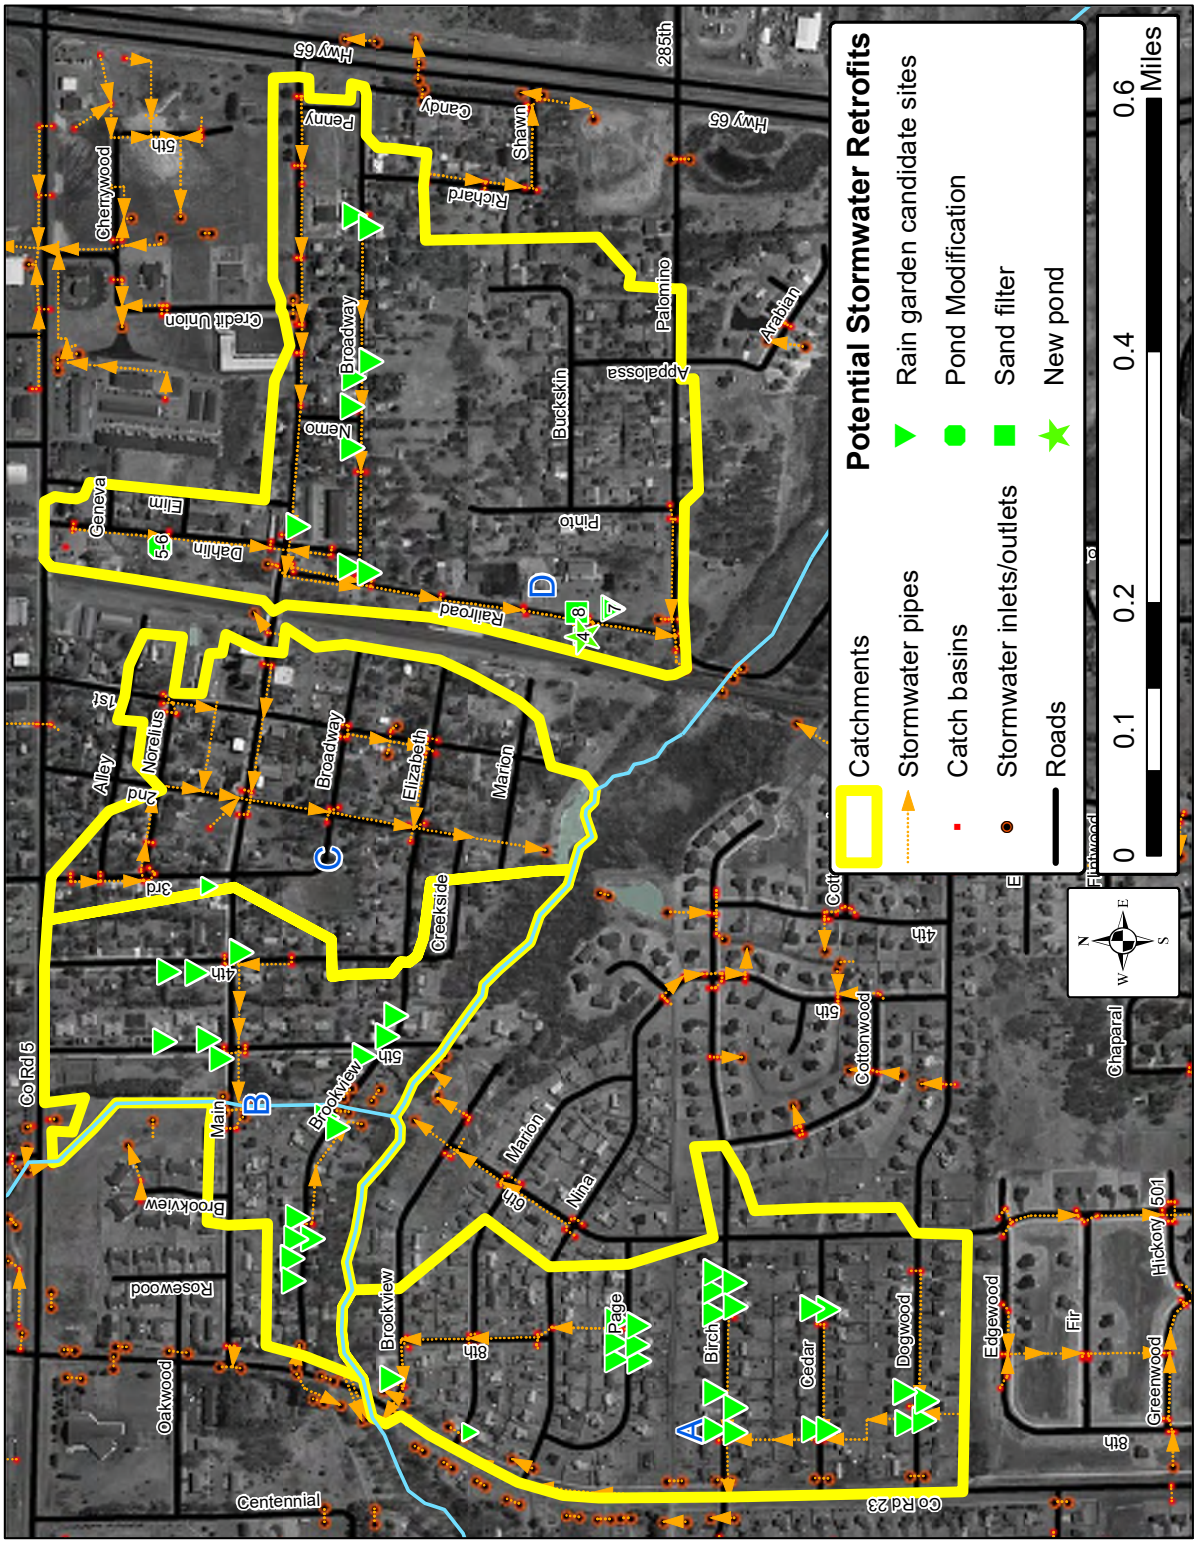
The following pages provide information for each stormwater catchment area analyzed. Each catchment profile includes:

- Summary of existing conditions, including existing stormwater infrastructure, and estimated pollutant export to the Rum River
- Map of the catchment
- Recommended stormwater retrofits, pollutant reductions, and costs.

Catchment profiles are provided for the four catchments analyzed. Please refer to the catchment summary map on the following page.

Following all of the catchment profiles is a summary table that ranks all projects in all catchments by cost effectiveness.

Map of stormwater catchment areas (A-D) and potential retrofit projects referred to in this report.
The number on top of a potential project represents its ranking with respect to the cost per pound of total phosphorus removed per year, except that rain garden candidate sites are not individually ranked. Catchment profiles on the following pages provide additional detail.



Catchment A

Existing Catchment Summary	
Acres	60.21
Dominant Land Cover	Residential
Parcels	151
Volume (acre-feet/yr)	21.02
TP (lb/yr)	25.83
TSS (lb/yr)	7737.61

CATCHMENT DESCRIPTION

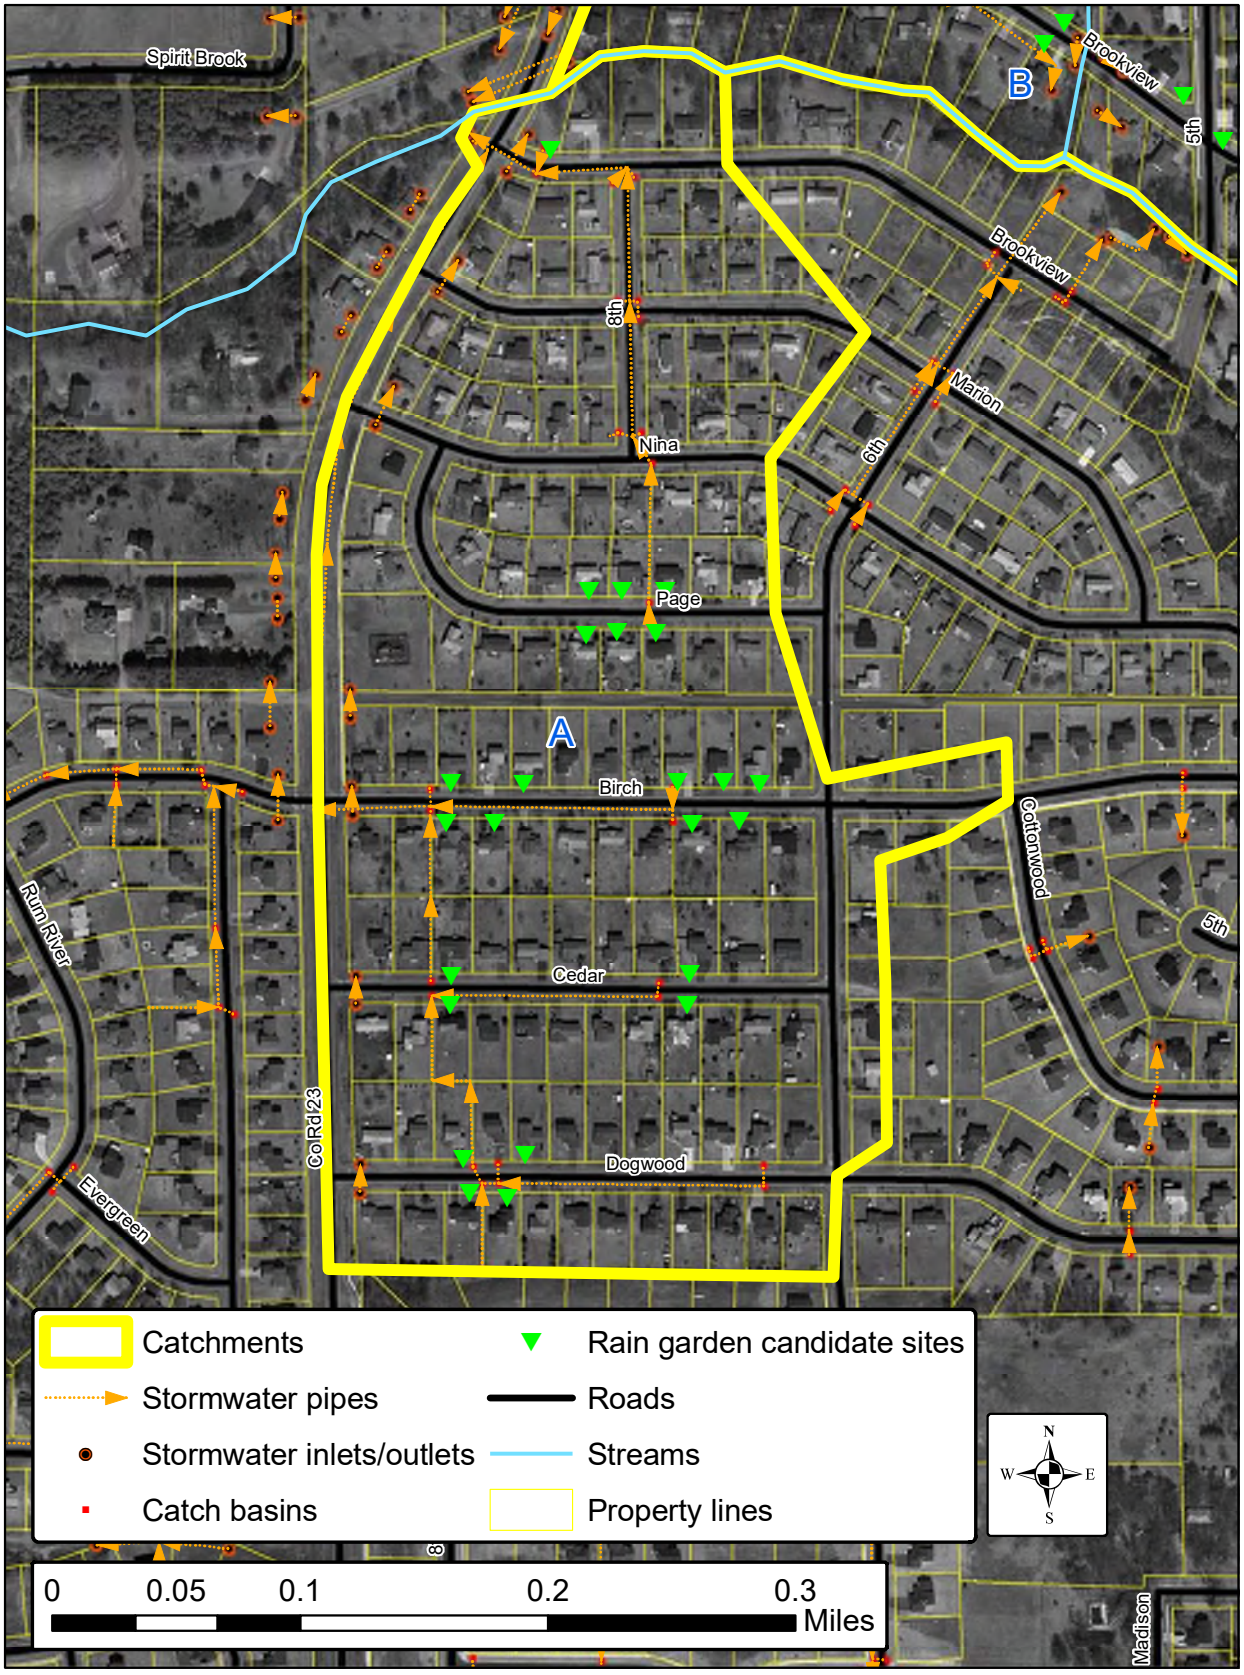
Catchment A is entirely medium density, single-family residential development. It is bordered on the west by Whiskey Road (CR 23) and on the east generally by 6th Avenue SW. All stormwater flows toward Whiskey Road, northward, and then outlets into the creek near the intersection of Whiskey Road and South Brookview Lane. The creek flows to the Rum River about 0.4 miles to the west.

EXISTING STORMWATER TREATMENT

There are two existing stormwater treatment practices within catchment A. First is street sweeping. The second is roadside ditch swales on the east side of Whiskey Road. These roadside ditch swales, are simply open channel conveyances for stormwater from 9.8 acres of the Whiskey Road surface and adjacent homes. Because of the vegetation in the swales and sandy soils they afford some treatment. Pollutant loads from this catchment to the Rum River after existing treatment are shown in the table below.

	Existing Conditions	**Base Loading**	**Treatment**	**Net Treatment %**	**Existing Loading**
Treatment	**TP (lb/yr)**	33.3	7.4	22%	**25.8**
	TSS (lb/yr)	10,282	2,544.0	25%	**7,738**
	Volume (acre-feet/yr)	25.1	4.1	16%	**21.0**
	Number of BMP's	2			
	BMP Size/Description	Mechanical Street Sweeping (Spring and Fall) and Whiskey Road Swales			

CATCHMENT A MAP AND RETROFIT RECOMMENDATIONS



Proposed Project 3 - Curb-cut Rain Gardens
Drainage Area – 60.21 acres

Locations – See map for candidate rain garden locations

Property Ownership – Private

Description – This project ranked 3rd for cost effectiveness at removing phosphorus among all projects identified in this assessment. The proposed project is a network of curb-cut rain gardens installed in residential front yards. The rain gardens collect and infiltrate curbside stormwater flows until they fill. The gardens are designed to hold water for no more than 48 hours after a storm, but the ponding time is often much shorter in cities like Isanti with sandy soils. When the rain garden is full, water will bypass to a catch basin.

These rain gardens are best placed immediately up-gradient of catch basins, and where there are at least three developed properties up-gradient. 24 favorable sites have been identified (see map). These are clustered at locations that would treat water before it reaches nine catch basins; most locations would require only one rain garden to sufficiently treat stormwater flowing to the catch basin. A landowner who is willing to allow the rain garden and provide minor maintenance is required at each location. Understanding that not all landowners will find this acceptable, we've analyzed scenarios where 6, 9, and 12 rain gardens are installed (see table on following page).

The results indicate that it would be most cost effective to install six rain gardens (lowest cost per pound of phosphorus removed). After the first six rain gardens, the cost per pound of phosphorus removed increases. Still, the cost effectiveness of additional rain gardens is better than for many other proposed retrofits throughout this report.

See Appendix B for rain garden design options.

Conceptual and example images –

Before

After

Before rain

During rain

	Cost/Benefit Analysis	Project ID					
		6 Rain Gardens		9 Rain Gardens		12 Rain Gardens	
		New trtmt	Net trtmt %	New trtmt	Net trtmt %	New trtmt	Net trtmt %
Treatment	TP (lb/yr)	5.4	39%	6.8	43%	7.7	46%
	TSS (lb/yr)	1,684	41%	2,127	45%	2,408	48%
	Volume (acre-feet/yr)	4.2	33%	5.4	38%	6.1	41%
	Number of BMP's	6		9		12	
	BMP Size/Description	1,500 sq ft		2,250 sq ft		3,000 sq ft	
	BMP Type	Complex Bioretention		Complex Bioretention		Complex Bioretention	
Cost	Materials/Labor/Design	$27,210		$40,710		$54,210	
	Promotion & Admin Costs	$2,450		$2,870		$3,290	
	Total Project Cost	$29,660		$43,580		$57,500	
	Annual O&M	$450		$675		$900	
	Term Cost/1,000lb-TSS/yr	$855		$1,000		$1,170	
	Term Cost/lb-TP/yr	**$266**		**$313**		**$364**	

No other stormwater retrofits are recommended for Catchment A. While other practices might be beneficial, they are not practical in this fully-developed residential neighborhood.

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Katie Grotte, Human Resources Director
Date: February 2, 2022
Subject: Employee Personnel Policy- Updates

Background:
Each year staff update the Employee Personnel Policy for content and grammar. Changes and clarifications are recommended from State Law, City Attorney and the League of MN Cities guidance reference guide to remain current with Federal and State guidelines. The redlined version was presented at the 1/18/2022 COW and does not include blended sections. The final version has been distributed separately not included in the packet.

Changes to Personnel Policy are as follows:
Section 1: Organized language from 2 different areas for "Media Requests" to reduce redundancy.
Section 2: Incorporated language from LMC to blend "Ethics and Conduct as a City Employee" together, updated attendance and unexcused absences, and updated City Owned property to incorporate the Chief of Police to maintain registered equipment and Statute language for driving. Section 2.12 is new for Job Shadowing and Ride- Along reference.
Section 3: Definitions have been cleaned up and renumbered for adding in 2 definitions "Good-standing" and "Outside employment"
Section 4: Updated language from LMC for recruitment and background checks.
Section 5: Cleaned up language from redundancy and terms.
Section 6: Included language that Police officers are exempt from unpaid meal breaks. "Work from Home" section was blended from another section for clarity.
Section 7: "Paychecks" section was added with Reimbursement checks and direct deposit was cleaned up to reflect MN law. Compensatory time was added to 7.08. Redundant information was moved to more appropriate areas. Clarified 7.08 on straight time to say ""Hours worked" over forty (40) but have used either vacation, sick leave, comp time or a holiday within the workweek will be paid either straight time at the rate of one hour pay or straight comp time.
Section 8: Performance Reviews were updated to reflect performance reviews after probationary period.
Section 9: Employee Assistance Program (EAP) language was added to the benefits section.
Section 10: Updated language when an exempt employee works on an observed holiday.
Section 11: Clarified language for "separation from service", added LMC Military Leaves new State Law information regarding Reasonable Work Time for Nursing Mothers and Reasonable Accommodations and renumbering.
Section 12: Clarified "not in good standing" for Severance Pay Outs.
Section 14: Updated sentence for "in- state trainings." 14.08 language was added to say "with exception of an occasional stop related to reasonable circumstantial needs."
Section 15: Added "Department Heads" to approve Outside Employment.
Section 16: Included new language for DOT Drug Testing from Resolution 2021-228.
Section 17: New stand-alone section, blended "Respectful Workplace" with LMC new policy on "Harassment"
Section 18: Cleaned up the Appendix to reduce redundant sections that were blended with other appropriate sections.

Request: Staff is requesting approval on this item.

RESOLUTION 2022-XXX

ACCEPTING RESIGNATION FOR LIQUOR STORE CLERK II
CARRIE PRATHER

WHEREAS, PT Liquor Store Clerk, Carrie Prather left employment without proper notice; and,

WHEREAS, the effective date of this resignation is January 7, 2022; and,

WHEREAS, Carrie Prather is not leaving employment in good standing as she did not resign per current personnel policy with proper notice;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve as follows:

1. That the resignation of Carrie Prather is hereby effective January 7, 2022.

2. That Human Resources Director and Liquor Store Manager are hereby directed to fill the position.

This Resolution is hereby approved by the Isanti City Council this 2nd day of February 2022.

RESOLUTION 2022 -XXX

APPROVING STAFF TO SUBMIT APPLICATIONS FOR GRANTS PERTAINING TO ACTIVITIES AND PROGRAMS IN POLICE DEPARTMENT FOR 2022

WHEREAS, City staff has been notified of eligible grant opportunities; and,

WHEREAS, the City of Isanti has been awarded grants for public safety projects in the past; and,

WHEREAS, each year, there are grants available specific to the types of activities conducted by the Police department through organizations like Toward Zero Deaths, the Department of Justice; and,

WHEREAS, City staff has approval for submission of applications to grants listed above and to future grant opportunities that pertain to public safety and the Police department. Submittal of grants that fit within the described areas will be based upon City staff's discretion and their ability to complete the background work to submit the application; and,

WHEREAS, if awarded funding through grant opportunities as outlined in this resolution, funds would be accepted through City Council and distributed through the appropriate Police Department fund;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve City staff to apply for grant opportunities that pertain to Public Safety and the Police department for 2022.

This Resolution hereby approved by the Isanti City Council this 2nd day of February 2022.

RESOLUTION 2022-XXX

AUTHORIZING THE CITY OF ISANTI TO ENTER INTO AGREEMENT WITH METROPOLITAN EMERGENCY SERVICES BOARD

WHEREAS, The City of Isanti responds to medical call where persons have overdosed on opiate; and,

WHEREAS, The Metropolitan Emergency Services Board is offering a subgrant opportunity that will cover the cost of training and reimburse the cost of the opiate antagonists; and,

WHEREAS, City of Isanti Officers will be able to provide added lifesaving services to those suffering from an opioid overdose;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota hereby authorizes the following:

1. Authorize staff to enter into subgrant agreement with the Metropolitan Emergency Services Board.
2. Authorize staff to sign related agreements.

This Resolution hereby approved by the Isanti City Council this 2nd day of February 2022.

METROPOLITAN EMERGENCY SERVICES BOARD
2099 UNIVERSITY AVENUE WEST
SAINT PAUL, MINNESOTA 55104-3431

Opiate Antagonists Subgrant Agreement

THIS AGREEMENT is entered into between the METROPOLITAN EMERGENCY SERVICES BOARD, Metro EMS Region, 2099 W. University Ave., #201, Saint Paul, MN 55104 ("MESB"), and _____, _____ ("Subgrantee").

RECITALS

WHEREAS, 2015 Minn. Laws, Ch. 71, Art. 14, Sec. 3, Subd. 2, appropriated funds to the Commissioner of Health for grants to Minnesota's eight regional emergency medical services programs to purchase opiate antagonists and educate and train emergency medical services persons, as defined in Minn. Stat. Sec. 144.7401, Subd. 4, clauses (1) and (2) ("Eligible First Responders"), in the use of these antagonists in the event of an opiate or heroin overdose; and

WHEREAS, the State of Minnesota, acting through its Commissioner of Health, entered into Amendment 2 of the Grant Agreement No. 184620 with the West Central MN EMS Corporation ("WCMEMSC"), effective December 1, 2020 ("Grant Agreement"), to act as the fiscal agent for said grant; and

WHEREAS, WCMEMSC, as the fiscal agent under Grant Agreement No. 184620 with the State of Minnesota, entered into the amended subgrant agreement with the MESB, effective July 1, 2021 to reimburse for the purchase of opiate antagonists and for education and training of Eligible First Responders in the Metro EMS Region; and

WHEREAS, Subgrantee, a first responder agency in the metropolitan region, is qualified to receive these funds as reimbursement for the purchase of opiate antagonists and/or for education or training expenses.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, the parties agree as follows:

I. SCOPE OF AGREEMENT AND QUALIFICATIONS

A. This Agreement is to provide reimbursement for an opiate antagonist to be administered by an Eligible First Responder and/or for education or training of Eligible First Responders. For the purposes of this Agreement, "opiate antagonist" means naloxone hydrochloride or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of drug overdose.

B. Subgrantee understands that in order to be eligible for reimbursement of the cost of opiate antagonists it has purchased it must have satisified all of the requirements of

Minn. Stat. Sec. 151.37, Subd. 12(a) and (b), and Subgrantee hereby represents that it has fully satisfied said requirements.

C. Subgrantee shall be reimbursed for the cost of an opiate antagonist it has purchased for the period from July 1, 2021 through September 29, 2022, subject to the limitations set forth in this Agreement.

II. REGIONAL EMS AUTHORIZED REPRESENTATIVE

The MESB's authorized representative for the purposes of administration of this Agreement is its Regional EMS Coordinator, Ron Robinson, or such other person as may be designated in writing by the Executive Director of the MESB. Contact information for the MESB's authorized representative is: Ron Robinson, Regional EMS Coordinator, Metropolitan Emergency Services Board, 2099 W. University Ave., #201, Saint Paul, MN 55104, 651.643.8378, rrobinson@emsmn.org.

III. REIMBURSEMENT AND METHOD OF PAYMENT

Subgrantee shall submit to the MESB a copy of a detailed invoice and record of payment for the purchase of an opiate antagonist. Upon verification and acceptance by the MESB's Regional EMS Coordinator of each invoice, the MESB will pay Subgrantee the invoiced amount. The MESB's reimbursement obligation is contingent on the MESB receiving grant funds from the State under the Grant Agreement, and is limited to the total amount of grant funds remaining upon receipt of an invoice. **Invoices must be received by the MESB no later than September 22, 2022**. Reimbursement will be made in a timely manner following receipt of sufficient grant funds by the MESB from the State. The MESB will not expend any of its own funds to reimburse Subgrantee.

IV. TERM OF AGREEMENT

This Agreement shall be effective July 1, 2021 and shall terminate on September 30, 2022 or until the grant funds have been expended, whichever occurs first.

V. LIABILITY

Each party will be responsible for its own acts and the results thereof to the extent authorized by law and shall not be responsible for the acts of the other and the results thereof. Nothing in this clause may be construed as a waiver by either party of any immunities or limitations of liability to which such party may be entitled pursuant to Minn. Stat. Chap. 466, or any other statute or law.

VI. AUDITS

Under Minn. Stat. Sec. 16C.05, Subd. 5, Subgrantee's books, records, documents, and accounting procedures and practices of Subgrantee, or any other relevant party or transaction, are subject to examination by the MESB, the State, the State Auditor, and the Legislative

Auditor, as appropriate, for a minimum of six (6) years from the end of this Agreement, receipt and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

VII. DATA PRACTICES

Pursuant to Minn. Stat. Sec. 13.05, Subd. 11(a), Subgrantee and the MESB must comply with the Minnesota Government Data Practices Act as it applies to all data provided by the MESB under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by Subgrantee under this Agreement. The civil remedies of Minnesota Statutes section 13.08 apply to the release of the data referred to in this clause by either Subgrantee or the MESB.

VIII. OWNERSHIP OF MATERIALS

The State shall own all rights, title and interest in all of the materials conceived or created by the MESB, or its employees or Subgrantee, either individually or jointly with others and which arise out of the performance of the Grant Agreement, including any inventions, reports, studies, designs, drawings, specifications, notes, documents, software and documentation, computer based training modules, electronically, magnetically or digitally recorded material, and other work in whatever form ("materials").

Subgrantee hereby assigns to the State all rights, title and interest to the materials. Subgrantee shall, upon request of the State, execute all papers and perform all other acts necessary to assist the State to obtain and register copyrights, patents or other forms of protection provided by law for the materials. The materials created under the Grant Agreement by the Grantee, its employees or Subgrantee, individually or jointly with others, shall be considered "works made for hire" as defined by the United States Copyright Act. All of the materials, whether in paper, electronic, or other form, shall be remitted to the State by Subgrantee. Subgrantees's employees shall not copy, reproduce, allow or cause to have the materials copied, reproduced or used for any purpose other than performance of Subgrantee's obligations under this Agreement without the prior written consent of the MESB.

IX. PUBLICITY

Any publicity given to the program, publications, or services provided resulting from this grant agreement, including, but not limited to, notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for Subgrantee or its employees individually or jointly with others, shall identify the State as the sponsoring agency and shall not be released without prior written approval by the MESB.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed on the dates set forth below.

Request for City Council Action

To: **Mayor Johnson and Members of City Council**

From: Alyssa Olson, Parks, Recreation & Events Coordinator

Date: February 2, 2022

Subject: Adopting the 2022 Comprehensive Parks, Trails, and Open Space Plan for the City of Isanti

---

Background:

The Park and Recreation Comprehensive Plan was originally adopted in 1997 and has been amended multiple times over the years to account for new City policies and goals. The plan was last updated in April 2011 and renamed the Parks, Trails and Open Space Plan to account for natural resources throughout the community.

The previous plan was considered to be outdated and has been updated to take into account new goals for the Isanti park system. Staff, as well as, the Parks, Recreation and Culture Board have reviewed the attached plan and have recommended its adoption by the City Council. Once adopted, the plan will be added to the City of Isanti website for public reference.

Request:

Staff is requesting adoption of this item.

- Resolution 2022-XXX
- 2022 Comprehensive Parks, Trails and Open Space Plan

RESOLUTION 2022-XXX

ADOPTING THE 2022 COMPREHENSIVE PARKS, TRAILS, AND OPEN SPACE PLAN FOR THE CITY OF ISANTI

WHEREAS, the Park and Recreation Comprehensive Plan was adopted in 1997 and amended in 2004; and,

WHEREAS, the City of Isanti adopted a new Comprehensive Plan on November 20th, 2007, and again on April 5th, 2011, in which new overall goals and policies were established for Parks, Trails, and Open Spaces, as well as, for Natural Resource areas throughout the community; and,

WHEREAS, the previous Comprehensive Parks, Trails and Open Space Plan was considered to be outdated and has been updated to take into account the new goals and policies for the City of Isanti; and,

WHEREAS, the City of Isanti is granted through Minnesota State Statues the right to prepare, adopt, and amend a Comprehensive Plan; and,

WHEREAS, the Parks, Recreation and Culture Board reviewed the new plan on January 25, 2022; and,

WHEREAS, the Parks, Recreation and Culture Board recommended approval of the 2022 Comprehensive Parks, Trails, and Open Space Plan; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the 2022 Comprehensive Parks, Trails, and Open Space Plan be adopted for the City of Isanti.

This resolution was duly adopted by the Isanti City Council this 2nd day of February 2022.

City Clerk

2022 Comprehensive Parks, Trails and Open Space Plan

Adopted February 2, 2022

Compiled by Isanti Parks, Recreation & Culture

EXECUTIVE SUMMARY

The City of Isanti is located approximately 45 miles north of the Twin Cities Metropolitan Area. The community is divided by Trunk Highway 65, which serves as a strong north-south transportation connection between Isanti, the Twin Cities Metropolitan Area, to the south; and the City of Cambridge, to the north. County State Aid Highway 5 serves as the primary east- west transportation corridor through the community. These main corridors carry high volumes of traffic and are easily accessible to area residents. Many of Isanti's services and community facilities have been located on or adjacent to these corridors, while residential neighborhoods and area parks have been placed along local or residential streets that tie into these main thoroughfares.

Since 2002, the City has experienced significant levels of growth and development. Currently, the community is home to 6,804 residents, as estimated by the State Demographer's office for 2021. After the economic downturn caused by the COVID-19 pandemic, the City experienced significant growth in 2021 that will continue into the near future. While the level of growth as well as the amount of time necessary for a full economic recovery is undetermined, in order to ensure that the community continues to be a place where people want to live, work, and play, Isanti is committed to planning for the future and providing recreational amenities and opportunities for all that may live, work, or visit the area. The City of Isanti is also committed to working with surrounding entities to establish regional facilities and amenities that can be utilized by more than just area residents. These interconnected facilities will further enhance active living and alternative modes of transportation throughout the region.

In 2020, the City of Isanti updated the Comprehensive Plan and includes Chapter 5 Natural Resources and Chapter 6 Parks, Trails, and Open Space. These chapters analyze existing conditions from a broad perspective and made general recommendations that would aid in the future development, expansion, or conservation of City parks, open spaces, and natural areas. In addition, these two Chapters enabled the City to establish overall goals, policies, and objectives that the City wished to pursue; as they pertained to the preservation of natural resources and development of future parks, trails, and open spaces. As a supplement to the 2020 Comprehensive Plan; the 2022 Parks, Trails, and Open Space Plan utilizes these objectives and recommendations as a basis for a more in-depth look at the City's existing and future parks, trails, and open space system. Specific parks, open spaces, and trail segments will be examined and recommendations will be made for future improvements.

Each section of this Plan will provide City staff and City officials with key information and the building blocks that will help to better define the community, and its goals for both the existing and future park system. The Plan can be used as a reference for the City, to be reviewed when confronted with decisions regarding the location, timing, replacement, maintenance, and development / redevelopment of the overall park system.

The City of Isanti envisions a park, trail, and open space system that will not only enhance the quality of life for its current residents; but will create a system that can be easily built upon in the future as Isanti continues to grow. The Plan will serve as a guide and will offer an opportunity to improve, develop, and create a system of planned green spaces and parks that emphasize safety, innovation, and conservation. The intent of this overall park system is not only to provide

DRAFT

residents with recreational opportunities, but to protect and enhance the natural resources that can still be found throughout the community. While the establishment of a greenway system in developed areas of the community may be considered a challenge; ensuring that areas located in undeveloped portions of the community and within future planning areas have been identified will help to reduce these types of challenges as the community grows and new development takes place.

The anticipated outcome is to produce a park, trails, and open space plan that meets the needs of both existing and future community residents; encourages healthy, active lifestyles; and preserves those natural areas found throughout the community, so they can be enjoyed by future generations.

DRAFT

PLAN PURPOSE

The Comprehensive Parks, Trails, and Open Space Plan is intended to serve as a guide for maintaining and enhancing the existing parks, trails, open spaces and other associated natural and recreational amenities found within the City of Isanti. The Plan will also provide an overall framework for the development of future active and passive recreational amenities; as the community continues to grow. The Plan acknowledges that there are both opportunities and constraints, which will work to both assist in the advancement of the Plan's goals and objectives or may place limits upon those ideas and principals. These limits may require the City to further evaluate some future plans. However, these limits are not to be seen as barriers, but as crossroads allowing the City to weigh additional options, so as to meet the specified goals and objectives of this plan. Despite this acknowledgement, the Plan will provide a framework for the future of the City of Isanti Parks, Trails, and Open Space system.

The Plan also recognizes the goals, objectives, and recommendations provided within the 2020 Comprehensive Plan, which focuses on Natural Resources and their importance for inclusion within the overall park system as well as the general standards provided for within the Parks, Trails, and Open Space portion of that same document. It is the purpose of this Plan to supplement and expand upon the recommendations provided for within these chapters of the 2020 Comprehensive Plan and to provide further direction for the implementation and creation of a successful Parks, Trails, and Open Space system. When developing this Plan, the following general objectives will be essential throughout the park planning process:

- Maintain a consistent high level of service when developing new amenities and facilities within the overall park system; which is similar to what has been provided today in existing park and recreation areas.
- Determine the needs of the community and the activities to be provided within each park or open space, ensuring that both are in accordance with the community's overall vision for the park system.
- Guide decision makers, developers, and City staff in planning for future growth and development within the community through the integration of existing and future parks, open spaces, natural areas and other recreational amenities; and ensuring that all residents have reasonable access to these amenities.
- Assist the community in the continued establishment of goals, objectives, and strategies for the development of future parks, trail, and open space connections.
- Commit to the preservation, conservation, and enhancement of natural areas and wetlands located throughout the community.
- Create a trail system that provides for an interconnected network of open spaces, parks, and natural resource areas that are open and accessible by the public.

DRAFT

- Plan for an interconnected park and trail network to be utilized for recreational purposes as well as for alternate transportation options; ensuring the connection of neighborhoods, schools, commercial services, recreational facilities, and parks.

- Promote an increased quality of life for current and future residents through the promotion of active, healthy lifestyles.

- Encourage cross jurisdictional planning with neighboring townships, cities, and the County; to ensure that current and future trail connections will promote a more expansive, integrated regional park and trail system.

- Establish a continuous and permanent Greenway system, which loops through Isanti; linking neighborhoods, commercial areas, parks and open spaces via linear natural features that have been identified throughout the community.

- Develop, monitor, and amend; as necessary, a short-term and long-term capital improvement and maintenance program that will guide the City in property acquisition, capital improvement projects, and operations; which not only shows continual investment in the park system, but advancement of the overall community vision.

- Build a park system and provide recreational opportunities and amenities that are balanced, multi-dimensional, and adaptable to the changing attitudes and interests of the population; catering to all ages and levels of ability.

DRAFT

THE COMMUNITY

Historical Background

Today, the area surrounding Isanti can be characterized as cropland containing both large open spaces as well as small remnants of the original natural vegetation that was once found within Isanti County. Areas containing high natural resource value include the Rum River, several streams (Park Brook, Isanti Brook, and Spirit Brook); woodland areas, and wetland complexes; all of which have brought and continue to bring value and quality to the lives of area residents. The natural resource significance found throughout this area continues to be recognized as perhaps one of leading factors for the initial settlement of the area and one of the main reasons for its continued growth.

"Old Isanti" was first settled in 1860, as a logging and farming community. After the construction of the railroad, the location of the community changed, and "New Isanti" was soon re-built between the Rum River and the Great Northern Railroad. Fields growing potatoes and navy beans flourished on the natural landscape surrounding the community. But, after years of farming, crop lands became depleted of nutrients and the farming industry began to decline. With the decline of agriculture; the environment in Isanti County began to change as well. The natural areas originally found within Isanti County became separated by croplands, roads, and eventually development. Today, Isanti has become an exurban bedroom community located within a collar county of the Twins Cities Metropolitan Area, where residents commute to work and return at the end of each day to enjoy the small-town atmosphere that Isanti provides.

Historically, the City of Isanti and its residents have continued to have a close relationship with the outdoors and the natural environment, through its park and open space system. The Municipal Rose Garden, the Old Band Stand, as well as the community's continued participation in sporting activities such as baseball, and tennis have attributed to the types of parks and open spaces that have developed over time within Isanti. The park and open space areas continue to be of great importance to the residents of this community and will continue to be so as the City develops in the future. Planning for future parks, facilities, and amenities will continue to be increasingly important to the promotion of healthy, active lifestyles for future residents. In addition, these types of facilities and amenities will continue to serve as a focal point or a gathering place for area residents.

DRAFT

Demographics

The City of Isanti has seen significant growth and change in recent years. The rapid growth in population and households, coupled with increased commercial and industrial development has changed the dynamics of the community.

In order to plan for future park and recreation system amenities and facilities, an understanding of the characteristics of the existing population is necessary as the characteristics of the population will determine the needs and the demands for particular types of services. While the needs and demands of the community will change as it continues to grow and composition of the age cohorts will change, the current statistics will provide the City with a basis from which to begin its planning are the best estimates available to the City for projecting the types of services that may be required in the near future. In recent years, the City has seen a significant increase in the number of young families with school aged children. This demographic shift has placed high demands upon area schools, recreational facilities, and community services. But, while these age cohorts are increasing, there is still a need for the City to accommodate the demands for services for the middle-aged and senior-aged cohorts.

When compared to the overall City population, the City of Isanti has a lower percentage of senior citizens residing within the community. While the City will continue to add to the senior population, the overall number of seniors when compared to the total population is anticipated to remain quite low in the years to come. The middle-aged individuals, ages 36-54, will also see some level of increase in the population; however, when compared to the total estimated population of the City this number too will remain fairly low. The lower percentage of residents within these two demographics, middle-aged and senior-aged, has been attributed to the type of housing that is currently found within the community. The majority of the housing stock provided in the community are new developments appealing to family home buyers. While the City has planned for and has encouraged the development of different housing types, many of the larger single-family residential units, as well as attached multiple-family units, are anticipated to be developed at a later date as the community grows and the population diversifies. The age group of individuals ranging in ages 34-44 is anticipated to increase for the City in the coming years, due to the attractive moderately-priced housing options provided throughout the community. As a result, it is anticipated that those under the age of 18 will also continue to increase. Much of the recent park development has catered specifically to this age group and would appear to be the focus for the City in the near future.

The City will need to balance the interests and needs of the various age groups and ability levels that will continue to characterize the residents of the community. While the interests and needs of the younger adult and school aged children population may continue to be more prevalent, parks and other associated facilities and amenities will need to cater to older adults as well. When developing the parks, trails, and open space system, conscious efforts should be made to include various types of programming and activities within each area that will cater to a more diverse public. Creating and establishing varying types of programs and activities aimed at different age groups will enable the City to better adapt to potential changing demographics in the future.

DRAFT

Related Planning Efforts

The City of Isanti updated their Comprehensive Plan in June 2020. This Comprehensive Plan update was made to the original, which was completed in 2008. Since the 2008 Plan, many changes had occurred with respect to the City, as a large amount of land, primarily areas surrounded by the City "donut holes", were annexed. The 2020 Comprehensive Plan took into consideration those properties within the existing City boundaries, as well as areas outside of the City limits that may be subject to future development as the City grows and expands beyond its existing boundaries. The Comprehensive Plan set forth the goals, objectives, and implementation strategies for the City of Isanti as it expands within these areas. The goals and strategies for the implementation of the Plan were divided into various categories, to include: Community Vision, Goals & Strategies, The Community, Housing and Neighborhoods, The Economy, Natural Resources, Parks, Trails and Open Space, Land Use and Growth and Transportation. Many of the goals and strategies found in specific Chapters of the overall Comprehensive Plan have been incorporated and will be supplemented by the 2022 Park, Trail, and Open Space Plan.

The City has also completed several other planning related studies and plans, which include a Multi-Modal Transportation Plan, Development Impact Study, and a Capital Improvements Plan (CIP). Each of these documents will be used to further the goals and objectives of the City of Isanti, as the community moves into the future. These documents will become increasingly important as the demand and need for City services and infrastructure evolve or increase for both existing and new development. These documents provide guidance for the location and / or redevelopment of City-related services and amenities. The Capital Improvement Plan will provide a strategy for how funds will be allocated over future years for specific projects, so as not to create an undue financial burden on the community or its residents. Park related projects and amenities for both new and existing facilities/ equipment have been included within this document. The City will need to continue to utilize this plan for the future costs associated with the construction and/or monitoring and replacement of City park facilities and amenities. Replacement items or redevelopment projects associated with City parks are funded under the general budget funds or CIP funds.

In addition, plans have been prepared and adopted at the County level, which have an effect upon the City of Isanti. Isanti County has adopted a 2017 Trails and Bikeways Master Plan, 2006-2030 Transportation Plan, 2008 Isanti County Parks and Recreation Plan, and 2009 Land Use Plan. These documents provide a larger framework for planning across Isanti County. Natural resources, transportation systems, park and recreation amenities, and land use implications do not end at the City limits; but are extended into neighboring communities, townships, and Isanti County. The City acknowledges that planning for the conservation of natural resources, trails, and park amenities need to be reviewed in a broader context that will contribute to the overall function of City, Township, and County systems. This 2022 Parks, Trails, and Open Space Plan will take into consideration the components identified in other City and Regional Planning documents, to ensure that Isanti is meeting the goals, objectives, and vision for the region as well.

DRAFT

PARK AND TRAIL SYSTEM CLASSIFICATION

Parks and trails have been classified into various categories depending upon the types of amenities provided as well as based upon location and size criteria. The National Recreation and Park Association (NRPA, 2006) has established general descriptions for each park type, which have been used throughout this Plan as a guide for classifying components of the City's park system. The various types include:

Mini-Park

The mini-park is created to address the limited, isolated, or unique recreational needs associated with a small area. This type of park must be located within ¼ mile distance of a residential area and is generally between 2,500 square feet to 1 acre in size.

Neighborhood Park

The neighborhood park is considered the most basic unit of the park system. This park serves as the recreational and social focus for a residential neighborhood; and provides for both active and passive recreational opportunities. This type of park is usually within ¼ to ½ mile distance of a residential area and is not interrupted by non- residential roads or other types of physical barriers, making it readily accessible to area residents.

School Park

The combination of parks and recreational amenities with school sites has been found to fulfill the space requirements for other types of parks, such as neighborhood, community, sports complex, or special use parks. The proximity of a school park to residential neighborhoods is determined by the location of the school property. The size of the park will vary depending upon the types of recreational facilities or amenities that are offered and the overall size of the school property.

Community Park

The community park serves a much broader purpose than a neighborhood park. The park focuses on serving larger community-based recreational needs, rather than just those of the surrounding residential neighborhood. This type of park also focuses on preserving unique landscapes, natural areas, and open spaces. The community park usually serves two (2) or more neighborhoods within one-half (½) to a three (3) mile distance. The overall location and types of amenities provided in these parks will be based upon the size, quality, and suitability of the site.

Large Urban Park

The large urban park serves an even broader purpose than the community park. This type of park can be used when community or neighborhood parks are not of adequate size or do not contain the necessary amenities to serve the needs of the overall community. The focus is on meeting community-based recreational needs. The preservation of unique landscape areas as well as passive open spaces is also a main focus for this type of park. The large urban park serves the entire community and the amenities provided are determined by the quality and suitability of the area. The overall area of the park will be determined based upon the uses that are provided. Different

types of recreational opportunities require less or more land area. Generally, the large urban park is around fifty (50) to seventy-five (75) acres in size, in order to accommodate the necessary planned amenities that would service a community.

Natural Resource Areas

These are lands that have been set aside for the preservation or conservation of significant natural resource amenities, remnant landscapes, open space, and / or visual aesthetics and buffering. The location is dependent upon the availability and opportunity for access to these types of natural resources. The size of the overall area will also vary depending upon the location of natural amenities found on the site.

Greenways

Greenways tie the park system components together to form a continuous linear park environment, which tie natural resource elements to the overall park system. In some instances, utility corridors have been utilized as areas for greenway systems.

Greenways are situated based upon the availability and location of natural resources or utility corridors, so the overall size of these areas can also vary.

Sports Complex

A sports complex places programmed athletic fields and other types of associated facilities on larger and fewer sites within the community. The sports complex is strategically located, so as to serve the entire community. The size of the facility is based upon the demand for a specific type and / or a certain number of recreational facilities and amenities. A minimum of twenty-five (25) acres is necessary; however, forty (40) to eighty (80) acres are strongly recommended.

Special Use

The special use park can actually cover a broad range of recreational activities and/or facilities. These parks are usually developed with a particular single purpose use in mind. The location and size are variable, and are based upon the specific use involved. Examples may include, but are not limited to a dog park or golf course.

Private Park / Recreation Facility

These types of parks and recreational facilities are owned by a private entity, yet may contribute to the overall City park and recreation system. These facilities vary in size and location; and are dependent upon the types of activities that are involved.

Each of the parks and facilities found within the City of Isanti have been reviewed and compared against the criteria established for each park type by the National Recreation and Park Association (NRPA). Oftentimes, it is difficult to classify a particular park or amenity within a specific group, as the general description, size or location may not precisely meet the requirements established by the NRPA. When difficulties were found in the classification of a particular park or facility, staff has reviewed the park against the general description and location. The actual size of the park may be disregarded for classification purposes. An inventory has been conducted of each park currently found within the park system, which has been

DRAFT

included within this plan as a reference. The inventory focuses on the classification, size, and the amenities that have been or will be provided within each of the City's existing parks.

In addition, the NRPA has also prepared a classification system for various types of trails. General descriptions regarding the trails purpose as well as the materials and uses permitted on the trail are all factors that are taken into consideration when reviewing the trails throughout the community. The various trail types include:

Park Trail

Park Trails are multi-purpose trails that are located within greenways, parks, and natural resource areas. The focus of the trail is based upon the recreational value of the overall facility and its unity with the natural environment. There are three (3) different classifications for Park Trails.

- A 'Type One' trail is a single purpose hard-surfaced trail for pedestrians, bicyclists, or in-line skaters.
- A 'Type Two' trail is a multi-purpose hard-surfaced trail for pedestrians, bicyclist, and in-line skaters.
- A 'Type Three' trail is a nature trail for pedestrians, on which the surface maybe composed of hard or soft materials.

Connector Trail

The Connector Trail is a multi-purpose trail that emphasizes safe travel forpedestrians to and from parks, and provides access to other areas within the community. The focus for this type of trail is as much on transportation, as it is on recreation. Again, there are various types of trails that fit this category.

- A 'Type One' trail has a separate or single purpose and is hard-surfaced for pedestrians, bicyclists, or in-line skaters. This type of trail is generally located within an independent right-of-way area.
- The 'Type Two' trail is a separate or single purpose hard-surfaced trail for pedestrians, bicyclists, or in-line skaters, which is located within roadwayright-of -way.

On-Street Bikeways

These are paved segments of a roadway that serves as a means to safely and effectively separate bicyclists from the motor vehicle traffic. On-street bikeways are placed in two categories; bike routes and bike lanes. A bike route is a designated portion of the roadway that is for preferential or exclusive use by bicyclists. A bike lane is a shared portion of the roadway that provides separation between motor vehicles and bicyclists, for example a paved shoulder.

All-Terrain Bike Trail

This is an off-road trail for all-terrain mountain bikes. These trails are usually single purpose loops that are located in larger parks or within natural resources areas. The trails consist of natural

DRAFT

materials that may be prevalent within the area, in which the trail is located. Hard-surfaces generally are not provided as a base for the all-terrain bike trail.

Cross Country Ski Trail

These trails are developed for traditional and skate-style, cross country skiing activities. Often times, these trails are located in larger parks with natural resource amenities. Again, these trails are mainly utilized during the winter months for this particular type of activity.

Equestrian Trail

These trails are developed for the sole purpose of horseback riding. The trails are looped through larger parks or natural resource areas. Rather than just limiting these trails to equestrian activities, the trail can be developed to accommodate hiking or all- terrain biking. Conflicts between the various uses should be anticipated and control mechanisms should be in place to avoid such conflicts.

DRAFT

EXISTING PARK SYSTEM

Isanti has approximately 190 acres of park land spread throughout eleven (11) parks within the current City limits. Isanti has one (1) large urban park, four (4) community parks, five (5) neighborhood parks, and one (1) mini-park. Sandbrook Golf Course, Martin's Landing, the David C Johnson Civic Arena, and the Isanti Firefighters Rodeo Grounds; none of which are owned or operated by the City of Isanti, have provided significant additional recreational amenities and facilities for community and area residents. Isanti also has a partnership with the City of Cambridge to maintain a joint trail that connects the two cities. Area residents are able to use the Cambridge-Isanti Bike/Walk Trail year-round for numerous recreational activities. The Isanti Indoor Arena- BMX track is owned by the City of Isanti, but is leased to the Rum River BMX Association and also provides significant recreational amenity to the community and area residents. In addition, the Isanti Primary School, Isanti Intermediate School/School for All Seasons, Isanti Middle School/Minnesota Center, Arts and Science Academy (ASA) Elementary School and ASA Middle School all provide additional passive and active recreational opportunities and amenities for area residents. A brief description of the activities and facilities provided on each of the school parcels has been provided. Despite each of these organizations' contribution towards the overall recreational amenities for the City, these facilities have not been included in the overall park totals presented within this document though their importance in the overall recreational system should be noted.

The City also leases portions of Bluebird Park to the Cambridge-Isanti Soccer Club, Rum River BMX Association, and the Redbirds Organization (Baseball). Each of these groups work in conjunction with the City to provide additional recreational elements that service the community. The property may be owned by the City; however, each of these entities is responsible for the implementation of recreation programs and maintenance associated with their facility.

In order to develop this plan, the City analyzed the existing conditions found within each park. Each park was evaluated based upon these conditions. Opportunities were determined for the development of new and/or expanded services as well as for re-development of existing facilities. Recommendations have been provided for each park within the City's system. These recommendations have been based upon the perceived opportunities and/or constraints that would appear to be present for each park. Opportunities or constraints are based upon physical attributes, level of service standards, the need to balance the kinds of facilities and amenities provided across the park system, and comments provided by area residents.

The recommendations are conceptual only and will be further evaluated to determine what future improvements can and should be made, and the timeframe in which those improvements should occur. The availability of funds and the needs of the community will be weighed heavily when making these types of future decisions.

DRAFT

In General

Over time, the City of Isanti has worked to create a park system that caters to residents and visitors alike. In general, there are a number of features and activities to which the community would like to see remain or would like to see changed in the future, so as to promote the overall park system. In many of the City's parks; bench swings had been provided in the past for adults that have brought their children to the park to play; however, vandalism to bench swings and damage due to improper use of such equipment has resulted in the need for their removal. In those parks that currently have bench swings, once the swings have outlived their use, they should be removed and replaced by a different piece of play equipment or by an additional bench.

In addition, the City has a long-established tradition of Community Park Builds and Community Tree Plantings. Both activities are open to all residents of the community, business owners, and other civic and non-profit groups; wishing to help in a community service project. These types of activities give individuals the opportunity to participate in the community-building process; which gives residents a sense of pride, responsibility, and ownership in the community and its improvements. If possible and feasible, the City should aim to continue this tradition in the future.

Also, upon creation of a new public park, the Parks, Recreation and Culture Board has established Park Naming Contests. In these instances, City residents are given the opportunity to present a potential park name for Council consideration. Again, this process brings City residents into the park planning process and instills a sense of pride and ownership within the community. Other park related contests and awards have been created and provided to City residents, to include the City Flag Contest, naming of park areas and items within parks.

Many of the City's parks are located along trail or sidewalk corridors, in which residents have the opportunity to ride a bicycle to each of the City's park facilities. In an effort to reinforce the need for an active lifestyle; safe and convenient places for the storage of bicycles while residents or visitors are enjoying the amenities of the park system are considered a necessity. As the City continues to grow and develop additional parks, open spaces, trails, and the greenway system; the demand for bike racks in convenient locations will increase. A portable toilet and garbage cans have also been provided at each park to support extended use and cleanliness efforts.

Lastly, the City of Isanti has been monitoring the play equipment provided within the parks for compliance. The City of Isanti will continue to strive to protect the health and safety of those children using the park equipment. When necessary, play equipment will be removed and possibly replaced, in a timely manner.

DRAFT

Academy Park

Location: 901 6th Ave Ct NE

Academy Park is located on the east side of Trunk Highway 65 and Cajima St NE.

Existing

A full-size tennis court is located in the center of this park area. Chain-link fencing surrounds the tennis court.

There is an open space area located to the east side of the park. Coniferous and deciduous trees have been scattered throughout the park. A soccer field/multi-purpose field is along the east side of the park with a chain link fence to separate it from the storm pond and wetland area.

The play equipment is located along the trail on the north side of the park. Four (4) regular swings have been provided. The playground area includes slides, climbers, Spinami, Loopy Whoop, Spin Cup and rope walls. The play equipment area is surrounded by wood chips and a concrete edge. Two (2) benches have been strategically located around the play equipment.

A trail wraps around the outside edge of the park and ends along the southeast corner for future City expansion. Parking for this park area is available along the street. When this park was first opened it was a cooperative effort with the Arts and Science Academy and they had exclusive use of the park during school hours. In 2018, the school and City agreed that this will become an exclusive City of Isanti park.

Bluebird Park

Location: 201 Isanti Parkway NW

Bluebird Park is generally located within the southeast corner of the intersection of 3rd Avenue NW and Isanti Parkway NW. A portion of the park, which consists of the Soccer Complex, is located within the northeast corner of the intersection of 3rd Avenue NW and Isanti Parkway NW. Bluebird Park is bisected by an access road, which is an extension of 1st Avenue NW. The park stretches along both sides of this access roadway, extending from 3rd Avenue NW on the west to the BNSF Railroad on the east; and south from Isanti Parkway NW to the Isanti Firefighters Rodeo Grounds and the Isanti Centennial Complex Industrial Park.

Existing

DRAFT

Two (2) large parking lots are located within the park, one at the north end and the other at the south end of the park. The parking lots contain approximately one hundred thirty-one (131) parking spaces for park patrons. In 2018, the original skatepark surface was redesigned for an additional parking lot with 45 parking spaces. Trails meander through the park and connect to a trail provided along the west side of 3rd Avenue NW via a pedestrian crossing. The Cambridge-Isanti Bike/Walk Trail along the east side of 3rd Avenue NW, just north of Isanti Parkway NW provides additional pedestrian access to the park as this trail links from the City of Isanti to the City of Cambridge.

Play equipment is located near the center of the park, which includes both small and large play structures to accommodate a wide variety of age groups. The smaller play structure, with a Clifford theme, has slides, a bridge, and climbing equipment. A larger structure for older children consists of slides, climbing walls, and climbing bars. A large net climber stands in the middle of the play equipment area. Several small play elements known as spring creatures have been provided for smaller children. A large swing set containing three (3) toddler seats, one (1) ADA accessible swing, and four (4) regular seats can also be found onsite. Two (2) to three (3) benches of varying styles and materials have been provided around the perimeter of the play equipment for parents accompanying their children at the park. One (1) open-sided picnic shelter has been constructed to the southwest of the play area and contains four (4) to five (5) picnic tables.

Amenities for additional sports activities are included within the park. A full-size basketball court with two (2) benches was constructed in 2009. The court has been striped accordingly for regulation games. A lighted pleasure skating rink is provided during the winter months for area residents.

A skateboard park, which is heavily used by the City's young residents, supplements the amenities that have been provided within the park. Ramps, pikes, and other obstacles were added to the concrete surface area, which once housed the outdoor hockey rink. This area can be used year-round with the lighting system in place.

A public green space or passive park area has been located within the northwest corner of the park. This area is available for other activities, such as kite flying, frisbee throwing, or playing catch. In 2020, the border of the northwest corner was shaped into a winter sledding hill, which provides additional recreation for residents during the winter months. A picnic shelter with four (4) tables and electric connection resides between this green space and the playground.

In 2021, the Bluebird Amphitheater was erected along the walking path on the south end of the green space. This amphitheater provides an outdoor venue for community events and programs and can be utilized year-round.

Mature trees line the east side of the park area and new trees are continually planted each year, in accordance with an approved landscape plan. Portable toilets and garbage cans have been adequately provided for throughout the park.

In 2015 a rain garden was created and added to the east side of the Isanti Indoor Arena(IIA). This was developed to capture rainwater from the building and filters the pollutants from the storm water before it is returned to lakes, streams and rivers.

A Dog Park was added in May 2019 to the northeast corner of Bluebird Park, between the IIA and the railroad tracks. The 1-acre park is fenced in with one (1) maintenance gate and one (1) transition gate area for entry for dog park users. A bench and dog waste depot were added during construction. In November 2019, Rotary Club of Cambridge & Isanti donated money to be used to purchase an additional bench, dog park accessories (i.e., agility apparatus), and the addition of the entrance concrete pad and bench pad. The west parking lot is shared with the IIA and signs were added stating certain spots were for dog park users only.

In 2022, an archery range is to be constructed in the southeast corner of the park near the red barn. The range will feature multiple range targets and a fence line will enclose the space due to safety concerns.

There are several additional athletic elements that have become synonymous with Bluebird Park, given their close proximity. These include Sportsman Field, the Soccer Complex, and the Isanti Indoor Arena (IIA)- Rum River BMX Facility. In each instance, the City may own the property in which these amenities are located; however, each individual recreational group has an agreement with the City and is responsible for improvements and maintenance of their respective facility. Each facility has been briefly discussed below.

Sportsman Field – (Redbirds Baseball Organization)

Sportsman Field, home of the Isanti Redbirds, is a regulation size baseball facility located near the southwest corner of Bluebird Park. The field is lighted. Bleachers, dugouts, a cement block building with concession stand and upstairs press box have all been constructed on the site. A small outbuilding stores team equipment and field maintenance items. Improvements to and maintenance of the facility is provided by the Redbirds Organization, which raises funds through concession/ticket sales, as well as numerous fundraising events that may occur throughout the year. Water is provided to the facility by a private well. Sewer service has not been installed, so portable toilets are provided by the group for the season. Connection to City water and sewer services should be considered in the future.

DRAFT

Isanti Soccer Complex – (Cambridge-Isanti Soccer Club)

The Isanti Soccer Complex was established through the use of grant funds awarded by the Minnesota Department of Natural Resources. Due to such funding, the area is to remain in perpetuity for recreational purposes. The Soccer Complex, which is located just north of Bluebird Park across Isanti Parkway, contains nine (9) regulation size soccer fields. Two (2) small open-sided shelters, located on the south and east sides of the complex; and one (1) large open shelter located on the west side of the complex have been provided onsite for those utilizing the facility. A small equipment storage facility is located near the middle of the soccer complex. Graveled parking areas are provided along 3rd Avenue NW, as well as along Isanti Parkway NW for patrons to the facility. Similar to Sportsman Field, the Cambridge-Isanti Soccer Club is responsible for improvements to and maintenance of the soccer fields. The Cambridge-Isanti Soccer Club has an agreement with the City of Isanti for the leasing of the land and the operation of the Soccer Complex. Updates to the existing Agreement are necessary to accommodate changing conditions.

Isanti Indoor Arena (IIA) –
(Rum River BMX Association)

The IIA, which is located within the northeast corner of Bluebird Park, was constructed in 2015. The building contains the race track made out of compacted dirt, and is surrounded by areas of pavement. It has a concession area, and several sets of bleachers, and picnic tables are within the concession area for visitors to the facility. There are restrooms available inside the building along with a set of restrooms that are available on the outside of the building to be used by the public year-round during park hours.

A warming house is also available during the winter months. The Rum River BMX Association is responsible for the operations of, improvements to, and maintenance of the facility. The Rum River BMX Association has entered into an agreement with the City for the leasing of land and the operation of the track. The Agreement is reviewed occasionally and updated as needed.

Recommendations

Prior to the initial construction of Bluebird Park, the City Council had approved a site plan for the future development and layout of the park. While many aspects of the site plan have been implemented to date, such as a full-size baseball field and recreational basketball court, there are many more amenities and facilities planned for development in the future. The City should

DRAFT

continue its efforts to develop those facilities identified in the plan. The timeline for each element's construction will depend upon whether or not funds are available and the overall needs of the community for each type of facility or amenity. As part of this plan, several recommendations for modifications to the original site plan have been noted based upon current needs of the community, including adding additional shade structures and landscaping, and removing the need for a second full-size basketball or tennis court.

The skate park is heavily used and could use an expansion to allow more residents to utilize the park, and to keep the equipment fresh. Experience-appropriate equipment can be added to allow for beginners and more experienced riders to use the equipment symbiotically.

A warming house/concession stand with public restrooms was planned to the south of the concrete area that houses the skatepark equipment. The outdoor hockey rink boards were removed in 2016 due to safety concerns, and it was not budgeted to replace this equipment. The skatepark equipment was relocated to the concrete pad where the hockey rink was housed. Bluebird Park sees a great deal of use throughout the year, so the restrooms/concession area is considered a fairly important project. Concerns have been raised regarding the maintenance costs, as well as the potential vandalism that may occur with permanent restroom facilities. However, despite the issues that such a structure may present, the components associated with this structure will be important as the City continues to grow and further recreational amenities are added to the park, in which subsequent additional recreational events will be held that may require these types of facilities.

A splash pad has been recently proposed in the northwest corner of the park. This project has been considered as a way to encourage increased use of the park during the hot summer months and would keep the City of Isanti properties competitive as splash pads have begun to take shape in surrounding cities. Concerns over the cost of water systems and associated waste have been raised and will be a major consideration in the development of this feature. A restroom facility has also been proposed for this area and will need to be located within twenty (20) feet of any splash pad in order to meet state code.

Eagle Park

Location: Railroad Ave & Broadway St SW

Eagle Park is a mini-park nestled behind the downtown district and to the edge of a residential area along the railroad tracks. The park is bordered by a parking lot that acts as an overflow parking area for nearby businesses. The park is often used by downtown employees as a break space.

Existing

In 2021, as part of the Main Street Improvement Project, the park was expanded to cover the southeast corner of the parking lot. The park currently includes one picnic table and three benches for seating.

DRAFT

Recommendations

Due to the proximity of the railroad tracks to this park, it has been proposed that the space be used as a railroad viewing park. A viewing platform would be added to the southeast edge of the property, overlooking the tracks, to allow people to watch the trains as they come through. Coordination with the BNSF rail company could be utilized to manage a schedule and placards with historical facts about the railroad could be added to the park.

The park, especially with the expansion, is lacking seating options for users. Adding some more picnic tables and benches would help increase use of the park.

Landscaping for the park is also recommended to create a more visual space. Flowering bushes and limited maintenance shrubs would be an easy addition that could make a big impact on the appeal of the park.

Isanti Hills Neighborhood Park (Formerly Isanti Tot Lot)

Location: 518 Dogwood Street SW

The Isanti Hills Neighborhood Park is nestled behind residential homes, which line Cottonwood Street SW, Dogwood Street SW, and 6th Avenue SW. The park is completely surrounded by residential homes with very little visibility from the public street.

Existing

The Isanti Hills Neighborhood Park underwent a name change in 2017 with the city asking for the community input on new names to encompass a more overall name for the park. This park contains a wide variety of play equipment and structures. Play equipment includes a super scoop, Buck-A-Bout, several spring creatures, swing set with three (3) regular swings and one (1) toddler swing, tunnel slide, and climbing play system. Wood chips have been provided around all of the play structures. A concrete curb was added in 2017, around the play equipment area.

A wooden shelter with shingles placed upon a concrete slab is located within the park. The existing roof is wearing and shingles are missing. Three (3) picnic tables and two (2) benches have been provided for those utilizing the park. Limited green space is available for other types of activities. There are some trees that have been located onsite. Trails providing walkway access to the park have been provided from Cottonwood Street SW and Dogwood Street SW. The trails link to the overall sidewalk system along the west side of Cottonwood Street SW and the east side of 6th Avenue SW. The trail sections, as well as the park area, is surrounded by chain link fencing so as to separate the park area from the residential lots that are immediately adjacent to the park.

Recommendations

The Isanti Hills Neighborhood Park is heavily used by the neighborhood residents. While the equipment is adequate for the age groups of children living within the area today, the equipment may need to be changed in the future to accommodate an aging neighborhood. A theme or other

types of recreational activities will need to be considered. Additional trees should be considered, so as to provide adequate shade and buffer between the activities within the park and residential properties.

The shelter that is located onsite was constructed by the Cambridge-Isanti High School Trades class. While the shelter is in fairly good condition today, it will need to be replaced in the future. At this time, it is difficult to know how much use the shelter does receive, given that this is a small neighborhood park that is utilized mainly by surrounding residents. If the shelter were to be replaced in the future, the shelter should blend with the residential feel of the area.

The Isanti Hills Neighborhood Park is located in similar fashion to that of Whisper Ridge. The park is hidden behind the existing residential homes located within the area. In order to ensure that residents of the community know the park is located within the area, additional park signage should be considered near the entrance walkways into the park.

In the past, discussions have been held regarding the paving of a third access entrance into the park from 6th Avenue SW. A small parking lot could also be considered. There is vacant land, owned by a private individual adjacent to 6th Avenue SW. Not only could an area be obtained for a third access point, but potential additional park land could be acquired to expand the park and provide direct access and visibility to the area from the public street. At this time, many residents and visitors to the community do not realize or do not understand that this is a City park. The location of the park is deceiving and, oftentimes, goes unnoticed.

In 2021, a neighborhood survey was conducted. The results highlighted the use of playground equipment, shelter, and open green space. The results also noted concerns about the park being hidden from view and becoming a gathering point for misbehaving teenagers. Recommendations were made to increase the monitoring of the park; creating another access point may act as a deterrent as visibility is increased. The survey results also encouraged the addition of recreational elements, fitness equipment, and early childhood learning features to enhance the park for its changing population.

Legacy Park

Location: 1043 Bellaire Blvd NW

Legacy Park is located in the northwest area of the City and is off of the Rum River. This park is a 21-acre natural area with lime ag and natural trails that run along the Isanti Brook, that was built in 2015.

The trail system encompasses an ADA path for a portion and the total trail system is 2.5 miles. Picnic tables and benches are located throughout the park along the trail. In 2016, a name contest was conducted to name points of interest along the trail system. Isanti schools

DRAFT

were provided an opportunity to input names. These names were chosen by the Parks, Recreation and Culture Board. In 2020, the final stretch of Bellaire Blvd was completed to connect to the entrance of the park. A parking lot was installed with 8 stalls.

Mattson Park

Location: 311 5th Avenue NW

Mattson Park is located on the northwest corner of the intersection of Main Street W and 5th Avenue NW. The park stretches along 5th Avenue NW to the north, until its intersection with Heritage Blvd/County Road 5 NW and stretches to the west along the creek. The park is surrounded by various types of residential units.

Existing

A full-size basketball court is located within the northwest corner of the park, adjacent to Heritage Blvd/County Road 5 NW. The court receives a large amount of use by area residents.

Two (2) full-size tennis courts with benches line the northeast corner of the park, which had a surface crack improvement in 2018. Five (5) bituminous parking spaces have been provided for this general area of the park. Chain-link fencing surrounds the tennis courts and a retaining wall with handrails is provided along the east side of the park between the sidewalk and the tennis courts due to the change in grade. In 2021, pickleball lines were added to the court to allow for multi-functional use.

Near the middle of the park, four (4) horseshoe pits with corresponding benches have been located to the south of the tennis courts. There is an open space area located between the play equipment to the south and the horseshoe pits to the north that could be utilized for various types of active or passive activities. Mature trees line the west side of the park along the banks of Park Brook and are scattered throughout the park.

The play equipment is located within the southern portion of the park. Four (4) toddler swings and four (4) regular swings have been provided. A Mountain Climb and Slide as well as a Climber with Skywheels and Loop Ladders are more recent additions to the play equipment at the park. A Buck-A-Bout has been onsite for many years. The new play equipment areas are surrounded by wood chips and a concrete edge was added in 2018 to each play area. Five (5) benches have been strategically located around the play equipment.

A shelter is located within the southeast corner of the park. The structure is made of wood with a shingled roof and a concrete floor pad. The shelter provides a roof over four (4) picnic tables. In 2010, a message center was constructed by City staff and placed near the shelter to display

reservations for the park shelter, but was removed in 2011 due to vandalism. Four (4) grills have also been scattered throughout the park for picnic- goers.

A sidewalk has been provided along the west side of 5th Avenue NW. The sidewalks are connected to the overall sidewalks system along the north side of Main Street W and the south side of Heritage Blvd/County Road 5 NW. Handicapped parking has been provided along Main Street W due to the grade differences between the street (5th Avenue NW) and the park below. Appropriate pavement markings and signage designates the handicapped parking area.

Recommendations

Replacement equipment will be needed in the future, particularly for the swings. Funds will need to be put aside for their replacement within the capital improvement plan. In the future, a new shelter or larger shelter will be necessary. City staff does receive requests for reservation of this shelter for events. If a new shelter were constructed in the future, the City should look at a different type of structure than is currently found onsite. A new shelter should blend with the surrounding residential uses. In addition, given the increased amount of usage the park shelter has seen in recent years for family gatherings and other types of functions, the City may look to have electricity extended to the Mattson Park shelter as well.

River Bluff Preserve Park

Location: 1111 Rum River Dr SW

River Bluff Preserve is a 38-acre park in the DNR Wild and Scenic River Easement Area. This park opened in July 2015. This park has a large trail system of 5 miles, which connects north to Martin's Landing (MN DNR site).

The park consists of two areas, an upper area and lower area along the Rum River. The upper area has a 10-acre natural vegetation pollinator area with a natural trail that leads to a lime ag trail which then leads to the river bank along the west side of the park. Along the north area of the natural trail, it leads to steps that bring you to the riverbank and connecting trail system. Once along the river bank a dirt and lime ag trail run adjacent to the Rum River.

During the summer months a dock/bridge is installed along a portion of the trail where a side

DRAFT

stream cuts off access to the north trail system. This dock allows for fishing access during the summer months and connects the trail to Martin's Landing, which is a MN DNR site.

The entrance to the upper area of the park includes a Community Garden. The garden is enclosed by a 10' tall chain link fence and is secured by a locked gate. The garden includes sixty-six (66) ground plots, seven (7) raised beds, and one (1) elevated bed. Plots are available to residents to rent for the gardening season, which opens in early spring and closes in the fall. The plots are surrounding by mulch to prevent or limit weed growth outside of the gardening areas.

Two (2) large plots are positioned in the corner. One (1) is planted by the City and has commonly grown sunflowers and a small assortment of vegetables; the other is reserved for expansion and/or educational gardening opportunities through area programs and partnerships. Vegetables that are harvested are donated to the Senior Dining program that takes place at the Isanti Community Center. Gardeners can also donate excess harvest for this program throughout the season.

The garden also includes a supply shed with standard gardening equipment available for gardeners to use. A picnic table, bench and shade canopy are positioned in the space as well. The City maintains the general property and equipment throughout the season. They also remove compost and weeds surrounding the plots. Gardeners are responsible for all maintenance within their rented plots.

In 2022, the Garden will undergo a renovation to freshen up the current plots, add additional raised and elevated beds, and to separate the large plots for distinctive use.

Portable toilets and garbage cans have also been provided. Bituminous surface parking has been provided for thirteen (13) vehicles, including one (1) handicap parking space.

Recommendations

In 2022, a recreation program has been planned for building and decorating bird and bat houses. These houses would be added to the pollinator area in the upper level of the park. The houses would add color to the surrounding environment and support the natural habitation of birds and bats in the area. Due to standing water along the river bank, this park is a major nesting ground for mosquitoes. Encouraging bat habitation can help monitor insect levels and reduce the need for City-wide spraying.

The walking trails at River Bluff offer a number of opportunities to incorporate artwork into the area. Not only would art and sculptures add color to the dull surroundings, but it could increase park usage by encouraging resident participation and creating a more visually appealing park and trail system.

The trail system is not host to lookout points, which could be added to encourage longer use of the park grounds. Adding benches or passive use features could create more gathering opportunities for residents.

DRAFT

Riverside Park

Location: 503 Rum River Drive NW

Riverside Park is located near the corner of Rum River Drive NW and Hillock Street NW. Riverside Park is located to the east of the Rum River. This area is also surrounded by residential neighborhoods.

Existing

Riverside Park contains various types of play equipment, which caters to both small and older children. The toddler equipment is comprised of a small toddler climber with a slide and a spring car, which is located on the south end of the park. A larger play structure with slides, climbing equipment, tunnels, and bridges is located on the north side of the park. Very little open area is available on the site for passive activities. One (1) bench and two (2) picnic tables have been provided for park patrons. Wood chips surround all of the play equipment. Portable toilets and garbage cans have also been provided. Bituminous surface parking has been provided for eleven (11) vehicles.

The park is buffered by a heavy line of trees located to the west. Some new trees have been planted to add shade at the park; however, it will take many years before these trees can provide an appropriate tree canopy.

A wooded lot, which is considered part of Riverside Park, extends back to the Rum River. A fence with access gate has been provided along this lot line. Questions have arisen as to how and whether access from this lot to the river could be accommodated, so residents are able to enjoy the scenic natural amenities of the area.

A new safety light was installed at the park during the summer of 2008, in an effort to increase park safety for those utilizing the facilities as dusk. There is a trail which leads into the park from the north side. The trail begins at its intersection with Whiskey Road and runs the length of Hillock Street NW, behind the residential homes into the park. A sidewalk is located on the west side of Rum River Drive NW also provides pedestrian access to the park.

Recommendations

In the future, upgrades and replacement of park equipment will be necessary. The play equipment within the park has been located at opposite ends of the area. In the future, play equipment should be concentrated within one general vicinity, to allow for better visibility by parents that may be watching over their children at the park.

The City should consider the possibility of expanding the park towards the river and allowing for public access via trails to natural areas along the Rum River. The topography and the ponding area located behind the park, as well as the type of trail that the City could provide, would need to be further reviewed due to the flood plain and scenic river designation of the Rum River. While the option may not work for the site, walking paths providing access to the Rum River

DRAFT

would be an asset to the community and its residents. An issue that may arise if trails and access was provided would be the potential trespassing issues, if the public were to go beyond any constructed City trails due to the large number of privately held lots that are located along the river, both to the north and to the south of the Riverside Park area. If the City wishes to provide additional trail linkages along the river heading to the south or north, easements would need to be obtained by the City from each of the owners along the proposed trail.

Rum River Meadows Park

Location: 1108 South Passage SW

Rum River Meadows Park is located along the north side of South Passage SW, just to the west of the intersection of South Passage SW and Maplewood Avenue SW. The park is surrounded by residential properties.

Existing

Rum River Meadows Park contains both a larger play structure for older children, as well as a smaller structure that is geared towards younger children or toddlers. The smaller structure contains a slide with stairs. Several spring creatures have also been provided for smaller children. The larger play structure consists of slides, climbing equipment, poles and a bridge. A swing set with two (2) regular seats and two (2) toddler seats has been located onsite. A bench swing; along with two (2) regular benches and two (2) picnic tables have been provided. Wood chips have been provided around the base of the play equipment and in 2020 a concrete border was installed surrounding the play equipment area.

There is some green space surrounding the play equipment, which could be used for other types of activities. A volleyball court was added to the east side of the park area in 2016. Posts and a net are provided on a grass surface.

Trees have been planted in an attempt to add shade to the property. An irrigation system is also in place to ensure that the landscaping is adequately maintained. An imitation rock is located on the property, which houses the irrigation control panel.

A sidewalk is located on the north side of South Passage, which connects to the overall City system via trail along the west side of County Road 23 and north side of South Passage on the east side of County Road 23; and via sidewalk along the east side of County Road 23. A streetlight has been placed along South Passage SW, which provides some light for park patrons in the evening. The two adjacent properties to the west and east of the park were acquired in 2012 for future expansion of this park.

Recommendations

Additional trees and landscaping have been discussed in the past for the park. The park was developed on vacant property within the Rum River Meadows subdivision, and such parcels did not have any existing trees in place. In order to have adequate shade for park patrons in the future, additional trees should be considered to aid in the expansion of the tree canopy. When planting trees, care should be taken when digging, so as not to disrupt or break the underground pipes associated with the irrigation system. There is ample room for natural elements to be added to enhance the attractiveness of the property and to create more functional areas for residents to use.

Fencing has been proposed for the perimeter of the park. The private property owner to the north has constructed a privacy fence. Should the City move forward with placing additional fencing along the east and west sides of the park; the type, materials, and height of the fencing would need to be determined. However, the fencing may detract from the openness of this small neighborhood park and may hamper other activities from occurring on the park property.

In the future, the equipment will need to be replaced in an effort to maintain safety standards for the park and to continue to draw people to the area. Expanding or adding new equipment to the park may utilize the expanded property and allow the park to grow with the residents.

Whether the park is eventually converted from an active park to a more passive park, additional park signage should be considered, so as to provide better identification for City residents. Such signage and the type of signage would need to be reviewed and should be placed near the walkway entrances into the park.

For improved ADA convenience, a walking path could be paved from the sidewalk up to the playground to ensure access for all residents.

In 2021, a resident survey was conducted to understand the surrounding community needs and struggles with this park. The results highlighted the need for additional shade structures and gathering areas. It was suggested that a park shelter or shade unit be constructed to allow for neighborhood gathering. Residents highlighted the desire for additional recreational elements, fitness equipment, natural elements and early childhood learning features to be incorporated into the park.

Unity Park

Location: 420 3rd Avenue NW

Unity Park is located to the north of Unity Boulevard NW and runs the entire length of this street segment. The western corner of the park, which contains the softball field, is located within the northeast quadrant of the intersection of 3rd Avenue NW and Unity Boulevard NW. The more passive area of the park is located within the northwest quadrant of the intersection of Unity Boulevard NW and First Avenue NW. The park is surrounded by residential units to the south, the Isanti Primary School to the west, additional

DRAFT

recreational amenities and the Isanti Area Firefighters Rodeo Grounds to the north, and industrial uses to the east.

Unity Park was also developed with the aid of grant funds provided by the Minnesota Department of Natural Resources. The park was developed to include both passive and active areas.

Existing

Unity Park is the location of the community's only softball field. A stand-alone field is located within the western portion of the park. The field is lighted and is surrounded by chain-link fencing within the outfield. The field is often rented for recreational league games, as well as for private games like kickball. In 2020, boulders were added to the edge of the parking lot to create a boundary between the grass and the lot. New bleachers were installed in 2021.

There are several bird houses that have been constructed on the property near the ball field. The bird homes were constructed by private individuals and placed within the park at the time of its development.

There is also a mature line of trees that surround the outfield. A gravel parking lot is located along 3rd Avenue NW, which has been used by not only park patrons, but the Isanti Primary School as well. In 2015, a memo of understanding was established between the City and School District for use of the parking lot by the district during the school year. A portable toilet and garbage cans have also been provided.

The more passive area of the park is located to the east. This area contains a wide-open green space, as well as a small wetland complex with native vegetation. Mature trees line the north side of the park. A park shelter currently exists on the site, along with a small wooden picnic table with a cover. A grill has been provided onsite for those wishing to picnic in the park. Sidewalk is located along the west side of 3rd Avenue NW, providing pedestrian access to the park.

Recommendations

Improvements will need to be made to the field in the future. Limeag was added and the infield was reshaped in 2017. Limeag, striping, and lighting will all need to be replaced in the coming years. The lighting system within the park is currently being turned on and off via the breaker box. The turning of the lights on and off, in this fashion, is considered to be hazardous. The City will need to update the lighting system in the near future to avoid any safety issues. In order to ensure that the field is adequately maintained for those groups using the field, the City has implemented a fee structure for field use by organized teams. The revenue received from the fees will be used to help off-set the costs associated with the maintenance of the field now and in the future.

Additional seating may be considered for the passive portion of the park, particularly in those areas overlooking the natural area provided on the property. Seating may consist of a few benches. Landscaping can also be considered to make the area more appealing and useful.

DRAFT

The Parks, Recreation and Culture Board has discussed the existing park shelter and does not see the need to re-construct or replace this shelter in the future, as the shelter and this portion of the park is perceived to have very little use. If an Eagle Scout were to rebuild the shelter in the future as part of a required project, the City would likely accept a new shelter; however, the City would look to have the shelter constructed within a different park.

Whisper Ridge Park

Location: 795 3rd Avenue SW

Whisper Ridge Park is located behind the existing homes on the corner of Cottonwood Street SW and 3rd Avenue SW. The park directly abuts and is located to the southeast of the residential homes located on Birch Court SW and is directly to the north of a residential neighborhood. The railroad borders the property for a short distance on the east, while the property to the north is vacant. Spirit Brook runs through the northern portion of the property.

Existing

Whisper Ridge Park is the location of one (1) full-size basketball court and one (1) full-size tennis court. The courts are combined into the same space and surrounded by a chain-link fence. A trail leads back to the area, which links the two entrances, one from 3rd Avenue SW and one from Birch Court SW. Fencing has been placed along the entrance from 3rd Avenue SW. Lighting has been provided at each of the access entrances as well.

Mature trees surround this area to the north and east. Much of the area is left in its natural state and would be considered a passive park area. Spirit Brook and a large wetland area are located to the north of the park. This area is controlled by a private property owner at this time; however, little, if any, of this area can be developed due to the natural resource significance of the area and the location of the existing floodplain.

Recommendations

Due to the park's location, many of the City's residents do not know that the park exists. The City has had issues with individuals riding recreational vehicles within the area, which has disturbed the surrounding neighborhood and cut up the natural areas that exist on the site. The Public Works Department has placed bollards along the railroad tracks within the area, in an effort to prevent ATV and vehicle use on the property. However, due to the isolation of the park and its lack of use, additional illegal activities have been known to occur in the park.

In previous discussions of the Parks, Recreation & Culture Board, members agreed that due to lack of use, the courts should not be replaced in the future. The courts should be removed upon their deterioration.

DRAFT

There is area located to the north, which is unbuildable due to flood plain and wetland issues. In the future, the City may consider working with the property owner in an effort to expand the park to the north. Additional passive and natural areas would then be available to City residents. In addition, access to and visibility of the park may be better attained from the north.

There have also been numerous discussions about connecting this park to the Downtown area via a boardwalk. The path would lead through a natural wetland and serve to support the surrounding neighborhoods in getting to and from Downtown. It would also offer access to and highlight the City's natural environment. This project was stalled in early 2015 due to projected costs, but should be researched again in the future as a viable option for continuing to build convenient access points throughout the City.

FORMER PARK PROPERTIES

In 2019, the City Council discussed their intention to reduce the number of parks in the City and to focus energy on building a centralized destination for the community's events and programs, with Bluebird Park being the preferred destination. In an effort to preserve a sustainable balance in park properties City staff is required to maintain and to move toward this goal, decisions have occasionally been made to reduce park properties that are managed by the City.

VFW Park

Location: 410 Railroad Avenue SW

VFW Park was located on the northeast corner of the intersection of Railroad Avenue SE and Palomino Drive SE. The park was located to the south of the VFW Post facility, to the west of an existing residential neighborhood, to the north of a less densely populated residential area with future growth potential, and the east of the railroad tracks. The area to the north and west is guided for residential and commercial mixed uses; while the area to the south and east are guided for low density residential development.

Former Features

The City of Isanti had entered into a lease agreement with the VFW in 1987, which set forth the terms and conditions for the use of the area identified as VFW Park. The original agreement allowed for a chain-link fence to surround the perimeter of the park, for play equipment to be placed within the area, and for the installation of two (2) bituminous parking spaces with a corresponding trail to be placed along the south edge of the property. While the area designated as park had been surrounded by chain-link fence and play equipment had been installed; the

DRAFT

parking spaces and trail had not been constructed. The overall size and dimensions of the park were quite small. Additional open space area, military equipment, and horseshoe pits are located to the north and west of the site; however, these areas were not considered part of the park.

The area is surrounded by mature trees, which provide more than adequate shade for those visiting the area.

A sidewalk was placed along Palomino Drive in 2019. Residential homes can be found to the east, with future residential designated to the south of the site. However, much of the area located immediately to the south is classified as floodplain and wetland; rendering additional development immediately to the south of the park quite difficult, if possible, at all. Currently, the lack of development and the variety of uses within the area, as well as the lack of pedestrian and motor vehicle traffic, has fostered a sense of isolation and seclusion to the park. In addition, neighboring properties have added recreational elements to their private parcels that deter children from entering the park. These conditions resulted in the park receiving very few visitors from the surrounding area. Despite these conditions, this was the only neighborhood park located adjacent to the existing residential properties to the east that is easily accessible and within a short walking distance.

In 2021, the City Council and the VFW decided to terminate the lease agreement and remove all City property from the park land. The fencing remained in place, as requested by the VFW, but all playground and park elements were removed. The City no longer maintains the property or any features on the land.

Isanti Community Center

Location: 208.5 1st Ave NW

The Isanti Community Center is positioned just north of the Isanti City Hall, behind residential properties and a storage business. The center is available for public and private rental with a user fee.

Existing

The center includes a main entertainment room with a 215 person capacity, restroom facilities, office and storage space, a small stage, and a multi-use kitchen. The kitchen includes a wash sink, refrigerator and freezer units, counter and cabinet space. Tables and chairs are provided, as well as a mounted TV with DVD player. Renters also have access to a speaker sound system, projector with screen, and microphones for an additional user fee.

The center also provides monthly rental options and is often rented by area organizations for weekly meetings.

Isanti School System

The City of Isanti has five (5) public schools located within its municipal boundaries; Isanti Primary School, Isanti Intermediate School/School for All Seasons, Isanti Middle

School/Minnesota Center, Arts and Science Academy Elementary, Arts and Science Academy Middle School. The City also includes one K-12 private school: St Scholastica HSC Academy. Each of the schools provides recreational opportunities and amenities on school property that can be accessed and utilized by City residents. While these areas are not owned, operated, or maintained by the City, the recreational facilities provided at each of these sites fill gaps that may be seen within the existing park and recreation system. For this reason, a brief discussion and description of the existing facilities found on each of these school sites has been provided below.

Isanti Primary School

Location: 301 County Road 5 NW

Located on the northwest corner of the intersection of 3rd Avenue NW and County Road 5 NW.

The Primary School has both a small and medium sized play structure located along 3rd Avenue NW. The equipment consists of slides, climbing bars, tubes, and bridges. Two (2) swing structures are also located within this same general area. Benches have been strategically placed around the play equipment area. The play area is surrounded by a chain-link fence, protecting children playing within the area from the adjacent residential street. Poured in Place sand has been placed as the base of the equipment area.

The Primary School also has a larger play structure for older children located on the west side of the school. Slides, tubes, and climbing equipment make up this larger play structure. A swing structure has also been located within this area. Similar in design to the other play area, benches have been located around the outer perimeter of the activity area and sand has been provided around the base of the equipment. A ball field as well as additional open space area can be found to the north of the play structure and to the west of the parking lot. In addition, a hard surfaced area has been located adjacent to the school building, which has two (2) funball goals.

Isanti Intermediate School/School for All Seasons (IIS/SFAS)

Location: 101 9th Avenue SW

Located to the south of the intersection of 8th Avenue NE and 9th Avenue NE

The IIS/SFAS has two (2) ballfields, as well as a vast amount of additional open space area, which could be used for other types of organized play activities or sports. This area is irrigated and is surrounded by a chain-link fence, so as to separate this area from the residential lawns that abut the fields on the south, southeast, and southwest sides. A basketball hoop and hard surfaced play area has been provided on the south side of the school, immediately adjacent to the school building. Several large play structures consisting of slides, bridges, swings, and climbing equipment has also been located within this area.

Isanti Middle School/Minnesota Center (IMS/MC)

Location: 201 Centennial Drive NW

Located on the southwest corner of the intersection of Centennial Drive NW and County Road 5 NW, immediately adjacent to the Rum River.

DRAFT

The IMS/MC has two (2) practice football fields as well as two (2) baseball fields with benches. Soccer facilities with goals are located on the south side of the school. A paved area with four (4) basketball hoops and tetherball equipment has also been provided within this same general area. Climbing equipment, while only small stand-alone pieces, can be found in various locations on the property. These pieces of equipment were part of a larger physical activity course used by the school during physical education classes.

Arts and Science Academy – Elementary School

Location: 903 6th Ave Ct NE

Located in the cul-de-sac of 6th Ave Ct and south of Cajima St NE, next to Academy Park.

The public charter elementary school was built in 2015, it has one large playground area, a small basketball court and is adjacent to Academy Park, which is used by the school during school days.

Arts and Science Academy – Middle School

Location: 1005 7th Ave NE

Located on the north side of 7th Ave.

The public charter middle school was built in 2017 as an expansion from the elementary school.

St Scholastica HSC Academy

Location: 207 Whiskey Road NW

Located on the south side of County Road 5 next to Isanti Middle School.

The co-ed private school provides a Catholic-based education from Kindergarten through 12th grade.

EXISTING TRAIL SYSTEM

Trail and sidewalk connections have become an increasingly important part of the City's park and transportation system. Trails not only provide an opportunity for additional recreational opportunities, but are an important link between schools, neighborhoods, parks, commercial areas, and other community facilities throughout Isanti.

The trail system in Isanti started development in the early 2000s, after trails became a requirement of new development in 2002. Previously, pedestrian thoroughfares consisted of narrow public sidewalks that were added minimally within or adjacent to new residential developments.

Isanti now requires new development to provide both sidewalks and trails; as these facilities are considered to be important in the creation of an overall pedestrian way system. Both types of facilities are required to meet the City's adopted construction specifications and location standards, included within the City's Subdivision Ordinance and Engineer's Design Manual.

DRAFT

Trails and sidewalks now connect most new developments to one another and have been dispersed throughout the community. While there may be some gaps within the system, the City remains dedicated to closing these gaps in the future, to ensure that the sidewalk and trail system will only become stronger and more well-connected. While some of these gaps in the system are located within developed areas of the community, a great majority of these infill pieces are located on parcels that have not yet developed. In 2021, a trail was added along the north end of Heritage Blvd NW from Hillock Court NW to 3rd Avenue NW to allow for safe passage to and from the Isanti Primary School property, and additional trail projects have been proposed to connect new developments with school properties.

City policy and ordinances would require the developer to construct these trail or sidewalk segments upon the development of the property. The City of Isanti realizes that it cannot control the timeframe in which these areas will develop in the future. If the City would decide that a particular segment is necessary prior to such development, the City would become the responsible party for obtaining easements and constructing these sidewalk or trail segments.

The majority of the trail linkages found within the community can be classified as Type Two, Park Trails or Type Two, Connector Trails. Both of these trail categories will continue to be important as well as the most predominant types of trail found within the community.

However, as the City continues to grow and develop, and as the needs and demands of the community change, additional trails with different types of purposes may be necessary and may need to be included in the overall sidewalk and trail system.

In review of the existing Sidewalk and Trail Map, it has been determined that there are gaps within the system that need to be filled. There have also been discussions to extend City trails to connect to more regional trail systems, such as to the Sunrise Prairie Trail near North Branch and to other County trails. The proposed “infill” segments have been discussed in more detail below.

PROPOSED PROJECTS

In an effort to ensure that area residents and visitors have a safe crossing over State Trunk Highway 65 (TH 65), the City has easements for connecting trails to cross TH 65. These sidewalks and trails are still considered important, even without a pedestrian bridge, to ensure connectivity along each side of the corridor. The City will need to continue looking towards options to provide safe passage across Highway 65.

- East TH 65 trail extension is considered to be an important connector between the residential neighborhood, future commercial area, and the school property.

- Main Street trail improvements would connect the west entrance of TH 65 to the existing sidewalk that is currently located on the south side of Main Street East. Currently, this sidewalk segment ends at the intersection of Main Street East and Credit

Union Drive NE. Again, this trail segment would still be necessary to fill a gap in the current service area.

- CSAH 5 Trail and Sidewalk Improvements along the south side from Elim Lane NE to Credit Union Drive NE and along the north side from Hillock Court NW to Third Avenue NW (Isanti Primary School). The project would involve the completion of sidewalk or trail segments that had previously been identified as necessary for the safety of pedestrians walking to school along CSAH 5 as well as to local businesses in these areas for surrounding residential neighborhoods. Applications had been submitted for Safe Routes to School funding, but to date, the project has not been granted funds. The City continues to pursue funding to aid in the construction of these sidewalk areas. Easements would also need to be obtained from private property owners in several areas along this roadway, due to the limited amount of existing right-of-way.

- CSAH 5 Trail Improvements to the west of Whiskey Road. This trail segment should connect the bridge that currently crosses the Rum River to the existing trail that is located within the southwest corner of Whiskey Road NW and CSAH 5 NW. Currently, pedestrians walk along County Road 5 NW within this area to get to the Rum River Bridge. A trail would provide the separation necessary between pedestrians and motor vehicle traffic.

Second enhanced pedestrian crossing on County Road 5 NE. A second enhanced pedestrian crossing has been identified within the Comprehensive Plan, which would cross County Road 5 NE, just to the east of its intersection with 8th Avenue NE. As this area to the north and southeast begins to develop, additional residential neighborhoods will need a safe crossing that would tie these newly developed areas into those of the existing community.Additional sidewalk and trail extension or infill projects may be necessary, which have not been summarized here. The City should look to conduct a Walkable Workshop of the community utilizing its sidewalk and trail system, so as to identify additional areas where connections may be needed or signs/signals for safe pedestrian crossing should be included or displayed. Once identified, these areas can be further prioritized to ensure that construction is completed for these segments as well.

The City has also previously discussed a major development to build a pedestrian bridge crossing TH 65 and providing safe passage across this high-traffic transportation corridor. The City currently has easements for connecting trails that were to lead to the entrance of the bridge on both east and west sides of the highway. The project was stalled in 2010 due to a lack of funding and federal support for infrastructure developments. The project has been re-addressed many times in years since, but has yet to receive the support for funding that would be needed to complete the project. It is still, however, a valuable project to consider to connect the City across TH 65.

FUTURE PARK AND TRAIL SYSTEM DEVELOPMENT

DRAFT

Future Park Development

In order to ensure that a wide variety of play area types, sizes, amenities, and facilities can be found throughout the City of Isanti Park System that reflect the overall vision and values established by the community, an overall framework that provides direction for the creation of new parks and the redevelopment of existing facilities is needed. This framework will ensure that the Isanti Park System embodies the essence of the community and meets the needs of residents now, and in the future.

1. All residents should have the opportunity to play.

Play areas within parks should be created, so as to be stimulating and developmentally appropriate for all age groups and abilities. The play area should be designed to allow children the opportunity to investigate and influence their environment. The areas should enable children to thrive, contribute, and begin to create a healthy, active lifestyle. Furthermore, parks should be located and designed so as to accommodate the physical and developmental needs of all age groups and abilities, including for adults. A better quality of life will be experienced by all if equity and diversity are achieved within the facilities and services provided in the park system.

2. Parks should be both accessible and located within a reasonable walking distance.

Play areas should be readily accessible and located within walking distance for all age groups and all abilities. Most play areas should be located within ¼ mile of a residential neighborhood. Crossing of major barriers such as collector or arterial roadways should be eliminated. A network of multi-use, non-vehicular pathways, sidewalks, or trails should be created to ensure that accessibility and walking distance standards are met for the community.

3. The connections between Parks, Open Spaces, and Natural Areas should be enhanced.

Every park, play area, and open space within the community should be connected to every other park, play area, and open space through a linear greenway or sidewalk and trail system. This circulation system, which connects these amenities will encourage biking and walking within the community; and will foster a more positive community image for residents. Safe pedestrian connections will enhance community connectivity for both recreational and transportation purposes. Utility corridors such as storm water drainage systems or above and underground utility corridors may be considered as prime locations for a greenway system, as these areas can provide usable open spaces that remain consistent with their main purpose and function.

When possible, these areas should be considered, in an effort to provide a more cohesive park and trail system.

4. Parks should offer a variety of amenities and should be considered a destination for residents.

Each park or play area within the overall park system should be different and should include a variety of different play settings and amenities. Each park area should be programmed to provide a unique experience, so that the system as a whole creates an exciting and diverse set of activities for all age groups. Residents come to identify with a particular amenity or facility located within a particular park. These unique places encourage healthy, active lifestyles.

DRAFT

5. The overall park system should provide access to natural settings.

As part of the overall park system, the City should aim to protect wild and natural areas, which should then be made accessible to the public. Native landscaping should be provided throughout the park system when it is appropriate to do so. Education programs should be encouraged adjacent to these areas, in an effort to stimulate interest and encourage increased environmental awareness. All age groups can benefit from viewing and acquiring an appreciation for the natural environment.

6. Open spaces should encourage sustainability for future generations.

Good park design maintains and respects the natural features that may be found on a given site and take into consideration such things as natural drainage patterns, topography, plants and wildlife. Parks and open spaces should be built on the existing environmental conditions or such features should be re-created on the site to help further define and enhance play areas. Respecting the natural environment found in a particular area; will not only help to create more unique spaces, but will preserve natural areas for future generations to enjoy.

7. Play areas should be designed with the recreational activities that may be provided in mind.

Playground areas should contain more than one type of recreational activity. Many parks contain manufactured play equipment alone; however, encouraging activity amongst the youth of the community requires more than play equipment. The number and type of activities provided should be determined by the area, location, size, function, adjacent uses and the overall community need for specific types of play activities. A variety of stimulating activities and facilities will help to encourage more active lifestyles.

8. Play areas should be site specific and sensitive to the surroundings.

Play areas should be designed to meet the character of the site. The activities provided should ensure that the area is seen as a destination. A master plan should be considered for each new park, even if the entire project cannot be constructed immediately. The overall features of the site should reflect the values, history, and needs of the area that it is intended to serve. Elements provided within the park should inspire community connection to the area. High quality building materials should be incorporated, along with a well-thought landscape plan to make the area aesthetically pleasing.

9. The neighborhood and/or community should be involved in the design of a new park or open space area.

When designing a play area, meaningful community involvement, which includes children, youth, adults, maintenance staff, and recreational leaders; should be a focus in the design process. After the park has been designed and constructed, all attempts should be made to keep the community involved in the park's development in the future. New play areas should be designed and based upon community or neighborhood needs. When redeveloping an existing park or continuing to build upon the concepts provided within a new park, community participation from those residents within the surrounding neighborhood should be considered and included at each

DRAFT

stage of the development process. This type of citizen participation encourages "ownership" of the space that is created.

10. Maintenance standards and a Capital Improvement Plan should be implemented during the design process.

Each area should have an on-going maintenance guide, which is considered at the beginning of the park planning and design phase. Each item within the play area should be documented and included within a maintenance program and Capital Improvement Plan, so as to ensure that funding is available in the future for the upkeep of the equipment and the maintenance of the overall play area.

11. Adequate funding and resources must be identified when designing a new park or implementing a program.

The play area design should be reviewed to incorporate capital, operations, and maintenance costs in the allocation of funds so that there is complete financial understanding of the play area in the future. The City should continue to use partnerships and collaboration efforts when possible as a funding option. Cost estimates should be prepared for each project, which includes a full accounting of all costs at the design stage. Once a park is planned and created, on-going maintenance and replacement costs are a concern and should be addressed at the beginning of the park planning process.

12. Realize that park areas and needs will change over time. The ability to adapt to changing preferences is necessary.

Neighborhoods change over time and the play areas located within these areas should consider potential future changes at the design stage. Flexible space should be added to the overall park area to allow for changes as the community grows and changes.

Full funding for the construction of a park may not always be available, so incremental development of a park allows sites to evolve as needs change in the future. This phased development over time will allow for changes in user types, patterns, and preferences. In addition, the City must consider the changing demographics and the new trends that may arise in the future when planning for new play areas. The City should also consider and balance the value of existing parks to determine if their continued existence is beneficial to the community and worth the resources they require to maintain.

13. Develop a centralized destination for the entire community to experience and enjoy.

In 2019, the City Council established a goal to create a centralized park location that would become an overall destination for City-run activities. Bluebird Park, being centrally located and offering an abundance of open space, continues to be enhanced to meet the needs of the growing community and to offer amenities that will draw in residents from the entire City. This park will continue to be used and promoted for City events, programs, and activities to meet this goal.

DRAFT

Future Trail Development

Linkages from existing and future parks, open space and natural areas to residential and commercial areas of the community will continue to be an important part of the overall park system. Not only will these linkages encourage an alternative form of transportation, to include walking and biking, but their inclusion within the overall park system will encourage active living and healthy lifestyles throughout the community. In order to ensure that these options are in place for community residents, an overall framework that provides direction for the construction of new trail segments is needed. This framework will ensure that the trails providing access and linkage to the overall Park System will continue to meet the needs of City residents.

1. Build a safe and secure community-wide trail system that links neighborhoods, recreational areas, community facilities, regional destinations, and natural areas to one another

The sidewalk and trail system has been identified as a highly desired infrastructure improvement for the City of Isanti. The existing trail system should be evaluated, maintained, and expanded upon to continue to accommodate both recreational and transportation needs. Providing a safe and secure pedestrian transportation system will help to encourage active and healthy lifestyles for area residents. Connections should be monitored on a regular basis, so as to ensure that the proper infrastructure is in place to continue to provide safe pedestrian connections for area residents.

2. Establish a continuous greenway system both around and through the community where possible.

Natural features can be found, which can be construed to be linear in form; and thus, have the potential for being linked to create a more continuous system. If these areas could be preserved, they would serve as natural stormwater buffers, trail corridors, nature areas, and neighborhood links throughout the community. The community should strive to identify those areas throughout the community that could be used for such a greenway system.

3. Continue to develop new trail segments in conjunction with the subdivision of land.

New trail segments should continue to be required as part of the platting and site design process. New residential and commercial developments have been required to provide both sidewalk and trail linkages, so as to ensure that the existing system is tied to new growth areas. This will enable the community to fill gaps that may exist and ensure that future gaps are avoided when possible.

4. Trail location should take into consideration natural areas and features.

Trail alignment should take into consideration the location of natural areas and features. The exact location of a future trail should be determined by studying in the field the conditions of the proposed trail location prior to development. While trails are a necessity within the overall park and trail system; care should be given to trail placement to ensure that natural areas are protected from construction and development. In addition, the preservation of these natural areas will help to enhance the aesthetics along any given pathway.

5. Work with the State, County, Township, and other governmental entities to ensure that existing and future trail connections take into consideration regional linkages.

DRAFT

The community should continue to work with other governmental entities to ensure that existing and future trail linkages provide access to regional trails that may be constructed within or near the community. Regional collaboration to construct a larger trail infrastructure system for both recreational and transportation purposes will continue to be increasingly important in the future. Not only will these partnerships help to strengthen regional planning efforts, but will help these governmental entities to share resources for the common good.

6. Maintenance standards and a Capital Improvement Plan should be implemented.

Similar to that in park planning, the continued maintenance and reconstruction of sidewalk and trail segments should be considered during the planning and design phase. These amenities will also need to be replaced and maintained to ensure that the system is safe for pedestrians. Funding must be made available in the future for maintenance and construction and/or reconstruction of these segments.

FUTURE PARK, TRAIL AND OPEN SPACES

The City of Isanti is anticipating future population growth and continued residential, commercial, and industrial development. This additional growth and development will require additional park, trail, and open space areas to be incorporated within each new development; to be added to the existing park system. The City of Isanti believes that future expansion of the park system will be necessary to ensure that future residents and visitors to the community have the same opportunity to utilize parks, trails, and open spaces within the immediate vicinity of their homes and/or destinations. The connection of these future park areas to the overall park system will be important and should be reviewed prior to park development. While several future projects have already been identified and will be constructed in the near future, other projects may not be constructed for many years, pending the economic climate of the community.

- **Future Expansion of Outlot A (Villages on the Rum 3rd Addition, 2nd Replat - Park Addition)**
  While the actual amount of land area to the north of the Villages on the Rum 3rd Addition is limited for future planning, the City of Isanti may look to expand upon the park area that has been platted as Outlot A, now Legacy Park, and continue this area along Isanti Brook as it heads to the north. Significant natural resources lie just north of the current city boundary along Isanti Brook, which should be conserved within its natural state. Trails that may be constructed within the current portion of Outlot A may need to be expanded upon, as the City annexes property for future development to the north. Preservation of these natural resource amenities will continue to be important as the City grows.

- **Fairway Greens Future Neighborhood Park**
  As part of the Fairway Greens Development, a small neighborhood park had been proposed along 10th Avenue NE. While this small park would serve the residential units that had been planned for this general area; the size of the park and location would be unable to accommodate the total number of anticipated residential households that could be developed throughout the entire Fairway Greens Development in the future.

Additional park locations and facilities would need to be planned and developed in the area, as additional residential units are platted.

The platted area, in which the park was scheduled to be constructed, has undergone a number of changes. Pending the type of residential uses and layout of any new development, the location and size of the park may need to be re-examined.

- **Fir Street Parcels**
  The City owns two residential lots on Fir Street Southwest, in the Southwest corner of the City, that have yet to be developed. These parcels offer an opportunity to add an additional neighborhood park to the current system. This area has previously been discussed as a prime location to create an exercise park or to add a multi-use sports court as one is not present in this region of the City. The City has until 2030 to develop these parcels. If parks are not developed on these properties at that time, the land will need to be turned over to the State.

- **Future Active and Passive Park Areas (East Side of TH 65)**
  On the east side of Trunk Highway 65, additional park and open space area will need to be considered prior to and at the time of development. To date, all City-owned park facilities, with the exception of Academy Park, are currently located on the west side of Trunk Highway 65. In order to continue in the Isanti tradition, through the provision of vast park and open space areas, which are easily accessible and available to all City residents, plans will need to be implemented for the development of new facilities along the east side of the corridor as well. Within the planning area identified in the 2008 Comprehensive Plan, there are a number of large wetland complexes and associated natural areas that should be considered when reviewing proposals for future development.

  A number of other types of parks and park facilities may be reviewed and considered for this area, which may include but is not limited to: a dog park, a large passive park, nature conservatory, a sports complex, small pocket parks etc. Each facility should be reviewed based upon the needs of the community and locations should be carefully considered.

- **Future Greenway System**
  When encouraging healthy lifestyles and active living, it becomes increasingly important to provide residents and visitors to the community with an integrated and well-planned park and recreation system. Green spaces and parks should be more thoughtfully planned to create a connected system of multi-purpose greenways throughout the community. As a result, open spaces and parks become part of a larger multi-purpose greenway system; that results in the preservation of key natural areas that will not only offer community residents additional green spaces and passive recreational areas, but will contribute to a more sustainable and environmentally-friendly development pattern. These greenways or natural area corridors can be integrated into the existing and proposed future trail system. Such linkages will provide residents with an integrated park and trail system, which will enhance the quality of life for the community.

DRAFT

- **South Park Future Neighborhood Park**
  Upon approval of the South Park Preliminary PUD Plat, a small neighborhood park was to be located within a future phase of the development. While the exact location of that park had not been determined, the City did request that one be added for residents living in this area. The economic downturn, as well as the resulting foreclosure crisis, has stalled this development. While the overall approvals for the development are still in place, once those approvals have expired, development in this area will need to be reviewed again at a future date. However, a park should continue to be considered for this area, due to the lack of such facilities nearby.

FUNDING SOURCES FOR FUTURE PARK AND TRAIL DEVELOPMENT

In order to maintain the existing park and trail system and to develop future park system amenities, funding sources must be identified. The City of Isanti has identified the following funding sources from which to draw from for future park and trail maintenance and development needs. While some of these funds may be easier to draw from than others, such sources are all still noted as options.

General Tax Levy

The general tax levy has been and will continue to be an important funding source, particularly towards operation and maintenance of park and trail facilities. Some capital improvements are also funded through the general tax levy. Additional sources of funding may need to be reviewed.

Park Dedication Fund

With the increased levels of development seen throughout the community in past years, the park dedication fund has become an increasingly important funding source for new and developing City parks. The fund can be used for both capital improvements as well as land acquisition costs. However, with the decreased levels of development experienced by the community in more recent years, the park dedication fund will be in need of replenishment. Unfortunately, additional funds for this source only come through development and subdivision proposals. Unless development continues, additional funding sources may be necessary in the near future.

User Fees

The City of Isanti has recently implemented a user fee system for specific park amenities, including use of the Unity Park Field, tennis courts at Mattson Park, park shelters, and the Bluebird Amphitheater, all of which see a fair amount of use by organized groups throughout the summer. The intent of the user fee is to help fund the maintenance and operation costs associated with these facilities. Use of these facilities results in yearly maintenance obligations. The user fees enable the City to ensure that the field is kept in good condition and is operational for those wishing to use the facilities. In the current economy, user fees may be looked to even more as a way to help finance general maintenance and operation improvements.

Donations

DRAFT

Charitable organizations and/or individuals often donate funds to park and recreation efforts. The City may receive funding, providing that those funds are used for designated purposes or activities. However, the funding would enable the City to provide amenities or services that would not otherwise have been made available within the park system.

Grants

Grant opportunities are continuously available for park and trail improvements. Many grant opportunities are available at both the state and federal level. The Minnesota Department of Natural Resources has many grant options that are available each year. Grant information can be obtained through the DNR website. Transportation funds are also available to local units of government for the purpose of trail construction and maintenance. The City of Isanti has received grant funds in the past, which enabled the development of parks and trails throughout the community. In the near future, these types of grant funds will become even more important as other funding mechanisms become more limited.

Partnerships with Other Government Entities

Establishing partnerships with other communities, townships, and the County will become even more critical in future years. This type of collaboration and combining of valuable resources will better able these entities to ensure the success of a future park or trail system. These collaborative efforts will also help entities to avoid duplication of services and will enhance the park and trail planning process, so as to avoid wasteful spending of precious budgeted funds.

LAND ACQUISITION STRATEGIES

As is current practice, the City of Isanti will acquire most new park and trail land through the dedication of such land by private property owners, as required by the Zoning Subdivision Ordinance. While the City of Isanti could purchase properties, when available for park, open space, and trail development and/or expansion; funds to do so in upcoming years may be limited.

The acquisition process to pursue parcels or areas that are already developed may be more difficult. Instances where this would occur include those areas that have been identified as greenway areas for the interconnected park system. The City has identified certain greenway areas along the Rum River, as well as along Spirit and Park Brook. There are also several smaller connections through wetland/woodland areas. While some of these identified segments are located on property that may develop in the future and would be subject to the subdivision ordinance requirements, many of these areas are located along residentially developed parcels. In these instances, land may not necessarily need to be purchased, as there are other options to consider. Below is a list of methods for consideration.

Conservation Easement

This type of easement can be either purchased from the property owner or may be donated by the property owner. The easement would allow for an outside party, the City, to have limited use and access to a designated portion of the property without having to pay the price to purchase the property. Terms of the easement can be negotiated between the outside party and the property owner. For the City, the easement would allow for not only the construction of the trail

DRAFT

through the easement area, but would permit maintenance and use of the trail by the public. The greenway area would be preserved in its natural condition in perpetuity. Restrictions on tree removal and land alteration may be required; however, for the private property owner, the individual may receive future development credits and would be able to restrict the types of public uses that may be permitted on the trail segment. If a non-profit organization, such as a land trust, is involved in the easement process, then the property owner may be entitled to tax write-offs or credits.

There are advantages to using this type of easement. The property, while listed at a diminished tax value, is not taken off of the tax rolls. The property owner is able to have continued enjoyment and profit from their property as well as allow the property owner to have some flexibility in the level of public use that is allowed on the trail within the easement area. For the City, these types of easements are less expensive than purchasing the property. However, with anything there are disadvantages, which include the potential for on-going conflicts between the underlying property owner and the outside party. Even if such conflicts and confusion does not occur under one property owner, the selling of the property to a different party may result in conflicts with the new owner in the future. Lastly, the conservation easement limits the activity on the land to specific functions. Obviously, upon creation of the easement, the activities that are able to use the facility have been specifically identified. Changing the requirements in the future may be difficult, if the needs of the community change in the future.

Fee-Title Ownership

Simply purchasing the property and having the City as the owner of the property is the cleanest process and allows for the greatest amount of flexibility. This ownership allows the City to preserve, develop, and maintain the area as the City feels fit over time. If the use of the property evolves over time, given changing dynamics of the community, there are no restrictions on the use of the property. While the advantages to ownership are obvious, the disadvantage to ownership is the cost associated with purchasing the property.

Other land acquisition strategies may be taken into consideration, which have not been mentioned here. However, these strategies may need to be further reviewed and examined on a case-by-case basis so as to ensure that they are meeting the goals and needs of the community.

The City of Isanti envisions a park, trail, and open space system that will not only enhance the quality of life for its current residents, but will create a system that can be easily built upon in the future. This plan will serve as a guide for future improvements and developments that will create a system of parks, trails, and open spaces that emphasize safety, innovation, conservation, and accessibility. The intent of this overall park system is not only to provide residents with recreational opportunities, but to protect and enhance the natural resources that can still be found throughout the community. The anticipated outcome is to produce a park and trail system that meets the needs of both existing and future community residents; encourages healthy, active lifestyles for all; and preserves our natural surroundings so they can be enjoyed by future generations.

DRAFT

AGENDA
CITY OF ISANTI
CITY COUNCIL MEETING

TUESDAY, FEBRUARY 15, 2022 – 7:00 P.M.
CITY HALL

A. Call to Order
B. Pledge of Allegiance
C. Roll Call

4. February Engineering Project Status Report

Adjournment

MINUTES
CITY OF ISANTI
CITY COUNCIL MEETING

WEDNESDAY, FEBRUARY 2, 2022 – 7:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley and Steve Lundeen

Members Absent: Councilor Dan Collison

Staff Present: City Administrator Josi Wood, Finance Director Mike Betker, Community Development Director Stephanie Hillesheim, City Engineer Jason Cook and Chief of Police Travis Muyres

D. Public Comment
None

E. Adopt Agenda
Revised Agenda:
Add: K.4. Resolution 2022-022 Authorizing the City Administrator and Human Resources to Make Offer for Part-Time, Seasonal and Intern Positions and Allow to Start Prior to Council Approval

Add: L.7. Resolution 2020-021 Approving the Hire of Part-Time Liquor Store Clerk Roberta Klatt

Motion by Bergley, seconded by Lundeen to approve the agenda with the modifications listed above. Motion passed 4-0.

F. Proclamations/Commendations/Certificate Award
None

G. Approve City Council Minutes
1. January 18, 2022- Regular Meeting of the City Council
2. January 18, 2022- Committee of the Whole Meeting
3. January 24, 2022- Goal Setting

Motion by Gordon, seconded by Bergley to approve minutes as presented. Motion passed 4-0. Motion carried.

H. Announcements

1. Committee of the Whole	Tuesday, February 15, 2022 at 5:00 p.m.
2. City Council Meeting	Tuesday, February 15, 2022 at 7:00 p.m.
3. Planning Commission Meeting	Tuesday, February 15, 2022 *(Immediately following the City Council Meeting)*

I. Council Committee Reports

Councilor Lundeen shared that the Fire District received the Tahoe's that were ordered a year and a half ago. Lundeen continued to share that Two rangers are also on order to replace the duty cars at the Fire District. Lundeen also shared that the JPA has been tabled until there is progress met.

Councilor Gordon shared that a property owner along the Bike/Walk Trail had to do work along the trail due to Emerald Ash Bore effecting the trees alongside the trail and stated it turned out nice.

Mayor Johnson shared that P&M Truss reached out to him in regards to the billboard on their property and stated that it had been bought approximately six months ago but nothing has been done with it.

J. Public Hearings

None

K. Business Items

City Administrator Josi Wood

1. **ORD-766** Amending Chapter 262; Sewer and Water Service Charges

City Administrator Josi Wood shared that it was discussed at the December 21st, 2021 and January 18th, 2022 Committee of the Whole meetings to remove half base charges that were applied to properties within the City that were not connected to water and/or sewer but had availability. The consensus and recommendation from the Committee was to remove the charges.

Motion by Bergley, seconded by Gordon to approve Ordinance as presented. Motion passed 4-0. Motion carried.

2. **ORD-767** Amending Chapter 8; City Council

City Administrator Josi Wood shared that at the December 21st, 2021 Committee of the Whole meeting it was discussed that it was not necessary to have City Council approve other board minutes. This would include the EDA, Park, Recreation and Culture Board and Planning Commission. The City Attorney has advised that each board should be approving their own minutes and it is not necessary to go to City Council.

Motion by Lundeen, seconded by Bergley to approve Ordinance as presented. Motion passed 4-0. Motion carried.

City Engineer Jason Cook

3. South Brookview Improvements- Preliminary Engineering Report
   a. **Resolution 2022-015** Accept Feasibility Report and Order Public Hearing
   b. **Resolution 2022-016** Authorize Plans and Specifications

City Engineer Jason Cook shared the Preliminary Engineering Report for the South Brookview area rehabilitation. The report consisted of existing conditions where the pavement quality was rated 2-5 out of 10. A rating of 2 is classified as a completely failed state and 5 is classified where it is beyond a scope of work of being a milled and overlay. The watermain was part of the original install in 1976 with some of the other development areas done in 1990. The sanitary sewer in South Brookview is a large 18-inch RCP pipe that was installed in 1983 and other development areas in 1990. There have been no known issues or failures in those pipes and it is expected that the pipes shall be able to last the life of the improvement that is being proposed.

The storm sewer is functioning adequately so there is no anticipation to add any. The Anoka Conservation District had done a study where water quality projects could be completed in the City. Below is the City Engineer's recommended schedule to keep the project on schedule to be constructed this Summer:

1. February 2, 2022: Mayor and City Council accepts Report calls for Hearing on the Improvement and Authorizes Preparation of Plans and Specifications

2. February 16, 2022: Hold Public Open House

3. March 1, 2022: Hold Public Hearing on the proposed improvement

4. March 1, 2022: Mayor and City Council approves plans and orders advertisement of bids

5. March 29, 2022: Open Bids

6. April 5, 2022: Mayor and City Council awards bid

7. June – October 2022: Project construction

8. November 15, 2022: Conduct final Assessment Hearing

It is proposed to assist the City in completing the scope of design services through bidding, for an hourly, not-to-exceed fee of $67,660. Should the project move forward to construction, it is also proposed to complete the construction services for an hourly, not to exceed fee of $55,330.00. These fees were included in the Preliminary Engineering Report.

Motion by Gordon, seconded by Bergley to approve K.3. a. and K.3. b. as presented. Motion passed 4-0. Motion carried.

4. **Resolution 2022-022** Authorizing the City Administrator and Human Resources to Make Offer for Part-Time, Seasonal and Intern Positions and Allow to Start Prior to Council Approval
City Administrator shared that Council would ultimately approve the hire but if authority were to be given to staff to be able to hire and make the offer for Part-Time, Seasonal and Intern positions it would help the individual start the position sooner.

Motion by Lundeen to approve the City Administrator and Human Resources to make offer for Part-Time, Seasonal and Intern positions and allow to start prior to Council approval, seconded by Gordon. Motion passed 4-0. Motion carried.

L. Approve Consent Agenda

1. Payroll in the Amount of $128,068.32 and Accounts Payable in the Amount of $750,234.57
2. Approving the 2022 Personnel Policy
3. **Resolution 2022-017** Accepting Resignation of Liquor Clerk II Carrie Prather
4. **Resolution 2022-018** Approving Staff to Submit Applications For Grants Pertaining to Activities and Programs in Police Department For 2022

5. **Resolution 2022-019** Authorizing the City of Isanti to Enter into Agreement with Metropolitan Emergency
6. **Resolution 2022-020** Adopting the 2022 Comprehensive Parks, Trails, and Open Space Plan for the City of Isanti
7. **Resolution 2020-021** Approving the Hire of Part-Time Liquor Store Clerk Roberta Klatt

Motion by Lundeen, seconded by Bergley to approve the consent agenda. Motion passed 4-0. Motion carried.

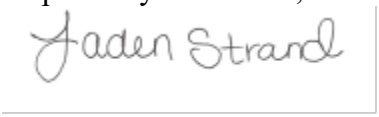
M. Other Communications

None

Adjournment

A motion was made by Lundeen, seconded by Bergley. Motion passed 4-0. Motion carried.

Respectfully Submitted,



Jaden Strand
City Clerk

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: February 15, 2022

Subject: ORD-XXX An Ordinance to Repeal and Replace City Code Chapter 1; Sections 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 and Amend City Code Chapters 1, 8, 18, 76, 87, 111, 119, 143, 171, 227, 253, 256, 257, 258, 260, 262, 270, 284, 312 and 325

Background:

The final phase of the City Code project update for the Editorial and Legal Analysis (E & L) is to approve the remaining chapters that had edits. General Code went through all the codified Chapters for an Editorial and Legal analysis (E & L) which gave an in-depth chapter -by- chapter review of the City's Code.

Request:

- Staff is requesting action on this item

Attachment:

- ORD-XXX An Ordinance to Repeal and Replace City Code Chapter 1; Sections 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 and Amend City Code Chapters 1, 8, 18, 76, 87, 111, 119, 143, 171, 227, 253, 256, 257, 258, 260, 262, 270, 284, 312 and 325

ORDINANCE NO. XXX

AN ORDINANCE TO REPEAL AND REPLACE CITY CODE CHAPTER 1; SECTIONS 4, 5, 6, 7, 8, 9, 10, 11, 12 AND 13 AND AMEND CITY CODE CHAPTERS 1, 8, 18, 76, 87, 111, 119, 143, 171, 227, 253, 256, 257, 258, 260, 262, 270, 284, 312 AND 325.

THE CITY COUNCIL OF ISANTI DOES ORDAIN:

Section 1 – Repealer City Code Chapter 1, Sections 4-13, are hereby repealed and replaced as follows:

§ 1-4. Code adopted; existing ordinances continued.

Pursuant to Minn. Stat. § 415.021, the ordinances of the City of Isanti of a general and permanent nature adopted by the City Council of the City of Isanti, as revised and codified and consisting of Chapters 1 through 325, are hereby approved, adopted, ordained and enacted as the Code of the City of Isanti, hereinafter referred to as the "Code." The provisions of the Code, insofar as they are substantively the same as those of the ordinances in force immediately prior to the enactment of the Code by this ordinance, are intended as a continuation of such ordinances and not as new enactments. This ordinance and the Code adopted hereby shall supersede and replace the 2009 Code of the City of Isanti, as amended and supplemented.

§ 1-5. Code on file; additions and amendments.

A. A copy of the Code has been filed in the office of the City Clerk and shall remain there for use and examination by the public until final action is taken on this ordinance. Following adoption of this ordinance, such copy shall be certified to by the Clerk of the City of Isanti as provided by law, and such certified copy shall remain on file in the office of the City Clerk, to be made available to persons desiring to examine the same during all times while said Code is in effect.

B. Additions or amendments to the Code, when adopted in such form as to indicate the intent of the governing body to make them a part thereof, shall be deemed to be incorporated into such Code so that reference to the "Code of the City of Isanti" shall be understood and intended to include such additions and amendments.

§ 1-6. Notice; publication.

The Clerk of the City of Isanti shall cause notice of the passage of this ordinance to be given in the manner required by law. The notice of passage of this ordinance coupled with the filing of the Code in the office of the City Clerk as provided in § 1-5 shall be deemed, held and considered to be due and legal publication of all provisions of the Code for all purposes.

§ 1-7. Severability.

Each section of this ordinance and of the Code and every part of each section is an independent section or part of a section, and the holding of any section or a part thereof to be unconstitutional, void or ineffective for any cause shall not be deemed to affect the validity or constitutionality of any other sections or parts thereof.

§ 1-8. Repealer.

Ordinances or parts of ordinances inconsistent with the provisions contained in the Code adopted by this ordinance are hereby repealed; provided, however, that such repeal shall only be to the extent of such inconsistency, and any valid legislation of the City of Isanti which is not in conflict with the provisions of the Code shall be deemed to remain in full force and effect.

§ 1-9. Ordinances saved from repeal.

The adoption of this Code and the repeal of ordinances provided for in § 1-8**Error! Bookmark not defined.** of this ordinance shall not affect the following ordinances, rights and obligations, which are hereby expressly saved from repeal:

A. Any ordinance adopted subsequent to December 7, 2021.

B. Any right or liability established, accrued or incurred under any legislative provision prior to the effective date of this ordinance or any action or proceeding brought for the enforcement of such right or liability.

C. Any offense or act committed or done before the effective date of this ordinance in violation of any legislative provision or any penalty, punishment or forfeiture which may result therefrom.

D. Any prosecution, indictment, action, suit or other proceeding pending or any judgment rendered, prior to the effective date of this ordinance, brought pursuant to any legislative provision.

E. Any franchise, license, right, easement or privilege heretofore granted or conferred.

F. Any ordinance providing for the laying out, opening, altering, widening, relocating, straightening, establishing of grade, changing of name, improvement, acceptance or vacation of any right-of-way, easement, street, road, highway, park or other public place or any portion thereof, or any currently effective ordinances pertaining to location of City limits.

G. Any ordinance or resolution appropriating money or transferring funds, promising or guaranteeing the payment of money or authorizing the issuance and delivery of any bond or other instruments or evidence of the City's indebtedness.

H. Ordinances authorizing the purchase, sale, lease or transfer of property or any lawful contract, agreement or obligation.

I. The levy or imposition of taxes, assessments or charges or the approval of the municipal budget.

J. The dedication of property or approval of preliminary or final subdivision plats.

K. All currently effective ordinances pertaining to the rate and manner of payment of salaries and compensation, or appointment or combined offices, of officers and employees.

L. The Zoning Ordinance and any amendments thereto; any ordinance adopting or amending the Zoning Map; any ordinance pertaining to subdivision of land, site plan review or any other land use topic; and the Stormwater Management Ordinance.

M. Any ordinance relating to or establishing a pension plan or pension fund for municipal employees.

N. Any ordinance relating to the establishment, operation or affairs of the Economic Development Authority (EDA) of the City.

O. Specifically, the following ordinances are saved from repeal: Ord. Nos. 114, 118, 121, 126, 131, 132, 134, 141, 208, 240.

§ 1-10. Changes in previously adopted ordinances.

A. In preparing the revision and codification of the ordinances pursuant to Minn. Stat. § 415.021, certain minor grammatical and nonsubstantive changes were made in one or more of said ordinances. It is the intention of

the City Council that all such changes be adopted as part of the Code as if the ordinances so changed had been formally amended to read as such.

B. In addition, the changes, amendments or revisions as set forth in Schedule A attached hereto and made a part hereof are made herewith, to become effective upon the effective date of this ordinance. (Chapter and section number references are to the ordinances as they have been renumbered and appear in the Code.)

§ 1-11. Titles and headings; editor's notes.

A. Chapter and article titles, headings and titles of sections and other divisions of the Code are inserted in the Code and may be inserted in supplements to the Code for the convenience of persons using the Code and are not part of the legislation.
B. Editor's notes indicating sources of sections, giving other information or referring to the statutes or to other parts of the Code are inserted in the Code and may be inserted in supplements to the Code for the convenience of persons using the Code and are not part of the legislation.

§ 1-12. Altering or tampering with Code; violations and penalties.

It shall be unlawful for anyone to change, alter or tamper with the Code in any manner which will cause the laws of the City of Isanti to be misrepresented thereby. Anyone violating this section shall be subject, upon conviction, to a fine as provided in § 1-1 of the Code.

§ 1-13. When effective.

This ordinance shall take effect immediately upon final passage and publication as provided by law.

Section 2- Amendments: City Code Chapters 1, 8, 18, 76, 87, 111, 119, 143, 171, 227, 253, 256, 258, 260, 262, 270, 281, 312 and 325 of City Code, are hereby amended as follows:

Chapter 1, General Provisions.

Article I, Construction and Penalties.

Sections 1-3, Definitions, and 1-4, Statutory rules adopted, are relocated from Article II to Article I; Article I is retitled “Construction and Penalties.”

Chapter 8, City Council.

Article I, Advisory Bodies.

Sections 8-6C and 8-7D are each amended to add the words “as deemed” preceding the word “necessary.”

Article II, Salaries.

Section 8-10.1 is added to read as follows:

§ 8.10.1 Member per diem fee for service on boards.

Appointed members of the Planning Commission, Parks, Recreation and Culture Board and Economic Development Authority shall receive a per diem of $25 for each meeting when serving.

Article III, Rules of Organization.

Section 8-17A(3), regarding the presiding officer and other organizational rules and procedures, is repealed.

Chapter 18, Elections.

Article II, Primaries.

Section 18-3 is amended to revise the final phrase as indicated: "… purpose of electing municipal officers.

Chapter 76, Alcoholic Beverages.

A. In § 76-3, the definition of "guest" is amended to read as follows: "A person not a member of the establishment but present on the licensed premises in the company of a host member."

Section 76-9D is amended to add the term "bowling centers" in the first sentence.

Section 76-31A and 76-32 are amended to change "Isanti Volunteer Fire Department" to read "Isanti Fire District or Fire Agency."

Section 76-39 is amended to revise "as provided by Chapter 1, Article 1, of this Code of Isanti."

Section 76-40, Summary approved, is repealed.

Chapter 87, Animals.

Article II, Dogs.

Sections 87-6B, C, D and E, § 87-7C and § 87-11A are each amended to revise wording that refers to fees established by resolution to refer to the fees set forth in the City Fee Schedule in Chapter 160.

Chapter 111, Building Construction.

Article II, State Building Code Standards.

Section 111-7C is amended to revise Subsection C(1) and (2) to read as follows:

(1) Requests for refunds must be in writing and signed by the permit holder. The Building Official will review the request for refund and make a determination to approve or deny the request. The City shall retain the following as described in the table below:

City Retains	*Time Frame*
$50 - Fees less than $50 are nonrefundable.	*For requests made within 30 days*
$50 or 20% of the permit fee whichever is greater	*For requests made within 60 days*
$50 or 40% of the permit fee whichever is greater	*For requests made within 90 days*
$50 or 60% of the permit fee whichever is greater	*For requests made within 120 days*
$50 or 80% of the permit fee whichever is greater	*For requests made within 180 days*

(2) No refunds will be approved or granted after 180 days from the date the permit was issued. No refunds will be approved or granted for the following: plan review fees, state surcharge fees, reinspection fees, and any other services that have previously been rendered.

Chapter 119, Burning, Open.

Section 119-4B(1) is amended to remove the wording that reads "office at 401 1st Avenue NW in the City of Isanti.

Chapter 143, Drug Lab and Chemical Dump Sites.

Section 143-3 is amended to revise the reference to the resolution of the City Council to refer to the fees in Chapter 160.

Chapter 171, Fireworks.

In § 171-1, the definition of "Fire Chief" is amended to revise "Fire Department" to "Fire District or Fire Agency."

Chapter 227, Parking and Storage.

In § 227-1, Subsection A of the definition of "authorized emergency vehicle" is amended to revise "Fire Department" to "Fire District or Fire Agency;" and § 227-5A is amended to revise "Fire Department" to "Fire District or Fire Agency."

Chapter 253, Rental Dwellings.

Section 253-12F is amended to revise the reference to the resolution of the City Council to refer to the fees in Chapter 160.

Chapter 256. Residential and Nonresidential Property Maintenance Standards.

Section 256-9B(11)(b) is amended to revise "Fire Department" to "Fire District or Fire Agency."

Chapter 257, Right-Of-Way Management.

A. In Section 257-3, Subsection B of the definition of "small wireless facility" is amended to delete the phrase that reads: "provided such equipment."
B. Section 257-5E is amended to delete the final sentence that reads: "The delay penalty shall be established from time to time by City Council resolution."
C. Section 257-19B is amended to delete the phrase that reads: "as set forth in the City Fee Schedule, Chapter 160."
D. Section 257-22B(2) is amended to add wording to the last sentence as indicated: "… revocation of the permit issued for the work or <u>the denial of</u> future permits to the offending permittee or its subcontractors.

Chapter 258, Secondhand Goods Dealers.

Section 258-5A(1) and B are each amended to revise the reference to the fees set by resolution of the City Council to refer to the fees in Chapter 160.

Chapter 260, Sewers.

Section 260-17 is amended to revise the reference to the fees set by resolution of the City Council to refer to the fees in Chapter 160.

Chapter 262, Sewer and Water Service.

Section 262-5B is amended to delete the following sentence: "The deposit shall be in accordance with the City Fee Schedule."

Chapter 270, Snowmobiles and Special Vehicles.

B. Article I, Snowmobiles.

Section 270-1.1 is amended to change "grant and aid state trails" to read "grant-in-aid state trails."

Chapter 281, Stormwater

Section 281-4B(2) is amended to change "REU" to "ERU."

Chapter 312, Unclaimed Property.

Section 312-6 is amended to change "168B.101" to 168B.16.

Chapter 325, Water.

A. Section 325-9A and F and § 325-13C(1) are each amended to revise the reference to the fees set by resolution of the City Council to refer to the fees in Chapter 160.
B. In § 325-9, Subsection I is amended to delete the following wording: "as adopted by resolution of the City Council"; and Subsection J is amended to delete the wording "per the Fee Schedule."
C. Section 325-13C(1) is amended to remove the following wording: "set by resolution of the City Council."

Section 3- EFFECTIVE DATE:
This ordinance takes effect upon its adoption and publication in the official city newspaper.

Adopted by the Isanti City Council this 15th day of February 2022.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – MANAGERS OR LESSORS OF PREMISES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designation Of Premises (Part Leased To You): All Premises Leased To You
Name Of Person(s) Or Organization(s) (Additional Insured): All Managers or Lessors Of Premises
Additional Premium: Included
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability arising out of the ownership, maintenance or use of that part of the premises leased to you and shown in the Schedule and subject to the following additional exclusions:

This insurance does not apply to:

1. Any "occurrence" which takes place after you cease to be a tenant in that premises.
2. Structural alterations, new construction or demolition operations performed by or on behalf of the person(s) or organization(s) shown in the Schedule.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

Subject: Re: Reservation Request regarding 2022 Car Show
To: Nick and Amy Davis [redacted]

I am very sorry. Please let me know the address you used to mail the check.

The office address "required" by the Postal Service is:
Faith Lutheran Church
PO Box 87
Isanti, MN 55040

Also, please consider your request accepted. I will watch for the check to come in the mall OR you can drop it off between 9:00 am and 2:00 pm Tuesday through Friday.

Thank you so much.

Good Morning Mary-

I received the form/check back...it said it was Returned to Sender because there was no mail receptacle. When is someone there at the office that I can drop it off to you?

Thanks,
Amy

When did you send the deposit? If it has been more than just a few days, I will investigate right away and find out if it may have been recorded as a donation instead of a deposit. We can correct that!

Thank you.

Good Morning Mary-

Just following up to see if you received the $50 deposit that I sent to you? If you did and we are good to go, can you please let me know. I need to forward to the city for our show permit.

Thanks,
Amy

I am starting my planning for the 2022 Car Show Season now and wanted to see if we would be able to get the grass area and parking lot again this year for our event? I am attaching the reservation form, let me know if you need me to drop off a check for a deposit? Also, the insurance is the same from the previous years events.

Thanks,
Amy Davis

Rum River Rods

I have checked with Ron Schleif and with our Council President. Your request is accepted.
If you could bring or send a $50 deposit, I will ask Ron to sign your Reservation Form and send you a copy.

Hoping you will have a good car show!

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Alyssa Olson, Parks, Recreation & Events Coordinator
Date: February 15, 2022
Subject: Resolution 2022-XXX Approving the Archery Range

Background:
In July 2021, in the Committee of the Whole meeting, the Council elected to move forward with adding an archery range to the Isanti park amenities, identifying the location as the area south of the Dog Park.

Staff has examined costs for this new feature and determined the following:
A 135'L x 150'W range consisting of 9 lanes will be created, ranging in shooting distance from 10 to 40 yards. A berm will be created at the south end of the lot to act as a backstop for arrows, and a split rail fence will be installed along the east and west sides of the range to maintain a safety perimeter. For ADA accessibility, a lime ag path would be extended from the paved path to the range area. Paths would also be created to designate each lane and provide inclusive use of the recreation site. Two light poles will be installed in the vicinity to enhance visibility at night for both the archery range and the dog park.

The total estimated cost to build the archery range, included a 5% contingency is $17,955.

Archery Range Estimated Costs:

Materials	$3,500	
Fencing	1,600	
ADA Paths	6,000	
Lighting	6,000	
Total Initial Cost:		**$17,100**
+ 5% contingency	855	

TOTAL Estimated Archery Range Cost: $17,955

Request:
Staff would like approval to move forward with building the archery range within this project scope this Spring.

Attachment:

- Resolution 2022-XXX
- Archery Range Layout

RESOLUTION 2022-XXX

APPROVING THE ARCHERY RANGE

WHEREAS, community members have requested an Archery Range to be built in the City of Isanti; and,

WHEREAS, staff has identified plans to build an Archery Range south of the dog park; and,

WHEREAS, the installation of a range that includes multiple targets, lanes, a safety berm, fencing perimeter and lighting will be completed; and,

WHEREAS, staff has estimated costs to total $17,100; and,

WHEREAS, the total project cost is to include a 5% contingency; and,

WHEREAS, the CIP has $18,000 available for Archery Range with the funding source 920-45300-500;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the construction of the archery range within the City of Isanti with a total project cost of $17,955, including a 5% contingency with the funding source 920-45300-500. Authorize the City Administrator to approve final costs.

This resolution was duly adopted by the Isanti City Council this 15th day of February 2022.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: February 15, 2022
Subject: Resolution Authorizing the Replacement of Lift Station Pumps

---

Background:
There are 10 lift stations in the City of Isanti. Each lift station has two pumps. The Capital Improvement Plan has $234,596.00 available to replace all lift station pumps. Funding is identified as Federal Funds through the 2022 Capital Improvement Plan (CIP); funding source Sewer 602-49450-500. If in the event the existing pumps have any significant value, they will be stored at the Wastewater Treatment Plant and saved for future use. The life expectancy of the new pumps is 12 years. Quotes received include all labor including pulling the old pump and installing the new pump.

Staff reached out and received three quotes the lift stations with submersible pumps:

Vendor	Pump Brand	Quote totaling 14 pumps
Goetsch	Hydromatic	$102,612.00
General Repair	Gorman Rupp	$102,035.70
Quality Flow	KSB	$141,820.00

Two quotes were received for the lift stations with non-submersible self-priming:

Vendor	Pump Brand	Quote totaling 6 pumps
General Repair	Gorman Rupp	$35,082.00
Quality Flow	Esco	$33,930.00

Staff also reached out to define how long the warranty was on each pump and what pricing would be on a service call to help determine what would be in the City of Isanti's best interest.

Vendor	Normal Business Hours	After Hours	Holidays	Per mile	Warranty
Quality Flow	$100.00	$150.00	$200.00	$1.50	5 years
General Repair	$135.00	$202.50	$270.00 Inc. Sundays	$1.75	5 years Prorated
Goetsch	$130.00	$195.00	$195.00	NC	5 years Prorated

There would be an additional cost of $2500.00 for Total Control to be on-site to install the Control Modules for the over-temp and seal fail alarms.

Recommendation:
Determining factors for choosing a pump vendor in the best interest of the City includes: reliability, service, cost of pumps, cost of continued and future service, and warranty. Staff is recommending to accept the quote from Goetsch for the submersible pumps and Quality Flow for the non-submersible pumps and to allow Total Control to be onsite to install the Control Modules. The total cost including a 10% contingency is $152,946.20.

Request:
Staff is requesting action on this item.

RESOLUTION 2022-XXX

AUTHORIZING THE REPLACEMENT OF LIFT STATION PUMPS

WHEREAS, the city has seven (7) lift stations using submersible pumps and three (3) that are self-priming non-submersible pumps; and,

WHEREAS, through Federal Funding the 2022 Capital Improvement Plan has $234,590.00 for the replacement of these lift station pumps; and,

WHEREAS, staff reached out and received the following quotes for the replacement of the submersible pumps; and,

- Goetsch - $102,612.00
- General Repair - $102,035.70
- Quality Flow - $141,820.00

WHEREAS, staff reached out and received the following quotes for the replacement of the non-submersible self-priming pumps; and,

- General Repair - $35,082.00
- Quality Flow - $33,930.00

WHEREAS, the following factors were included; and,

- Warranty.
- Service call pricing during business hours.
- After hours service call.
- Service call pricing per mile.

WHEREAS, an additional cost of $2500.00 from Total Control to be on-site to install the Control Modules for the over-temp and seal fail alarms; and,

WHEREAS, the funding source identified as Sewer (500);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the quote from Goetsch in the amount of $102,612.00 for the installation of the submersible pumps, approve the quote from Quality Flow for the non-submersible self -priming pumps in the amount of $33,930.00, and allow Total Control to install the Control Modules in the amount of $2,500.00. The total cost including a 10% contingency is $152,946.20 funding source identified as Sewer (500).

This resolution was duly adopted by the Isanti City Council this 15th day of February, 2022.

Subject: FW: Isanti Pump Replacement
Date: Friday, January 28, 2022 3:04:27 PM

Matt,
Per your conversation with Steve, I have added below the vortex pump options we have available. The vortex impeller pumps may provide slightly less flow than what was requested in some installations. We can look at each specific lift station when appropriate.
Thank you for your consideration of our equipment

Subject: RE: Isanti Pump Replacement

Matt,
Please see below for our revised proposal as requested.

We offer the following Hydromatic submersible sewage pumps for your review. Please note all pumps are Ex-proof rated, 50' power & control cords, seal fail detection probes in motor, 4" discharge flange, (no sealing flange included).

- East Dual lift station, We do not have an offering to replace the Gorman-Rupp pumps
- Unity lift station, Hydromatic model S4NVX 5hp, 1750 rpm, 230/1, $6018 each – THIS IS A VORTEX IMPELLER PUMP
- Subway lift station, Hydromatic model S4MXP 5hp, 1200 rpm, 460/3, $8856 each – MODEL S4MVXP 7.5HP, 1750 RPM, 460/3, $9210 EACH
- Main lift station, Hydromatic model S4LXP 40hp, 1750 rpm, 460/3, $17,424 each – THERE IS NOT A VORTEX IMPELLER OPTION FOR THIS STATION
- Arabian lift station, We do not have an offering to replace the Gorman-Rupp pumps
- Carlson lift station, Hydromatic model S4NX 5hp, 1750 rpm, 460/3, $6090 each – MODEL S4NVX 5HP, 1750 RPM, 460/3, $6218 EACH
- Deer Haven lift station, Hydromatic model S4MXP 3hp, 1200 rpm, 460/3, $8856 each – MODEL S4NVX 5HP, 1750 RPM, 460/3, $6218 EACH
- Rum River lift station, We do not have an offering to replace the existing Gorman-Rupp pumps
- BMX lift station, Hydromatic model S4NX 5hp, 1750 rpm, 460/3, $6090 each – MODEL S4NVX 5HP, 1750 RPM, 460/3, $6218 EACH

Above prices include freight to the City of Isanti.
Lead time will vary but in general will be 10 – 12 weeks.

RESOLUTION 2022-XXX

APPROVING CITY SOCIAL MEDIA LINKEDIN PROFILE

WHEREAS, City Council met on January 24, 2022 to establish goals and having an increased presence on social media to include LinkedIn was an established goal; and,

WHEREAS, LinkedIn is a platform that can assist the Community Development Department, and on occasion other departments, in promoting business recruitment, business assistance, employee recruitment and other related activities; and,

WHEREAS, the City currently has a social media policy as defined in the Personnel Policy;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the City having a social media profile on LinkedIn. The City Administrator or designee will manage the following:

1. Site Administrator(s) shall be assigned to ensure quality, accuracy and timeliness of posts.
2. The Site Administrator(s) have the authority to post content that fits within the City's policy on social media in a creative and engaging way. Posts should be directed to the Community Development Director for approval if the Site Administrator needs direction or clarification.
3. The City of Isanti reserves the right to not publish comments, questions, or postings containing: profane language or content; personal attacks, harassments, or threats against any individual or organization; discrimination against race, creed, color, age, gender, sexual orientation, physical or mental disability, etc.; copyright infringements or other illegal activity; sexual content, or links to sexual content.
4. City, Chamber and other business-oriented content will be allowed to be posted. Content is at the discretion of the City Administrator and/or Community Development Director.
5. Information such as Bio, Overview, Demographics, History, Etc. should be written by the City Administrator or designee.
6. Profile picture, or other identifying image, will include the City of Isanti logo.

This resolution was duly adopted by the Isanti City Council this 15th day of February, 2022

MEMORANDUM

Date: February 9, 2021

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North –Letter of Credit Adjustment 2
City of Isanti, MN
Project No.: 0R1.125451

The Developer of the Fairway Greens North subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is a different process than we have used in the past.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 20% of the requested amounts of non-permanent items is held to ensure the temporary items are removed at the end of the project, and 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached are the invoices from the contractors for unpaid work to date.

The materials have been found to be in compliance with city standards and all tests have passed to date.

$42,390.40 of the requested amount is temporary erosion control measures, so, following city standard retainage practices, we recommend releasing 80% of these items in the amount of $33,912.32.

$509,254.83 of the requested amount are non-temporary measures, so, following city standard retainage practices, we recommend releasing 95% of these items in the amount of $483,792.09.

We recommend approving the reduction of the Letter of Credit in the amount of **$517,704.41** for materials incorporated into the project. This would hold $33,940.82 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

MEMO for CITY COUNCIL

To: **Mayor Johnson and Members of the City Council**
From: Matt Sylvester, Public Services Director
Date: February 15, 2022
Subject: Resolution 2022-XXX Authorizing Master Agreement with Mueller Systems

---

Background:
A Master Agreement is needed between Mueller Systems and the City of Isanti for the use of Equipment, Software, Documentation and other items as related to advanced metrology infrastructure for the purpose of reading water meters. Software fees, equipment fees and service feed are required in the agreement in the amount of $9,271.00 for 2022 which is included within the water meter replacement project. Future costs will be outlined in the budget annually.

Action:
Staff is requesting City Council action on this item.

Attachments:

MUELLER SYSTEMS
MASTER AGREEMENT

THIS MASTER AGREEMENT (this "**Agreement**") is entered into this _____ day of _____ _____ _____ between MUELLER SYSTEMS, LLC, a Delaware limited liability corporation having its principal offices at 10210 Statesville Blvd, Cleveland, North Carolina 27013 (referred to in this Agreement as "**Mueller Systems**" or "**Provider**"), and ___**The City of Isanti, MN**_____ (referred to in this Agreement as "**Customer**"). This Agreement governs the sale by Provider and the purchase by Customer for its own use and not for resale of, as applicable, Equipment, Software, Documentation and other items related to advanced metrology infrastructure systems. In the event of any conflict or inconsistency between the terms and conditions of this Agreement and terms and conditions of any other agreement or document, the terms and conditions of this Agreement shall govern and control and the conflicting or inconsistent terms and conditions are hereby rejected. In consideration of the mutual obligations set forth in this Agreement, Customer and Mueller Systems agree as follows:

1. **DEFINITIONS**.

a. "**Content**" means the information developed or legally acquired by Customer which may be used in connection with or accessed by any module of the Software.

b. "**Documentation**" means the user guides, reference manuals, and installation materials provided by Provider to Customer related to the Software and Equipment.

c. "**Equipment**" means the components, devices, products, equipment and related items provided by Provider identified in Appendix A.

d. "**Services**" means activities related to deployment and installation services, repair services, hosting services and technical support/maintenance services as provided by Mueller Systems and as identified in Appendix B.

e. "**Software**" means the object code versions of Mueller Systems' software identified in Appendix A, together with all subsequent authorized updates, replacements, modifications or enhancements.

2. **SOFTWARE**

a. Software on Equipment License. For Equipment purchased by Customer from Mueller Systems, Mueller Systems hereby grants Customer a limited, non-exclusive, non-sublicensable, non-transferable, perpetual, irrevocable license to use and execute the Software embedded in the Equipment for its internal business purposes in connection with such Equipment ("Firmware").

b. Online Software Access. Subject to the terms of this Agreement and the payment of the fees specified in Section 6a herein, Mueller Systems grants to Customer, for its internal business purposes and during the term of this agreement, a limited, non-exclusive, non-sublicensable, non-transferable right to access and use and make available to Customer's utility users, as applicable, and/or employees the online, hosted Software specified herein.

c. Restrictions. Except as specifically and expressly permitted in writing by Mueller Systems, Customer shall not (i) violate any restriction set forth in this Agreement; (ii) modify, translate, de-compile, reverse compile, disassemble, or create or attempt to create, by reverse engineering or otherwise, the source code from the object code of the Software; (iii) adapt the Software in any way for use to create a derivative work; or (iv) include or combine the Software in or with any other software.

d. Ownership. This Agreement does not grant to Customer any ownership interest in the Software or Documentation. Customer has a license to use the Software and Documentation as provided in this Agreement. Customer hereby agrees and acknowledges that Mueller Systems owns all right, title, and interest in the Software and Documentation, and Customer will not contest those rights or engage in any conduct contrary to those rights. Any copy, modification, revision, enhancement, adaptation, translation, or derivative work of or created from the Software and Documentation made by or at the direction of Customer shall be owned solely and exclusively by Mueller Systems, as shall all patent rights, copyrights, trade secret rights, trademark rights and all other proprietary rights, worldwide.

e. Reservation. Mueller Systems reserves all rights not specifically granted under this Agreement.

3. **EQUIPMENT** In consideration of the fees set forth in Appendix D of this Agreement, Mueller Systems will provide the Equipment identified in Appendix A.

4. **SERVICES** In consideration of the fees set forth in Appendix D of this Agreement, Mueller Systems will provide the Services identified in Appendix B.

5. **CONFIDENTIALITY** The Software, Equipment and Documentation, including any ideas, concepts, know-how and technology contained therein, shall be considered the proprietary and confidential information of Mueller Systems and, as such, shall be subject to the confidentiality provisions of this Agreement. If a separate, written non-disclosure agreement exists between Mueller Systems and Customer, such agreement will control and will apply according to its terms and conditions to all confidential information the parties exchange with each other. If no separate, written non-disclosure agreement exists between Mueller Systems and Customer, the terms listed in Appendix C will apply to the confidential information the parties exchange with each other.

6. **FEES AND PAYMENT**

a. Software Fees. Customer shall pay the Software fees set forth in Appendix D of this Agreement.

b. Equipment Fees. Customer shall pay the Equipment fees set forth in Appendix D of this Agreement. Title to the Equipment, except the Software and Documentation that are subject to licenses provided in this Agreement, passes from Mueller Systems to Customer when Mueller Systems ships the Equipment.

c. Service Fees. Customer shall pay the Service fees set forth in Appendix D of this Agreement.

d. Taxes. All prices and fees are in U.S. dollars unless otherwise specified. All amounts payable under this Agreement are exclusive of all sales, use, value-added, excise, property, withholding, and other taxes and duties. Customer will pay all taxes and duties assessed by any authority in connection with this Agreement and with Customer's performance hereunder. Customer will promptly reimburse Mueller Systems for any and all taxes or duties that Mueller Systems may be required to pay in connection with this Agreement or its performance. This provision does not apply to taxes based on Mueller Systems' income, or any taxes for which Customer is exempt, provided Customer has furnished Mueller Systems with a valid tax exemption certificate.

e. Payment. Unless provided otherwise herein, Customer agrees to pay all amounts specified in Appendix D or otherwise due under this Agreement within thirty (30) days after the date of invoice. Past due amounts will shall bear interest from the due date until paid at a rate of (i) one and one-half percent (1.5%) per month or (ii) the maximum rate permitted by law, whichever is less. All payments made under this Agreement shall be nonrefundable, except as specifically provided otherwise in this Agreement.

7. **TERM; TERMINATION**

a. Term. The term of this Agreement is one (1) year commencing upon the date of this Agreement. This Agreement will automatically renew for subsequent, successive one (1) year periods at the then-current Mueller Systems prices unless either party gives the other party written notice of its intent to not renew at least thirty (30) days prior to the expiration of the then current term. Mueller Systems may increase support fees at any time on thirty (30) days prior notice to Customer. Within such thirty (30) days, Customer may terminate the Agreement by providing written notice to Mueller Systems.

b. Termination for Breach. If either party breaches this Agreement, and such breach is not cured within ten (10) days of the breach, after receiving written notice, the non-breaching party may terminate this Agreement, including all licenses provided herein, effective upon written notice to the other party. The breaching party agrees that if it breaches this Agreement, the non-breaching party will be entitled to injunctive or similar equitable relief and that the breaching party will not argue in any proceeding that its breach will not cause irreparable harm to the non-breaching party or that the non-breaching party can be adequately compensated for any such harm by any remedies other than by injunctive relief.

c. Effect of Termination. Termination of this Agreement shall have the effect designated in Appendix B.

d. Non-Exclusive Remedy. Termination of this Agreement or any license granted hereunder shall not limit the remedies otherwise available to either party, including injunctive relief.

e. Survival. Unless otherwise stated herein, any provision that, by its nature or terms, is intended to survive the expiration or termination of this Agreement, will survive.

8. **LIMITED WARRANTIES; REMEDIES**

a. Software. Subject to the exclusions herein, including those in Appendix A, Mueller Systems warrants that commencing from the date of shipment or provision to Customer and continuing for the period set forth in Appendix A (the "**Warranty Period**"), (i) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (ii) the Software will perform substantially in conformance with the applicable Documentation provided to Customer by Mueller Systems. Mueller Systems does not warrant that the Software will operate in combinations with other software, except as specified in the Documentation, that the Software will meet the Customer's requirements or that the operation of the Software will be uninterrupted or error-free. Customer assumes responsibility for taking adequate precautions against damages which could be caused by defects, interruptions or malfunctions in the Software or the hardware on which it is installed. Mueller Systems' entire obligation and Customer's exclusive remedy with respect to the Software warranties set forth above shall be, at Mueller Systems' option, to either (x) repair or replace any Software containing an error or condition which is reported by Customer in writing to Mueller Systems which causes the Software not to conform with the warranty set forth herein; or (y) refund a pro-rated amount paid by Customer to Mueller Systems and terminate this Agreement and all licenses provided herein.

b. Services. Mueller Systems warrants that all services provided by it to Customer under this Agreement shall be performed in a workmanlike manner. Mueller Systems' entire obligation and Customer's exclusive remedy with respect to the Service warranties set forth above shall be the re-performance of the applicable non-conforming Service.

c. Equipment. Subject to the exclusions herein, including those in Appendix A, Mueller Systems warrants to Customer that the Equipment will comply with provided specifications for the periods specified in Appendix A. Claims under this Section will be considered if submitted to Mueller Systems within sixty (60) days following the discovery of any noncompliant Equipment covered by this Agreement and provided Mueller Systems or its agents are permitted a commercially reasonable opportunity to examine and analyze the Equipment claimed to be noncompliant. Mueller Systems' entire obligation and Customer's exclusive remedy with respect to the Equipment warranties set forth herein, at Mueller Systems' option, is repair or replacement of any Equipment found noncompliant, subject to the terms and conditions herein, during the applicable warranty period after such Equipment is properly packaged and returned prepaid to Mueller Systems' designated service center.

d. Costs. Any and all costs associated with uninstalling and shipping noncompliant Equipment and Software and installing replacement Equipment and Software will be the responsibility of Customer.

e. Exclusions. The warranties provided by Mueller Systems shall not apply to Equipment and/or Software which: (i) have been altered, except with the express written consent, permission or instruction of Mueller Systems, (ii) have been used in conjunction with another product resulting in the defect, except for those third party products specifically approved by Mueller Systems, (iii) were other than the most current version of the Software (but only to the extent that any failure of the Software would have been avoided by the use of the most current version), (iv) have been damaged by improper environment, abuse, misuse, accident, negligence, act of God, excessive operating conditions, or unauthorized attachments or modifications, (v) have not been properly installed and operated in accordance with the Documentation, or as otherwise instructed by Mueller Systems, or (vi) any other exclusion set forth in any Appendix hereto.

f. DISCLAIMERS. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE

WARRANTIES AND REMEDIES STATED ABOVE ARE EXCLUSIVE AND NO OTHER WARRANTIES OR REMEDIES EXPRESS, IMPLIED OR STATUTORY, APPLY TO THE DOCUMENTATION, THE SOFTWARE, THE EQUIPMENT OR ANY SERVICES TO BE PROVIDED BY MUELLER SYSTEMS UNDER THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUALITY OR PERFORMANCE, AND ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE, ALL OF WHICH MUELLER SYSTEMS EXPRESSLY DISCLAIMS.

9. **INDEMNIFICATION.** Mueller Systems will indemnify and defend Customer from any third party claim that the Software and Equipment infringe on another person's or company's patent, copyright or other intellectual property right as specified in this Section. This indemnity does not cover and specifically excludes (a) intellectual property rights recognized in countries and jurisdictions other than the United States, and (b) claims relating to infringement of intellectual property rights by a third party's products and software. Mueller Systems has no obligation under this Section for any claim to the extent it results from or arises out of Customer's modification of the Equipment or Software or from any combination, operation or use of the Software or Equipment with other third party products or services. Mueller Systems' duty to indemnify under this Section is contingent upon Mueller Systems receiving prompt notice of a claim and Mueller Systems' right to solely control resolution of a claim. Customer's sole remedy for an indemnified claim under this Section is as follows: Mueller Systems will, at its expense and in its discretion either (a) resolve the claim in a way that permits Customer's continued ownership and use of the affected Software and Equipment, (b) provide a comparable, non-infringing replacement at no cost to Customer, or (c) accept return of the Software and Equipment, provide a reasonable depreciated refund and terminate this Agreement and all licenses herein. This Section is the exclusive statement of Mueller Systems' liability and responsibility for indemnifying Customer for infringement of intellectual property rights

10. **LIMITATION OF LIABILITY.**

a. MUELLER SYSTEMS' MAXIMUM LIABILITY HEREUNDER IS EXPRESSLY LIMITED TO THE TOTAL AMOUNT PAID FOR THE SOFTWARE, SERVICES, AND EQUIPMENT IN THE IMMEDIATELY PRECEDING TWELVE (12) MONTHS AND WILL UNDER NO CIRCUMSTANCE EXCEED THE AMOUNT PAID BY CUSTOMER IN THE IMMEDIATELY PRECEDING TWELVE (12) MONTHS FOR THE SOFTWARE, SERVICES AND EQUIPMENT PROVIDED BY MUELLER SYSTEMS UNDER THIS AGREEMENT. Some states do not allow the limitation and/or exclusion of liability for incidental or consequential damages, so the above limitation may not apply.

b. The provisions of this Agreement allocate the risks between Customer and Mueller Systems. Mueller Systems' pricing reflects this allocation of risk and the limitations of liability specified herein.

11. **NOTICE.** All notices required to be given hereunder shall be in writing. Notice shall be considered delivered and effective upon receipt when sent by registered or certified mail, return receipt requested, addressed to the parties as set forth above. Either party, upon written notice, may change any name or address to which future notice shall be sent.

12. **GENERAL.** The Software will not be exported or re-exported in violation of any export provisions of the United States or any other applicable jurisdiction. The rights and obligations of this Agreement are personal rights granted to the Customer only. The Customer may not transfer or assign any of the rights or obligations granted under this Agreement to any other person or legal entity. Any such purported transfer or assignment shall be null and void. Mueller Systems will be free of liability to the Customer where Mueller Systems is prevented from executing its obligations under this Agreement in whole or in part due to force majeure, such as earthquake, typhoon, flood, fire, and war or any other unforeseen and uncontrollable. Any modification or amendment to any of the provisions of this Agreement will be in writing and signed by an authorized officer of each party. This Agreement does not create or imply any relationship in agency or partnership between the parties. Headings are inserted for the

convenience of the parties only and are not to be considered when interpreting this Agreement. The validity of this Agreement and the rights, obligations, and relationship of the parties resulting from same will be interpreted and determined in accordance with the law of the State of Delaware, and applicable federal law, without regard to its choice of law provisions. The parties specifically exclude from application to the Agreement the United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act. If any provision of this Agreement is contrary to and in violation of any applicable law, such provision will be considered null and void to the extent that it is contrary to such law, but all other provisions will remain in effect. The waiver or failure of either party to exercise any right herein shall not be deemed a waiver of any further right hereunder. This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all other prior and contemporary agreements, understandings, and commitments between the parties regarding the subject matter of this Agreement.

[Signatures Appear on the Following Page]

EACH PARTY ACKNOWLEDGES THAT IT HAS READ THIS AGREEMENT, UNDERSTANDS IT, AND AGREES TO BE BOUND BY ITS TERMS AND CONDITIONS.

Mueller Systems – Product Warranty Statement

1. **Limited Warranty**. Mueller Systems, LLC ("Mueller") warrants that, for the duration of the Warranty Period (defined below): (a) each product purchased from Mueller ("Product") will be free from defects in materials and workmanship under normal use, installation and service conditions; (b) the media on which any Software is furnished will be free of defects in materials and workmanship under normal use; and (c) any such Software will substantially conform to the applicable published Mueller functional specifications for such Software. Products will have a warranty period of the greater of (i) one (1) year from date of shipment or (ii) the applicable warranty period for a specific Product stated below in Section 6 ("Warranty Period").

2. **Exclusive Remedy**. Mueller will, at its option, either repair or replace with an equivalent substitute a Product that is in breach of the foregoing warranty during the Warranty Period if Purchaser reports the breach to Mueller within sixty (60) days after Purchaser discovers the breach. At Mueller's request, Purchaser will ship the allegedly defective Product to a repair facility designated by Mueller at Purchaser's expense and risk. If Mueller, in its sole discretion, determines that the Product breached the applicable warranty, Mueller will ship the repaired or replaced Product to Purchaser at Mueller's expense and risk. If Mueller determines that it is unable to repair or replace such Product, it will, at Mueller's sole discretion provide a cash or credit refund to Purchaser. If Mueller repairs or replaces any such defective Product, the Warranty Period for the repaired or replaced Product will continue for the longer of (y) thirty (30) days, or (z) the remainder of the original Warranty Period. Mueller's warranty is subject to exclusions, as set forth in Section 3. This Section 2 sets forth Mueller's entire liability, and the Purchaser's exclusive remedy, for any alleged breach of warranty for any Products.

3. **Exclusions**. Mueller has no obligation under this Product Warranty Statement if (a) a Product has been subject to misuse, neglect or accident or has been damaged through abuse, alternation, installation or application inconsistent with AWWA guidelines or Mueller specifications, including but not limited to Mueller propagation studies, failure to follow Mueller's operation or maintenance instructions or negligence in transportation, handling, or storage, or repaired by anyone other than Mueller or its authorized personnel, (b) with respect to software, there has been a change to the software's operating environment not made or authorized by Mueller or if Purchaser fails to install any correction or enhancement provided by Mueller, or if a virus is introduced through no fault of Mueller, or (c) if any Product fails to satisfy the applicable warranty as a result of any force majeure event. Mueller's Product Return process can be found at www.muellersystemsreturns.com .

4. **Important Disclaimer**. EXCEPT AS EXPRESSLY SET FORTH HEREIN, MUELLER DISCLAIMS ALL OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT AND WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. TO THE EXTENT ANY IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD.

5. **Limitation on Liability**. Mueller has no liability with respect to damage or destruction of property or the personal injury or death of persons resulting from defects in Products or from improper installation, use, maintenance or operation of any Products. In all cases, Mueller's liability shall not exceed the total amount paid by Purchaser to Mueller under this Order.

6. **Product Warranties**. The following provisions in this Section 6 modify the limited warranty in Section 1 with respect to the specific Products identified below:

Automated Meter Reading (AMR) / Advanced Metering Infrastructure (AMI) Products		
Product	**Description**	**Warranty Period**
AMR / AMI Software	These items of Software will perform in accordance with Mueller's published specifications for the duration of the Warranty Period.	One (1) year from date of shipment to Purchaser.
AMR / AMI Radio Modules – AMI water module endpoints and AMR water module endpoints	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Ten (10) years from date of shipment to Purchaser. Additionally, the unit is covered by a prorated warranty for years eleven (11) through fifteen (15) at a fifty-percent (50%) discount, and years sixteen (16) through twenty (20) at a twenty-five-percent (25%) discount from the date of shipment to Purchaser. All discounts will be calculated on the then current published price of the original product. All prorated warranty discounts are to be used towards the purchase of replacement units.
Encoder Register Products, Wall Pads and Pit Pads.	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Ten (10) years from date of shipment to Purchaser. Additionally, the unit is covered by a prorated warranty for years eleven (11) through fifteen (15) at a fifty-percent (50%) discount, and years sixteen (16) through twenty (20) at a twenty-five-percent (25%) discount from the date of shipment to Purchaser. All discounts will be calculated on the then current published price of the original product. All prorated warranty discounts are to be used towards the purchase of replacement units.
Water Metering Products		
Product	**Description**	**Warranty Period**
All Meter Products not otherwise specified herein	During the Warranty Period, these Products will be free from defects in materials and workmanship.	One (1) year from date of shipment to Purchaser.
Remote Disconnect Meters (RDM) valve and solenoid assembly	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Five (5) year warranty or two-thousand (2,000) actuations of the valve, whichever comes first, from the date of shipment to Purchaser.
Bronze Maincases	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Twenty-Five (25) years from date of shipment to Purchaser.
Composite Maincases	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Fifteen (15) years from date of shipment to Purchaser.
Standard registers for the above listed mechanical meters	During the Warranty Period, these Products will be free from defects in materials and workmanship.	Ten (10) years from date of shipment to Purchaser.
	AWWA[1] New Meter Accuracy	5/8" – Five (5) years from the date of shipment to Purchaser or the registration of 500,000 U.S. gallons, whichever comes first;

Appendix B

Services

1. Software Services and Support Obligations

a. "Update" to the Software means a subsequent release of the Software that Provider makes generally available to its current customers for the Software. Updates include changes and corrections to the Software as are required to keep the Software in substantial conformance with the applicable Documentation and that are created by Provider as corrections for defects in the Software. Updates shall not include any release, option or future product that Provider licenses separately. Provider shall in its sole discretion determine the nature, content, timing and release of any Updates.

b. Web-based support, consisting of information on the most current release of the Software through Provider's web site.

c. Phone support in the form of advice and counsel via telephone regarding Customer's use of the most current release of the Software, as well as Customer's connectivity and ability to access Content. Phone Support is provided from 8:00 AM to 7:00 PM Eastern Time, Monday through Thursday and 8:00 AM to 5:00 PM Eastern Time on Fridays. All hours and days exclude recognized U.S. holidays observed by Mueller Systems.

2. Software Hosting Services

a. Except as specifically permitted in this Agreement, Customer shall have web-based access the Software hosted by Provider pursuant to this Agreement.

b. Provider shall provide Customer with access and related hosting services to the Software installed on Provider's servers. Provider will also install the Content provided by Customer. Provider will define the appropriate performance specifications and will host the server at a Provider's location. Provider will monitor and perform routine maintenance on the server, and if the server is not operating properly, will make a good faith effort to operate Customer's system on a backup server, if available. Access to Customer's server is restricted to authorized Provider information technology and support personnel only. Differential and full server backups are performed when reasonably practicable.

c. Customer shall be responsible for installing, operating and maintaining the equipment, software, and/or facilities at Customer location recommended by Provider for effective access to and use of the Software installed on Mueller Systems server. Customer shall be responsible for providing and maintaining its own Internet access and all necessary telecommunications equipment at Customer's location necessary for accessing the Software.

d. Upon termination, for any reason, of the Agreement or any license(s) granted herein, Provider shall immediately cease providing access to the Software and Hosting Services. Customer shall (i) immediately stop access and use of all such Provider confidential information (including Software); (ii) shall return all copies of the Software, Documentation, and any Provider confidential information to Provider; and (iii) delete all Software, Documentation, and other confidential information off of any and all storage media possessed or controlled by Customer. Customer shall provide Provider with written certification signed by an officer of Customer that Customer has complied with the provisions of this Section. Customer shall immediately pay all amounts due to Provider.

Appendix C

Confidential Information

For purposes of this Attachment, "party" or "parties" shall mean Provider and Customer, including their respective subsidiaries and affiliates who are providing information under this Agreement. The parties agree to maintain confidential information as follows:

1. Definition of Confidential Information. The parties understand and agree that confidential information is any and all current and future Equipment, Documentation and/or Software information, roadmap, technical or financial information, customer names, addresses and related data, contracts, practices, procedures and other business information, including software reports, strategies, plans, documents, drawings, machines, tools, models, patent disclosures, samples, materials and requests for proposals that may be disclosed between the parties, whether written, oral, electronic or otherwise, however and wherever acquired ("Confidential Information"). Confidential Information excludes any information which would otherwise fall in the definitions above, but which was (a) known to the recipient of the information ("Recipient") before receipt from the disclosing party; (b) publicly available through no fault of Recipient; (c) rightly received by Recipient from a third party without a duty of confidentiality; (d) disclosed by disclosing party to a third party without a duty of confidentiality on the third party; (e) independently developed by Recipient without breach of this or any other confidentiality agreement; or (f) disclosed by Recipient after prior written approval from the disclosing party.

2. Obligations of Confidentiality and Remedies. Recipient agrees to protect the disclosing party's Confidential Information with the same degree of care, but no less than a reasonable degree of care, as Recipient uses with respect to its own Confidential Information. Neither party has any obligation to exchange Confidential Information. Both parties acknowledge and agree that the disclosure of the other party's Confidential Information could cause irreparable harm. Therefore, an injured party is entitled to applicable equitable relief, including injunctions, in addition to other remedies, for such wrongful disclosure of Confidential Information. In addition, disclosure of Confidential Information required by a government body or court of law is not a violation of this Section if the Recipient gives prompt notice of the required disclosure to the disclosing party.

3. Term of Confidentiality Obligations. Recipient's duty to protect Confidential Information expires three (3) years from the date of disclosure of the particular Confidential Information.

4. No Warranties on Confidential Information. Neither party warrants or guarantees the accuracy of any Confidential Information transferred between the parties.

Statement of Work

On-Call Animal Control Officer shall furnish all labor, equipment, and services performed for the job of dog catcher for the City of Isanti. Services shall be provided in an efficient and workman like manner.

On-Call Animal Control Officer Duties

Upon request of the Isanti Police Department, City Administrator (or Designee), or other Law Enforcement Agency, shall take all reasonable and necessary steps to catch and take into custody any dog determined to be in violation of any City Ordinance, or Minnesota State Statute in the corporate limits of the City of Isanti. The Animal Control Officer shall also have the authority to pick up any dog that is observed by the Officer and are determined to be in violation of any City Ordinance or Minnesota State Statute; when driving through the City without a direct request from the Isanti Police Department or City Administrator (or Designee).

Period of Contract

The successful bidder shall be required to enter into a contract with the City of Isanti. The contract shall run from **April 1, 2022 through March 31, 2027.**

Services to be Provided

The On-Call Animal Control Officer shall provide the following services:

- Respond to a call by the Police Department or authorized City Staff to pick up and / or transport dogs.
- Respond to call to assist law enforcement for pick-up / and or transport of other animals.
- Transport one or more dogs or other animals as directed by the City to a designated dog kennel when animal is held at City Hall.
- Respond to complaints as directed by the Police Department or authorized City Staff.
- Provide services on a holiday as available.

Holidays shall be identified as follows:

New Year's Day	Martin Luther King Jr. Day
President's Day	Memorial Day
Independence Day	Labor Day
Columbus Day	Veteran's Day
Thanksgiving Day	Day after Thanksgiving Day
½ day Christmas Eve Day	Christmas Day

Identification
The City shall provide the Animal Control Officer with appropriate credentials and / or identification to identify the Contractor as the "Official Animal Control Officer" for the City of Isanti.

Indemnification
The Animal Control Officer shall agree to an indemnification clause as provided within the contract between the City of Isanti and the Animal Control Officer.

Insurance
The Animal Control Officer must provide liability insurance coverage and shall provide a Certificate of Liability Insurance to the City of Isanti and shall name the **City of Isanti** as an additional insured. Said insurance shall protect against liability for personal injury or property damage to third parties of not less than **$1,000,000**.

Termination
Animal Control Officer must agree to a sixty (60) day termination clause as provided in a contract between the City of Isanti and the service provider.

SUMMARY OF SPECIFICATIONS
KENNEL SERVICES
CITY OF ISANTI

Statement of Work

Provide kennel services as a dog care provider providing room and board for dogs impounded by the City of Isanti or the Animal Control Officer.

Services to be Provided

- Provided dog care services in a discreet and humane manner.
- Care for unleashed dogs picked up by the City's Animal Control Officer and / or law enforcement within the City of Isanti.
- Assist in the pick up of unleashed dogs in the event the Animal Control Officer and / or law enforcement is unable to pick up an unleashed dog due to other emergency.
- Provide a place for each dog to stay.
- Provide food, water, and walking / exercising the dogs.
- Provide medication for the needs of any dogs in care of the provider.
- Transport all dogs to the vet at the end of the required number of days pursuant to State Statute for each unclaimed dog.
- Observe any dog for a period of ten (10) days (or pursuant to State Statute) that has bitten a person and is impounded; as well as keep the dog apart from other animals; and notify the City of signs of any transmittable diseases.
- Provide kennel services seven (7) days a week, twenty-four (24) hours per day.

Equipment

- Provide all tools and necessary equipment.
- Provide appropriate kennels for the retention of dogs to be cared for.

Accounting, Billing, Business Records

- Provide to City at the end of each month a summary of all dogs cared for, and an itemization of charges for each such dog cared for.
- Files, documents, and records relating to performance of dog caring shall remain the property of the City, and shall be provided to the City at any time upon its request by the kennel provided.

Period of Contract

Contract shall run for a period from **April 1, 2022 through March 31, 2027.**

Licensing and Certification

Maintain all Professional Licensing and Certification as required by local, state, and federal law, and / or Associations for Dog Catchers and Dog Kennels.

Liability Insurance and Indemnification

- Provide services at own risk.

- Assume all responsibility for the use and condition of tools and equipment used in the performance of required duties, efforts and work.
- Carry liability insurance for an amount of not less than **$1,000,000** and provide a certificate of said insurance as provided in the proposed contract with the City.
- Agree to an indemnification clause as provided within the contract between the City of Isanti and the kennel services provided.

Termination
Contractor must agree to a sixty (60) day termination clause as provided in a contract between the City of Isanti and the service provider as provided within the specifications.

MEMORANDUM

Date: February 9, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.126218

Please find listed below a status report of the current projects in the City of Isanti:

1) **2022 Pavement Management Project**
We will complete the plans & specifications this month.

2) **Brookview South 1-4 Addition Rehabilitation**
We will complete the plans & specifications this month.

3) **Heritage Blvd & 8th Avenue Pedestrian Crossing**
We have submitted the concept layout and cost estimate to the County Engineer for review.

4) **Legacy Pines 3rd Addition**
The final pavement lift on Eagle Street is scheduled to be completed next spring.

5) **Fairway Greens North Development**
The First Addition Phase 1 was completed this fall & building permits are being pulled. The remainder of the 1st Addition as well as the 2nd Addition are anticipated to be completed in 2022.

6) **Fairway Greens South Development**
The owner has requested to extend the recording of the plat up to 1 year.

7) **MS4 Implementation**
We will continue to assist the City as requested to meet MS4 requirements.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

4. CITY OFFICES CLOSED	Monday, February 21, 2022 *(In Observance of President's Day)*

I. Council Committee Reports
None

J. Public Hearings
None

K. Business Items

City Administrator Josi Wood

1. **ORD-768** An Ordinance to Repeal and Replace City Code Chapter 1; Sections 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 and Amend City Code Chapters 1, 8, 18, 76, 87, 111, 119, 143, 171, 227, 253, 256, 257, 258, 260, 262, 270, 284, 312 and 325

City Administrator Josi Wood shared that this is the final stage for the Editorial and Legal Analysis Project which began in 2020. This is to finalize the comprehensive review of every Chapter and Section in City Code. Wood further shared that most of the changes included statute updates and typos without changing much of the language. The biggest change within the repealer is Sections within Chapter 1 that refers to any violations to Chapter 1; Section 1 instead of listing them out in every Chapter. This Ordinance has been posted for the required 10 days, reviewed by the City Attorney and the City's Codifier.

Motion by Lundeen, seconded by Collison to approve Ordinance as presented. Motion passed 5-0. Motion carried.

2. **Resolution 2022-023** Approving a Special Event Permit Application for Rum River Rods 12th Annual Summer Spectacular Car Show

City Administrator Josi Wood shared that this is a Special Event Permit Application for the Rum River Car Show which will be Saturday, August 13th, 2022. The estimated number of people in attendance each day is 300-500 people. The event coincides with the City's Street Dance. Staff recommended approval of the Special Event Permit.

Motion by Lundeen, seconded by Collison to approve Resolution as presented. Motion passed 5-0. Motion carried.

Parks, Recreation and Events Coordinator Alyssa Olson

3. **Resolution 2022-024** Approving the Archery Range

Parks, Recreation and Events Coordinator Alyssa Olson shared that at July 2021's Committee of the Whole meeting, the Committee elected to move forward with adding an archery range to the Isanti park amenities, identifying the location as the area South of the Dog Park. Staff has examined the costs for this new feature and determined the following:

- The range may consist of 9 lanes, ranging in shooting distances from 10 to 40 yards.
- A berm will be created at the South end of the lot to act as a backstop for arrows.
- A split rail fence will be installed along the East and West sides of the range to maintain a safety perimeter.
- For ADA accessibility, a lime ag path would be extended from the paved path to the range area.
- Paths would also be created to designate each lane and provide inclusive use of the recreation site.
- Two light poles will be installed in the vicinity to enhance visibility at night for both the Archery Range and the Dog Park.

The total estimated cost to build the archery range, including a 5% contingency is $17, 955.00.

Motion by Lundeen, seconded by Bergley to approve Resolution as presented. Motion passed 5-0. Motion carried.

L. Approve Consent Agenda

1. Payroll in the Amount of $128,212.63 and Accounts Payable in the Amount of $354,856.70
2. **Resolution 2022-025** Lift Station Pump Replacement
3. **Resolution 2022-026** Approving City Social Media LinkedIn Profile
4. **Resolution 2022-027** Approving Objectives and Organizational Chart
5. **Resolution 2022-028** Approving the Hire of William Brinkman Liquor Store Clerk II
6. **Resolution 2022-029** Approving a Check to Northern Elements All Stars for Volunteering at Isanti Movie Nights
7. **Resolution 2022-030** Approving Temporary 3.2 On-Sale Malt Liquor License for the Isanti Lions Club for the 2022 Isanti Street Dances
8. **Resolution 2022-031** Authorizing a Reduction in the Letter of Credit for Fairway Greens North
9. **Resolution 2022-032** Authorizing Master Agreement with Mueller Systems
10. Approving Request for Proposals for Animal Control and Kennel Services

Motion by Lundeen, seconded by Bergley to approve the consent agenda. Motion passed 5-0. Motion carried.

M. Other Communications

1. January Police Department Report
2. January Code Enforcement Report
3. January Building Inspector Report
4. February Engineering Project Status Report

Adjournment

A motion to adjourn was made by Bergley, seconded by Gordon. Motion passed 5-0. Motion carried.

Meeting adjourned at 7:09 p.m.
Respectfully Submitted,

Jaden Strand

Jaden Strand
City Clerk

MINUTES
CITY OF ISANTI
COMMITTEE OF THE WHOLE MEETING

TUESDAY, FEBRUARY 15, 2022 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Members Absent: None

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Community Development Director Stephanie Hillesheim, Parks, Recreation and Events Coordinator Alyssa Olson, Liquor Store Manager Keith Lusk, Chief of Police Travis Muyres and Finance Director Mike Betker

Others Present: Fire Chief Al Jankovich and Sandra Duke

D. Public Comment
None

E. Committee Meeting Items

1. Public Safety Radio Equipment on Isanti Water Tower *(Fire Chief Al Jankovich)*
Fire Chief Al Jankovich shared that he was in attendance for the Sheriffs Office and the Fire District as Sheriff Caulk was unable to attend.

Chief Jankovich shared that the request is for a public safety radio equipment antenna to be placed on the Isanti Water Tower as the current signal has become more and more interrupted. In addition, it is requested that the rent fee be waived however they would pay electrical costs of $350 per year which is consistent with other agreements the County has.

There are two other providers that are currently on the Water Tower, Genesis, which their lease agreement is $500.00 per month or in lieu, they provide internet services to all City facilities. Sprint is the other provider on the Water Tower and they pay $1,783.00 per month for rent to the City.

Consensus from Committee is to move forward with allowing public safety radio equipment to be installed on Isanti's Water Tower as long as there no findings from the engineering study that there are frequency interruptions for current providers that have antennas on the Water Tower and waive leasing fee.

2. City Council Agenda Request *(Sandra Duke, Friends of Isanti Area Library)*
Sandra Duke the shared that Friends of Isanti Area Library currently meet monthly at a private residence for their meetings. They are requesting using the Library in City Hall for their monthly

meetings which is the 3rd Thursday of the month at 9:00 a.m. and the use of extra chairs from the Council Chambers. East Central Regional Library is okay with Friends of Isanti Area Library using the space for their monthly meetings.

Consensus from Committee is to allow for Friends of Isanti Area Library to use the Library space with no fee and for staff to draft a Use Agreement and bring to the next City Council meeting for consideration.

3. Police Updates
Staff is working on filling the vacant Police Officer position.

A crimes report for years 2018, 2019, 2020 and 2021 was shared with Committee.

A Post audit was just completed which is done every 3-4 years to ensure compliance with Post mandates.

Police Investigator position is on an assignment basis for a 3-year rotation.

The Isanti Police patch will be going under rebranding.

4. Liquor Updates
Gross Sales numbers for December 2021 was $518.988.00 which is 28.36% profit margin up $100,201.00 from 2020, January 2022 was $355,830.00 which is a 27.02% profit margin up $42,038.00 from 2021.

Sales by Category 11/18/21-1/31/22

- Beer 42%
- Liquor 38%
- Wine 15%
- 6% Sales (Pop/Juice/Mix) 2%
- Tobacco 2%
- Non Alcoholic 1%

Transaction Count from the Grand Opening through January 31st is 33,026.

Largest single transaction so far was $1,208.60 (two bottles of Bourbon.)

Online Order function should be live shortly.

Staff have high morale and a strong work ethic, which show through the positive feedback received in person and through Google reviews.

5. Doing Business in Isanti Update
It is required that review is done twice per year that vendors doing business with Isanti is current on utilities bills, etc.

At the time of review there was one business that was delinquent with utilities and they have since got current.

6. Special Events Permit Discussion

Under City Code 278 “Special Events”, “events established through the City of Isanti” are not required to submit an application for a Special Event Permit. However, this has been common practice for City events as it was beneficial to let City residents know about upcoming events but there are now other avenues to advise residents of upcoming events.

Recommendation from Committee is for City events to be included under announcements on agenda versus staff completing Special Event Application.

7. Bullet Proofing and Window Tinting Council Chambers
Chief of Police Travis Muyres shared that the cost for bulletproofing steel for the Council Chambers is estimated at $6,300.00 and $5,000.00 for hand gun rated steel, windows are estimated at approximately $10,000.00 a window for tinted windows and mirrored window tint is $1,300.00 per window.

Consensus from Committee is to get official quote for mirrored windows for Council Chambers and frosted tint and quote for frosted tint on lower half of the other windows in Council Chambers.

8. Splash Pad Discussion
Two Splash Pad options were shared with Committee.

Option 1 included smaller footprint and limited features, mostly ground sprayers with a cost without grant funding of $218,000.00 and option 2 which includes larger foot and more features with a cost with grant funding of $436,000.00.

Recommendation from Committee is to not staff the Splash Pad and move forward with option 1 and for staff to look into DNR Outdoor Recreation Grant to help with cost.

9. Union Negotiation Team and PD Staffing Discussion
Committee discussed staffing and moving full-time officer slated for 2024 to 2023 and Council as part of Union Negotiation team.

Consensus from Committee is for staff to look into moving full-time officer slated for 2024 to 2023 and bring to budget work session in July.

Further consensus from Committee is for Councilor Jimmy Gordon to be a part of Union Negotiations.

F. Adjournment
Meeting was adjourned at 6:45 p.m.

Respectfully Submitted.

J.1.

MEMORANDUM

Date: February 21, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: South Brookview Improvements Project
Public Hearing, Project Authorization, Plan Approval and Authorization to Advertise for Bids
City of Isanti, MN
Project No.: 0R1.126222

An Informational Open House was conducted on February 16th, 2022. Three individuals representing three properties attended in person and three individuals submitted their questionnaires in advance of the open house providing a total of 6 responses out of a total of 81 properties on the assessment roll. The submitted questionnaires are attached for your review.

Most questions at the open house were regarding the construction process, proposed sidewalk, rain gardens, individual assessment amounts, and the number of years to pay the assessment.

The next step in the MS 429 assessment process is to hold a public hearing on the improvement.

Following the Public Hearing input, should you decide to proceed with the project, a resolution ordering the improvement has been included in the Council packet as well as a resolution approving the plans and specifications and authorization to advertise for bids.

Following is a schedule for the project:

1) March 1, 2022 – Hold Public Hearing, Mayor and City Council order the improvements
2) March 1, 2022 – Mayor and City Council approves final plans and orders advertisement of bids
3) March 29, 2022 – Open bids
4) April 5, 2022 – Mayor and City Council awards bid
5) June 2022 – Commence construction
6) November 2022 – Substantial construction completion
7) November 2022 – Conduct final assessment hearing

As required by the Minnesota State Statute Chapter 429 process, we are requesting that City Council authorize the project, approve plans and specifications and authorize advertisement for bids.

I will be at the March 1, 2022 Council meeting to provide a condensed presentation on the project and assist with questions during the Public Hearing. Please contact me with any questions or comments.

Bolton & Menk is an equal opportunity employer.

South Brookview Reconstruction
Questionnaire

Please return the completed form at the Open House
February 16th at 6pm
OR drop off earlier at City Hall

Resident Name: Emily Meyer

Address: [redacted]

Phone Number: [redacted]

Email: [redacted]

Questions:

1) **Should sidewalk be added on the north side of South Brookview Lane?** NO...
   a. **The sidewalk would NOT be assessed.**
2) **Does your sanitary sewer pipe clog?** NO
3) **Does your water service pipe freeze?** NO
4) **Should we change the Yield Signs along 8th Avenue to Stop Signs?** Not necessary
5) **Do you have an irrigation system along the street curb?** NO
6) **Do you have an invisible dog fence along the street curb?** NO
7) **Are there any drainage issues in the street infront of your house?** NO
8) **Would you be interested in a small rain garden being installed on your lot?** NO just for extra maintenance in the future... possible garbage/litter spot. Yes if its a very simple design w/ little future maintenance.

General Comments: (please provide any additional comments you may have regarding your property or this project)

* The limbing of the trees would be too much to try to keep the trees & I'd like to keep the trees vs having a sidewalk
* Snow clean-up would be hard - we would only have shovels... lots of area
* Not really necessary due to traffic load (foot traffic too)
* I wouldn't want more traffic/foot traffic that a sidewalk would bring. Less people = good
* Poorly lit area - would need more lights to make it safe.. regardless
* Lots of driveway tore up & redone that I'd rather just have the whole driveway done - good & bad

RESOLUTION 2022-XXX

J.1.a.

RESOLUTION AUTHORIZING IMPROVEMENT
ON THE SOUTH BROOKVIEW IMPROVEMENTS PROJECT

WHEREAS, pursuant to Resolution 2022-015 of the City Council adopted February 2, 2022, fixed a date for a council hearing on the improvement of South Brookiew Lane SW, Marion Street SW, Nina Street SW, Page Street SW and 8th Avenue SW between Whiskey Road and 6th Avenue SW. The improvement shall consist of street reconstruction and curb & gutter repair, and;

WHEREAS, ten days' mailed notice and two weeks' published notice of the hearing was given, and the hearing was held thereon on the 1st day of March 2022, at which all persons desiring to be heard were given an opportunity to be heard thereon.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Such improvement is necessary, cost-effective, and feasible as detailed in the feasibility report.

2. Such improvement is hereby ordered as proposed.

This resolution was duly adopted by the Isanti City Council this 1st day of March 2022.

Motion: Seconded: Carried:

RESOLUTION 2022-XXX

RESOLUTION APPROVING PLANS AND ORDERING ADVERTISEMENT FOR BIDS FOR THE SOUTH BROOKVIEW IMPROVEMENTS PROJECT

WHEREAS, pursuant to Resolution No. 2022-016 passed by the Council, the City Engineer, Bolton & Menk, Inc. has prepared plans and specifications for the South Brookview Improvements project. The following roadways are included in this project: South Brookiew Lane SW, Marion Street SW, Nina Street SW, Page Street SW and 8th Avenue SW between Whiskey Road and 6th Avenue SW. The improvements shall consist of street reconstruction and curb & gutter reconstruction in whole or a part in the above mentioned improvement area.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota:

1. Such plans and specifications, copies of which are on file in the City Offices, are hereby approved.
2. Bolton & Menk, Inc. shall prepare and cause to be inserted in the official paper and in Finance & Commerce and on QuestCDN an advertisement for bids upon the making of such improvement under such approved plans and specifications. The advertisement shall be published for 21 days, shall specify the work to be done, shall state that bids will be received by the Clerk until 2:00 pm on March 29th, 2022 at which time they will be publicly opened and read by the City Engineer. The bids will then be tabulated, and will be considered by the council at approximately 7:00 p.m. on April 5, 2022**,** in the Council Chambers of the City Hall. Any bidder whose responsibility is questioned during consideration of the bid will be given an opportunity to address the Council on the issue of responsibility. No bids will be considered unless submitted on QuestCDN and accompanied by a bid bond payable to the City of Isanti for five percent (5%) of the amount of such bid.

This resolution was duly adopted by the Isanti City Council this 1st day of March 2022.

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: March 1, 2022

Subject: Liquor License Renewals

Background:
Prior to being brought to City Council for consideration of a Liquor License renewal, all Liquor License applications are reviewed for completeness, the license applicants undergo a background check by the Police Department, taxes and assessments are reviewed against the licensed property to make sure they are current; fees owed to the City are checked to ensure there are no delinquent fees. Staff has reviewed completed applications and each applicant has met the requirements outlined in City Code.

The following license holders have submitted complete applications, and through review, have been recommended to proceed forward to the City Council for consideration for renewal of their liquor license at this time:

- Junction Bowl and Whistle Stop Bar and Grill
- Rum River VFW 2735
- Wintergreens Golf & Grill
- Thunder Brothers Brewery, Inc.

Sanbrook Golf Course and Northern Pawn, Inc advised City staff that they are not seeking to renew their licenses.

Request:
- Staff is requesting City Council action on this item.

Attachment:
- Resolution 2022-XXX Approving the On-Sale and Sunday Liquor License Renewal Application for Junction Bowl and Whistle Stop Bar and Grill
- Resolution 2022-XXX Approving the On-Sale and Sunday Liquor License Renewal Application for Rum River VFW 2735
- Resolution 2022-XXX Approving the On-Sale and Sunday Liquor License Renewal for Wintergreens Golf & Grill
- Resolution 2022-XXX Approving the Brewer Off-Sale and Tap Room On-Sale License Renewal for Thunder Brothers Brewery, Inc.

RESOLUTION 2022-XXX

APPROVING THE ON-SALE AND SUNDAY LIQUOR LICENSE RENEWAL FOR JUNCTION BOWL AND WHISTLE STOP BAR AND GRILL

WHEREAS, Junction Bowl and Whistle Stop Bar and Grill's On-Sale and Sunday Liquor License will expire on March 31, 2022; and,

WHEREAS, the applicant has completed the renewal application from the State of Minnesota and submitted proof of liquor liability and workers' compensation insurance; and,

WHEREAS, all taxes and assessments against the property are current; and,

WHEREAS, the applicant has no delinquent City fees; and,

WHEREAS, the applicant has passed a police activity review; and,

WHEREAS, the Police Department has reviewed the renewal application and that the applicant has not been cited for any state/local liquor law violations;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, that:

1. Junction Bowl and Whistle Stop Bar and Grill's On-Sale and Sunday Liquor License Renewal is approved.
2. The effective date of the On-Sale and Sunday Liquor License shall be April 1, 2022 through March 31, 2023.
3. Staff shall forward all necessary information to the State of Minnesota to complete the liquor license process.

This Resolution is hereby approved by the Isanti City Council this 1st day of March 2022.

From: Stephanie Hillesheim, Community Development Director

Date: March 1, 2022

Subject: Resolution 2022-XXX Approving Final Plat for Fairway Greens North (Phase 2)

At the January 19, 2021 City Council meeting, the Council approved the Preliminary Plat and Planned Unit Development for Fairway Greens North with conditions. The applicant Home Pride, Inc has applied for Final Plat approval of Phase 2. At this time only the final plat will be considered. The applicant and staff are still working on the development agreement. This approval will be for final plat of the second addition and will contain 21 lots. The development agreement will be considered for approval at a different meeting once all plans and agreements are completed.

Request:

Consider resolution 2022- XXX approving Final Plat for Fairway Greens North First (Phase 2).

Attachments:

- Resolution 2022-:XXX

- City Engineers Memo

RESOLUTION 2022-XXX
APPROVING THE FINAL PLAT FOR FAIRWAY GREENS NORTH (PHASE 2)

WHEREAS, Home Pride Inc., has applied for Final Plat for phase 2 Fairway Greens North Addition, a 21-lot residential subdivision for 9.72 acres within PID 16.158.630, Isanti County, Isanti, Minnesota; and,

WHEREAS, the lots are part of the larger Fairway Greens North PUD and will be developed into phases/additions, each phase/addition will have their own development agreement; and,

WHEREAS, the City of Isanti Planning Commission held a public hearing on the proposed Preliminary Plat and PUD of Fairway Greens North Addition during the regular Planning Commission meeting held on January 19, 2021; and,

WHEREAS, the City of lsanti Planning Commission has recommended approval of the Preliminary Plat and PUD of Fairway Greens North with conditions; and,

WHEREAS, this approval is for the final plat of phase 2, the approval of the Development Agreement will be considered at a later date once final plans have been reviewed;

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the City Council of the City of Isanti, Minnesota, that the requested Final Plat of Fairway Greens North Phase 2 be approved with the following conditions:

1. All comments and concerns in the City Engineers memos dated January 13, 2021, March 25, 2021 and August 31, 2021 should be met (minus second connection).
2. Minimum lot size shall be 9,600 square feet.
3. Setbacks for the principal structure shall be as follows: Front 30' Side 8' Rear 20'
4. Clarification on the lots along the golf course and what those setbacks will be.
5. A phasing plan shall be submitted.
6. Final Plat be submitted and approved for each addition.
7. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms for the remainder of the development. Subsequent developments will require additional Development Agreements as the property is built out. Development fees will be charged to the developer at the time of each development agreement and based upon the City Fee Schedule.
8. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of lsanti and/or other governmental jurisdictions that may require said permits prior to development.
9. Any and all costs associated with the recording and processing of each subsequent Final Plat for additional phases shall be assumed by the developer.
10. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances.
11. Any conditions added by the Planning Commission.
12. No parking at the entrance of the development on the north side of the road to the first

intersection, this shall be signed by the developer.
13. Park dedication credit may be given for the park shown per City Code requirements.
14. Documentation from the gas company approving driveways and ROW over the gas easement.

This resolution is hereby approved by the Isanti City Council this 1st day of March 2022.

MEMORANDUM

Date: August 31, 2021

To: Sheila Sellman, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North 2nd Addition – Site Plan Review 2
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the Site Plan entitled "Fairway Greens North 2nd Addition" with a revision date of August 26, 2021.

The submitted "2nd Addition" plan set includes the extension of a city street and utilities. The general grading of the area as well as the installation of the watermain and sanitary sewer is included in the Fairway Greens North 1st Addition plan set.

We have reviewed the submitted plan set and have no further comments.

1. Additional Documents Needed:
    a. Final Plat - Fairway Greens North 2nd Addition:
        i. Isanti City Engineer label is shifted out of position.

We recommend approval of the 2nd Addition plan set and final plat once the above items are addressed.

Please contact me if you have any questions.

RESOLUTION 2022-XXX
A RESOLUTION SUPPORTING HOUSING AND LOCAL DECISION-MAKING AUTHORITY

WHEREAS, local elected decision-makers are in the best position to determine the health, safety, and welfare regulations that best serve the unique needs of their constituents; and

WHEREAS, zoning regulation is an important planning tool that benefits communities economically and socially, improves health and wellness, and helps conserve the environment; and

WHEREAS, local zoning regulation allows communities to plan for the use of land transparently, involving residents through public engagement; and

WHEREAS, cities across the state are keenly aware of the distinct housing challenges facing their communities and they target those local housing challenges with available tools; and

WHEREAS, multiple bills restricting local decision-making related to housing have been introduced in the 2021-2022 biennium,

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ISANTI that this Council supports local decision-making authority and opposes legislation that restricts the ability for local elected officials to respond to the needs of their communities.

LET IT ALSO BE RESOLVED that this Council supports housing policy that advances solutions to support full housing spectrum solutions, local innovation, incentives instead of mandates, and community-specific solutions throughout Minnesota.

ADOPTED by the Isanti City Council this 1st day of March, 2022.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: March 1st, 2022
Subject: Site Plan Review and Conditional Use Permit for a Commercial Building with a drive-thru located at 291 5th Ave NE

Background: A presentation was given at the February 15, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans and conditional use permit for the proposed commercial building with a drive thru located at 291 5th Ave NE. Discussion was had between Planning Commission Members regarding building appearance, drive-thru accessibility, fire safety measures, maneuverability of vehicles, site design and landscaping. The applicant, Kassondra Buzzell of the Little North Boutique was present at the meeting and available for questions. Planning Commission members asked the applicant how large the tenant spaces in the building will be. Kassondra said that the three tenant spaces will be around 1,200 square feet each and the second-floor space will be larger. The applicant said that the conditions requested by city staff can be met and are reasonable. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans and Conditional Use Permit for a commercial building with drive-thru facilities with conditions at the February 15, 2022 Planning Commission meeting. Motion for approval with conditions passed 6-0.

Request: Consider adopting the resolution and findings of fact.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING THE SITE PLANS AND CONDITIONAL USE PERMIT FOR A COMMERCIAL BUILDING WITH DRIVE-THRU FACILITIES LOCATED AT 291 5TH AVE NE

WHEREAS, Kassondra Buzzell of the Little North Boutique (applicant) has requested approval for site plans of a Commercial Building and a Conditional Use Permit for Drive-Thru Facilities at 291 5th Ave NE in the City of Isanti (PID 16.126.0070); and,

WHEREAS, the property is located in the "B-2" General Business District in which a *General Retail Establishment* is a permitted use; and,

WHEREAS, under Isanti Zoning Code Section 18, Subd.2(A) the construction of a new building is required to obtain approval of the Site Plan/Building Appearance; and,

WHEREAS, Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request; and

WHEREAS, the proposed use for Drive-Thru Facilities meets all of the General Performance Standards of the Zoning Ordinance; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of Site Plans and Conditional Use Permit for a Commercial Building with Drive-Thru Facilities on February 15, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plans and Conditional Use Permit at its regularly scheduled meeting on March 1, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Findings of Fact and Conclusion related to the requested Site Plans and Conditional Use Permit for a Commercial Building with Drive-Thru Facilities;

BE IT FURTHER RESOLVED that the requested Site Plans and Conditional Use Permit be hereby APPROVED subject to the following conditions:

1. Lighting Designs shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances
2. Trash enclosure must be illuminated for the safety of employees
3. Trash enclosure must be screened from lot lines and follow Section 14, subd.3 in the City's Zoning Ordinances for Trash Enclosure Standards
4. All parking stalls around the perimeter of the site must have landscaping buffers to protect surrounding properties from vehicle headlight glare

5. A bicycle rack with at least 3 spaces shall be installed on site and follow Section 17, Subdivision 14 of the City's Zoning Ordinances when determining location
6. If outside mechanical equipment is needed on site, the location shall be shown on site plans and shall be shielded in accordance with Section 15, Subdivision 3 of the City's Zoning Ordinances
7. The outdoor patio area must be enclosed and have an outdoor trash/recycling receptacle
8. "Do not Enter" signs shall be placed on the west end of the service lane exit as well as the exit of the drive-thru lane
9. Handicapped Signs shall be installed in front of these three designated parking stalls
10. All signs shall need a sign permit when applicable to determine dimensions, design and locations
11. Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
12. All other conditions listed in the City Engineer's memo, dated 2/7/2022.

This Resolution is hereby approved by the Isanti City Council this 1st day of March, 2022

FINDINGS OF FACT AND CONCLUSION

Request

Request by Little North Boutique for a Conditional Use Permit for a Drive-Thru Window located at 291 5th Ave NE.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for Drive-Thru Facilities for the property located at 291 5th Ave NE.
2. The Property is zoned B-2, General Business District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on February 15, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on February 3, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans. *The nature of the business and drive-thru service is consistent with the goals and objectives of Isanti's Comprehensive Plan. The subject property is serviced by city sewer and water.*

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Drive-Thru Facilities is a Conditional Use in the B-2 zoning district, applying for the CUP meets the purpose and intent.*

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment will not be detrimental or endanger the public.*

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional use will not diminish or impair surrounding property values.*

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The site is served by City sewer and water, and will be able to reasonably accommodate the conditional use for the business' drive-thru facilities.*

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The conditional use meets this requirement.*

H. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional use meets this requirement.*

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided. *Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of the drive-thru facilities.*

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance. *The proposed CUP for drive-thru facilities will have the capacity for 8 vehicles in the drive-thru lane, as well as one waiting stall to prevent traffic conflicts. The drive-thru and future by-pass lane will not interfere with parking on site. All parking is met under Section 17 of this Ordinance.*

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles. *Parking for this development does not impact pedestrian circulation.*

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance. *Adequate off-street parking and off-street loading is provided in accordance with section 17 of this ordinance.*

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance. *The drive-thru will be located in a position that is away from off-street parking areas on site. The site is not adjacent to a residential area.*

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance. *The site is surrounded by other B-2 properties and Highway 65 Overlay District properties and is not adjacent to a residential district.*

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance. *The site is proposed to have tree plantings surrounding the perimeter of the site and drive-thru island and is in compliance with Section 15 of the City's Zoning Ordinance.*

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance. *Proposed lighting complies with the city's zoning code and will not cast a significant glare onto neighboring properties. This section is met.*

I. The site drainage system shall be subject to the review and approval of the City Engineer. *The site drainage has been reviewed by the City Engineer and has been approved.*

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment. *The building features two story architecture with varying materials and colors and is visually appealing. The proposed architecture and materials will enhance the look and feel of the business district and will not cause a blighting influence to existing and potential buildings in the B-2 Zoning District.*

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance. *A trash enclosure is proposed in the southwest corner of the site off of the service lane behind the building. Outdoor trash and recycling will have to be provided in the outdoor patio seating area.*

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance. *The applicant will need to submit a sign permit for review of the freestanding and wall signs dimensions and location. All signage is intended to meet Section 16 of the City's Zoning Ordinances.*

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City. *The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.*

N. Any applicable business licenses mandated by City Code are approved and obtained. *The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.*

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district. *The site is not adjacent to a residential district.*

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated. *This use complies with the performance standards of the zoning district.*

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein. *Any additional stipulations will be included in the Conditional Use Permit approved by the City Council.*

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on February 15, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Bergley to recommend approval of the Conditional Use Permit for Drive-Thru Facilities at 291 5th Ave NE. Motion for approval passed 6-0.

A Community For Generations.

Isanti

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: 2/15/2022

SUBJECT: Site Plan Review and CUP Approval for a Commercial building for Little North Boutique with a drive-thru located at 291 5th Ave NE

Request: The applicant, Kassondra Buzzell is requesting site plan and CUP approval for a proposed commercial building with a drive thru located at 291 5th Ave NE for Little North Boutique.

Overview/Background: The applicant would like to construct a commercial building on a 1.5-acre vacant lot located at the corner of 5th Ave NE and Cherrywood St NE. This parcel is currently zoned B-2 General Business in which a "General Retail Establishment" is a permitted use. This vacant lot is part of the Anlauf Commercial Park and will be able to use the existing stormwater pond to the west of the site for stormwater runoff.

The building is proposed to be 9,720 square feet and will consist of the Little North Boutique retail space, a connected ice cream shop, office space, storage rooms and 3 tenant spaces with separate mechanical rooms and restrooms. There is a proposed drive-thru on the east side of the building for one of the tenant spaces. An outdoor patio is proposed for use during seasons that would allow for customers of the ice cream shop to sit outside. The site is designed to accommodate nine cars in the drive-thru area, with a designated bypass lane running parallel to the drive-thru lane. A total of 54 parking stalls are displayed on the site plans, with three of these stalls designated as handicap accessible.

Analysis of Application: The site plan for the building shall comply with the following requirements for the B-2 General Business District:

Lot Requirements

- Lot Size 1 acre

The area of the parcel is 67,200 square feet and roughly 1.5 acres in size.

Setbacks and Height Restrictions – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Street Side Yard Setback 20 feet
- Rear Yard Setback 15 feet
- Maximum Building Height 3 Stories or 45 ft, whichever is less

The proposed building will be located on the south side of the lot and will meet all required setbacks. The building will have a second level for retail but will not exceed the 45 ft height requirement.

Impervious Surface Coverage

Twenty-five (25) percent of the total lot area shall consist of green space. Five (5) percent of the total lot area shall be green space within the parking perimeter. (Ord. No. 618)

The summary chart on the site plans displays an impervious surface amount proposed at 71%. The landscaping requirement of 25% of the total lot area as green space will be met for this development.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

6,000 sq ft retail space:	1 space per 250 sf = 24 parking stalls
1,200 sq ft ice cream shop:	1 space for every 3 seats and 1 space for each employee on the peak shift = estimated around 12 parking stalls

Based on this number of required parking spaces standard and the use of the commercial building, the site will be required at least 36 parking spaces in which two stalls would need to be designated as handicap accessible. The site plans indicate 54 parking stalls, in which three parking stalls are designated as handicap accessible. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will follow the required stall dimensions of 9 feet in width and 19 feet in length. The drive aisle widths are proposed at 26 feet and meet the requirement for two-way vehicle circulation.

Handicapped Parking Requirements

The number of handicapped parking stalls required shall be in accordance with the following table:

TABLE 10: Required Number of Handicapped Parking Spaces

Total Number of Parking Spaces in Lot	Required Minimum Number of Accessible Spaces
1 to 25	1
26 to 50	2
51 to 75	3

A. Each designated handicapped space shall be eight (8) feet in width with an adjacent five (5) foot wide access aisle. Total space width of thirteen (13) feet.

B. A designated van accessible space shall be eight (8) feet in width with an adjacent access aisle totaling eight (8) feet in width. Total space width of sixteen (16) feet.

C. Designated handicapped spaces shall be provided along an accessible route located as near as possible to an accessible entrance.

D. Each space shall contain signage with the international symbol of accessibility. Indicating that a permit is required and notifying of a two hundred (200) dollar maximum fine for violation.

There are three designated handicapped stalls on site which are proposed at 9 ft in width and will have two 9 ft wide access aisles in between the two stalls. The handicap stalls are located near the building and will have an accessible sidewalk with a curb ramp in the front of the

building. There are not handicapped signs displayed on the plans, but will need to be installed as a condition of approval.

Bicycle Parking

Bicycle parking is required for all new construction commercial developments in the city and is determined by the number of required car parking stalls. Since this site is required 54 parking stalls, the development will need 3 required bike parking spaces. The site plans do not indicate a location for bicycle racks. The location for bicycle racks shall follow the requirements set forth in Section 17, Subdivision 14 of the City's Zoning Ordinances.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and drive-thru lanes are proposed to be surfaced with standard duty asphalt. Drive aprons around the site entrances, sidewalks and the outdoor seating patio will be surfaced with concrete.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

A photometrics plan was submitted with foot candle readings on the site. Based on the foot candle readings on the photometrics plan these light sources will meet all criteria listed in Section 14 of the City Zoning Ordinance. Two downlit light poles are proposed to be placed in each island around the parking areas and wall sconce lighting is proposed on the exterior of the building. The trash enclosure must be illuminated for the safety of employees.

Visibility

No sign shall be so located as to restrict the sight, orderly operation, and traffic movement within any parking area.

There is a proposed sign near the curb cut on Cherrywood St NE that is shown to be setback over 20 feet from the roadway. It is not expected that this will restrict visibility of traffic entering or exiting the site.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around all parking areas and the drive-thru/service area lanes. Any modifications needed to the curbing will be addressed in the City Engineer's report dated 2/7/2022.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) wide.

Four-inch-wide white striping shall be used across the site for designated parking stalls.

Curb Cuts

The curb cut proposed along Cherrywood St NE is proposed at 28 feet in width and the curb cut along 5th Ave NE is proposed at 24 ft in width. These comply with City Standards.

Exterior Building Materials

These standards are intended to ensure coordinated design of building exteriors, additions and accessory structure exteriors in order to prevent visual disharmony, minimize adverse impacts on adjacent properties from buildings which are or may become unsightly, and buildings that detract from the character and appearance of the area. It is not the intent of this division of unduly restrict design freedom when reviewing and approving project architecture in relationship to the proposed land use, and site characteristics.

A. The exterior wall finishes on any building shall be comprised of one or more of the following materials:

1. Face brick.
2. Natural stone.
3. Glass.
4. Decorative concrete block as approved by the City Council.
5. Specifically designed pre-cast concrete units; if the surfaces have been integrally treated with an applied decorative material or texture.
6. Masonry stucco.
7. Other comparable or superior material as recommended by the Planning Commission and approved by the City Council.
8. No more than 75% of the building sides visible from Highway 65 may be constructed of decorative concrete block, pre-cast concrete or stucco.
9. The exterior of the building shall have varied and interesting detailing. Large unadorned walls shall be prohibited (50’ or more). All large walls viewable from Highway 65 must be relieved by architectural detailing, such as change in materials, change in color, offsets, or other significant visual relief provided in a manner or at intervals in keeping with the size, mass and scale of the wall and its views from the public right-of-way.

10. Exterior building material colors shall be complimentary of other buildings within the district.

11. Exterior elevations of all sides of a proposed building noting the material and color of each component, to include exterior building materials, awnings, mechanical screening material, fencing and the like, shall be submitted with the site plan for determination of compliance with the above requirements.

12. Mechanical equipment

    a. Ground equipment shall be screened per Section 14, Subdivision 4 Mechanical Equipment.

    b. Rooftop mechanical equipment, and head-houses for elevators and stairs, shall be concealed from public view.

B. All subsequent additions and accessory buildings constructed after the erection of the original building or buildings, shall be constructed with exterior finishes comprised of the same materials as the original structure(s).

Exterior building materials include board & batten siding around building entrances, horizontal smart siding around the majority of the building, boulder creek stone, and black asphalt shingles for the roof. Siding color will vary across the frontage of the building between a snowscape white and abyss black. The boulder creek stones will be a dark gray color around the wainscoting of the tenant spaces and in the center of the building frontage. The exterior of the building has varied detailing with materials and colors and will be visually appealing in this commercial district.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are no loading and service areas displayed on site plans. A building of this size does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   The refuse and garbage receptacles will have surrounding landscaping of deciduous shrubs for screening. The receptacles shall be completely enclosed with similar architecture to the principal building.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site does not surround a residential area.

B. Landscaping. The site shall be landscaped in accordance with an approved landscape plan. All lots shall be sodded with four (4) inches of topsoil. One (1) tree shall be provided for every 10,000 square feet of lot or one (1) tree per fifty (50) feet of road frontage, whichever is greater.

   The landscaping plan proposes to include 13 trees on site with a majority of these trees lining the perimeter of the site. Trees are also proposed within the interior islands of the parking areas. The City Landscaping Ordinance requires that the site have at least 11 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage) and the proposed amount of 13 trees will meet this standard. The tree species and plantings proposed on the landscaping plan are consistent with the City Tree List and are permitted to be planted on site. Rock mulch will be placed around the interior islands where there will be a mix of deciduous and coniferous plantings. Sod will be placed mostly around the perimeter of the site in between the parking lot curbing and property lines.

Outdoor Seating

Food service businesses, including, but not limited to, bakeries, delicatessens, coffee shops, and restaurants, may provide temporary outdoor seating as an accessory use for their patrons, provided the following requirements are met:

A. An administrative permit shall be reviewed and approved by the City Planner or his/her designee. If the proposed outdoor seating area abuts a residential district, then a Conditional Use Permit is required.

   The outdoor seating area does not abut a residential district and a Conditional Use Permit will not be required.

B. Seating and furniture shall enhance the appearance of the business.

   According to the site plans there will be three circular tables in the patio area which will give customers an option to sit outside. This will enhance the appearance of the business.

C. Seating areas shall be located in a controlled or cordoned area with at least one (1) opening to an acceptable pedestrian walk. When a liquor license is involved, an enclosure is required and the enclosure shall not be interrupted. Access to such area shall be through the principal building only. Signage shall be displayed that restricts the consumption of alcohol outside of the designated outdoor seating area.

The site plans do not display the outdoor patio having any barriers to make it a controlled area.

D. Seating shall be located and designed so as not to interfere with pedestrian and vehicular circulation.

The seating area is located on the west side of the building on a widened sidewalk and will not interfere with pedestrian or vehicular circulation.

E. Seating areas shall be equipped with trash receptacles and shall be periodically reviewed for litter pick up.

The plans do not illustrate a trash receptacle within the outdoor patio area. This seating area will need to have a receptacle to maintain trash caused from the customers eating outside.

F. Seating areas shall not have loud speakers or audio equipment that is audible from adjacent property lines. All exterior sound equipment shall be shut off by ten (10) o'clock p.m.

The seating area is on the west end of the site and directly abuts an outlot that is used as a stormwater pond. Audio equipment will be allowed as long as it is not audible to adjacent properties and is limited to business hours not past 10 p.m.

G. Lighting shall be permitted to the extent that it only illuminates the designated seating area.

Lighting for the seating area will come from wall sconces on the exterior of the building. The photometrics plan does not show a light source specifically for the outdoor seating area.

H. Seating areas shall not obstruct required accesses, entrances, and exits into the business establishment; but shall be located adjacent to the principal use.

The seating area is located on the west side of the building on an extended sidewalk and will not obstruct or interfere with any accesses into the establishment.

I. Seating shall not be located in such a manner as to obstruct parking spaces. No additional parking is required for thirty (30) seats or less. Any additional seating

over thirty (30) seats shall provide required parking based on one (1) space per three (3) seats.

Seating will not exceed 30 spots and will not require additional parking stalls on site.

J. Any proposed outdoor seating plan over fifty (50) seats shall be reviewed as a Conditional Use Permit.

The seating area is proposed to have 3 tables with 4 seats for a total of 12 seats and will not need a Conditional Use Permit.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle is proposed to be located in the southwest corner of the site and be accessed from the service lane drive around. The landscaping plan shows the trash receptacle area surrounded by shrubs. It is not identified on plans how the trash receptacles will be enclosed and designed. The trash enclosure shall be designed so that it is architecturally harmonious with the principal structure on the site. The trash enclosure will also have to be illuminated for the safety of employees.

Mechanical Equipment

Mechanical equipment shall be screened from the public right-of-way and from adjacent residential properties. Screening shall be compatible with the principal building and shall be provided in accordance with the regulations as provided within Section 15, Subdivision 3 of this Ordinance.

Outside mechanical equipment is not displayed on site plans; however, the floor plans show each tenant space and the boutique retail space having separate mechanical rooms inside the building. If any outside mechanical equipment is needed it should be displayed on site plans where it will be located. Screening shall also be provided in accordance with Section 15, Subdivision 3 of the City's Zoning Ordinances if outside mechanical equipment is needed.

Drive-Thru Facilities

Permitted by a Conditional Use Permit only as an accessory use to a business or restaurant providing the following requirements are met:

A. No drive-thru window shall be adjacent to a public street.

The proposed drive-thru window will be located on the east side of the building and will not be directly adjacent to a public street.

B. Drive-thru facilities shall be limited to one (1) service window which is part of the principal structure and not more than two queuing lanes, unless approved along with additional landscaping, screening, or other pedestrian amenities such as fencing, seating, raised pedestrian crossings, etc.

The exterior building elevations display one drive-thru window and one designated queuing lane.

C. There shall not be any additional curb cuts on a public right-of-way exclusively for the use of drive-thru queuing or exit lanes. Drive-thru traffic shall enter and exit from internal circulation drives.

The curb cuts will be located on 5th Ave NE and Cherrywood St NE to access the site. These curb cuts will not be used exclusively to enter the drive thru lanes.

D. Queuing space for at least four (4) cars or seventy (70) feet shall be provided per drive-thru service lane as measured from but, not including the first drive-thru window or teller station.

The drive-thru lane will be able to accommodate 8 cars in addition to the queuing space at the drive-thru window.

E. Queuing space shall not interfere with parking spaces or traffic circulation with the parking lot or upon the public right-of-way.

Queuing space is located on the east side of the building and will wrap around a landscaping island, which is separated from the parking area on site. A total of 9 cars will be able to fit in the queuing lane and is not expected to back up traffic on site or onto the public right of way.

F. Alcoholic beverages shall not be served.

There will be no alcoholic beverages sold on site.

G. Exterior loud speakers shall be located a minimum of one hundred fifty (150) feet from any parcel containing a residential use and such speakers shall comply with the noise regulations as provided within Isanti City Code of Ordinances.

The site does not border a residential area.

H. A by-pass lane shall be provided, allowing autos to exit the drive-thru lane from the stacking lane.

A by-pass lane is not provided that runs parallel to the drive thru lane, allowing vehicles to exit the drive-thru lane from the stacking lane. The curbing shows a 12 ft width of the drive-thru lane which will need to be extended to provide a by-pass lane.

I. Screening of automobile headlights must be provided. Screening shall be at least three (3) feet in height and fully opaque. Screening shall consist of a wall, fence, dense vegetation, berm or grade change or similar screening as determined to be acceptable by the City Council.

The landscaping plan displays large trees surrounding the perimeter of the parking area on the north and east sides of the site. These trees will provide partial screening of automobile headlight glare from the parking stalls but there are gaps in the landscaping where shrubs could be planted to eliminate this issue. A 2 ft high retaining wall is proposed along the west boundary line which will partially shield the 6 parking stalls on this side of the site.

Signs

The site proposes wall signage on the front of the building and one freestanding sign near the curb cut on Cherrywood St NE. All signage on site will need to have a sign permit and be reviewed by city staff to ensure that the location, design and dimensions meet the requirements listed in Section 16 of the City Zoning Ordinances.

Staff Recommendation: Staff recommends approval of the proposed commercial building located at 291 5th Ave NE with the following conditions:

Conditions:

- Lighting Designs shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances

- Trash enclosure must be illuminated for the safety of employees
- Trash enclosure must be screened from lot lines and follow Section 14, subd.3 in the City's Zoning Ordinances for Trash Enclosure Standards
- All parking stalls around the perimeter of the site must have landscaping buffers to protect surrounding properties from vehicle headlight glare
- A bicycle rack with at least 3 spaces shall be installed on site and follow Section 17, Subdivision 14 of the City's Zoning Ordinances when determining location
- If outside mechanical equipment is needed on site, the location shall be shown on site plans and shall be shielded in accordance with Section 15, Subdivision 3 of the City's Zoning Ordinances
- The outdoor patio area must be enclosed and have an outdoor trash/recycling receptacle
- "Do not Enter" signs shall be placed on the west end of the service lane exit as well as the exit of the drive-thru lane
- Handicapped Signs shall be installed in front of these three designated parking stalls
- All signs shall need a sign permit when applicable to determine dimensions, design and locations
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the City Engineer's memo, dated 2/7/2022.

MEMORANDUM

Date: February 7, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Little North Boutique - Plan Set - Engineering Review
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the plan set entitled "Little North Boutique" with a revision date of January 28, 2022. The project includes the construction of a new building with multiple tenant spaces and a parking lot. We have reviewed the submitted documents and have the following comments:

Title Page C-1:

1. Legend notes C-7 SWPPP but this page appears to be missing.

Site Plan C-4:

2. A concrete valley gutter will be needed at each proposed entrance. See attached detail.
3. Depict where gutter out curb will be used.
4. A bypass lane is required on the drive through.
5. Post signage and striping to designate One-Way road or widen loop to 24-ft F-F and modify drive through area on east end.
6. Submit retaining wall detail.

Grading Plan C-7:

7. Show spot elevations on curb lines at grade breaks.
8. Label curb grades and pavement grades with flow direction.
9. Detail ped ramp in front of building to show ADA compliance. It appears cross slopes in walkways will exceed 2%
10. Note walk height along north side of building. Submit detail for thicken edged walk if planned to expose north side as curb.

Utility Plan C-8:

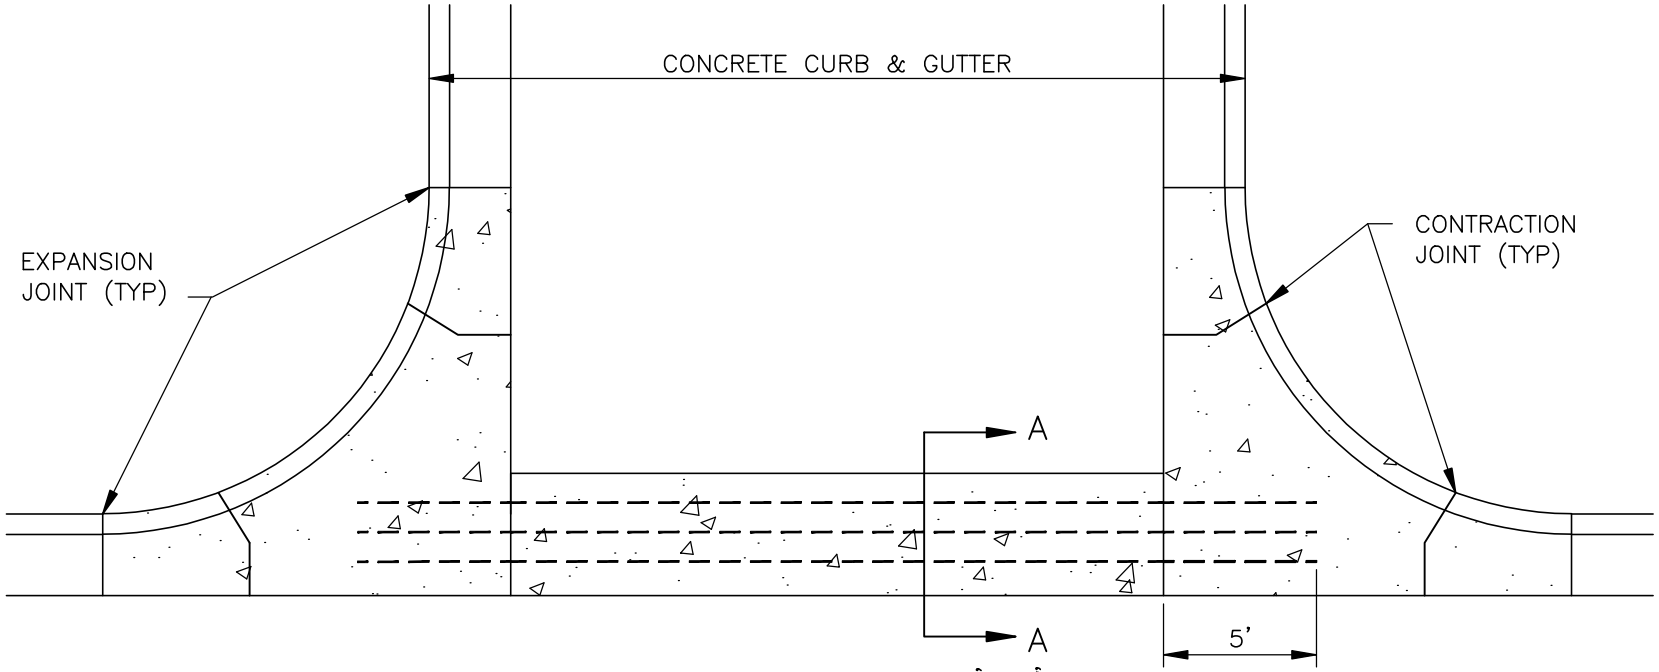
11. Separate sewer and water service lines will be required with for each separate tenant space. New lines will need to be cut into the sanitary main in the street. The 5 separate water services may be able to tap onto the existing 8" water stub that extends to the parcel, but each water service will need to have a curb stop at the ROW.
12. Storm may discharge directly into Outlot A pond instead of piping all the way to the east if found to be cost effective. Would need adequate apron, riprap, and slope stabilization into pond.
13. Keep waterline 10 feet from adjacent utilities, specifically noted near CB D, install 45-degree bends in lieu of 90-degree to make corner.

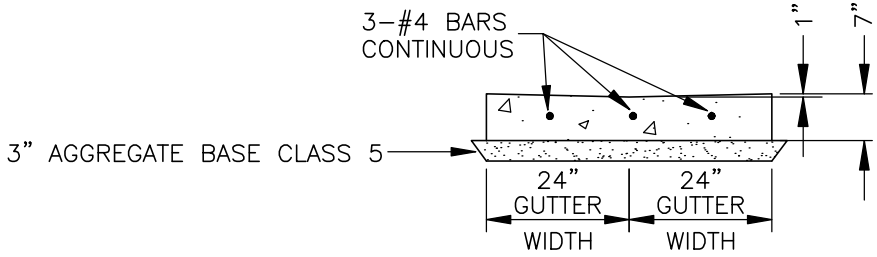
Stormwater:

14. See attached SWPPP checklist and make necessary revisions to address all missing items.
15. Submit NPDES permit to City prior to work beginning on site.

We recommend approval of the plans once the above comments are addressed.

Bolton & Menk is an equal opportunity employer.





NOTE:
1. NO CONTRACTION JOINTS IN VALLEY GUTTER
2. THE CONCRETE VALLEY GUTTER SHALL BE CONSTRUCTED ON 3" AGGREGATE BASE, CLASS 5

SWPPP Checklist

Construction Stormwater Permit Program

Doc Type: Stormwater Pollution Prevention Plan (SWPPP)

Background: This checklist is based on the checklist used by Minnesota Pollution Control Agency (MPCA) staff for Stormwater Pollution Prevention Plan (SWPPP) reviews.

Site Information

Applicant: Little North Boutique, Kasi Buzzell Project name: Little North Boutique

Application date: 1/28/22 Reviewer name: Jason Cook

SWPPP Narrative

Yes	No	
☒	☐	Describe the nature of the construction activity?
☒	☐	Address the potential for a discharge of sediment and/or other potential pollutants from the site?
☒	☐	Propose erosion prevention and sediment control Best Management Practices (BMPs).
☐	☒	Identify the person knowledgeable and experienced who will oversee the implementation of the SWPPP.
☐	☒	Identify the entity (name or title) responsible for performing future Operations and Maintenance (O&M).
☐	☒	Identify the training requirements are satisfied.
☐	☒	Describe project phasing.
☒	☐	Describe final stabilization methods for all exposed areas? (may be in narrative or on plan sheets)
☐ NA	☐	Identify stormwater management measures needed to mitigate impacts identified as a result of environmental, historical, archaeological, or rare species reviews conducted for the project?
☐ NA	☐	Identify additional measures being taken to protect Drinking Water Supply Management Areas?
☐ NA	☐	If site discharges to special water or impaired reach, identify any site areas discharging to the special or impaired reach?
☐ NA	☐	Identify construction areas that are adjacent to and drain to Public Waters for which the Minnesota Department of Natural Resources (DNR) has promulgated "work in waters restrictions" during specified fish spawning time frames.
☐	☒	The SWPPP must account for expected amount, frequency, intensity, and duration of precipitation.
☒	☐	The SWPPP must account for nature of stormwater runoff and run-on at the site.
☐	☒	The SWPPP must account for the range of soil particle sizes expected to be present on the site.
☐ NA	☐	For design requirements or SWPPP components where Permittee determines that compliance with the requirement is infeasible; the SWPPP must document that determination and the substitute BMPs.

SWPPP Plan Sheets

SWPPP sheet listed as C-7 on Title Page/legend but not included in set

Yes	No	
☒	☐	Existing and final grades.
☒	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☒	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☒	☐	Impervious areas (Pre- and Post-Construction).
☐	☒	Soil types.
☒	☐	Locations of potential pollutant-generating activities.
☐	☒	Locations of areas not to be disturbed (buffer zones).
☐	☒	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☒	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☒	Areas of steep (3:1 or greater slope).
☐	☒	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☒	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☒	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☒	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☒	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☒	☐	Regional ponds:

Yes	No	
☐	☒	Is written authorization from owner of regional pond included in SWPPP?
☒	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☒	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☒	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☒	☐	Has appropriate construction phasing been implemented?
☒	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☒	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☒	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☒	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☒	Are all inlets protected? show inlet protection
☐	☐	Stockpiles have sediment control.
☒	☐	Construction site entrances minimize street tracking.
☒	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.
☐	☒	Is a dewatering plan required?
☒	☐	Storage, handling, and disposal of construction products, materials, and wastes.
☐	☒	Fueling and maintenance of equipment or vehicles; spill prevention and response.
☐	☒	Vehicle and equipment washing.
☐	☒	No engine degreasing allowed on site.
☒	☐	Containment of Concrete and other washout waste.
☐	☒	Portable toilets are positioned so that they are secure.
☒	☐	Stabilization by uniform perennial vegetative cover (70% density of its expected final growth).

Requirements of Appendix A

Yes	No	
☐	☒	Does this site drain to a discharge point on the project that is within one mile of a Special or Impaired Water?

Yes	No	
☐	☐	Stabilization initiated immediately and all soils protected in 7 days
☐	☐	Provide temp basin for five acres draining to common location.
☐	☐	100-foot buffer
☐	☐	Other as appropriate

Wetland Impacts

Yes	No	
☐	☒	Does this site have a discharge with the potential for adverse impact to wetlands:

Yes	No	
☐	☐	Does the SWPPP comply with the conditions of an approved Wetland Impact Permit?

Isanti, MN 55040

RE: 291 5th Ave NE Plan Review

Dear City of Isanti Planning Commissioners,

Isanti Fire District has reviewed the proposed commercial building located at 291 5th Ave NE named Little North Boutique.

At this time, Isanti Fire has no concerns moving forward with permitting as shown.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

MEMORANDUM

Date: February 21, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W. Cook, P.E.
City Engineer

Subject: Approval of Plans and Authorization to Advertise for Bids
2022 Pavement Management Project
City of Isanti, MN
BMI Project No.: 0R1.126221

We request that the City Council approve the plans and specifications, entitled "2022 Pavement Management Project" and authorize advertisement for bids.

Following is the schedule for the 2022 Pavement Management Project:

Approve Plans & Specs, Authorize Advertisement for Bids	March 1, 2022
Open Bids	March 29, 2022
Commence Construction	June, 2022
Substantial Completion of Construction	August 31, 2022

We are requesting that the City Council approve plans and specifications and authorize advertisement for bids.

I will be at the March 1, 2022 City Council meeting to respond to any questions you have concerning the approval of plans and specifications or the authorization to advertise for bids.

Please contact us with any questions or if you would like any additional information prior to the meeting as well.

Bolton & Menk is an equal opportunity employer.

RESOLUTION 2022-XXX

RESOLUTION ACCEPTING PLANS AND SPECIFICATIONS AND AUTHORIZING ADVERTISEMENT FOR BID FOR THE 2022 PAVEMENT MANAGEMENT PROJECT

WHEREAS, the City has planned for the 2022 Pavement Management Project; and,

WHEREAS, the plans and specifications have been completed for these improvements; and,

WHEREAS, a public bid opening is recommended to be held on March 29, 2022 to receive competitive bids to complete the construction project in the 2022 construction season.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall accept the plans and specifications as completed by Bolton & Menk, Inc.

2) That the City shall authorize the advertisement for bids for this project with a bid opening date scheduled for March 29, 2022.

This resolution was duly approved by the Isanti City Council this 1st day of March 2022.

_____

RESOLUTION 2022-XXX

ACCEPTING PARKS, RECREATION AND CULTURE BOARD AARON ZDON'S RESIGNATION

WHEREAS, Aaron Zdon was appointed by the City Council to serve as a member of the Parks, Recreation and Culture Board for a term that expires on December 31, 2022; and,

WHEREAS, Aaron Zdon has provided notice of resignation as a member of the Parks, Recreation and Culture Board effective February 18, 2022;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that Aaron Zdon's resignation as a member of the Parks, Recreation and Culture Board is hereby approved and staff is authorized to post the Board vacancy.

This Resolution is hereby approved by the Isanti City Council this 1st day of March 2022

Attest: Mayor Jeff Johnson

Jaden Strand
City Clerk

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: March 1, 2022
Subject: Resolution Authorizing the Replacement of the Main Lift Station Generator

---

Background:
The main lift station has a back-up generator that will run during the event of a power failure. This generator is needed as the main lift station will run approximately every seven minutes. The Capital Improvement Plan has $77,250 for the generator replacement. The Main Lift Station site does not meet the 100kw minimum requirement to be a part of the Peak Shaving Program through Conexus Energy.

Staff reached out and received four quotes for the purchase of the Main Lift Station generator:

Vendor	Generator Model	Quote	With Powered Louvers Option	Warranty
Kodiak	Taylor TD100	$40,871.00	NA	2 Year
Ziegler	D100GC	$35,443.00	$41,343.00	5 Years / 2500 hours
Cummins	C100D6C	$41,700.00	NA	2 years
Interstate Power Systems	OM 926	$34,300.00	$36,350.00	2 years / 3000 hours

The generator with the powered louvers option will aid in heat control during the winter months for cold weather starting.

There would be an additional cost of $1,000.00 for Total Control to integrate the new generator into the Scada.

There would also be an additional cost of $6,000.00 for Isanti Electric to complete the circuit between the Main Lift Station and the generator.

Recommendation:
Staff is recommending to accept the quote from Interstate Power Systems for the purchase of the Main Lift Station generator with the powered louvers option, allow Total Control to integrate the Scada into the new generator, and for Isanti Electric to complete the circuit between the Main Lift Station and the generator. The total cost including a 10% contingency is $47,685.00.

Request:
Staff is requesting action on this item.

RESOLUTION 2022-XXX

AUTHORIZING THE REPLACEMENT OF MAIN LIFT STATION GENERATOR

WHEREAS, the Main Lift Station has a generator that will run during a power failure; and,

WHEREAS, the main lift station will run approximately every seven minutes; and,

WHEREAS, the Capital Improvement Plan (CIP) has $77,250.00 for the replacement of the Main Lift Station Generator; and,

WHEREAS, a generator with powered louvers will aid in heat control during winter months for cold weather starting; and,

WHEREAS, staff reached out and received the following quotes for the replacement of the Main Lift Station Generator; and,

Vendor	Quote Without Powered Louvers	Quote With Powered Louvers
Kodiak	$40,871.00	NA
Ziegler	$35,443.00	$41,343.00
Cummins	$41,700.00	NA
Interstate Power Systems	$34,300.00	$36,350.00

WHEREAS, an additional cost of $6,000.00 from Isanti Electric to complete the circuit from the Main Lift Station to the generator; and,

WHEREAS, an additional cost of $1000.00 from Total Control to integrate the new generator into the Scada; and,

WHEREAS, the funding source identified as Sewer (500);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the quote from Interstate Power Systems in the amount of $36,350.00 for the replacement of the Main Lift Station Generator with the powered louvers option, allow Total Control to integrate the new generator into the Scada in the amount of $1,000.00, and allow Isanti Electric to complete the circuit from the Main Lift Station to the generator. The total cost including a 10% contingency is $47,685.00 funding source identified as Sewer (500).

This resolution was duly adopted by the Isanti City Council this 1st day of March, 2022.

SUBMITTALS. An order for the equipment covered by this quotation will be accepted on a hold for release basis. Your order will not be released and scheduled for production until written approval to proceed is received in our office. Such submittal approval shall constitute acceptance of the terms and conditions of this quotation unless the parties otherwise agree in writing.

THERE ARE ADDITIONAL CONTRACT TERMS AND CONDITIONS ATTACHED TO THIS QUOTATION, INCLUDING LIMITATIONS OF WARRANTIES AND LIABILITIES, WHICH ARE EXPRESSLY INCORPORATED HEREIN. BY ACCEPTING THIS QUOTATION, CUSTOMER ACKNOWLEDGES THAT THE CONTRACT TERMS AND CONDITIONS HAVE BEEN READ, FULLY UNDERSTOOD AND ACCEPTED.

TERMS AND CONDITIONS FOR SALE OF POWER GENERATION EQUIPMENT

These Terms and Conditions for Sale of Power Generation Equipment, together with the Quote, Sales Order, and/or Credit Application on the front side or attached hereto, are hereinafter referred to as this "Agreement" and shall constitute the entire agreement between the customer identified in the quote ("Customer") and Cummins Inc. ("Cummins") and supersede any previous representation, statements, agreements or understanding (oral or written) between the parties with respect to the subject matter of this Agreement. No prior inconsistent course of dealing, course of performance, or usage of trade, if any, constitutes a waiver of, or serves to explain or interpret, the Terms and Conditions set forth in this Agreement. Electronic transactions between Customer and Cummins will be solely governed by the Terms and Conditions of this Agreement, and any terms and conditions on Customer's website or other internet site will be null and void and of no legal effect on Cummins. In the event Customer delivers, references, incorporates by reference, or produces any purchase order or document, any terms and conditions related thereto shall be null and void and of no legal effect on Cummins.

SCOPE

Cummins shall supply power generation equipment and any related parts, materials and/or services expressly identified in this Agreement (collectively, "Equipment"). No additional services, parts or materials are included in this Agreement unless agreed upon by the parties in writing. The Quote is based upon the assumption that the Equipment will be reasonably available and is not subject to unusual market fluctuations. In the event of unusual and/or unanticipated price fluctuations and/or shortage of materials ("Fluctuations"), Cummins reserves the right to adjust the estimated delivery time and/or the price to reflect such Fluctuations. Subject to the foregoing, any Quote is valid for 60 days, and the price is firm provided drawings are approved and returned within 60 days after submission and ship date is not extended beyond published lead times. Any delays may result in escalation charges. A Sales Order for Equipment is accepted on hold for release basis. The Sales Order will not be released and scheduled for production until written approval to proceed is received. A Quote is limited to plans and specifications section set forth in the Quote. No other sections shall apply. Additional requirements for administrative items may require additional costs. The Quote does not include off unit wiring, off unit plumbing, offloading, rigging, installation, exhaust insulation or fuel, unless otherwise stated. Cummins makes no representation or assurance as to the Equipment complying with any Buy America or Buy American laws, regulations, or requirements unless specifically provided in the Quote.

SHIPPING; DELIVERY; DELAYS

Unless otherwise agreed in writing by the parties, Equipment shall be delivered FOB origin, freight prepaid to first destination. For consumer and mobile products, freight will be charged to Customer. Unless otherwise agreed to in writing by the parties, packaging method, shipping documents and manner, route and carrier and delivery shall be as Cummins deems appropriate. Cummins may deliver in installments. A reasonable storage fee, as determined by Cummins, may be assessed if delivery of the Equipment is delayed, deferred, or refused by Customer. Offloading, handling, and placement of Equipment and crane services are the responsibility of Customer and not included unless otherwise stated. All shipments are made within normal business hours, Monday through Friday. Any delivery, shipping, installation, or performance dates indicated in this Agreement are estimated and not guaranteed. Further, delivery time is subject to confirmation at time of order and will be in effect after engineering drawings have been approved for production. Cummins shall use best efforts to meet estimated dates, but shall not be liable to customer or any third party for any delay in delivery, shipping, installation, or performance, however occasioned, including any delays in performance that result from Fluctuations or directly or indirectly from acts of Customer or any unforeseen event, circumstance, or condition beyond Cummins' reasonable control including, but not limited to, acts of God, actions by any government authority, civil strife, fires, floods, windstorms, explosions, riots, natural disasters, embargos, wars, strikes or other labor disturbances, civil commotion, terrorism, sabotage, late delivery by Cummins' suppliers, fuel or other energy shortages, or an inability to obtain necessary labor, materials, supplies, equipment or manufacturing facilities.

AS A RESULT OF THE OUTBREAK OF THE DISEASE COVID-19 ARISING FROM THE NOVEL CORONAVIRUS, TEMPORARY DELAYS IN DELIVERY, LABOUR OR SERVICES FROM CUMMINS AND ITS SUB-SUPPLIERS OR SUBCONTRACTORS MAY OCCUR. AMONG OTHER FACTORS, CUMMINS' DELIVERY OBLIGATIONS ARE SUBJECT TO CORRECT AND PUNCTUAL SUPPLY FROM OUR SUB-SUPPLIERS OR SUBCONTRACTORS, AND CUMMINS RESERVES THE RIGHT TO MAKE PARTIAL DELIVERIES OR MODIFY ITS LABOUR OR SERVICE. WHILE CUMMINS SHALL MAKE EVERY COMMERCIALLY REASONABLE EFFORT TO MEET THE DELIVERY, SERVICE OR COMPLETION OBLIGATIONS SET FORTH HEREIN, SUCH DATES ARE SUBJECT TO CHANGE.

PAYMENT TERMS; CREDIT; RETAINAGE

Unless otherwise agreed to by the parties in writing and subject to credit approval by Cummins, payments are due thirty (30) days from the date of the invoice. If Customer does not have approved credit with Cummins, as solely determined by Cummins, payments are due in advance or at the time of supply of the Equipment. If payment is not received when due, in addition to any rights Cummins may have at law, Cummins may charge Customer eighteen percent (18%) interest annually on late payments, or the maximum amount allowed by law. Customer agrees to pay Cummins' costs and expenses (including reasonable attorneys' fees) related to Cummins' enforcement and collection of unpaid invoices, or any other enforcement of this Agreement by Cummins. Retainage is not acceptable nor binding, unless required by statute or accepted and confirmed in writing by Cummins prior to shipment.

TAXES; EXEMPTIONS

Unless otherwise stated, the Quote excludes all applicable local, state and federal sales and/or use taxes, permits and licensing. Customer must provide a valid resale or exemption certificate prior to shipment of Equipment or applicable taxes will be added to the invoice.

TITLE; RISK OF LOSS

Unless otherwise agreed in writing by the parties, title and risk of loss for the Equipment shall pass to Customer upon delivery of the Equipment by Cummins to freight carrier or to Customer at pickup at Cummins' facility.

INSPECTION AND ACCEPTANCE

Customer shall inspect the Equipment upon delivery, before offloading, for damage, defects, and shortage. Any and all claims which could have been discovered by such inspection shall be deemed absolutely and unconditionally waived unless noted by Customer on the bill of lading. Where Equipment is alleged to be non-conforming or defective, written notice of defect must be given to Cummins within three (3) days from date of delivery after which time Equipment shall be deemed accepted. Cummins shall have a commercially reasonable period of time in which to correct such non-conformity or defect. If non-conformity or defect is not eliminated to Customer's satisfaction, Customer may reject the Equipment (but shall protect the Equipment until returned to Cummins) or allow Cummins another opportunity to undertake corrective action. In the event startup of the Equipment is included in the services, acceptance shall be deemed to have occurred upon successful startup.

LIEN; SECURITY AGREEMENT

Customer agrees that Cummins retains all statutory lien rights. To secure payment, Customer grants Cummins a Purchase Money Security Interest in the Equipment. If any portion of the balance is due to be paid following delivery, Customer agrees to execute and deliver such security agreement, financing statements, deed of trust and such other documents as Cummins may request from time to time in order to permit Cummins to obtain and maintain a perfected security interest in the Equipment; or in the alternative, Customer grants Cummins a power of attorney to execute and file all financing statements and other documents needed to perfect this security interest. Cummins may record this Agreement, bearing Customer's signature, or copy of this Agreement in lieu of a UCC-1, provided that it shall not constitute an admission by Cummins of the applicability or non-applicability of the UCC nor shall the failure to file this form or a UCC-1 in any way affect, alter, or invalidate any term, provision, obligation or liability under this Agreement. The security interest shall be superseded if Customer and Cummins enter into a separate security agreement for the Equipment. Prior to full payment of the balance due, Equipment will be kept at Customer's location noted in this Agreement, will not be moved without prior notice to Cummins, and is subject to inspection by Cummins at all reasonable times.

CANCELLATION; CHARGES

Orders placed with and accepted by Cummins may not be cancelled except with Cummins' prior written consent. If Customer seeks to cancel all or a portion of an order placed pursuant to this Agreement, and Cummins accepts such cancellation in whole or in part, Customer shall be assessed cancellation charges as follows: (i) 10% of total order price if cancellation is received in Cummins' office after Cummins has provided submittals and prior to releasing equipment to be manufactured; (ii) 25% of total order price if cancellation is received in Cummins' office after receipt of submittal release to order, receipt of a purchase order for a generator already on order with the factory, or is asked to make any hardware changes to the equipment already on order with the factory; (iii) 50% of total order price if cancellation is received in Cummins' office 60 or fewer days before the scheduled shipping date on the order; or (iv) 100% of total order price if cancellation is received in Cummins' office after the equipment has shipped from the manufacturing plant.

MANUALS

Unless otherwise stated, electronic submittals and electronic operation and maintenance manuals will be provided, and print copies may be available upon Customer's request at an additional cost.

TRAINING; START UP SERVICES; INSTALLATION

Startup services, load bank testing, and owner training are not provided unless otherwise stated. Site startup will be subject to the account being current and will be performed during regular Cummins business hours, Monday to Friday. Additional charges may be added for work requested to be done outside standard business hours, on weekends, or holidays. One visit is allowed unless specified otherwise in the Quote. A minimum of two-week prior notice is required to schedule site startups and will be subject to prior commitments and equipment and travel availability. A signed site check sheet confirming readiness will be required, and Cummins personnel may perform an installation audit prior to the startup being completed. Any issues identified by the installation audit shall be corrected at the Customer's expense prior to the start-up. Portable load banks for site test (if offered in the Quote) are equipped with only 100 feet of cable. Additional lengths may be arranged at an extra cost. Cummins is not responsible for any labor or materials charged by others associated with start-up and installation of Equipment, unless previously agreed upon in writing. Supply of fuel for start-up and/or testing, fill-up of tank after start up, or change of oil is not included unless specified in the Quote. All installation/execution work at the site including, but not limited to: civil, mechanical, electrical, supply of wall thimbles, exhaust extension pipe, elbows, hangers, expansion joints, insulation and cladding materials, fuel/oil/cooling system piping, air ducts, and louvers/dampers is not included unless specified in the Quote. When an enclosure or sub-base fuel tank (or both) are supplied, the openings provided for power cable and fuel piping entries, commonly referred to as "stub-ups", must be sealed at the site by others before commissioning. All applications, inspections and/or approvals by authorities are to be arranged by Customer.

MANUFACTURER'S WARRANTY

Equipment purchased hereunder is accompanied by an express written manufacturer's warranty ("Warranty") and, except as expressly provided in this Agreement, is the only warranty offered on the Equipment. A copy of the Warranty is available upon request. While this Agreement and the Warranty are intended to be read and applied in conjunction, where this Agreement and the Warranty conflict, the terms of the Warranty shall prevail.

WARRANTY PROCEDURE

Prior to the expiration of the Warranty, Customer must give notice of a warrantable failure to Cummins and deliver the defective Equipment to a Cummins location or other location authorized and designated by Cummins to make the repairs during regular business hours. Cummins shall not be liable for towing charges, maintenance items such as oil filters, belts, hoses, etc., communication expenses, meals, lodging, and incidental expenses incurred by Customer or employees of Customer, "downtime" expenses, overtime expenses, cargo damages and any business costs and losses of revenue resulting from a warrantable failure.

LIMITATIONS ON WARRANTIES THE REMEDIES PROVIDED IN THE WARRANTY AND THIS AGREEMENT ARE THE SOLE AND EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY CUMMINS TO THE CUSTOMER UNDER THIS AGREEMENT. EXCEPT AS SET OUT IN THE WARRANTY AND THIS AGREEMENT, AND TO THE EXTENT PERMITTED BY LAW, CUMMINS EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES, ENDORSEMENTS, AND CONDITIONS OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY STATUTORY OR COMMON LAW IMPLIED REPRESENTATIONS, WARRANTIES AND CONDITIONS OF FITNESS FOR A PURPOSE OR MERCHANTABILITY.

The limited warranty does not cover Equipment failures resulting from: (a) inappropriate use relative to designated power rating; (b) inappropriate use relative to application guidelines; (c) inappropriate use of an EPA-SE application generator set relative to EPA's standards; (d) normal wear and tear; (e) improper and/or unauthorized installation; (f) negligence, accidents, or misuse; (g) lack of maintenance or unauthorized or improper repair; (h) noncompliance with any Cummins published guideline or policy; (i) use of improper or contaminated fuels, coolants, or lubricants; (j) improper storage before and after commissioning; (k) owner's delay in making Equipment available after notification of potential Equipment problem; (l) replacement parts and accessories not authorized by Cummins; (m) use of battle short mode; (n) owner or operator abuse or neglect such as: operation without adequate coolant, fuel, or lubricants; over fueling; over speeding; lack of maintenance to lubricating, fueling, cooling, or air intake systems; late servicing and maintenance; improper storage, starting, warm-up, running, or shutdown practices, or for progressive damage resulting from a defective shutdown or warning device; or (o) damage to parts, fixtures, housings, attachments and accessory items that are not part of the generating set.

INDEMNITY

Customer shall indemnify, defend and hold harmless Cummins from and against any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, brought against or incurred by Cummins related to or arising out of this Agreement or the Equipment supplied under this Agreement (collectively, the "Claims"), where such Claims were caused or contributed to by, in whole or in part, the acts, omissions, fault or negligence of the Customer. Customer shall present any Claims covered by this indemnity to its insurance carrier unless Cummins directs that the defense will be handled by Cummins' legal counsel at Customer's expense.

LIMITATION OF LIABILITY NOTWITHSTANDING ANY OTHER TERM OF THIS AGREEMENT, IN NO EVENT SHALL CUMMINS, ITS OFFICERS, DIRECTORS, EMPLOYEES, OR AGENTS BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING WITHOUT LIMITATION DOWNTIME, LOSS OF PROFIT OR REVENUE, LOSS OF DATA, LOSS OF OPPORTUNITY, DAMAGE TO GOODWILL, ENHANCED DAMAGES, MONETARY REQUESTS RELATING TO RECALL EXPENSES AND REPAIRS TO PROPERTY, AND/OR DAMAGES CAUSED BY DELAY) IN ANY WAY RELATED TO OR ARISING FROM CUMMINS' SUPPLY OF EQUIPMENT UNDER THIS AGREEMENT OR THE USE OR PERFORMANCE OF EQUIPMENT SUPPLIED UNDER THIS AGREEMENT. IN NO EVENT SHALL CUMMINS' LIABILITY TO CUSTOMER OR ANY THIRD PARTY CLAIMING DIRECTLY THROUGH CUSTOMER OR ON CUSTOMER'S BEHALF UNDER THIS AGREEMENT EXCEED THE TOTAL COST OF EQUIPMENT SUPPLIED BY CUMMINS UNDER THIS AGREEMENT GIVING RISE TO THE CLAIM. BY ACCEPTANCE OF THIS AGREEMENT, CUSTOMER ACKNOWLEDGES CUSTOMER'S SOLE REMEDY AGAINST CUMMINS FOR ANY LOSS SHALL BE THE REMEDY PROVIDED HEREIN EVEN IF THE EXCLUSIVE REMEDY UNDER THE WARRANTY IS DEEMED TO HAVE FAILED OF ITS ESSENTIAL PURPOSE.

DEFAULT; REMEDIES

Customer shall be in breach and default if: (a) any of the payments or amounts due under this Agreement are not paid; (b) Customer fails to comply, perform, or makes any misrepresentation relating to any of the Customer's obligations or covenants under this Agreement; or (c) prior to full payment of the balance due, Customer ceases to do business, becomes insolvent, makes an assignment for the benefit of its creditors, appoints a receiver, commences an action for dissolution or liquidation, or becomes subject to bankruptcy proceedings, or the Equipment is attached, levied upon, seized under legal process, is subjected to a lien or encumbrance, or transferred by operation of law or otherwise to anyone other than Cummins.

Upon the occurrence of any event of Customer's default, Cummins, at its sole option and without notice, shall have the right to exercise concurrently or separately any one or all of the following remedies, which shall be cumulative and not alternative: (a) to declare all sums due, and to become due, under this Agreement immediately due and payable; (b) to commence legal proceedings, including collection actions and specific performance proceedings, to enforce performance by Customer of any and all provisions of this Agreement, and to be awarded damages or injunctive relief for the Customer's breach; (c) to require the Customer to deliver the Equipment to Cummins' branch specified on the face of this Agreement; (d) to exercise one or more of the rights and remedies available to a secured party under applicable law; and (e) to enter, without notice or liability or legal process, onto any premises where the Equipment may be located, using force permitted by law, and there to disconnect, remove and repossess the Equipment, the Customer having waived further right to possession after default. A waiver of any event of default by Cummins shall not be a waiver as to any other or subsequent default.

CUSTOMER REPRESENTATIONS; RELIANCE

Customer is responsible for obtaining, at its cost, permits, import licenses, and other consents in relation to the Equipment, and if requested by Cummins, Customer shall make these permits, licenses, and consents available to Cummins prior to shipment. Customer represents that it is familiar with the Equipment and understands operating instructions and agrees to perform routine maintenance services. Until the balance is paid in full, Customer shall care for the Equipment properly, maintain it in good operating condition, repair and appearance; and Customer shall use it safely and within its rated capacity and only for purpose it was designed. Even if Customer's purchase of Equipment from Cummins under this Agreement is based, in whole or in part, on specifications, technical information, drawings, or written or verbal advice of any type from third parties, Customer has sole responsibility for the accuracy, correctness and completeness of such specifications, technical information, drawings, or advice. Cummins make no warranties or representations respecting the accuracy, correctness and completeness of any specifications, technical information, drawings, advice or other information provided by Cummins. Cummins makes no warranties or representations respecting the suitability, fitness for intended use, compatibility, integration or installation of any Equipment supplied under this Agreement. Customer has sole responsibility for intended use, for installation and design and performance where it is part of a power, propulsion, or other system. Limitation of warranties and remedies and all disclaimers apply to all such technical information, drawings, or advice. Customer acknowledges and agrees by accepting delivery of the Equipment that the Equipment purchased is of the size, design, capacity and manufacture selected by the Customer, and that Customer has relied solely on its own judgment in selecting the Equipment.

CONFIDENTIALITY

Each party shall keep confidential any information received from the other that is not generally known to the public and at the time of disclosure, would reasonably be understood by the receiving party to be proprietary or confidential, whether disclosed in oral, written, visual, electronic, or other form, and which the receiving party (or agents) learns in connection with this Agreement including, but not limited to: (a) business plans, strategies, sales, projects and analyses; (b) financial information, pricing, and fee structures; (c) business processes, methods, and models; (d) employee and supplier information; (e) specifications; and (f) the terms and conditions of this Agreement. Each party shall take necessary steps to ensure compliance with this provision by its employees and agents.

GOVERNING LAW AND JURISDICTION

This Agreement and all matters arising hereunder shall be governed by and construed in accordance with the laws of the State of Indiana without giving effect to any choice or conflict of law provision. The parties agree that the courts of the State of Indiana shall have exclusive jurisdiction to settle any dispute or claim arising in connection with this Agreement.

INSURANCE

Upon Customer's request, Cummins will provide to Customer a Certificate of Insurance evidencing Cummins' relevant insurance coverage.

ASSIGNMENT

This Agreement shall be binding on the parties and their successors and assigns. Customer shall not assign this Agreement without the prior written consent of Cummins.

INTELLECTUAL PROPERTY

Any intellectual property rights created by either party, whether independently or jointly, in the course of the performance of this Agreement or otherwise related to Cummins pre-existing intellectual property or subject matter related thereto, shall be Cummins' property. Customer agrees to assign, and does hereby assign, all right, title, and interest to such intellectual property to Cummins. Any Cummins pre-existing intellectual property shall remain Cummins' property. Nothing in this Agreement shall be deemed to have given Customer a licence or any other rights to use any of the intellectual property rights of Cummins.

MISCELLANEOUS

Cummins shall be an independent contractor under this Agreement. All notices under this Agreement shall be in writing and be delivered personally, mailed via first class certified or registered mail, or sent by a nationally recognized express courier service to the addresses set forth in this Agreement. No amendment of this Agreement shall be valid unless it is writing and signed by the parties hereto. Failure

of either party to require performance by the other party of any provision hereof shall in no way affect the right to require such performance at any time thereafter, nor shall the waiver by a party of a breach of any of the provisions hereof constitute a waiver of any succeeding breach. Any provision of this Agreement that is invalid or unenforceable shall not affect the validity or enforceability of the remaining terms hereof. These terms are exclusive and constitute entire agreement. Customer acknowledges that the provisions were freely negotiated and bargained for and Customer has agreed to purchase of the Equipment pursuant to these terms and conditions. Acceptance of this Agreement is expressly conditioned on Customer's assent to all such terms and conditions. Neither party has relied on any statement, representation, agreement, understanding, or promise made by the other except as expressly set out in this Agreement. In the event of a conflict in the terms of this Agreement with any Customer terms or conditions or agreement (whether referenced in an order submitted by Customer as the terms that govern the purchase of the Equipment or otherwise) or any terms set forth in any other documentation of Customer with respect to the Equipment, the terms of this Agreement shall govern. Cummins may incur additional charges which will be passed on to the Customer, as applicable.

COMPLIANCE

Customer shall comply with all laws applicable to its activities under this Agreement, including, without limitation, any and all applicable federal, state, and local anti-bribery, environmental, health, and safety laws and regulations then in effect. Customer acknowledges that the Equipment, and any related technology that are sold or otherwise provided hereunder may be subject to export and other trade controls restricting the sale, export, re-export and/or transfer, directly or indirectly, of such Equipment or technology to certain countries or parties, including, but not limited to, licensing requirements under applicable laws and regulations of the United States, the United Kingdom and other jurisdictions. It is the intention of Cummins to comply with these laws, rules, and regulations. Any other provision of this Agreement to the contrary notwithstanding, Customer shall comply with all such applicable all laws relating to the cross-border movement of goods or technology, and all related orders in effect from time to time, and equivalent measures. Customer shall act as the importer of record with respect to the Equipment and shall not resell, export, re-export, distribute, transfer, or dispose of the Equipment or related technology, directly or indirectly, without first obtaining all necessary written permits, consents, and authorizations and completing such formalities as may be required under such laws, rules, and regulations. In addition, Cummins has in place policies not to distribute its products for use in certain countries based on applicable laws and regulations including but not limited to UN, U.S., UK, and European Union regulations. Customer undertakes to perform its obligations under this Agreement with due regard to these policies. Strict compliance with this provision and all laws of the territory pertaining to the importation, distribution, sales, promotion and marketing of the Equipment is a material consideration for Cummins entering into this Agreement with Customer and continuing this Agreement for its term. Customer represents and warrants that it has not and shall not, directly or through any intermediary, pay, give, promise to give or offer to give anything of value to a government official or representative, a political party official, a candidate for political office, an officer or employee of a public international organization or any other person, individual or entity at the suggestion, request or direction or for the benefit of any of the above-described persons and entities for the purposes of inducing such person to use his influence to assist Cummins in obtaining or retaining business or to benefit Cummins or any other person in any way, and will not otherwise breach any applicable laws relating to anti-bribery. Any failure by Customer to comply with these provisions will constitute a default giving Cummins the right to immediate termination of this Agreement and/or the right to elect not to recognize the warranties associated with the Equipment. Customer shall accept full responsibility for any and all civil or criminal liabilities and costs arising from any breaches of those laws and regulations and will defend, indemnify, and hold Cummins harmless from and against any and all fines, penalties, claim, damages, liabilities, judgments, costs, fees, and expenses incurred by Cummins or its affiliates as a result of Customer's breach.

To the extent applicable, this contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability. The employee notice requirements set forth in 29 CFR Part 471, Appendix A to Subpart A, are hereby incorporated by reference into this contract.

TERMS AND CONDITIONS

GENERAL: Stenographical and clerical errors are subject to correction. Orders resulting from quotations become contracts only upon issuance of our formal acknowledgment. These terms and conditions and our invoice terms and conditions attached hereto are a complete statement of the agreement between us and you. In no event shall we be bound to any other agreement, term, or condition that is contained in an outside agreement between you and any other party unless expressly consented to by us in writing.

LIABILITY: Orders are accepted by us under the condition that we are not to be liable for losses or delays caused by strikes, accidents, fires or any other cause beyond our control. Damage resulting from improper storage or handling prior to placing products in service will not be considered our liability. We will not assume any responsibility, expense or liability for repairs made without our written consent. WE SHALL NOT BE LIABLE FOR ANY DAMAGES CAUSED BY THE PRODUCTS DELIVERED OR TO BE DELIVERED TO YOU, OR BY YOU OR ANY THIRD PARTY'S USE OF SUCH PRODUCTS. IN NO EVENT SHALL WE BE RESPONSIBLE FOR ANY INCIDENTAL, CONSEQUENTIAL, OR LIQUIDATED DAMAGES ASSOCIATED WITH THIS AGREEMENT.

RETURNED MATERIAL: No material may be returned without first obtaining written approval, and no claim will be allowed nor credit given for material returned without such written approval. It is your duty to inspect goods within ten days after receipt.

SHIPMENT: Our responsibility ceases with the delivery of merchandise in good order to transportation companies. Claims for shortage or damage in transit must be made by the customer against the carrier. In the absence of definite shipping instructions, we reserve the right to ship all material, upon completion, by any public carrier which in our opinion is satisfactory.

PRICING; PAYMENT FOR GOODS AND SERVICES: Prices, quotations, specifications and other terms and all statements appearing in the Seller's sales literature and otherwise made by the Seller are subject to change without notice, including as a result of changes in market conditions, increases in raw materials, component, labor or overhead costs or because of labor disruptions or fluctuations in production volumes. Without limiting the generality of the foregoing, all prices are subject to and shall be increased by sales tax where applicable. 100% of invoice due within 30 days of delivery of equipment.

TAXES: State and local sales and use taxes and excise taxes, where applicable, are in addition to quoted prices and will be billed unless the purchaser promptly certifies that the goods are for resale or are otherwise exempt.

WARRANTY: WE WARRANTY ONLY THAT THE PRODUCTS CONFORM TO THE SPECIFICATIONS SET FORTH ON THE FACE HEREOF OR AS THE MANUFACTURER MAY PROVIDE. ALL WARRANTIES ON PRODUCTS, PARTS AND/OR MATERIALS PROVIDED BY US SHALL BE ONLY THE WARRANTY PROVIDED BY THE APPLICABLE MANUFACTURER OF SUCH PRODUCTS, PARTS OR MATERIALS AND SUCH WARRANTIES MAY BE AND HEREBY ARE PASSED THROUGH FROM US TO YOU. WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, EXCEPT AS SET FORTH IN THE PRECEDING SENTENCE OR ON THE FACE HEREOF. IF SERVICES WILL BE PROVIDED BY US PURSUANT TO THIS AGREEMENT, THOSE SERVICES WILL BE SUBJECT TO INTERSTATE'S SERVICE WARRANTY.

Signature below signifies approval and authorization to proceed with the purchase of equipment outlined in this proposal and acknowledges Interstate PowerSystems' terms and conditions above, including the Code of Conduct, Service Warranty, and General Terms & Conditions, which are expressly incorporated herein by reference, and are available at http://www.istate.com/about/terms-and-conditions or in hard copy upon request.

INTERSTATE PowerSystems

GENERAL TERMS AND CONDITIONS

1. Formation of Contract
   1.1 These terms and conditions constitute a complete statement of the agreement between the Buyer and Interstate Companies, Inc. (Seller) or its subsidiaries or operating divisions, or Istate Truck, Inc. or its subsidiaries or operating divisions, which shall not be supplemented or amended except as set forth on the face of this invoice or by separate written agreement signed by both parties. Provisions set forth on the face hereof shall govern, where inconsistent with these terms and conditions.
   1.2 Terms and conditions of the buyer additional to or varying from those of this Invoice shall not be binding on the Seller unless specifically agreed to in writing by the Seller. The Seller's acceptance or acknowledgement of the Buyer's purchase orders or shipping instructions shall not constitute such written agreement. If this Invoice shall be deemed an acceptance of a prior offer by the Buyer, such acceptance is expressly conditional on the Buyer's assent to any additional or different terms contained herein.

2. Acceptance
   2.1 No offers, arrangements or orders shall be binding on the Seller unless and until confirmed by the Seller in writing.
   2.2 Acceptance by the Buyer of delivery of all or any part of the products sold hereunder shall be an acknowledgement and acceptance by the Buyer of these Terms and Conditions, whether or not the Buyer shall have first received this Invoice.
3. Price and Payment
   3.1 The price shall be as specified on the face of this Invoice.
   3.2 Prices, quotations, specifications and other terms and all statements appearing in the Seller's sales literature and otherwise made by the Seller are subject to change without notice. The Seller is not responsible for typographical errors made in any of its publications or stenographic or clerical errors made in preparation of quotations. All such errors are subject to correction. Without limiting the generality of the foregoing, all prices are subject to and shall be increased by sales tax where applicable.
   3.3 Payment of the selling price and additional costs are due in accordance with the terms set forth on the face of this Invoice. All payments hereunder shall be made to Seller at 2601 East 80th Street, Minneapolis, MN 55425. Complaints or claims by the Buyer shall not impair the Seller's right to payment as provided hereunder and any adjustments to be made as a result of such complaints shall be made subsequent to such payment.
   3.4 If the credit of the Buyer shall at any time, in the sole judgement of the Seller, become impaired, the Seller may at, its option, and without incurring any liability therefor, divert or prevent the discharge of shipments en route to the Buyer and cancel the unfilled portion of the contract, or require the Buyer to give such security as the Seller may specify to ensure payment or require payment in advance before making any further shipment. All costs and expenses incurred by the Seller as a result of its exercise of any right or option under this paragraph shall be for the account of the Buyer.

3.5 Prompt payment is of the essence of this contract and a default in any payment will, at the option of the Seller, operate as a breach of the entire contract. Past due payments shall bear interest computed monthly at a rate of 1½ percent per month on the outstanding balance, or such lower rate as shall be the highest allowable under applicable law.

3.6 The Buyer shall be in default hereunder if any one or more of the following events occurs: (a) the Buyer shall default in fulfilling any of its obligations to Seller; (b) a receiver, liquidator or trustee of the Buyer, or of any of its property, is appointed by court order; (c) the Buyer is adjudicated bankrupt or insolvent; (d) any property of the Buyer is sequestered by court order; (e) a petition is filed by or against the Buyer under any bankruptcy, reorganization, arrangement, insolvency, moratorium, readjustment of debt, dissolution or liquidation law of any jurisdiction; (f) the Buyer becomes insolvent, makes an assignment for the benefit of its creditors; admits in writing its inability to pay its debts generally as they become due, or consents to the appointment of a receiver, trustee or liquidator of the Buyer or of all or any substantial part of its property in the event of such default, all unpaid payments shall, at the Seller's option, become immediately due and payable and the Seller shall have the right to consider its contract with the Buyer cancelled and to recover damages, and shall further have all rights and remedies, including those of a secured party, provided by applicable law. For purposes of this paragraph "Buyer" shall include any corporation controlling, controlled by, or under the common control with Buyer.

3.7 All costs incurred by the Seller as a result of non-payment or delay in payment by the Buyer, including, without limitation collection costs and reasonable attorney's fees, shall be paid by Buyer.

4. DISCLAIMER OF WARRANTY

THE SELLER WARRANTS THAT THE PRODUCTS CONFORM TO THE SPECIFICATIONS SET FORTH ON THE FACE HEREOF OR AS THE MANUFACTURER MAY PROVIDE. THE SELLER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS OR OTHERWISE, EXCEPT AS SET FORTH IN THE PRECEDING SENTENCE OR ON THE FACE HEREOF.

5. Remedies of Buyer

5.1 Seller shall not be liable for any claim arising in connection with the products sold to the Buyer hereunder unless written notice is given by the Buyer to the Seller as provided in paragraph 5.2 below.

5.2 Written notice of any objection, complaint or claim concerning the product must be given:
(a) with respect to claims of damage to the products which occurred in transit, within thirty (30) days after the date on which risk of loss with respect to the products passes to the Buyer.
(b) with respect to claims of non-conformity to specifications, within ninety (90) days following the date on which risk of loss with respect to the products passes to the Buyer, provided however, that no claim of non-conformity will be honored if the Buyer has previously notified the Seller of its acceptance of the product following inspection thereof.

5.3 Failure to give such notice in the manner and within the time provided herein shall be deemed a waiver by the Buyer of all claims with respect to such products.

5.4 Seller will, at its sole discretion, either reimburse Seller's Invoice value to the Buyer of products found to be defective, or replace free of charge all products found to be defective, within thirty (30) days after the date of notice with respect to any such product was given in accordance with

paragraph 5.2 above; provided, however, that such products have not been abused by the Buyer or used in conditions for which the products were not intended. The aforesaid right of replacement or reimbursement shall be the Buyer's sole and exclusive remedy in the event of non-conformity or defect in the products. The Seller shall not be liable for the incidental or consequential damages to the Buyer as a result of the Seller's breach of Contract. In no event shall the Seller's liability exceed the Seller's Invoice value to the Buyer of the products sold regardless of the nature of the claim of the Buyer.

6. Passage of Title – Security Interest
   6.1 Seller shall retain title to ownership of, and security interest in the products until the contract purchase price set forth on the face hereof shall have been paid in full and all covenants and agreements of Buyer herein shall have been performed. Seller shall have all common law and statutory lien rights available in the state where goods or services are provided and Buyer hereby agrees that if Buyer takes possession of the related equipment without making payment to Seller and thereafter Seller regains lawful possession of the equipment that was once subject to lien claims while there remains a balance due Seller, all such lien rights shall be reinstated as if Seller had always maintained lawful possession of all such equipment.
   6.2 At the request of Seller, Buyer shall execute and deliver to Seller all such financing statement and other instruments and documents as may be requested by Seller to evidence and to perfect its security interest in the products. Expenses of filing financing statements or other security documents with the appropriate state and local governmental authorities shall be for the account of the Buyer.
7. Force Majeure
   7.1 If because of force majeure the Seller is unable to carry out any of its obligations under this agreement and if the Seller promptly notifies the Buyer in writing expressly claiming such force majeure, then the provisions of paragraph 7.2 shall apply. The term "force majeure" as used herein shall mean any causes reasonably beyond the control and without fault or negligence of the Seller which holly or in substantial part prevent the manufacture, transportation, loading, unloading, delivery or storage of the products sold hereunder. Examples, without limitation, of force majeure are acts of God, acts of the public enemy, acts of war, riot or civil commotion, labor disputes, labor or material shortages, accidents, fire, explosions, floods, breakdowns of or damage of plants, equipment or facilities, partial or complete embargoes imposed by originating or connecting inland carriers, interruptions to or contingencies of transportation, orders or acts of any governmental authority, acts, rules, regulations or expressed policies of any government.
   7.2 If force majeure notice is given under paragraph 7.1 above, the obligations of the Seller shall be suspended to the extent made necessary for such force majeure and during its continuance, if the obligations of the Seller remain suspended hereunder for a period amounting to forty-five (45) consecutive days measured from the dates of performance and at any time thereafter, then either party may terminate the agreement without liability by giving fifteen (15) days notice to the other party. At the expiration of said fifteen (15) days, unless such condition shall have been ended, the party giving such notice may terminate this agreement forthwith.
8. LIABILITY FOR DAMAGES
   8.1 THE SELLER SHALL NOT BE LIABLE FOR ANY DAMAGES CAUSED BY THE PRODUCTS DELIVERED OR TO BE DELIVERED TO THE BUYER, OR BY THE

BUYER'S OR ANY THIRD PARTY'S USE OF SUCH PRODUCTS, AFTER THE PRODUCTS HAVE BEEN IDENTIFIED TO THE CONTRACT.

8.2 THE SELLER'S OBLIGATIONS HEREUNDER ARE EXPRESSLY SUBJECT TO THE OCCURRENCE OF EVENTS OF FORCE MAJEURE, AND NO LIABILITY SHALL BE INCURRED BY SELLER FOR DAMAGES OF ANY NATURE RESULTING FROM SUSPENSION, REDUCTION OR TERMINATION OF DELIVERIES FOR REASONS OF FORCE MAJEURE, OR FROM SELLER'S COMPLIANCE WITH ANY GOVERNMENT ACTION.

8.3 THE BUYER SHALL HOLD THE SELLER HARMLESS FROM ALL CLAIMS OR ACTIONS BROUGHT BY THIRD PARTIES WITH RESPECT TO ANY DAMAGES DESCRIBED IN THIS ARTICLE 8.

9. Waiver – Severability of Terms

9.1 Waiver by the Seller of any default of the Buyer shall not be deemed a waiver of any other default of the Buyer. The express provision herein for certain rights and remedies of the Seller shall not be construed to deprive the Seller of any other rights and remedies to which it would otherwise be entitled under applicable law.

9.2 The invalidity of any provision of these Terms and Conditions shall not affect the remaining provisions hereof.

10. Governing Law – Notice

10.1 This Invoice shall be interpreted in accordance with the internal laws of the State of Minnesota (without giving effect to its conflicts of laws rules) including, without limitation, the Uniform Commercial Code as enacted and in force from time to time in the State of Minnesota and no presumption shall be deemed to exist in favor or against either party as a result of the preparation and/or negotiation of this Invoice.

10.2 This Invoice and all the terms and conditions hereof shall be binding upon the Parties and their respective successors and assigns, however, the Buyer shall not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Seller.

10.3 **The parties hereto submit to the jurisdiction of the courts of the State of Minnesota (including Hennepin County Conciliation Court), and the Minnesota Federal Courts. The parties hereto also agree to service of any complaint by certified mail.** To the extent that the Buyer or any of its property has or may hereafter acquire any right of sovereign immunity from suit, the Buyer hereby irrevocably waives any such right of sovereign immunity in respect of its obligations, rights and duties under this agreement.

10.4 Notices or other communications shall be given by telex or telegram, or by registered or certified mail, return receipt requested. Telex or telegram notice shall be deemed received twelve hours after transmission. Mail notice shall be deemed received on the fifth day after mailing (or on the next business day if the fifth day is not a business day). Where both methods of notice are used, the earlier shall establish the effective date of notice. Notice shall be given to the address of a party as stated on the face hereof until appropriate notice otherwise

RESOLUTION 2022-XXX

APPROVING A CHECK TO NEW HOPE COMMUNITY CHURCH FOR VOLUNTEERING AT ISANTI MOVIE NIGHTS

WHEREAS, free public movie nights at the Isanti Community Center were approved by City Council January 21, 2014 Resolution No. 2014-013; and,

WHEREAS, the City of Isanti receives requests from various non-profit youth organizations and groups from Isanti to volunteer at the ICC Movie Nights approved by City Council September 16, 2014 Resolution No. 2014-226; and,

WHEREAS, the volunteer group per the policy are to receive the profits from the concessions sold at the movie night; and,

WHEREAS, the City of Isanti received an application for the New Hope Community Church to volunteer at the February 18, 2022 movie; and,

WHEREAS, the profit from concessions totaled $18.97,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that a check will be written to New Hope Community Church in the amount of $18.97.

This resolution was duly adopted by the Isanti City Council this 1st day of March 2022.

Exhibit A

AGREEMENT BETWEEN THE CITY OF ISANTI AND FRIENDS OF ISANTI AREA LIBRARY (FIAL)

Terms

The FIAL is permitted to use the East Central Regional Library (ECRL) link space within City Hall the third Thursday of each month from 9 a.m. to 11 a.m. Any time outside that day and time must be approved by the City Administrator. The FIAL must have continued support by the East Central Regional Library (ECRL) who has the approved lease agreement with the City of Isanti to utilize the space. Should the ECRL terminate their agreement with the City or the City terminate with the ECRL, the agreement with the FIAL will also be terminated. The use of equipment and materials that are the property of the ECRL must be approved by the ECRL. The City will not grant access for the use of ECRL equipment and/ or materials. City Staff will unlock/lock the door and provide 5 chairs for use by the FIAL.

Meeting Room Rules and Regulations

The City of Isanti observes and supports the Minnesota Clean Indoor Air Act. All City buildings are designated as tobacco free, meaning that smoking in any form (through the use of tobacco products such as pipes, cigars, and cigarettes) and any form of "vaping" with e-cigarettes (without regard to the presence of nicotine) is prohibited while inside City Hall.

The use of intoxicating liquor and non-intoxicating malt liquor beverages is prohibited.

The City assumes no liability for loss, damage, injury or illness incurred by the users of the facility.

Noise must be confined to the space provided. Children must be under the direct supervision of an adult at all times.

Signs may not be pinned, taped, or otherwise affixed to the walls, ceiling or windows.

The FIAL is responsible for disposing of any garbage from the meeting and leaving the space in a clean and orderly fashion, which may include vacuuming. If the room or surrounding area is left uncleaned or in disarray, or damage occurs during use, the FIAL can and will be held responsible for damages and will lose the privilege to use the space.

RESOLUTION 2022-XXX

AMENDING THE 2022 CAPITAL IMPROVEMENT PLAN FOR THE ISANTI COMMUNITY CENTER

WHEREAS, the Capital Improvement Plan (CIP) for the Isanti Community Center (ICC) had $8,555.00 to replace the convection oven in 2021; and,

WHEREAS, it was determined not to replace the original convection oven due to the HVAC needing to be redone and the requirement to add in a commercial hood; and,

WHEREAS, an alternative is a small tabletop convection oven that would not require a hood and can be purchased with a two-year protection plan for a cost not to exceed $1,400.00; and,

WHEREAS, the CIP plan would need to be amended to allow the purchase of this unit in 2022,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to authorize the Finance Director to amend the 20-year Capital Improvement Plan by adding the tabletop convection oven at the ICC to 2022 and make the necessary changes based on actual final cost.

This resolution was duly adopted by the Isanti City Council this 1st day of March 2022.

RESOLUTION 2022-XXX

AWARDING QUOTE AND AUTHORIZING TO ENTER INTO A CONTRACT FOR BILLBOARD FOR ISANTI LIQUOR STORE

WHEREAS, the Council approved funding in the 2022 budget for advertising for the Isanti Municipal Liquor Store; and,

WHEREAS, the City of Isanti has received a quote for an advertising billboard for Isanti Liquor Store from Lamar;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, the following:

1. Hereby award the contract for Billboard Services to Lamar.

2. That the Liquor Store Manager is hereby authorized to enter into and sign a contract with Lamar for the provision of advertising billboard for the City of Isanti for a two (2) year period starting March 21, 2022 and ending March 17, 2024.

3. That Lamar (contractor) shall submit monthly statements for services provided in a given month to the city and receive compensation in the amounts as provided within the agreed upon contract.

Total Costs: $13,750.00

Special Considerations:

Advertiser authorizes and instructs The Lamar Companies (Lamar) to display in good and workmanlike manner, and to maintain for the terms set forth above, outdoor advertising displays described above or on the attached list. In consideration thereof, Advertiser agrees to pay Lamar all contracted amounts within thirty (30) days after the date of billing. Advertiser acknowledges and agrees to be bound by the terms and conditions on all pages of this contract.

The Agency representing this Advertiser in the contract executes this contract as an agent for a disclosed principal, but hereby expressly agrees to be liable jointly and severally and in solido with Advertiser for the full and faithful performance of Advertiser's obligations hereunder. Agency waives notice of default and consents to all extensions of payment.

The undersigned representative or agent of Advertiser hereby warrants to Lamar that he/she is the Media Buyer
(Officer/Title)
of the Advertiser and is authorized to execute this contract on behalf of the Advertiser.

LAMAR

CONTRACT # 3784543

Date: 3/1/2022
New/Renewal: NEW
Account Executive: Darrin Christiansen
Phone: 320-253-3000

THE LAMAR COMPANIES	This contract is NOT BINDING UNTIL ACCEPTED by a Lamar General Manager.	
Darrin Christiansen		
ACCOUNT EXECUTIVE: Darrin Christiansen	GENERAL MANAGER	DATE

STANDARD CONDITIONS

1. Late Artwork: The Advertiser must provide or approve art work, materials and installation instructions ten (10) days prior to the initial Service Date. In the case of default in furnishing or approval of art work by Advertiser, billing will occur on the initial Service Date.

2. Copyright/Trademark: Advertiser warrants that all approved designs do not infringe upon any trademark or copyright, state or federal. Advertiser agrees to defend, indemnify and hold Lamar free and harmless from any and all loss, liability, claims and demands, including attorney's fees arising out of the character contents or subject matter of any copy displayed or produced pursuant to this contract.

3. Payment Terms: Lamar will, from time to time at intervals following commencement of service, bill Advertiser at the address on the face hereof. Advertiser will pay Lamar within thirty (30) days after the date of invoice. If Advertiser fails to pay any invoice when it is due, in addition to amounts payable thereunder, Advertiser will promptly reimburse collection costs, including reasonable attorney's fees plus a monthly service charge at the rate of 1.5% of the outstanding balance of the invoice to the extent permitted by applicable law. Delinquent payment will be considered a breach of this contract. Payments will be applied as designated by the Advertiser; non designated payments will be applied to the oldest invoices outstanding.

4. Service Interruptions: If Lamar is prevented from posting or maintaining any of the spaces by causes beyond its control of whatever nature, including but not limited to acts of God, strikes, work stoppages or picketing, or in the event of damage or destruction of any of the spaces, or in the event Lamar is unable to deliver any portion of the service required in this contract, including buses in repair, or maintenance, this contract shall not terminate. Credit shall be allowed to Advertiser at the standard rates of Lamar for such space or service for the period that such space or service shall not be furnished or shall be discontinued or suspended. In the case of illumination, should there be more than a 50% loss of illumination, a 20% pro-rata credit based on four week billing will be given. If this contract requires illumination, it will be provided from dusk until 11:00p.m. Lamar may discharge this credit, at its option, by furnishing advertising service on substitute space, to be reasonably approved by Advertiser, or by extending the term of the advertising service on the same space for a period beyond the expiration date. The substituted or extended service shall be of a value equal to the amount of such credit.

5. Entire Agreement: This contract, all pages, constitutes the entire agreement between Lamar and Advertiser. Lamar shall not be bound by any stipulations, conditions, or agreements not set forth in this contract. Waiver by Lamar of any breach of any provision shall not constitute a waiver of any other breach of that provision or any other provision.

6. Copy Acceptance: Lamar reserves the right to determine if copy and design are in good taste and within the moral standards of the individual communities in which it is to be displayed. Lamar reserves the right to reject or remove any copy either before or after installation, including immediate termination of this contract.

7. Termination: All contracts are non-cancellable by Advertiser without the written consent of Lamar. Breach of any provisions contained in this contract may result in cancellation of this contract by Lamar.

8. Materials/Storage: Production materials will be held at customer's written request. Storage fees may apply.

9. Installation Lead Time: A leeway of five (5) working days from the initial Service Date is required to complete the installation of all non-digital displays.

10. Customer Provided Production: The Advertiser is responsible for producing and shipping copy production. Advertiser is responsible for all space costs involved in the event production does not reach Lamar by the established Service Dates. These materials must be produced in compliance with Lamar production specifications and must come with a 60 day warranty against fading and tearing.

11. Bulletin Enhancements: Cutouts/extensions, where allowed, are limited in size to 5 feet above, and 2 feet to the sides and 1 foot below normal display area. The basic fabrication charge is for a maximum 12 months.

12. Assignment: Advertiser shall not sublet, resell, transfer, donate or assign any advertising space without the prior written consent of Lamar.

RESOLUTION 2022-052

APPROVING A FORGIVABLE LOAN FOR BARACK REALTY LLC FOR CERTAIN REAL PROPERTY LOCATED AT PID 16.029.1400

WHEREAS, the City of Isanti owns industrial property for the public purpose of creating quality jobs and increasing the City's tax base; and,

WHEREAS, the City of Isanti entered into a Purchase Agreement with Barack Realty LLC for the sale of the property located at PID 16.029.1400; and,

WHEREAS, the EDA has received a request from Barack Realty LLC for assistance in the relocation and expansion of their business to PID 16.029.1400, as legally described as The West 410 feet of the following described tract of land to-wit: All that part of the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), described as follows, to-wit:

Commencing at the intersection of the North line of said forty acres and the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence west and along said North line a distance of 1036 feet, thence South and parallel with the East line of said forty acres a distance of 425 feet, thence East and parallel with the North line of said forty acres a distance of 977 feet, more or less, and to the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence Northeasterly and along said Westerly right-of-way line of Minnesota Trunk Highway No. 65 to the point of beginning and there to terminate; and,

WHEREAS, to support the business and the goals set forth in the Comprehensive Plan, the City of Isanti agrees to provide a $87,100 forgivable loan to Barack Realty LLC to support the growing business and filling an otherwise empty industrial lot; and,

WHEREAS, the $87,100 loan will be forgiven upon compliance, by Barack Realty LLC, with the provision of paragraph 7(c) of the Development and Subsidy Agreement for Barack Realty LLC dated March 15, 2022; and,

WHEREAS, the forgivable loan is in lieu of selling the land for $1.00 to meet the requirements of the 504 SBA Loan Barack Realty LLC is acquiring for the construction project; and,

WHEREAS, the City of Isanti has reviewed said request and found it to be in compliance with the City Code and Minnesota State Statutes;

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota: that a $87,100 deferred loan is awarded to Barack Realty LLC for assistance for the acquisition of real property, legally described as The West 410 feet of the following described tract of land to-wit: All that part of the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), described as follows, to-wit:

Request for City Council Action

To: **Mayor Johnson and Members of City Council**

From: Alyssa Olson, Parks, Recreation & Events Coordinator

Date: March 15, 2022

Subject: Resolution 2022-XXX Authorizing Submission of DNR Outdoor Recreation Grant Application

---

Background:

The DNR Outdoor Recreation Grant is an annual grant awarded to local units of government to cover up to 50% of costs associated with projects that continue development of local parks and recreation areas. Staff has completed an application to apply for the 2023 program with maximum award funding of $300,000 that would support the addition of amenities in Bluebird Park. The outlined project would include the building of a splash pad and restrooms, plus the addition of pollinator-friendly gardens and to increase the accessibility aspect of the project, the addition of intergenerational fitness equipment along the walk trails, which will enhance the funding appeal of the project.

The identified features would have a total project cost of $736,000, with the potential to receive $300,000 in grant funding. The City would provide the remaining project costs from the $436,000 allocated for restrooms and the splash pad in the CIP, with no additional funding needs.

Request:

Staff is requesting approval to submit the grant application to apply for funds for this total park project.

Proclamation by Mayor Jeff Johnson

Week of the Young Child™

Whereas, many local organizations in conjunction with the National Association for the Education of Young Children, are celebrating the Week of the Young Child™, April 2nd - April 8th; and,

Whereas, these organizations are working to improve early learning opportunities, including early literacy programs, that can provide a foundation of learning for children in Isanti, MN; and,

Whereas, teachers and others who make a difference in the lives of young children in Isanti, MN deserve thanks and recognition; and,

Whereas, public policies that support early learning for all young children are crucial to young children's futures.

I, Jeff Johnson, Mayor of the City of Isanti do hereby proclaim April 2nd - April 8th, 2022 as the Week of the Young Child™ and encourage all citizens to work to make a good investment in early childhood in Isanti, MN.

I. Council Committee Reports

None

J. Public Hearings

1. South Brookview Improvements Project – Improvements Hearing

a. **Resolution 2022-033** Authorizing Improvement on the South Brookview Improvements Projects

b. **Resolution 2022-034** Approving Plans and Ordering Advertisement for Bids for the South Brookview Improvements Project

City Engineer Jason Cook shared that this is an improvement hearing for the South Brookview Improvements Project and the second major step in the assessment process. The feasibility report has been done, an open house has been held and the improvement hearing tonight is to give the residents an opportunity to voice their opinion for the project and if Council would like to proceed. The general project area is South Brookview 1-4 Additions which is about 9 blocks East of Whiskey Road and West of 6th Avenue.

Cook continued to share existing conditions with a pavement rating 2-5 out of 10 with anything under a 6 is unsalvageable., some of the utilities were initially installed in 1976 and another phase in 1990. This area was also evaluated for storm system improvements. The proposed improvements are to reclaim the street, patch concrete curb where needed, evaluation of adding a sidewalk along the north side of South Brookview Lane SW and leave utilities in place as is since there is no issue.

Cook shared examples of what the sidewalk could look like.

Notices and a questionnaire were sent out with only 8 responses received. 4 stated they were against the sidewalk and 4 stated they didn't care.

The Anoka Conservation District did a study of the whole City to find beneficial stormwater improvement areas. Their findings included 7 properties that fit the criteria for an improvement and in this specific case would be a curb cut rain garden. The rain garden would help with the water quality for the Rum River and the entire area. So far one resident has shown interest in a raingarden on their property.

Cook shared examples of what the curb cut rain garden curb could look like.

The total project cost with sidewalk is estimated at $744,000.00. The street improvements portion is $592,000.00 without the sidewalk with 25% being assessable. The sidewalk improvement if selected is estimated at $152,000.00 which is not assessable. The 25% of street improvements that is assessable comes out to be $18.41 per front foot.

Mayor Johnson opened the public hearing at 7:16 p.m.

Cordell Ebeling, 706 South Brookview LN SW, asked if three big trees on his property would be removed.

Cook stated that the layout is to take them out but there is an alternative layout option that would bend it around the trees if he desired to keep them.

Ebeling shared that he would like to see a sidewalk installed.

Brock Thorson, 711 S Brookview Lane SW, asked if everyone would be notified if the curbs end up having to be replaced.

Cook confirmed they would be notified.

Thorson asked who is being assessed.

Cook responded everyone with frontage on the project limits will be assessed.

Emily Meyer, 800 S Brookview LN SW, stated she preferred no sidewalk and does not want the trees on her property taken down.

Megan Olson, 501 6th Ave SW, stated that she was assessed for the 6th Ave project and is now going to be assessed for this project and asked if her mailbox could be raised up as asked when the 6th Ave project was done.

City Clerk Jaden Strand and Finance Director Mike Betker confirmed they would inform Public Services Director Matt Sylvester of Olson's wishes to raise her mailbox.

Ruth-Anne Larson, 311 8th Ave SW, shared that she is in favor of the yield sign staying.

Mayor Johnson closed the public hearing at 7:34 p.m.

Consensus from City Council is to not add any additional sidewalk 3-1 with Gordon wanting to add a sidewalk.

Motion by Lundeen, seconded by Gordon to approve J.1. a and J.1 b. Motion passed 4-0. Motion carried.

K. Business Items

City Clerk Jaden Strand

1. Liquor License Renewals

- **a. Resolution 2022-035** Approving the On-Sale and Sunday Liquor License Renewal for Junction Bowl and Whistle Stop Bar & Grill
- **b. Resolution 2022-036** Approving the On-Sale and Sunday Liquor License Renewal for Rum River VFW 2735
- **c. Resolution 2022-037** Approving the On-Sale and Sunday Liquor License Renewal for Wintergreen's Golf & Grill
- **d. Resolution 2022-038** Approving the Brewer Off-Sale and Tap Room On-Sale Sunday License Renewal for Thunder Brothers Brewery, Inc.

Councilor Lundeen asked Chief of Police Travis Muyres if there are any issues with the businesses that were requesting renewals.

Muyres confirmed no issues.

Motion by Lundeen to approve L.1 a., L.1 b., L.1 c., and L.1 d., seconded by Collison. Motion passed 4-0. Motion carried.

Community Development Director Stephanie Hillesheim

2. Resolution 2022-039 Approving the Final Plat for Fairway Greens North (Phase 2)
Community Development Director Stephanie Hillesheim shared that at the January 18th, 2021 City Council meeting the Council approved the preliminary plat for Fairway Greens North with conditions. The applicant has applied for the final plat approval for Phase 2. At this time, it will only be the plat that is considered as the development agreement is still being worked out for Phase 2 and will come at a later date.

Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 4-0. Motion carried.

3. Resolution 2022-040 A Resolution Supporting Housing and Local Decision-Making Authority

Community Development Director Stephanie Hillesheim shared that this is a resolution supporting local decision-making of local governments to maintain their authority over housing plot standards and zoning standards. There is a push at the state level to restrict lot sizes and look at affordable housing state-wide versus the metro.

Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 4-0. Motion carried.

4. **Resolution 2022-041** Approving Site Plans and a Conditional Use Permit for Drive-Thru Facilities at 291 5th Ave NE for the Little North Boutique

Community Development Director Stephanie Hillesheim shared that on February 15th the Community Development Specialist Ryan Saltis presented the site plan and conditional use permit application for the proposed Little North Boutique and this is to finalize the consideration and adopting the resolution with the findings of fact.

Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

City Engineer Jason Cook

5. Resolution 2022-042 Accepting Plans and Specifications and Authorizing Advertisement for Bid for the 2022 Pavement Management Project

City Engineer Jason Cook shared that this is for continuing on for the pavement management program. The plans are developed and ready to go out for bids. Cook further shared that during evaluation of the streets it was found that Buckskin Development area has pavement that is in worse shape than a straight sealcoat can address. Due to this, it is requested to do a micro seal on it which is a thicker surface treatment but not as seriously and costly as an overlay. The micro seal does increase the total project cost slightly than budgeted.

Finance Director Mike Betker stated that a project over budget is fine in the amount estimated given the long term plan for pavement management.

Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion passed 4-0. Motion carried.

L. Approve Consent Agenda

1. Payroll in the Amount of $122,236.61 and Accounts Payable in the Amount of $288,007.31
2. Resolution 2022-043 Accepting Parks, Recreation and Culture Board Member Aaron Zdon's Resignation
3. Resolution 2022-XXX Authorizing the Replacement of the Main Lift Station Generator
4. **Resolution 2022-044** Approving a Check to New Hope Community Church for Volunteering at Isanti Movie Nights
5. **Resolution 2022-045** Approving Application for an Exempt Gambling Permit for Rum River BMX 50/50 Raffle for May 1st, 2022
6. **Resolution 2022-046** Accepting Part-Time Police Secretary Maria Glad Letter of Resignation
7. **Resolution 2022-047** Approving Partnership Agreement Between the City of Isanti and FIAL (Friends of Isanti Area Library)

8. **Resolution 2022-048** Amending the 2022 Capital Improvement Plan for the Isanti Community Center
9. **Resolution 2022-049** Awarding Quote and Authorizing to Enter into a Contract for Billboard for Isanti Liquor Store

Councilor Gordon asked about peak shaving and useful age life of the generator referred to in L.3.

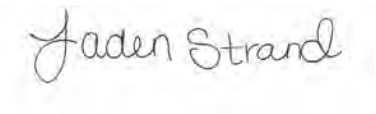
Motion by Lundeen, seconded by Gordon to table L.3. to a later meeting. Motion passed 4-0. Motion carried.

Motion by Lundeen, seconded by Gordon to approve consent agenda with the exclusion of L.3. as it was motioned to be tabled to a future meeting. Motion passed 4-0. Motion carried.

M. Other Communications

Adjournment
A motion was made by Collison, seconded by Lundeen to adjourn. Motion passed 4-0. Motion carried.

Meeting adjourned at 7:53 p.m.
Respectfully Submitted,



Jaden Strand

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: March 15, 2022

Subject: Resolution 2022-XXX Approving a Gambling Premise Permit Application from Isanti County Sportsmen Club at the Thunder Brothers Brewery

---

Background:
Isanti County Sportsmen Club is requesting approval for a Premise Permit for ongoing gambling activities (pull-tabs, tipboards, paddlewheel, electronic pull-tabs and electronic linked bingo) at Thunder Brothers Brewery. The applicant, James Fidstrom, has successfully passed a background check by the Isanti Police Department.

Applicant James Fidstrom will be in attendance for any questions.

Request:
Staff is requesting action on this item.

Attachment:

- Resolution 2022-XXX Approving a Gambling Premise Permit Application from Isanti County Sportsmen Club at the Thunder Brothers Brewery

RESOLUTION 2022-XXX

APPROVING A GAMBLING PREMISE PERMIT APPLICATION FROM ISANTI COUNTY SPORTSMEN CLUB AT THUNDER BROTHERS BREWERY

WHEREAS, the Isanti County Sportsmen Club applied to the City for a Gambling Premise Permit to operate gambling activities (pull-tabs, tipboards, paddlewheel, electronic pull-tabs and electronic linked bingo) at Thunder Brothers Brewery; and,

WHEREAS, the Premises Permit Application appears to be acceptable in all respects; and,

WHEREAS, the City of Isanti has no objection to the conduct of lawful gambling by the applicant, in accordance with law, at the designated location; and,

WHERAS, the applicant, James Fridstrom, has successfully passed a background check by the Isanti Police Department;

NOW, THEREFORE, IT IS HEREBY RESOLVED that the City of Isanti approves the premise permit application for gambling activities (pull-tabs, tipboards, paddlewheel, electronic pull-tabs and electronic linked bingo) for Isanti County Sportsmen Club to conduct lawful gambling at Thunder Brothers Brewery (801 Highway 65 Isanti, MN 55040.)

This resolution was duly adopted by the Isanti City Council this 15th day of March 2022.

---

Background

Rum River BMX has submitted a special event permit application to host a two-day pedal bike racing event for the Race for Life & DK Gold Cup Qualifier. The event will take place Friday, April 29 through Sunday, May 1, 2022. The races will take place in the Isanti Indoor Arena, with some participant tents sized 12x12' to 24x24' being set up along the South and East sides of the building.

Event hours will begin with set-up on Friday, April 29 from 4-8pm and the public event will run Friday from 6-9pm, Saturday from 10am-6pm, and Sunday from 7am-5pm.

The event map is attached with the desired layout for external elements. No road closures or parking restrictions are being requested. Rum River BMX and event volunteers will be responsible for cleaning up waste on the property after the event.

The approximate attendance in spectators is 800 per day.

4 Portable restrooms will be brought in to accompany the existing restrooms; no outdoor audio system or live entertainment will be used. Race fees will be collected and a portion of fees will be donated to the Leukemia Cancer Society.

The complete application, along with the proposed site map, as well as departmental review are attached.

Staff Request

City staff is requesting approval of the Race for Life & DK Gold Cup Qualifier Special Event Permit application and attachments.

RESOLUTION 2022-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR RACE FOR LIFE & DK GOLD CUP QUALIFIER

WHEREAS, Rum River BMX has submitted a Special Event application requesting a permit to host the Race for Life& DK Gold Cup Qualifier; and,

WHEREAS, a two-day pedal bike race event is scheduled to take place in the Isanti Indoor Arena from Friday, April 29 through Sunday, May 1; and,

WHEREAS, event set-up is scheduled for Friday, April 29 from 4:00 pm to 8:00 pm; and,

WHEREAS, the estimated number of people to be in attendance each day is 800; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event; and,

WHEREAS, parking during the event will be restricted to paved surfaces at the Isanti Indoor Arena, Bluebird Park parking lot or Skateboard Park, as per the venue agreement with the City of Isanti; and,

WHEREAS, the applicant has submitted a complete request with the application materials; and,

WHEREAS, public addressing systems and live entertainment will not be utilized during the event; and,

WHEREAS, the application submittal does not require a $100 clean-up deposit fee;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the special event permit request for Race for Life & DK Gold Cup Qualifier;

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this 15th day of March, 2022.

-EVENT SPONSOR-
RELEASE AND INDEMNIFICATION AGREEMENT

City of Isanti

THIS IS A RELEASE OF LIABILITY INDEMNIFICATION AGREEMENT. SPECIAL EVENTS HOLDER MUST READ CAREFULLY BEFORE SIGNING.

In consideration for being permitted to engage in the following special event activities on property owned by the City of Isanti:
Bmx pedal bike Race for Life and DK Gold Cup Qualifier Located at the Isanti Indoor Arena on April 29 thru May 1 2022

Special Events Holder hereby acknowledges, represents, and agrees as follows:

A. We understand that the above described activities are or may be dangerous and do or may involve risks of injury, loss, or damage to us and/or third parties. We further acknowledge that such risks may include but not be limited to bodily injury, personal injury, sickness, disease, death, and property loss or damage, arising from the following circumstances, among others:
BMX pedal bike racing.

(Special Events Holder Initials Here) JB

B. If required by this paragraph, we agree to require each participant to our special event to execute a **RELEASE AND INDEMNIFICATION AGREEMENT** for ourselves and for the City of Isanti, on a form approved by the City of Isanti.

Participant Release and Indemnification required? YES ☑ NO ☐

(Special Events Holder Initials Here) JB

C. We agree to procure, keep in force, and pay for special event insurance coverage, from an insurer acceptable to the City of Isanti, for the duration of the above described activities.

(Special Events Holder Initials Here) JB

D. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby expressly assume all such risks of injury, loss, or damage to us or any related third party, arising out of or in any way related to the above described activities,

whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

E. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we further hereby exempt, release and discharge the City of Isanti, its officers, and its employees from any and all claims, demands, and actions for such injury, loss or damage to us or to any third party, arising out of or in any way related to the above described activities, whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

F. We further agree to defend, indemnify and hold harmless the City of Isanti, its officers, employees, insurers, and self insurance pool, from and against all liability, claims, and demands, court costs and attorney fees, including those arising from any third party claim asserted against the City of Isanti, its officers, employees, insurers or self insurance pool, on account of injury, loss or damage, including without limitation claims arising from bodily injury, personal injury, sickness, disease, death, property damage or loss, or any other loss of any kind whatsoever, which arise out of or are in any way related to the above described activities, whether or not caused by our act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

G. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby acknowledge and agree that said Agreement extends to all acts omissions, negligence, or other fault of the City of Isanti, its officers, and/or its employees, and that said Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Minnesota. If any portion thereof is held invalid, it is further agreed that the balance shall, notwithstanding, continue in full legal force and effect.

(Special Event Holder Initials Here) JB

H. We understand and agree that this **RELEASE AND INDEMNIFICATION AGREEMENT** shall be governed by the laws of the State of Minnesota and that jurisdiction and venue for any suit or cause of action under this agreement shall lie in the courts.

(Special Event Holder Initials Here) JB

I. This **RELEASE AND INDEMNIFICATION AGREEMENT** shall be effective as of the date or dates of the applicable special event, shall continue in full force until our responsibilities hereunder are fully discharged, and shall be binding upon us, or successors, representatives, heirs, executors, assigns, and transferees.

(Special Event Holder Initials Here) JB

IN WITNESS THEREOF, THIS RELEASE AND INDEMNIFICATION AGREEMENT is executed by the special event holder, acting by and through the undersigned, who represents that he or she is property authorized to bind the Special Events Holder hereto.

MEMO

To: **City of Isanti**
From: Stephanie Hillesheim, Community Development Director
Date: March 15, 2022
Subject: Approving the Sale of the Property located at PID 16.029.1400 to Barack Realty LLC and Resolution APPROVING A FORGIVABLE LOAN FOR BARACK REALTY LLC

The City of Isanti has received a request from Barack Realty LLC to purchase City owned parcel identified as PID 16.029.1400. Barack Realty LLC is working with the Small Business Administration for loan funding and to be eligible to include the value of the land in their loan documents the structure of the transaction has been altered to allow for a forgivable loan to the purchaser in lieu of selling the land for $1.00. The outcome of the closing will remain the same.

Upon closing and before construction, Barack Realty will be required to Plat the parcel through the Administrative Subdivision process, as well and adhere to the requirements and conditions listed in the attached Development and Subsidy Agreement.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, approve Resolution as written, as well as the accompanying documents: Purchase Agreement, Development and Subsidy Agreement, and Promissory Note.

Attachments:

- Business Subsidy Agreement

RESOLUTION 2022-xxx

APPROVING A FORGIVABLE LOAN FOR BARAK REALTY LLC FOR CERTAIN REAL PROPERTY LOCATED AT PID 16.029.1400

WHEREAS, the City of Isanti owns industrial property for the public purpose of creating quality jobs and increasing the City's tax base; and,

WHEREAS, the City of Isanti entered into a Purchase Agreement with Barack Realty LLC for the sale of the property located at PID 16.029.1400; and,

WHEREAS, the EDA has received a request from Barack Realty LLC for assistance in the relocation and expansion of their business to PID 16.029.1400, as legally described as The West 410 feet of the following described tract of land to-wit: All that part of the Southeast Quarter of the Northwest Quarter (SEÂ¼ of NWÂ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), described as follows, to-wit:

Commencing at the intersection of the North line of said forty acres and the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence west and along said North line a distance of 1036 feet, thence South and parallel with the East line of said forty acres a distance of 425 feet, thence East and parallel with the North line of said forty acres a distance of 977 feet, more or less, and to the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence Northeasterly and along said Westerly right-of-way line of Minnesota Trunk Highway No. 65 to the point of beginning and there to terminate; and,

WHEREAS, to support the business and the goals set forth in the Comprehensive Plan, the City of Isanti agrees to provide a $87,100 forgivable loan to Barack Realty LLC to support the growing business and filling an otherwise empty industrial lot; and,

WHEREAS, the $87,100 loan will be forgiven upon compliance, by Barack Realty LLC, with the provision of paragraph 7(c) of the Development and Subsidy Agreement for Barack Realty LLC dated March 15, 2022; and,

WHEREAS, the City of Isanti has reviewed said request and found it to be in compliance with the City Code and Minnesota State Statutes.

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, Minnesota: that a $87,100 deferred loan is awarded to Barack Realty LLC for assistance for the acquisition of real property, legally described as The West 410 feet of the following described tract of land to-wit: All that part of the Southeast Quarter of the Northwest Quarter (SEÂ¼ of NWÂ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), described as follows, to-wit:

Commencing at the intersection of the North line of said forty acres and the Westerly right-of-

way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence west and along said North line a distance of 1036 feet, thence South and parallel with the East line of said forty acres a distance of 425 feet, thence East and parallel with the North line of said forty acres a distance of 977 feet, more or less, and to the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence Northeasterly and along said Westerly right-of-way line of Minnesota Trunk Highway No. 65 to the point of beginning and there to terminate.

This resolution was duly approved by the City of Isanti this 15th of March, 2022.

Promissory Note

$87,100 Date:

Barack Realty LLC ("Undersigned"), for value received, promises to pay to the City of Isanti a public body corporate and political subdivision of the State of Minnesota, or its assigns (collectively referred to herein as the "Holder"), at its designated principal office or such other place as the Holder may designate in writing, the principal sum of Eighty-seven thousand and 100 dollars ($87,100), without interest thereon, upon notification by the City of Isanti that the failure to comply set forth in section 1 below has occurred , in any coin of currency that at the time or times of the payment is legal tender for the payment of private debts in the United States of America. The principal of this is Note is payable as follows:

1. The entire unpaid balance of principal shall be due and payable upon failure of the Undersigned to comply with the provisions of paragraph 7(c) of the Development and Subsidy Agreement for Barack Realty LLC. dated March 15, 2022 (the "Development and Subsidy Agreement").

2. All of the agreements, conditions, covenants, provisions and stipulations contained in the Development and Subsidy Agreement are made a part of this Note to the same extent and with the same force and effect as if they were fully set forth herein.

3. This Note shall be governed by and construed in accordance with the laws of the state of Minnesota without regard to its conflict of laws provisions. Any disputes, controversies, or claims arising out of this Note shall be heard in the state or federal courts of Minnesota, and all parties to this Note waive any objection to the jurisdiction of these courts, whether based on convenience or otherwise.

4. IT IS HEREBY CERTIFIED AND RECITED that all conditions, acts, and things required to exist, happen, and be performed precedent to or in the issuance of this Note do exist, have happened, and have been performed in regular and due form as required by law.

DRAFT

PURCHASE AGREEMENT

This Agreement is entered into by and between the **City of Isanti,** a Minnesota municipal corporation ("Seller"), and **Barack Realty LLC** a corporation under the laws of Minnesota ("Buyer").

1. **EFFECTIVE DATE.** The effective date of this Agreement is March 15, 2022 (the "Effective Date").

2. **SALE OF PROPERTY.** Seller agrees to sell to Buyer, and Buyer agrees to buy from Seller the Property legally described as follows:

Lot 3 Block 1 of Isanti Centennial Complex 7th Rearrangement, County of Isanti, State of Minnesota

Isanti County PID Number: 16.029.1400

3. **PURCHASE PRICE.** The purchase price for the Property is $87,100 (the "Purchase Price").

4. **EARNEST MONEY.** None.

5. **SURVEY.** Buyer may, at Buyer's expense, obtain a survey (the "Survey") from a duly licensed surveyor. If so obtained, a copy shall be provided to Seller within 30 days of receipt by Buyer.

6. **TITLE COMMITMENT.**

   a. Seller makes no representations or warranties with respect to the status of title to the Property. Within 30 business days after the Effective Date, Buyer may, at Buyer's expense, obtain a commitment from Escrow Agent to issue an owner's policy of title insurance insuring Buyer's title to the Property (the "Title Commitment") and deliver the Title Commitment and copies of or internet access to copies of all recorded documents referenced in the Title Commitment to Buyer.

   b. Buyer shall have until the date 30 days after the receipt of the Title Commitment to review Title and to give Seller written notice of (i) any defects in the marketability of Seller title to the Property or any encumbrances on Seller's title to the Property that are objectionable to Buyer, and (ii) the specific actions Buyer requests that Seller take with respect to each such defect or encumbrance (a "**Title Objection Notice**"). Any

defects in or encumbrances on Seller's title that Buyer does not identify in a timely Title Objection Notice are each a "**Permitted Exception**." Within three business days after Seller's receipt of a Title Objection Notice from Buyer, Seller will notify Buyer, in writing, of the actions, if any, that Seller is willing to take with respect to each of the matters identified in the Title Objection Notice and the time frame in which Seller will take those actions ("**Seller's Title Notice**"). If Seller's Title Notice indicates that Seller unconditionally agrees to make Seller's title to the Property marketable on or before the closing date established pursuant to Section 13, the parties shall proceed to closing pursuant to the terms of this Agreement. If Seller's Title Notice indicates that Seller does not unconditionally agree to make Seller's Title to the Property marketable on or before the closing date established in Section 10, Buyer may, at any time with three business days after Buyer's receipt of Seller's Title Notice, terminate this Agreement by written notice to Buyer in which case this Agreement is terminated ("**Buyer's Title Termination Notice**"). If Buyer does not deliver a Buyer's Title Termination Notice to Seller within the three business days after Buyer's receipt of Seller's Title Notice, than Seller must perform in accordance with Seller's Title Notice, Buyer shall be deemed to have waived Buyer's objections to the extent Seller has not agreed to address them in Seller's Title Notice, the matters to which Buyer objected and Seller did not agree to resolve are deemed Permitted Exceptions, and the parties shall proceed to Closing in accordance with the terms of this Agreement and the terms of Seller's Title Notice.

7. **RIGHT OF ENTRY.** Buyer (and its employees, agents, and contractors) may enter the Property for the purpose of conducting soil tests, environmental tests and additional survey work, subject to the following conditions:

    a. Within one week after the termination of this Agreement, if either Seller or Buyer terminate this Agreement in accordance with the provisions hereof prior to Closing, Buyer must repair and or restore any damage Buyer or its employees, agents or contractors cause to the Property and remove any personal property, refuse or debris Buyer or its employees, agents or contractors brought onto or authorized third parties to bring onto the Property.

    b. Buyer must defend and indemnify Seller from and against and hold Seller harmless Seller from all "Claims," as defined in Section 10, arising out of, resulting from or relating to any loss of or damage to any property or business or out of any injury to or death of any person, if the loss, damage, injury, or death arises or is alleged to arise either directly or indirectly and either wholly or in part from: (a) any action or omission of Buyer or its employees, agents, or contractors, while on the Property pursuant to this Section; or (b) actions or omissions of Buyer or Buyer's employees, agents, or contractors that cause or result in the release of any Hazardous Substance onto the Property or onto other property.

    c. Buyer must comply with and shall cause it employees, agents, and contractors to comply with all applicable laws, while on the Property.

d. Other than a standard Phase 1 environmental assessment, Buyer may not commence any environmental testing on the Property until Buyer submits a work plan for such testing to Seller and Seller approves the work plan, in writing. Seller may not unreasonably withhold, condition or delay Seller's approval of a work plan.

e. Buyer must, promptly and without demand from Seller, provide Seller with true and complete copies of all draft and final reports relating to Buyer's geotechnical and environmental investigations and testing of the Property including, without limitation, any reports relating to any Phase I Environmental Site Assessment of the Property.

f. The cost of any test or additional survey work will be borne solely by Buyer.

8. **PROPERTY SOLD AS IS.** Subject to Buyer's right to terminate this Agreement pursuant to Section 9, Buyer agrees to accept the Property in its current condition, including, without limitation, its current environmental and geological condition, and in an "AS-IS" and with "ALL FAULTS" condition. Buyer's payment of the Purchase Price at Closing constitutes Buyer's acknowledgment and agreement that:

a. Seller has not made any written or oral representations or warranties of any kind with respect to the Property (including without limitation express or implied warranties of title, merchantability, or fitness for a particular purpose);

b. Buyer has not relied on any written or oral representation or warranty made by Seller, its agents or employees with respect to the condition or value of the Property;

c. Buyer has had an adequate opportunity to inspect the condition of the Property, including without limitation any environmental testing, and to inspect documents applicable thereto, and Buyer is relying solely on such inspection and testing; and

d. The condition of the Property is fit for Buyer's intended use.

e. Buyer accepts all risk of Claims (including without limitation all Claims under any Environmental Law and all Claims arising at common law, in equity or under a federal, state or local statute, rule or regulation) whether past, present or future, existing or contingent, known or unknown, arising out of, resulting from or relating to the condition of the Property, known or unknown, contemplated or uncontemplated, suspected or unsuspected, including without limitation the presence of any Hazardous Substance on the Property, whether such Hazardous Substance is located on or under the Property, or has migrated from or to the Property.

9. INSPECTION PERIOD.

a. Except as otherwise provided in Section 6, Buyer shall have **90 days from the Effective Date** (the "**Inspection Period**") to investigate the Property and determine, in Buyer's sole judgment, whether (i) the condition of the Property is suitable to Buyer's intended use; and (ii) Buyer will be able to obtain all governmental approvals (including, but not limited to, approvals necessary to subdivide and re-plat the Property, if applicable) and utilities necessary for Buyer's intended use of the Property. Buyer acknowledges and agrees that Seller has not made any covenants, representations or warranties regarding Buyer's ability to obtain governmental approvals from the City of Isanti or any other governmental entity. The City of Isanti will review, consider and act on any applications Buyer submits to the City for governmental approvals in accordance with City Code.

b. Buyer may, at any time on or before 5:00 p.m. on the last day of the Inspection Period, terminate the Agreement by written notice to Seller based on Buyer's determination, in Buyer's sole and absolute discretion, that the condition of the Property is not suitable for Buyer's intended use or that Buyer may not be able to obtain all governmental approvals and utilities necessary for Buyer's intended use of the Property. In addition, this Agreement automatically terminates at 5:00 p.m. on the last day of the Inspection Period unless, prior to that time Buyer delivers a written notice of Buyer's intention to proceed (a "**Notice to Proceed**") to Seller.

10. DEFINITIONS. As used in this Agreement:

"**Claim**" or "**Claims**" means any and all liabilities, suits, claims, counterclaims, causes of action, demands, penalties, debts, obligations, promises, acts, fines, judgments, damages, consequential damages, losses, costs, and expenses of every kind (including without limitation any attorney's fees, consultant's fees, costs, remedial action costs, cleanup costs and expenses which may be related to any claims).

"**Environmental Law**" means the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9601 et seq., the Resource Conservation and Recovery Act, 42 U.S.C. § 6901 et seq., the Federal Water Pollution Control Act (the Clean Water Act), 33 U.S.C. § 1251 et seq. the Clean Air Act, 42 U.S.C. § 7401 et seq., and the Toxic Substances Control Act, 15 U.S.C. § 2601 et seq., all as amended from time to time, and any other federal, state, local or other governmental statute, regulation, rule, law or ordinance dealing with the protection of human health, safety, natural resources or the environment now existing or hereafter enacted.

"**Hazardous Substance**" or "**Hazardous Substances**" means any pollutant, contaminant, hazardous substance or waste, solid waste, petroleum product, distillate, or fraction, radioactive material, chemical known to cause cancer or reproductive toxicity, polychlorinated biphenyl or any other chemical, substance or material listed or identified in or regulated by any Environmental Law.

11. **RELEASE.** By accepting the deed to the Property, Buyer, for itself, its directors, officers, stockholders, divisions, agents, affiliates, subsidiaries, predecessors, successors, and assigns and anyone acting on its behalf or their behalf hereby fully releases and forever discharges Seller from any and all Claims (including without limitation all Claims arising under any Environmental Law and all Claims arising at common law, in equity or under a federal, state or local statute, rule or regulation), past, present and future, known and unknown, existing and contingent, arising out of, resulting from, or relating to the condition of the Property, and Buyer hereby waives any and all causes of action (including without limitation any right of contribution) Buyer had, has or may have against Seller and anyone acting on its behalf with respect to the condition of the Property, whether arising at common law, in equity or under a federal, state or local statute, rule or regulation. The foregoing shall apply to any condition of the Property, known or unknown, contemplated or uncontemplated, suspected or unsuspected, including without limitation the presence of any Hazardous Substance on the Property, whether such Hazardous Substance is located on or under the Property, or has migrated from or to the Property.

12. **NOTICES.** Notices permitted or required by this Agreement must be in writing and shall be deemed given when delivered in legible form to the party to whom addressed. Notices may be sent by certified mail or e-mail. Notices are effective two business days after they are mailed via certified mail, return receipt requested or, if sent by email, upon email transmission (provided that any email transmission that occurs after 5:00 pm Pacific Time will be deemed provided on the following day). If delivered at the Closing, a notice shall be deemed given when hand-delivered to the party's representative at the Closing. The business addresses of the parties are as follows:

Seller: Josi Wood
City Administrator
City of Isanti Economic Development Authority
110 1st Ave. N.W.
Isanti, MN 55040
Email: jwood@cityofisanti.us

Buyer: Barack Realty LLC
[redacted]

Email: [redacted]

Notices not given in the manner or within the time limits set forth in this Agreement are of no effect and may be disregarded by the party to whom they are directed.

13. **CLOSING.** This transaction shall close within 30 days after Buyer delivers a Notice to Proceed to Seller or on such earlier date as Seller and Buyer may establish by mutual,

written agreement. The Closing shall take place at City offices or at some other place as the parties may mutually agree prior to such date. At the option of either Party, the executed closing documents, Purchase Price and closing costs may be deposited with the City to avoid the necessity for a Closing at which the Parties are present.

a. **Seller's Obligations at Closing.** At Closing, Seller must deliver to Escrow Agent, for delivery to Buyer:

    i. A limited warranty deed, duly executed and acknowledged on behalf of the City, conveying title to the Property, subject to (A) Building, Subdivision and Zoning Ordinances; (B) Matters that would be disclosed by an accurate survey of the Property; and (C) matters that constitute Permitted Exceptions pursuant to Section 6.

    ii. A certified copy of a duly adopted Resolution authorizing Seller's sale of the Property to Buyer; and

    iii. Seller's affidavits, well disclosure certificate (if required), settlement statement approved by Seller and Buyer, and any other documents required by the Escrow Agent.

b. **Buyer's Obligations at Closing.** At Closing, Buyer must:

    i. Provide the Purchase Price; and

    ii. File or cause Escrow Agent to file an Electronic Certificate of Real Estate Value, if required and necessary.

c. **Closing Costs.**

    i. At Closing, the following Seller closing costs and expenses must be paid from the Purchaser Price or, if the Purchase Price is not sufficient, paid by Seller:

        1. Seller's own attorney's fees.
        2. The cost of real estate broker commission fees as prescribed in Section 14, if any.

    ii. At Closing Buyer must pay the Purchase Price to Seller and the following costs and expenses:

        1. Property taxes payable 2022, if any.
        2. Buyer's own attorney's fees.
        3. All closing fees.
        4. Documentary and recording fees for the deed(s).
        5. State deed tax.

6. The cost of the title commitment.
7. The cost of the owner's title insurance policy, if Buyer elects to purchase an Owner's title insurance policy.

d. **Possession.** Seller must deliver possession of the Property to Buyer at Closing.

14. REAL ESTATE BROKERS. Seller and Buyer represent and warrant to each other that they have dealt with no brokers, real estate agents, finders or the like in connection with this transaction. Seller and Buyer agree to indemnify each other and to hold each other harmless against all claims, damages, costs or expenses of or for any broker's fees or commissions resulting for their actions or agreements regarding the execution or performance of this Agreement, other than the fees payable to Seller's Broker, and will pay all costs of defending any action or lawsuit brought to recover any such fees or commissions incurred by the other party, including reasonable attorney's fees.

15. ASSIGNMENT. This Agreement may not be assigned without the written consent of the non-assigning Party.

16. THIRD PARTY BENEFICIARY. There are no third-party beneficiaries of this Agreement, intended or otherwise.

17. JOINT VENTURE. Seller and Buyer, by entering into this Agreement and completing the transactions described herein, shall not be considered joint ventures or partners.

18. CAPTIONS. The paragraph headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement, and are not to be considered in interpreting this Agreement.

19. ENTIRE AGREEMENT / MODIFICATION. This written Agreement constitutes the complete agreement between the parties and supersedes any prior oral or written agreements between the parties regarding the Property. There are no verbal agreements that change this Agreement and no waiver or modification of any of its terms will be effective unless in writing executed by the parties.

20. BINDING EFFECT. This Agreement binds and benefits the Parties and their successors and assigns.

21. CONTROLLING LAW. This Agreement is made under the laws of the State of Minnesota and such laws will control its interpretation.

22. REMEDIES.

a. If Buyer fails to perform any of the terms or conditions of this Agreement within the specified time limits, Seller may declare this Agreement terminated pursuant to Minnesota Statutes section 559.21. Seller's sole remedy in the event of Buyer's default is retention of the Earnest Money, if any, unless Buyer defaults under Section 7 or 11 of this Agreement, in which case Seller may retain the Earnest money or suspend the performance of its obligations under this Agreement and commence an action in Isanti County District Court to recover its actual damages arising from the default.

b. If Seller fails to perform any of the terms or conditions of this Agreement within the specified time limits, Buyer may, as its sole remedy, declare this Agreement terminated, or, in the alternative, Buyer may have this Agreement specifically enforced and recover any incidental damages. Buyer waives all claims for consequential damages against Seller based on Seller's breach or alleged default hereunder.

23. WAIVER. Failure of Seller or Buyer to insist upon the performance of any of the covenants, agreements and/or conditions of this Agreement or to exercise any right or privilege herein shall not be deemed a waiver of any such covenant, condition or right.

24. SURVIVAL OF TERMS AND CONDITIONS. The terms and conditions of this Agreement shall survive and be in full force and effect after the delivery of the deed and shall not be deemed to have merged therein.

25. SEVERABILITY. Each provision of this Agreement shall apply to the extent permitted by applicable law and is intended to be severable. If any provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the legality or validity of the remainder of the Agreement.

26. CONSTRUCTION. The Parties acknowledge that this Agreement was initially prepared by Seller solely as a convenience and that all Parties and their counsel hereto have read and full negotiated all the language used in this Agreement. The Parties acknowledge that because all Parties and their counsel participated in negotiating and drafting this Agreement, no rule of construction shall apply to this Agreement to construe ambiguous or unclear language in favor of or against any Party.

27. COUNTERPARTS; DIGITAL COPIES. This Agreement may be executed in any number of counterparts and the signature pages of the separate counterparts combined into a single copy of this Agreement which will then constitute a fully executed version of this Agreement. A facsimile, .pdf file or digital copy of a signed counterpart or of an assemblage of counterparts of this Agreement shall be deemed to be an original thereof.

28. CONSTRUCTION DEADLINE. Buyer shall devote the Property to its intended use (Industrial) or begin work on the improvements to the Property to devote it to that use,

within two years after closing. In the event the above deadline is not met, Seller may cancel the sale and title shall return to Seller. Title to the Property may not be transferred by Buyer within one year of purchase without consent of Seller.

29. **TIME PERIODS.** The time for performance of any obligation or taking any action under this Agreement shall be deemed to expire at 5:00 p.m. Central Time on the last day of the applicable time period provided for in this Agreement. If the time for the performance of any obligation or taking any action under this Agreement expires on a Saturday, Sunday or legal holiday, the time for performance or taking such action shall be extended to the next succeeding day which is not a Saturday, Sunday or legal holiday.

CITY OF ISANTI

DEVELOPMENT AND SUBSIDY AGREEMENT FOR BARACK REALTY LLC

This Agreement (hereinafter the "Agreement") is entered into this 15th day of March, 2022 by and between the **City of Isanti**, a Minnesota municipal corporation (the "**City**") and **Barack Realty LLC**, a corporation under the laws of Minnesota (the "**Developer**").

Subject Property. Developer is, or will be, the owner of the Subject Property legally described as the West 410 feet of the following described tract of land to-wit: All that part of the Southeast Quarter of the Northwest Quarter (SEÂ¼ of NWÂ¼) of Section Twenty-nine (29), Township Thirty-five (35), Range Twenty-three (23), described as follows, to-wit:

Commencing at the intersection of the North line of said forty acres and the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence west and along said North line a distance of 1036 feet, thence South and parallel with the East line of said forty acres a distance of 425 feet, thence East and parallel with the North line of said forty acres a distance of 977 feet, more or less, and to the Westerly right-of-way line of Minnesota Trunk Highway No. 65 as presently existing and laid out, thence Northeasterly and along said Westerly right-of-way line of Minnesota Trunk Highway No. 65 to the point of beginning and there to terminate.

Located in the County of Isanti, State of Minnesota, PID Number 16.029.1400. Sale of the Subject Property by the City to Developer at a price below market value is the subsidy contemplated by this Agreement.

1. Conditions of Approval. The City has approved development of the Subject Property, as subsidized by the City, subject to satisfaction of the following conditions:

    a. The Developer's Execution of this Agreement. That the Developer enter into this Agreement.

b. Marketable Title. That the Developer obtain, and retain, title to the Subject Property.

c. Proof of Authority. That the Developer provide proof that its governing board authorized the Developer's execution of this Agreement. This proof of authority may be satisfied by providing the City with a certified copy of the minutes of the governing board.

d. Plat. That the Developer must plat the parcel as is required by Isanti City Code to build on the site at the Developer's expense subject to: (a) approval under the requirements of an Administrative Subdivision as detailed in Ordinance 740, Chapter 536, Article 2.

e. Site Plan. That Developer's site plans, as required by the Isanti City Code, be completed by Developer and reviewed and approved by the City.

2. The Plans. The term "Plans" as used in this Agreement means the Site Plans prepared by Developer. The Plans are subject to: (a) Planning Commission review; (b) approval of the City Council; and (c) such further revisions as the Developer may propose and the City approves. The Plans shall not be attached to this Agreement but are in the City's files.

3. Required Private Improvements. The private improvements the Developer will construct or install are as follows:

a. Sanitary sewer
b. Water
c. Storm drainage facilities
d. Stormwater maintenance
e. Parking lot
f. Temporary driveway access (as approved by the City Engineer)
g. Lot grading
h. Landscaping

4. Payment of Development Fees. Developer shall, contemporaneously with execution of this Agreement, deposit with the City an escrow of $5,000 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the Development shall be refunded to the Developer. In the event the escrow account balance is reduced to $1,000 or less, the Developer shall post additional sums of money to replenish the account to a maximum of $2,000 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the

Developer's escrow account. Sanitary Sewer Connection (Trunk) Fees, Water Connection (Trunk) Fees are collected at the time the building permit is issued.

5. Developer Defaults. If the Developer defaults in the performance of one or more of the Developer's obligations under this Contract, i) the City gives the Developer 30 days' written notice of the default and ii) the Developer fails to cure the default within said 30 days, then the City may pursue any and all remedies available at law or in equity including, but not limited to, the following:

   a. The City may, at its option, perform or engage one or more third parties to perform the Developer's obligations. If, in the reasonable judgment of the City's staff, the Developer's default creates an immediate risk to public health or safety, the City may perform or engage one or more third parties to perform the work before the City provides the notice described in the initial paragraph of this Section, but the City must use commercially reasonable efforts to notify the Developer as promptly as possible that the City is undertaking to perform the Developer's obligation or obligations. If the City performs one or more obligations of the Developer, the Developer must reimburse the City for any costs or expenses the City incurs, including costs and expenses for City staff time, to perform the work within 30 days after the City notifies the Developer, in writing, of the costs and expenses the City incurred to perform the work. If the Developer does not reimburse the City within said 30day period, the City may pursue any remedies available to the City either at law or in equity or, in the alternative, the City may draw on the financial guaranty the Developer has provided to the City pursuant to this Agreement to reimburse itself for the expenses the City incurs to perform the work. This Agreement is a license for the City to act, and it shall not be necessary for the City to seek a Court Order for permission to enter the Developer Property. As an alternative to seeking recovery from the Developer or the financial guaranty, the City may levy special assessments against the Developer Property in accordance with Minnesota Statutes Section 429, and the Developer, for itself and its successors in title, hereby expressly waives any and all substantive and procedural objections or defenses the Developer may have to such special assessments;

   b. The City may commence an action in Isanti County District Court to pursue any remedy available to the City at law or in equity including, but not limited to, injunctive relief;

   c. The City may refuse to grant building permits for improvements to be constructed on the Subject Property until the Developer has cured all of its defaults; and

   d. The City may draw upon all or any portion of the financial guaranty the Developer has provided to the City and (i) use all or any portion of the proceeds from the financial guaranty to reimburse the City pursuant to subsection (a) above; (ii) use all or any portion of the proceeds from the

financial guaranty to satisfy any judgment the City obtains against the Developer pursuant to subsection (b) above; (iii) use all or any portion of the proceeds to reimburse the City pursuant to Section 11 (j) below; and (iv) hold all or any portion of the proceeds for a reasonable time for the future application as described in subsections (i), (ii) and (iii) of this paragraph.

6. Business Subsidy. As a condition of developing the Subject Property, Developer and City agree to the following terms:

   a. Subsidy. Developer acknowledges and agrees that it received a business subsidy from the City in the form of a reduced purchase price for the Subject Property. The Subject Property is valued at $87,100. The City sold the Subject Property to Developer for $87,100 subject to a forgivable loan as outlined in the Promissory Note dated March 15, 2022. The value of the subsidy is $87,100.

   b. Public Purpose. The public purposes for granting the subsidy are to create jobs within the City of Isanti and to increase the City's tax base.

   c. Subsidy Goals. Developer shall create a minimum of 5 full-time, or full-time equivalent, jobs within two years of the date of this Agreement. All jobs shall meet or exceed State minimum wage requirements. Developer shall continue to meet or exceed said employment goals for at least five years after the date of this Agreement. In the event these requirements are not met, Developer shall pay the City the amount of the subsidy in a single lump sum payment or as otherwise agreed to in writing by the parties.

   d. Statement of Need. Developer represents that without the business subsidy contemplated by this Agreement, Developer would not relocate its existing business to the City.

   e. Reporting. Developer shall provide reports to the City as required by Minnesota Statutes section 116J.994, subdivision 7, on forms provided by the City.

7. Miscellaneous.

   a. Invalidity of Any Section. If any portion, section, subsection, sentence, clause, paragraph or phrase of this Agreement is for any reason invalid, such decision shall not affect the validity of the remaining portion of this Agreement.

   b. Written Amendments Only. The action or inaction of the City or the Developer shall not constitute a waiver or amendment to the provisions of this Agreement. To be binding, amendments or waivers shall be in writing,

signed by the parties, and approved by a resolution of the City Council. The City's or the Developer's failure to promptly take legal action to enforce this Agreement shall not be a waiver or release.

c. Compliance with Laws and Regulations. The Developer represents to the City that the Site Plan complies with all City, County, State, and Federal laws and regulations, including but not limited to: subdivision ordinances, zoning ordinances and environmental regulations. If the City determines that the site plan does not comply, the City may, at its option, refuse to allow any construction or development work on the Subject Property until the Developer does comply. Upon the City's demand Developer shall cease work until there is compliance.

d. Mailbox Locations. If the Developer desires to construct a mailbox within the public right of way, the Developer agrees that the placement of a mailbox along public streets is subject to the approval by the Postmaster. Utility locates will be necessary.

e. Not applicable.

f. Construction, Hours and Entrance Signs. The City restricts construction and delivery hours to Monday through Friday 7:00 a.m. to 9:00 p.m., weekends and holidays, 8:00 a.m. to 8:00 p.m. The Developer is required to provide a sign at each entrance point stating delivery and construction operation hours. Said signs are not to exceed 80 square feet in size and must be clearly visible at all times during the construction period.

g. Construction Site Maintenance. The Developer shall adhere to all of the City ordinances relating to, but not limited to, dumping of garbage, site development, construction debris, open burning, etc. The City reserves the right to withhold permits, inspections, or certificates of occupancy to correct violations relating to construction site maintenance.

h. Estimated Cost. It is understood and agreed that cost amounts set forth in this Agreement as to the Required Private Improvements, unless qualified as fixed amounts, are estimated. The Developer agrees to pay the entire cost of said improvements including interest, engineering and legal fees related thereto.

i. Plat Approval Expenses. Are to be paid by the Developer.

j. Reimbursement to the City. The Developer agrees to reimburse the City for all costs incurred by the City in defense or enforcement of this Agreement, or any portion thereof, including court costs and reasonable engineering and attorney's fees.

k. Certificate of Occupancy. The term "Certificate of Occupancy" as used in this Agreement shall be defined as a document issued by the City's Building Official, which authorizes the structure to be used for its intended purposes.

l. Notices. Required notices shall be in writing, and shall be either hand delivered to the Parties, its employees or agents, or mailed to them by certified or registered mail at the following address:

RESOLUTION 2022-XXX

REESTABLISHING PRECINCTS AND POLLING PLACES

WHEREAS, the legislature of the State of Minnesota has been redistricted; and,

WHEREAS, Minnesota Statute Section 204B.14, subd. 3 (d) requires that precinct boundaries must be reestablished within 60 days of when the legislature has been redistricted or at least 19 weeks before the state primary election, whichever comes first;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, hereby establishes the boundaries of the voting precincts and polling places as follows:

1. Precinct 1 is Isanti City Hall, 110 First Avenue NW, Isanti, Minnesota 55040.

2. Precinct 2 is Isanti Community Center, 208.5 First Avenue NW, Isanti, Minnesota 55040.

Attached to this resolution, for illustrative purposes, is a map showing said precincts and the location of each polling place.

This Resolution is hereby approved by the Isanti City Council this 15th day of March 2022.

RESOLUTION 2022-XXX

AWARDING QUOTE FOR OUTSOURCING THE MOWING OF NUISANCE WEED/GRASS ABATEMENT LOTS

WHEREAS, the City of Isanti has determined that is in the City's best interest to accept quotes for the outsourcing of mowing services for nuisance weed/grass abatement lots located within the city; and,

WHEREAS, a request for quotes for the services was published in the City's official newspaper; and,

WHEREAS, only one quote was received from First Rate Outdoors, LLC;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. To hereby award the low quote for mowing services for nuisance residential weed/grass abatement lots as provided within the specifications so posted and published to First Rate Outdoors, LLC for the 2022, 2023 and 2024 mowing season.

2. To hereby award the quote for mowing services for nuisance large tract weed/grass abatement as provided within the specifications so posted and published to First Rate Outdoors, LLC for the 2022, 2023 and 2024 mowing season.

3. That First Rate Outdoors, LLC provides a Certificate of Compliance as required under the Minnesota Workers' Compensation Law (if required).

4. That First Rate Outdoors, LLC provides a copy of their liability insurance and names the City as an 'additional insured'.

5. That the quotation as signed by the vendor for the 2022, 2023 and 2024 Growing Season constitutes a contract with the City of Isanti for said services. Mowing rates are listed in Attached Quotation.

6. That City staff is authorized to charge the administrative fee for billing of properties abated as designated in the City Fee Schedule; with the administrative fee, rate charge and any applicable sales tax charged to the responsible party.

This Resolution is hereby approved by the Isanti City Council this 15th day of March 2022.

REQUEST FOR PROPOSAL
For Nuisance Weed Abatement on Private Property

Company Name/Address:

First-Rate Outdoors LLC

[redacted]

Phone: [redacted] Email address: [redacted]

Quotations will be received until 4:00 pm on Wednesday, March 2nd, 2022. Quotations are requested from commercial mowing firms for furnishing labor and equipment for the abatement/cutting of weeds and tall grass on developed and vacant residential lots within the City of Isanti. Also requested is a base fee plus an hourly mowing rate for large tracts. The City reserves the right to consider the large tract rate fee quote separately from the residential lot mowing fee quote. The properties for which services are being requested will be in violation of the City's weed nuisance ordinance. Generally grass and weeds will be 8" or more in height. The City reserves the right to accept or reject quotes received for these services.

THIS CONTRACT IS FOR THE 2022, 2023 and 2024 GROWING SEASON.

Requirements – Minimum:

A. Performance

- The cost per site will include the following: mowing and trimming around structures, posts, fences and objects. Ancillary clearing of loose paper/cardboard debris prior to mowing. Care shall be taken not to damage trees and shrubs.
- Areas must be cut within two working days of date of City request via e-mail Note: There will be a $25 penalty fee for each site not mowed within the two working days (week days), unless there is approval by the Public Works Director to extend this period due to weather or extenuating circumstances.
- In the event the selected contractor cannot mow in the time specified, the City has the right to contact alternate mowing contractors to perform the work.
- Streets, sidewalks and driveways must be free of cutting debris. Bagging and removal of clippings is not required.
- Weeds and grass must be cut and trimmed to 3" height.
- Insurance – must carry a $1 million liability coverage policy and workers compensation insurance (if required). A certificate of insurance with the City of Isanti named as an additional insured will be required. Service providers shall meet all City requirements prior to providing services to the City.

- In the event of non-performance or at the City's discretion, services from the vendor may be terminated by written notice from the City.
- Regarding Large Lot mowing, a 50 foot perimeter is to be mowed around the property where it abuts a street or property line of a developed area. The contractor must have equipment capable of mowing rough larger multi-acre areas. These areas may have weeds, brush and small trees (up to 2 inches) that will need to be removed. It is the contractor's responsibility to check areas prior to mowing for rocks and debris that may damage their equipment. Care should be taken not to mow over the extension of water curb boxes, wood stakes or other property markers. The Contractor should consult with City officials concerning whether only perimeter mowing of the areas is required or if the entire site needs to be mowed.
- Mowing contractors must be available for the entire mowing season which could start as early as April and extend as late as the end of October.
- The selected mowing contractor will meet with City staff prior to the start of the mowing season and shortly after mowing has started to ensure an efficient process.

B. Communication and Billing
- The City will e-mail the address of lots/sites that will require mowing to the contractor.
- The contractor will have two full business days after the date the e-mail is sent to complete the work.
- Once the work is completed on a property, the contractor will notify the City by e-mail that the service has been completed (on the day of service).
- Invoices must be submitted for payment with specific dates that services were performed. At the end of each month, the contractor will submit a statement reflecting all invoices previously submitted for payment. Payment will only be made from invoices.

C. Equipment Required: Please list this equipment below.
- Commercial grade self-propelled walk or rider mower and weed trimmers.
- For Large Lot Mowing – commercial grade equipment capable of mowing rough areas, brush and small trees.

Quote For Services / Other Required Information

D. Amount for Service (includes all transportation and travel time)

1. **Residential Lot - Cost per Site** $150.00

2. **Mobilization Fee** (if owner has cut) $30.00

3. **Base Fee Plus Hourly Mowing Fee for Large Tracts*** $150.00

*The City reserves the right to consider this quote separately

Please provide a list of EQUIPMENT available to fulfill requirements of contract:

1. Lawn mower

2. weed trimmer

3. leaf blower

Please provide 3 references that you provided commercial mowing services.
(Name/Contact Information)

1. CBO Joint

2. Safe Transitions

3. Elmhurst Apartments

In submitting this quotation, the vendor agrees that acceptance of any or all quotations by the below designated party within a thirty (30) day period constitutes a Contract.

Signed: [signature] Date: 2/16/2022

Firm Name: First-Rate Outdoors LLC.

AN AUTHORIZED EMPLOYEE OF THE COMPANY MUST SIGN ALL QUOTATIONS.

QUOTES SUBMITTED MUST BE CLEARLY MARKED: Quote for Nuisance Weed Abatement Services

PLEASE SUBMIT QUOTES TO:

Jaden Strand, City Clerk
City of Isanti
P.O. Box 428
Isanti, MN 55040

Request for City Council Action

To: **Mayor Johnson and Members of City Council**

From: Alyssa Olson, Parks, Recreation & Events Coordinator

Date: March 15, 2022

Subject: Resolution 2022-XXX Authorizing Submission of DNR Outdoor Recreation Grant Application

---

Background:

The DNR Outdoor Recreation Grant is an annual grant awarded to local units of government to cover up to 50% of costs associated with projects that continue development of local parks and recreation areas. Staff has completed an application to apply for the 2023 program with maximum award funding of $300,000 that would support the addition of amenities in Bluebird Park. The outlined project would include the building of a splash pad and restrooms, plus the addition of pollinator-friendly gardens and to increase the accessibility aspect of the project, the addition of intergenerational fitness equipment along the walk trails, which will enhance the funding appeal of the project.

The identified features would have a total project cost of $775,000, with the potential to receive $300,000 in grant funding. The remaining project costs would include $436,000 allocated for restrooms and the splash pad in the CIP and the remaining $38,000 would draw from Park Dedication funds, which are solely to be used for park projects.

Request:

Staff is requesting approval to submit the grant application to apply for funds for this total park project.

Attachment:

- Resolution 2022-XXX

RESOLUTION 2022-XXX

AUTHORIZING DNR OUTDOOR RECREATION GRANT SUBMISSION

BE IT RESOLVED that City of Isanti act as legal sponsor for the project contained in the Outdoor Recreation Grant application to be submitted on the 30th day of March, 2022 and that Alyssa Olson is hereby authorized to apply to the Department of Natural Resources for funding of this project on behalf of City of Isanti.

BE IT FURTHER RESOLVED that the applicant has read the Conflict of Interest Policy contained in the Outdoor Recreation Grant Program Manual and, upon discovery, certifies it will report to the State any actual, potential, or perceived individual or organizational conflicts of interest to the application or grant award.

BE IT FURTHER RESOLVED that City of Isanti has the legal authority to apply for financial assistance, and it has the financial capability to meet the match requirement (if any) and ensure adequate construction, operation, maintenance and replacement of the proposed project for its design life.

BE IT FURTHER RESOLVED that City of Isanti has not incurred any development costs and has not entered into a written purchase agreement to acquire the property described in the Cost Breakdown section on this application.

BE IT FURTHER RESOLVED that City of Isanti has or will acquire fee title or permanent easement over the land described in the site plan included in the application.

BE IT FURTHER RESOLVED that, upon approval of its application by the State, City of Isanti may enter into an agreement with the State for the above-referenced project, and that City of Isanti certifies that it will comply with all applicable laws and regulations as stated in the grant agreement including dedicating the park property for uses consistent with the funding grant program into perpetuity.

NOW, THEREFORE BE IT RESOLVED that Parks, Recreation & Events Coordinator is hereby authorized to execute such agreements as necessary to implement the project on behalf of the applicant.

I CERTIFY THAT the above resolution was adopted by the City Council of City of Isanti on the 15th day of March 2022.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: March 1, 2022
Subject: Resolution Authorizing the Replacement of the Main Lift Station Generator

Background:
The main lift station has a back-up generator that will run during the event of a power failure. This generator is needed as the main lift station will run approximately every seven minutes. The Capital Improvement Plan has $77,250 for the generator replacement. The Main Lift Station site does not meet the 100kw minimum requirement to be a part of the Peak Shaving Program through Conexus Energy.

Staff reached out and received four quotes for the purchase of the Main Lift Station generator:

Vendor	Generator Model	Quote	With Powered Louvers Option	Warranty
Kodiak	Taylor TD100	$40,871.00	NA	2 Year
Ziegler	D100GC	$35,443.00	$41,343.00	5 Years / 2500 hours
Cummins	C100D6C	$41,700.00	NA	2 years
Interstate Power Systems	OM 926	$34,300.00	$36,350.00	2 years / 3000 hours

The generator with the powered louvers option will aid in heat control during the winter months for cold weather starting.

There would be an additional cost of $1,000.00 for Total Control to integrate the new generator into the Scada.

There would also be an additional cost of $6,000.00 for Isanti Electric to complete the circuit between the Main Lift Station and the generator.

Recommendation:
Staff is recommending to accept the quote from Interstate Power Systems for the purchase of the Main Lift Station generator with the powered louvers option, allow Total Control to integrate the Scada into the new generator, and for Isanti Electric to complete the circuit between the Main Lift Station and the generator. The total cost including a 10% contingency is $47,685.00.

Request:
Staff is requesting action on this item.

RESOLUTION 2022-XXX

AUTHORIZING THE REPLACEMENT OF MAIN LIFT STATION GENERATOR

WHEREAS, the Main Lift Station has a generator that will run during a power failure; and,

WHEREAS, the main lift station will run approximately every seven minutes; and,

WHEREAS, the Capital Improvement Plan (CIP) has $77,250.00 for the replacement of the Main Lift Station Generator; and,

WHEREAS, a generator with powered louvers will aid in heat control during winter months for cold weather starting; and,

WHEREAS, staff reached out and received the following quotes for the replacement of the Main Lift Station Generator; and,

Vendor	Quote Without Powered Louvers	Quote With Powered Louvers
Kodiak	$40,871.00	NA
Ziegler	$35,443.00	$41,343.00
Cummins	$41,700.00	NA
Interstate Power Systems	$34,300.00	$36,350.00

WHEREAS, an additional cost of $6,000.00 from Isanti Electric to complete the circuit from the Main Lift Station to the generator; and,

WHEREAS, an additional cost of $1000.00 from Total Control to integrate the new generator into the Scada; and,

WHEREAS, the funding source identified as Sewer (500);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the quote from Interstate Power Systems in the amount of $36,350.00 for the replacement of the Main Lift Station Generator with the powered louvers option, allow Total Control to integrate the new generator into the Scada in the amount of $1,000.00, and allow Isanti Electric to complete the circuit from the Main Lift Station to the generator. The total cost including a 10% contingency is $47,685.00 funding source identified as Sewer (500).

This resolution was duly adopted by the Isanti City Council this 15th day of March 2022.

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: March 15, 2022

Subject: Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services

---

Background:

A Request for proposals was placed in the Official Newspaper and posted for Animal Control and Kennel Services for the City. Contracted services shall run from April 1, 2022 through March 31, 2027. The City received two quotes/proposals for animal control services. The proposals are as follows:

QUOTER			Comments
Gratitude Farms	$85.00 Impound Fee	$25.00/day Boarding Fee	$250.00 monthly all-inclusive fee to City. No price adjustment over term of contract. Vendor keeps all fees charged.
On-Line Retrievers	$100.00 Impound Fee, plus mileage/ IRS rate	$30.00/day Boarding	No monthly City fee, $100.00 response fee for a complaint or response plus IRS mileage. Transport to Kennel or University of Minnesota- $100.00 fee plus mileage/IRS rate for transport. Transport to Vet- IRS mileage. 2.5% price adjustment per year for Kennel Services. IRS mileage adjustment each year if any. Vendor keeps all fees charged.

Staff has reviewed the proposals and recommends continuing services with Gratitude Farms.

Request:
Staff is requesting to enter into a contract with Gratitude Farms for Animal Control and Kennel Services.

- Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services

RESOLUTION 2022-XXX

ACCEPTING QUOTE FOR ANIMAL CONTROL AND KENNEL SERVICES

WHEREAS, the City of Isanti has requested quotes for Animal Control and Kennel Services; and,

WHEREAS, staff has received quotations for Animal Control and Kennel Services from Gratitude Farms and On-Line Retrievers; and,

WHEREAS, both vendors are qualified service providers and their proposals are as follows:

QUOTER			**Comments**
Gratitude Farms	$85.00 Impound Fee	$25.00/day Boarding Fee	$250.00 monthly all-inclusive fee to City. No price adjustment over term of contract. Vendor keeps all fees charged.
On-Line Retrievers	$100.00 Impound Fee, plus mileage/ IRS rate	$30.00/day Boarding	No monthly City fee, $100.00 response fee for a complaint or response plus IRS mileage. Transport to Kennel or University of Minnesota- $100.00 fee plus mileage/IRS rate for transport. Transport to Vet- IRS mileage. 2.5% price adjustment per year for Kennel Services. IRS mileage adjustment each year if any. Vendor keeps all fees charged.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby accepts the quote from Gratitude Farms for Animal Control and Kennel Services

2. That the City Administrator is hereby authorized to complete and enter into the City Animal Control and Kennel services contracts for the provision of Animal Control and Kennel Services with Gratitude Farms.

3. The contract shall run from April 1, 2022 through March 31, 2027.

This resolution was duly adopted by the Isanti City Council this 15th day of March 2022.

RESOLUTION 2022-XXX

APPROVING PACKET MANAGEMENT AND INFORMATION SOFTWARE

WHEREAS, the Technology Fund (Fund 614) had anticipated a packet management software expenditure in 2020 in the amount of $10,000.00; and,

WHEREAS, staff did not move forward with the purchase at that time due to technology we hoped we would use through Laserfiche software; and,

WHEREAS, after much research and reviewing the benefits, it became apparent that Laserfiche was unable to achieve the results desired and it was in the best interest of the City to expend funds on a platform to better serve the public and enhance City residents' ability to view and receive information in addition to packet management; and,

WHEREAS, Staff solicited quotes and viewed presentations and recommends Granicus, Peak software, as the best and most affordable option to the City; and,

WHEREAS, having this platform embedded in the City's website will allow the public to view documents, find resolutions, search agenda packet information plus more with ease which has never been able to be done before; and,

WHEREAS, also agenda packet management software will save staff time in the packet approval process and assembly; and,

WHEREAS, the cost for Peak software is $3,300.00 and requires an annual subscription, agreement outlined as Exhibit A; and,

WHEREAS, authorize expenditure in Technology Fund (Fund 614) in the amount of $3,300.00;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the following:

1. Approve Peak Management software from Granicus in the amount of $3,300.00.
2. Authorize the City Administrator to enter into an agreement with Granicus and sign all necessary documentation.
3. Authorize the Finance Director to make the necessary budget adjustment.
4. Authorize the Finance Director to include annual costs for Peak in upcoming budgets.

This Resolution is hereby approved by the Isanti City Council this 15th day of March 2022.

PRODUCT DESCRIPTIONS

Solution	Description
Peak Agenda Management	Peak Agenda Management is a Software-as-a-Service (SaaS) solution that enables government organizations to simplify the agenda management and minutes recording process of the clerk's office. Peak Agenda Management allows clerks to streamline the way they compile and produce agendas and record minutes for public meetings and includes: • Unlimited user accounts • Unlimited meeting bodies and meeting types • Access to up to one (1) Peak Agenda Management site
Open Platform Suite	Open Platform is access to MediaManager, upload of archives, ability to post agendas/documents, and index of archives. These are able to be published and accessible through a searchable viewpage.
Send Agenda (Peak)	Send Agenda is dependent on an active subscription to the relevant govMeetings agenda.
Peak - Setup & Configuration	Setup and Configuration for Peak Agenda Management includes implementation of: • Up to one (1) meeting body's Standard Agenda, Cover Page and Minutes report template • Up to one (1) public view page portal
Peak Online Group Training	Peak Agenda Management - Online Group Training is for Group training of Peak Agenda Management, which allows clients to have up to six (6) users participate in online Group sessions with a Granicus trainer and other client users, to learn how to use the system.
Open Platform - Setup and Configuration	Setup and configuration for Open Platform

Solution	Description
govDelivery for Integrations	Send notification bulletins directly to constituents who subscribe to receive updates directly through Granicus (powered by govDelivery). Recieve a monthly metrics report delivered via email to show subscriber growth and engagement activity for the past month of bulletin sends, and grow subscribers through access to the Granicus Advanced Network. Note: govDelivery intergrations is dependent on an active subscription to the relevant govMeetings agenda or govAccess CMS solutions.

GRANICUS ADVANCED NETWORK AND SUBSCRIBER INFORMATION

- Granicus Communications Suite Subscriber Information.
  - Data provided by the Client and contact information gathered through the Client's own web properties or activities will remain the property of the Client ('Direct Subscriber'), including any and all personally identifiable information (PII). Granicus will not release the data without the express written permission of the Client, unless required by law.
  - Granicus shall: (i) not disclose the Client's data except to any third parties as necessary to operate the Granicus Products and Services (provided that the Client hereby grants to Granicus a perpetual, non-cancelable, worldwide, non-exclusive license to utilize any data, on an anonymous or aggregate basis only, that arises from the use of the Granicus Products by the Client, whether disclosed on, subsequent to, or prior to the Effective Date, to improve the functionality of the Granicus Products and any other legitimate business purpose, including the right to sublicense such data to third parties, subject to all legal restrictions regarding the use and disclosure of such information).
- Data obtained through the Granicus Advanced Network.
  - Granicus offers a SaaS product, known as the Communications Cloud, that offers Direct Subscribers recommendations to subscribe to other Granicus Client's digital communication (the 'Advanced Network'). When a Direct Subscriber signs up through one of the recommendations of the Advanced Network, that subscriber is a 'Network Subscriber' to the agency it subscribed to through the Advanced Network.
  - Network Subscribers are available for use while the Client is under an active subscription with Granicus. Network Subscribers will not transfer to the Client upon termination of any Granicus Order, SOW, or Exhibit. The Client shall not use or transfer any of the Network Subscribers after termination of its Order, SOW, or Exhibit placed under this agreement. All information related to Network Subscribers must be destroyed by the Client within 15 calendar days of the Order, SOW, or Exhibit placed under this agreement terminating.
  - Opt-In. During the last 10 calendar days of the Client's subscription, the Client may send an opt-in email to Network Subscribers that shall include an explanation of the Client's relationship with Granicus terminating and that the Network Subscribers may visit the Client's website to subscribe to further updates from the Client in the future. Any Network Subscriber that does not opt-in will not be transferred with the subscriber list provided to the Client upon termination.

UPDATES TO SHARED SHORT CODES FOR SMS/TEXT MESSAGING (US CLIENTS ONLY):

- Granicus will be migrating all clients with SMS/Text Messaging Solutions using a shared short code option to a unique standard toll-free number within the United States (International numbers not supported). Short Codes are recommended for Text-to-Subscribe functionalities, if enabled where available, for an additional fee.
- Client must have explicit opt-in for all destinations sent to and adhere to all CTIA guidelines for the duration of its use.

TERMS & CONDITIONS

- Link to Terms: https://granicus.com/pdfs/Master_Subscription_Agreement.pdf
- This quote is exclusive of applicable state, local, and federal taxes, which, if any, will be included in the invoice. It is the responsibility of Isanti, MN to provide applicable exemption certificate(s).
- Granicus certifies that it will not sell, retain, use, or disclose any personal information provided by Client for any purpose other than the specific purpose of performing the services outlined within this Agreement.
- If submitting a Purchase Order, please include the following language: The pricing, terms and conditions of quote Q-172117 dated 02-04-2022 are incorporated into this Purchase Order by reference and shall take precedence over any terms and conditions included in this Purchase Order.
- Any lapse in payment may result in suspension of service and will require the payment of a setup fee to reinstate the subscription.
- Notwithstanding anything to the contrary, Granicus reserves the right to adjust pricing at any renewal in which the volume has changed from the prior term without regard to the prior term's per-unit pricing.

ClearCaster Terms & Conditions

The ClearCaster products are subject to the following terms:

Permitted Use. Granicus hereby grants during each Order Term or as otherwise specified in the Order, and Customer hereby accepts, solely for its internal use, a worldwide, revocable, non- exclusive, non-transferrable right to use the ClearCaster products to the extent allowed in the relevant Order (collectively the "Permitted Use"). The Permitted Use shall also include the right, subject to the conditions and restrictions set forth herein, to use the ClearCaster products up to the levels limited in the applicable Order.

Data Sources. Data uploaded into ClearCaster products must be brought in from Customer sources (interactions with end users and opt-in contact lists). Customer cannot upload purchased contact information into the ClearCaster products without Granicus' written permission and professional services support for list cleansing.

Passwords. Passwords are not transferable to any third party. Customer is responsible for keeping all passwords secure and all use of the the ClearCaster products accessed through Customer's passwords.

Content. Customer can only use the ClearCaster products to share content that is created by and owned by Customer and/or content for related organizations provided that it is in support of other organizations but not as a primary communication vehicle for other organizations that do not have a Granicus subscription. Any content deemed inappropriate for a public audience or in support of programs or topics that are unrelated to Customer, can be removed or limited by Granicus.

Disclaimers. Any text, data, graphics, or any other material displayed or published on Customer's website must be free from violation of or infringement of copyright, trademark,service mark, patent, trade secret, statutory, common law or proprietary or intellectual property rights of others. Granicus is not responsible for content migrated by Client or any third party.

Advertising. The ClearCaster products shall not be used to promote products or services available for sale through Customer or any third party unless approved in writing, in advance, by Granicus. Granicus reserves the right to request and review the details of any agreement betweenCustomer and a third party that compensates Customer for the right to have information included in Content distributed or made available through the ClearCaster products prior to approving the presence of Advertising within the ClearCaster products.

Restrictions. Customer shall not:

- Misuse any Granicus resources or the ClearCaster products or cause any disruption, including but not limited to, the display of pornography or linking to pornographic material, advertisements, solicitations, or mass mailings toindividuals who have not agreed to be contacted;
- Use any process, program, or tool for gaining unauthorized access to the systems, networks, or

accounts of other parties, including but not limited to, other Granicus customers;

- Customer must not use the Granicus products, services or the ClearCaster products in a manner in which system or network resources are unreasonably denied to other Granicus clients;

- Customer must not use the services or ClearCaster products as a door or signpost to another server.

- Access or use any portion of the ClearCaster products, except as expressly allowed by this Order;

- Copy, distribute, sublicense, or otherwise share, software provided on the ClearCaster products;

- Disassemble, decompile, or otherwise reverse engineer all or any portion of the ClearCaster products; or add or remove software on the ClearCaster products without Granicus consent;

- Use the ClearCaster products for any unlawful purposes;

- Export or allow access to the ClearCaster products in violation of U.S. laws orregulations;

- Except as expressly permitted in this Order, subcontract, disclose, rent, or lease the ClearCaster products, or any portion thereof, for third party use; or

- Modify, adapt, or use the ClearCaster products to develop any software application intended for resale which uses the ClearCaster products in whole or in part.

Customer Feedback. Customer assigns to Granicus any suggestion, enhancement, request, recommendation, correction or other feedback provided by Customer relating to the use of the ClearCaster products. Granicus may use such submissions as it deems appropriate in its sole discretion.

Reservation of Rights. Subject to the limited rights expressly granted hereunder, Granicus and/or its licensors reserve all right, title and interest in the ClearCaster products, the documentation and resulting product including all related intellectual property rights. Further, no implied licenses are granted to Customer. The Granicus name, the Granicus logo, and the product names associated with the services are trademarks of Granicus or its suppliers, and no right or license is granted to use them.

License to Content; Access. Customer hereby grants Granicus and its vendors a limited right and license to view, access, use, modify, adapt, reproduce, transmit, distribute, display, and disclose Content for the sole purpose of providing the ClearCaster products. Customer agrees that Granicus and its vendors may remotely access the ClearCaster products for the sole purpose of providing Granicus products and services, and the ClearCaster products.

Warranties and Disclaimers. The ClearCaster products are provided "AS IS" and as available. EACH PARTY HEREBY DISCLAIMS ANY AND ALL OTHER WARRANTIES OF ANY NATURE WHATSOEVER WHETHER ORAL AND WRITTEN, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE. NEITHER GRANICUS NOR ITS SUPPLIERS WARRANT THAT THE CLEARCASTER PRODUCTS WILL MEET CUSTOMER'S REQUIREMENTS NOR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR FREE.

Notwithstanding the foregoing and subject to payment of all applicable fees, Granicus will provide a three (3) year warranty with respect to required hardware. Within the three (3) year warranty period, Granicus shall repair or replace any required hardware provided directly from Granicus that fails to function properly due to normal wear and tear, defective workmanship, or defective materials.

EXCLUSION OF CONSEQUENTIAL AND RELATED DAMAGES. UNDER NO CIRCUMSTANCES SHALL GRANICUS NOR ITS SUPPLIERS BE LIABLE FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER AN ACTION IS IN CONTRACT OR TORT AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, GRANICUS NOR ITS SUPPLIER SHALL BE LIABLE FOR: (A) ERROR OR INTERRUPTION OF USE OR FOR LOSS OR INACCURACY OR CORRUPTION OF CUSTOMER DATA; (B) COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES, TECHNOLOGY, OR HARDWARE; (C) LOSS OF BUSINESS; (D) DAMAGES ARISING OUT OF ACCESS TO OR INABILITY TO ACCESS THE SERVICES, SOFTWARE, CONTENT, HARDWARE, CLEARCASTER PRODUCTS, OR RELATED TECHNICAL SUPPORT; OR (E) FOR ANY MATTER BEYOND GRANICUS' REASONABLE CONTROL, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

LIMITATION OF LIABILITY. IN NO INSTANCE SHALL EITHER PARTY'S LIABILITY TO THE OTHER PARTY FOR DIRECT DAMAGES RESULTING EXCLUSIVELY FROM THE CLEARCASTER PRODUCTS (WHETHER IN CONTRACT OR TORT OR OTHERWISE) EXCEED THE FEES PAID BY CUSTOMER FOR GRANICUS PRODUCTS AND SERVICES DURING THE SIX (6) MONTHS IMMEDIATELY PRECEDING THE DATE THE DAMAGED PARTY NOTIFIES THE OTHER PARTY IN WRITING OF THE CLAIM FOR DIRECT DAMAGES. NEITHER PARTY MAY INSTITUTE AN ACTION IN ANY FORM ARISING OUT OF NOR IN CONNECTION WITH THE CLEARCASTER PRODUCTS MORE THAN TWO (2) YEARS AFTER THE CAUSE OF ACTION HAS ARISEN.

A Community For Generations.

Memo for Discussion

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: March 15, 2022
Subject: Resolution to Approve Chamber AV Reprogramming Upgrade

---

Background:
Since implementation, July 2019, of the new software and equipment for audio visual (AV) in the Chambers, there have been significant issues staff has worked to resolve with the implementation company. Issues include microphones not working, hardware not communicating with the software, audio and video not recording, etc. Due to a change in their company structure and the process for repair tickets, there has been a significant increase in labor costs to try to resolve the issues. Because of this, Staff began to reach out to other vendors who can work with Crestron software. Staff solicited quotes and received one from Excel AV Group. Their analysis is that there are major issues with the software programming that is resulting in us having issues with the hardware, audio receiving and video recording. Staff is recommending to accept the quote from Excel AV Group to reprogram our Crestron software and replace hardware as necessary in the amount of $6,865.00.
Funding for this project will be Fund 920 – Capital Improvement.

Request:
Approve expenditure from Fund 920 for Chamber AV reprogramming upgrade.

Attachments:
- Resolution 2022-XXX
- Quote from Excel AV Group

RESOLUTION 2022-XXX

APPROVING CHAMBER AUDIO VISUAL REPROGRAMMING UPGRADE

WHEREAS, the Council Chambers audio visual (AV) upgrade in 2019 has had significant issues not covered under warranty that has resulted in a substantial amount of labor costs; and,

WHEREAS, staff solicited quotes from other vendors who work with Crestron software and hardware; and,

WHEREAS, Excel AV Group / Aufderworld Corporation visited our site and submitted a proposal to reprogram the Crestron software and make necessary changes to the hardware to repair our issues with the AV system; and,

WHEREAS, their quote is for $6,865.00 with future repair labor identified within their agreement; and,

WHEREAS, the upgrade is unbudgeted, the funding source would be from the Capital Improvement Fund (Fund 920) fund balance;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby approve the following:

1. Approve AV reprogramming by Excel AV Group/ Aufderworld Corporation and authorize the City Administrator to enter into an agreement and sign all necessary documentation.
2. Authorize the Finance Director to make the necessary budget adjustment.

This resolution was duly adopted by the Isanti City Council this 15th day of March 2022.

Scope of Work

System Description:

We will provide a complete reprogram of all audio and control aspects of the current equipment that is in the Council Chambers. This will include firmware updates where necessary. Controls to include:

- -Video Switching
- -Display Power Control
- -Camera Controls
  - -PTZ
  - -Preset Save
  - -Preset Recall
- -Volume Controls
- -Recording Controls

This scope is made under the assumption that all OFE equipment and cabeling is in good and working order.

*****Additional service calls are at a rate of $125.00 per hour ($75.00 travel time)******

General Project Conditions: (See contract for additional details)

ELECTRICAL
-All electrical to be provided by owner unless special arrangements are made.
-Electrical requirements to be coordinated with Excel AV Group.
-All circuits for audio and video (technical power) to be derived from the same sub-panel, and reference the same ground and neutral bus.
-All electrical to be installed and performed in accordance with the NEC and local electrical codes (AHJ).

OWNER FURNISHED EQUIPMENT/SOFTWARE (OFE/S)
-Performance and maintenance of OFE/S equipment to be responsibility of owner. Excel AV Group is not responsible for broken or non-functional OFE/S equipment.
-Unused OFE/S equipment to be disposed of by owner, unless prior agreement specified.
-Excel AV Group does not guarantee OFE/S equipment will be compatible with all new systems.

NETWORKING
-Where necessary, Excel AV Group will provide a closed network for audio, video, and lighting systems.
-This network will not reside on any client or owner supplied network, but may be visible with an SSID and to the IT department.
-Systems where network(s) is/are integrated with a client or existing network, Excel AV Group will coordinate with owner/client. All network(s) will be managed by owner. Any costs associated will be responsibility of owner.

STANDARD TRAINING
-Single training session provided by Excel AV Group is intended for up to 3 individuals. These individuals will train the remainder of the volunteers/operators.
-Training is to be done during normal business hours (8-5 M-F), unless otherwise specified.
-Training can be scheduled for evening or Saturday, but will require additional cost, not included unless specified.
-Standard training is how to operate the equipment and systems installed. It is not intended to be an exploration of every possible variable, nor does it cover all theories of audio, video, or lighting systems.

CUSTOMIZED TRAINING
-Advanced, customized training is available for an additional cost. Please consult us for more details.

RETURNS
-Most items can be returned
-Less 20% minimum restock fee
-Less freight
-Applies to projects, product sales, and change orders.

CONSTRUCTION
-Construction to be provided by owner.
-Any work outside this scope to provide a fully functional system may require additional labor/equipment charges

WARRANTY REPAIRS
-Manufacturer's warranty covers manufacturer labor; does not cover freight or Excel labor

SALES TAX
- Sales tax will be added to the final invoice if applicable

Terms and Conditions

The following terms and conditions shall apply to each order for products and services of Aufderworld Corporation (AWC) and Excel AV Group which is an AWC company and shall constitute the entire agreement between the parties. The terms and condition may not be varied, and no modification or addition shall be of any force or effect unless specifically accepted by AWC in writing. Acceptance of orders which contain additional or different conditions of purchase printed on the order or other form shall not binding unless specifically agreed to by AWC in writing by an authorized representative of Aufderworld Corporation. Conflicting terms and conditions between this document and a Client's purchase order, acceptance, or other form, THESE TERMS AND CONDITIONS SHALL SUPERSEDE AND GOVERN. This agreement shall be governed by laws of the state of Minnesota. Any disputes arising under this agreement shall be determined by arbitration conducted in accordance with the American Arbitration Association Expedited Rules for Commercial Arbitration in Minneapolis, Minnesota.

1. **Pricing.** Upon receipt of signed contract or purchase order AWC will supply products and/or services at price stated in bid/contract/quote. Pricing is good for (90) days from date of bid with exception of items which are no longer commercially available due to end of sale designation by manufacturers. If Client signs contract and/or provides purchase order after 90 days from date of bid AWC reserves the right to revise pricing resulting from increase in cost to AWC from its' suppliers. Client shall pay any extra costs incurred by AWC as a result of changes or modifications to specifications by Client.
2. **Down payment and Payment.** Unless other terms are agreed to in writing, Client shall pay 50% of the total contract price to initiate project activities. The final 50% will be invoiced upon completion of installation and commissioning of system and will be Net (30). Final invoice will include all change orders resulting from scope changes and product additions. After the Net (30) date AWC reserves the right to charge a late fee of $50.00 and 18% of outstanding balance. Payment for product only sales are due upon receipt.
3. **Lease Rates.** Client shall be responsible for lease payments if system is leased. Payments will be based on lease rates at the time of purchase. Payment may vary depending on prevailing interest rates, terms, and deposits.
4. **Cancellation.** Client may not cancel or revise any order accepted by AWC without prior written consent of AWC. If an order is cancelled following signed approval, there shall be a re-stocking fee equal to 20% of the total order, plus any expenses already incurred by AWC.
5. **Change Orders.** Equipment, materials, or labor needed outside of the scope of this agreement or resulting from unforeseen circumstances out of the control of AWC will be submitted as a change order to the client's representative (primary project contact). Aufderworld Corporation assumes this contact is authorized to approve such work and will receive the appropriate approvals within the client's organization to authorize all additional spend. Approval will be needed prior to procurement by AWC.
6. **Scope of Work Changes.** Changes of scope requested by Client, including additional requirements or restrictions placed on AWC by Client will be added to the contract/project price. When AWC becomes aware of the nature and impact of the change request a change order will be submitted for review and approval by Client. Additional work or equipment purchases will note resume until Client approves change order in writing.
7. **Warranty.** Products sold by AWC carry their respective manufacturer's warranty. Installation performed by AWC or one of its subcontractors is warrantied to be free from workmanship defects for a period of one year. Owner provided equipment warranties are the responsibility of owner and not covered by AWC.
8. **Access to Premises and worksite labor requirements.** Client will provide prompt and timely access to installation areas based on an agreed upon schedule. Any changes in schedule resulting in added labor or shipping expenses to AWC will be billed as a change order. Labor is bid at non-union rates and normal business hours. Any changes to schedule resulting in off hour, weekend, or holiday work or requirements for union labor will also be billed as change order.
9. **Electrical.** All electrical will be provided by owner/Client unless requested as part of bid under special arrangements. All electrical needs for AWC systems will be specified on electrical or architectural drawings by AWC Engineering and/or Project Management teams. Installation of Satellite, Audio, Video, and lighting systems is dependent on electrical to be completed. Any delays in electrical work will result in delays of AWC systems being installed. All circuits for AV and lighting to be derived from the same subpanel and reference the same ground and neutral bus. All electrical to be performed in accordance with NEC and local electrical codes (AHJ).
10. **Low Voltage Cabling.** Low voltage cabling that is not included in AWCs scope for projects must be completed using the specifications provided by AWC Engineering/Project Management. The specifications will be provided for cable type, location of drops and quantities. Preference is to provide the locations of drops on architectural drawings to ensure proper installation. All conduit, core drilling, firewall penetrations, and concrete sawing to be performed by electrical contractor or general contractor.
11. **Construction.** Construction activities provided by client or client hired general contractor. AWC will need the GC to provide backer board or other special mounting requirements for televisions, speakers, and other heavy equipment like projector and projector screens. AWC will provide specific requirements to the GC in format they request.

12. **Network.** Components of our satellite distribution systems are designed to be integrated into an existing local area network. Aufderworld Corporation will work with the property's IT department to integrate these components. Customer agrees that cooperation will be given by their IT department in achieving integration with the newly installed system by AWC. Where necessary, AWC will install a closed audio, video, and lighting system network. This network will not reside on any client or existing network infrastructure unless otherwise specified by Client. AWC Engineers will work with client's IT department to integrate all systems needing connection to existing client network and all networks will be managed by client. Client will be responsible to provide all data network drops specified by AWC Engineering on construction drawings unless AWC is contracted to provide. Client is also responsible to provide all data networking information to ensure a successful integration to AWC installed systems where necessary including but not limited to IP address information, phone numbers, email accounts, and network credentials. It is assumed that any existing systems (Lighting, Shades, HVAC, Audiovisual, and Control) that are to be integrated with new system will be readily available with the current implemented version of source code. If original programming code cannot be provided AWC will provide a change order for additional engineering time.
13. **Owner Furnished Equipment (OFE).** Performance and maintenance of OFE is responsibility of Client and AWC assumes existing equipment is in good working condition currently. AWC is not responsible for broken or non-functional OFE and any repair or replacement of these items that may be necessary will result in additional cost to Client. AWC is not responsible for unused OFE or for disposal of OFE unless prior agreement has been made. AWC does not guarantee OFE will be compatible with all new systems being installed.
14. **Delivery/Installation.** Aufderworld Corporation shall not be responsible for any reasonable delays in delivery or installation due to strikes, accidents, natural disasters, pandemics, or delays beyond the control of Aufderworld Corporation. Any delivery schedule which AWC may provide to the Client represents a good faith estimate and shall not bind AWC to anything more than its reasonable efforts to meet such estimates. Any requests from Client for expedited freight will be billed as a change order.
15. **Training.** A single system training will be performed by AWC Engineering staff for up to (3) individuals designated by Client. Training for additional people will be the responsibility of client. Training to be done during normal business hours unless specified otherwise in contract. Optional off hours training will be billed at higher rate. Standard training is to cover standard operation and main function of installed system and is not intended to cover or explore every possible variable, nor is it training on AV or lighting theory and design. Advanced and customized training can be provided at an additional cost.
16. **Compliances/System.** All local, national, and state code compliance, permissions, fees, permits, approvals, etc. are responsibility of Client unless otherwise stated.
17. **Insurance/Risk of Loss.** Client shall assume risk of loss of equipment sold under this agreement upon date of equipment delivery by Aufderworld Corporation; and Client shall assume risk of loss to improvements made by Aufderworld Corporation in the form of equipment installation, after improvements are made and installed and the entire system is fully operational for thirty (30) consecutive days. Client shall maintain appropriate insurance coverage to cover risks assumed by Client under these terms and conditions.
18. **Insurance.** Aufderworld Corporation shall maintain workers compensation coverage and public liability insurance to cover its activities under this agreement.
19. **Applicable Taxes.** Clients outside the State of Minnesota are responsible for all applicable taxes.
20. **Tax Exempt Status.** Organizations with tax exempt status must supply Aufderworld Corporation with proof of exemption.
21. **Confidentiality.** All system design specifications and materials contained herein remains property of Aufderworld Corporation. Confidential proposal and enclosures are intended for recipient only.
22. **Proprietary.** This proposal contains trade secrets and confidential proprietary design information of Aufderworld Corporation. Review of this proposal constitutes agreement not to disclose its contents to any other party except with the approval of Aufderworld Corporation.
23. **Hold Harmless.** The client agrees that Aufderworld Corporation is to recommend design standards, systems, policies, procedures, vendors, devices, etc. that are reasonable in nature, and the recommendations or lack of recommendations will not be construed as errors or omissions of Aufderworld Corporation.
24. **Exclusion.** Aufderworld Corporation makes no warranty or claim of functionality for designs or equipment not provided by Aufderworld Corporation. If any modifications, corrections, or revisions to the system are required, Aufderworld Corporation will provide solutions on a time and materials basis with written approval by Client.
25. **Indemnity.** Each party agrees to indemnify and hold the other harmless from any claims, damages, or liability of any nature whatsoever, arising out of the wrongful act, errors or omissions of the indemnifying party, its agents, or employees, or arising out of the negligent, defective, or deficient condition of the property of the indemnifying party. In addition, Owner agrees to defend, indemnify, and hold harmless the Operator from and against any claim, lawsuit, or other form of compulsion initiated and prosecuted by a Franchised Cable Company, its successors or assigns arising out of the rights and duties granted to the Operator, and the cost for any repair, removal or re-installation required to resolve any claim, lawsuit or other form of compulsion initiated and prosecuted by a Franchised Cable Company, its successors, or assigns. This would also include any legal fees incurred by Aufderworld Corporation.

Satellite TV Specific Terms

26. **Residential Upgrades.** If the headend system installed at Client facility has the capability for residents to upgrade programming or

equipment or both, Client staff will be expected to physically install new equipment with remote support from AWC. Aufderworld Corporation will apply a $100 credit toward monthly programming invoices for each residential receiver installed by Client maintenance staff. An Aufderworld Corporation service tech will be available to support the installation via phone should help be needed.

27. **Extra Receivers.** If the system purchased is a DRE or DRE+ system, a receiver is required for each TV connected to the DirecTV system. Standard HD and HD DVR receivers are available. Client can purchase additional receivers for residents at any time at rates provided above. Aufderworld Corporation must sell receivers to the Client directly and not to individual residents. Client can at its discretion sell, lease, or rent extra receivers to the residents at whatever rate is established by the Client. Extra receivers are warranted for one year from date of purchase.
28. **Signal Integrity.** Client shall hold Aufderworld Corporation harmless and indemnify it from any unauthorized reception and use of protected signals by Client.
29. **Existing Distribution.** Aufderworld Corporation assumes existing distribution system is operational, functioning in good order and owned by the Client. Aufderworld Corporation is not responsible for repair or warranty of any existing equipment, nor does Aufderworld Corporation guarantee compliance with all FCC regulations for equipment not installed by Aufderworld Corporation. Distribution System improvements or replacements will be made and billed for on an as-needed basis. Signal improvements will be assessed as made and determination of the job scope is at the discretion of the Client. If any equipment in this quote is intended to integrate with an existing computer network, it is assumed that a representative from the Client's IT department will be available and able to assist in the integration. Aufderworld Corporation assumes that all wiring is in place and is of the type that will accommodate full functionality of proposed system. Aufderworld Corporation assumes all passive distribution components can pass frequencies from 5-2150 MHz's If distribution upgrade is necessary, Aufderworld Corporation can provide at standard commercial rates.
30. **Satellite, in-house signal quality.** Aufderworld Corporation guarantees optimal signal quality at the headend per equipment manufactures specifications and performance criteria. Signal quality at TV outlets will be equal to or better than existing signals. Client to assume all DirecTV programming costs associated with an upgrade in programming service. It is assumed that the length of the satellite signal run does not exceed 200 feet. If the run exceeds 200 feet, Aufderworld Corporation can provide, if necessary, line amplifiers and additional labor at prevailing commercial rates.
31. **Compliances/Procedure.** Compliance with the programming terms set forth by DirecTV is required. Aufderworld Corporation must be notified of any changes in number of units and/or programming changes.
32. **Term.** Term of this agreement is 12 months from installation date unless other terms are agreed upon in the DirecTV programing agreement signed by customer at the time of installation. In that case, the terms of the DirecTV agreement shall prevail. Once the DirecTV agreement has expired, Client must give Aufderworld Corporation a minimum of 60-days written advance notice of intent to terminate service with Aufderworld Corporation.
33. **Program Fees.** Client is responsible for payment of programming fees based on published rates at the time of installation. Fees may vary from previously quoted prices due to rate increases or promotional discounts. Receiver price is based upon one-year programming subscription. Early termination may result in $135.00 per receiver charge plus any other applicable early termination fees. Client will be responsible for first and last month programming fees prior to activation of system.

RESOLUTION 2022-XXX

AUTHORIZING SIGNATORIES FOR THE PURPOSE OF ACCESSING AND MAINTAINING CITY FUNDS AND INVESTMENTS AS WELL AS AUTHORIZATION FOR USE OF THE CITY CREDIT CARD

WHEREAS, the City of Isanti must account for receipts and payables as a part of maintaining accurate accounting procedures; and,

WHEREAS, City funds are maintained in financial institutions as designated by resolution and authorized by Council; and,

WHEREAS, it has been identified that these investments and funds must be accessed and maintained by authorized personnel; and,

WHEREAS, due to potential change in staff or appointments on the City Council, the City finds it is in the best interest of the City to redefine authorized personnel to place their signatures on investment and financial documents on an annual basis;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows: Effective March 15th 2022 the following are hereby authorized to place their signatures on such documents that are required to provide for the investments, transferring of funds and signing of checks for the purpose of maintaining city finances.

1. At Falcon National Bank, the following shall be listed as signatories:

Mayor	Jeffrey Johnson
Mayor Pro-Tem	Steve Lundeen
Finance Director	Mike Betker
City Administrator	Josi Wood
Human Resources	Katie Grotte

2. The following are authorized to use the City Credit Card in conformance with City policies. The City Administrator, Finance Director and Assistant Finance Director are authorized to access information on the account;
    a. City Administrator Josi Wood
    b. Police Chief Travis Muyres
    c. Liquor Store Manager Keith Lusk
    d. Finance Director Mike Betker
    e. Assistant Finance Director Pamela Dahlheimer
    f. Human Resources Katie Grotte
    g. Community Development Director Stephanie Hillesheim
    h. Parks, Recreation and Culture Manager Alyssa Olson
    i. Public Services Director, Matt Sylvester

3. At RBC Wealth Management and Oppenheimer & Co. Inc., the following shall be listed as signatories:

Finance Director	Mike Betker
City Administrator	Josi Wood

4. Mayor Pro-Tem signature is only required in absence of the Mayor.

5. This resolution shall supersede any past resolutions.

This Resolution is hereby approved by the Isanti City Council this 15th day of March 2022.

Attest:

Mayor Jeff Johnson

Jaden Strand
City Clerk

A Community For Generations.

MEMORANDUM

Date: March 9, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.126218

Please find listed below a status report of the current projects in the City of Isanti:

1) **2022 Pavement Management Project**
We will receive bids on March 29, 2022.

2) **Brookview South 1-4 Addition Rehabilitation**
We will receive bids on March 29, 2022.

3) **Heritage Blvd & 8th Avenue Pedestrian Crossing**
We have submitted the concept layout and cost estimate to the County for review.

4) **Legacy Pines 3rd Addition**
The final pavement lift on Eagle Street is scheduled to be completed next spring.

5) **Fairway Greens North Development**
The First Addition Phase 1 was completed this fall & building permits are being pulled. The remainder of the 1st Addition as well as the 2nd Addition are anticipated to be completed in 2022.

6) **Fairway Greens South Development**
The owner has requested to extend the recording of the plat up to 1 year.

7) **MS4 Implementation**
We will continue to assist the City as requested to meet MS4 requirements.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

City Administrator Josi Wood shared an application was received from Rum River BMX to hold a special event for the Race for Life and DK Gold Cup Qualifier on Friday, April 29th through Sunday, May 1st. The applicant has submitted all necessary required documents. Staff recommended approval.

Motion by Lundeen, seconded by Collison to approve Resolution as presented. Motion passed 5-0. Motion carried.

Community Development Stephanie Hillesheim

4. **Resolution 2022-052** Approving a Forgivable Loan For Barack Realty LLC For Certain Real Property Located at PID 16.029.1400
   Community Development Director Stephanie Hillesheim shared a request was received from Barack Realty LLC to purchase City owned property identified as PID 16.029.1400. Barack Realty LLC is working with the Small Business Administration for loan funding and to be eligible to include the value of the land in their documents the structure of the transaction has been altered to allow for a forgivable loan to the purchaser in lieu of selling the land for $1.00. The outcome of the closing will remain the same.

   Upon closing and before construction, Barack Realty LLC will be required to Plat the parcel through the Administrative Subdivision process, as well as adhere to the requirements and conditions that the developer will be required to put in including infrastructure to access the site and City sewer and water service.

   Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

5. **Resolution 2022-053** Authorizing DNR Outdoor Recreation Grant Submission
   City Administrator Josi Wood shared this was discussed earlier in the evening at the Committee of the Whole meeting. There was discussion on whether or not to apply for the grant for the amenities discussed including the 2023 CIP budgeted restrooms.

   Councilor Lundeen stated the City should apply for the grant and decline later if need be since the Splash Pad was already in the budget.

   Councilor Gordon stated that he did not want to spend $436,000.00 and did not think the City should apply for the grant.

   Motion by Lundeen to approve the grant application process, seconded by Collison. Motion passed 3-2 with Gordon and Bergley voting nay.

L. Approve Consent Agenda

1. Payroll in the Amount of $131,477.07 and Accounts Payable in the Amount of $632,339.71
2. **Resolution 2022-054** Reestablishing Precincts and Polling Places
3. **Resolution 2022-055** Accepting Quote for Outsourcing the Mowing of Nuisance Weed/Grass Abatement Lots
4. ~~Resolution 2022-XXX Authorizing DNR Outdoor Recreation Grant Submission~~
5. **Resolution 2022-056** Authorizing the Replacement of the Main Lift Station Generator
6. Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services and Authorizing to Enter into a Contract for Animal Control and Kennel Services
7. **Resolution 2022-057** Approving Packet Management and Information Software
8. **Resolution 2022-058** Approving Chamber Audio Visual Reprogramming Upgrade
9. **Resolution 2022-059** Authorizing Signatories for the Purpose of Accessing and Maintaining City Funds and Investments as well as Authorization for Use of the City Credit Card
10. **Resolution 2022-060** Accepting Resignation for Liquor Store Clerk II Roberta Klatt
11. **Resolution 2022-061** Accepting Resignation for Park Recreation and Events Coordinator
12. Authorizing a One-Time Fence Repair in the Amount of 50% of the Cost Not to Exceed $550.00 at PID 01.006.0700 Due to Snow Plow Damage

Mayor Johnson stated that he would like to remove L.6. Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services and Authorizing to Enter into a Contract for Animal Control and Kennel Services as he would like to do more research on the item.

Councilor Gordon asked if the City has had any issues with the current provider.

Johnson responded that the City has not had any issues personally but another City has.

Councilor Lundeen stated that the City cannot get into any legalities or issues from another City. Lundeen further stated he had no problem pulling it but it needs to get resolved sooner than later.

Motion by Mayor Johnson to table L.6., seconded by Lundeen. Motion passed 5-0. Motion carried.

Councilor Lundeen stated that the Resignation of Parks, Recreation and Events Coordinator Alyssa Olson is a great loss to the City as she has done a fabulous job.

Motion by Lundeen to approve the consent agenda as presented, seconded by Bergley. Motion passed 5-0. Motion carried.

MINUTES
CITY OF ISANTI
COMMITTEE OF THE WHOLE MEETING

TUESDAY, MARCH 15, 2022 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:03 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Community Development Director Stephanie Hillesheim, Parks, Recreation and Events Coordinator Alyssa Olson, Public Services Director Matt Sylvester, City Engineer Jason Cook, Finance Director Mike Betker and Chief of Police Travis Muyres

Others Present: Ben Smith

D. Public Comment
None

E. Committee Meeting Items
1. City Council Agenda Request *(Ben Smith)*
Ben Smith shared that he lives just outside of City limits in Athens Township however, sometimes the Township plows his road and sometimes the City Does.

Smith continued to share that around February 21st he endured broken panels of fencing due to snow accumulation and the snow drift pushing into his fence when the City plow went by.

Smith stated there are approximately 6 posts and 4 rails that suffered the damage. The posts range from $20.00-$25.00 each and the rails cost approximately $40.00 each to replace.

City Administrator Josi Wood shared that this road is a split jurisdiction because the City has property on one side of the road which requires the City to plow one side but not the other. It was discussed that the City's plow driver would not lift up the blade, put it down and lift it up again at the property that is within city limits because of the unsafe condition and the mound it would leave where cars could potentially spin out if they hit it. Wood further shared that upon communicating with the Township, Mr. Smith's fence is located in the Right-of-Way.

Consensus from Committee is to authorize a one-time fence repair in the amount of 50% of the cost not to exceed $550.00 due to snow plow damage with the property owner installing and bring to City Council later in the night for consideration.

2. Public Works Updates
Public Works completed the annual tree trimming list.

Public Works spent a lot of time plowing snow this season.

17 street lights downtown and in Bluebird Park will be converted to an LED light this spring. Turns out there is a rebate from Connexus Energy for $35.00 per light that staff will be taking advantage of.

Potholes have been showing up lately and staff has been working on patching them and will continue through Spring.

With the rain that was received followed by the warm weather, Public Works have been out opening up catch basins.

Many Repairs were made to the street sweeper over the Winter in preparation for Spring clean-up.

Staff continue to do some brush cutting in storm ponds while the ground is still frozen as routine maintenance only.

The lift station pumps have been ordered and will be replaced this Spring into Summer.

The Wastewater Treatment Plant is now utilizing the filters and clarifiers. These are bypassed for the majority of the Winter in Winter running mode. This allows for staff to do a number of maintenance items related to the Wastewater Treatment Plant.

The Transfer Pump has been received that was in the CIP plan for the Wastewater Treatment Plant. As ponds begin to thaw, staff will be utilizing it to help minimize any odor issues.

The water meter change out continues to be on hold. The majority of the water meters have been received but are waiting on the Nicor connectors. The Nicor connectors are used to connect the meter to the antenna. Public Services Director Matt Sylvester has been told a couple different shipment dates but has not received them yet. Once received, residents will be notified and installs will begin.

Currently, the Water Treatment Plant is running on the back-up C12 system. Staff switches to the back-up system annually to ensure it will work if an emergency were to happen. This allows staff time to perform maintenance on the Miox machine and the CL2 pumps.

Staff is also in the process of replacing some piping for the C12 pumps due to the number of leaks that have been appearing.

The Sledding Hill and Pleasure Rink at Bluebird Park have a significant amount of thawing recently. Both were a success this Winter and use frequently.

3. Replacement of the Main Lift Station Generator Discussion
This is the main generator at the Lift Station and was installed in 1996. In the CIP, 30 years is considered the useful life for the generator putting the replacement at 2026.

The replacement was moved forward in light of the Federal Covid dollars received in which the money was advised to be spent on water and sewer.

By moving the generator replacement up there is a use for the used generator as it would be a good fit at the new Police Department building.

Finance Director Betker explained that there are a few things at the City that have to work every single time and that is tasers, firearms and squad vehicles. Betker stated that if he was going to add a 4th example to the list it would be the generator at the Main Lift Station. The Main Lift Station pumps run every 7 minutes. It has to have power and if the generator is not working in approximately 2 hours sewage would potentially be backing up into basements.

The generators that were purchased and installed were for stations that did not have them prior. One other generator that will come up is the generator at the Water Treatment Plant as that one did not get replaced either.

Replacement of the generator will be brought to the Council meeting later that night for consideration.

4. DNR Outdoor Recreation Grant Update
Application for the DNR Outdoor Recreation Grant is due at the end of the month.

The majority of the proposal will highlight the Splash Pad as a major park amenity, if awarded, would help fund a large portion of the splash pad project.

In completing the application, staff identified an opportunity to include additional amenities to increase fundability and enhance the chances that grant reviewers will find this project valuable for funding.

In reviewing bid for Bluebird Park restrooms, increased costs have placed the project over budget by approximately $50,000.00. Including this feature in the grant application would allow the City to apply for a greater amount of funding that could cover theses costs and allow both projects to move forward, allowing the City to apply for the full match of $300,000.00 instead of the original $218,000.00.

As the grant is funded through the DNR, there is a large preference towards projects that are environmentally-friendly and those that include ADA accessible features.

To enhance the environmental appeal of the project, staff included some money to build pollinator gardens along the park green to encourage wildlife habitats and support regrowth in Bluebird Park. To increase potential support for the project, and to raise the number of

users the park will appeal to, staff has also included the opportunity to create a fitness trail along the walking paths in both Bluebird Park and Unity Park. These fitness features would reach a new audience and allow more users to benefit from this grant without needing additional City funding.

Consensus from Committee is to move the consideration of DNR Outdoor Recreation Grant Application submission from the consent agenda to a business item on the City Council Agenda for consideration.

F. Adjournment

Meeting was adjourned at 5:50 p.m.

Respectfully Submitted.

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: April 5, 2022

Subject: Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services

---

Background:

A Request for proposals was placed in the Official Newspaper and posted for Animal Control and Kennel Services for the City. Contracted services shall run through March 31, 2027. The City received two quotes/proposals for animal control services. The proposals are as follows:

QUOTER			Comments
Gratitude Farms	$85.00 Impound Fee	$25.00/day Boarding Fee	$250.00 monthly all-inclusive fee to City. No price adjustment over term of contract. Vendor keeps all fees charged.
On-Line Retrievers	$100.00 Impound Fee, plus mileage/ IRS rate	$30.00/day Boarding	No monthly City fee, $100.00 response fee for a complaint or response plus IRS mileage. Transport to Kennel or University of Minnesota- $100.00 fee plus mileage/IRS rate for transport. Transport to Vet- IRS mileage. 2.5% price adjustment per year for Kennel Services. IRS mileage adjustment each year if any. Vendor keeps all fees charged.

Staff has reviewed the proposals and recommends continuing services with Gratitude Farms.

Request:
Staff is requesting to enter into a contract with Gratitude Farms for Animal Control and Kennel Services.

Attachment:
- Resolution 2022-XXX Accepting Quote for Animal Control and Kennel Services

RESOLUTION 2022-XXX

ACCEPTING QUOTE FOR ANIMAL CONTROL AND KENNEL SERVICES

WHEREAS, the City of Isanti has requested quotes for Animal Control and Kennel Services; and,

WHEREAS, staff has received quotations for Animal Control and Kennel Services from Gratitude Farms and On-Line Retrievers; and,

WHEREAS, both vendors are qualified service providers and their proposals are as follows:

QUOTER			**Comments**
Gratitude Farms	$85.00 Impound Fee	$25.00/day Boarding Fee	$250.00 monthly all-inclusive fee to City. No price adjustment over term of contract. Vendor keeps all fees charged.
On-Line Retrievers	$100.00 Impound Fee, plus mileage/ IRS rate	$30.00/day Boarding	No monthly City fee, $100.00 response fee for a complaint or response plus IRS mileage. Transport to Kennel or University of Minnesota- $100.00 fee plus mileage/IRS rate for transport. Transport to Vet- IRS mileage. 2.5% price adjustment per year for Kennel Services. IRS mileage adjustment each year if any. Vendor keeps all fees charged.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby accepts the quote from Gratitude Farms for Animal Control and Kennel Services

2. That the City Administrator is hereby authorized to complete and enter into the City Animal Control and Kennel services contracts for the provision of Animal Control and Kennel Services with Gratitude Farms.

3. The contract shall run through March 31, 2027.

This resolution was duly adopted by the Isanti City Council this 5th day of April 2022.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: April 5, 2022
Subject: Resolution to Approve Special Event Permit for The Neighborhood Market

---

Tony Gall of the "The Neighborhood Market" has submitted a Special Event Permit Application to host a community farmer's market located in the Members Cooperative Credit Union on Fridays from May 6 through October 28th in 2022 from 2-6pm. A maximum of 15 vendors on-site is being requested.

The Neighborhood Market is requesting the Temporary Sign Permit fee be waived for the events.

All departments and the Fire Chief have approved the application with the following conditions:

- Barricades must be in place differentiating pedestrian and vehicle traffic surrounding the market.
- A temporary sign permit must be approved before any signage is placed for events.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, approve the attached Resolution as written and consider the future of the Isanti Family Farmer's Market hosted and organized by the City on Wednesdays. There are currently 4 vendors who have applied to sell at the market in 2022. The kick off meeting and deadline to apply is May 21, 2022.

Attachments:

- Resolution 2022-XXX
- Special Event Permit Application for The Neighborhood Market

RESOLUTION 2022-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE NEIGHBORHOOD MARKET

WHEREAS, Tony Gall has submitted a Special Event Permit application requesting a permit to host The Neighborhood Market, a weekly farmer's market on Fridays in the Member's Cooperative Credit Union parking lot; and,

WHEREAS, The Neighborhood Market will take place every Friday from May 6-October 28 in 2022.

WHEREAS, hours will of the event will be 2pm – 6pm.

WHEREAS, the estimated number of people to be in attendance is 50; and,

WHEREAS, there will be a maximum of 15 vendors on site.

WHEREAS, the applicant has received permission from the Member's Cooperative Credit Union to host the event at their location; and,

WHEREAS, parking during the event will be restricted to paved surfaces at the location; and,

WHEREAS, the applicant has submitted a complete request with the application materials; and,

WHEREAS, barricades must be used to differentiate pedestrian and vehicle traffic areas; and,

WHEREAS, a Temporary Sign Permit must be approved before any signage is placed for the events; and,

WHEREAS, the fee for the Temporary Sign Permit for The Neighborhood Market has been waived.

WHEREAS, the City has received the required $100 clean-up deposit fee;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the special event permit request for The Neighborhood Market;

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this April 5, 2022.

Memo for Discussion

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: April 5, 2022
Subject: Resolution to Approve a Contract for Temporary Park and Recreation Consulting Services

---

Background:
Parks, Recreation and Events Coordinator, Ms. Alyssa Olson, gave notice of her resignation and her last day was Monday, March 29th. With the new Illuminate Isanti event in full swing of recruiting much needed sponsorships and planning, staff feels it would be best to keep Ms. Olson on to help with the planning, implementation and possible execution of that event. As with other contracted services, the time allowance for these items would be overseen by the City Administrator. Ms. Olson may also be requested to assist in the transition of the events, as well as other department tasks, when the position is filled. It is unknown when the anticipated date will be for filling that position as candidates have not been interviewed yet.

The contracted hourly wage from Ms. Olson is $55.00 per hour. Funding for this temporary contracted service would be PRC – 112, Contracted Services, which is unbudgeted but will be offset by a reduction in wages and insurance with the position unfilled.

Request:
Approve temporary park and recreation consultant services with Ms. Alyssa Olson.

- Resolution 2022-XXX
- Contracted Services Proposal

RESOLUTION 2022-XXX

RESOLUTION APPROVING A CONTRACT FOR TEMPORARY PARK AND RECREATION CONSULTING SERVICES WITH ALYSSA OLSON

WHEREAS, Parks, Recreation and Events Coordinator Alyssa Olson gave notice of resignation as an employee of the City of Isanti, with her last day Monday March 29, 2022; and

WHEREAS, it is recognized that park and recreation events would benefit in the interim of filling the position and temporarily as continued efforts move forward in event planning to help make new events such as Illuminate Isanti a success and aid in transitioning in the new employee; and

WHEREAS, it would be beneficial to have Ms. Olson's services with these events and staff recommends entering into a contract with her;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Hereby enters into the attached contract between the City of Isanti and Alyssa Olson for contracted park and recreation services.

2. Approves and authorizes the City Administrator to sign the contract between the City of Isanti and Ms. Olson.

3. Funding source is identified as PRC – 112 (Contracted Services).

This Resolution hereby approved by the Isanti City Council this 5th day of April 2022.

Attest: Mayor Jeff Johnson

Terms

This Independent Contractor Agreement (the “Agreement”) is made and entered into as of March 28, 2022 (the “Effective Date”) by and between Alyssa K. Olson (“Contractor”), and City of Isanti a (“Client”).

1. Engagement of Services. Client hereby engages and retains Contractor to provide certain services, and Contractor agrees to render such services to Client, from time to time as mutually agreed to by Client and Contractor (the “Services”) and that are described in one or more scope of work (“SOWs”) which include specific Deliverables, Descriptions, Timelines, and Fees.

2. Compensation. Client will pay Contractor the fees set forth in the SOW in consideration for rendering the Services pursuant to this Agreement and such SOW. Contractor will invoice Client on a As Needed basis and Client agrees to pay invoices within 30 days of receiving the invoice. Payment after that date will incur a late fee of 5.0% per month on the outstanding amount. Contractor will be reimbursed for expenses that relate to the Services and that are approved by Client in advance. Upon termination of this Agreement for any reason, Client will pay Contractor any unpaid fees for Services that have been completed prior to such termination. Client will not be required to pay Contractor a deposit prior to any work beginning.

3. Ownership of Work Product. Client is and will be the owner of all interests in the product of all work performed under this Agreement (the “Work Product”). Contractor hereby irrevocably sells, transfers and assigns to Client all right, title and interest that Contractor has or will have in and to the Work Product, and Contractor acknowledges that Client owns and will own all such existing and future right, title and interest in and to the Work Product. Notwithstanding the foregoing, Contractor shall be entitled to display Work Product in their portfolio, on their website, or for any other business marketing purposes.

4. Intellectual Property. Neither the Client nor Contractor shall acquire any right, title or interest in any intellectual property owned, licensed or controlled by the other party as of the Effective Date.

5. Confidential Information. Contractor shall not disclose any of the Client’s confidential information to anyone other than its affiliates, employees, contractors or authorized representatives who have a need to know the information in connection with Contractor’s rendering of the Services. Contractor shall exercise the same degree of care to prevent disclosure of any Confidential Information as it takes to preserve and safeguard its own confidential information but, in any event, no less than a reasonable degree of care.

6. Independent Contractor Relationship. Contractor’s relationship with Client is that of an independent contractor, and nothing in this Agreement is intended to, or should be construed to, create a partnership, agency, joint venture or employment relationship. No part of Contractor’s compensation will be subject to withholding by Client for the payment of any social security, federal, state or any other employee payroll taxes. Client will regularly report amounts paid to Contractor by filing Form 1099-MISC with the Internal Revenue Service as required by law. CONTRACTOR IS ACTING AS AN INDEPENDENT CONTRACTOR TO CLIENT; CONTRACTOR IS NOT ENTITLED TO UNEMPLOYMENT INSURANCE BENEFITS, WORKERS’ COMPENSATION BENEFITS, PENSION, BONUS OR OTHER FRINGE BENEFITS FROM CLIENT. CONTRACTOR WILL PAY ALL NATIONAL, FEDERAL AND STATE INCOME TAX, SOCIAL SECURITY TAX AND OTHER AMOUNTS DUE UNDER APPLICABLE PAYROLL AND SIMILAR LAWS WITH RESPECT TO ALL AMOUNTS PAID IN CONNECTION WITH THIS AGREEMENT.

7. Term. The term of this Agreement will commence on the Effective Date and will continue until terminated by either party as provided herein. The Services shall commence as set forth in the SOW and will continue as provided therein or until terminated pursuant to the terms of such SOW or this Agreement.

8. Termination. Either party may terminate this Agreement at any time by giving 15 days prior written notice to the other party. Either party may terminate this Agreement immediately upon a material violation of this Agreement by the other party.

9. Limitation of Liability. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR DIRECT DAMAGES ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR ANY SOW IN EXCESS OF THE TOTAL FEES PAID TO CONTRACTOR UNDER THE SOW GIVING RISE TO SUCH LIABILITY. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR PUNITIVE DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS OR REVENUE) EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

10. Governing Law. This Agreement will be governed in all respects by the laws of the United States of America and by the laws of the State of Minnesota, excluding conflicts of law principles.

11. Severability. Should any provisions of this Agreement be held by a court of law to be illegal, invalid or unenforceable, the legality, validity and enforceability of the remaining provisions of this Agreement will not be affected or impaired thereby.

12. Waiver. The waiver by either party of a breach of any provision of this Agreement by the other party will not operate or be construed as a waiver of any other or subsequent breach by such party.

13. Assignment. Neither party shall assign or transfer this Agreement, or any rights or portion thereof, to any related or unrelated third party without the other party's consent.

14. Entire Agreement. This Agreement and all outstanding SOWs constitute the entire agreement between the parties relating to this subject matter and supersede all prior or contemporaneous oral or written agreements concerning such subject matter. The terms of this Agreement and all outstanding SOWs will govern all Services undertaken by Contractor for Client. This Agreement and any SOW may only be changed by mutual agreement of authorized representatives of the parties in writing.

RE: Award Recommendation – 2022 Pavement Management Project
City of Isanti, Minnesota
BMI Project No. 0R1.126221

Honorable Mayor Johnson and Members of the City Council:

Three bids were received on March 29, 2022, for the 2022 Pavement Management Project. This project included one base bid for the seal coat and ADA improvements and one alternate bid for the micro-surfacing of Pinto Lane SE, Buckskin Boulevard SE, and Appaloosa Lane SE north of Palomino Road SE. The bids were checked and tabulated, and the results are summarized as follows:

Bidder	Base Bid: Seal Coat & ADA Improvements	Alternate 1: Micro-Surfacing	Base Bid + Alternate 1
Asphalt Surface Technologies Corp.	$317,926.10	$55,220.00	$373,146.10
Allied Blacktop Company	$349,821.70	N/A	N/A
Fahrner Asphalt Sealers, LLC	$443,748.54	$76,588.80	$520,337.34
Engineer's Estimate	*$330,864.50*	*$53,004.00*	*$383,868.50*

The Council may elect to award the Base Bid with or without Alternate 1. Asphalt Surface Technologies Corp. is the low responsible bidder for all combinations of bids. We recommend award of the Base Bid with Alternate 1 to Asphalt Surface Technologies Corp. in the amount of $373,146.10.

If you have any questions, please contact me.

Sincerely,

Jason W. Cook

Jason W Cook, P.E.
City Engineer

RESOLUTION 2022-XXX

AWARDING THE BID FOR THE
2022 PAVEMENT MANAGEMENT PROJECT

WHEREAS, the City has planned for the 2022 Pavement Management Project; and,

WHEREAS, the plans and specifications have been completed for these improvements; and,

WHEREAS, The bid documents included the Micro-Surfacing of Pinto Lane SE, Buckskin Boulevard SE, and Appaloosa Lane SE north of Palomino Road SE; and,

WHEREAS, a public bid opening was held on March 29th, 2022; and,

WHEREAS, three bids were received; and,

WHEREAS, The City has elected to award the Base Bid + Alternate 1; and,

WHEREAS, Asphalt Surface Technologies Corp. was the responsible low bidder with a bid of $373,146.10; and,

WHEREAS, the finance department has confirmed that the project is financially feasible;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall award the project entitled "2022 Pavement Management Project" including Alternate 1 to Asphalt Surface Technologies Corp. in the amount of $373,146.10.

2) Funding for the project shall come from utility franchise fees.

This resolution was duly approved by the Isanti City Council this 5th day of April 2022.

RE: Award Recommendation – South Brookview Improvements
City of Isanti, Minnesota
BMI Project No. 0R1.126222

Honorable Mayor Johnson and Members of the City Council:

Four bids were received on March 29, 2022, for the South Brookview Improvements Project. The bids were checked and tabulated, and the results are summarized as follows:

Bidder	**Total Bid: South Brookview Improvements**
North Valley, Inc.	$429,434.23
Asphalt Surface Technologies Corp.	$455,436.95
Knife River Corporation	$468,615.20
OMG Midwest Inc. dba Minnesota Paving & Materials	$518,357.72
Engineer's Estimate	*$461,130.00*

The South Brookview Improvements assessments are estimated to be reduced approximately 9% based on the low bid received.

North Valley, Inc.'s bid is within the anticipated budget. We recommend award of this project to North Valley, Inc. in the amount of $429,434.23.

If you have any questions, please contact me.

Sincerely,

Jason W. Cook

Jason W Cook, P.E.
City Engineer

RESOLUTION 2022-XXX

AWARDING THE BID FOR THE SOUTH BROOKVIEW IMPROVEMENTS PROJECT

WHEREAS, the City has planned for the South Brookview Improvements Project; and,

WHEREAS, the plans and specifications have been completed for these improvements; and,

WHEREAS, the funding for this project is, in part, special assessments following the MS 429 process, and general funds; and,

WHEREAS, a public bid opening was held on March 29th, 2022; and,

WHEREAS, four bids were received; and,

WHEREAS, North Valley, Inc. was the responsible low bidder with a bid of $429,434.23; and,

WHEREAS, this bid prices are within the anticipated budget;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1) That the City shall award the project entitled "South Brookview Improvements" to North Valley, Inc. in the amount of $429,434.23.

2) Funding for the project shall come from special assessments and general funds.

This resolution was duly approved by the Isanti City Council this 5th day of April 2022.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: April 5th, 2022
Subject: Site Plan Review for Wolf River Electric for two industrial buildings located at 687 and 703 E Dual Blvd NE

Background: A presentation was given at the March 15, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for two proposed industrial buildings located at 687 and 703 E Dual Blvd NE. It was explained that each building will be located on 5.01-acre parcels and will be similar in building appearance, floor plans, square footage, parking, and building orientation facing East Dual Blvd NE. It was mentioned that Wolf River Electric intends to occupy at least 51% of each building and potentially rent a portion of the building to tenants until there is a need for expansion within the company. John Waletzko of Bradbury Stamm Construction was present at the meeting representing Wolf River Electric and was available for questions from the Planning Commission. The Planning Commission asked the representative what the construction timeline is intended to be for the building. The representative explained that they intend to construct both buildings at the same time in the fall of 2022. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans for two proposed industrial buildings with conditions at the March 15, 2022 Planning Commission meeting. Motion for approval passed 5-0.

Request: Consider adopting the resolution and findings of fact.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING THE SITE PLANS FOR TWO INDUSTRIAL BUILDINGS FOR WOLF RIVER ELECTRIC LOCATED AT 687 AND 703 EAST DUAL BLVD NE

WHEREAS, Wolf River Industries/Coyote Creek Industries (applicant) has requested approval for site plans of two industrial buildings at 687 and 703 East Dual Blvd NE in the City of Isanti (PID's 16.157.0020 and 16.157.0010); and,

WHEREAS, the property is located in the "I-1" Industrial Park District, in which *Light Manufacturing and Warehousing* are permitted uses; and,

WHEREAS, under Isanti Zoning Code Section 18, Subd.2(A) the construction of a new building is required to obtain approval of the Site Plan/Building Appearance; and,

WHEREAS, the City of Isanti has entered into a development agreement with Wolf River Industries/Coyote Creek Industries on December 15, 2020; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of Site Plans for two light manufacturing and warehousing buildings on March 15, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Site Plans at its regularly scheduled meeting on April 5, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Findings of Fact and Conclusion related to the requested Site Plans for two manufacturing buildings;

BE IT FURTHER RESOLVED that the requested Site Plans be hereby APPROVED subject to the following conditions:

1. A photometrics plan shall be submitted to review lighting types, locations of lights and foot candle readings
2. An easement shall be obtained for the 30 ft wide shared access to both sites
3. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
4. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
5. All conditions/comments listed in the City Engineer's memos dated 3/8/2022 shall be addressed

This Resolution is hereby approved by the Isanti City Council this 5th day of April, 2022

Jaden Strand

City Clerk

FINDINGS OF FACT AND CONCLUSION

Request

Request by Wolf River Industries/Coyote Creek Industries for Site Plan Approval for two manufacturing buildings located at 687 and 703 East Dual Blvd NE.

Findings of Fact

1. The applicant is requesting approval of Site Plans for two manufacturing buildings located at 687 and 703 East Dual Blvd NE.
2. The Property is zoned I-1, Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on March 15, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Site Plan application was published with the *County Star* on March 3, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 18 of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Site Plan request.

Conclusions

1. In review of the standards established in Section 18, Subdivision 7; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. Consistency with the elements and objectives of the City's development guides, including the comprehensive plan.
   The proposed industrial buildings will provide employment opportunities in Isanti. The potential for tenant spaces within the buildings will draw future companies to Isanti. Warehousing and Light Manufacturing is a permitted use in the Industrial Park District and is guided in the Comprehensive Plan.

   B. Consistency with City Codes.
   The proposed development meets all current City Codes established.

   C. Preservation of the site in its natural state to the extent practicable by minimizing tree and soil removal and designing grade changes to be in keeping with the general appearance of neighboring developed or developing areas.
   There are no existing trees on site that will need to be removed for the development of the manufacturing buildings. The landscaping plan proposes 19 new trees located on the site at 703 E Dual Blvd and proposes 22 additional trees to be planted at 687 E Dual Blvd NE.

The site will meet the landscaping requirements set forth in Section 15 of the City's Zoning Ordinances.

D. The amount and location of open space and landscaping.
The proposed sites exceed minimum requirements for open space and landscaping.

E. Vehicular and pedestrian circulation, including walkways, interior drives, and parking in terms of location and number of access points to the public streets, width of interior drives and access points, general interior circulation, separation of pedestrian and vehicular traffic and arrangement and amount of parking.
Interior vehicular and pedestrian circulation, access points to the public streets, and all other requirements have been met.

F. Protection of adjacent and neighboring properties through reasonable provision for surface water drainage, sound and sight buffers, preservation of views, light, and air and those aspects of design not adequately covered by other regulations which may have substantial effects on neighboring land uses.
The site will be properly shielded from neighboring properties by future landscaping. The development of industrial buildings is consistent with other buildings in the Industrial Park District along East Dual Blvd NE and will not have a negative impact on surrounding properties.

G. Consistency with the City's Engineering Design standards as adopted by Resolution of the City Council
The proposed development has been reviewed by the City Engineer. Engineer comments have been or will be incorporated into the development.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on March 15, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Bergley to recommend approval of the two manufacturing buildings located at 687 and 703 East Dual Blvd NE.

A Community For Generations.
Isanti

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: March 15, 2022

SUBJECT: Site Plan Review for two proposed Industrial buildings located at 687 and 703 E Dual Blvd NE

Request: The applicant, Wolf River Industries/Coyote Creek Industries is requesting site plan approval for two proposed Industrial buildings located at 687 and 703 E Dual Blvd NE.

Overview/Background: The applicant proposes to construct the two buildings on vacant lots located at 687 and 703 E Dual Blvd NE in the City's Industrial Park.

These are shovel ready sites and were once part of a 15.03-acre parcel until it was split into three separate 5.01-acre parcels. Wolf River Electric bought two of these parcels from the city to develop and Isanti's Economic Development Authority still owns the parcel to the south (605 E Dual Blvd NE).

These parcels are currently zoned I-1 Industrial Park District in which "Light Manufacturing" and "Warehousing" are permitted uses. Wolf River Electric intends on occupying at least 51% for their company and temporarily renting out the remaining space to tenants until expansion is needed. The two proposed buildings are intended to be 16,125 sq ft each. Floor Plans show four possible leased spaces of roughly 4032 sq ft each. The site is proposed to provide seventy-nine total parking stalls.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Setbacks – Principal Building

Minimum Front Yard Setback	There shall be a front yard having a depth of not less than thirty (30) feet between building and the street right-of-way line.

Minimum Side Yard Setback	There shall be two (2) side yards, one on each side of a building. Each side yard shall be not less than fifteen feet in width.
Minimum Rear Yard Setback	30 feet

The proposed buildings will be located over 100 ft from the front property line and will be setback over the required 15 ft minimum for the side. The proposed buildings will meet all required setbacks for the I-1 zoning district.

Easement

An easement shall be required for the shared access to the sites and East Dual Blvd NE. Site Plans indicate that a shared property line between the two parcels separates the 30 ft drive aisle. Although the property owners are the same for these two parcels, staff recommends an easement be obtained to prevent complications if one of the properties was ever sold.

Impervious Surface Coverage

Twenty-five (25) percent of the total lot area shall consist of green space. Five (5) percent of the total lot area shall be green space within the parking perimeter.

Impervious surfaces on site will include the building, paved asphalt parking lot and driveway surfaces. The sites will consist of more than 25% green space and the landscaping requirements will be met. If future development or paving occurs on the sites, the impervious surface maximum of 75% shall be considered.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and driving surfaces are proposed to be surfaced with a Bituminous Material. Concrete sidewalks are proposed around the perimeter of the building.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the entire perimeter of the parking lot and paved area on site.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet

- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

Manufacturing, assembly, processing, research, experimental or testing stations	1.25 spaces for each employee on the major shift or 1 space for each 500 sq/ft whichever is greater *(Ord. No. 617)*

Based on the proposed use and total square footage of the proposed buildings, 65 parking spaces are required for the two 16,125 square foot buildings. Three stalls are required to be handicap accessible based on the total number of proposed parking stalls. The site plans for the two buildings show 79 parking stalls total, in which four parking stalls are designated as handicap accessible. The site plans meet the required number of parking spaces for the proposed use and are compliant with ADA standards for handicap accessible stalls.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will have two-way traffic for the parking areas in front of the proposed building and the sides of the building. Stall dimensions are shown as 9 feet in width and 19 feet in length and follow this requirement. The drive aisle widths around both parking areas are proposed for at least 26 feet and meet the requirement for two-way vehicle circulation. These drive aisle widths are accommodating to the state Fire code where Fire apparatus access surrounding the building are at least 20 ft in width.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

An exterior lighting plan shall be submitted that shows lighting types that are proposed on site and include freestanding light poles and wall mounted sconces. All lighting types proposed shall be downlit and designed to reduce glare. These light sources shall meet all criteria listed in Section 14 of the City Zoning Ordinances. Freestanding light poles shall be illustrated on site plans to determine their location to ensure that the foot candles near property lines are being met.

Building Design and Construction

Exterior Building Materials

A. The exterior wall finishes on any building shall be comprised of one or more of the following materials:

   1. Face brick.
   2. Natural stone.
   3. Glass.
   4. Decorative concrete block as approved by the City Council.
   5. Specifically designed pre-cast concrete units; if the surfaces have been integrally treated with an applied decorative material or texture.
   6. Masonry stucco.
   7. Other comparable or superior material as recommended by the Planning Commission and approved by the City Council.

B. All subsequent additions and accessory buildings constructed after the erection of the original building or buildings, shall be constructed with exterior finishes comprised of the same materials as the original structure(s).

   Exterior building materials mostly include prefinished metal panels and roofing and a stone wainscoting surrounding the front and sides of the building. Colors for the building materials were not specified on architectural plans but will need to complement surrounding structures in the Industrial District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If outside mechanical equipment is proposed it shall be displayed on site and landscaping plans to review the location and screening from adjacent properties.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   A loading area is displayed on exterior elevations to have four garage doors located in the rear of the building facing west. There are no surrounding residential areas near the site and will not have to be shielded from view.

Landscaping

Non-Residential Requirements: In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations:

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

The landscaping plan proposes to include small shrubs and plantings in front of the parking stalls and the front of the building facing E Dual Blvd NE. A mix of ornamental and overstory trees are proposed running parallel to E Dual Blvd NE. Sod will surround the front parking area curbing and the proposed Stormwater Pond on Lot 2. The City Landscaping Ordinance requires that the site have at least 15 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage). Lot 1 is proposed to have 19 trees across the site and Lot 2 is proposed to have 22 trees. The proposed amount of 41 trees across both sites will meet this standard.

Refuse and Trash Receptacle Enclosures

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

There are two trash enclosures proposed on site plans, one enclosure per building. Lot 1 proposes the trash enclosure to be located in the rear of the building on the northwest corner of the curbing. Lot 2 proposes the trash enclosure to be located near the storm pond on the south west corner of the rear curbing. The trash enclosures on the site plans show that they will be 24 ft in width, 16 ft in depth and 7 ft in height. The materials of the trash enclosure include varying corduroy and rock faced concrete blocks and will be placed on a concrete pad. The trash enclosures will need to be illuminated for the safety of employees and shown on future photometrics plans. The landscape plan shows spruce trees surrounding both of the trash enclosures for shielding from surrounding properties.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the two proposed Industrial buildings located at 687 and 703 East Dual Blvd NE with the following conditions:

1. A photometrics plan shall be submitted to review lighting types, locations of lights and foot candle readings
2. An easement shall be obtained for the 30 ft wide shared access to both sites
3. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
4. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
5. All conditions/comments listed in the City Engineer's memos dated 3/8/2022 shall be addressed

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: April 5, 2022
Subject: Resolution Authorizing the Replacement of Lift Station Air Release Valves

Background:
There are 22 air release valves that are in need of replacement. These air release valves are for the Subway Lift Station, the 8th Ave Lift Station, BMX Lift Station, and the Main Lift Station combined. The purpose of an air release valve is to allow air to escape out of the force main while the lift station pumps start or are running and also to allow air back in when the pumps are off extending the life of the lift station pumps and piping. Staff would be responsible for installing the air release valves. The Capital Improvement Plan has $28,325.00 for the purchase of new air release valves.

Staff reached out and received two quotes for the purchase of the air release valves:

- Koodry Mononey - $30,401.00
- Dezurik - $22,203.00

Recommendation:
Staff is recommending to accept the quote from DeZurik in the amount of $22,203.00.

Request:
Staff is requesting action on this item.

RESOLUTION 2022-XXX

AUTHORIZING THE REPLACEMENT OF LIFT STATION AIR RELEASE VALVES

WHEREAS, the City of Isanti has twenty-two air release valves that are in need of replacement for the Main Lift station, Subway List Station, BMX Lift Station, and the 8th Ave Lift Station; and,

WHEREAS, the purpose of the air release valve is to allow air to escape the force main when the pumps start and to allow air back in when the pumps are off extending the life of the lift station pumps and piping; and,

WHEREAS, staff reached out and received the following quotes for the replacement of the submersible pumps; and,

- DeZURIK - $22,203.00
- Kodru Mooney – 30,401.00

WHEREAS, the public works staff would do the installation of the air release valves; and,

WHEARES, 2022 Capital Improvement Plan has $28,325.00 for the replacement of the air release valves; and,

WHEREAS, the funding source identified as Sewer (500);

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the quote from DEZURIIK in the amount of $22,203.00, allow public works staff to do the installation. The total cost including a 10% contingency is $24,423.30 funding source identified as Sewer (500).

This resolution was duly adopted by the Isanti City Council this 5th day of April, 2022.

MANUFACTURER'S CONDITIONS

These conditions apply to all quotations, orders and contracts for DeZURIK, Inc. ("we," "us" or "our")

1. CONSTRUCTION AND LEGAL EFFECT: Our sale to you (defined as the purchaser of goods from us), is limited to and expressly made conditional on your assent to these typed and printed terms and conditions of sale, the face and reverse side hereof ('These Terms"), all of which form a part of the agreement to sell and which supersede and reject all prior writings (including your order), representations, negotiations with respect hereto and any conflicting terms and conditions of yours, any statement therein to the contrary notwithstanding. The sending of the purchase order for the goods referred to herein, whether or not signed by you, or your acceptance of the goods or payment operates as acceptance by you of These Terms. In case of conflict between These Terms and the terms of your purchase order or acceptance, These Terms govern; any different or conflicting terms submitted by you in any purchase order or acceptance shall be deemed objected to by us and shall be of no effect unless specifically agreed to by us in writing. We will furnish only the quantities and goods specifically listed on the face hereof or the pages attached hereto., or any updates or modifications to the same purchase order. We assume no responsibility for other terms or conditions or for furnishing other equipment or material shown in any plans and/or specifications for a project to which the goods quoted or ordered herein pertain or refer. Our published or quoted terms and conditions are subject to change without notice prior to acceptance of order.

2. PRICES: Unless otherwise noted on the face hereof, quotations are valid for 30 days, prices are net, FCA Incoterms 2020 our factory. Stenographic, clerical, and mathematical errors are subject to correction. Until acceptance of order on These Terms, quoted prices and delivery are subject to change. Thereafter, unless otherwise noted, prices are firm for shipment of goods within 12 months from the relevant quotation date. Our prices are based on current prices for material. We will endeavor to obtain the lowest pricing on materials from our suppliers, but if a significant material price increase occurs between order acceptance and shipment date, goods scheduled to ship beyond 12 months of the quotation date are subject to a price adjustment by the amount necessary to cover such increase.

3. DELIVERY: Dates for the furnishing of services and/or delivery or shipment of goods are approximate only and are subject to change. Quoted lead times are figured from the later of date of acceptance of order on These Terms or from the date of receipt of complete technical data and approved drawings as such may be necessary. We shall not be liable, directly or indirectly, for any delay in or failure to perform caused by carriers or suppliers or delays from labor difficulties, shortages, strikes or stoppages of any sort, failure or delay in obtaining materials, customer requested order changes, fires, floods, storms, accidents, government restrictions, epidemics, pandemics, causes designated acts of God or force majeure by any statute or court of law or other causes beyond our reasonable control.

4. SHORTAGE, DAMAGE, ERRORS IN SHIPMENT: Our responsibility ceases upon delivery to carrier. Risk of loss, injury or destruction of property, shall be borne by you from and after our delivery to carrier, and such loss, injury or destruction shall not release you from the obligation to pay the purchase price. You shall note receipt for goods that are not in accordance with bill of lading or express receipt and you shall make claim against such carrier for any shortage, damage or discrepancy in the shipment per the ICC Code for Freight Claims promptly. You shall inspect and examine all items and goods covered by the order when unpacking crated or boxed goods, and if damage is discovered, leave as is until the carrier's agent makes examination and notation on freight or express bill of concealed damage. We will render reasonable assistance to help trace and recover lost goods and collect just claims as a business courtesy, but without obligation. We do not guarantee safe delivery.

5. TAXES: Our prices do not include sales, use, excise, occupation, processing, transportation or other similar taxes which we may be required to pay or collect with respect to any of the materials covered hereby under existing or future law. Consequently, in addition to the price specified herein, such taxes shall be paid by you, or you shall provide us with a tax exemption certificate acceptable to the appropriate taxing authorities. You shall also assume and pay any import or export duties and taxes, with respect to the materials covered by the order, and shall hold harmless and reimburse us therefrom.

6. CREDIT AND PAYMENT: Unless otherwise noted on the face hereof, payment of goods shall be 100% thirty (30) days net in US dollars. Payment shall be made: (a) in full without set-off, counterclaim, or withholding of any kind; and (b) not contingent on payment from or approval of any third party. Prorated payments shall become due with partial shipments. We reserve the right at any time to suspend credit or to change credit terms provided herein, when, in our sole opinion, your willingness or ability to pay your obligations to us is in doubt. Failure to pay invoices at maturity date, at our election, makes all subsequent invoices immediately due and payable irrespective of terms, and we may withhold all subsequent deliveries until the full account is settled and we shall not, in such event, be liable for non-performance of contract in whole or in part. You agree to pay, without formal notice, 1.5% per month of the amount not paid when due, provided that, if such rate is in excess of applicable governing law, you agree to pay the maximum permitted rate.

7. CANCELLATIONS AND CHANGES: Orders which have been accepted by us are not subject to your cancellation or changes in specifications, except upon our written consent, and we may require, as a condition of such consent, appropriate modification charges and adjustments in price, delivery schedule and other relevant terms, and in the case of cancellation, cancellation charges. In the event we accept your cancellation, you shall be liable for a cancellation charge equal to the higher of (i) 25% of the purchase price of the item(s), or (ii) any loss or cost incurred by us, including, but not limited to, cost of materials, labor, engineering, reconditioning and reasonable overhead.

8. DEFERRED SHIPMENT: If shipment is deferred at your request, payment of the contract price shall become due when you are notified that the equipment is ready for shipment. If you fail to make payment and/or furnish shipping instructions, we may either extend time for so doing or cancel the contract. In case of deferred shipment at your request, storage and other reasonable expenses attributable to such delay shall be payable by you.

9. LIMITED WARRANTY: Products, auxiliaries and parts thereof that we manufacture for a period of twenty-four (24) months from the date of shipment from our factory, are warranted to the original purchaser only against defective workmanship and material, but only if properly stored, installed, operated, and serviced in accordance with our recommendations and instructions. For items proven to be defective within the warranty period, your exclusive remedy under this limited warranty is repair or replacement of the defective item, at our option, FCA Incoterms 2020 our facility with removal, transportation, and installation at your cost. Products or parts manufactured by others but furnished by us are not covered under this limited warranty. We may provide repair or replacement for other's products or parts only to the extent provided in and honored by the original manufacturers' warranty to us, in each case subject to the limitations contained in the original manufacturer's warranty. No claim for transportation, labor, or special or consequential damages or any other loss, cost or damage is being provided in this limited warranty. You shall be solely responsible for determining suitability for use and in no event shall we be liable in this respect. This limited warranty does not warrant that any product or part we manufacture is resistant to corrosion, erosion, abrasion or other sources of failure, nor do we warrant a minimum length of service. Your failure to give written notice to us of any alleged defect under this warranty within twenty (20) days of its discovery, or attempts by someone other than us or our authorized representatives to remedy the alleged defects therein, or failure to return product or parts for repair or replacement as herein provided, or failure to store, install, or operate said products and parts according to the recommendations and instructions furnished by us shall be a waiver by you of all rights under this limited warranty. This limited warranty is voided by any misuse, modification, abuse or alteration of our product or part, accident, fire, flood or other Act of God, or your failure to pay entire contract price when due. The foregoing limited warranty shall be null and void if, after shipment from our factory, the item is modified in any way or a component of another manufacturer, such as but not limited to; an actuator is attached to the item by anyone other than our factory authorized service personnel. All orders accepted shall be deemed accepted subject to this limited warranty, which shall be exclusive of any other or previous warranty, and this shall be the only effective guarantee or warranty binding on us, despite anything to the contrary contained in the purchase order or represented by any agent or employee of ours in writing or otherwise, notwithstanding, including but not limited to implied warranties.

THE FOREGOING REPAIR AND REPLACEMENT LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, OBLIGATIONS AND LIABILITIES, INCLUDING, BUT NOT LIMITED TO, ALL WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR OF MERCHANTABILITY OR OTHERWISE, EXPRESSED OR IMPLIED IN FACT OR BY LAW, AND STATE OUR ENTIRE AND EXCLUSIVE LIABILITY AND YOUR EXCLUSIVE REMEDY FOR ANY CLAIM IN CONNECTION WITH THE SALE AND FURNISHING OF SERVICES, GOODS OR PARTS, THEIR DESIGN, SUITABILITY FOR USE, INSTALLATION OR OPERATIONS. NEITHER ANY PERFORMANCE OR OTHER CONDUCT, NOR ANY ORAL OR WRITTEN INFORMATION, STATEMENT OR ADVICE PROVIDED BY US OR ANY OF OUR EMPLOYEES OR AGENTS WILL CREATE A WARRANTY, OR IN ANY WAY INCREASE THE SCOPE OR DURATION OF THIS LIMITED WARRANTY.

10. INTELLECTUAL PROPERTY. We shall indemnify and hold you harmless from any amount that you are required to pay to a third-party pursuant to final, non-appealable court order as a result of such third- party's claim that a product sold hereunder infringes any United States patent or copyright of such third party; provided that our obligation of indemnification is contingent upon (a) your notifying us in writing of any such claim within 20 days of receipt thereof, (b) your providing us with exclusive control of the defense and/or settlement thereof, and (c) your cooperating with us in such defense and/or settlement. In the event of such a successful infringement claim by the third party, at our option, we shall either (i) modify the product sold hereunder so that it performs comparable functions without infringement, (ii) obtain a royalty-free license for you to continue using the infringing product or (iii) refund to you the then-depreciated fair market value of the infringing component. We shall have no obligation under this Section to the extent a claim is based upon (a) the combination, operation or use of the product with equipment, products, hardware, software, systems or data that was not provided by us, if such infringement would have been avoided in the absence of such combination, operation or use, or (b) your use of the product in any manner inconsistent with our written materials regarding the use of such product. This Section states our entire liability and your exclusive remedy with respect to any alleged infringement arising from the use of the products sold hereunder or any part thereof and is subject to the other limitations contained in These Terms.

11. LIMITATION OF LIABILITY: IN NO EVENT SHALL WE BE LIABLE FOR ANY DIRECT, INDIRECT, SPECIAL, PUNITIVE, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, DAMAGE TO OR LOSS OF OTHER PROPERTY OR EQUIPMENT, BUSINESS INTERRUPTION, COST OF SUBSTITUTE PRODUCTS, LOSS OF TIME, LOSS OF PROFITS OR REVENUE, COST OF CAPITAL, LOSS OF USE, OR DIMINUTION IN VALUE) WHATSOEVER, AND OUR LIABILITY, UNDER NO CIRCUMSTANCES, WILL EXCEED THE CONTRACT PRICE FOR THE GOODS AND/OR SERVICES FOR WHICH LIABILITY IS CLAIMED. ANY ACTION FOR BREACH OF CONTRACT BY YOU, OTHER THAN RIGHTS RESPECTING OUR LIMITED WARRANTY DESCRIBED IN SECTION 9 ABOVE, MUST BE COMMENCED WITHIN 12 MONTHS AFTER THE DATE OF SALE.

12. EXPORT CONTROL COMPLIANCE: You agree and acknowledge that the products are sold in accordance with U.S. export control and sanctions laws, regulations and orders, as they may be amended from time to time. You agree to ascertain and comply with all applicable export and re-export obligations and restrictions, including without limitation, U.S. export and re-export controls under the Export Administration Regulations ("EAR"), International Traffic in Arms Regulations ("ITAR"), and all regulations and orders administered by the U.S. Department of Treasury, Office of Foreign Assets Control (collectively, "U.S. Export Control Laws"). If you are conducting the export from the United States or the re- export from a country outside the United States, you shall comply with such U.S. Export Control Laws and obtain any license or other authorization required to export or re-export the products and related technology. We shall reasonably cooperate and exercise reasonable efforts, at your expense, to support you in obtaining any necessary licenses or authorizations. You shall not export or re-export the products and/or related technology to any country or entity to which such export or re-export is prohibited, including, but not limited to any country or entity under sanction or embargoes administered by the United States. Any diversion contrary to the law of the United States is prohibited. You will not take, and will not solicit us to take, any action that would violate any anti-boycott or any export or import statutes or regulations of the United States or other governmental authorities, and shall defend and indemnify us for any loss or damage arising out of or related to such actions.

13. GENERAL COMPLIANCE WITH LAWS. In addition to your obligations under Section 12 above, you represent and warrant that, in performing your duties under this Agreement, you will comply with, at your sole expense, all applicable laws and regulations of any governmental authority, including, but not limited to your duties involving any required registrations, requirements as to product contents, packaging and labeling, restraint of trade, consumer laws, data privacy, export regulations, and environmental laws. You agree and acknowledge you have had an opportunity to obtain legal advice regarding, and currently comply with, all applicable legal requirements that prohibit unfair, fraudulent or corrupt business practices, including, but not limited to the U.S. Foreign Corrupt Practices Act (FCPA) as well as U.S. and other legal requirements that are designed to combat terrorism and terrorist activities. In addition, neither you nor any of your equity interest owners, officers or directors are named as a "specially designated national' or "blocked person" as designated by the United States Department of the Treasury's Office of Foreign Assets Control under the U.S. PATRIOT Act.

14. INDEMNIFICATION BY YOU. You will indemnify, defend and hold us and our corporate parents and other affiliates and their respective officers, directors, stockholders, members, insurers, attorneys, employees, agents, successors, predecessors, assigns, heirs and personal representatives harmless against any and all liability, claims, suits, actions, losses, liabilities, damages, costs and legal fees arising out of or related to: (i) any conduct of you or any related party as described in Sections 12 or 13 above; or

(ii) your breach of any other provision herein.

15. PROPRIETARY INFORMATION: All specifications, drawings, data, manuals, designs, information, ideas, methods, patterns and inventions made, conceived, developed or generated by us incident to the procurement or performance of this order ("Work Product") will vest in, inure to and be the sole property of us. You will not copy, publish or otherwise disclose, in whole or in part, to others such Work Product without the express prior written permission of us. You will not use information furnished hereunder for any purpose other than for operation and maintenance of the goods and services or for any purpose other than as explicitly intended by us. The rights and obligations in this Section 15 will survive termination or expiration of this order. .

16. ARBITRATION: Any controversy or claim arising out of or relating to this Agreement or the breach thereof shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The venue for such proceedings shall be St. Cloud, MN.

17.**TEXAS WAIVER OF CONSUMER RIGHTS: If you are entitled to its protection, you hereby agree to waive your rights under the Deceptive Trade Practices-Consumer Protection Act, Section 17.41 et seq., Business & Commerce Code, a law that gives consumers special rights and protections. You warrant that, after consultation with an attorney of your own selection, you voluntarily consent to this waiver.**

18. APPLICABLE LAW: The rights and duties of the parties shall be governed by the laws and exclusive jurisdiction of the State of Minnesota without regard to the conflict of law principles thereof. You agree the United Nations Convention on Contracts for the International Sale of Goods or any subsequently enacted treaty or convention shall not apply to These Terms.

19. NO OTHER CONTRACT PROVISIONS; OTHER: These Terms reflect the entire agreement with respect to the products. Terms and conditions of your order shall be without force and effect, except to the extent identical herewith. No dealer, broker, branch manager, agent, employee or representative of ours has any power of authority except to take orders for our products and to submit the same to us**,** at our factory, for our approval and acceptance on the terms herein or rejection. There are no representations, agreements, obligations, or conditions, expressed or implied, statutory or otherwise, relating to the subject matter hereof, other than herein contained. DeZURIK, Inc. and related terms (we, us and our) shall refer to DeZURIK, Inc. and its affiliates. If any provision hereof is invalid or not enforceable under applicable law, the remaining provisions shall remain in full force and effect. Any assignment of your rights hereunder without our consent (which shall not be unreasonably withheld) shall be void. These Terms shall be binding on your successors and assigns. Our failure to require your performance of any of These Terms shall not serve as a waiver of or diminish our rights to require strict performance of such provision or These Terms.

RESOLUTION 2022-XXX

ACCEPTING DONATION FOR ISANTI REDBIRDS AND AUTHORIZING EXPENDITURE OF SAME

WHEREAS, MN Statute 465.03 requires that cities accept donations for the benefit of its citizens in accordance with the terms prescribed by the donor; and,

8th Annual MMBA "Help Our Local Animals" Drive

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership Coors Light, is coordinating the *8th Annual Municipal "Help Our Local Animals" Drive* **benefiting your local animal shelter or other related animal cause.**

This is an effort to support animals in need and animal related special projects. We'll be raising both supplies and funds. You in turn will donate everything to the local animal program of your choice.

Participating individual cities will be randomly drawn to win one of ten $200 donations to your local animal shelter / project from Molson Coors and MMBA.

The MMBA will once again be helping to pay for adopted pets during the month of April. The MMBA will pay $100 to the 1st 30 people who adopt a pet from a MN shelter or human society! Forms will need to be acquired from and turned into a municipal location. Details can be found on the enclosed form.

Here are additional details:

- The Supplies Drive is April 1 – April 30, 2022.
- Each participating MMBA member will collect money and / or pet supplies (food, blankets, leashes, kennels, etc) for donation to your local shelter or animal cause of choice. Please reach out to your local animal causes and discuss items of need and anything they can do to help publicize this event
- At the end of the event (May 1), please take the collected supplies and cash to the recipient. (Contact the MMBA office if you need assistance locating your local cause.)

2022 Coors Light / Minnesota Municipal Beverage Association

Pet Adoption Reimbursement Form

Your First & Last Name _____

Your Address_____

_____

Your Telephone Number_____

Animal Type_____

Shelter / Rescue Name & Address_____

_____

Name & Signature from an Employee of Your Favorite **Municipal Liquor** Operation

_____

Name of Your Favorite **Municipal Liquor** Operation_____

To Get Up To $100 Reimbursement (Limited to the first 30 applicants):

1) Adopt a pet from any Rescue / Shelter in Minnesota

2) Submit a copy of the receipt and this completed form to your favorite **municipal liquor** operation:

Adoption receipt must include:

Adoption receipt showing adoption cost

Name and location of Adoption shelter / rescue

Adoption date (Adoption must occur between April 1, 2022 and April 30, 2022

3) Your favorite **municipal liquor operation** will forward the information to the Minnesota Municipal Beverage Association office.

The check will then be sent to you.

Contact Paul with Questions: Kaspszak@outlook.com or 612.799.1629

- Coors Light POS to help Support the event

    - Signage from your Coors Distributor - One 3x5 banner - One 1x2 foot sign – Please contact them and discuss the info you would like on your custom sign.

    - 100 donation cards (with scannable UPC) will be created and provided by your distributor.

    - Bucket for collection of cash if you do not want to scan

    - Additional signage and donation cards can be obtained by contacting your Coors Distributor. Get creative!

    - Materials will arrive the end of March.

Here are some successful ideas to promote the event:

- ✓ Work with local police dept on raising funds to purchase a specialized service dog
- ✓ Product discount for those donating supplies – IE 10% Off
- ✓ Stapling a flyer to carry-out bags
- ✓ Photos of animals from your local shelter / cause that need adoption or help
- ✓ Displaying the donated supplies in the front of the store to catch customer eyes
- ✓ Coors wholesaler could build a platform of Coors Light cases for the supplies to display on, or a wall of cases around an area where donations will be placed.
- ✓ Local newspaper story
- ✓ Collect contributions by participating in other community events

Any and all additional display/feature consideration for Coors Light is greatly appreciated!

If you would like to participate in this event, contact the MMBA Office at:

Phone: 763-572-0222 or 866-938-3925
Email: kaspszak@outlook.com

If you have questions about POS, please address with your local Coors Distributor.

If you have any issues contacting your local distributor, please contact Jon Chance

Phone: 612-718-6862
Jonathan.chance@molsoncoors.com

Thanks for your participation!!!!!

RESOLUTION 2022-XXX

APPROVING GOALS FOR 2022

WHEREAS, annually the City Council sets goals for the current year to give Staff direction on where Council would like to see time and resources allocated; and,

WHEREAS, City Council met on January 24, 2022 to establish goals for year 2022; and,

WHEREAS, goals were discussed and outlined per 'Exhibit A'; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve 2022 goals per 'Exhibit A'.

This resolution was duly adopted by the Isanti City Council this 5th day of April, 2022.

'EXHIBIT A'

2022 Isanti City Council Goals

- Dynamic Sign
  - Staff will continue to look for opportunities, land and funding sources, to market our City with a dynamic sign off of T.H. 65.
- Growing Industrial Development
  - Council recognizes that a healthy city has growing industrial development. It brings businesses, workers and grows the tax base.
- Establishing a Redevelopment District
  - Council is supportive of staff looking into funding opportunities to help businesses gain financial assistance.
- Age-Friendly City Designation
  - Council is supportive of the community standing by its motto "A Community for Generations" and for staff to look for opportunities such as this to bring more amenities to the City as well as receive funding sources that support this initiative.
- Heritage/ East Dual Intersection
  - Staff will continue to work with the County to achieve a controlled intersection.
- Reducing Overall Budget
  - Staff will continue to bring forwards options that have the least impact on the budget and work to minimize debt.
- Business Marketing/ Acquiring Businesses
  - Staff will continue to market the City of Isanti, strive for adding new businesses, including additional restaurants, and retaining the businesses that are currently here.
- Chamber Safety
  - Staff will work to add modifications to the Council Chambers for the safety of all who may assemble at city meetings.
- City Organization
  - Council supports the organizational staff structure, guiding principles and the recruitment and retention of employees.

Request for City Council Action- MEMO

To. **Mayor Johnson and Members of City Council**

From: Matt Sylvester, Public Services Director

Date: April 5,2022

Subject: Resolution Accepting Quote from Ranger GM for City Hall Staff Vehicle

---

Background:
The 2005 Ford Taurus has reached its useful life as a staff vehicle for city hall. The 2022 Capital Improvement Plan (CIP) has replacement funds in the amount of $25,000.00 for the replacement of said vehicle. The vehicle is used for the Farmers Market, park activities or events, and admin needs. Staff reached out and received a quote from Ranger GM for a 2022 Chevrolet Traverse. Ranger GM is an authorized dealer to sell at state bid pricing. Staff received a quote in the amount not to exceed of $30,331.00. The funding source identified as 920-41500-500.

Request:
Staff is requesting action on this item.

- Resolution 2022 – XXX
- Ranger GM Quote

RESOLUTION 2022-XXX

RESOLUTION ACCEPTING QUOTE FROM RANGER GM FOR A CITY HALL STAFF VEHICLE

WHEREAS, the 2022 Budget included funds for replacement of the city hall staff vehicle in the amount of $25,000.00; and,

WHEARAS, this vehicle would be replacing the 2005 Ford Taurus; and,

WHEREAS, the needs for this vehicle would be for the Farmers Market, park activities or events, and admin needs; and,

WHEREAS, Ranger GM is an authorized dealer to sell at state bid pricing; and,

WHEREAS, staff received a quote from Ranger GM for a 2022 Chevrolet Traverse in the amount not to exceed of $30,331.00; and,

WHEREAS, the final price will match state bid contract pricing; and,

WHEREAS, authorize the City Administrator to sign the required documentation for the purchase of the vehicle; and,

WHEREAS, funding source identified as 920-41500-500,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the quote from Ranger GM in the amount not to exceed of $30,331.00, the final price to match state bid contract pricing for the purchase of a 2022 Chevrolet Traverse, to allow the City Administrator to sign the required documentation, and the funding source identified as Administration 920-41500-500.

This resolution was duly adopted by the Isanti City Council this 5th day of April, 2022.

3.	City Council Meeting	Tuesday, April 19, 2022 at 7:00 p.m.
4.	Planning Commission Meeting	Tuesday, April 19, 2022 *(Immediately following the City Council Meeting)*

I. Council Committee Reports

Councilmember Lundeen shared he was voted in again as the Chairperson at the Fire District.

J. Public Hearings

None

K. Business Items

City Administrator Josi Wood

1. **Resolution 2022-062** Accepting Quote for Animal Control and Kennel Services and Authorizing to Enter into a Contract for Animal Control and Kennel Services

City Administrator Josi Wood shared that an RFP went out to solicit quotes for animal control and kennel services where two quotes were received. One from Gratitude Farms and the other from On-Line Retrievers. The contract period would be for 5 years. Wood further shared that the vendors were not asked to attend the meeting. This item was postponed from the last Council meeting as it was Council's request to look into this further.

Mayor Johnson asked what animal control was out of Ogilvie.

Wood responded that it was On-Line Retrievers and the current contract is with Gratitude Farms.

Police Lieutenant John McCarty shared that the Police Department has not received any complaints about Gratitude Farms.

Councilor Collison asked if the contracted vendor is required to have a kennel license.

Wood responded that the RFP states they need to have all required licensing by City and State however, the City has not required the vendors to submit it but can have them submit the documentation if Council desires.

Lundeen stated that the City should require proof of license from the vendor. Lundeen further shared that both vendors should be present for consideration.

Collison stated Gratitude Farms charges the City $250 a month and On-Line Retrievers does not.

There was further discussion regarding this topic.

A motion was made by Collison, seconded by Bergley to enter into a contract with On-Line Retrievers. Motion passed 4-0. Motion carried.

Wood stated that there should be further discussion since Gratitude Farms has gone past their contract expiration date of March 31st, 2022. Council should be aware that payment needs to be made for services rendered for the month of April due to postponement from the last City Council meeting.

A motion was made by Lundeen, seconded by Bergley to pay Gratitude Farms through the month of April for services rendered. Motion passed 4-0. Motion carried.

2. **Resolution 2022-063** Approving a Special Event Permit Application for the Neighborhood Market
    a. **Resolution 2022-079** Suspending the Isanti Family Farmer's Market

City Administrator Josi Wood shared this is a special event permit request for a neighborhood market and the applicant was in attendance for questions. The applicant, Mr. Gall, wishes to create and start the neighborhood market. Staff does have follow-up questions depending if Council would like to grant approval to have the neighborhood market. It would be a farmer's market operating out of the Members Cooperative Credit Union parking lot. The applicant is looking to do the activity May 6th through October 28th from 2:00 p.m. to 6:00 p.m. on Friday evenings. The proper documentation has been submitted and staff is in approval.

Applicant Tony Gall shared that he is trying to keep the Friday market going and wanted to try to start a market on Fridays since some vendors could not make Wednesdays work.

Wood asked the Council if they would want to continue the City market on Wednesdays and have two markets. There has been struggle with the location change and getting vendors to participate on Wednesdays.

Mayor Johnson asked if there are issues with getting vendors to sign up.

Community Development Director Stephanie Hillesheim responded there are 4 vendors signed up.

Councilor Collison asked Gall how many vendors he had.

Gall responded that he currently had 10-11 vendors.

Councilor Lundeen asked if there was a way that the City could help Gall with the market.

Hillesheim stated that the City and the Chamber of Commerce received a grant this year for marketing of the farmer's market. The grant does not state that it has to be a City owned farmer's market. The money is set aside for farmer's market advertising and could be used to help Gall with advertising/ marketing.

A motion was made by Lundeen, seconded by Bergley to approve the special event permit, authorize the use of grant funding slated for farmer's market marketing and a resolution suspending the City farmer's market. Motion passed 4-0. Motion carried.

3. **Resolution 2022-064** Approving a Contract for Temporary Park and Recreation Consulting Services with Alyssa Olson

City Administrator Josi Wood shared that Alyssa Olson's last day was Monday, March 29th. The City does not typically have a lot of interim services however, this situation is unique. The Illuminate Isanti

event, Olson is the contact in regards to this event. Wood stated that it is worthwhile for Olson to continue to be involved in that event due include marketing, sponsorship and execution of the event.

Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 4-0. Motion carried

City Engineer Jason Cook

4. **Resolution 2022-065** Awarding the Bid for the 2022 Pavement Management Project

City Engineer Jason Cook shared that on March 29th bids were opening for the 2022 pavement management project. Three bids were received, two of which included the alternate that was request and one did not. The low bidder, Asphalt Surface Technologies Corporation, had the lowest base bid and lowest alternate bid. The combined bid and alternate is lower than the estimate. Cook further shared that the alternate is do micro-surfacing to the development on the Northside of Palomino. The total cost is higher than the budgeted amount for the management program for this year. Cook stated he discussed it with Finance Director Betker and its financially feasible with staff recommendation to move forward.

Motion by Bergley, seconded by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

5. **Resolution 2022-066** Awarding the Bid for the South Brookview Improvements Project

City Engineer Jason Cook shared this is the reclamation project with the assessments. Bids were opened March 29th where four bids were received. North Valley, Inc is the low bid. The bid is so good that it would reduce the average assessment by 9%. Cook further shared that the final assessment would be based on actual costs spent on the improvement but this is a great first step in the right direction to lower those prices.

Motion by Lundeen, seconded by Collison to award the bid to North Valley, Inc. Motion passed 4-0. Motion carried.

Community Development Director Stephanie Hillesheim

6. **Resolution 2022-067** Approving Site Plans for Two Buildings at 687 and 703 E Dual Blvd NE for Wolf River Industries/ Coyote Creek Industries

Community Development Director Stephanie Hillesheim shared that this is a site plan that was approved and recommended by the Planning Commission for two buildings on one of the industrial sites that was sold last year. A representative from the company is in attendance for questions.

Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 4-0. Motion carried.

L. Approve Consent Agenda

1. First Quarter Payroll for Council/ Boards/ Commissions in the Amount of $8,794.21, Payroll in the Amount of $248,564.92 and Accounts Payable in the Amount of $509,682.89
2. **Resolution 2022-068** Authorizing the Replacement of Lift Station Air Release Valves
3. **Resolution 2022-069** Accepting Donation for Isanti Redbirds and Authorizing Expenditure of Same
4. **Resolution 2022-070** Accepting Resignation of Liquor Store Clerk II Nicole Johnson
5. **Resolution 2022-071** Accepting Economic Development Authority Board Member Justin Nielsen's Resignation

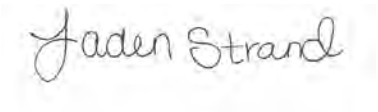
6. **Resolution 2022-072** Approving Donation Box at Liquor Store
7. **Resolution 2022-073** Approving Goals for 2022
8. **Resolution 2022-074** Accepting Quote from Ranger GM for City Hall Staff Vehicle
9. **Resolution 2022-075** Approving Re-hire of Seasonal Joel Bazey
10. **Resolution 2022-076** Approving Re-hire of Seasonal Eric Jones
11. **Resolution 2022-077** Approving Hire of Liquor Store Clerk II Janet Booth
12. **Resolution 2022-078** Authorizing the Closing of Funds 441 and 933

Motion by Lundeen, seconded Collison to approve consent agenda as presented. Motion passed 4-0. Motion carried.

M. Other Communications

Adjournment
A motion was made by Lundeen, seconded by Bergley to adjourn. Motion passed 4-0. Motion carried.

Meeting adjourned at 7:47 p.m.
Respectfully Submitted,



Jaden Strand
City Clerk

City of Isanti MS4 Program
2021 Annual Report

A Community For Generations.
Isanti

MS4 Background

- **MS4 - Municipal Separate Storm Sewer System**
  - Developed as part of the 1972 Clean Water Act
  - MPCA Initiated MS4 in 2007
  - City of Isanti MS4 Since 2016
  - The Permit gives “authorization to discharge stormwater”
  - Permit was reauthorized to the State of Minnesota in 2021 and new BMPS must be implemented by Fall of 2022.
  - The City implements these practices through:
    - Regulatory Mechanisms
    - Education and Outreach
    - Environmental Protection

Partnerships

Minnesota Pollution
Control Agency

MS4 Annual Report, 2021

- Due June 30, 2022
- Part of the MS4 Permit Requirement
- 5 Illicit Discharges in 2021
  - 4 Discharges found by City Staff
  - 1 Public Complaint for Illicit Discharge
- Enforcement Actions
  - 9 Verbal Warnings to Contractors/Homeowners
  - 2 Violation Letters issued

MS4 Audit February of 2022

Findings included 7 conditions that were violated and must be updated for the new permit:

Condition 1:

The permittee must document the following information:

a. all relevant written input submitted by persons regarding the SWPPP;

b. all responses from the permittee to written input received regarding the SWPPP, including any modifications made to the SWPPP as a result of the written input received;

c. date(s), location(s), and estimated number of participants at events held for purposes of compliance with item 17.3;

d. notices provided to the public of any events scheduled to meet item 17.3, including any electronic correspondence (e.g., website, e-mail distribution lists, notices, etc.); and

e. date(s), location(s), description of activities, and estimated number of participants at events held for the purpose of compliance with item 17.6.

MS4 Audit February of 2022

Condition 2:

To the extent allowable under state or local law, the permittee must conduct additional illicit discharge inspections in areas identified in item 18.10.

Condition 3:

The permittee must document the following information:

a. date(s) and location(s) of IDDE inspections conducted in accordance with items 18.7 and 18.11;

b. reports of alleged illicit discharges received, including date(s) of the report(s), and any follow-up action(s) taken by the permittee;

c. date(s) of discovery of all illicit discharges;

d. identification of outfalls, or other areas, where illicit discharges have been discovered;

e. sources (including a description and the responsible party) of illicit discharges (if known); and f. action(s) taken by the permittee, including date(s), to address discovered illicit discharges.

MS4 Audit February of 2022

Condition 4:

For each training in item 18.8 and 18.9, the permittee must document:

a. general subject matter covered; b. names and departments of individuals in attendance; and c. date of each event.

Condition 5:

For each training in item 19.11, the permittee must document:

a. general subject matter covered; b. names and departments of individuals in attendance; and c. date of each event.

MS4 Audit February of 2022

Condition 6:

The permittee must implement a stormwater management training program commensurate with individual's responsibilities as they relate to the permittee's SWPPP, including reporting and assessment activities.

The permittee may use training materials from the United States Environmental Protection Agency (USEPA), state and regional agencies, or other organizations as appropriate to meet this requirement. The training program must:

a. address the importance of protecting water quality; b. cover the requirements of the permit relevant to the responsibilities of the individual not already addressed in items 18.8, 18.9, 19.11, 20.18, and 21.7; and c. include a schedule that establishes initial training for individuals, including new and/or seasonal employees, and recurring training intervals to address changes in procedures, practices, techniques, or requirements.

MS4 Audit February of 2022

Condition 7:

The permittee must document the following information associated with the operations and maintenance program:

a. date(s) and description of findings, including whether or not an illicit discharge is detected, for all inspections conducted in accordance with items 21.9 and 21.10;

b. any adjustments to inspection frequency as authorized in item 21.9;

c. date(s) and a description of maintenance conducted as a result of inspection findings, including whether or not an illicit discharge is detected;

d. schedule(s) for maintenance of structural stormwater BMPs and outfalls as required in item 21.11; and

e. stormwater management training events, including general subject matter covered, names and departments of individuals in attendance, and date of each event.

Minimum Control Measures (MCM)

Stormwater Pollution Prevention Plan (SWPPP) includes:

1. Public Education and Outreach
2. Public Participation
3. Elimination of illicit discharges to the storm sewer system
4. Construction-site runoff controls
5. Post Construction runoff controls
6. Pollution Prevention and municipal “good housekeeping”

Public Education and Participation (MCM 1&2)

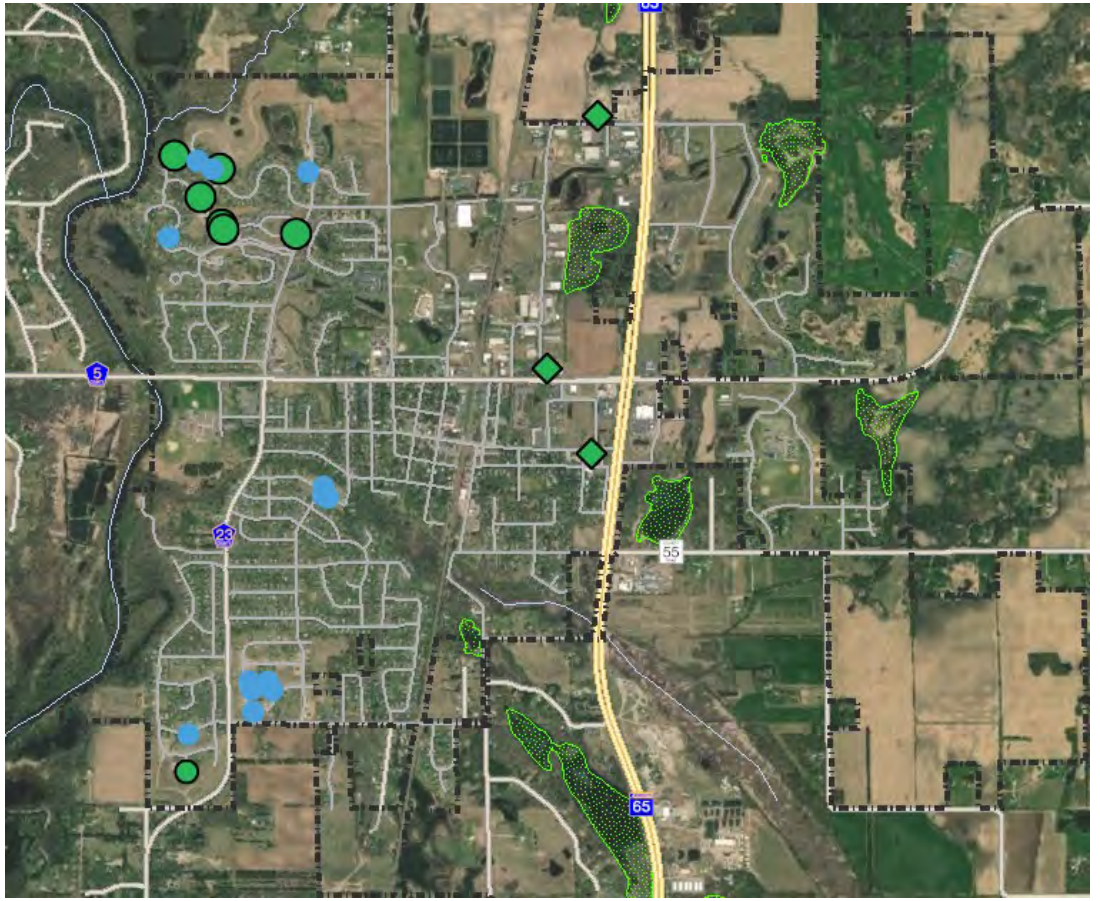
- Rain Garden Incentive Program
  - Provides a 50% reimbursement, up to $500 of the cost to residents for rain garden projects.
  - Guidance and Education Provided by Isanti SWCD
  - Cooperation with Parks and Recreation
  - Isanti Indoor arena Rain Garden
- Isantian newsletter articles
- Resources on city website for municipal stormwater education
- Water Festival Booth with the City of Cambridge.

Elimination of illicit discharges to the storm sewer system (MCM 3)

- Illicit discharge Reporting for residents available on City of Isanti Website
- Illicit Discharge response procedure
- Covered under ordinance 670 – Storm Water
- Community Development Specialist tracks along with the Code Enforcement Officer and Public Works Officials.

Construction Site Runoff Controls (MCM 4)

- Site Inspection Checklist
  - Developed and maintained by Community Development Specialist, minimum inspection period is every 7 days
  - Procedure and checklist developed and updated in 2022
  - Priority site list procedure developed



Post-Construction Stormwater Management (MCM 5)

- Developed written procedures for site plan reviews prior to the start of construction activity
- Tracked and enforced erosion control procedures
- Civil Penalties for violation under developed
- Enforcement and Response Procedure (ERP) implemented

Pollution Prevention/Good Housekeeping (MCM 6)

- Prepare a Facilities Inventory
- Identify Current Stormwater Practices
- Implement a written good housekeeping procedure

Future Work

- Addressing conditions outlined in the audit Letter of Warning.
- Increasing public outreach and training.
- Continue Implementation and improvement of SWPPP
  - Enforcement Response Procedures Document (ERP)
- Partnership with Bolton – Menk
  - Legacy Pines
  - Heritage Estates
  - Fairway Greens
  - Consultation

Questions?

RESOLUTION 2022-XXX

ACCEPTING THE 2021 ANNUAL FINANCIAL REPORT AND MANAGEMENT LETTER

WHEREAS, MN State Statutes require the City of Isanti to employ a certified public accounting firm to audit, examine and report upon the books and records of the accounts of the City; and,

WHEREAS, the City of Isanti designated the public accounting firm of Abdo as their auditors for 2021;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves the 2021 Annual Financial Report and Management Letter.

This Resolution is hereby approved by the Isanti City Council this 19th day of April 2022.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: April 12, 2022
Subject: Resolution to Approve Special Event Permit for The Walk for Life.

Background
The Pregnancy Resource Center of Cambridge has submitted a special event permit application to host a one-day walk to raise money for non-profit community services. The event, including setup and tear down, will take place Saturday, May 21, 2022 from 8am-1pm at Bluebird Park.

No road closures or parking restrictions are being requested and the path will follow the walking paths within the park as well as City sidewalks for a 1 mile walk. Event organizers are requesting use of the Bluebird Park Pavilion. Event staff and volunteers will be responsible for cleaning up waste on the property after the event.

The approximate attendance is 30-50.

No outdoor audio system or live entertainment will be used and no additional restrooms will be brought in. The event is free to attend and any donations collected will support the non-profit Pregnancy Resource Center of Cambridge/Lex Specialty Clinics.

The complete application along with departmental review are attached. City staff did contact the City of Cambridge to ensure a competing event was not taking place on the Bike-Walk Trail on the same date.

Staff Request
City staff is requesting approval of the Walk for Life Special Event Permit application and attachments.

RESOLUTION 2022-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR WALK FOR LIFE

WHEREAS Pregnancy Resource Center of Cambridge has submitted a Special Event application requesting permit to host the Walk for Life; and,

WHEREAS, a one-day walk event is scheduled to take place in Bluebird Park on Friday, May 21; and,

WHEREAS, event set-up is scheduled for Friday, May 21 from 8:00 am to 1:00 pm; and,

WHEREAS, the estimated number of people to be in attendance is 30-50; and,

WHEREAS, the applicant will not be required to provide additional restrooms for the event; and,

WHEREAS, parking during the event will be restricted to Bluebird Park parking lots; and,

WHEREAS, the applicant has submitted a complete request with the application materials; and,

WHEREAS, the temporary sign permit fee has been paid and the application has been received; and,

WHEREAS, a Park Shelter Reservation application will be required; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the special event permit request for Walk for Life;

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this April 19, 2022.

RESOLUTION 2022-XXX

APPROVING THE HIRE OF KAYLA SALTIS FOR THE POSITION OF ADMINISTRATIVE ASSISTANT INTERNSHIP

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and,

WHEREAS, the City Council approved to fill a paid part-time Administrative Assistant Internship in the 2022 budget working 20-29 hours a week; and,

WHEREAS, this temporary internship position will not be eligible for PERA or health insurance benefits; and,

WHEREAS, the offer is subject to passing a background investigation;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That Human Resources has hereby offered the Administrative Assistant Internship to Kayla Saltis for the City of Isanti effective April 19th, 2022.
2. Kayla Saltis will be compensated at $14.50 per hour.
3. The duration of the internship will start in spring and end in fall 2022 a final date is yet to be determined.
4. That Human Resources is directed to complete all additional documentation for the completion of the employment offer and successfully passing a background investigation.
5. That Human Resources is directed to forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This resolution was duly adopted by the Isanti City Council this 19th day of April 2022.

MEMO

To: **Mayor Johnson and Members of the City Council**
From: Matt Sylvester, Public Services Director
Date: April 19, 2022
Subject: Resolution To Declare Certain Property as Surplus and Authorize Its Sale by Public Surplus Online Public Auction

---

Background:
Public Works has accumulated some supplies and equipment that are no longer of use for departments within the city. It is in the City's best interest to sell these items by Public Surplus Online Public Auction. Resolution 2016-197 provides guidelines for the disposal of surplus property.

These items include-

- Vicon Mower
- John Deere MX6 Brush Cutter
- 2005 Ford Taurus
- 2006 Dodge Charger
- Single axle utility trailer
- Tandem axle utility trailer
- Portable auxiliary fuel tank

Acquired items from the Liquor store transition including-

- One two-sided Budweiser sign
- One single sided Pabst Blue Ribbon sign
- One single sided Miller Light sign
- One Neon Minnesota Wild / Windsor Sign
- A small chest freezer

Acquired items from the VFW playground including-

- Swing set
- Climbing wall

Additional supplies-

- Two pallets of crack sealing material
- Approximately 400' of black plastic playground edging

Requests:

Staff is requesting action to approve the sale of said items through Public Surplus Online Public Auction Per Resolution 2016-197.

Attachment:

- Resolution 2022-XXX To Declare Certain Property as Surplus and Authorize its Sale by Public Surplus Online Public Auction
- Resolution 2016-197

RESOLUTION 2022-XXX

TO DECLARE CERTAIN PROPERTY AS SURPLUS AND AUTHORIZE ITS' SALE BY PUBLIC SURPLUS ONLINE PUBLIC AUCTION

WHEREAS, on occasion the City of Isanti incurs supplies and equipment that is no longer of use for departments within the City; and

WHEREAS, this property is considered surplus property, and

WHEREAS, Resolution No. 2016-197 provides guidelines for the disposal of surplus property;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA the following:

1. To declare surplus equipment listed below and located at the Public Works Department as surplus supplies and equipment:

    - Vicon Mower
    - John Deere MX6 Brush Cutter
    - 2005 Ford Taurus
    - 2006 Dodge Charger
    - Single axle utility trailer
    - Tandem axle utility trailer
    - Portable auxiliary fuel tank
    - One two-sided Budweiser Sign
    - One single -sided Pabst Blue Ribbon Sign
    - One single -sided Miller Light Sign
    - One Neon Minnesota Wild / Windsor Sign
    - Two pallets of crack sealing material
    - A small chest freezer
    - Swing Set
    - Climbing Wall
    - Approximately 400' of black plastic playground edging

2. The City Administrator or City Clerk shall have the authority to sign all necessary paperwork to allow for the process for the disposal of surplus property.

This resolution was duly adopted by the Isanti City Council the 19th day of April 2022.

(SEAL)

RESOLUTION NO. 2016-197

RESOLUTION REPLACING ALL PREVIOUS POLICIES AS IT MAY RELATE TO DECLARING PROPERTY AS SURPLUS AND ITS DISPOSAL;

AND THE DISPOSAL OF FORFEITURE VEHICLES

WHEREAS, on occasion the City of Isanti incurs or obtains supplies, equipment and other property from any source that is not of use for departments within the City; and

WHEREAS, any and all property collected, acquired or obtained during performance on the job therefore becomes city property; and

WHEREAS, this property is considered surplus property and its disposal is subject to this policy, and

WHEREAS, through the course of the Police Department duties, the Department obtains forfeiture vehicles and finds that they must dispose of the vehicles; and

WHEREAS, it has been determined that an amended policy should be established for the disposal of surplus and forfeiture property.

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA the following:

1. The guidelines shall be followed in the disposal of surplus property as provided on the attached 'Exhibit A' and is hereby made a part of this resolution.

2. That the City Administrator or City Clerk, shall have the authority to sign all necessary paper work to allow for the process for the disposal of surplus property.

3. This resolution supersedes all previous resolutions regulating the disposal of surplus and or forfeiture property.

This resolution was duly adopted by the Isanti City Council this 7th day of June 2016.

Mayor George A. Wimmer

Attest:

Lindsey McInnis
Human Resources/City Clerk

Exhibit A

GENERAL

A. The City Administrator/Designee and Department Head are herewith authorized to dispose of surplus property that has a value of less than $500.00 as determined by staff as follows:

1. The Department Head shall have approved by the City Administrator/Designee any surplus property that has a value of $500.00 or less for disposal unless further designated by policy (i.e. scrap metal or forfeiture vehicles).
2. A list of said surplus property shall be prepared by the Department Head and brought before the Council to declare the property as surplus.
3. The surplus property shall be advertised for sale to the general public as follows:
    a. The City Clerk shall place a list of the surplus property on the City Web site and in the City Newsletter (if publication is timely with-the disposal of said surplus property).
    b. The City Clerk shall post a list of the surplus property at the Post Office and City Hall.
4. The Department Head and City Clerk are hereby authorized to accept from any party, a reasonable offer for the surplus property as advertised.

B. A list of surplus property that has a value of more than $500.00 unless further designated by policy (i.e. scrap metal or forfeiture vehicles); so determined by staff, shall be prepared by each Department Head and brought before the Council to declare the property as surplus and disposed of as follows:

1. The City Clerk shall advertise in the designated newspaper a list of the surplus property and request sealed bids; with the ad to indicate the City of Isanti reserves the right to reject any and/or all bids.
2. The City Clerk shall post a copy of the advertisement at the Post Office and City Hall.
3. Staff shall open and read out loud all bids as received.
4. A copy of all bids shall be brought before the City Council; at which time they shall determine if the bids are acceptable and award the sale to the highest bidder.

C. It may be determined that certain property may best be sold at a public auction unless further designated by policy (i.e. scrap metal or forfeiture Vehicles), whereas the City Administrator and Department Head are hereby authorized for its disposal as follows:

1. Should the surplus property be determined by the City Administrator/Designee and Department Head to have a value of less than $500.00 the property shall be placed in a public auction and shall be advertised as outlined in General. A. Steps 1 through 4.
2. Should the surplus property be determined by the City Administrator/Designee and Department Head to have a value of more than $500.00 the list shall be approved by City Council; and upon approval, an ad shall be placed in the City designated newspaper to inform the public of location, date and time of the public auction and a list providing the items to place on auction.

SCRAP METAL

All scrap metal shall be determined to be surplus property by action of the City Council and shall follow the following procedure:

1. The Public Works Director shall submit to the City Clerk notice of scrap metal for Council action to declare as surplus.
2. After declaration is approved by the City Council:
    a. The Public Works Director and Finance Director shall find two vendors and obtain verbal quotes on a per pound basis for the sale of the scrap metal.
    b. Upon having obtained two verbal quotes, the Public Works Department shall have the authority to transport the surplus scrap metal to the salvage yard providing the highest quote and sell the metal.
    c. A receipt shall be obtained with the sale proceeds for accounting of funds received and shall be given to the Finance Department.

FORFEITED PROPERTY

Through the course of the Police Department duties, the Department obtains forfeiture vehicles and finds that they must dispose of the forfeiture vehicles and the process for disposal shall be according to the following procedure:

1. Forfeited vehicles may be sold at a public auction, whereas the City Administrator and Department Head are hereby authorized for its disposal as follows:
    a. Approval by Resolution of the City Council to place forfeited vehicle/s on public auction.
    b. The City Clerk shall place in the City designated newspaper an ad to inform the public of location, date, and time of the public auction and a list providing the items to be placed on auction.
    c. In the event the Police Chief finds a forfeited vehicle is in great disrepair and/or not repairable, is of an age the vehicle has little or no value and would not be worth repairing, etc.; that the only value the vehicle has is scrap value and the vehicle is of no use to the City; that by approval of a Resolution of the City Council the vehicle may be sold to a local scrap yard as follows:
        - The Police Chief/Designee and Finance Director shall find two vendors and obtain verbal quotes for the sale of the scrap vehicle.
        - Upon having obtained two verbal quotes, the Police Department shall have the authority to sell the vehicle to the scrap yard providing the highest quote.
        - A receipt shall be obtained with the sale proceeds for accounting of funds received and shall be given to the Finance Department

MEMORANDUM

Date: April 12, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W. Cook, P.E.
City Engineer

Subject: Fairway Greens North 2nd Addition –Letter of Credit
City of Isanti, MN
Project No.: 0R1.127175

Home Pride Inc, the developer of Fairway Greens North 2nd Addition, has received a bid from Gustafson Excavating in the amount of $226,480.00 to complete the construction of the Fairway Greens North 2nd Addition subdivision. Attached is the contractors bid.

This bid did not include a variety of work items that are shown in the 2nd Addition Plan set. These missing items include but are not limited to; erosion control, topsoil, sod, rip rap, street lights, truncated domes, signage, striping. We estimate these additional items would cost $36,500 to construct.

Therefore, we estimate the construction cost of this project to be $262,980.00. Per City requirement, the Letter of Credit should be 125% of the estimated construction cost.

We recommend establishing a letter of credit in the amount of $328,725 as part of the Developers Agreement.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

MEMORANDUM

Date: April 13, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.126218

Please find listed below a status report of the current projects in the City of Isanti:

1) **2022 Pavement Management Project**
We received bids, and the project was awarded to ASTEC Corp. This project will be completed this summer.

2) **Brookview South 1-4 Addition Rehabilitation**
We received bids, and the project was awarded to North Valley Inc. A preconstruction meeting will be held later this month with construction anticipated to begin in May.

3) **Heritage Blvd & 8th Avenue Pedestrian Crossing**
We have submitted the concept layout and cost estimate to the County for review.

4) **Legacy Pines 3rd Addition**
The final pavement lift on Eagle Street is scheduled to be completed this summer.

5) **Fairway Greens North Development**
The contractor is installing sanitary sewer and watermain on the remainder of the 1st Addition and will then move to completing the 2nd Addition this year.

6) **Fairway Greens South Development**
The owner has requested to extend the deadline to record the plat to this fall.

7) **Rum River Villas Development**
We have reviewed the submitted plans and provided comments.

8) **MS4 Implementation**
We will continue to assist the City as requested to meet MS4 requirements.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

Management, Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) for the year ended December 31, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 12, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. As described below, we identified a deficiency that we consider to be a significant deficiency, finding 2021-001.

2021-001 **Preparation of Financial Statements**

Condition: As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Recent auditing standards require auditors to communicate this situation to the City Council as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.

Criteria: Internal controls should be in place to provide reasonable assurance over the reliability of financial records and reporting.

Cause: From a practical standpoint, we both prepare your statements and determine the fairness of that presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.

Effect: The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.

Recommendation: Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situations listed above, we would offer the following specific recommendations: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting information from your accounting software to the amounts reported in the financial statements.

Management Response:

For now, the City accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements. As a result of our testing we noted no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or statutes set forth by the State of Minnesota.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies were not changed during the year ended December 31, 2021. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were depreciation on capital assets, allocation of payroll and compensated absences, liability for other post-employment benefit, and the liability of the City's pensions.

- Management's estimate of depreciation is based on estimated useful lives of the assets. Depreciation is calculated using the straight-line method.
- Allocations of gross wages and payroll benefits are approved by City Council within the City's budget and are derived from each employee's estimated time to be spent servicing the respective functions of the City. These allocations are also used in allocating accrued compensated absences payable.
- The City's liability for other post-employment benefits was estimated to be zero primarily based on the assumption that employees, whom participate in the health insurance plan, will retire after the age of 65 and not continue to participate in the plan following retirement.
- Management's estimate of its pension liability is based on several factors including, but not limited to, anticipated investment return rate, retirement age for active employees, life expectancy, salary increases and form of annuity payment upon retirement.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole. The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 13, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Matters

We applied certain limited procedures to the required supplementary information (RSI) (Management's Discussion and Analysis, the Schedules of Employer's Share of the Net Pension Liability, the Schedules of Employer's Contributions, and the Schedule of Changes in Net Pension Liability (Asset) and Related Ratios), Schedule of changes in the City's OPEB Liability and related ratios, which is information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information (combining and individual fund financial statements and schedules and schedule of federal awards), which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section, which accompanies the financial statements but is not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Future Accounting Standard Changes

The following Governmental Accounting Standards Board (GASB) Statements have been issued and may have an impact on future City financial statements: [1]

GASB Statement No. 87 - *Leases*

Summary

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Effective Date and Transition

The requirements of this Statement are effective for fiscal years beginning after June 15, 2021, and all reporting periods thereafter.

Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or, if applied to earlier periods, the beginning of the earliest period restated). However, lessors should not restate the assets underlying their existing sales-type or direct financing leases. Any residual assets for those leases become the carrying values of the underlying assets.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

This Statement will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements.

Future Accounting Standard Changes (Continued)

GASB Statement No. 91 - *Conduit Debt Obligations*

Summary

The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

All conduit debt obligations involve the issuer making a limited commitment. Some issuers extend additional commitments or voluntary commitments to support debt service in the event the third party is, or will be, unable to do so.

An issuer should not recognize a conduit debt obligation as a liability. However, an issuer should recognize a liability associated with an additional commitment or a voluntary commitment to support debt service if certain recognition criteria are met. As long as a conduit debt obligation is outstanding, an issuer that has made an additional commitment should evaluate at least annually whether those criteria are met. An issuer that has made only a limited commitment should evaluate whether those criteria are met when an event occurs that causes the issuer to reevaluate its willingness or ability to support the obligor's debt service through a voluntary commitment.

This Statement also addresses arrangements - often characterized as leases - that are associated with conduit debt obligations. In those arrangements, capital assets are constructed or acquired with the proceeds of a conduit debt obligation and used by third-party obligors in the course of their activities. Payments from third-party obligors are intended to cover and coincide with debt service payments. During those arrangements, issuers retain the titles to the capital assets. Those titles may or may not pass to the obligors at the end of the arrangements.

This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

Effective Date and Transition

The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by eliminating the existing option for issuers to report conduit debt obligations as their own liabilities, thereby ending significant diversity in practice. The clarified definition will resolve stakeholders' uncertainty as to whether a given financing is, in fact, a conduit debt obligation. Requiring issuers to recognize liabilities associated with additional commitments extended by issuers and to recognize assets and deferred inflows of resources related to certain arrangements associated with conduit debt obligations also will eliminate diversity, thereby improving comparability in reporting by issuers. Revised disclosure requirements will provide financial statement users with better information regarding the commitments issuers extend and the likelihood that they will fulfill those commitments. That information will inform users of the potential impact of such commitments on the financial resources of issuers and help users assess issuers' roles in conduit debt obligations

Future Accounting Standard Changes (Continued)

GASB Statement No. 92 - *Omnibus 2020*

Summary

The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following:

- The effective date of Statement No. 87, Leases, and Implementation Guide No. 2019-3, Leases, for interim financial reports
- Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit (OPEB) plan
- The applicability of Statements No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, and No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, to reporting assets accumulated for postemployment benefits
- The applicability of certain requirements of Statement No. 84, Fiduciary Activities, to postemployment benefit arrangements
- Measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition
- Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature
- Terminology used to refer to derivative instruments

Effective Date and Transition

The requirements of this Statement are effective as follows:

- The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance.
- The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2020.
- The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2020.
- The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2020.

Earlier application is encouraged and is permitted by topic.

Future Accounting Standard Changes (Continued)

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will enhance comparability in the application of accounting and financial reporting requirements and will improve the consistency of authoritative literature. More comparable reporting will improve the usefulness of information for users of state and local government financial statements.

GASB Statement No. 93 - *Replacement of Interbank Offered Rates*

Summary

The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. This Statement achieves that objective by:

- Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variable payment
- Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate
- Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged expected transaction is probable
- Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap
- Identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap
- Clarifying the definition of reference rate, as it is used in Statement 53, as amended
- Providing an exception to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend

Effective Date and Transition

The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2020. Earlier application is encouraged. The exceptions to the existing provisions for hedge accounting termination and lease modifications in this Statement will reduce the cost of the accounting and financial reporting ramifications of replacing IBORs with other reference rates. The reliability and relevance of reported information will be maintained by requiring that agreements that effectively maintain an existing hedging arrangement continue to be accounted for in the same manner as before the replacement of a reference rate. As a result, this Statement will preserve the consistency and comparability of reporting hedging derivative instruments and leases after governments amend or replace agreements to replace an IBOR.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will enhance comparability in the application of accounting and financial reporting requirements and will improve the consistency of authoritative literature. More comparable reporting will improve the usefulness of information for users of state and local government financial statements.

Future Accounting Standard Changes (Continued)

GASB Statement No. 94 - *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*

Summary

The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement.

This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

Effective Date and Transition

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged.

PPPs should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or if applicable to earlier periods, the beginning of the earliest period restated).

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. That uniform guidance will provide more relevant and reliable information for financial statement users and create greater consistency in practice. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPPs.

Future Accounting Standard Changes (Continued)

GASB Statement No. 96 - *Subscription-Based Information Technology Arrangements*

Summary

This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

Under this Statement, a government generally should recognize a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, - which is when the subscription asset is placed into service. The subscription liability should be initially measured at the present value of subscription payments expected to be made during the subscription term. Future subscription payments should be discounted using the interest rate the SBITA vendor charges the government, which may be implicit, or the government's incremental borrowing rate if the interest rate is not readily determinable. A government should recognize amortization of the discount on the subscription liability as an outflow of resources (for example, interest expense) in subsequent financial reporting periods.

This Statement provides an exception for short-term SBITAs. Short-term SBITAs have a maximum possible term under the SBITA contract of 12 months (or less), including any options to extend, regardless of their probability of being exercised. Subscription payments for short-term SBITAs should be recognized as outflows of resources.

This Statement requires a government to disclose descriptive information about its SBITAs other than short-term SBITAs, such as the amount of the subscription asset, accumulated amortization, other payments not included in the measurement of a subscription liability, principal and interest requirements for the subscription liability, and other essential information.

Effective Date and Transition

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged. Assets and liabilities resulting from SBITAs should be recognized and measured using the facts and circumstances that existed at the beginning of the fiscal year in which this Statement is implemented. Governments are permitted, but are not required, to include in the measurement of the subscription asset capitalizable outlays associated with the initial implementation stage and the operation and additional implementation stage incurred prior to the implementation of this Statement.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will improve financial reporting by establishing a definition for SBITAs and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.

Future Accounting Standard Changes (Continued)

GASB Statement No. 97 - *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*

Summary

The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

This Statement requires that for purposes of determining whether a primary government is financially accountable for a potential component unit, except for a potential component unit that is a defined contribution pension plan, a defined contribution OPEB plan, or another employee benefit plan (for example, certain Section 457 plans), the absence of a governing board should be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform.

This Statement also requires that the financial burden criterion in paragraph 7 of Statement No. 84, Fiduciary Activities, be applicable to only defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement No. 67, Financial Reporting for Pension Plans, or paragraph 3 of Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, respectively.

This Statement (1) requires that a Section 457 plan be classified as either a pension plan or another employee benefit plan depending on whether the plan meets the definition of a pension plan and (2) clarifies that Statement 84, as amended, should be applied to all arrangements organized under IRC Section 457 to determine whether those arrangements should be reported as fiduciary activities.

This Statement supersedes the remaining provisions of Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans, as amended, regarding investment valuation requirements for Section 457 plans. As a result, investments of all Section 457 plans should be measured as of the end of the plan's reporting period in all circumstances.

Effective Date and Transition

The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately.

The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement.

Future Accounting Standard Changes (Continued)

The Board considered the effective dates for the requirements of this Statement in light of the COVID-19 pandemic and in concert with Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance.

How the Changes in This Statement Will Improve Accounting and Financial Reporting

The requirements of this Statement will result in more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The requirements also will enhance the relevance, consistency, and comparability of (1) the information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans and (2) investment information for all Section 457 plans.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Isanti, Minnesota

Report on the Financial Statements

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 17 and the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, the related note disclosures, and the Schedule of Changes in the City's OPEB Liability and Related Ratios starting on page 84 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to basic the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2022 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Isanti, Minnesota, (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2021.

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $52,830,579. Of this amount, $10,271,983 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.

- The City's total net position increased by $2,836,087. This was largely a result of operating income within business-type activities of $1,112,258 as well as capital contributions of $617,971 from connection fees.

- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of $4,235,426, an increase of $171,226, in comparison with the prior year.

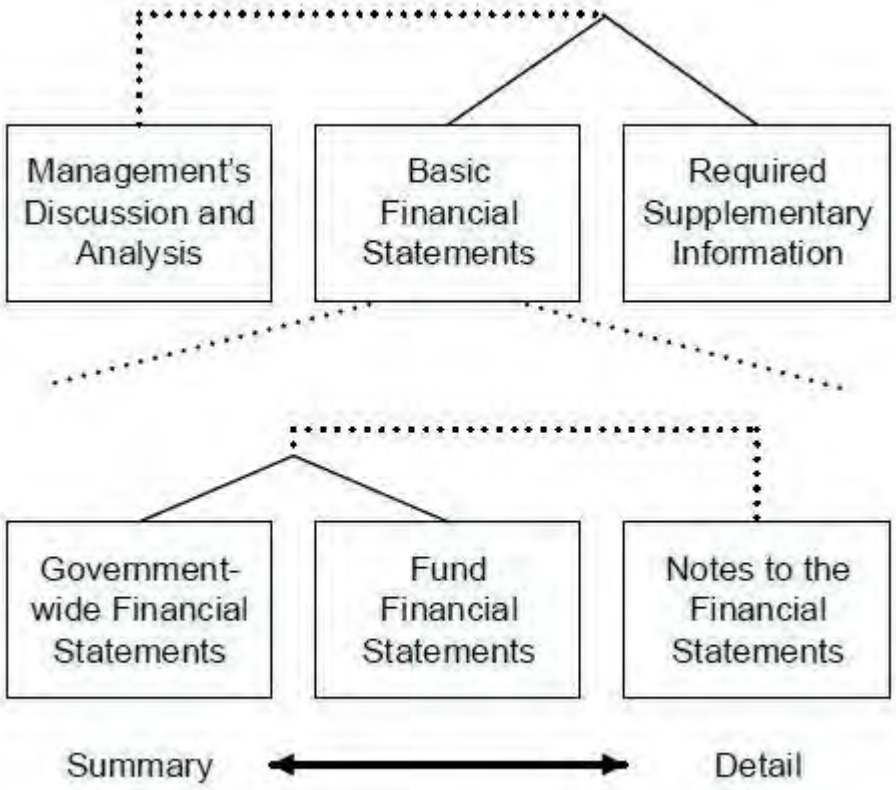
- At the end of the current fiscal year, unassigned fund balance for the General fund was $1,715,258, or 45.6 percent of 2021 expenditures and transfers out.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The following chart shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining and individual fund financial statements and schedules that provide details about nonmajor governmental funds, which are added together and presented in single columns in the basic financial statements.

Organization of the City's Annual Financial Report



The following chart summarizes the major features of the City's financial statements, including the portion of the City's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements		
	Government-wide Statements	**Governmental Funds**	**Proprietary Funds**	**Fiduciary Funds**
Scope	Entire City government (except fiduciary funds) and the City's component units	The activities of the City that are not proprietary or fiduciary, such as police, fire and parks	Activities the City operates similar to private businesses, such as the water and sewer system	Instances in which the City administers resources on behalf of someone else, such as developers
Required financial statements	• Statement of Net Position • Statement of Activities	• Balance Sheet • Statement of Revenues, Expenditures and Changes in Fund Balances	• Statements of Net Position • Statements of Revenues, Expenses and Changes in Fund Net Position • Statements of Cash Flows	• Statement of fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; fund do not currently contain capital assets, although they can
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All deferred outflows/inflows of resources, regardless of when cash is received or paid	
Type of inflow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred inflows of resources and liabilities and deferred outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, economic development and interest on long-term debt. The business-type activities of the City include water, sewer, storm water and a liquor store.

The government-wide financial statements start on page 31 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and the fiduciary fund.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains numerous individual governmental funds, five of which are Debt Service funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund, Debt Service fund, Street Construction fund and Capital Replacement fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements or schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 36 of this report.

Proprietary Funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, liquor store, and storm water.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds, all of which are considered to be major funds of the City.

The basic proprietary fund financial statements start on page 44 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 49 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found starting on page 84 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented following the notes to the financial statements. Combining and individual fund financial statements and schedules start on page 92 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows of resources by $52,830,579 at the close of the most recent fiscal year.

By far, the largest portion of the City's net position (75.0 percent) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Isanti's Summary of Net Position

	Governmental Activities			Business-type Activities		
	2021	2020	Increase (Decrease)	2021	2020	Increase (Decrease)
Assets						
Current and other assets	$ 7,014,456	$ 6,346,526	$ 667,930	$ 11,660,628	$ 8,973,023	$ 2,687,605
Capital assets, net of depreciation	20,352,735	18,710,299	1,642,436	30,991,667	29,365,779	1,625,888
Total Assets	27,367,191	25,056,825	2,310,366	42,652,295	38,338,802	4,313,493
Deferred Outflows of Resources						
Deferred pension resource	1,551,938	733,127	818,811	283,144	65,181	217,963
Liabilities						
Noncurrent liabilities outstanding	3,614,873	2,728,826	886,047	9,074,715	6,588,906	2,485,809
Other liabilities	1,605,552	2,388,135	(782,583)	1,298,000	734,524	563,476
Total Liabilities	5,220,425	5,116,961	103,464	10,372,715	7,323,430	3,049,285
Deferred Inflows of Resources						
Resources received in advance	888,503	610,064	278,439	-	-	-
Deferred pension resource	1,993,409	872,205	1,121,204	351,239	46,136	305,103
Deferred pension resource	131,160	151,074	(19,914)	66,538	79,573	(13,035)
Total Deferred Inflows of Resources	3,013,072	1,633,343	1,379,729	417,777	125,709	292,068
Net Position						
Net investment in capital assets	16,959,089	16,143,144	815,945	22,674,497	22,850,232	(175,735)
Restricted	2,500,663	1,509,065	991,598	424,347	-	424,347
Unrestricted	1,225,880	1,387,439	(161,559)	9,046,103	8,104,612	941,491
Total Net Position	$ 20,685,632	$ 19,039,648	$ 1,645,984	$ 32,144,947	$ 30,954,844	$ 1,190,103

An additional portion of the City's net position (5.5 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position,* $10,271,983, may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities.

Governmental Activities. The City's net position increased $2,836,087 during the current fiscal year. Governmental activities increased the City's net position by $1,645,984. Significant changes from the prior year are noted below:

City of Isanti's Changes in Net Position

	Governmental Activities			Business-type Activities		
	2021	2020	Increase (Decrease)	2021	2020	Increase (Decrease)
Revenues

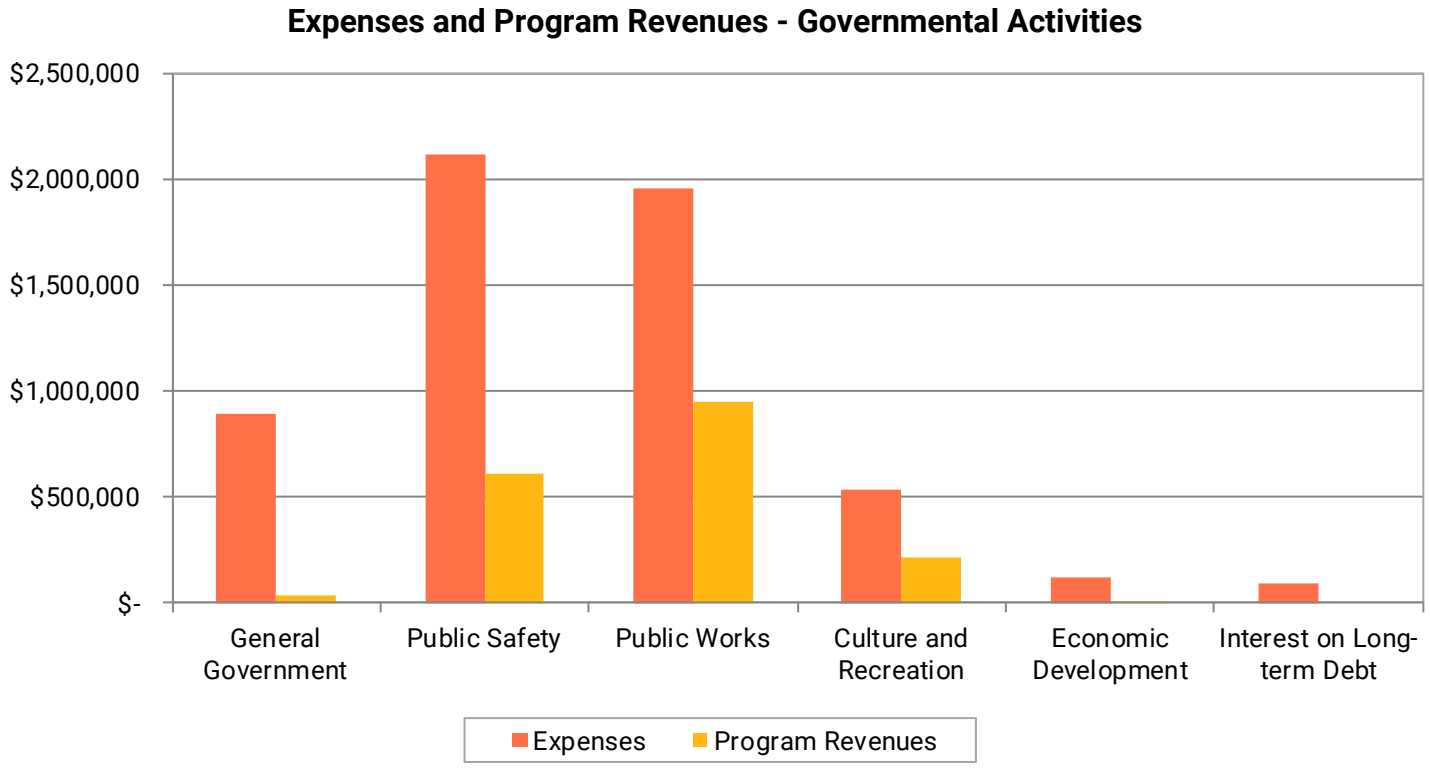
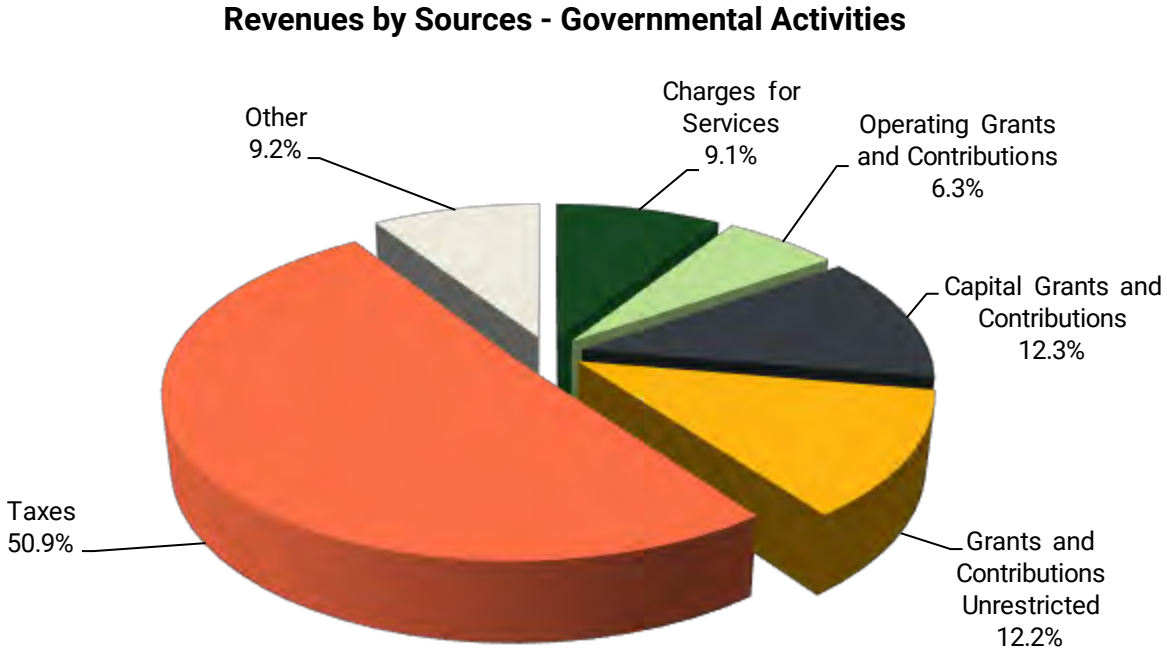
Transfers - Internal Activities	787,010	390,807	396,203	(787,010)	(390,807)	(396,203)
Change in Net Position	1,645,984	2,003,743	(357,759)	1,190,103	2,712,915	(1,522,812)
Net Position, January 1	19,039,648	17,035,905	2,003,743	30,954,844	28,241,929	2,712,915
Net Position, December 31	$ 20,685,632	$ 19,039,648	$ 1,645,984	$ 32,144,947	$ 30,954,844	$ 1,190,103

- Property taxes increased $255,759 from the prior year in line with the City's budget and capital improvement plan.
- Capital grants and contributions decreased $139,304 due to grants received for street construction projects in the prior year.
- Public works expenses increased $102,567 during the year due to increased engineering related to projects.

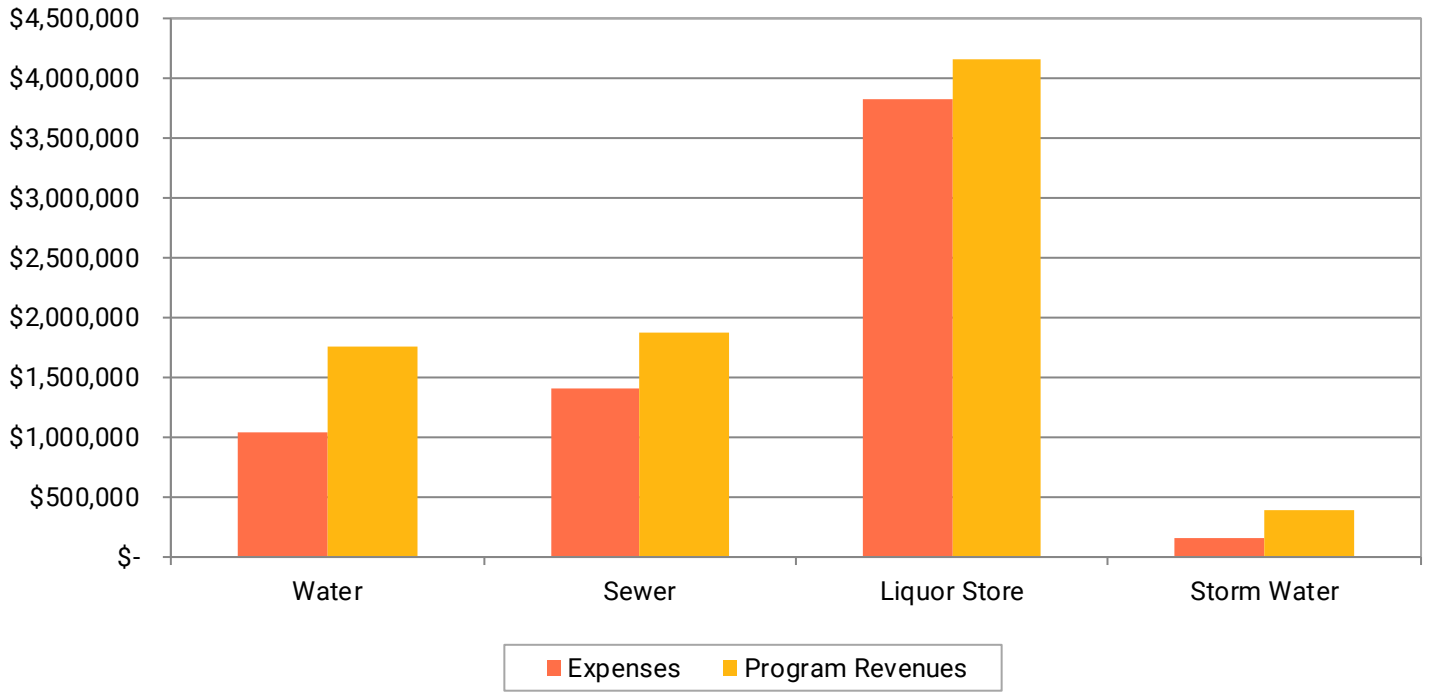
The following graph depicts various governmental activities and shows the revenues and expenses directly related to those activities.



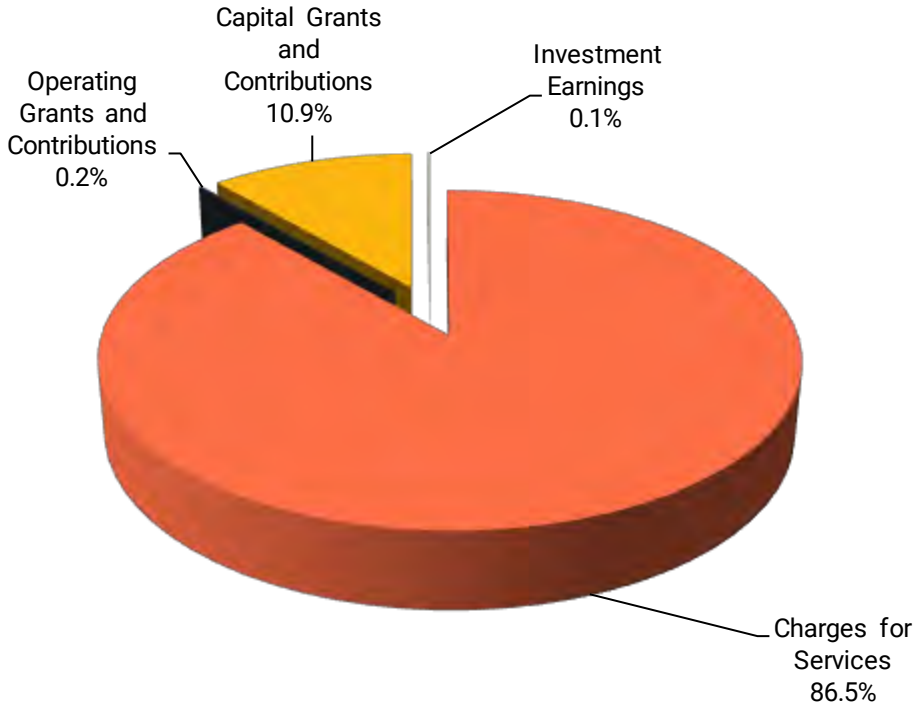


Business-type Activities. Business-type activities increased the City's net position by $1,190,103. The main reason for the increase was charges for services increased $214,103 from the prior year and expenses decreasing $442,311. Additional information noted below:

Expenses and Program Revenues - Business-type Activities



Revenues by Source - Business-type Activities



Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of $4,235,426, an increase of $171,226 in comparison with the prior year. Of this total amount, 29.0 percent, or $1,227,139, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance of $3,008,287 is not available for new spending because it is either 1) nonspendable ($15,909), 2) restricted ($2,209,376), 3) committed ($732,112) or 4) assigned ($50,890. For further classification, refer to Note 3F on page 70 of this report.

The General fund is the chief operating fund of the City. As a measure of the General fund's liquidity, it may be useful to compare fund balance to total fund expenditures and transfers out. Fund balance represents 40.1 percent of budgeted 2022 expenditures and transfers out. Of the fund balance, $1,715,258 is unassigned and will be used for cash flow for general operations and will be used to support operations until funds are received in June from the first tax settlement.

The Debt Service fund balance increased $1,064,942 during the year mainly due to the issuance of a refunding bond during the year. The refunding payment of $1,475,000 will be made in February of 2022.

The Street Construction fund had a decrease in fund balance of $238,992 during the year. The decrease is mainly due to expenditures exceeding revenues during the year. MSA funding will be recognized in future years when available as funding for the deficit.

The Capital Replacement fund has an decrease in fund balance of $966,118 with an ending balance of $163,760. The decrease can be attributed to land purchased during the year.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the enterprise funds at the end of the year amounted to $9,046,103. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The City's original General fund budget was not amended during the year, with a budget to increase fund balance by $46,451. Revenues were $92,754 under budget. This is primarily due property revenue being more than budgeted by $9,305. Expenditures were under budget by $141,640. The largest variance in the General fund expenditures is due to public works which was $52,534 under budget.

Capital Assets and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business type activities as of December 31, 2021, amounts to $51,344,402 (net of accumulated depreciation). This investment in capital assets includes land, structures, improvements, machinery and equipment, park facilities, and streets.

Major capital asset events during the current fiscal year included the following:

- 2020 Street Improvements
- Public Works Generators
- The new liquor store building
- Park improvements
- Squad Vehicles and Police Equipment.

City of Isanti's Capital Asset
(Net of Depreciation)

	Governmental Activities			Business-type Activities		
	2021	2020	Increase (Decrease)	2021	2020	Increase (Decrease)
Land	$ 2,402,686	$ 2,414,179	$ (11,493)	$ 37,078	$ 94,237	$ (57,159)
Construction in Progress	2,530,876	698,990	1,831,886	2,940,109	701,538	2,238,571
Land Improvements	-	-	-	13,288	77,517	(64,229)
Buildings	3,224,678	3,365,761	(141,083)	3,123,280	3,301,846	(178,566)
Infrastructure	11,371,152	11,397,501	(26,349)	24,003,167	24,609,470	(606,303)
Machinery and Equipment	570,037	581,220	(11,183)	828,220	526,356	301,864
Vehicles	253,306	252,648	658	46,525	54,815	(8,290)
Total	$ 20,352,735	$ 18,710,299	$ 1,642,436	$ 30,991,667	$ 29,365,779	$ 1,625,888

Additional information on the City's capital assets can be found in Note 3D starting on page 61 of this report.

Long-term Debt. At the end of the current fiscal year, the City had total bonded debt outstanding of $12,149,056. While all of the City's bonds have revenue streams, they are all backed by the full faith and credit of the City. Total outstanding debt decreased $3,303,069 during the year due to the issuance of 2021A bonds.

City of Isanti's Outstanding Debt

	Governmental Activities			Business-type Activities		
	2021	2020	Increase (Decrease)	2021	2020	Increase (Decrease)
G.O. Bonds	$ 3,220,000	$ 1,985,000	$ 1,235,000	$ -	$ -	$ -
G.O. Improvement Bonds	90,000	550,000	(460,000)	265,000	300,000	(35,000)
G.O. Revenue Bonds	-	-	-	8,574,056	6,162,056	2,412,000
Bond Premium	83,646	32,155	51,491	153,069	53,491	99,578
Total	$ 3,393,646	$ 2,567,155	$ 826,491	$ 8,992,125	$ 6,515,547	$ 2,476,578

Minnesota statutes limit the amount of net general obligation debt a City may issue to three percent of the market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2021, the City is under the legal debt margin.

Additional information on the City's long-term debt can be found in Note 3E starting on page 63 of this report.

Economic Factors and Next Year's Budgets and Rates

- Property tax valuations within the City increased in 2021 by 12.03% and have continued to increase for 2022 by 10.83%.

- The 2022 budget includes a property tax levy of $3,281,851 which is 9.87% higher than the 2021 levy but lowered the tax rate by 3.17%.

- The 2022 budget includes an amount for Local Government Aid in the amount of $799,088.

- Isanti County had an average unemployment rate for 2021 of 4.4%. This compares with unemployment rates of 3.4% for the State of Minnesota and 5.4% for the United States.

All of these factors were considered in preparing the City's budget for the 2022 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, City of Isanti, 110 1st Avenue Northwest, PO Box 428, Isanti, Minnesota 55040.

City of Isanti, Minnesota
Reconciliation of the Balance Sheet
to the Statement of Net Position
Governmental Funds
December 31, 2021

Amounts reported for the governmental activities in the statement of net position are different because

Total Fund Balances - Governmental Funds	$ 4,235,426
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.	
Cost of capital assets	40,182,546
Less: accumulated depreciation	(19,829,811)
Noncurrent liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds.	
Noncurrent liabilities at year-end consist of	
Bond principal payable	(3,310,000)
Plus bond premium	(83,646)
Compensated absences payable	(221,227)
Other postemployment benefits payable	(108,195)
Net pension liability	(1,105,438)
Some receivables are not available soon enough to pay for the current period's expenditures, and therefore are reported as unavailable revenue in the funds.	
Taxes receivable	32,223
Special assessments receivable	991,303
Note receivable	480,000
Governmental funds do not report long-term amounts related to pensions.	
Deferred outflows of pension resources	1,549,263
Deferred inflows of pension resources	(1,993,409)
Deferred outflows of other post employment retirement benefits	2,675
Deferred inflows of other post employment retirement benefits	(131,160)
Governmental funds do not report a liability for accrued interest until due and payable.	(4,918)
Total Net Position - Governmental Activities	$ 20,685,632

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

City of Isanti, Minnesota
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2021

Amounts reported for governmental activities in the statement of activities are different because

Total Net Change in Fund Balances - Governmental Funds	$ 171,226
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	
Capital outlays	2,679,347
Depreciation expense	(1,524,070)
Governmental funds report a gain (loss) on sale of capital assets to the extent of cash exchanged, whereas the disposition of the assets book value is included in the total gain (loss) in the statement of activities.	
Loss on trade in	(11,491)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Contributed capital assets	498,650
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
Debt issued	(1,445,000)
Bond premium	(63,082)
Principal repayments	670,000
Amortization of bond premium	11,591
Note issued	600,000
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	2,102
Long-term pension activity is not reported in governmental funds.	
Pension expense	221,038
Other post employment benefit expense	(40,027)
Pension other revenue	11,820
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting, certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.	
Property taxes	8,503
Special assessments	34,933
Notes	(120,000)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(59,556)
Change in Net Position - Governmental Activities	$ 1,645,984

The notes to the financial statements are an integral part of this statement.

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The City of Isanti, Minnesota (the City) operates under "Optional Plan A" form of government as defined in the State of Minnesota statutes. The City is governed by an elected Mayor and four-member City Council. The City Council exercises legislative authority and determines all matters of policy. The City Council appoints personnel responsible for the proper administration of all affairs relating to the City.

The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with data of the City. The City has the following component unit:

Blended Component Unit. The Economic Development Authority (EDA) of the City was created pursuant to Minnesota statutes 469.090 through 469.108 to carry out economic and industrial development and redevelopment consistent with policies established by the City Council. The City has the authority to approve and modify the EDA's budget, and the City Council has the ability to veto, overrule, or modify the decisions of the EDA Board of Commissioners. The EDA is governed by a total of seven commissioners, two of which are residents and five are City Council members. The EDA activities are blended and reported as a special revenue fund due to substantively the same governing board and due to the City having operation responsibility. Separate financial statements are not issued for this component unit.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities,* which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities,* which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues.*

Separate financial statements are provided for governmental funds, proprietary funds, and the fiduciary fund, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting,* as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1: Summary of Significant Accounting Policies (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service funds* account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The *Street Construction fund* is the City's road maintenance fund. It accounts for costs associated with street maintenance and other projects within the City.

The *Capital Replacement fund* is the City's capital fund. It accounts for costs associated with capital projects within the City.

Note 1: Summary of Significant Accounting Policies (Continued)

The City reports the following major proprietary funds:

The *Water fund* accounts for the costs associated with the City's water system and ensure that user charges are sufficient to pay for those costs.

The *Sewer fund* accounts for the costs associated with the City's sewer system and ensure that user charges are sufficient to pay for those costs.

The *Liquor Store fund* accounts for the costs associated with the City's liquor operations.

As a general rule the effect of interfund activity has been eliminated from government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the statement of cash flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. It is the City's policy to refrain from investing in banks, savings and loan associations or credit unions whose equity to asset ratio is less than 10 percent. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The City's recurring fair value measurements are listed in detail on page 61.

The City has the following recurring fair value measurements as of December 31, 2021:

- US Government Agency securities of $2,475,931 are valued using quoted market prices (Level 1 inputs)
- Negotiable certificates of deposit of $3,943,545 are valued using a matrix pricing model (Level 2 inputs)

Note 1: Summary of Significant Accounting Policies (Continued)

The City may invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.

2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.

3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.

4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.

5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.

6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.

7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.

8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding $10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Investment Policy

The City's investment policy incorporates Minnesota statutes as described above which reduces the City's exposure to credit, custodial credit and interest rate risks. Specific risk information for the City is as follows:

- *Credit Risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings provided by various credit rating agencies where applicable indicate associated credit risk. The City's investments in Government Agencies are fully backed by the U.S. Government and are rated AAA.

- *Custodial Credit Risk* for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City limits its exposure to custodial credit risk by purchasing insured or registered investments. It is the City's policy to refrain from investing in banks, savings and loan associations or credit unions whose equity to asset ratio is less than 10%.

- *Concentration of Credit Risk.* Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy does not address investments in any one institution greater than 5%.

- *Interest Rate Risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. Using the segmented time distribution method, the interest rate risk of these investments ranges from less than 6 months to more than 3 years.

Note 1: Summary of Significant Accounting Policies (Continued)

Property Taxes

The City Council annually adopts a tax levy in December and certifies it to the County for collection in the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Auditor and tax settlements are made to the City during January, July and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the governmental fund financial statements.

Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2021. The City annually certifies delinquent water and sewer accounts to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Special Assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All special assessments receivable are offset by a deferred inflow of resources in the governmental fund financial statements.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Inventories and Prepaid Items

Inventories are valued at lower of cost or market, using the first-in, first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Land Held for Resale

Land held for resale is valued at the lower of the cost or the market value of the property.

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of one year.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include items dating back to June 30, 1980. The City was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the City values these capital assets at the acquisition value of the item at the date of its donation.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Lives in Years
Buildings and Structures	40
Infrastructure	10 to 50
Furniture and Equipment	3 to 20
Improvements other than Buildings	10 to 20

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items which qualify for reporting in this category. Accordingly, the items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position. These items result from actuarial calculations and current year pension contributions and OPEB contributions made subsequent to the measurement dates.

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Note 1: Summary of Significant Accounting Policies (Continued)

Compensated Absences

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation, which is paid to the employee upon separation. A portion of unused sick leave may also be paid upon separation from City service. In governmental fund types the cost of these benefits is recognized when payments are made to the employees. The General fund is typically used to liquidate governmental compensated absences payable.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability.

The total pension expense for the City was as follows:

	GERP	PEPFP	Total Pension Expense
Pension Expense	$ 57,504	$ (21,162)	$ 36,342

Postemployment Benefits other than Pensions

Under Minnesota statue 471.61, subdivision 2b., public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in a group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees may obtain dependent coverage immediately before retirement. All premiums are funded on a pay-as-you-go basis. The liability was actuarially determined, in accordance with GASB 75, at January 1, 2020. The General fund is typically used to liquidate governmental other postemployment benefits payable.

Note 1: Summary of Significant Accounting Policies (Continued)

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources,* represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three types of items, *resources received in advance, deferred pension resources, and deferred OPEB resources.*

- *Resources received in advance* is reported in both the governmental fund financial statements and within the government-wide financial statements. This item is reported for amounts that have been received before time requirements are met, but after all other eligibility requirements have been met.

- *Deferred pension resources* is reported only in the statements of net position and results from actuarial calculations.

- *Deferred OPEB resources* is reported only in the statements of net position and results from actuarial calculations.

The City has an additional item which qualifies for reporting in this category. The item, deferred pension resources, is reported only in the statements of net position and results from actuarial calculations.

Furthermore, the City has additional items which qualify for reporting in this category on the statement of net position. The items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position and results from actuarial calculations involving net differences between projected and actual earnings on plan investments and changes in proportions.

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council, which is the City's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the City Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the City Council itself or by an official to which the governing body delegates the authority. The City Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Finance Committee.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The City has formally adopted a fund balance policy for the General fund. The City's policy is to maintain a minimum unassigned fund balance of 50 percent of the following year's budgeted expenditures and transfers out.

Comparative Data/Reclassifications

To better reflect the activity of the primary government, the City merged together several nonmajor capital project funds into the Street Construction fund. The total combined beginning fund balance of the primary government did not change.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

a. Net investment in capital assets - Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.

b. Restricted net position - Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

c. Unrestricted net position - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General fund and Economic Development Authority. All annual appropriations lapse at year end. The City does not use encumbrance accounting.

In May of each year, all departments of the City submit requests for appropriations to the City Administrator so that a budget may be prepared. Before September 30, the proposed budget is presented to the City Council for review. The City Council holds public hearings and a final budget is prepared and adopted in early December.

The appropriated budget is prepared by fund, function and department. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the department level. The original budget was amended during the year but the net change in fund balance was unchanged.

B. Deficit Fund Equity

The following funds had deficit fund equity at December 31, 2021:

Fund	Amount
Major	
Street Construction	$ 268,671
Nonmajor	
Isanti Indoor Arena	144,761
City Parking Improvements	74,687

These deficits will be eliminated with future state aid, charges for services and transfers from other funds.

Note 3: Detailed Notes on All Funds

A. Deposits and Investments

Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City's deposits and investments may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the City Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all City deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks. Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the City.

At year end, the City's carrying amount of deposits was $9,261,240 and the bank balance was $10,041,389. Of the bank balance, $500,000 was covered by Federal depository insurance and the remaining balance was collateral held in the City's name.

Note 3: Detailed Notes on All Funds (Continued)

At year end, the City's investment balances were as follows:

Types of Investments	Credit Quality/ Ratings (1)	Segmented Time Distribution (2)	Amount	Fair Value Measurement Using Level 1	Level 2	Level 3
Pooled Investments at Amortized Cost						
Broker Money Markets	N/A	Less than 1 year	$ 18,255	$ -	$ -	$ -
Non-pooled Investments at Fair Value						
U.S. Government Agency Securities	AAA	Under 6 months	2,475,931	2,475,931		
Negotiable CDs	N/A	Less than 1 year	813,787	-	813,787	-
Negotiable CDs	N/A	1 to 5 years	2,670,587	-	2,670,587	-
Negotiable CDs	N/A	More than 5 years	459,170	-	459,170	-
Total Investments			$ 6,437,730	$ 2,475,931	$ 3,943,545	$ -

(1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.
(2) Interest rate risk is disclosed using the segmented time distribution method.
N/A Indicates not applicable or available.

A reconciliation of cash and investments as shown on the statement of net position for the City follows:

Carrying Amount of Deposits	$ 9,261,240
Investments	6,437,730
Cash on Hand	3,225
Total	$ 15,702,195
Cash and Temporary Investments	
Unrestricted	$ 13,476,873
Cash with fiscal agent	2,225,322
Total	$ 15,702,195

B. Loans Receivable

In 2015, the City's Revolving Loan fund loaned $200,000 to Enterprise Avenue Properties LP for 21 years at 2 percent interest. The monthly payment is $833. As of December 31, 2021, the loan receivable was $149,167.

In 2016, the City's Revolving Loan fund loaned $15,000 to RPF, LLC for 7 years at 3 percent interest. The monthly payment is $199. As of December 31, 2021, the loan receivable was $3,492.

Note 3: Detailed Notes on All Funds (Continued)

C. Notes Receivable

On March 2, 2021 the City of Isanti and the Isanti Area Joint Operating Fire District entered into a lease purchase agreement for the Isanti Fire Hall. The City is to receive yearly payments in the amount of $120,000 for the next 5 years starting on January 1, 2021 and commencing on January 1, 2025. As of December 31, 2021, the note receivable balance was $480,000.

D. Interfund Receivables, Payables and Transfers

Receivable Fund	Payable Fund	Purpose	Amount
Due from/to other Funds			
Business-type	Governmental		
Liquor store	General fund	Finance project costs	$ 25,765
Advances to/from other Funds			
Governmental	Governmental		
General fund	Nonmajor governmental	Demolition costs	25,060
Business-type	Governmental		
Liquor store	General fund	Finance project costs	180,356
Total Advances to/from Other Funds			205,416
Interfund Activity Eliminated from Government-wide Statements			(25,060)
Total Internal Balances Government-wide Statements			$ 206,121

In 2011, the Water and Sewer enterprise funds each loaned $15,897 to the General fund to cover the City portion of the Deer Haven Improvements. General fund property tax levies will be utilized to repay these advances. Repayments are interest free. The loan was paid in full in 2021.

In 2016, the General fund loaned $25,060 to the TIF 9 nonmajor governmental fund to cover demolition costs. Future tax increment or land sale proceeds will be utilized to repay these advances. Repayments are interest free. The outstanding balance at December 31, 2021 is $25,060.

In 2018, the Liquor fund loaned $257,652 to the General fund to cover the 2018 Street and Utility Improvement Project. The loan is expected to be paid back over a ten year period from future levy dollars. Repayments are interest free. The outstanding balance at December 31, 2021 is $206,121.

In 2018, the Water and Sewer funds loaned $283,300 and $566,700, respectively to the General fund for the business subsidy agreement relating to City development. The loan is expected to be paid back over a ten year period from future levy dollars. Repayments are interest free. The City Council made a resolution during the year to forgive the remaining balance of the loan and therefore, there is no future obligation on this loan.

Note 3: Detailed Notes on All Funds (Continued)

Interfund Transfers

The following interfund transfers were made during 2021:

	Transfer in					
Fund	General	Debt Service	Capital Replacement	Nonmajor Governmental	Liquor	Total
Transfer Out						
Nonmajor Governmental	$ 136,400	$ -		$ -	$ -	$ 136,400
Street Construction	-	-	-	13,483	-	13,483
Water	-	4,429	-	-	40,000	44,429
Sewer	-	35,431	-	-	35,000	70,431
Liquor Store	350,000	-	397,150	-	-	747,150
Nonmajor - Storm Water	-	-	-	-	65,000	65,000
Total	$ 486,400	$ 39,860	$ 397,150	$ 13,483	$ 140,000	$ 1,076,893

During the year ended December 31, 2021, the City made the following transfers.

- The Water and Sewer funds transferred $4,429 and $35,431, to the Debt service fund respectively for portion of City bond payments.
- The Liquor Store transferred $350,000 to the General fund in line with the City's adopted budget. The Liquor Store also transferred $397,150 to the Capital Replacement fund as agreed for the land sale of the old liquor store.
- The nonmajor governmental funds (EDA) made a budgeted transfer of $136,400 to the General fund
- The Water, Sewer, and Stormwater fund transferred $40,000, $35,000, and $60,000 to the liquor store for the funding of portion of the new liquor store construction.
- The Street Construction fund made a transferred of $13,483 to nonmajor governmental funds to close funds with no future obligations.

Water	$ 418,996
Sewer	587,500
Stormwater	73,452
Liquor Store	18,928
Total Depreciation Expense - Business-type Activities	$ 1,098,876

Note 3: Detailed Notes on All Funds (Continued)

F. Long-term Debt

General Obligation (G.O.) Bonds

The City issues G.O. bonds to provide funds for the acquisition and construction of major capital facilities. G.O. bonds have been issued for both general government and business-type activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. In addition, bonds have been issued to refund G.O. bonds.

G.O. bonds are direct obligations and pledge the full faith and credit of the government. G.O. bonds currently outstanding are as follows:

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
G.O. Tax Abatement Bonds, Series 2014A	$ 2,560,000	0.50 - 2.50 %	10/01/14	02/01/22	$ 1,640,000
G.O. Bonds, Series 2014B	1,420,000	0.50 - 2.50	10/01/14	02/01/24	135,000
G.O. Refunding Bonds, Series 2021A	1,445,000	2.00	11/16/21	02/01/30	1,445,000
Total G.O. Bonds					$ 3,220,000

Annual debt service requirements to maturity for the G.O. bonds are as follows:

Year Ending December 31,	Governmental Activities		
	Principal	Interest	Total
2022	$ 1,685,000	$ 65,283	$ 1,750,283
2023	210,000	28,757	238,757
2024	220,000	24,368	244,368
2025	170,000	20,400	190,400
2026	175,000	16,950	191,950
2027 - 2030	760,000	30,700	790,700
Total	$ 3,220,000	$ 186,458	$ 3,406,458

Note 3: Detailed Notes on All Funds (Continued)

G.O. Revenue Bonds

The following bonds were issued to finance capital improvements in the enterprise funds. They will be repaid from future net revenues pledged from the Water and Sewer funds and are backed by the taxing power of the City. Annual principal and interest payments on the bonds and enterprise G.O. improvement bonds are 33 and 29 percent of net revenues from the Water and Sewer funds, respectively. Principal and interest paid for 2021 and total customer net revenues for the Water fund were $523,242 and $1,335,173, respectively. Principal and interest paid for 2021 and total customer net revenues for the Sewer fund were $424,862 and $1,376,215 respectively.

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
MPFA - Water Revenue Bonds, Series 2007A	$ 965,000	2.63 %	07/10/08	08/20/26	$ 304,000
MPFA - Water Revenue Bonds, Series 2008	5,064,256	3.04	10/07/08	08/20/28	2,155,056
G.O. Utility Revenue Bonds, Series 2010A	835,000	2.00 - 3.70	07/01/10	12/01/24	195,000
MPFA - Water Revenue Bonds, Series 2011	479,047	1.533	11/23/11	08/20/31	370,000
G.O. Utility Revenue Bonds, Series 2014B	1,030,000	0.50 - 2.50	10/01/14	02/01/25	440,000
MPFA - Sewer Revenue Bonds, Series 2016A	2,525,000	1.53	07/15/16	12/01/29	1,945,000
Lease Revenue Bonds, Series 2021A	3,165,000	2.00	06/16/21	12/15/36	3,165,000
Total G.O. Revenue Bonds					$ 8,574,056

Annual debt service requirements to maturity for the G.O. revenue bonds are as follows:

Year Ending December 31,	Business-type Activities		
	Principal	Interest	Total
2022	$ 929,000	$ 228,696	$ 1,157,696
2023	979,000	174,484	1,153,484
2024	995,000	150,349	1,145,349
2025	955,000	125,521	1,080,521
2026	863,000	103,861	966,861
2027 - 2031	2,678,056	251,823	2,929,879
2032 - 2036	1,175,000	71,500	1,246,500
Total	$ 8,574,056	$ 1,106,234	$ 9,680,290

Refunding Bonds

On December 16, 2021 the City issued $1,445,000 of General Obligation tax Abatement Refunding, Series 2021A. The bonds proceeds will be used to payoff 2014A Bonds on February 1, 2022. The proceeds of the bonds were deposited in a escrow payment account and will be used to pay issuance costs and to purchase government obligations. As a result of the refunding issue, the City will save $99,819 in debt service payments and achieve an economic gain (the present value of the difference between the old and the new debt service) of $90,230.

Note 3: Detailed Notes on All Funds (Continued)

G.O. Improvement (Special Assessment) Bonds

The following bonds were issued to finance various improvements and will be repaid from special assessments levied on the properties benefiting from the improvements and/or ad valorem tax levies. All special assessment debt is backed by the full faith and credit of the City. Each year the combined assessment and tax levy equals 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax or assessment payments. The business-type bonds will be repaid from special assessments and future net revenues pledged from the Water and Sewer funds and are backed by the taxing power of the City.

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
G.O. Improvement Bonds, Series 2011A	790,000	0.60 - 2.70	09/29/11	02/01/22	$ 90,000
G.O. Refunding Bonds, Series 2013A	2,160,000	0.35 - 2.50	02/01/13	12/01/28	265,000
Total G.O. Improvement Bonds					$ 355,000

Annual debt service requirements to maturity for the G.O. improvement bonds are as follows:

Year Ending December 31,	Governmental Activities			Business-type Activities		
	Principal	Interest	Total	Principal	Interest	Total
2022	$ 90,000	$ 1,215	$ 91,215	$ 35,000	$ 5,870	$ 40,870
2023	-	-	-	40,000	5,310	45,310

Note 3: Detailed Notes on All Funds (Continued)

G. Components of Fund Balance

At December 31, 2021, portions of the City's fund balance are not available for appropriation due to not being in spendable form (Nonspendable), legal restrictions (Restricted), City Council action (Committed), policy and/or intent (Assigned). The following is a summary of the components of fund balance:

	General	Debt Service	Street Construction	Capital Replacement	Other Governmental Funds	Total Governmental Funds
Nonspendable						
Prepaid items	$ 13,160	$ -	$ -	$ -	$ 2,749	$ 15,909
Restricted for						
Debt service	$ -	$ 1,967,967	$ -	$ -	$ -	$ 1,967,967
Public safety	-	-	-	-	7,060	7,060
Community center improvements	-	-	-	10,000	-	10,000
Economic development	-	-	-	-	224,349	224,349
Total Restricted	$ -	$ 1,967,967	$ -	$ 10,000	$ 231,409	$ 2,209,376
Committed to						
Culture and recreation	$ -	$ -	$ -	$ -	$ 362,844	$ 362,844
Economic development	-	-	-	-	355,385	355,385
City technology improvements	-	-	-	-	13,883	13,883
Total Committed	$ -	$ -	$ -	$ -	$ 732,112	$ 732,112
Assigned to						
Capital projects	$ -	$ -	$ -	$ (173,760)	$ 224,650	$ 50,890
Unassigned	$ 1,715,258	$ -	$ (268,671)	$ -	$ (219,448)	$ 1,227,139

Note 4: Defined Benefit Pension Plans - Statewide

A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota statutes*, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

All full-time and certain part-time employees of the City are covered by the General Employees Retirement Plan. General Employee Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Public Employees Police and Fire Plan

The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to a local relief association that elected to merge with and transfer assets and administration to PERA.

B. Benefits Provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

General Employee Plan Benefits

General Employee Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989 receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Police and Fire Plan Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014 vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1 percent. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

C. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2021 and the City was required to contribute 7.50 percent for Coordinated Plan members. The City's contributions to the General Employees Fund for the years ending December 31, 2021, 2020 and 2019 were $133,608, $118,222 and $112,189, respectively. The City's contributions were equal to the required contributions for each year as set by state statute.

Police and Fire Fund Contributions

Police and Fire members were required to contribute 11.80 percent of their annual covered salary in fiscal year 2021 and the City was required to contribute 17.70 percent for Police and Fire Plan members. The City's contributions to the Police and Fire Fund for the years ending December 31, 2021, 2020 and 2019 were $150,552, $128,590 and $113,940, respectively. The City's contributions were equal to the required contributions for each year as set by state statute.

D. Pension Costs

General Employees Fund Pension Costs

At December 31, 2021, the City reported a liability of $986,473 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of $16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled $30,118. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020 through June 30, 2021 relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0231 percent which was an increase of 0.0013 percent from its proportion measured as of June 30, 2020.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

City's proportionate share of the net pension liability	$986,473
State of Minnesota's proportionate share of the net pension liability associated with the City	30,118
Total	$ 1,016,591

For the year ended December 31, 2021, the City recognized pension expense of $55,074 for its proportionate share of General Employees Fund's pension expense. In addition, the City recognized an additional $2,430 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of $16 million to the General Employees Fund.

At December 31, 2021, the City reported its proportionate share of General Employees Plan's deferred outflows of resources and deferred inflows of resources, related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	$ 5,352	$ 29,993
Changes in Actuarial Assumptions	602,323	20,173
Net Difference Between Projected and Actual Earnings on Plan Investments	-	860,867
Changes in Proportion	82,399	21,780
Contributions Paid to PERA Subsequent to the Measurement Date	68,342	-
Total	$ 758,416	$ 932,813

The $68,342 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2022	$ (24,935)
2023	24,779
2024	(9,567)
2025	(233,016)

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Police and Fire Fund Pension Costs

At December 31, 2021, the City reported a liability of $517,942 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020 through June 30, 2021 relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0671 percent which was an increase of 0.0025 percent from its proportionate share measured as of June 30, 2020.

The State of Minnesota contributed $18 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2021. The contribution consisted of $9 million in direct state aid that does meet the definition of a special funding situation and $9 million in supplemental state aid that does not meet the definition of a special funding situation. The $9 million direct state was paid on October 1, 2020. Thereafter, by October 1 of each year, the state will pay $9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The $9 million in supplemental state aid will continue until the fund is 90 percent funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90 percent funded, whichever occurs later. Strong asset returns for the fiscal year ended 2021 will accelerate the phasing out of these state contributions, although we do not anticipate them to be phased out during the fiscal year ending 2022.

The State of Minnesota is included as a non-employer contributing entity in the Police and Fire Retirement Plan Schedule of Employer Allocations and Schedule of Pension Amounts by Employer, Current Reporting Period Only (pension allocation schedules) for the $9 million in direct state aid. Police and Fire Plan employers need to recognize their proportionate share of the State of Minnesota's pension expense (and grant revenue) under GASB 68 special funding situation accounting and financial reporting requirements. For the year ended December 31, 2021, the City recognized negative pension expense of $25,402 for its proportionate share of the Police and Fire Plan's pension expense.

The State of Minnesota is not included as a non-employer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the $9 million in supplemental state aid. The City recognized $4,240 for the year ended December 31, 2021 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

At December 31, 2021, the City reported its proportionate share of Police and Fire Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	$ 108,649	$ 8,400
Changes in Actuarial Assumptions	814,571	349,963
Net Difference Between Projected and Actual Earnings on Plan Investments	-	991,369
Changes in Proportion	66,774	62,103
Contributions Paid to PERA Subsequent to the Measurement Date	82,640	-
Total	$ 1,072,634	$ 1,411,835

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The $82,640 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2022	$ (353,642)
2023	(82,740)
2024	(52,396)
2025	(99,710)
2026	166,647

E. Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5 percent. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5 percent was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25 percent for the General Employees Plan and 2.25 percent for the Police and Fire Plan. Benefit increases after retirement are assumed to be 1.25 percent for the General Employees Plan. The Police and Fire Plan benefit increase is fixed at 1 percent per year and that increase was used in the valuation.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25 percent after one year of service to 3.0 percent after 29 years of service and 6.0 percent per year thereafter. In the Police and Fire Plan, salary growth assumptions range from 11.75 percent after one year of service to 3.0 percent after 24 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police and Fire Plan is based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and become effective with the July 1, 2020 actuarial valuation. The most recent four-year experience study for the Police and Fire Plan was completed in 2020 were adopted by the Board and became effective with the July 1, 2021 actuarial valuation.

General Employees Fund

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Police and Fire Fund

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes.
- The inflation assumption was changed from 2.50 percent to 2.25 percent.
- The payroll growth assumption was changed from 3.25 percent to 3.00 percent.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MN-2020.
- The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020 experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020 experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities.
- Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to form of payment assumptions were applied.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	33.5 %	5.10 %
Alternative Assets (Private Markets)	25.0	5.90
Bonds (Fixed Income)	25.0	0.75
International Equity	16.5	5.30
Total	100.00 %	

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

F. Discount Rate

The discount rate used to measure the total pension liability in 2021 was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund and the Police and Fire Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1 Percent Decrease (6.50%)	Current (7.50%)	1 Percent Increase (8.50%)
General Employees Fund	$ 2,011,902	$ 986,473	$ 145,047
Police and Fire Fund	1,644,375	517,942	(405,456)

H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Note 5: Postemployment Benefits Other Than Pensions

A. Plan Description

The City operates a single-employer retiree benefit plan ("the Plan") that provides health, life and dental insurance to eligible employees and their families through the City's health insurance plan. The full cost of the benefits is covered by the plan. Benefit and eligibility provisions are established through negotiations between the City and various unions representing City employees and are renegotiated each two-year bargaining period. The Plan does not issue a publicly available report. At December 31, 2021, the 31 active plan members/employees were covered by the benefit terms.

B. Funding Policy

OPEB benefits have historically been funded on a pay-as-you-go basis (PAYGO). Plan sponsors may set up a trust and pre-fund the benefits. There is no requirement to pre-fund benefit. However, continuing on a PAYGO basis will create a Total OPEB Liability (TOL) on the balance sheet. Results throughout the report assume continued funding under PAYGO. The overall single discount rate is 2.00%.

C. Actuarial Methods and Assumptions

The City's total OPEB liability of $163,082 was measured as of December 31, 2021, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of January 1, 2020. Roll forward procedures were used to roll forward the total OPEB liability to the measurement date.

The total OPEB liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	2.00%
20-Year Municipal Bond Yield	2.00%
Inflation Rate	2.50%
Salary Increases	Service graded table
Medical Trend Rate	6.25% as of January 1, 2021 grading to 5.00% over 5 years

The discount rate is based on the estimated yield of 20-Year AA-rated municipal bonds. The overall single discount rate is 2.00%. Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables with MP-2019 Generational Improvement Scale. The actuarial assumptions used in the December 31, 2018 valuation were based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information as well as for consistency with the other economic assumptions.

Note 5: Postemployment Benefits Other Than Pensions - Continued

D. Changes in the Total OPEB Liability

	Total OPEB Liability (a)
Balances at December 31, 2020	$ 69,586
Changes for the Year:	
Service cost	12,993
Interset	2,295
Changes in benefit terms	80,559
Changes in assumptions or other inputs	4,608
Benefit payments	(6,959)
Net Changes	93,496
Balances at December 31, 2021	$ 163,082

For the year ending December 31, 2021, the discount rate was changed from 2.90% to 2.00%

E. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.00 percent) or 1-percentage-point higher (3.00 percent) than the current discount rate:

1 Percent Decrease (1%)	Current (2%)	1 Percent Increase (3%)
$ 172,044	$ 163,082	$ 154,543

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a Healthcare Cost Trent Rates that is 1-percentage point lower (5.50 percent decreasing to 4.00 percent) or 1-percentage-point higher (7.50 percent increasing to 6.00 percent) than the current discount rate:

1 Percent Decrease (5.5% Decreasing to 4%)	Healthcare Cost Trend Rates (6.5% Decreasing to 5%)	1 Percent Increase (7.5% Decreasing to 6%)
$ 148,832	$ 148,832	$ 179,629

Note 5: Postemployment Benefits other than Pensions (Continued)

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2021, the City recognized OPEB expense of $38,983. At December 31, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	$ -	$ 195,679
Changes in Actuarial Assumptions	4,032	2,019
Total	$ 4,032	$ 197,698

Deferred inflows of resources totaling $195,679 related differences in expected and actual and changes in assumptions. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

2022	$ (32,374)
2023	(32,374)
2024	(32,374)
2025	(32,374)
2026	(32,374)
Thereafter	(31,796)

Note 6: Other Information

A. Legal Debt Margin

In accordance with Minnesota statutes, the City may not incur or be subject to net debt in excess of three percent of the estimated market value of taxable property within the City. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments, enterprise fund revenues, or tax increments. As of December 31, 2021, the City is under the legal debt margin.

B. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT), which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

Note 7: Joint Venture

C. Isanti Area Joint Operating Fire Board District

The City participates in a joint powers agreement with the towns of Athens, Bradford, Isanti, Oxford, Spencer Brook and Stanford to acquire and pay for new fire department substations in the townships. The City shall deposit in advance quarterly contributions with the treasurer of the Isanti Area Joint Operating Fire fund. The amount of the quarterly contributions to the fund shall be according to the proportions established in the fire protection contract. The City contributed $250,263 to the Board in 2021. The City's equity interest and its share of the net income (loss) of the District is not measurable and it is not explicit; therefore, no equity interest is reported in the government-wide financial statements.

The following is a summary of the Fire District's statements of net position as of December 31, 2020 and 2019

	2020	2019
Assets	$ 352,140	$ 828,628
Capital assets, net	1,746,126	1,221,618
Total Assets	$ 2,098,266	$ 2,050,246
Liabilities	$ 77,711	$ 1,221,618
Net Position	2,020,555	727,106
Total Liabilities and Net Position	$ 2,098,266	$ 1,948,724

The following is a summary of Fire District's statements of activities for the years ended December 31, 2020 and 2019:

	2020	2019
Revenues	$ 732,494	$ 760,802
Expenses	660,663	681,889
Change in Net Position	71,831	78,913
Net Position, January 1	1,948,724	1,869,811
Net Position, December 31	$ 2,020,555	$ 1,948,724

Note 8: Commitments and Contingencies

Tax Increment Districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

Conduit Debt

The City issued facility revenue notes to provide financial assistance to the Art and Science Academy for the acquisition and construction of an educational facility deemed to be in the public interest for $5,250,000 in 2021. At December 31, 2021, the balance of the notes outstanding was $5,250,000. Neither, the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

Note 9: COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus ("COVID-19") and the risks to the international community as virus spreads globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. In response to the pandemic, the State of Minnesota has issued stay-at-home orders and other measures aimed at slowing the spread of the coronavirus.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Due to the rapid development and fluidity of this situation, the City cannot determine the ultimate impact that the COVID-19 pandemic will have on its financial condition, liquidity, and future revenue collection, and therefore any prediction as to the ultimate impact on the City's financial condition, liquidity, and future results of its revenue collections is uncertain.

12/31/15	97,034	97,034	-	1,293,790	7.5

Note: Schedule is intended to show 10-year trend. Additional years will be reported as they become available.

Notes to the Required Supplementary Information - General Employee Fund

Changes in Actuarial Assumptions

2021 – The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020 - The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 - The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

Notes to the Required Supplementary Information - General Employee Fund (Continued)

Changes in Plan Provisions

2021 – There were no changes in plan provisions since the previous valuation.

2020 - Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 - The employer supplemental contribution was changed prospectively, decreasing from $31.0 million to $21.0 million per year. The state's special funding contribution was changed prospectively, requiring $16.0 million due per year through 2031.

2018 - The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - The State's contribution for the Minneapolis Employees Retirement Fund equals $16,000,000 in 2017 and 2018, and $6,000,000 thereafter. The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from $21,000,000 to $31,000,000 in calendar years 2019 to 2031. The state's contribution changed from $16,000,000 to $6,000,000 in calendar years 2019 to 2031.

2016 – There were no changes in plan provisions since the previous valuation.

2015 - On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by $1.1 billion and increased the fiduciary plan net position by $892 million. Upon consolidation, state and employer contributions were revised.

Schedule of Employer's Share of PERA Net Pension Liability - Police and Fire Fund

Fiscal Year Ending	City's Proportion of the Net Pension Liability	City's Proportionate Share of the Net Pension Liability (a)	State's Proportionate Share of the Net Pension Liability Associated with the City (b)	Total (a+b)	City's Covered Payroll (c)	City's Proportionate Share of the Net Pension Liability as a Percentage of Covered Payroll (a/c)	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability

12/31/15	98,214	98,214	-	606,260	16.2

Note: Schedule is intended to show 10-year trend. Additional years will be reported as they become available.

Notes to the Required Supplementary Information - Police and Fire Fund

Changes in Actuarial Assumptions

2021 - The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The inflation assumption was changed from 2.50 percent to 2.25 percent. The payroll growth assumption was changed from 3.25 percent to 3.00 percent. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MN-2020. The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020). Assumed rates of salary increase were modified as recommended in the July 14, 2020 experience study. The overall impact is a decrease in gross salary increase rates. Assumed rates of retirement were changed as recommended in the July 14, 2020 experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements. Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations. Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities. Assumed percent married for active female members was changed from 60 percent to 70 percent. Minor changes to form of payment assumptions were applied.

2020 - The mortality projection scale was changed from MP-2018 to MP-2019.

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The mortality projection scale was changed from MP-2016 to MP-2017.

2017 - Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. Assumed rates of retirement were changed, resulting in fewer retirements. The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for non-vested members. The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. Assumed termination rates were decreased to 3.0 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. Assumed percentage of married female members was decreased from 65 percent to 60 percent. Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. The assumed percentage of female members electing joint and survivor annuities was increased. The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter. The single discount rate was changed from 5.6 percent to 7.5 percent.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2037 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 5.6 percent. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2037 and 2.5 percent per year thereafter.

Notes to the Required Supplementary Information - Police and Fire Fund (Continued)

Changes in Plan Provisions

2021 – There were no changes in plan provisions since the previous valuation.

2020 – There were no changes in plan provisions since the previous valuation.

2019 – There were no changes in plan provisions since the previous valuation.

2018 - As set by statute, the assumed post-retirement benefit increase was changed from 1.0 percent per year through 2064 and 2.5 percent per year, thereafter, to 1.0 percent for all years, with no trigger. An end date of July 1, 2048 was added to the existing $9.0 million state contribution. New annual state aid will equal $4.5 million in fiscal years 2019 and 2020, and $9.0 million thereafter until the plan reaches 100 percent funding, or July 1, 2048, if earlier. Member contributions were changed from 10.80 percent to 11.30 percent of pay, effective January 1, 2019 and 11.80 percent of pay, effective January 1, 2020. Employer contributions were changed from 16.20 percent to 16.95 percent of pay, effective January 1, 2019 and 17.70 percent of pay, effective January 1, 2020. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 - Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates. Assumed rates of retirement were changed, resulting in fewer retirements. The combined service annuity (CSA) load was 30.00 percent for vested and non-vested, deferred members. The CSA has been changed to 33.00 percent for vested members and 2.00 percent for non-vested members. The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees. Assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall. Assumed percentage of married female members was decreased from 65.00 percent to 60.00 percent. Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females. The assumed percentage of female members electing joint and survivor annuities was increased. The assumed postretirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter. The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

2016 – There were no changes in plan provisions since the previous valuation.

2015 - The post-retirement benefit increase to be paid after attainment of the 90 percent funding threshold was changed, from inflation up to 2.5 percent, to a fixed rate of 2.5 percent.

INDEPENDENT AUDITOR'S REPORT
ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City) as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated April 13, 2022.

In connection with our audit, nothing came to our attention that caused us to believe that the City of Isanti failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

This report is intended solely for the information and use of those charged with governance and management of the City and the State Auditor and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and City Council
City of Isanti, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Isanti, Minnesota (the City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated April 13, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified However, as described in the accompanying Schedule of Finding and Response, we identified certain deficiencies in internal control that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Finding and Response as item 2021-001 to be a significant deficiency.

Response to the Finding

The City's response to the finding identified in our audit are described in the accompanying Schedule of Finding and Response. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BLANK INTENTIONALLY

City of Isanti, Minnesota
Schedule of Finding and Response
For the Year Ended December 31, 2021

Finding	Description
2021-001	**Preparation of Financial Statements**
Condition:	As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Recent auditing standards require auditors to communicate this situation to the City Council as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal control process.
Criteria:	Internal controls should be in place to provide reasonable assurance over the reliability of financial records and reporting.
Cause:	From a practical standpoint, we both prepare your statements and determine the fairness of that presentation at the same time in connection with our audit. This is not unusual for us to do with organizations of your size.
Effect:	The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosures in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.
Recommendation:	Under these circumstances, the most effective controls lie in management's knowledge of the City's financial operations. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost and other considerations. Regarding the specific situations listed above, we would offer the following specific recommendations: 1) Utilize a disclosure checklist to ensure all required disclosures are present and agree to work papers, and 2) Agree your accounting information from your accounting software to the amounts reported in the financial statements.

Management Response:

For now, the City accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: April 5th 2022
Subject: Closing Funds 441 and 933 to Fund 425

Background:

Construction Fund 441 was created in 2017 to track expenses associated with the Palomino Road Street and Utility Improvements. Fund 933 was subsequently created to track the receipt of special assessment revenues for the project. All current and future street projects are and will be tracked in Street Construction Fund 425. This would include expenses and special assessments. This method of "reusing" the same Fund year after year to track like projects is recommended by our external audit firm.

Recommendation:

Staff is recommending, in consultation with our audit firm, that Funds 441 and 933 be closed to Fund 425. This action, if adopted would be effective for year end 2021 and be represented on the audited financials, to be presented to Council on April 19th 2022.

Action Required:

If the Council concurs, it should by motion, take the following actions:

1. Approve Resolution as written.

Attachments:

- Res 2022-XXX Authorizing the Closing of Funds 441 and 933.

RESOLUTION 2022-XXX

AUTHORIZING THE CLOSING OF FUNDS 441 AND 933

WHEREAS, the City Council of Isanti finds that it is important to review financing to eliminate deficits in certain funds and close funds with no recent activity or for projects that are materially complete; and

WHEREAS, the City Council of Isanti finds that it is in the best interest of the community to close Construction Fund 441 and Debt Service Fund 933 to Fund 425 – Street Construction Fund retroactively effective to 12-31-2021; and

WHEREAS, Funds 441 and 933 had been created to track expenses and special assessments related to the 2017 Palomino Road Project;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, to:

1. Close Funds 441 and 933 to Fund 425 – Street Construction Fund, effective December 31st 2021.

Adopted by the Isanti City Council this 5th day of April 2022.

MINUTES

CITY OF ISANTI
CITY COUNCIL MEETING

TUESDAY, APRIL 19, 2022 – 7:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 7:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon (via Zoom from Subway, 945 Eagle Drive New Town, North Dakota 58763 due to working out of state), Paul Bergley, Steve Lundeen and Dan Collison

Staff Present: City Clerk Jaden Strand, Community Development Director Stephanie Hillesheim, Finance Director Mike Betker, Chief of Police Travis Muyres and Community Development Special Ryan Saltis

D. Public Comment
Julie and Andy Fiedler, 519 Birch St SW, Isanti MN 55040 shared concerns that they have been trying to pay their utility bill with the help of Lakes and Pines however, it seems there has been some communication issues between the City and Lakes and Pines.

Tammy Gimpl, Gratitude Farms, 22359 Bataan St NE East Bethel, MN 55011 shared her concerns about the information that was shared regarding her business at the April 5, 2022 City Council meeting during public comment.

E. Adopt Agenda
ADD: K.3. Waive Late Fee For Utility Payment by Christine Schulze

I. Council Committee Reports

None

J. Public Hearings

1. MS4 Presentation

Community Development Director Stephanie Hillesheim shared a presentation of the 2021 Annual Report for the MS4 Program. Highlights from the presentation included that the Municipal Separate Storm Sewer System was created as part of the 1972 Clean Water Act, MPCA initiated MS4 in 2007, the City of Isanti became MS4 in 2016. A city generally becomes MS4 when the population hits 5,000. The City of Isanti implements MS4 through regulatory mechanisms, education and outreach and environmental protection.

Hillesheim continued to share that the annual report is due June 30th of every year and is part of the MS4 permit requirement. There were 5 illicit discharges in 2021 with 4 discharges found by City staff and 1 public complaint for illicit discharge. Enforcement actions were 9 verbal warnings to Contractors/ Homeowners and 2 violation letters issued. Hillesheim shared the 7 conditions that were found violated during the MS4 audit in February.

Hillesheim further shared that the City is addressing conditions outlined in the audit Letter of Warning, increasing public outreach and training, continue implementation and improvement of SWPPP and continue partnership with Bolten and Menk.

Mayor Johnson opened the public hearing at 7:33 p.m.

No one from the public spoke.

Mayor Johnson closed the public hearing at 7:33 p.m.

K. Business Items

1. **Resolution 2022-080** Accepting the 2021 Annual Financial Report and Management Letter (Abdo, Eick and Meyers- *Steve McDonald*)

   Steve McDonald from Abdo, Eick and Meyers shared a video presentation regarding the 2021 Financial Audit as well as financial highlights for 2021. McDonald shared that there was an internal control finding in preparation of financial statements. McDonald shared that it is not necessarily bad but a small City comment. There cannot be only one person in place for preparation and acceptance of financial statements. An internal control process cannot have just one person in place resulting in a reportable condition for Council to be aware.

   McDonald shared that the General Fund balance at the end of 2021 represented 40% of the following years budget. The target minimum fund balance is 50% and anything between 30% and 50% is adequate working capital range. The City has been in that range each year presented. The General Fund balance increased $209,000.00 from 2020. Intergovernmental increased in 2020 and 2021 due to mostly because of federal funding that came through the City.

McDonald continued to share that with the Special Revenue Fund balances, the total fund balance for 2021 was $821,509.00 which was a $26,699 from the prior year. The indoor arena has a deficient of $144,761.00 but overtime will be eliminated.

McDonald went on to share that in the City's Capital Project funds, there is a deficit total of $282,468.00. The deficit in the Street Construction fund is expected to be eliminated in future years with MSA revenue and future tax revenues. Capital Replacement fund has a deficit of $163,760.00. The deficit in the Capital fund is expected to be eliminated in future years with future lease and tax revenues.

McDonald further shared that there are $3,310,000.00 in outstanding bonds. A refunding bond was done in 2021 for 2021 Tax Abatement Bonds which has paid off the old bonds which will go down significantly in 2022.

McDonald continued with the Enterprise Funds, which are made up of water, sewer, storm water and liquor funds. McDonald went on to share that all have really good results for 2021 and the last several years. Operating receipts for the water and sewer have been sufficient to pay operating expenses and the debt service that is outstanding. Stormwater revenue has exceeded the operating expenses with a good cash balance. The liquor fund had a balance of $1,271,834.00 noting that the Liquor Store has unspent bond proceeds of $564,717.00 accounting for a portion of the increase in cash at the end of 2021.

McDonald went on to share that the overall tax rates have been consist over the last three years.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion passed 5-0. Motion carried.

Community Development Director Stephanie Hillesheim

2. **Resolution 2022-081** Approving a Special Event Permit Application for Walk for Life
Community Development Director Stephanie Hillesheim shared that this is a special event permit for the Walk for Life located on the bike/walk path. Hillesheim continued to share that this event has been done annually for quite some time.

Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion passed 5-0. Motion carried.

3. Waive Late Fee For Utility Payment by Christine Schulze

Motion by Bergley, seconded Bergley to waive late fee for Christine Schulze. Motion passed 4-1 with Collison voting nay.

L. Approve Consent Agenda

1. Payroll in the Amount of $119,821.68 and Accounts Payable in the Amount of $383,681.17

MINUTES
CITY OF ISANTI
COMMITTEE OF THE WHOLE MEETING

TUESDAY, APRIL 19, 2022 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:00 p.m.

The Pledge of Allegiance was recited.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon (via Zoom from Subway, 945 Eagle Drive New Town, North Dakota 58763 due to working out of state), Paul Bergley, Steve Lundeen and Dan Collison

Staff Present: City Clerk Jaden Strand, Community Development Director Stephanie Hillesheim, Finance Director Mike Betker, Chief of Police Travis Muyres and Community Development Special Ryan Saltis

Others Present: Christopher Peterson

D. Public Comment
None

E. Committee Meeting Items

1. Agenda Request *(Christopher Peterson)*
Christopher Peterson shared that he was requesting to provide and maintain the City with a community board at the Isanti Liquor store.

Peterson informed Committee that the board would be no cost to the City. Businesses would be allowed to lease space on the board for advertising for $150.00 a year. The City of Isanti would be rendered $150.00 of the profits each year.

Committee further discussed and shared they were in favor of the board but advertisements on the board could not be offensive, inappropriate or direct competition with Isanti Liquor.

Recommendation from Committee is for staff to work with Petersons Promotions to draft contract and bring to future City Council meeting for consideration.

2. Agenda Request *(Christine Schulze)*
Mayor Johnson shared that the Post Office lost Christine Schulze's utility payment resulting in her receiving a $5.00 late fee.

City Administrator Wood shared Schulze's uses an automatic bill pay system through her bank and when the funds were withdrawn from her bank account on the 10th which would have been plenty of time to receive the payment however, the City did not receive the

payment. There was an envelope with this payment and other payments received from the Post Office that said there was a mailing delay but with no definition of how many days there was a delay.

Consensus from Committee is to add this to the City Council meeting later that night for consideration.

3. Police Updates
Part-Time Police Secretary position has been filled.

The department is down two Patrol Officers but are in the process of interviews to fill the positions.

Designs for rebranding of the department and will come to a future Council meeting for consideration.

Staff visited the new facility to determine steps for remodel of the building.

Window tint project for the Council Chambers is anticipated to begin next week.

4. 3.2 Temporary Liquor License Discussion
The temporary 3.2 application states a request may not exceed four (4) consecutive days and has been common practice for temporary 3.2 licenses. However, City Code does not specify a day limit. State statute states it is at the discretion of the City.

City Code specifies that the City may not issue more than three four-day, four three-day, six two-day or 12 one-day temporary licenses (in any combination) not to exceed 12 days total to any one organization or for any location in the City, within a twelve-month period.

Staff asked for direction on what the number of days a temporary 3.2 license shall be issued for.

Consensus from Committee is for staff to draft an ordinance amendment to reflect the license to be consistent with a regular temporary liquor license but taking Illuminate Isanti into account as that event is for 8 days.

F. Adjournment
Meeting was adjourned at 5:43 p.m.

Respectfully Submitted.

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: May 3, 2022

Subject: Resolution 2022-XXX Approving An Agreement Between the City of Isanti and Petersons Promotions for Community Bulletin Board at Isanti Liquor Store

---

Background:
At the April 19, 2022 Committee of the Whole meeting, Committee recommended to move forward with Petersons Promotions providing a community bulletin board at Isanti Liquor. Further direction at the April 19, 2022 Committee of the Whole meeting was for staff to work with Petersons Promotions to draft up a contract and bring back to City Council for consideration. Petersons Promotions advised staff that they would like to enter into a contract for at least 3 years.

Request:
Staff would like direction on how long the contract shall be valid for and requesting action on this item.

RESOLUTION 2022-XXX

APPROVING AN AGREEMENT BETWEEN THE CITY OF ISANTI AND PETERSONS PROMOTIONS FOR COMMUNITY BULLETIN BOARD AT ISANTI LIQUOR STORE

WHEREAS, Petersons Promotions requested to provide and maintain a community board at Isanti Liquor; and,

WHEREAS, the community board would allow for approximately 10 businesses to place advertisements on the board for a yearly fee of $150.00 paid to Petersons Promotions; and,

WHEREAS, the advertisements would be approximately 10 inches x 12 inches; and,

WHEREAS, the cork space available for community posting is 5 feet x 4 feet; and,

WHEREAS, Peterson Promotions will render $150.00 a year to the City of Isanti; and,

WHEREAS, Committee of the Whole discussed the request at the April 19, 2022 COW and recommended approval; and,

WHEREAS, the agreement with the Petersons Promotions is hereby attached as Exhibit A;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. The City Council hereby enters into the attached contract "Exhibit A", between the City of Isanti and Petersons Promotions for contracted community board services.

2. Approves and authorizes the City Administrator to sign the contract between the City of Isanti and Petersons Promotions

3. The contract shall run through _____.

This resolution was duly adopted by the Isanti City Council this 3rd day of May 2022.

Memo for Discussion

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: May 3, 2022
Subject: Consideration of Animal Control and Kennel Services Contract

---

Background:
Proposals for animal control and kennel services was discussed and ultimately awarded to On-Line Retrievers on April 5, 2022. Council approved action for staff to execute and enter into a contract with On-Line Retrievers based upon the proposal that they submitted to the City. In drafting the contract and discussing the terms with the owner of On-Line Retrievers, it was discovered that their proposal did not include a provision for compensation by the City when a dog is collected but the owner refuses to collect the dog and pay the required fees and the contractor cannot find a placement for the dog. Staff would like to make Council aware of the following language that has been included in the draft contract:

Compensation from City - There is no monthly City fee. If the owner is not identified, has not claimed the dog or a replacement cannot be found who incurs the cost for the fees, the City would incur costs associated with the collection and kennel by the Contractor as outlined in section C. with exception of the per day kennel fee which would be at a rate of $20.00 per day.

Request:
Staff is requesting direction on this item.

Action Required:
If the Council concurs with the language written in the contract, it should by motion, take the following actions:

1. Approve the contract between the City and On-Line Retrievers as presented.

Attachment:

- Draft Contract with On-Line Retrievers

CITY OF ISANTI

ANIMAL CONTROL AND KENNEL SERVICES CONTRACT

THIS AGREEMENT between the **City of Isanti** (hereinafter "**City**"), whose principal office is located at 110 First Avenue NW, City of Isanti, State of Minnesota, and **On-Line Retrievers (**hereinafter "**Contractor**"), is made and entered into on the ____ day of _____, 2022.

A. Period of Agreement.
City hereby agrees to hire Contractor to render services as a dog care provider (kennel services) and on-call animal control officer, and Contractor faithfully agrees to diligently perform such duties through March 31, 2027.

B. Nature of Services.
Kennel Services: Contractor shall perform the services contemplated by this agreement in a discreet, humane manner. Contractor is retained as an independent contractor to assist with the dog care for unleashed dogs picked up by Isanti City's Animal Control Officer and/or law enforcement within the City of Isanti. It is specifically made part of this Agreement that the nature of services to be provided by Contractor shall include the provision of a place for each dog to stay; together with the provision of food, water and walking/exercising the dogs. The Contractor will be responsible to contact the rescue party i.e., animal shelter, human society, etc. for pick-up, or shall transport all dogs to the vet at the end of the five (5) days each unclaimed dog is to be held pursuant to City Ordinance and State Statute. If a dog that has bitten a person and is impounded, that dog must be kept apart from other animals and observed for a period of ten (10) days pursuant to City Ordinance and State Statute, during which time the Contractor shall notify the City of signs of any transmittable diseases. This time period may be shortened if a release signed by the owner of the dog is received authorizing euthanasia or disposal of the dog; and the owner has provided payment of all fees relating to the impoundment, kenneling of the dog and veterinary charges. If needed for a dog bite incident, the Contractor is responsible transport of the dog to the University of Minnesota.

It is understood, pursuant to this agreement, that the Animal Control Officer shall bring all dogs caught directly to Contractor. Contractor will provide services for the City of Isanti seven days a week, twenty-four hours per day.

Animal Control Services: Contractor shall, upon request of the Isanti Police Department, City Administrator (or designee), or other Law Enforcement Agency, take all reasonable and necessary steps to catch and take into custody any dog determined to be in violation of any City Ordinance or Minnesota State Statute in the corporate limits of the City of Isanti. Contractor shall also have the authority to pick up any dog that is observed by the Contractor and only those dogs that are determined to be in violation of any City Ordinance or Minnesota State Statute, when he/she is driving through the City without a direct request from the Isanti Police Department or City Administrator (or designee). All apprehensions of dogs or other animals shall be in a lawful, efficient and workman like manner. All animals apprehended pursuant to this contract shall be treated humanely, and shall be delivered into the custody of the party or facility designated by the City. The Contractor shall respond to calls for service within a four (4) hour time frame on a 24 hour basis, Monday through Sunday; including defined Holidays as

available. If not available for immediate response, the City of Isanti reserves the right to bring the dog to the kennel facilities for containment.

C. Compensation

All fees must be paid by the Owner before the Owner may collect the dog. Owners reclaiming the dog will pay for all costs associated including but not limited to: transporting, boarding and other services at the following rates:

Kennel Service: Contractor shall receive **$30.00** per day from dog Owner for the provision of food, water and walking/ exercising and current **IRS mileage rate** for the transportation of a dog kept pursuant to this agreement to the rescue party, shelter or Veterinarian. The Contractor shall keep fees for kenneling from the Owner of the dog. The Contractor shall also collect Impound Fees. If the dog is unlicensed and released to the Owner after payment of all fees, the Contractor shall notify the Police Department.

Animal Control Service:

1. **$100.00 plus Mileage (IRS rate)** for the first dog – pick up and transport to Kennel when requested.

2. Same Call – Additional dog - (**no fee**) for pickup and transport to kenned as directed by the City.

3. **$100.00 plus Mileage (IRS rate)** for transport of one dog as directed by the City to the designated dog kennel when animal is held at the Police Department or City Hall.

4. Respond to compliant **$100.00 plus Mileage (IRS rate)**

5. **$100.00 plus Mileage (IRS rate)** for a dog bite incident including transport to veterinarian; then to the University of Minnesota.

6. Hourly rate of **$50.00** for public service requests or if required.

7. The contractor shall provide a monthly report for the Isanti Police Department for each animal impounded. The report shall include the following:

    a) Isanti Police Department Incident Number (ICR Number)

    b) Date and location of impoundment

    c) Date and location of release

    d) Full name of person the animal was released to

    e) Animal Breed and Sex

    f) Detailed information if any medical treatment was provided

g) Information regarding City Licensure of the animal

h) Amount of any additional fees collected for re-occurring impoundments.

D. Compensation from City

There is no monthly City fee. If the owner is not identified, has not claimed the dog or a replacement cannot be found who incurs the cost for the fees, the City would incur costs associated with the collection and kennel by the Contractor as outlined in section C. with exception of the per day kennel fee which would be at a rate of $20.00 per day.

E. Licensing and Certification

Contractor herby agrees to maintain all professional licensing and certification required by local, state and federal law, and/or Associations for Animal Control and Kenneling Services.

F. Relationship of Parties

The parties intend that an independent contractor relationship will be created by the Agreement. The City is interested only in the results to be achieved, specifically; the caring for dogs not restrained within City limits, and the conduct and control of the work will lay solely with the Contractor. Contractor is not to be considered an agent or employee of the City for any purpose, and the employees of the Contractor, if any, are not to be considered employees of the City, and are not entitled to any of the benefits that the City provides its employees. It is further understood that Contractor may perform services for other entities, as long as such relationship does not impede, or prohibit, the provision of services for City pursuant to this Agreement.

G. Liability Insurance and Indemnification

The services to be performed by Contractor pursuant to this Agreement will be performed entirely at Contractor's risk, and Contractor assumes all responsibility for the use and condition of tools and equipment used in the performance of Contractor's duties, efforts and work as dog care provider. Contractor shall be solely responsible for obtaining, at contractor's expense, liability insurance coverage naming the **City of Isanti** as additional insured, in an amount of not less than $1,000,000.00 insuring against personal injury or property damage for liability to third parties. Contractor further agrees to indemnify City for any and all liability or loss arising in any way out of the performance of this Agreement, including costs and attorney's fees.

H. Termination

It is further agreed that in case of violation, breach or non-performance by Contractor of any of the agreements contained in this Contract, City shall have the right to declare this Contract immediately null and void upon written notice to Contractor. This Contract shall become effective through March 31, 2027 unless either party gives to the other written notice of not less than sixty (60) days, said notice stating that this Agreement shall be terminated and the effective date of termination. No amendment or modification of this Contract shall be effective unless made in writing and signed by both the City and Contractor.

I. Facilities and Equipment

Contractor shall be responsible for providing all tools and equipment necessary to perform the duties of animal control and kennel services. The City will not provide office space to

Contractor for services. Contractor shall provide appropriate kennels for the retention of dogs caught by Contractor until appropriate disposition can be made for each such dog retained.

J. Monthly Report
Contractor agrees to provide to City at the end of each month a summary of all dogs cared for.

K. Business Records
At all times during the course of the Agreement, and upon termination of this Agreement by either party, all files, documents and records relating to performance of dog care by Contractor shall remain the property of City, and shall be provided to City at any time upon its request to contractor.

L. Entire Agreement
This Agreement constitutes the entire agreement of the parties with respect to the subject matter hereof and supersedes all other agreements or representations, whether written or oral.

M. Adjustment over the Term of the Contract
A 2.5% adjustment to the per day Kennel Fee service will be incurred annually.

Services to be Provided
- Provided dog care services in a discreet and humane manner.
- Care for unleashed dogs picked up by the City's Animal Control Officer and / or law enforcement within the City of Isanti.
- Assist in the pick up of unleashed dogs in the event the Animal Control Officer and / or law enforcement is unable to pick up an unleashed dog due to other emergency.
- Provide a place for each dog to stay.
- Provide food, water, and walking / exercising the dogs.
- Provide medication for the needs of any dogs in care of the provider.
- Transport all dogs to the vet at the end of the required number of days pursuant to State Statute for each unclaimed dog.
- Observe any dog for a period of ten (10) days (or pursuant to State Statute) that has bitten a person and is impounded; as well as keep the dog apart from other animals; and notify the City of signs of any transmittable diseases.
- Provide kennel services seven (7) days a week, twenty-four (24) hours per day.

Equipment
- Provide all tools and necessary equipment.
- Provide appropriate kennels for the retention of dogs to be cared for.

Accounting, Billing, Business Records
- Provide to City at the end of each month a summary of all dogs cared for, and an itemization of charges for each such dog cared for.
- Files, documents, and records relating to performance of dog caring shall remain the property of the City, and shall be provided to the City at any time upon its request by the kennel provided.

Licensing and Certification
Maintain all professional licensing and certification as required by local, state, and federal law, and / or Associations for Animal control and Dog Kennels.

Liability Insurance and Indemnification
- Provide services at own risk.
- Assume all responsibility for the use and condition of tools and equipment used in the performance of required duties, efforts and work.
- Carry liability insurance for an amount of not less than **$1,000,000** and provide a certificate of said insurance as provided in the proposed contract with the City.
- Agree to an indemnification clause as provided within the contract between the City of Isanti and the kennel services provided.

Termination
Contractor must agree to a sixty (60) day termination clause as provided in a contract between the City of Isanti and the service provider as provided within the specifications.

SUMMARY OF SPECIFICATIONS
ANIMAL CONTROL SERVICES

Statement of Work
On-Call Animal Control Officer shall furnish all labor, equipment, and services performed for the job of animal control for the City of Isanti.

On-Call Animal Control Officer Duties
Upon request of the Isanti Police Department, City Administrator (or Designee), or other Law Enforcement Agency, shall take all reasonable and necessary steps to catch and take into custody any dog determined to be in violation of any City Ordinance, or Minnesota State Statute in the corporate limits of the City of Isanti. The Animal Control Officer shall also have the authority to pick up any dog that is observed by the Officer and are determined to be in violation of any City Ordinance or Minnesota State Statute; when driving through the City without a direct request from the Isanti Police Department or City Administrator (or Designee).

Services to be Provided
The On-Call Animal Control Officer shall provide the following services:

- Respond to a call by the Police Department or authorized City Staff to pick up and / or transport dogs.
- Respond to call to assist law enforcement for pick-up / and or transport of other animals.
- Transport one or more dogs or other animals as directed by the City to a designated dog kennel when animal is held at City Hall.
- Respond to complaints as directed by the Police Department or authorized City Staff.
- Provide services on a holiday as available.

Holidays shall be identified as follows:

New Year's Day	Martin Luther King Jr. Day
President's Day	Memorial Day
Independence Day	Labor Day
Columbus Day	Veteran's Day
Thanksgiving Day	Day after Thanksgiving Day
½ day Christmas Eve Day	Christmas Day

Identification
The City shall provide the Animal Control Officer with appropriate credentials and / or identification to identify the Contractor as the "Official Animal Control Officer" for the City of Isanti.

Indemnification
The Animal Control Officer shall agree to an indemnification clause as provided within the contract between the City of Isanti and the Animal Control Officer.

Insurance
The Animal Control Officer must provide liability insurance coverage and shall provide a Certificate of Liability Insurance to the City of Isanti and shall name the **City of Isanti** as an additional insured. Said insurance shall protect against liability for personal injury or property damage to third parties of not less than **$1,000,000**.

Termination
Animal Control Officer must agree to a sixty (60) day termination clause as provided in a contract between the City of Isanti and the service provider.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: April 19th, 2022
Subject: Request by Duane Halvorson for approval of a Minor Subdivision Plat under City Ordinance 740, said request is to split PID 16.029.2300 into three parcels.

Background: A presentation was given at the April 19, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the Minor Subdivision Plat proposed for Halvorson Acres. The 16.8-acre vacant parcel is proposed to be split into three separate parcels with the objective of providing two sellable commercial lots near 6th Ave NE and a residential zoned lot to the east. A representative of the applicant, Grant Lindberg was present at the meeting and available to answer questions regarding the plat. Lindberg explained that he is working with surveyors to correct comments made by the city engineer and give legal access to the parcels. Discussion was had between Planning Commission Members regarding accessibility to each parcel, zoning, and buildable area for the lots.

There was no one else from the public present for resident comments and the public hearing closed.

The City of Isanti Planning Commission approved the Minor Subdivision Plat for Halvorson Acres with conditions at the April 19, 2022 Planning Commission meeting. Motion for approval with conditions passed 6-0.

Request: Consider adopting the resolution.

RESOLUTION 2022-XXX

APPROVING THE MINOR SUBDIVISION PLAT FOR HALVORSON ACRES LOCATED AT PID 16.029.2300

WHEREAS, Duane and Jeannine Halvorson (applicants) have requested approval of a Minor Subdivision Plat to split PID 16.029.2300 into three separate parcels; and,

WHEREAS, under Isanti's Subdivision Ordinance (Ord. 740), a lot split that will create 4 or fewer lots is required to follow the standards set under a Minor Subdivision Plat; and,

WHEREAS, the proposed Minor Subdivision Plat meets all of the requirements found in Article 3 Minor Subdivision Plat of Ordinance 740, Isanti's Subdivision Ordinance; and

WHEREAS, the City of Isanti Planning Commission recommended approval of the Minor Subdivision Plat on April 19, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Minor Subdivision Plat at its regularly scheduled meeting on May 3, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the requested Minor Subdivision Plat be hereby APPROVED subject to the following conditions:

1. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated February 28, 2022 to Community Development Director Stephanie Hillesheim

2. Address items/conditions identified in the Memorandum from Isanti County Highway Engineer Justin Bergerson dated April 14, 2022

This Resolution is hereby approved by the Isanti City Council this 3rd day of May, 2022

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: April 19, 2022

SUBJECT: Request by Duane Halvorson for approval of a Minor Subdivision Plat under City Ordinance 740, said request is to split PID 16.029.2300 into three parcels.

Overview/Background:
Discussion was had between the applicant and City Staff about splitting the 16.8-acre vacant parcel into three separate parcels. The split is intended to provide two parcels near 6th Ave NE (1.44 acres and 1.58 acres) and have a remaining 12.53 acres to the east. The objective of the lot split is to create more sellable lots for commercial purposes to the east. The applicant originally applied for a minor subdivision plat in February 2022 but was found to have discrepancies in the survey/plat that was submitted.

Analysis of Application

The purpose of a Minor Subdivision Plat is for the division of land or re-subdivision, including consolidation of land and to provide an expedited procedure in limited cases where strict adherence to the standard platting process.

The Minor Subdivision Plat may be utilized where the following circumstances exist:

A. The property to be divided will result in four (4) or fewer lots.
The parcel will be split into three total parcels.

B. The property has not previously been subject to division by either an Administrative Subdivision or Minor Subdivision Plat.
The vacant parcel has not previously been a part of an Administrative Subdivision or Minor Subdivision Plat.

C. The property to be divided is not part of a Planned Unit Development (PUD).
The subject parcel is not a part of a Planned Unit Development.

D. The newly created lots shall meet the requirements of the underlying zoning district; and shall not cause any structure on the land to be in violation of the Zoning Ordinance.
The underlying zoning districts include both "R-3A" Low Density Multiple Family Residential and "B-2" General Business. There are currently both of these zoning districts on one parcel with B-2 on the north near County Rd 5 and R-3A along 6th Ave NE. The parcel must be subdivided before a rezoning occurs. Currently, the proposed subdivision will meet requirements in both zoning districts and there are no structures on the vacant land which will be in violation of the Zoning Ordinance.

E. No variances are required to complete the subdivision as proposed.
No variances are needed to complete the proposed subdivision of the parcel.

F. All standards, requirements, and improvements required of a standard subdivision are required for a Minor Subdivision.
The proposed Minor Subdivision Plat has been reviewed and is compliant with these Subdivision requirements.

G. For residentially zoned lots, the proposed lot area of each lot within a re-subdivision or consolidation is no more than twenty (20) percent greater or ten (10) percent less than the average zoning lot area on that same frontage.
This requirement is not applicable to this proposal.

H. For residentially zoned lots, the proposed lot width of each lot is no more than twenty (20) percent greater or ten (10) percent less than the average zoning lot width on the same frontage.
This requirement is not applicable to this proposal.

Zoning
The subject site is currently zoned "R-3A" Low Density Multiple Family Residential on the east and south portion of the parcel. The north portion of the parcel is zoned "B-2" General Business. If approved to split into three parcels, it is recommended that each separate parcel be rezoned in the future to achieve the end goal of creating two commercial lots near 6th Ave NE. At this time, the only consideration is to split PID 16.029.2300 into three parcels.

Staff Recommendation:

Staff recommends approval of the Preliminary and Final Plat subject to the following conditions:

1. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated April 7, 2022 to Community Development Director Stephanie Hillesheim

2. Address items/conditions identified in the Memorandum from Isanti County Highway Engineer Justin Bergerson dated April 14, 2022

MEMORANDUM

Date: February 28, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Halvorson Acres – Preliminary Plat – 2nd Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the revised Preliminary Plat entitled "Halvorson Acres" received on February 24, 2022. The preliminary plat includes the minor subdivision of one lot into 3 smaller lots and roadway right-of-way.

We have reviewed the submitted documents and continue to have the following comments from the initial review:

Preliminary Plat:

1. Verify width of ROW required by Isanti County as well as any access requirements. Submit documentation from the County with their required ROW width and their statement on access requirements.
    a. Submit concept roadway layout on Lot 3 based on County access requirements.
2. Submit temporary cul-de-sac easement separately for Oakwood temp cul-de-sac.
3. The south bearing & distance line along the liquor store site appears to use the new Deed description sent to the owner for signatures. This needs to be signed and returned to the City before anything can be approved.

We recommend approval of the preliminary plat once the above comments are addressed, and the additional documents are submitted and approved.

Please contact me if you have any questions.

MEMORANDUM

Date: April 14, 2022

To: Tyler Kroschel, L.S.

From: Justin Bergerson, P.E.

County Engineer

Subject: Comments for Halvorson Acres – Preliminary Plat Review;

Access to County Road 5 (Heritage Boulevard)

The highway department has reviewed the submitted documents and have the following comments:

Preliminary Plat:

1. The right of way needs to be widened to allow for 60 feet as measured from the centerline of road traveled.
2. The preference of the county would be for lot 3 to access CSAH 5 via existing city street.
3. A driveway access is possible, it would require a right turn at minimum and possibly a left turn lane as well. Location of driveway access to be coordinated with Isanti County Highway Department before final plat recording.
4. It is not anticipated that a new city street in Lot 3 with access onto CSAH 5 would be permitted now or in the future.
5. Isanti County Highway Department access permits would be required for new entrances to the County road.

Please contact me if you have any further questions or revisions.

Memo

To: Mayor Johnson and Members of the City Council
From: Stephanie Hillesheim, Community Development Director
Date: May 3, 2022
Subject: Development Agreement for Fairway Greens North Phase II

Background:
The City Council approved the Final Plat of Fairway Greens North Phase II on March 1, 2022 consisting of 21 lots. The Developer has prepared and reviewed the attached Development Agreement to allow construction to begin.

Recommendation:
City staff recommend moving forward with the development agreement as presented.

Request:
Staff is requesting action on this item.

Attachment:
Development Agreement for Fairway Greens North Phase II

RESOLUTION 2022-xxx

APPROVING THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH PHASE II

WHEREAS, Home Pride Inc has an approved final plat known as Fairway Greens North; and,

WHEREAS, a Development Agreement for Fairway Greens North (Phase II) has been prepared and reviewed by the Developer and is ready for consideration by the City Council of the City of Isanti;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves this Resolution with the following conditions:

1) A Letter of Credit in an amount approved by the City Engineer and in form approved by the City Attorney is submitted to the City.

2) Prior to the signing of the development agreement any outstanding escrows, fees and/or financial guarantees, as stated within the development agreement, shall be established and/or paid.

IT IS FINALLY RESOLVED, that the City Council of the City of Isanti, Minnesota hereby direct the Mayor and City staff to execute said development agreement.

This Resolution hereby approved by the City Council of the City of Isanti this 3rd day of May 2022.

CITY OF ISANTI

ISANTI COUNTY, MINNESOTA

DEVELOPMENT AGREEMENT

FAIRWAY GREENS NORTH (PHASE II)

THIS AGREEMENT (the "Agreement"), is made and entered into this _____ day of _____, 2022, between the **City of Isanti**, a Minnesota municipal corporation (the "City") and **HomePride Inc,** a Minnesota corporation (the "Developer").

RECITALS

WHEREAS, the City Council, by Resolution No. 2021-021, on February 2, 2021, approved Preliminary Plat known as "Fairway Greens North" (the Plat); and,

WHEREAS, the Plat, which is of the overall Fairway Greens North development, contemplates development of real property into 167 residential housing units ("Lots") to be built in phases (Phase Two – 21 lots), each of which is subject to the Master Agreement and their own subsequent agreement; and

WHEREAS, the City Council, by Resolution No. 2022-039, on March 1, 2022, approved Final Plat for Fairway Greens North 2nd Addition; and,

WHEREAS, it is the policy of the City to enter into development contracts as contemplated in Minnesota Statutes 462.358, subd. 2(a); and

WHEREAS, the City and Developer desire to set forth their respective rights and obligations in this Agreement.

NOW, THEREFORE, in consideration of the Recitals, the premises and of the mutual

promises and conditions contained herein, it is agreed by the City and the Developer as follows:

1. **Development Agreement Provisions.** Subject to such changes as may be agreed between the City and the Developer(s), development of the Plat shall adhere to the provisions set forth herein.

2. **Escrow for City Costs and Fees.** Developer shall, contemporaneously with execution of this Agreement, deposit with the City an escrow of $30,000, to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. A separate escrow of the same amount will be established with the Developer for each Phase. All fees and costs incurred by the City in connection with each Phase of the Development shall be charged against said escrow account which shall remain in effect until the completion of the Development Phase. Any funds remaining in the escrow account(s) after the completion of the applicable Phase shall be refunded to the Developer. In the event the escrow account is depleted, the Developer shall post additional sums of money to replenish the account in increments of $10,000 to cover projected City costs as determined by the City. The escrow account shall always have a balance of no less than $1,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

3. **Developer Installed Municipal Improvements.** The Developer shall construct the following described municipal improvements for the Development, which are hereinafter collectively called "Developer Installed Municipal Improvements." The Developer Installed Municipal Improvements shall be constructed at the Developer's expense and in accordance with City requirements and specifications. The Developer shall engage at its own expense a registered professional civil engineer to prepare plans and specifications for the Developer Installed Municipal Improvements. These plans shall be submitted to the City for review and be approved by the City Engineer. The Developer agrees to City inspection of all Developer Installed Municipal Improvements and payment for said inspection services.

    a. The Developer shall construct and/or be responsible for the installation of sanitary sewer, water mains, storm sewer systems, and bituminous streets, with concrete curb and gutter, streetlights, sidewalks and trails.

b. The Developer shall provide adequate off-street parking on all lots abutting on cul-de-sacs, or termination turnarounds, so that the City can prohibit on-street parking, if necessary, for safety and maintenance purposes.

c. Where grading is required, soils inspection and compaction testing shall be conducted by a registered professional engineer on all areas where soil has been disturbed. All grading shall be done in accordance with a Grading Plan approved by the City Engineer. A minimum of one (1) compaction test shall be obtained for every two (2) foot increment of fill that is placed. A summary of all inspections and compaction tests shall be provided to the City upon completion of the grading. The Developer shall provide a 79G, final compaction report for each lot that has more than two (2) feet of fill.

d. All utilities, including electricity, telephone, cable and natural gas, shall be installed underground within platted utility easements or road rights-of-way.

4. **Erosion Control.** Soil stabilization shall be employed throughout each Plat as required to ensure the integrity of the soils. The Developer shall use topsoil, mulching, seeding, silt fence, and other such means as are approved by the City to prevent erosion of the soils. An erosion control plan shall be submitted by the Developer and approved by the City Engineer before a grading permit is issued for the Development. Before any grading is started on site, all erosion control measures, as shown on the erosion control plan approved by the City, shall be installed. The Developer shall be responsible for compliance with the approved erosion control plan. The Developer will be given a telephone notice when an unsatisfactory condition exists that is determined to be the Developer's responsibility. Work to correct said unsatisfactory condition shall commence within 48 hours from the time of the telephone notice. If said work is not commenced within 48 hours of said telephone notice, the City is hereby given the right to enter upon the property and to proceed to do the required work at the expense of the Developer. If it is determined that the unsatisfactory condition could result in degradation of downstream water quality, the Developer shall, upon telephone notice, immediately proceed to correct said unsatisfactory condition. If the Developer does not immediately respond to said unsatisfactory condition, the City is hereby given the right to enter upon the property and correct said condition at the expense of the Developer. The City shall be entitled to all its reasonable costs and expenses associated with

correction work done under this paragraph, including, but not limited to legal, fiscal and engineering costs. The City may at its option invoice the said costs for direct payment from the Developer or proceed to draw on the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 13. The erosion control plan shall be in accordance with the Minnesota Pollution Control Agency's NPDES Phase II requirements.

5. **Street Cleaning.** The Developer shall contract with a street cleaning firm to provide street cleaning services within and immediately adjacent to the Development. A copy of said contract shall be submitted to and approved by the City, in its discretion, prior to the issuance of a grading permit. This contract shall be submitted to and approved by the City prior to the issuance of a grading permit. This contract shall name the City as an authorized agent to order street cleaning services, as the City deems necessary. The Developer shall pay for the cost of the street cleaning under the contract. During development of the Plat, the Developer shall keep the streets adjoining its Development free of dirt and debris caused by its Development. In the event dirt and/or debris has accumulated on streets within or adjacent to the Development, the City is hereby authorized to immediately commence street cleaning operations if the streets are not cleaned by the Developer by 3:30 p.m. the day after the violation. If conditions are such that street cleaning operations are immediately necessary, the City may perform the necessary street cleaning. The City will then bill the Developer for all associated street cleaning costs. Failure to reimburse the City for street cleaning costs within ten days of such billing will result in the City drawing funds from the Developer's escrow established under paragraph 2 or the financial guarantee provided under paragraph 13.

6. **Stormwater.** The Developer shall construct storm sewer, swales, and/or such other storm water drainage devices as shall be necessary to control drainage within the Plat per the approved plan. Storm water systems shall be designed based on 100-year high water levels. No storm water retention or pond areas shall be constructed on residential lots. Drainage easements shall be given to cover storm water conveyance needs. The Developer shall maintain all drainage area easements on each Lot and no improvements, landscaping or grading shall be permitted in drainage area easements that would interfere with drainage.

7. **Sidewalks/Trails.** The Developer shall build all required sidewalks and trails located within the Development according to the approved plans associated with the

Development.

8. **Streetlights.** Streetlights shall be installed within the Plat according to a lighting plan, which will first be approved by the City Engineer. The Developer shall also submit a street lighting plan to Connexus Energy for its review, comment and approval. The installation of the streetlights shall be coordinated with Connexus Energy so that the street light system is installed, constructed and operated in such a manner as will harmoniously exist with other street lights within the area. Street lights must be installed prior to acceptance of the municipal improvements and the beginning of the warranty period.

9. **Street Repair.** It is anticipated that heavy construction equipment will be using City and County roads to access the Plat. The Developer shall be responsible for the reconstruction and/or repair of said street(s) identified as damaged by the City of Isanti following completion of construction within the Plat. Said reconstruction shall return the street(s) to an equal or better condition than existed prior to commencement of the Development. Plans for such work shall be approved by the City Engineer prior to commencement of reconstruction or repair work. The Developer shall instruct all construction crews to ensure that the properties adjacent to this Plat have access to their property at all times during construction.

10. **Schedule.** All work for the Developer Installed Municipal Improvements, including street, sanitary sewer, storm sewer, and municipal water, shall be done subject to the approval of the City in accordance with City standards and requirements. All Developer Installed Municipal Improvements shall be fully completed to the reasonable satisfaction and approval of the City by the target date, which will be set for each Phase of the Development, subject to unavoidable delays. “Unavoidable delays” means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fires or other casualty to the Developer Installed Municipal Improvements, litigation commenced by third parties which by injunction or other similar judicial action that directly results in delays, or acts of any Federal, State or local government unit that results in delays, or any unforeseen circumstances beyond the Developer’s reasonable control.

11. **Notice to Proceed.** The Developer agrees not to commence any grading, utility or street work within the Development until first receiving a written “Notice to Proceed” from the City Engineer.

12. **Warranty of Improvements.** The Developer represents and warrants that all the Developer Installed Municipal Improvements made shall be guaranteed to be properly functioning as designed for a period of two years following acceptance by the City of the Developer Installed Municipal Improvements ("Warranty Period"). In the case of any material or labor that is supplied and that is reasonably rejected by the City as defective or unsuitable, then the rejected materials shall be removed and replaced with approved material, and the rejected labor shall be done anew to the reasonable satisfaction and approval of the City at the sole cost and expense of the Developer. In any event, none of the Warranty Periods identified herein shall begin to run until all the Developer Installed Municipal Improvements have been approved and accepted by the City. If the Developer does not proceed to correct or repair improvements under this section once notified by the City, it shall be considered an Event of Default under the Development Agreement. The Developer shall post a warranty bond to guarantee completion of warranty items.

13. **Financial Guarantee.** The Developer shall provide a financial guarantee to the City, in the form of a cash escrow or irrevocable letter of credit in the amount equal to one hundred twenty five percent (125%) of the estimated amount of the required Developer Installed Municipal Improvements to be completed in the Phase(s) of the Development. The form of such financial guarantee shall be at the option of the Developer subject to the City's approval of the documentation evidencing the guarantee. Any letter of credit shall be from a FDIC insured financial institution approved by the City. The City's Engineer shall calculate the estimated cost of completion of the Developer Installed Municipal Improvements for each Phase of the Development. One hundred twenty five percent of that amount will be required as a financial guarantee. Except as hereinafter provided, the City shall have the right to retain the financial guarantee until the Developer Installed Municipal Improvements have been completed to the satisfaction of the City. The Developer has a right to request reduction of the escrow, or letter of credit amount as work on the Developer Installed Municipal Improvements progresses. Specifically, the Developer shall send a written request to the City's Community Development Director for a specific reduction in the amount of the escrow, or letter of credit. City staff shall review that request and make a recommendation to the City Council as to whether the escrow, or letter of credit should be reduced and if so, to what amount. The City Council shall then decide whether to reduce the escrow, or letter of credit. The City, however, will not reduce the escrow, or letter of credit, below 20% of the estimated cost of the Developer Installed

Municipal Improvements until after submittal of record plan documents as required by paragraph 23, or below 10% of the total construction cost of the Developer Installed Municipal Improvements until two years following acceptance of the Developer Installed Municipal Improvements. At that point, the escrow, or letter of credit shall be released or refunded, as applicable, if no warranty work remains to be done.

14. **Signs, Signals, & Markings.** All costs associated with markings and signs are to be borne by the Developer. Placement of signage, whether on a temporary basis for construction, or on a permanent basis as part of the Development, shall be as directed by the City Engineer.

15. **Lowest Floor Elevations.** No building shall be constructed on any of the Lots herein unless the lowest floor elevation is at least two feet above the 100-year flood elevation or two feet above the high groundwater elevation, whichever is greater, for the subject property. Additionally, the lowest floor elevation shall be specifically referenced and designated, for each Lot, on a certificate of survey, which survey shall be provided to the City before any building permits are issued. The developer shall provide written notice to buyers whose lots are located in the 100 year floodplain at the time a purchase agreement is executed.

16. **Park Fee.** The City has a policy to build up a capital account for future park acquisition and development by means of a park dedication fee. For each Phase the Developer agrees to pay the current park dedication fee based on the number of residential units. Park Fees for Final Plats approved shall be as per the City Fee Schedule. Park dedication fees for Phase one are to be determined, recognizing that some of the park dedication fees may be accepted in land dedication.

17. **Signal Light Fee.** For each Phase of the Development, the Developer shall contribute a signal light fee based on the number of residential units (Lots). Signal Light fees for shall be as per the City Fee Schedule. Fees are to be paid before any work on a Phase may begin. The fees current as of the date of this Agreement and applicable to Phase One are set forth in Exhibit B.

18. **Trunk Utility Charge.** For each Phase of the Development, the Developer shall pay a utility trunk charge based on the number of residential units (Lots) as per the City Fee Schedule. Fees are to be paid before any work on a Phase may begin. The fees current as of the date of this Agreement and applicable to Phase One are set

forth in Exhibit B.

19. **Agency Approval.** The Developer agrees to submit the utility plans, or any portions thereof, to all appropriate federal, state, county or local governing agencies or bodies for their written approval. This includes any permits or agreements for construction on/over the gas easement.

20. **Plat Conditions.** All general and special conditions, plans, special provisions, proposals, specifications and contracts for the Plat shall be and hereby are made apart of this Agreement by reference as if fully set out herein in full.

21. **Miscellaneous Provisions.** The Developer specifically understands that approval for Fairway Greens North is given subject to the following requirements:

a. The Final Plat must be submitted by the Developer to the City for signatures (and the Mylar "hard shells" must be fully executed) within 120 days of the Council approval of the Final Plat or said approval shall be null and void. The Developer will pay for all costs pertaining to Plat recording and submit to the County for recording. The Developer shall also submit the Final Plat and "as constructed street and utility plans" in electronic format. The electronic format shall be the most current version of AUTOCAD in NAD 83 Isanti County Coordinates for mapping purposes.

b. All applicable conditions of Plat approval must be met before any deeds are stamped for recording and prior to the recording of the Final Plat at the Isanti County Recorder's Office.

c. No building or other permits shall be issued until the Final Plat has been recorded with the Isanti County Recorder; all street signs have been erected by the Developer (as determined by the City); and curb, gutter and the bituminous base course has been placed. This provision specifically requires that the surface water drainage system must be completed and functioning to the satisfaction of the City.

d. Each Single-Family structure in future Phases shall meet the square footage requirements for the home and garage, and setback requirements per the Planned Unit Development and all applicable City Code and Ordinance requirements. The following setbacks shall apply:

Front setback: 30 feet
Side yard setback: 8 feet
Street side yard setback: 20 feet
Rear yard setback: 20 feet
Accessory structure setback: 5 feet

e. The Developer shall pay all fees relating to this subdivision, including the cost of recording documents relating to Developer's responsibilities hereunder with Isanti County.

f. Exterior lighting or advertising activities on the site shall comply with City ordinance regarding same.

g. Drainage and erosion control methods for this development shall be completed prior to the City accepting the roadways or the Developer Installed Municipal Improvements. All work shall be inspected by the City to ensure that it complies with City standards. The Developer is responsible for complying with the provisions of the MPCA's NPDES Stormwater Permit. Where the MPCA and City requirements differ, the more stringent or restrictive requirement shall govern.

h. The Developer shall permit access to the land herein for periodic inspection to assure conformance with the conditions herein.

i. The Developer shall remove all temporary soil stabilization and erosion control devices, such as silt fencing, before the escrow held by the City is returned to the Developer.

j. No material deviations from the approved Final Plat and or construction plans shall be allowed unless approved in writing by the City.

k. The Developer shall provide the City with legal descriptions of all parcels of land that are to be subdivided as a part of this project.

l. A certificate of survey shall be provided by the builder to the Building Inspector for each Lot at the time a building permit is requested for that Lot. The Developer shall also provide to the City a certificate indicating that all Lots in the Development are graded as per the grading plan submitted.

m. The Developer shall provide on-site a sufficient number of portable outhouses to be available for the persons who will be working on-site.

n. During the installation of the Developer Installed Municipal Improvements, Developer shall remove all tree waste; junk, miscellaneous debris, junk vehicles, and any other personal property from land still owned by Developer pursuant to the City Code and shall seal wells as directed by the State of Minnesota.

o. The Developer is responsible for the installation of mailboxes according to the United Stated Postal Service regulations. The Developer shall work with the local Postmaster to identify mailbox locations. The mailboxes must be installed before a Certificate of Occupancy is issued.

p. The bituminous wear-course shall not be placed until the following construction season from when the sanitary sewer and watermain were installed unless approved by the City Engineer.

22. **Special Provisions.** The following shall apply:

a. **Planned Unit Development** - The Development is approved by the City as a Planned Unit Development, in which the conditions of such approval, authorized in City Council Resolution 2021-021, shall apply.

b. **Liquidated Damages.**

i. Developer Installed Municipal Improvements within the Plat are certified as being substantially completed by the City. Specifically, the Developer agrees to immediately pay to the City liquidated damages in the amount of $1000.00 for each such closing that occurs in violation of this paragraph. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to in paragraph 13 as security for payment of any liquidated damages owed to the City. The City reserves the right to not issue a Certificate of Occupancy in addition to liquidated damages until all Developer Installed Municipal Improvements are certified as being substantially complete.

ii. The Developer agrees to pay liquidated damages to the City in the amount of $500.00 if the Developer encroaches upon any City Road right-of-way or utility easement without first obtaining a written permit from the City expressly authorizing said encroachment. The City shall be authorized to retain an appropriate percentage of the financial guarantee referred to above as security for payment of any liquidated damages owed to the City. Liquidated damages for encroachment are not an exclusive remedy and do not preclude the City from objecting to the encroachment, demanding removal of the encroachment, or initiating legal action to remove the encroachment. In the event

c. **Sodding and Seeding Requirements.** All boulevards, public areas, and storm water drainage areas shall be initially seeded and stabilized at completion of mass grading operation by the developer. Prior to issuance of a certificate of occupancy of a single-family residence.

23. **Record Information Requirements.** Following completion of all development activities for each Phase, the Developer shall provide to the City "as-built" plans for all Developer Installed Municipal Improvements and land within the Plat. This information shall be provided to the City by two printed copies, one mylar "hardshell" and one in an electronic GIS file format acceptable to the City Engineer. Such record drawings shall be submitted by the Developer and approved by the City Engineer, prior to the City accepting the Developer Installed Municipal Improvements and starting the warranty period. As-built information shall include:

    a. Topography in two-foot contour intervals.

    b. Water System facility information, including:

        i. Location, size and depth of all mains and services;

        ii. Location and type of all valves and,

        iii. Location of all hydrants.

    c. Sanitary sewer facilities information, including:

        i. Location, size and depth of all mains and services;

ii. Location and invert elevations of all manholes; and,

iii. Location, size and depth of all lift stations.

d. Storm sewer facilities information, including:

i. Location, size and depth of all storm sewers;

ii. Location and invert elevations of all manholes; and,

iii. Location, type and outflow elevations of all storm water control structures.

e. Flood plain boundaries.

f. Ordinary high-water elevation for all water bodies.

g. Location of all easements.

h. Location of all road rights-of-way.

i. Location of all streets, sidewalks and trails.

j. Location and description of all surveying monuments.

k. The Developer shall also provide such other information regarding the Plat as is reasonably requested by the City.

24. **Warranty of Title.** The Developer warrants and represents to the City that it is the fee owner of the land described in the Plat and that it has authority to execute this Agreement and agree to the conditions hereof.

25. **Lien Waivers.** Copies of signed and recorded lien waivers are required from each of the Developer's Contractors and Subcontractors. The Lien Waivers shall be submitted to and approved by the City Engineer prior to accepting the Developer Installed Municipal Improvements and starting the warranty period.

26. **Binding Effect.** This Agreement shall be deemed to be a restrictive covenant and the terms and conditions hereof shall run with the land described herein and be binding on and inure to the benefit of the heirs, representatives and assigns of the parties hereto, and shall be binding upon all future owners of all or any part of the subdivision, and

shall be deemed covenants running with the land. Reference herein to the Developers, if there be more than one, shall mean each and all of them. This Agreement shall be placed of record to give notice hereof to subsequent purchasers and successor owners. The cost of said recording shall be borne by the Developer.

27. **Restrictions on Transfer/Indemnification.**

    a. **Indemnification.** The Developer agrees to defend and hold the City, and its officials, employees and agents, harmless against any and all claims, demands, lawsuits, judgments, damages, penalties, costs and expenses, including reasonable attorney's fees, arising out of actions or omissions by the Developer, its employees and agents, in connection with the Development.

    b. **Enforcement by City; Damages.** The Developer acknowledges the right of the City to enforce the terms of the Development Agreement against the Developer, by action for specific performance or damages, or both, and by any other legally authorized means. The Developer also acknowledges that its failure to perform any or all of its obligations under the Development Agreement may result in substantial damages to the City; that in the event of default by the Developer, the City may commence legal action to recover all damages, losses and expenses sustained by the City; and that such expenses may include, but are not limited to, the reasonable fees of legal counsel employed with respect to the enforcement of the Development Agreement.

28. **Hold Harmless Agreement.** The Developer acknowledges that its failure to control erosion in accordance with the plans and exhibits as contained herein may cause flooding and/or damage to adjoining property owners. In such event, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties or the Developer for damages arising out of such flooding and/or damages. Further, in the event the City undertakes any corrective actions to prevent or minimize any such flooding and/or damage, the Developer agrees to hold the City harmless and indemnify the City from claims of all third parties for damages arising out of said corrective action by the City, and agrees to reimburse the City for all out of pocket expenses incurred by the City arising out of the corrective action including, but not limited to, any cost necessary to re-landscape disrupted soils located within the Development.

29. **Insurance.** The Developer will provide and maintain or cause to be maintained at all times during the process of construction of the Developer Installed Municipal Improvements until six months after acceptance of all Developer Installed Municipal Improvements and, from time to time at the request of the City, furnish with proof of payment of premiums on:

    a. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury, including death, and property damage (to include, but not be limited to damages caused by erosion or flooding) which may arise out of the Developer's work or work of any of its subcontractors. Limits for bodily injury or death shall not be less than $500,000.00 for one person and $1,000,000.00 for each occurrence; limits for property damage shall not be less than $200,000.00 for each occurrence. The City, City Engineer, and Developer's Engineer shall be additional named insureds on said policy. The Developer shall file a copy of the insurance coverage with the City.

    b. Worker's compensation insurance as required by statute.

30. **Events of Default.**

    a. **Events of Default Defined.** The following shall be "Events of Default" under the Development Agreement and the term "Event of Default" shall mean, whenever it is used in the Development Agreement, any one or more of the following events:

        i. Subject to unavoidable delays, failure by the Developer to commence and complete construction of the Developer Installed Municipal Improvements pursuant to the terms, conditions and limitations of the Development Agreement. For purposes of this Agreement, "unavoidable delays" means delays which are the direct result of acts of God, unforeseen adverse weather conditions, strikes, other labor troubles, fire or other casualty to the Municipal Improvements, litigation commenced by third parties which, by injunction or other similar judicial action, directly results in delays, or acts of any federal, state or local governmental unit, and which directly results in delays.

ii. Failure by the Developer to observe or perform any covenant, condition, obligation or agreement on its part to be observed or performed under the Development Agreement.

b. **Remedies on Default.** Whenever any Event of Default occurs, the City may undertake any one or more of the following:

i. The City may suspend its performance under the Development Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer will cure its default and continue its performance under the Development Agreement. Suspension of performance includes the right of the City to withhold permits including, but not limited to, building permits.

ii. The City may initiate such action, including legal, equitable or administrative action, as is necessary for the City to secure performance of any provision of the Development Agreement or recover any amounts due under the Development Agreement from the Developer, or immediately draw on the financial guarantees provided by the Developer pursuant to the Development Agreement.

iii. The City may draw upon any escrow or financial guarantee established pursuant to this Agreement.

iv. The Developer agrees that if the escrow or financial guarantee is insufficient or terminates, the City has the right to use the special assessment process under Minnesota Statutes chapter 429 to construct and pay for uncompleted Developer Installed Municipal Improvements or to correct and repair any improvements under warranty. This constitutes a petition to undertake such public improvements under Minnesota Statutes chapter 429, and waiver of any all rights to notices, hearings and appeal under said chapter.

31. **Notice and Demands.** A notice, demand or other communication under this Agreement by either party to the other shall be sufficiently given or delivered if it is dispatched by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; to the addresses as follows:

a. Developer: HomePride Inc
3495 Northdale Blvd Suite 200
Coon Rapids MN 55011

b. City: City of Isanti
City Administrator
P.O. Box 428
Isanti, MN 55040

Either party may designate an additional or another address upon giving notice to the other party pursuant to this paragraph.

32. **Disclaimer of Relationship.** Nothing contained in this Agreement or any Development Agreement nor any act by the City or the Developer shall be deemed or construed by any person to create any relationship of a third-party beneficiary, principal and agent, limited or general partner, or joint venture among the City, the Developer, and/or any third party.

33. **Receipt Acknowledgment.** The City shall acknowledge receipt of the funds received at the time the Development Agreement is signed.

34. **Other Provisions.**

a. **Modifications.** The Development Agreement may be modified solely through written amendments hereto executed by the Developer and the City.

b. **Counterparts.** The Development Agreement may be executed in any number of counterparts, each one of which shall constitute one and the same instrument.

c. **Judicial Interpretation.** Should any provision of the Development Agreement require judicial interpretation, the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself of through its agent or attorney prepared the same, it being agreed that the agents and attorneys of both parties have participated in the preparation thereof.

d. **Governing Law.** The Development Agreement shall be construed under the laws of the State of Minnesota.

e. **Severable Provisions.** If any word, phrase, clause or part of this Agreement is found unenforceable, the balance of the Agreement shall remain in full force and effect.

The Remainder of this page is left intentionally blank.

IN WITNESS WHEREOF, the City and Developer have caused this Agreement to be duly executed on the day and year first above written.

CITY OF ISANTI

RESOLUTION 2022-XXX

APPROVING THE HIRE OF PART-TIME POLICE SECRETARY MARY HEISS

WHEREAS, the City Council of the City of Isanti is required to approve all new employees; and,

WHEREAS, the staff was directed to advertise and accept applications to fill a Part-Time Police Secretary position; and,

WHEREAS, Mary Heiss was selected as the most qualified candidate for the open Part-Time Police Secretary position. The offer is contingent on successfully passing a background check and reference check. If any of the mentioned contingencies are not met, the offer can and will be rescinded;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. Mary Heiss has been selected for the Part-Time Police Secretary position.
2. Mary Heiss shall be eligible to start in the position on or after April 20, 2022.
3. That Mary Heiss shall start at Step 2 of the Wage Scale at $23.0958 per hour.
4. This position is part time and not eligible for benefits.
5. That Human Resources is directed to complete all required documentation for the completion of the employment offer and forward an executed copy of this resolution to the employee and place a copy in the employee's personnel file for future reference.

This Resolution is hereby approved by the Isanti City Council this 3rd day of May 2022.

RESOLUTION 2022-XXX

APPROVING A TEMPORARY ON-SALE LIQUOR LICENSE TO ISANTI FIREFIGHTER'S RODEO ASSOCIATION FOR THE 46th ANNUAL ISANTI FIREFIGHTER'S RODEO

WHEREAS, the City has received a Temporary On-Sale Liquor License application from the Isanti Firefighter's Rodeo Association for the 2021 Rodeo event; and,

WHEREAS, the applicant has paid the $50 Temporary Liquor License application fee as established by City Code Chapter 160; and,

WHEREAS, the Police Department has reviewed the application and made a recommendation for approval of the application subject to certain conditions.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. That the Isanti Firefighter's Rodeo Association Temporary On-Sale Liquor License for the Rodeo event scheduled for July 8th through July 10th, 2022 is approved subject to the following conditions:

    a) A Certificate of Liquor Liability Insurance for the event is received by the City prior to the event date.

    b) That the procedures as outlined in Resolution 99-32 shall be met.

This Resolution is hereby approved by the Isanti City Council this 3rd day of May 2022.

RESOLUTION 2022-XXX

AUTHORIZING CLOSING OF FUND 444

WHEREAS, the City Council of Isanti finds that it is important to review financing to eliminate deficits in certain funds and close funds with no recent activity or for projects that are materially complete; and

WHEREAS, the City Council of Isanti finds that it is in the best interest of the community to close Construction Fund 444 – Cajima / Hwy 65 Intersection to Fund 425 – Street Construction Fund; and

WHEREAS, Fund 444 had been created to track expenses and revenues related to the 2018 R-Cut Project at Cajima Street and State Highway 65;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Isanti, Minnesota, to:

1. Close Construction Fund 444 – Cajima / Hwy 65 Intersection to Fund 425 – Street Construction Fund.

APPROVE AMENDMENT TO THE 2022 BUDGET FOR

CITY HALL CUBICLE ELECTRICAL

WHEREAS, the 2022 Capital Improvement Fund (Fund 920) budgeted two cubicles for City Hall in the amount of $15,066.00; and,

WHEREAS, the amount budgeted was not enough to include electrical and data for the new cubicles due to higher than anticipated materials for the cubicles; and,

WHEREAS, the cost for the cubicles through Henricksen is $14,608.32 and electrical and data through Isanti Electric is $2,500.00; and,

WHEREAS, staff recommends performing the work to have fully functional cubicles; and,

WHEREAS, staff is authorized to make the increase in expenditure in Capital Improvement Fund (Fund 920) in the amount of $2,042.32;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the following:

1. Authorize the City Administrator to sign all necessary documentation.
2. Authorize the Finance Director to make the necessary budget adjustment.

This Resolution is hereby approved by the Isanti City Council this 3rd day of May, 2022.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: May 3, 2022
Subject: Consider Resolution Authorizing Isanti Fire District to Perform an Open Burn

---

Background:
Annually public works will remove weeds and dead plant material from the rain garden located at the Rum River BMX (RRBMX) Facility. An open burn would rejuvenate the plantings that exist and at the same time control the weeds that are there. Staff reached out to Isanti Fire District and the President of the RRBMX Facility to see if there was the possibility of doing an open burn. The Isanti Fire District (IFD) agrees to perform the open burn and the RRBMX Association requests that an open burn be done at a time not to interfere with any of their upcoming events. This open burn will be of no cost to the City of Isanti.

The IFD also requests that at the same time an open burn be performed of the creek area within the rodeo grounds. The IFD agrees to notify all abutting property owners of the open burn and would stay within the boundary of the rodeo grounds. IFD would be responsible for obtaining all permits associated with an open burn within the City of Isanti.

Recommendation:
To authorize the Isanti Fire District to perform an open burn of the rain garden at the RRBMX Facility and the creek area within the rodeo grounds boundary area.

Request:
Staff is requesting action on this item.

- Resolution 2022 - XXX Authorizing Isanti Fire District to Perform an Open Burn

RESOLUTION 2022-XXX

AUTHORIZING ISANTI FIRE DISTRICT TO PERFORM AN OPEN BURN

WHEREAS, annually public works will remove weeds and dead plant material from the rain garden located at the Rum River BMX Facility; and,

WHEREAS, a controlled open burn would rejuvenate the plantings and help control the weeds; and,

WHEREAS, the President of the Rum River BMX was notified and requests that the burn be at a time not to interfere with any of their upcoming events, and;

WHEREAS, the Isanti Fire District (IFD) will perform the open burn; and,

WHEREAS, the IFD requests that a controlled burn also be performed of the creek area within the boundary of the rodeo grounds; and,

WHEREAS, the IFD would be responsible for notifying abutting property owners and obtaining all permits associated with an open burn within the City of Isanti;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to authorize an open burn to occur at the rain garden located at the Rum River BMX Facility and the creek area located within the boundary of the rodeo grounds. The Isanti Fire District will perform the controlled burn, notify abutting property owners and obtain all permits associated with an open burn with the City of Isanti.

This resolution was duly adopted by the Isanti City Council this 3rd day of May 2022.

AUTHORIZING A REDUCTION IN THE LETTER OF CREDIT FOR FAIRWAY GREENS NORTH PHASE I

WHEREAS, Josh Savageau, the developer, has submitted a written request for a reduction in the letter of credit for Fairway Greens North; and,

WHEREAS, the requested reduction is for completed portions of the development; and,

WHEREAS, the Community Development Director and City Engineer have reviewed the requests and recommended approval to reduce the LOC by $287,790.57;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the requested reduction in the letter of credit be hereby **APPROVED** as requested, **BE IT FURTHER RESOLVED** that the City Council of the City of Isanti authorizes City Staff to execute said reduction.

This Resolution was duly adopted by Isanti City Council this 3rd day of May 2022.

MEMORANDUM

Date: April 27, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North –Letter of Credit Adjustment 3
City of Isanti, MN
Project No.: 0R1.125451

The Developer of the Fairway Greens North subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is a different process than we have used in the past.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 20% of the requested amounts of non-permanent items is held to ensure the temporary items are removed at the end of the project, and 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached is the invoice from the contractor for unpaid work to date in the amount of $302,937.44.

The materials have been found to be in compliance with city standards and all tests have passed to date.

Following city standard retainage practices, we recommend releasing 95% of the items submitted in the amount of $287,790.57.

We recommend approving the reduction of the Letter of Credit in the amount of **$287,790.57** for materials incorporated into the project. This would hold $15,146.87 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

RESOLUTION 2022-XXX

AUTHORIZING THE PURCHASE OF A SNOW PLOW TRUCK

WHEREAS, Public Works is in need of replacing a snow plow truck and equipment; and

WHEREAS, the Capital Improvement Plan has $218,565.00 available for the purchase, and

WHEREAS, staff received state contract pricing from Nuss Truck and Equipment for the chassis in the amount of $115,489.64; and

WHEREAS, staff will be bringing an equipment package quote at a later date, and;

WHEREAS, the funding source identified as 920-43100-500;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA to accept the quote from Nuss Truck Equipment in the amount of $115,489.64, to allow the City administrator to sign the required documentation and allow the Finance Director to make the necessary budget adjustments based on actual final costs with the funding source identified 920-43100-500.

This resolution was duly adopted by the Isanti City Council the 3rd day of May 2022.

Memo for City Council

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: May 3, 2022
Subject: Resolution Approval of Street Lighting In-fill for 2022

Background:
The Capital Improvement Plan (CIP) has $10,300.00 for street lighting in-fill for 2022. In 2022 additional lighting would be placed at the intersection of Candy Ave SE and Broadway St SE, 200' north of the intersection of 1st Ave and Unity, 300' east of the intersection of 3rd Ave and Isanti Parkway. The additional street lighting would be consistent with what is currently on the same street or development to maintain uniformity. Staff reached out to Connexus Energy and received a quote for $11.717.00 for the additional street lights. The Finance Director would make the necessary budget adjustments based on actual final costs.

Request:
Staff is requesting action on to move forward with the street lighting in-fill as provided.

Attachments:
- Resolution 2022-XXX Approval of Street Lighting In-fill for 2022

RESOLUTION 2022-XXX

APPROVAL OF STREET LIGHTING IN-FILL FOR 2022

WHEREAS, the Capital Improvement Plan has $10,300.00 for street lighting in-fill in 2022; and,

WHEREAS, the street lights to be added in 2022 is one at the intersection of Candy Ave SE and Broadway St SE, one 200' north of the intersection of Unity Blvd and 1st Ave, one 300' east of the intersection of 3rd Ave NW and Isanti Parkway NW Whisky Road and South Passage SW and one Heritage Blvd East of Whiskey Road; and,

WHEREAS, the additional street lighting would be consistent with what is on the same street or development to maintain uniformity; and,

WHEREAS, staff reached out to Connexus Energy and received a quote for $11,717.00 for the lighting in-fill; and,

WHEREAS, the funding source is identified as street lighting 920-43160-500;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve the Street Lighting In-fill for 2022 as presented with a total of 3 street lights to be added, to allow Connexus Energy to install the street lights for $11,717.00 with the funding source identified as street lighting 920-43160-500, and to allow the Finance Director to make the necessary budget adjustments based on actual final costs.

This resolution was duly adopted by the Isanti City Council this 3rd day of May, 2022.

VFW "Buddy" ® Poppy

A PROCLAMATION

WHEREAS: The annual distribution of Buddy Poppies by the Veterans of Foreign Wars of the United States has been officially recognized and endorsed by governmental leaders since 1922; and,

WHEREAS: VFW Buddy Poppies are assembled by disabled veterans and the proceeds of this worthy fundraising campaign are used exclusively for the benefit of disabled and needy veterans and the widows and orphans of deceased veterans; and,

WHEREAS: The basic purpose of the annual distribution of Buddy Poppies by the Veterans of Foreign Wars is eloquently reflected in the desire to "Honor the Dead by Helping the Living," therefore;

I, Jeff Johnson, Mayor of the city of Isanti do hereby urge the citizens of this community to recognize the merits of this cause by contributing generously to its support through your donations for Buddy Poppies on the day set aside for the distribution of these symbols of appreciation for the sacrifices of our honored dead.

I urge all patriotic citizens to wear a Buddy Poppy as mute evidence of our gratitude to the men and women of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens.

None

K. Business Items
<u>City Administrator Josi Wood</u>
1. **Resolution 2022-087** Approving an Agreement Between the City of Isanti and Petersons Promotions for Community Bulletin Board at Isanti Liquor Store

City Administrator Josi Wood shared that this is from Mr. Peterson who spoke at Committee of the Whole last month. Wood read a statement on Peterson's behalf because he was unable to attend. Wood continued to share that in discussions with Peterson this contract has been drafted to put an advertising board at Isanti Liquor. There would be a cork board area for public posting with the borders being paid advertisement. The item for discussion is how long to enter into a contract for.

A motion was made by Lundeen to approve with the conditions: an agreement of three years, Petersons Promotions will render $150.00 a year or 10% of the proceeds whichever is greater and City staff must approve all advertisements prior to being placed on the community board, the motion was seconded by Collison. Motion carried unanimously.

2. Consideration of Animal Control and Kennel Services Contract

City Administrator Josi Wood shared that at the April 5th City Council meeting there was discussion regarding the City's animal control and kennel services. The proposal was accepted by On-Line Retrievers and the action was for staff to enter into a contract for those services provided by On-Line Retrievers. However, there was one item that was missing that had been in their contract previously when they provided interim services for the City that staff felt more comfortable coming back to Council and assuring that Council knew and approved the language. Wood read the additional language aloud in regards to the costs the City could potentially incur if a dog owner is not identified, did not claim the dog or a replacement home could not be found.

Wood further shared if an instance like that occurred, the City would incur costs associated with the collection and kennel by the contractor as outlined in section C. with the exception of the reduced per day kennel fee of $20.00 per day instead of the standard $30.00 per day.

A motion was made by Lundeen to approve contract as presented, seconded by Collison. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

3. Resolution 2022-088 Approving the Minor Subdivision Plat for Halvorson Acres Located at PID 16.029.2300

Community Development Director Stephanie Hillesheim shared that at the April 19th Planning Commission meeting a presentation was given in regards to the Minor Subdivision Plat proposed for Halvorson Acres. The 16.8-acre vacant parcel is proposed to be split into three separate parcels with the objective of providing two sellable commercial lots near 6th Ave NE and a larger residential zoned lot to the east. The Planning Commission recommended approval.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion carried unanimously.

4. Resolution 2022-089 Approving the Development Agreement for Fairway Greens North Phase II

Community Development Director Stephanie Hillesheim shared that City Council approved the Final Plat of Fairway Greens North Phase II on March 1st consisting of 21 lots. The Developer has prepared and reviewed the Development Agreement to allow construction to begin.

A motion was made by Lundeen, seconded by Collison to approve resolution as presented. Motion carried unanimously.

L. Approve Consent Agenda

1. Payroll in the Amount of $117,757.61 and Accounts Payable in the Amount of $313,709.90
2. **Resolution 2022-090** Approving the Hire of Part-Time Police Secretary Mary Heiss
3. **Resolution 2022-091** Approving a Temporary On-Sale Liquor License to Isanti Firefighter's Rodeo Association for the 46th Annual Isanti Firefighter's Rodeo
4. **Resolution 2022-092** Authorizing Closing of Fund 444
5. **Resolution 2022-093** Approve Amendment to the 2022 Budget for City Hall Cubical Electrical
6. **Resolution 2022-094** Approving Sale of Forfeited Vehicles at Public Auction
7. **Resolution 2022-095** Accepting Resignation for Part-Time Liquor Store Clerk II Janet Booth
8. **Resolution 2022-096** Authorizing Isanti Fire District to Perform an Open Burn
9. **Resolution 2022-097** Rescinding Resolution 2022-086 Authorizing a Reduction in the Letter of Credit For Fairway Greens North
10. **Resolution 2022-098** Authorizing a Reduction in the Letter of Credit For Fairway Greens North Phase I
11. **Resolution 2022-099** Authorizing the Purchase of a Snow Plow Truck
12. **Resolution 2022-100** Approval of Street Lighting Infill for 2022
13. **Resolution 2022-101** Accepting Donation of Custom Bench and Receptacle for Isanti Liquor Store

Councilmember Lundeen asked if the snow plow was a part of the budget.

City Administrator Wood confirmed yes, it was part of the CIP planning for 2022 but with the issue of obtaining vehicles the City will not get the truck likely until 2023.

Councilmember Gordon asked what was wrong with the truck that is being replaced.

CA Wood responded that it is the oldest truck that has been limping along for a number of years.

Lundeen stated that the bench and receptacle donation from Parkitect, a company affiliated with Metal Coatings, is very nice and a great donation.

CA Wood stated that it was a nice and unexpected gesture as the City had planned to purchase them.

Lundeen asked about the benches that the Lions were potentially going to donate for the amphitheater.

CA Wood stated that the policy revision was approved to be able to donate benches so that part is done. City staff will reach out to the Lions if they are still thinking about donating and report back to Committee of the Whole.

Gordon asked if the money was already spent on the cubicles.

CA Wood confirmed they had already been purchased as it was included in the CIP, but with the cost of things going up, the amounts are coming up short. There was not enough funds to fully fund the electrical for the cubicles. The reason for this is because the CIP amounts were plugged in a couple years ago and materials have continued to raise more than anticipated.

Mayor Johnson asked where the rain garden is.

CA Wood responded that there is a 1-acre rain garden on the east side Rum River BMX that was built when the building was built.

A motion was made by Lundeen, seconded by Collison to approve the consent agenda as presented. Motion carried unanimously.

M. Other Communications

City Administrator Josi Wood shared there needs to be a Planning Commission meeting to discuss the Rum River Villas which was the discussion at the last Planning Commission meeting which was postponed to a later date.

Wood continued to share that Community Development Director Hillesheim sent out a date potential for next Tuesday but the response is that quite a few people may not be able to attend.

Wood further shared that the meeting notice does need to get posted this week to keep that potential date. Wood asked if it would work better if the meeting was held before the next City Council meeting on May 17th as there is a very light Committee of the Whole agenda. The Committee of the Whole meeting would be at 5:00 p.m. and the Planning Commission meeting would start at 6:00 p.m.

Council agreed by unanimous consensus to hold the Special Planning Commission meeting on May 17th at 6:00 p.m.

Adjournment
A motion was made by Lundeen, seconded by Collison to adjourn. Motion carried unanimously.

Meeting adjourned at 7:30 p.m.
Respectfully Submitted,

Jaden Strand
City Clerk

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: May 17, 2022

Subject: ORD-XXX An Ordinance Amending Chapter 76; Alcoholic Beverages

---

Background:
At the April 19, 2022 Committee of the Whole meeting, Committee discussed the number of days a temporary 3.2 license shall be issued for. City Code specifies the number of days for a regular temporary on-sale liquor license but does not specify for a temporary 3.2 license.

Consensus from Committee was for staff to draft an ordinance amendment to reflect the license be consistent for the number of days of a regular on-sale temporary license but taking into account Illuminate Isanti because that event is for 8 days.

Staff has drafted an Ordinance to include the following language, "The City may not issue more than three four-day, four three-day, six two-day or one 12 -day temporary 3.2% malt liquor licenses (in any combination), not to exceed 12 days in any one location within a twelve-month period, to any one organization."

Request:
Staff is requesting action on this item.

AN ORDINANCE AMENDING ORDINANCE NO. 719, ADOPTED ON FEBRUARY 4, 2020, TITLED ALCOHOLIC BEVERAGES

THE CITY COUNCIL OF ISANTI DOES ORDAIN AS FOLLOWS:

Section 1 – Amendment. Ordinance No. 719 is hereby amended as follows:

Chapter 76

Alcoholic Beverages

§76-9 Kinds of Liquor Licenses

C. Temporary 3.2% malt liquor licenses which may be issued only to a club, charitable, religious, or nonprofit organization. The temporary license may authorize the sale of 3.2% malt liquor in any school or school building. The City may not issue more than three four-day, four three-day, six two-day or one 12 -day temporary 3.2% malt liquor licenses (in any combination), not to exceed 12 days in any one location within a twelve-month period, to any one organization.

Section 2 – Effective Date.

This ordinance shall take effect upon its passage and publication in the official City newspaper.

Adopted by the City Council this 17th day of May 2022.

Memo for Discussion

To: **Mayor Johnson and Members of the City Council**
From: Jaden Strand, City Clerk
Date: May 17, 2022
Subject: Consideration of An Agreement Between the City of Isanti and Petersons Promotions for Community Bulletin Board at Isanti Liquor Store

---

Background:
At the April 19, 2022 Committee of the Whole meeting, Committee recommended to move forward with Petersons Promotions providing a community bulletin board at Isanti Liquor. Further direction was for staff to work with Petersons Promotions to draft a contract and bring back to City Council for consideration.

At the May 3, 2022 City Council meeting, City Council approved the contract with the following conditions:

1. The agreement is effective for 3 years through May 3, 2025.
2. Peterson Promotions will render $150.00 per year or 10% of the proceeds whichever is greater to the City of Isanti.
3. City Staff must approve all advertisements prior to being placed on the community board.

In discussing the terms and conditions City Council outlined at the May 3, 2022 City Council meeting to be included in the contract, the owner of Petersons Promotions has requested to render a flat rate of $150.00 a year of the proceeds to the City of Isanti.

Request:
Staff is requesting direction on this item.

Action Required:
If the Council concurs with the language written in the contract, it should by motion, take the following actions:

1. Approve the contract between the City and Petersons Promotions as presented.

Attachment:

- Draft Contract with Petersons Promotions

AGREEMENT BETWEEN THE CITY OF ISANTI AND PETERSONS PROMOTIONS

This agreement is hereby entered into between the City of Isanti and Petersons Promotions for provision of providing community board services for the City of Isanti at Isanti Liquor. This agreement will be effective through May 3, 2025.

Through this agreement, Petersons Promotions agrees to provide and maintain the City of Isanti the community board at Isanti Liquor with no cost to the City.

The community board allows for approximately 10 businesses to advertise on the board with the advertisements to be approximately 10 inches by 12 inches in size.

The cork space available for community posting is 5 feet x 4 feet in size.

Petersons Promotions will render $150.00 a year of the proceeds to the City of Isanti.

City staff must approve all advertisements prior to being placed on the community board.

Either party (Petersons Promotions or City of Isanti), may terminate this agreement at any time for any reason upon thirty (30) days written notice.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: May 17, 2022
Subject: Resolution to Approve Special Event Permit for Rum River BMX 2022 State Qualifier

---

Background

Rum River BMX Association has submitted a special event permit application to host a three-day state qualifier event to be held at the Isanti Indoor Arena on June 10-12, 2022: Friday 4:00pm-10:00pm, Saturday 8:00am-5:00pm, and Sunday 8:00am-5:00pm.

No road closures are being requested, but additional parking will be needed for event. Rum River BMX will have paid parking and camping spaces available in the grass lot to the south of the arena per the parking agreement with the City of Isanti, as well as offer free parking in the designated spot in Bluebird Park and in non-Dog Park parking spots.

No additional outdoor audio system or live entertainment will be used, only the current PA at the track.

Six (6) additional restrooms will be brought in.

The complete application along with departmental review are attached.

Submitted with the Special Event Permit Application was a request for Equipment, including seven (7) barricades and twenty-five (25) "No Parking" signs.

Staff Request

City staff is requesting approval of the Rum River BMX 2022 State Qualifier Special Event Permit application and attachments.

Data Practices Advisory
Tennessen Warning – Special Event Permit

You are being asked to answer questions and provide information pursuant to the special event permit application process that is required by the City of Isanti, Minnesota city code. The purpose and intended use of the requested data is to verify that each applicant meets the requirements for state statues and city code provisions and, if the license or permit is approved, to verify that all required data remains current. The following data collected, created, or maintained is classified under the Minnesota Government Data Practices Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (other than names and designated addresses)
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action
3. Entire record concerning any disciplinary proceeding
4. License numbers
5. License status

The following data collected, created, or maintained is classified under the Act as private data (Minn. Stat. § 13.41, subd. 2):

1. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure
2. The nature or content of unsubstantiated complaints when the information is not maintained in anticipation of legal action
3. Inactive investigative data relating to violations of statutes or rules
4. Record of disciplinary proceedings, except as limited by the provisions above

The following data collected, created, or maintained is classified under the Act as confidential data ((Minn. Stat. § 13.41, subd. 4) :

1. Active investigative data relating to complaints against any license.

Under law, private data may be shared with licensing and inspection employees, approval authorities, insurance providers, law enforcement employees, contracted inspection officials, city officials who have a bona fide need for it, or as required by court order. The City of Isanti may make any data classified as private or confidential accessible to an appropriate person or agency if the licensing agency determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety.

We ask that you complete or provide all data requested on the application form(s) unless we have noted that it is not required. Refusal to supply required information may mean that your application cannot be processed.

-EVENT SPONSOR-
RELEASE AND INDEMNIFICATION AGREEMENT

City of Isanti

THIS IS A RELEASE OF LIABILITY INDEMNIFICATION AGREEMENT. SPECIAL EVENTS HOLDER MUST READ CAREFULLY BEFORE SIGNING.

In consideration for being permitted to engage in the following special event activities on property owned by the City of Isanti:
2022 Rum River Bmx State Qualifier.

Special Events Holder hereby acknowledges, represents, and agrees as follows:

A. We understand that the above described activities are or may be dangerous and do or may involve risks of injury, loss, or damage to us and/or third parties. We further acknowledge that such risks may include but not be limited to bodily injury, personal injury, sickness, disease, death, and property loss or damage, arising from the following circumstances, among others:

(Special Events Holder Initials Here) JB

B. If required by this paragraph, we agree to require each participant to our special event to execute a **RELEASE AND INDEMNIFICATION AGREEMENT** for ourselves and for the City of Isanti, on a form approved by the City of Isanti.

Participant Release and Indemnification required? YES ☑ NO ☐

(Special Events Holder Initials Here) JB

C. We agree to procure, keep in force, and pay for special event insurance coverage, from an insurer acceptable to the City of Isanti, for the duration of the above described activities.

(Special Events Holder Initials Here) JB

D. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby expressly assume all such risks of injury, loss, or damage to us or any related third party, arising out of or in any way related to the above described activities,

whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

E. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we further hereby exempt, release and discharge the City of Isanti, its officers, and its employees from any and all claims, demands, and actions for such injury, loss or damage to us or to any third party, arising out of or in any way related to the above described activities, whether or not caused by the act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

F. We further agree to defend, indemnify and hold harmless the City of Isanti, its officers, employees, insurers, and self insurance pool, from and against all liability, claims, and demands, court costs and attorney fees, including those arising from any third party claim asserted against the City of Isanti, its officers, employees, insurers or self insurance pool, on account of injury, loss or damage, including without limitation claims arising from bodily injury, personal injury, sickness, disease, death, property damage or loss, or any other loss of any kind whatsoever, which arise out of or are in any way related to the above described activities, whether or not caused by our act, omission, negligence, or other fault of the City of Isanti, its officers, its employees, or by any other cause.

(Special Event Holder Initials Here) JB

G. By signing this **RELEASE AND INDEMNIFICATION AGREEMENT,** we hereby acknowledge and agree that said Agreement extends to all acts omissions, negligence, or other fault of the City of Isanti, its officers, and/or its employees, and that said Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Minnesota. If any portion thereof is held invalid, it is further agreed that the balance shall, notwithstanding, continue in full legal force and effect.

RESOLUTION 2022-XXX

APPROVING APPLICATION FOR A LOCAL GAMBLING PERMIT FOR ST. ELIZABETH ANN SETON CHURCH

WHEREAS, the City has received an application for exempt gambling permit from St. Elizabeth Ann Seton to hold an event on August 14, 2022 at 207 Co Rd 23 NW, Isanti, MN; and,

WHEREAS, the applicant estimates the value of prizes to be awarded is more than $1,500.00 for the event and will require state approval; and,

WHEREAS, the City of Isanti has no objection to the conduct of lawful gambling by the applicant, in accordance with law, at the designated location; and,

WHEREAS, the applicant, Donald Joseph Wagner, has successfully passed a background check by the Isanti Police Department;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the applications for an exempt gambling permit is approved for the following date: August 14, 2022 at Elizabeth Ann Seton Church;

This Resolution is hereby approved by the Isanti City Council this 17th day of May 2022.

Attest: _____ Mayor Jeff Johnson

_____
Jaden Strand

Memo for Council

To: **Mayor Johnson and Members of the City Council**
From: Josi Wood, City Administrator
Date: May 17, 2022
Subject: Resolution to Approve Agreement for Ongoing Document Imaging Support with Momentum ECM, LLC

Background:
The City entered into an agreement with Minokaw Technologies in 2019 for document imaging software provider support. Staff was recently contacted by them to inform us that they were purchased by Momentum ECM, LLC. Staff has met with Momentum and feels that they will provide adequate service and support that at least matches, if not exceeds, the previous support. They have skilled staff with over 20+ years of experience in Laserfiche technology and support. Momentum is honoring the majority of the terms that were set in our previous agreement with Minokaw.

Request:
Staff requests to terminate our agreement with Minokaw Techologies and enter into a new agreement with Momentum ECM, LLC.

RESOLUTION 2022-XXX

RESOLUTION APPROVING AGREEMENT FOR DOCUMENT IMAGING SUPPORT WITH MOMENTUM ECM, LLC

WHEREAS, the City entered into an agreement with Minokaw Technologies for the implementation of document imaging software, Laserfiche, and ongoing support in October, 2019; and,

WHEREAS, Minokaw Technologies was purchased by Momentum ECM, LLC; and,

WHEREAS, staff believes it is in the best interest of the City to continue ongoing Laserfiche service and support with Momentum ECM, LLC; and,

WHEREAS, a Service Agreement for one year to be reviewed annually for on-going document imaging support is herein attached as Exhibit A;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Terminate the agreement with Minokaw Technologies.
2. Authorize Staff to enter into a Service Agreement with Momentum ECM, LLC for one year and ongoing renewal at the term of the agreement if service exceeds satisfaction as determined by the City Administrator.
3. Continue on-going funding for document imaging cloud subscription as was approved in 2019.

This resolution was duly adopted by the Isanti City Council this 17th day of May, 2022.

Jaden Strand
City Clerk

EXHIBIT A

MASTER SERVICES AGREEMENT

REFERENCE: COIM-050422-MSA.DOC

This Master Service Agreement (referred to herein as the "MSA") is made between: Momentum ECM, LLC (Provider) and **City of Isanti Minnesota** (Client). In consideration of the mutual promises set forth herein, and intending to be legally binding, the parties hereto agree as follows:

ENGAGEMENT

Client hereby engages Provider to render the Laserfiche support and development services described in forthcoming proposals prepared by Provider, such as Project Estimates, Solution Quotes, Addendums, and LSAP Support Services (Proposals). Provider hereby accepts the engagement to provide services to Client on the terms and conditions set forth herein and as set forth in the Proposals by Provider. In the event of a conflict between the terms herein and the terms of any Proposal, including, but not limited to, the duration of any minimum term, renewal terms, termination rights, and early termination penalties, then the terms of the Proposal shall control, with respect to the services contemplated by such Proposal.

As a necessary condition to enable Provider to render services to the best of its abilities, during the term of this MSA and any renewal thereof, Client agrees that any service or repair made necessary by the installation or modification of software or equipment other than that authorized by Provider, including alterations, Laserfiche software installations, or other modifications directly made by Client's employees, or anyone other than Provider, will be billed at the standard Momentum labor rate. Momentum standard business hours are Monday through Friday 8:00AM – 5:00PM EST. Momentum standard hourly rate as of this agreement is $185.

TERM

This MSA will commence on the date signed by both parties, and unless modified by mutual written agreement of the parties, shall continue for twelve (12) months. The MSA and subsequent Proposals will automatically renew for an equal term on each successive anniversary date (each a "Renewal Term") unless a 90-day written notice is provided to Provider prior to the anniversary date. This MSA and subsequent Proposals may be terminated by Provider upon written notice by Provider to Client if Client fails to make payment when due or by either party if the other party materially breaches or defaults in the performance of any other covenants, terms, or conditions of the MSA or subsequent Proposals. If either Party (a) commits a material breach or material default in the performance or observance of any of its obligations under this MSA or subsequent Proposals, and (b) such breach or default continues for a period of 60 days after certified mail delivery notice by the other Party reasonably detailing such breach or default, then (c) the non-breaching or non-defaulting Party shall have the right to terminate this MSA, upon 60 day notice, by giving written notice to the breaching or defaulting party. Client agrees to remit payment in full all existing and remaining Proposal invoices upon cancellation of services, prior to assistance by Provider for password, network information, client Laserfiche data, or any other such information exchange.

COMPENSATION

In consideration of the services to be performed by Provider, Client agrees to pay Provider in the manner, and at the rates set forth in subsequent Proposals. Terms are net 30 days. Late payments will incur finance charges of 1.5% of the unpaid monthly charges every 30 days. Beyond 90 days collection procedures will begin and services will be interrupted. Client waives the right to dispute any invoice which Client has not disputed in writing within 14 days from receiving the invoice. Credit Card payments incur an additional 4% processing fee. Pricing may increase by up to 10% annually as result of software and support costs. Payments are preferred via ACH.

CONFIDENTIALITY

Provider recognizes that any information, records, and similar materials regarding Client are confidential in nature and are assets and property of Client and Provider will not disclose or use such confidential information learned by Provider during the period of this MSA, except subject to prior written authorization of Client.

LIABILITY

Damages claimed as to services rendered hereunder shall be limited to the trailing six months of LSAP revenue paid to Provider by Client, or $20,000, whichever is less. Backup services use communication lines that are beyond Provider's control. Though unlikely, data loss or corruption can occur. Backup services are Not provided by Provider. Client is strongly advised to use verification processes, no less than twice per month, to verify the integrity of stored data. Provider will be held harmless against loss of data where such loss is due to hardware, software, telecommunications failures, or backup and disaster recovery services provided by a 3rd party or Client themselves. Client will not hold Provider liable for any loss of data, production, or other business loss due to unexpected results in the execution of services. It is agreed that ultimately Client is responsible for maintaining reliable backup of all Client data.

RESOLUTION OF DISPUTES VIA ARBITRATION

The parties agree to the following dispute resolution provisions and expressly waive any right to civil or administrative proceedings on any claim within the scope of these provisions. It is expressly intended that the entire relations of the parties be within the scope of this provision. The parties agree to attempt in good faith to resolve all disputes ("Dispute") arising out of this MSA and Proposals after written notice of the nature of the dispute is given. The parties may elect to submit any dispute to non-binding mediation. Any unresolved Dispute shall be determined by common law arbitration in Cumberland County, Pennsylvania, applying Pennsylvania law without regard to choice of law provisions thereunder, and judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction. The parties agree upon one neutral arbitrator with no relationship to either party to settle every Dispute. However, if the parties are unable to agree on an arbitrator within fifteen (15) days after a written request for arbitration, either party may petition for the appointment of an arbitrator by the Court of Common Pleas of Cumberland County, Pennsylvania. The decision of the arbitrator shall be final and not subject to review by any court except on the grounds stated in the applicable arbitration statute. The arbitrator shall be without authority to award punitive damages. Each party shall bear their own expenses in arbitration and shall divide equally any advance costs of arbitration. However, the arbitrator may award reimbursement of all costs borne by the prevailing party, including but not limited to arbitration costs, reasonable attorney's fees, and reasonable expert witness fees.

RECRUITING RESTRICTIONS

Client acknowledges and agrees that Provider incurs substantial recruiting, screening, administrative, and training expenses on behalf of its employees, and subcontractors in order to provide its clients with consultants, engineers, and technicians with a high degree of skill and expertise. As a result, Client agrees that it will not, directly, indirectly, on its own behalf, or as a partner, member, stockholder, principal, agent, consultant, or in any other capacity, or for or on behalf of, or in aid of any other person or entity, without the prior written consent of Provider, during the Term and for two (2) years following after the termination of this MSA (the "Non-Recruitment Period") hire any employee, sales representative or consultant of Provider made known to Client as a result of this MSA hereunder, or solicit, cause or induce any employee, sales representative or consultant of Provider made known to Client as a result of this MSA hereunder, to terminate their relationship or employment with Provider.

INDEMNIFICATION

Each party shall defend, indemnify and hold the other party, their respective owners, directors, officers, agents and employees harmless, from and against any third party claims, demands, damages, losses, expenses (including reasonable attorney fees and reasonable and necessary expenses actually incurred but excluding the cost of experts)("Losses") relating to bodily injury or death, or related to any damage to real and/or tangible personal property in connection with this Agreement, except to the extent caused by the negligent acts or omissions of the other party. An indemnified party shall: (i) promptly notify the indemnifying party of any third-party claims subject to indemnification hereunder, (ii) give the indemnifying party the right to control and direct the preparation of a defense, the defense and any settlement of any such claim, and (iii) give full cooperation to the indemnifying party for the defense of the same.

ASSIGNMENT

Provider may assign the rights, privileges or obligations conveyed under this MSA and subsequent Proposals. Client may not assign the rights, privileges, or obligations conveyed under this MSA and subsequent Proposals without first obtaining the written consent of Provider, which consent will not be unreasonably withheld, provided, that the party receiving assignment expressly assumes, in writing, the obligations of the Client.

MISCELLANEOUS PROVISIONS

These Terms and Conditions contains the entire understanding of the parties hereto relating to the subject matter hereof and supersedes all prior and collateral agreements, understandings, statements and negotiations of the parties. These Terms and Conditions may only be amended or modified by an instrument in writing signed by duly authorized representatives of both parties hereto.

AUTHORIZATION

The signer of this MSA, in addition to representing that his/her signature legally binds the Client and that all actions have been taken by the Client to duly grant this authority, does, by his/her execution, personally and individually undertake and assume the full performance hereof including payment of amounts due hereunder.

Isanti

Request for City Council Action- MEMO

To: **Mayor Johnson and Members of City Council**

From: Jaden Strand, City Clerk

Date: May 17, 2022

Subject: Resolution 2022-XXX Approving MnDOT Master Partnership Agreement

---

Background:
The current 2018-2022 Master Partnership Agreement (MPC) will be expiring on June 30, 2022. MPC' s are umbrella contracts which allow local agencies and MnDOT to exchange good and services. The MPC also allows MnDot, if requested and authorized by the local agency, to deliver small, routine services to local agencies. These services are listed in Exhibit A.

Request:
Staff is requesting action on this item.

Attachment:
- Resolution 2022-XXX Approving MnDOT Master Partnership Agreement
- MnDOT Master Partnership Agreement

RESOLUTION 2022-XXX

APPROVING MNDOT MASTER PARTNERSHIP AGREEMENT

WHEREAS, The Minnesota Department of Transportation wishes to cooperate closely with local units of government to coordinate the delivery of transportation services and maximize the efficient delivery of such services at all levels of government; and,

WHEREAS, MnDOT and local governments are authorized by Minnesota Statutes sections 471.59, 174.02, and 161.20, to undertake collaborative efforts for the design, construction, maintenance and operation of state and local roads; and,

WHEREAS, the parties wish to able to respond quickly and efficiently to such opportunities for collaboration, and have determined that having the ability to write "work orders" against a master contract would provide the greatest speed and flexibility in responding to identified needs;

NOW, THEREFORE, BE IT RESOLVED by the City Council that the City Engineer and City Administrator is authorized to negotiate work order contracts pursuant to the Master Contract, which work order contracts may provide for payment to or from MnDOT, and that the City Administrator may execute such work order contracts on behalf of the City of Isanti without further approval by this Council.

This Resolution was duly adopted by Isanti City Council this 17th day of May 2022.

_____

Attest: Mayor Jeff Johnson

_____

Jaden Strand
City Clerk

MnDOT Contract Number: 1050316

STATE OF MINNESOTA
MASTER PARTNERSHIP CONTRACT

This master contract is between the State of Minnesota, acting through its Commissioner of Transportation in this contract referred to as the "State" and the Isanti City, acting through its City Council, in this contract referred to as the "Other Party."

Recitals

1. The parties are authorized to enter into this contract pursuant to Minnesota Statutes, §§15.061, 471.59 and 174.02.
2. Minn. Stat. § 161.20, subd. 2, authorizes the Commissioner of Transportation to make arrangements with and cooperate with any governmental authority for the purposes of constructing, maintaining and improving the trunk highway system.
3. Each party to this contract is a "road authority" as defined by Minn. Stat. §160.02, subd. 25.
4. Minn. Stat. § 161.39, subd. 1, authorizes a road authority to perform work for another road authority. Such work may include providing technical and engineering advice, assistance and supervision, surveying, preparing plans for the construction or reconstruction of roadways, and performing roadway maintenance.
5. Minn. Stat. §174.02, subd. 6, authorizes the Commissioner of Transportation to enter into contracts with other governmental entities for research and experimentation; for sharing facilities, equipment, staff, data, or other means of providing transportation-related services; or for other cooperative programs that promote efficiencies in providing governmental services, or that further development of innovation in transportation for the benefit of the citizens of Minnesota.
6. Each party wishes to occasionally purchase services from the other party, which the parties agree will enhance the efficiency of delivering governmental services at all levels. This Master Partnership Contract (MPC) provides a framework for the efficient handling of such requests. This MPC contains terms generally governing the relationship between the parties. When specific services are requested, the parties will (unless otherwise specified) enter into a "Work Order" contracts.
7. After the execution of this MPC, the parties may (but are not required to) enter into "Work Order" contracts. These Work Orders will specify the work to be done, timelines for completion, and compensation to be paid for the specific work.
8. The parties are entering into this MPC to establish terms that will govern all of the Work Orders subsequently issued under the authority of this Contract.

Contract

1. Term of Master Partnership Contract; Use of Work Order Contracts; Survival of Terms

1.1. **Effective Date**: This contract will be effective on July 1st, 2022, or upon the date last signed by all State officials as required under Minn. Stat. § 16C.05, subd. 2, whichever occurs last. The Other Party must not begin work under this Contract until ALL required signatures have been obtained and the Other Party has been notified in writing to begin such work by the State's Authorized Representative.

1.2. **Expiration Date**. This Contract will expire on June 30, 2027.

1.3. **Exhibits**. Exhibit A is attached and incorporated into this agreement.

1.4. **Work Order Contracts**. A work order contract must be negotiated and executed (by both the State and the Other Party) for each particular engagement, except for Technical Services provided by the State to the Other Party as specified in Article 2. The work order contract must specify the detailed scope of work and deliverables for that project. A party must not begin work under a work order until the work order is fully

executed. The terms of this MPC will apply to all work orders contracts issued, unless specifically varied in the work order. The Other Party understands that this MPC is not a guarantee of any payments or work order assignments, and that payments will only be issued for work actually performed under fully-executed work orders.

1.5. **Survival of Terms**. The following clauses survive the expiration or cancellation of this master contract and all work order contracts: 12. Liability; 13. State Audits; 14. Government Data Practices and Intellectual Property; 17. Publicity; 18. Governing Law, Jurisdiction, and Venue; and 22. Data Disclosure. All terms of this MPC will survive with respect to any work order contract issued prior to the expiration date of the MPC.

1.6. **Sample Work Order**. A sample work order contract is available upon request from the State.

1.7. **Definition of "Providing Party" and "Requesting Party"**. For the purpose of assigning certain duties and obligations in the MPC to work order contracts, the following definitions will apply throughout the MPC. "Requesting Party" is defined as the party requesting the other party to perform work under a work order contract. "Providing Party" is defined as the party performing the scope of work under a work order contract.

2. Technical Services

2.1. Technical Services include repetitive low-cost services routinely performed by the State for the Other Party. If requested and authorized by the Other Party, these services may be performed by the State for the Other Party without the execution of a work order, as these services are provided in accordance with standardized practices and processes and do not require a detailed scope of work. Exhibit A – Table of Technical Services is attached.

2.1.1. Every other service not falling under the services listed in Exhibit A will require a work order contract (If you have questions regarding whether a service is covered under 2.1.1, please contact Contract Management).

2.2. The Other Party may request the State to perform Technical Services in an informal manner, such as by the use of email, a purchase order, or by delivering materials to a State lab and requesting testing. A request may be made via telephone, but will not be considered accepted unless acknowledged in writing by the State.

2.3. The State will promptly inform the Other Party if the State will be unable to perform the requested Technical Services. Otherwise, the State will perform the Technical Services in accordance with the State's normal processes and practices, including scheduling practices taking into account the availability of State staff and equipment.

2.4. **Payment Basis**. Unless otherwise agreed to by the parties prior to performance of the services, the State will charge the Other Party the State's then-current rate for performing the Technical Services. The then-current rate may include the State's normal and customary additives. The State will invoice the Other Party upon completion of the services, or at regular intervals not more than once monthly as agreed upon by the parties. The invoice will provide a summary of the Technical Services provided by the State during the invoice period.

3. Services Requiring a Work Order Contract

3.1. **Work Order Contracts**: A party may request the other party to perform any of the following services under individual work order contracts.

3.2. **Professional and Technical Services**. A party may provide professional and technical services upon the request of the other party. As defined by Minn. Stat. §16C.08, subd. 1, professional/technical services "means services that are intellectual in character, including consultation, analysis, evaluation, prediction, planning, programming, or recommendation; and result in the production of a report or completion of a task." Professional and technical services do not include providing supplies or materials except as incidental to performing such services. Professional and technical services include (by way of example and without limitation) cultural resources, engineering services, surveying, foundation recommendations and reports, environmental documentation, right-of-way assistance (such as performing appraisals or providing

relocation assistance, but excluding the exercise of the power of eminent domain), geometric layouts, final construction plans, graphic presentations, public relations, and facilitating open houses. A party will normally provide such services with its own personnel; however, a party's professional/technical services may also include hiring and managing outside consultants to perform work provided that a party itself provides active project management for the use of such outside consultants.

3.3. **Roadway Maintenance**. A party may provide roadway maintenance upon the request of the other party. Roadway maintenance does not include roadway reconstruction. This work may include but is not limited to snow removal, ditch spraying, roadside mowing, bituminous mill and overlay (only small projects), seal coat, bridge hits, major retaining wall failures, major drainage failures, and message painting. All services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work.

3.4. **Construction Administration**. A party may administer roadway construction projects upon the request of the other party. Roadway construction includes (by way of example and without limitation) the construction, reconstruction, or rehabilitation of mainline, shoulder, median, pedestrian or bicycle pathway, lighting and signal systems, pavement mill and overlays, seal coating, guardrail installation, and channelization. These services may be performed by the Providing Party's own forces, or the Providing Party may administer outside contracts for such work. Construction administration may include letting and awarding construction contracts for such work (including state projects to be completed in conjunction with local projects). All contract administration services must be performed by an employee with sufficient skills, training, expertise or certification to perform such work.

3.5. **Emergency Services**. A party may provide aid upon request of the other party in the event of a man-made disaster, natural disaster or other act of God. Emergency services includes all those services as the parties mutually agree are necessary to plan for, prepare for, deal with, and recover from emergency situations. These services include, without limitation, planning, engineering, construction, maintenance, and removal and disposal services related to things such as road closures, traffic control, debris removal, flood protection and mitigation, sign repair, sandbag activities and general cleanup. Work will be performed by an employee with sufficient skills, training, expertise or certification to perform such work, and work must be supervised by a qualified employee of the party performing the work. If it is not feasible to have an executed work order prior to performance of the work, the parties will promptly confer to determine whether work may be commenced without a fully-executed work order in place. If work commences without a fully-executed work order, the parties will follow up with execution of a work order as soon as feasible.

3.6. When a need is identified, the State and the Other Party will discuss the proposed work and the resources needed to perform the work. If a party desires to perform such work, the parties will negotiate the specific and detailed work tasks and cost. The State will then prepare a work order contract. Generally, a work order contract will be limited to one specific project/engagement, although "on call" work orders may be prepared for certain types of services, especially for "Technical Services" items as identified section 2.1.. The work order will also identify specific deliverables required, and timeframes for completing work. A work order must be fully executed by the parties prior to work being commenced. The Other Party will not be paid for work performed prior to execution of a work order contract and authorization by the State.

4. Responsibilities of the Providing Party

4.1. **Terms Applicable to ALL Work Order Contracts**. The terms in this section 4.1 will apply to ALL work order contracts.

4.1.1. Each work order will identify an Authorized Representative for each party. Each party's authorized representative is responsible for administering the work order, and has the authority to make any decisions regarding the work, and to give and receive any notices required or permitted under this MPC or the work order.

4.1.2. The Providing Party will furnish and assign a publicly employed licensed engineer (Project Engineer), to be in responsible charge of the project(s) and to supervise and direct the work to be performed under each work order contract. For services not requiring an engineer, the Providing Party will

furnish and assign another responsible employee to be in charge of the project. The services of the Providing Party under a work order contract may not be otherwise assigned, sublet, or transferred unless approved in writing by the Requesting Party's authorized representative. This written consent will in no way relieve the Providing Party from its primary responsibility for the work.

4.1.3. If the Other Party is the Providing Party, the Project Engineer may request in writing specific engineering and/or technical services from the State, pursuant to Minn. Stat. Section 161.39. The work order Contract will require the Other Party to deposit payment in advance. The costs and expenses will include the current State additives and overhead rates, subject to adjustment based on actual direct costs that have been verified by audit.

4.1.4. Only the receipt of a fully executed work order contract authorizes the Providing Party to begin work on a project. Any and all effort, expenses, or actions taken by the Providing Party before the work order contract is fully executed are considered unauthorized and undertaken at the risk of non-payment.

4.1.5. In connection with the performance of this contract and any work orders issued, the Providing Agency will comply with all applicable Federal and State laws and regulations. When the Providing Party is authorized or permitted to award contracts in connection with any work order, the Providing Party will require and cause its contractors and subcontractors to comply with all Federal and State laws and regulations.

4.2. **Additional Terms for Roadway Maintenance**. The terms of section 4.1 and this section 4.2 will apply to all work orders for Roadway Maintenance.

4.2.1. Unless otherwise provided for by contract or work order, the Providing Party must obtain all permits and sanctions that may be required for the proper and lawful performance of the work.

4.2.2. The Providing Party must perform maintenance in accordance with MnDOT maintenance manuals, policies and operations.

4.2.3. The Providing Party must use State-approved materials, including (by way of example and without limitation), sign posts, sign sheeting, and de-icing and anti-icing chemicals.

4.3. **Additional Terms for Construction Administration**. The terms of section 4.1 and this section 4.3 will apply to all work order contracts for construction administration.

4.3.1. Contract(s) must be awarded to the lowest responsible bidder or best value proposer in accordance with state law.

4.3.2. Contractor(s) must be required to post payment and performance bonds in an amount equal to the contract amount. The Providing Party will take all necessary action to make claims against such bonds in the event of any default by the contractor.

4.3.3. Contractor(s) must be required to perform work in accordance with the latest edition of the Minnesota Department of Transportation Standard Specifications for Construction.

4.3.4. For work performed on State right-of-way, contractor(s) must be required to indemnify and hold the State harmless against any loss incurred with respect to the performance of the contracted work, and must be required to provide evidence of insurance coverage commensurate with project risk.

4.3.5. Contractor(s) must pay prevailing wages pursuant to applicable state and federal law.

4.3.6. Contractor(s) must comply with all applicable Federal, and State laws, ordinances and regulations, including but not limited to applicable human rights/anti-discrimination laws and laws concerning the participation of Disadvantaged Business Enterprises in federally-assisted contracts.

4.3.7. Unless otherwise agreed in a work order contract, each party will be responsible for providing rights of way, easement, and construction permits for its portion of the improvements. Each party will, upon the other's request, furnish copies of right of way certificates, easements, and construction permits.

4.3.8. The Providing Party may approve minor changes to the Requesting Party's portion of the project work if such changes do not increase the Requesting Party's cost obligation under the applicable work order contract.

4.3.9. The Providing Party will not approve any contractor claims for additional compensation without the Requesting Party's written approval, and the execution of a proper amendment to the applicable work order contract when necessary. The Other Party will tender the processing and defense of any such claims to the State upon the State's request.

4.3.10. The Other Party must coordinate all trunk highway work affecting any utilities with the State's Utilities Office.

4.3.11. The Providing Party must coordinate all necessary detours with the Requesting Party.

4.3.12. If the Other Party is the Providing Party, and there is work performed on the trunk highway right-of-way, the following will apply:

a. The Other Party will have a permit to perform the work on the trunk highway. The State may revoke this permit if the work is not being performed in a safe, proper and skillful manner, or if the contractor is violating the terms of any law, regulation, or permit applicable to the work. The State will have no liability to the Other Party, or its contractor, if work is suspended or stopped due to any such condition or concern.

b. The Other Party will require its contractor to conduct all traffic control in accordance with the Minnesota Manual on Uniform Traffic Control Devices.

c. The Other Party will require its contractor to comply with the terms of all permits issued for the project including, but not limited to, National Pollutant Discharge Elimination System (NPDES) and other environmental permits.

d. All improvements constructed on the State's right-of-way will become the property of the State.

5. Responsibilities of the Requesting Party

5.1. After authorizing the Providing Party to begin work, the Requesting Party will furnish any data or material in its possession relating to the project that may be of use to the Providing Party in performing the work.

5.2. All such data furnished to the Providing Party will remain the property of the Requesting Party and will be promptly returned upon the Requesting Party's request or upon the expiration or termination of this contract (subject to data retention requirements of the Minnesota Government Data Practices Act and other applicable law).

5.3. The Providing Party will analyze all such data furnished by the Requesting Party. If the Providing Party finds any such data to be incorrect or incomplete, the Providing Party will bring the facts to the attention of the Requesting Party before proceeding with the part of the project affected. The Providing Party will investigate the matter, and if it finds that such data is incorrect or incomplete, it will promptly determine a method for furnishing corrected data. Delay in furnishing data will not be considered justification for an adjustment in compensation.

5.4. The State will provide to the Other Party copies of any Trunk Highway fund clauses to be included in the bid solicitation and will provide any required Trunk Highway fund provisions to be included in the Proposal for Highway Construction, that are different from those required for State Aid construction.

5.5. The Requesting Party will perform final reviews and inspections of its portion of the project work. If the work is found to have been completed in accordance with the work order contract, the Requesting Party will promptly release any remaining funds due the Providing Party for the Project(s).

5.6. The work order contracts may include additional responsibilities to be completed by the Requesting Party.

6. Time

6.1. In the performance of project work under a work order contract, time is of the essence.

7. Consideration and Payment

7.1. **Consideration**. The Requesting Party will pay the Providing Party as specified in the work order. The State's normal and customary additives will apply to work performed by the State, unless otherwise specified in the work order. The State's normal and customary additives will not apply if the parties agree to a "lump sum" or "unit rate" payment.

7.2. **State's Maximum Obligation**. The total compensation to be paid by the State to the Other Party under all work order contracts issued pursuant to this MPC will not exceed $100,000.00.

7.3. **Travel Expenses**. It is anticipated that all travel expenses will be included in the base cost of the Providing Party's services, and unless otherwise specifically set forth in an applicable work order contract, the Providing Party will not be separately reimbursed for travel and subsistence expenses incurred by the Providing Party in performing any work order contract. In those cases where the State agrees to reimburse travel expenses, such expenses will be reimbursed in the same manner and in no greater amount than provided in the current "MnDOT Travel Regulations" a copy of which is on file with and available from the MnDOT District Office. The Other Party will not be reimbursed for travel and subsistence expenses incurred outside of Minnesota unless it has received the State's prior written approval for such travel.

7.4. Payment

7.4.1. **Generally**. The Requesting Party will pay the Providing Party as specified in the applicable work order, and will make prompt payment in accordance with Minnesota law.

7.4.2. **Payment by the Other Party**.

a. The Other Party will make payment to the order of the Commissioner of Transportation.

b. IMPORTANT NOTE: PAYMENT MUST REFERENCE THE "MNDOT CONTRACT NUMBER" SHOWN ON THE FACE PAGE OF THIS CONTRACT AND THE "INVOICE NUMBER" ON THE INVOICE RECEIVED FROM MNDOT.

c. Remit payment to the address below:

MnDOT
Attn: Cash Accounting
RE: MnDOT Contract Number 1050316W[XX] and Invoice Number: 00000[#####]
(see note above)
Mail Stop 215
395 John Ireland Blvd
St. Paul, MN 55155

7.4.3. **Payment by the State**.

a. Generally. The State will promptly pay the Other Party after the Other Party presents an itemized invoice for the services actually performed and the State's Authorized Representative accepts the invoiced services. Invoices must be submitted as specified in the applicable work order, but no more frequently than monthly.

b. Retainage for Professional and Technical Services. For work orders for professional and technical services, as required by Minn. Stat. § 16C.08, subd. 2(10), no more than 90 percent of the amount due under any work order contract may be paid until the final product of the work order contract has been reviewed by the State's authorized representative. The balance due will be paid when the State's authorized representative determines that the Other Party has satisfactorily fulfilled all the terms of the work order contract.

8. Conditions of Payment

8.1. All work performed by the Providing Party under a work order contract must be performed to the Requesting Party's satisfaction, as determined at the sole and reasonable discretion of the Requesting Party's Authorized Representative and in accordance with all applicable federal and state laws, rules, and

regulations. The Providing Party will not receive payment for work found by the Requesting Party to be unsatisfactory or performed in violation of federal or state law.

9. State's Authorized Representative and Project Manager

9.1. The State's Authorized Representative for this master contract is the District State Aid Engineer, who has the responsibility to monitor the State's performance.

9.2. The State's Project Manager will be identified in each work order contract.

10. Other Party's Authorized Representative and Project Manager

10.1. The Other Party's Authorized Representative for administering this master contract is the Other Party's Engineer, and the Engineer has the responsibility to monitor the Other Party's performance. The Other Party's Authorized Representative is also authorized to execute work order contracts on behalf of the Other Party without approval of each proposed work order contract by its governing body.

10.2. The Other Party's Project Manager will be identified in each work order contract.

11. Assignment, Amendments, Waiver, and Contract Complete

11.1. **Assignment**. Neither party may assign or transfer any rights or obligations under this MPC or any work order contract without the prior consent of the other and a fully executed Assignment Contract, executed and approved by the same parties who executed and approved this MPC, or their successors in office.

11.2. **Amendments**. Any amendment to this master contract or any work order contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original contract, or their successors in office.

11.3. **Waiver**. If a party fails to enforce any provision of this master contract or any work order contract, that failure does not waive the provision or the party's right to subsequently enforce it.

11.4. **Contract Complete**. This master contract and any work order contract contain all negotiations and contracts between the State and the Other Party. No other understanding regarding this master contract or any work order contract issued hereunder, whether written or oral may be used to bind either party.

12. Liability

12.1. Each party will be responsible for its own acts and omissions to the extent provided by law. The Other Party's liability is governed by Minn. Stat. chapter 466 and other applicable law. The State's liability is governed by Minn. Stat. section 3.736 and other applicable law. This clause will not be construed to bar any legal remedies a party may have for the other party's failure to fulfill its obligations under this master contract or any work order contract. Neither party agrees to assume any environmental liability on behalf of the other party. A Providing Party under any work order is acting only as a "Contractor" to the Requesting Party, as the term "Contractor" is defined in Minn. Stat. §115B.03 (subd. 10), and is entitled to the protections afforded to a "Contractor" by the Minnesota Environmental Response and Liability Act. The parties specifically intend that Minn. Stat. §471.59 subd. 1a will apply to any work undertaken under this MPC and any work order issued hereunder.

13. State Audits

13.1. Under Minn. Stat. § 16C.05, subd. 5, the party's books, records, documents, and accounting procedures and practices relevant to any work order contract are subject to examination by the parties and by the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this MPC.

14. Government Data Practices and Intellectual Property

14.1. **Government Data Practices**. The Other Party and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by the State under this MPC and any work order contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Other Party under this MPC and any work order contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this clause by either the Other Party or the State.

14.2. **Intellectual Property Rights**

14.2.1. **Intellectual Property Rights**. The Requesting Party will own all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under work order contracts. Works means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Providing Party, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this master contract or any work order contract. Works includes "Documents." Documents are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Providing Party, its employees, agents, or contractors, in the performance of a work order contract. The Documents will be the exclusive property of the Requesting Party and all such Documents must be immediately returned to the Requesting Party by the Providing Party upon completion or cancellation of the work order contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Providing Party Government assigns all right, title, and interest it may have in the Works and the Documents to the Requesting Party. The Providing Party must, at the request of the Requesting Party, execute all papers and perform all other acts necessary to transfer or record the Requesting Party's ownership interest in the Works and Documents. Notwithstanding the foregoing, the Requesting Party grants the Providing Party an irrevocable and royalty-free license to use such intellectual property for its own non-commercial purposes, including dissemination to political subdivisions of the state of Minnesota and to transportation-related agencies such as the American Association of State Highway and Transportation Officials.

14.2.2. **Obligations with Respect to Intellectual Property**.

a. **Notification**. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Providing Party, including its employees and subcontractors, in the performance of the work order contract, the Providing Party will immediately give the Requesting Party's Authorized Representative written notice thereof, and must promptly furnish the Authorized Representative with complete information and/or disclosure thereon.

b. **Representation**. The Providing Party must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the Requesting Party, and that neither Providing Party nor its employees, agents or contractors retain any interest in and to the Works and Documents.

15. Affirmative Action

15.1. The State intends to carry out its responsibility for requiring affirmative action by its Contractors, pursuant to Minn. Stat. §363A.36. Pursuant to that Statute, the Other Party is encouraged to prepare and implement an affirmative action plan for the employment of minority persons, women, and the qualified disabled, and submit such plan to the Commissioner of the Minnesota Department of Human Rights. In addition, when the Other Party lets a contract for the performance of work under a work order issued pursuant to this MPC, it must include the following in the bid or proposal solicitation and any contracts awarded as a result thereof:

15.2. **Covered Contracts and Contractors**. If the Contract exceeds $100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principle place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600. A Contractor covered by Minn. Stat. § 363A.36 because it employed more than 40 full-time employees in another state and does not have a certificate of compliance, must certify that it is in compliance with federal affirmative action requirements.

15.3. **Minn. Stat. § 363A.36**. Minn. Stat. § 363A.36 requires the Contractor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights ("Commissioner") as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.

15.4. **Minn. R. Parts 5000.3400-5000.3600**.

15.4.1. **General**. Minn. R. Parts 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. Parts 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and 5000.3552-5000.3559.

15.4.2. **Disabled Workers**. The Contractor must comply with the following affirmative action requirements for disabled workers:

a. The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

b. The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

c. In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. Section 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

d. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

e. The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. Section 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

15.4.3. **Consequences**. The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this contract by the Commissioner or the State.

15.4.4. **Certification**. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. Parts 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

16. Workers' Compensation

16.1. Each party will be responsible for its own employees for any workers compensation claims. This MPC, and any work order contracts issued hereunder, are not intended to constitute an interchange of government employees under Minn. Stat. §15.53. To the extent that this MPC, or any work order issued hereunder, is determined to be subject to Minn. Stat. §15.53, such statute will control to the extent of any conflict between the contract and the statute.

17. Publicity

17.1. **Publicity**. Any publicity regarding the subject matter of a work order contract where the State is the Requesting Party must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Other Party individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from a work order contract.

17.2. **Data Practices Act**. Section 17.1 is not intended to override the Other Party's responsibilities under the Minnesota Government Data Practices Act.

18. Governing Law, Jurisdiction, and Venue

18.1. Minnesota law, without regard to its choice-of-law provisions, governs this master contract and all work order contracts. Venue for all legal proceedings out of this master contract or any work order contracts, or the breach of any such contracts, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

19. Prompt Payment; Payment to Subcontractors

19.1. The parties must make prompt payment of their obligations in accordance with applicable law. As required by Minn. Stat. § 16A.1245, when the Other Party lets a contract for work pursuant to any work order, the Other Party must require its contractor to pay all subcontractors, less any retainage, within 10 calendar days of the prime contractor's receipt of payment from the Other Party for undisputed services provided by the subcontractor(s) and must pay interest at the rate of one and one-half percent per month or any part of a month to the subcontractor(s) on any undisputed amount not paid on time to the subcontractor(s).

20. Minn. Stat. § 181.59.

20.1. The Other Party will comply with the provisions of Minn. Stat. § 181.59 which requires: Every contract for or on behalf of the state of Minnesota, or any county, city, town, township, school, school district, or any other district in the state, for materials, supplies, or construction shall contain provisions by which the Contractor agrees: (1) That, in the hiring of common or skilled labor for the performance of any work under any contract, or any subcontract, no contractor, material supplier, or vendor, shall, by reason of race, creed, or color, discriminate against the person or persons who are citizens of the United States or resident aliens who are qualified and available to perform the work to which the employment relates; (2) That no contractor, material supplier, or vendor, shall, in any manner, discriminate against, or intimidate, or prevent the employment of any person or persons identified in clause (1) of this section, or on being hired, prevent, or conspire to prevent, the person or persons from the performance of work under any contract on account of race, creed, or color; (3) That a violation of this section is a misdemeanor; and (4) That this contract may be canceled or terminated by the state, county, city, town, school board, or any other person authorized to grant the contracts for employment, and all money due, or to become due under the contract, may be forfeited for a second or any subsequent violation of the terms or conditions of this contract.

21. Termination; Suspension

21.1. **Termination by the State for Convenience**. The State or commissioner of Administration may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the Other Party. Upon termination, the Other Party and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

21.2. **Termination by the Other Party for Convenience**. The Other Party may cancel this MPC and any work order contracts at any time, with or without cause, upon 30 days written notice to the State. Upon termination,

the Other Party and the State will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

21.3. **Termination for Insufficient Funding**. The State may immediately terminate or suspend this MPC and any work order contract if it does not obtain funding from the Minnesota legislature or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination or suspension must be by written or fax notice to the Other Party. The State is not obligated to pay for any services that are provided after notice and effective date of termination or suspension. However, the Other Party will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if the master contract or work order is terminated because of the decision of the Minnesota legislature or other funding source, not to appropriate funds. The State must provide the Other Party notice of the lack of funding within a reasonable time of the State's receiving that notice.

22. Data Disclosure

22.1. Under Minn. Stat. §270C.65, subd. 3, and other applicable law, the Other Party consents to disclosure of its federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Other Party to file state tax returns and pay delinquent state tax liabilities, if any.

23. Defense of Claims and Lawsuits

23.1. If any lawsuit or claim is filed by a third party (including but not limited to the Other Party's contractors and subcontractors), arising out of trunk highway work performed pursuant to a valid work order issued under this MPC, the Other Party will, at the discretion of and upon the request of the State, tender the defense of such claims to the State or allow the State to participate in the defense of such claims. The Other Party will, however, be solely responsible for defending any lawsuit or claim, or any portion thereof, when the claim or cause of action asserted is based on its own acts or omissions in performing or supervising the work. The Other Party will not purport to represent the State in any litigation, settlement, or alternative dispute resolution process. The State will not be responsible for any judgment entered against the Other Party, and will not be bound by the terms of any settlement entered into by the Other Party except with the written approval of the Attorney General and the Commissioner of Transportation and pursuant to applicable law.

24. Additional Provisions

24.1. NONE

[THE BALANCE OF THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK]

OTHER PARTY

The Other Party certifies that the appropriate person(s) have executed the contract on behalf of the Other Party as required by applicable articles, bylaws, resolutions or ordinances.

Source Code	Title	Description
1735	Bituminous Plant Inspection	Performing QA/QC physical testing at the plant; sampling and transporting of materials from the plant to the lab for lab testing, plant reviews, and operations; investigating plant discrepancies; and other technical services in the plant or office associated with bituminous plant inspection.
2830	Bridge Bearing Assemblies	All tasks related to the repair and maintenance of fixed or expansion-bearing assemblies on bridges. Includes related traffic
2819	Bridge Curb, Walk And Railing	Repairing and maintaining bridge curb, walk, rail, coping, and fencing connected to the rail. Includes glare screen and median barriers on bridges. Includes related traffic control.
2820	Bridge Deck	Work associated with bridge deck and slab repair regardless of removal depth or type of material used for patching. Includes deck or slab overlays and replacements and underside deck delamination. Includes related traffic control.
2838	Bridge Deck Crack Sealing	All tasks related to deck crack sealing. Includes related traffic control.
2827	Bridge Expansion, Relief Joints	All maintenance tasks associated with bridge expansion joints, except joint reestablishment. Includes tightening expansion device bolts and replacing seal glands. Includes related traffic control.
2855	Bridge Inspection Direct Support	Activities that support bridge inspection, but are not direct production (i.e., leadership, technical, administrative assistance.
2828	Bridge Inspection-Federal Fund	All bridge inspection tasks for non-MnDOT bridges funded by the federal Fracture-Critical Bridge Program (Project Code will begin with TSL and with the local bridge number). Includes related inspection reports. For MnDOT Trunk Highway bridges (Project Code begins with TSO followed by the bridge number) and local and Department of Natural Resources (DNR) (bridge number begins with 9A follow by bridge number) bridge inspections to be billed to the local government or Department of Natural Resources (DNR) use Source Code 2824.
2824	Bridge Inspection-Non-Federal	All tasks related to inventory, inspection, and load capacity rating work done on trunk highway bridges to meet the requirements of the National Bridge Inspection System and/or Minnesota Bridge Safety Inspection Program or for billing to local governments. Includes related inspection reports and deck condition surveys.
1421	Bridge Management System Operation/Administration/Data	Use for tasks related to the Bridge Management System, including operations, administration, or data entry.
2847	Bridge Poured/ Relief Joint Seal	All tasks associated with resealing bridge construction joints. Includes related traffic control. Related source type codes: Activities that support bridge inspection, but are not direct production (i.e., leadership, technical, administrative assistance).
2829	Bridge Superstructure	All tasks to repair any bridge component above the bridge seat that is not included in other source codes. Includes repairs to all types of bridge superstructure elements such as girders, beams, floor beams, trusses, stringers, t-beams, precast channels, and box girders. Includes related traffic control.
2316	Brush & Tree Removal	Maintaining, watering, trimming, and removing highway right of way tree and brush. Includes chipping of tree limbs and stump removal/grinding. Includes related traffic control.
0032	Business Unit Management	All expenses of business/office managers for general management and administration of support functions. includes administering central facilities maintenance and facilities capital budgets.
3000	Class Of Frequency Coordination	Use for frequency coordination done with APCO, AASHTO or FCCA.

Source Code	Title	Description
1733	Concrete Plant Inspections	Performing QA/QC physical testing at the plant; sampling and transporting of materials from the plant to the lab for lab testing, plant reviews, and operations; investigating plant discrepancies; and other technical services in the plant or office associated with stationary concrete plants or mobile concrete paving plant inspection.
1734	Construction Materials Inspections	Performing construction phase material inspection and engineering, for structural steel, precast and pre-stressed concrete, reinforcement steel, and electrical products and related technical services in the field and office for materials to be used in multiple projects. Includes travel time, sampling, and sample delivery. Includes tasks related to reviewing shop drawings furnished by suppliers or fabricators and contractor working drawings or calculations, and for tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering, and technical services in the field and offices).
1802	Construction Surveying	Use for surveys to provide staking for the contractor's operations and for any other construction phase surveying
2106	Crack Sealing	All surface crack sealing, crack filling, or rout and seal operations. Includes related materials, hauling, stockpiling, and traffic control.
3023	Elec Comm Eq Rep - Miles	
0400	Equipment Calibration-Mat Insp	Use when performing periodic equipment calibration for equipment used in the materials lab or on construction projects.
1800	Field Inspection	All construction project field inspection (not cyclical inspection of assets), including preparatory plans & spec review, measurement, and verification other than environmental monitoring. Includes field inspection of materials such as gradations, densities/DCP, proctors, compaction, slump tests, and field air tests. Witnessing claims, determination and computation of pay quantities, materials control and certification for progress vouchers, but not for final payments. Includes collecting and transporting samples for lab tests, but not the actual laboratory verifications. Includes all construction phase project related activities for project and resident engineers such as problem resolution, guidance and direction to field technicians. Includes all miscellaneous field engineering expenses used by district offices such as space rental, utilities, or other costs charged to the construction project Includes all work associated with evaluation of implementation of intelligent compaction devices to determine if construction contract terms have been met.
1040	Final Design Surveys	All district field and office tasks needed to respond to supplemental "Requests for Survey Data" and add the data to the surveys base map or DTM.
0601	Gen Training Preparation - Delivery	Use for time, materials, and travel expenses when developing or delivering training. includes course preparation, designing materials, and managing training records.
2210	Guardrail-Install/Repair/Maintenance	Install, repair, or maintain low tension cable, plate beams, and end treatments; cable tension adjustments; and reflector replacement. includes related traffic control.
2624	Indirect Expense	Indirect shop expenses and shop equipment. Allocate to mobile equipment.
1871	Lighting Maintenance & Utilities	All work related to installing, maintaining, restoring, or removing highway lighting systems and fixtures. Includes repairing, maintaining, or replacing supports necessary for roadway lighting luminaries. Includes patrol highway lighting, inspect lighting structures, electrical service for highway lighting, re-lamping, pump stations, anti-icing systems, truck roll-over warning systems and electrical repairs. Includes traffic control in support of roadway lighting activities. Use for tasks related to public inquiries/complaints, review utility billings, provide data, and conduct field reviews.

Source Code	Title	Description
1875	Locate One Call	Finding and marking locations of buried conduit, cables, hand holes, loops, etc. in order to maintain or repair the traffic management system, signal systems, or roadway lighting systems.
1732	Material Testing & Inspection	Performing construction phase and research physical and chemical laboratory testing, and related technical services in the districts and central labs, and for performing research and construction phase non-destructive testing materials surveys, and related technical services in the field and offices. Includes detour surveys. Non-destructive tests include, skid resistance and falling weight deflectometer (FWD) testing.
2660	Misc Revenue	Used only by Office of Financial Management for billing and deposit transactions and to record payments to the department for gravel sold to contractors and others.
2822	Miscellaneous Bridge Maintenance	Miscellaneous maintenance tasks performed on a specific bridge or structure not covered by other source codes. Includes work on items such as stairways, drains, fencing, light bases, transient guards, and access doors. Includes transient removal, ordering materials, and picking up equipment. Includes related traffic control.
3049	On Call Electronic Communications Infrastructure Maintenance	To be used by Statewide Radio Communications personnel to record on-call time.
2142	Overhead Sign Panel Maintenance	Work related to the repair and replacement of overhead sign panels, extruded sign panels mounted on I-beams, and overhead sign structures. Includes related cable locates and traffic control. Does not include structural work.
2102	Patching	Related source type codes: 2103-Heavy patching, 2104-Bituminous paving, 2105-Blow patching
1520	Pavement Management System	For tasks related to the operation of the pavement management system, including development and maintenance/technical support. Includes tasks to meet needs external to MnDOT.
2406	Plowing & Material Application	Shoulder to shoulder snow removal operation, winging back, snow blowing drifts, and the application of de-icing chemicals using mobile equipment. Includes changing cutting edges during event and related traffic control.
3005	Radio - Mobile Equipment	Use for the repair and preventative maintenance of all equipment associated with wireless two-way radio communications systems (includes mobile radios, portable radios, base stations, console workstations, recorders, etc.). Non-MnDOT equipment - Must use Project number assigned to requesting agency (State Patrol, DNR, BCA, Fire Marshall). See OSRC Project Code list.
3027	Radio Programming	Creating or modifying radio frequency programs and programming mobile and portable radios. Does not include mobile radios used as fixed base radios as part of the Inter-OP System (Use 3009).
3002	Radio/Electronic Infrastructure	Use for the repair and preventative maintenance of all equipment associated with wireless two-way radio communications systems (includes mobile radios, portable radios, base stations, console workstations, recorders, etc.). Non-MnDOT equipment - Must use Project number assigned to requesting agency; Department of Public Safety (DPS) includes State Patrol (SP) Bureau of Criminal Apprehension (BCA), Fire Marshall); does not include Department of Natural Resources (DNR). See OSRC Project
3007	Radio/Electronic System Engineering	Use for design of microwave, radio and miscellaneous electronic systems.
3009	Radio/Electronic System Upgrade & Installation	Use for the installation and other services needed to provide major system upgrades or improvements to wireless or electronic systems. Use for all work performed to correct or repair deficiencies found in a new installation.
1716	Record Sampling	Used by Materials and Research Section and district materials staff to verify inspector" sampling and testing procedures and checking inspectors' equipment during project construction as required by FHWA. Use when performing field tests on split sample.

Source Code	Title	Description
2222	Sign/Delineation/Marker Repair	Replacing, repairing, and washing signs (including temporary stop signs). Includes re-sequencing intersection signing and repair/replace overhead and extrude signs mounted on I-beams. Includes related cable locates and traffic control.
1182	Soils/Foundation Field/Laboratory Tests	All laboratory testing necessary to provide geotechnical information to complete roadway soils recommendations and approvals for use in the development of Final Design Plans and Special Provisions. Lab work includes R-value, resilient modulus, soil classification, gradation, proctor testing, unconfined compression, consolidation, direct simple shear, direct sheer, permeability and triaxial tests.
1879	State Furnished Materials	Use to record labor hours, equipment usage, and material costs to supply state furnished materials to a state road construction project with federal participation.
1738	State Project - Specific Materials Inspection	Performing material inspection and engineering for materials designated for a specific construction project (SP). Generally applies to inspection of such things as structural steel, prestressed concrete items, and most precast concrete items and related technical services in the field and offices when related to a particular SP. Use for SP specific tasks related to performing the review of shop drawings furnished by suppliers or fabricators and contractor working drawings or calculations, and for tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering and technical services in the field and offices).
1434	Structural Metals Inspection-Non DOT	Reviewing shop drawings furnished by suppliers, fabricators, and contractors (working drawing or calculations), and for tasks related to structural metals inspection (materials surveys, physical and chemical laboratory testing, material inspection and engineering, and technical services in the field and offices) for local agency projects.
2629	Supplies & Small Tools	Shop tools, small equipment, and supplies that cannot be directly charged to a mobile equipment unit.
0152	Support Services	Work that supports general office management, system management such as entering data into SWIFT, PPMS, PUMA and other MnDOT systems, attending staff meetings and other indirect support activities.
1312	Tech Assist-Outside MnDOT	Use when providing technical assistance to an organization external to MnDOT.
3025	Tower/Building Maintenance	Use for all tasks related to the maintenance of a tower building or site. Includes towers, buildings, generators, LP system, fencing, landscaping, grounding, ice bridge, cable management, climbing ladders, card key systems, and HVAC.
1876	Traffic Counting	Use to record labor, equipment usage, and material costs for activities related to traffic counts made for statewide traffic monitoring or traffic operations. Includes all activities related to traffic counting, such as taking requests, assigning priorities, collecting field data, processing data, and developing new techniques for collection.
1501	Traffic Management System (TMS)	Used by traffic operations staff for all tasks that support the RTMC's operations center (or TOCC) providing traveler information, managing incidents and monitoring the FMS. Includes dynamic message sign maintenance, ramp meter maintenance, camera maintenance, and loop detection activities. Includes maintenance activities related to any ITS or TMS device such as RTMC cables, monitor wall, switchers, routers, or modems. Use to record all costs for maintenance activities related to traffic management fiber optics. Use for tasks related to maintaining traffic operations software including minor software enhancements and fixes. Use when providing traffic operations technical assistance external to MnDOT. Use with

Source Code	Title	Description
1513	Traffic Management System (TMS) Integration	For tasks associated with the incorporation of new and existing TMS devices (cameras, loops, DMS, and other ITS devices) into existing infrastructure to ensure proper operation. Use with the Construction/Program Delivery Appropriation.
1500	Traffic Mgt System Maintenance	Used by staff to maintain various Intelligent Transportation System (ITS) devices such as dynamic message signs, ramp meters, cameras, detection, cables, RICWS, video wall monitors, switches, routers or modems. Used to record all costs for maintenance activities related to traffic management fiber optics. Not to be used for Lighting or Traffic Signal maintenance.
1721	Traffic Sign Work Orders	Use for work involved in preparing work orders for traffic signs. Use only with Maintenance Operations appropriation (T790081).
2863	Traffic Signal Inspection	Work related to cyclical structural and electrical inspection and preventive maintenance checks of traffic signal systems/structures. Includes labor, equipment, materials, and traffic control.
1870	Traffic Signal Maintenance	Work related to the structural repair and replacement of traffic signal system structures and all electrical maintenance for traffic signal systems including electrical power, labor, equipment materials, GSOC locates, traffic control and responses to public inquiries.
