City Administrator Josi Wood

1. ORD-769 Amending Chapter 76; Alcoholic Beverages

City Administrator Josi Wood shared this was discussed at the April 19th Committee of the Whole meeting. There was no definition within City Code that called out for the number of days that a temporary 3.2 license should be issued for. There was practice however, it should be stated within City Code. The drafted Ordinance has been posted for the required ten days.

The drafted Ordinance includes the following language, "The City may not issue more than three four-day, four-three day, six two-day or one 12-day temporary 3.2% malt liquor licenses (in any combination), not to exceed 12 days in any one location within a twelve-month period, to any one organization."

Motion by Lundeen, seconded by Collison to approve Ordinance as presented. Motion carried unanimously.

2. Consideration of An Agreement Between the City of Isanti and Petersons Promotions for Community Bulletin Board at Isanti Liquor Store

City Administrator Josi Wood shared there was also discussion on April 19th Committee of the Whole about drafting an agreement with Petersons Promotions for a Community Board. Per discussion it was determined that $150.00 or 10% of the proceeds whichever is greater would be rendered to the City. However, Mr. Peterson is requesting to not have the 10% in the agreement and instead be a flat $150.00 fee.

Motion by Lundeen to include in the agreement a flat $150.00 rate rendered to the City, seconded by Bergley. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

3. **Resolution 2022-102** Resolution to Approve Special Event Permit for Rum River BMX 2022 State Qualifier

Community Development Director Stephanie Hillesheim shared Rum River BMX submitted a special event application for the State Qualifier to be held at the Isanti Indoor Arena on June 10th through the 12th. No road closures are being requested however; additional parking will be required in the available Bluebird Parking space that are designated as non-dog park parking spots. No additional outdoor audio system or live entertainment will be used only the current PA system at the track and 6 additional restrooms will be brought in. Camping and parking will be available in the grass lot South of the Arena. Rum River BMX submitted a special event equipment request which includes barricades and 25 no parking signs. Staff, department heads and the fire department recommended approval.

Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion carried unanimously.

COMMITTEE OF THE WHOLE MEETING

TUESDAY, MAY 17, 2022 – 5:00 P.M.
CITY HALL

Mayor Johnson called the meeting to order at 5:02 p.m.

Members Present: Mayor Jeff Johnson, Councilors: Jimmy Gordon, Paul Bergley, Steve Lundeen and Dan Collison

Staff Present: City Administrator Josi Wood, City Clerk Jaden Strand, Finance Director Mike Betker, Liquor Store Manager Keith Lusk, Community Development Director Stephanie Hillesheim and Chief of Police Travis Muyres

D. Public Comment
None

E. Committee Meeting Items

1. Liquor Updates

The liquor store is averaging 23% sales increase per month vs 2021.

$246,000.00 for Gross Sales this month so far. Last year's Gross Sales was $395,000.00

Average profit margin is 27.74%.

Sales by Category for January through April:

- 46% Beer
- 37% Liquor
- 12% Wine

Transaction count year to date through April is 50,940.

Lamar sold the City a billboard that was not actually available. The billboard was only up for a month and then had to be taken down. The City will not have to pay the cost. Another location was found and due to the circumstances, the City received a reduced cost for the billboard at the new location.

Committee recognized liquor store staff for their hard work and great customer service.

Liquor store staff recently completed Alcohol Training.

2. Benches for Bluebird Park Amphitheater

The Isanti Lions Club is wondering if Committee would like the benches that they are considering to donate installed into the ground or mobile. Staff recommends they be in installed permanently into the ground.

Consensus from Committee is to install benches permanently into the ground.

Staff also requested direction for the color of the benches.

Consensus from Committee for the color of benches is up to staff's discretion.

3. Parking on 1st Ave NW
1st Ave NW is not signed "no parking" which can cause congestion during events.

Individuals park on 1st Ave making it difficult for traffic to drive on the roadway.

Staff requested discussion on proposed designation of no parking on the narrow portion of 1st Ave.

This would be an Ordinance amendment to City Code Chapter 227 if Committee concurs.

Recommendation from Committee is to move forward with no parking on both sides of the street.

4. Planning Commission Update and Roles
City Administrator Josi Wood shared that the Community Development department will share an additional document for Planning Commission items to be helpful to the Planning Commission and Council as things are being reviewed whether they meet Zoning Code or not.

Wood further shared additional information regarding considering requests between their Planning Commission and Council roles.

F. Adjournment
Meeting was adjourned at 5:37 p.m.

Respectfully Submitted.

MEMORANDUM

TO: City Council

FROM: Stephanie Hillesheim, Community Development Director

DATE: June 7, 2022

SUBJECT: Resolution 2022 – XXX Approving the Final Plat for Isanti Railview North Industrial Park

---

Overview/Background
The City of Isanti Economic Development Authority owns 66 acres of industrial property north of the Wastewater Treatment Plant. Due to the increased demand for industrial properties within the community the Economic Development Authority has decided to plat 4 parcels for industrial sale. The preliminary plat was prepared by the City Engineer and meets all current zoning requirements of the I-1 Industrial Park District.

You will also see the documents for the updated easements on the parcel to be included in the approval of the Final Plat.

The Planning Commission held a Public Hearing on May 17, 2022 and passed a motion to recommend the approval of the Final Plat to the City Council.

Staff Recommendation
Staff Recommends approval of Resolution 2022-XXX Approving the Final Plat for Isanti Railview North Industrial Park including the proposed trail easement.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: June 7, 2022
Subject: Request by Semler Construction Inc. for approval for a Preliminary Plat under City Ordinance 740, said request is for a development labeled Rum River Villas located at PID 16.111.0600

Overview/Background:
The applicants, Semler Construction Inc, submitted plans for a Preliminary Plat application and the topic was brought to the April 19th Planning Commission Meeting for a public hearing. At the public hearing several nearby property owners voiced concern for the development, specifically regarding increased traffic levels, lot sizes and setbacks, the number of houses proposed and the change of the original preliminary plat that was approved in 2004. Representatives from Semler Construction and Carlson McCain Engineering were present at the meeting and available for comments and questions from the Planning Commission and public. The applicant's representatives pointed out that the housing market is demanding the smaller lots and cheaper houses for this area, and the feasibility of the project relies on a higher density of lots (proposed 53 lots) on the available 15 acres of land.

The Planning Commission discussed the current zoning of the parcel (R-1 Single Family Residential) in which the proposed preliminary plat did not fit for density calculations. The Planning Commission voted to postpone the development and requested the developers to modify the number of lots proposed to fit the current "R-1" Single Family Residential zoning district density standards of 0-3 units per acre.

A special Planning Commission Meeting was held for the proposed Rum River Villas development on May 17th, 2022. The developer and representative engineers modified the preliminary plans by reducing the number of lots from 53 down to 44. The Planning Commission commented that they believe this updated plan would better fit the zoning district.

The Planning Commission made a motion to approve the Rum River Villas preliminary plat with conditions listed in the April 19, 2022 staff report, the motion passed 4-2 with Simon and Lundeen abstaining from the vote.

Request:
Approval of a Preliminary Plat for Rum River Villas located at PID 16.111.0600 for Semler Construction Inc.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING THE PRELIMINARY PLAT FOR A PLANNED UNIT DEVELOPMENT LABELED RUM RIVER VILLAS LOCATED AT PID 16.111.0600

WHEREAS, Semler Construction Inc (applicant) has requested approval for a Preliminary Plat for a Planned Unit Development labeled Rum River Villas located at PID 16.111.0600 in the City of Isanti; and,

WHEREAS, the City of Isanti Planning Commission conducted a public hearing on the Preliminary Plat on April 19, 2022; and

WHEREAS, Notice of the Preliminary Plat application was published with the *County Star* on April 8, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address; and,

WHEREAS, the property is located in the "R-1" Single Family Residential Zoning District in which a Planned Unit Development is a permitted use; and,

WHEREAS, Section 10, Article 3: "PUD" Planned Unit Development District of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Planned Unit Development request; and

WHEREAS, the City of Isanti Planning Commission postponed the approval of the Preliminary Plat at the April 19th Planning Commission Meeting and requested that the number of lots be reduced to fit the R-1 Zoning District density standards; and

WHEREAS, the City of Isanti Planning Commission recommended approval of the Preliminary Plat for the PUD on May 17, 2022 during a special meeting; and,

WHEREAS, the City of Isanti City Council reviewed the requested Preliminary Plat at its regularly scheduled meeting on June 7, 2022; and,

NOW, THEREFORE, BE IT RESOLVED by the City of Isanti, that it hereby approves the requested PUD Preliminary Plat approval for Rum River Villas with the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms of the development. Development fees will be charged to the developer based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of any agreements and Plat shall be assumed by the developer.

4. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet
Side yard setback:	7.5 feet, each side
Garage setback:	7.5 feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

5. Trees and landscaping shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

6. Dedication, if required, of utility and access easements are granted to the City of Isanti.

7. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances and extend the bike trail.

8. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated April 7,2022 to Community Development Director Stephanie Hillesheim

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: April 19, 2022

SUBJECT: Request by Semler Construction Inc. for approval for a Preliminary Plat under City Ordinance 740, said request is for a development labeled Rum River Villas located at PID 16.111.0600

Request: The applicant is requesting Preliminary Plat Planned Unit Development approval for Rum River Villas for 53 single family lots on PID 16.111.0600.

Overview/Background:
In 2004, a preliminary plat for the Rum River Meadows development was approved which included future single-family housing lots on the subject site: PID 16.111.0600. When the Rum River Meadows 2nd Addition Final Plat was submitted, the subject site was platted into Outlot C of the development. Preliminary plat approval is needed again due to added lots from the original approved preliminary plat and the timeline has surpassed where the original preliminary plat has now expired. Semler Construction Inc, the applicants of this proposed project, have purchased the vacant land to develop 53 single family lots.

Analysis of Application

The development is intended to extend Rum River Drive SW and Maplewood Ave SW to the south. The preliminary plat submitted has varying house sizes and lot sizes across a total of 14.94 acres for the vacant parcel. The smallest lot in the development is proposed to be 7,188 square ft and the largest lot is proposed at 12,025 square ft. The average lot size is 8,600 square ft. Two outlots are proposed in the southwest corner of the site. Staff recommends turning portions of these outlots into dedicated right of way to plan for future connections of roadways of surrounding properties.

Zoning
The subject site is currently zoned "R-1" Single Family Residential and is proposed by the applicants as a PUD. City staff recommends that the underlying district for this proposed development should be rezoned to "R-3A" Low Density Multiple Family Residential based on the intended lot sizes and housing types of the PUD. Minimum requirements not mentioned in this PUD Master Plan submittal would then follow the Zoning Ordinance requirements for the R-3A Zoning District.

According to the City's Subdivision Ordinance if any zoning changes are contemplated, a proposed rezoning of the property can be reviewed and approved at the time of the Preliminary Plat Approval. The Planning Commission should discuss whether the underlying zoning district of R-1 Single Family Residential should be changed to the R-3A Low Density Multiple Family Residential Zoning District in order to better fit the lot sizes and housing types proposed for the development.

Comprehensive Plan
According to the Future Land Use Map found in the City's 2020 Comprehensive Plan, this parcel is guided as Low Density Residential. Housing Density in this classification is 0-3 units per acre. The proposed development calls for 3.55 units per acre (53 lots / 14.94 acres). This development falls outside of the Low-Density Residential housing density of 0-3 units per acre, however the next step of Medium Density Residential housing density accommodates for 4-8 units per acre. The proposed density of 3.55 units per acre would be most consistent with the Low-Density Residential category by definition.

Grading Plan/Utilities Plan/ Stormwater Plan
The City Engineer's memo is attached. With revisions laid out in the report, Engineering is recommending approval.

Staff Recommendation:

Staff recommends approval of the Preliminary and Final Plat subject to the following conditions:

1. The developer must enter into a Development Agreement with the City of Isanti, which will outline the general terms of the development. Development fees will be charged to the developer based upon the City Fee Schedule.

2. The developer shall be responsible for any and all permits and approvals that may be necessary from other applicable governmental agencies. These permits and approvals shall be submitted to the City of Isanti and/or other governmental jurisdictions that may require said permits prior to development.

3. Any and all costs associated with the recording and processing of any agreements and Plat shall be assumed by the developer.

4. The setback requirements are as follows:

Front yard setback:	Thirty (30) feet
Side yard setback:	7.5 feet, each side
Garage setback:	7.5 feet
Street side yard setback:	Twenty (20) feet
Rear yard setback:	Thirty (30) feet

5. Trees and landscaping shall be planted on each lot according to Section 15 of the City Zoning Ordinance.

6. Dedication, if required, of utility and access easements are granted to the City of Isanti.

7. The developer, at their cost must install sidewalks consistent with City Codes and Ordinances and extend the bike trail.

8. Address items/conditions identified in the Memorandum from City Engineer Jason Cook dated April 7,2022 to Community Development Director Stephanie Hillesheim

MEMORANDUM

Date: April 7, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Rum River Villas – Site Plan, Stormwater Management Plan & Preliminary Plat Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan, Preliminary Plat, and Hydraulics Report all entitled "Rum River Villas" with a plan set signature date of March 11, 2022 and received at the City on March 25, 2022.

The plat includes the construction of 53 single family lots. The submitted plan set includes the extension of city streets and utilities as well as site and storm water pond grading.

Also submitted was a stormwater management plan and modeling dated March 11, 2022.

We have reviewed the submitted documents and have the following comments:

Stormwater Management Plan:

1. What are the building low opening elevations for the 3 structures on the property south of this site? They will need to be above the proposed B-B 100yr event.
2. Confirm 279th gravel driveway will not be flooded in the 100-yr event. It appears there is a 0.5' buffer.
3. Verify ground water elevation and percolation rate of pond and update model accordingly.

Geotechnical Evaluation:

1. Complete soil borings and provide pavement design, ground water table, and percolation rate at the pond.

Plan Set:

1. Sheet 3 of 8: Preliminary Plat
    a. Change Outlot B and the 30' roadway easement along the south side of Outlot A into 30' wide Right-of Way. Label each ROW with street names following the naming convention in the area (alphabetical tree names)
        i. Get signed document from resident to the south stating they have a private driveway in the City ROW that the resident is solely responsible to maintain until it is removed when the future roadway is constructed.
    b. Change Maplewood Avenue street name to Juniper Avenue SW starting at the intersection of Ironwood Ave SW continuing south. There is already a Maplewood & Rum River drive intersection north of this site.
    c. Submit temporary cul-de-sac easement for west end stub street.

2. Sheet 4 of 8:
    a. Add call outs for watermain fittings, valves, hydrants etc.
        i. Add valves at intersections one less valve per leg of watermain pipe.
    b. Add profiles showing watermain, sanitary, and storm sewer sizes, depths and grades.
    c. Add proposed street profiles grades and vertical curve call outs.
    d. Add intersection details showing grade through curb radii.
    e. Add storm leads sheets showing all proposed pipes and structures
    f. Add all sanitary sewer services and water services to plans, call out invert at ROW and grade of service pipe.
    g. Extend 10" watermain to the west dead end.
    h. Sidewalk should run 6' from back of curb.
        i. Remove ped ramp to south in the NW quadrant of Maplewood & Rum River Drive.
    i. Trail should run 2' from ROW line.
3. Sheet 5 of 8:
    a. Trail should run 2' off the ROW line.
    b. Add concrete pedestrian ramp with truncated domes at the South Passage Intersection. Add cross walk blocks and stop bar as well. Relocate stop sign to the west side of the new crosswalk.
4. Sheet 6 of 8:
    a. Will the existing storm apron that catches the county ditch at the SE corner of the site have adequate cover to the trail, and fit the trail side slope as to not drop off at the trail edge?
    b. Will the pond be a wet pond with a NWL as called out on plan? Or an infiltration basin? Get soil boring to determine groundwater level. If wet pond, will need to have 10' bench and dead storage per design requirements.
5. Sheet 7 of 8:
    a. Add the following details:
        i. Proposed structures, hydrant with gate valve, sewer and water service leads, surmountable curb ("Edina style")
        ii. Trail section shall be 2.5" SPWEA240B with 4" Cl 5 base.
        iii. Revise typical sections to show walk 6' from back of curb.
6. Sheet 8 of 8:
    a. Provide wall anchor design and detail of wall type, footing and drain layout.

7. Sheet L1 of 2:
    a. Verify no trees will be planted within 10 feet of proposed pipes or in easements.
8. Add the following table to the plan set:
    a. Show elevation of proposed low floor and low opening if each lot.
    b. Show sewer service invert at right of way. Verify all 4-inch services can be installed at 1.5% minimum grade and still service all proposed building elevations.
    c. Show elevation of 2-feet above the B-B 100-year event at each parcel along pond. Verify low opening elevation is at least 2-feet above the B-B 100-year flood elevation.
    d. Show elevation of 1-foot above the emergency overflow at each parcel including back yard inlets. Verify low opening elevation is at least 1 foot above emergency overflow elevation.
9. Add a signage and striping plan. Show cross walks at all ped ramp crossings with stop bar. Show cross walk sign with arrow at the non-stop condition crossing.
    a. Show two permanent type-III barricades at the west end of stub street.
    b. Show street name signs at intersection and at Maplewood street name change near trail crosswalk.
10. Add lighting plan.
11. Fill out SWPPP checklist (attached)
12. Submit specifications.
13. Submit construction cost estimate.

We recommend requiring the additional submittal documents be submitted for review and approved prior to approval of a development agreement.

Please contact me if you have any questions.

Memo for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: June 7, 2022
Subject: Resolution 2022-XXX Approving a Special Event Permit Application for Isanti Rodeo Jubilee Days

---

Background

The North 65 Chamber of Commerce has submitted an application requesting a Special Event Permit for the 2022 Isanti Rodeo Jubilee Days. The event is scheduled for July 7, 2022 from 3-10pm and July 9, 2022 from 7am-4pm and will take place on City property throughout downtown Isanti. The parade, being held on July 7, 2022, will utilize City streets and require multiple approved road closures between Centennial Dr and Hwy 65. A map of the proposed route and the requested closures is included in the Special Event Permit application. The Kids Day event on July 9, 2022 will run along Main Street and use both public and private property. Permission has been granted from all private properties and are enclosed in the Special Event Permit application packet.

The applicant is anticipating about 10,000 people in attendance at the parade, and about 3,000 in attendance for Kids Day activities. The event will include a parade, games, music, outhouse races, vendor booths and food trucks onsite.

A few comments from the Police Chief regarding the application include notifying the North 65 Chamber of Commerce Isanti Police will have a presence at the event, but will have to tend to other duties and matters within the City as well and may be called offsite in the event of emergencies elsewhere.

The City has approximately 12 barricades they can offer for the event for road closures. The North 65 Chamber of Commerce will have to rent additional barricades for closures if needed as cones are not sufficient enough for the high level of traffic anticipated during the event.

Portable restrooms will be added along the event maps to adequately account for event attendance needs. The applicant and event volunteers will be responsible for cleaning up all event areas after the event. Public Works will assist in clearing the streets after the parade.

In addition to the Special Event Permit, the applicant will submit a list of vendors as a Peddler ahead of the event, as applicable. A draft public notice letter has also been included with the application and will need to be sent to area businesses and residents ahead of the event.

Special Event Permit application materials, including event maps, have been included for Council review.

All City Department Heads, along with the Fire Department have reviewed and recommend approval with the aforementioned comments being considered.

Staff Request

City staff are requesting City Council's approval of the Special Event Permit application for the Isanti Rodeo Jubilee Days.

Data Practices Advisory
Tennessen Warning – Special Event Permit

You are being asked to answer questions and provide information pursuant to the special event permit application process that is required by the City of Isanti, Minnesota city code. The purpose and intended use of the requested data is to verify that each applicant meets the requirements for state statues and city code provisions and, if the license or permit is approved, to verify that all required data remains current. The following data collected, created, or maintained is classified under the Minnesota Government Data Practices Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (other than names and designated addresses)
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action
3. Entire record concerning any disciplinary proceeding
4. License numbers
5. License status

The following data collected, created, or maintained is classified under the Act as private data (Minn. Stat. § 13.41, subd. 2):

1. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure
2. The nature or content of unsubstantiated complaints when the information is not maintained in anticipation of legal action
3. Inactive investigative data relating to violations of statutes or rules
4. Record of disciplinary proceedings, except as limited by the provisions above

The following data collected, created, or maintained is classified under the Act as confidential data ((Minn. Stat. § 13.41, subd. 4) :

1. Active investigative data relating to complaints against any license.

Under law, private data may be shared with licensing and inspection employees, approval authorities, insurance providers, law enforcement employees, contracted inspection officials, city officials who have a bona fide need for it, or as required by court order. The City of Isanti may make any data classified as private or confidential accessible to an appropriate person or agency if the licensing agency determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety.

We ask that you complete or provide all data requested on the application form(s) unless we have noted that it is not required. Refusal to supply required information may mean that your application cannot be processed.

Hi Katie,

When we spoke a few weeks ago, I mentioned our request to use the NE corner of the Best Western Plus parking lot for a food truck during the parade on July 7.
For our city of Isanti special event permit, I will need an acknowledgement that we are able to use your property for this purpose.

You can provide your authorization by replying to this email or issuing a letter, whichever you choose.

On behalf of the North 65 Chamber of Commerce and the Isanti Rodeo Jubilee Days committee, I am requesting use of your property located at 409 Main St E, Isanti, MN 55040
on Thursday, July 7 for the Isanti Rodeo Jubilee Days parade.

Please let me know if you have any questions.
Thank you,
Melissa

Hi Melissa,
Yes, It is all good to use the parking lot for the parade line up, and to put up port a potties.

Yes our group is planning on selling hamburgers and bratts if that works for you.

Blessings

This letter is to inform you, the business owner and/or resident of the City of Isanti of the use of public streets and/or land for the events of Jubilee Days as follows:

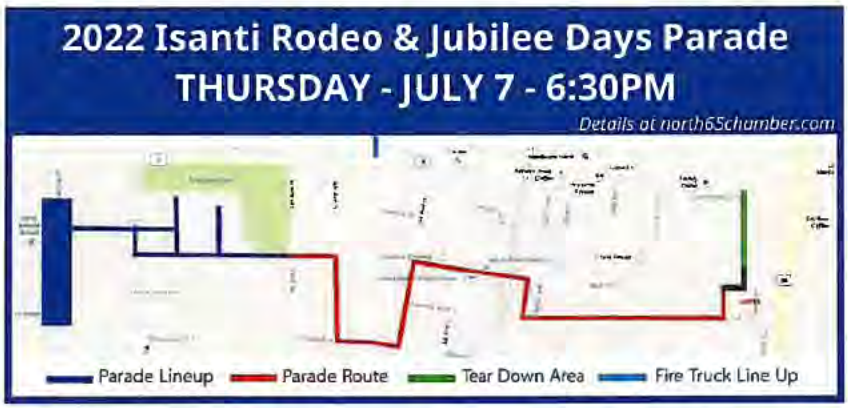
Thursday, July 7, 2022
Please refer to the map shown. No parking signs will be put up in these areas the morning of the parade.

At 4:00pm, Main Street in downtown Isanti between 2nd Ave and the railroad tracks will be closed to vehicles.

At 5:00pm, parade floats will begin to line up. These areas are shown in blue on the map and includes Main Street between 5th Ave and Whiskey Rd, Oakwood St, Brookview Court and Rosewood Ave.

Main Street will be one way from West to East (Co Rd 23 to 5th Ave and will be closed to non-parade and non-resident traffic at 5:00 P.M. (Residents can still get through **from the West,** but as it gets closer to parade time it will be very difficult to get into this area. Please try to have visitors come early to beat the congestion.

At 6:30pm, the parade will begin at Main Street and 5th Avenue and travel east along Main Street, then south on 4th Ave, east on Elizabeth, north on 2nd Ave, east on Main Street, south on Railroad Ave, east on Broadway, north on Richard and then conclude. Floats will move toward the tear down area on 5th Ave NE.



It will be very difficult to get into this area after 5:00 P.M. and impossible to travel Westbound past 5th Ave until the parade is over.

Thank you for your cooperation and patience!

Saturday, July 9, 2022
Main Street from 2nd Ave east to just west of the railroad tracks, and 1st Ave just north of Main Street will be closed from 6:00am until 4:00pm. There will be no parking available in the City Hall/Community Center parking lot. Numerous activities will be held such as a run /walk, presentations, turtle races, kid's games, outhouse races, Artisan Market, BMX strider race, live music, vendor booths, food trucks and more.

We invite you to join us for this annual community festival.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: June 7, 2022
Subject: Resolution 2022-XXX approving the Interim Use Permit for a Tattoo Parlor in the B-2 General Business District located at 303 Credit Union Dr NE, Ste 5

Overview/Background:
An Interim Use Permit application was submitted for a Tattoo Parlor at 303 Credit Union Dr NE for Idle Hands Tattoo. The previous IUP for Idle Hands Tattoo was given a 3-year term back in 2019 and will expire in June of 2022. This item was discussed at the May 17, 2022 Planning Commission Meeting and was open for a Public Hearing. Representatives for Idle Hands Tattoo attended the meeting and were available for questions from the Planning Commission. There was no public comment on the topic of the Interim Use Permit. The Planning Commission commended the owners of Idle Hands Tattoo for turning in their resubmittal prior to the deadline and following the ordinances. City staff pointed out that the term length of the previous IUP was three years and that this could be extended or shortened upon request of the Planning Commission and Council. The Planning Commission thought that the term length of 3 years made sense for this business and that extending it might be too long in between needing the permit.

The Planning Commission made a motion to approve the Interim Use Permit for a Tattoo Parlor with conditions listed in the May 17, 2022 staff report, the motion passed 7-0.

Request:
Approval of an Interim Use Permit for a Tattoo Parlor in the B-2 General Business District located at 303 Credit Union Dr NE, Ste 5 for Idle Hands Tattoo.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING AN INTERIM USE PERMIT FOR A TATTOO PARLOR LOCATED AT 303 CREDIT UNION DR NE, STE 5

WHEREAS, Idle Hands Tattoo (applicant) has requested approval for an Interim Use Permit for a Tattoo Parlor at 303 Credit Union Dr NE, Ste 5 in the City of Isanti (PID 16.029.0500); and,

WHEREAS, Notice of the Conditional Use Permit application was published with the *County Star* on May 6, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address; and,

WHEREAS, the property is located in the "B-2" General Business District and is subject to these zoning district requirements in which a *Tattoo Parlor* is an interim use; and,

WHEREAS, Section 21, Article 3: Interim Use Permits, Subdivision 5 of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing an Interim Use Permit request as well as Section 21, Article 3: Interim Use Permits, Subdivision 6 establishes additional conditions of approval that shall be used to evaluate any proposed Interim Use Permit request; and

WHEREAS, the proposed use for a Tattoo Parlor meets all of the General Performance Standards of the Zoning Ordinance; and,

WHEREAS, the City of Isanti City Council reviewed the requested Conditional Use Permit at its regularly scheduled meeting on June 7, 2022; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of the Interim Use Permit for a Tattoo Parlor on May 17, 2022.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Findings of Fact and Conclusion related to the requested Interim Use Permit for a Tattoo Parlor at 303 Credit Union Dr NE, Ste 5;

BE IT FURTHER RESOLVED that the requested Interim Use Permit be hereby APPROVED subject to the following conditions:

1) Any applicable licensing and permits shall be obtained from the proper City, State, County, and Federal Governments as deemed necessary.

2) Any other recommendations from the Planning Commission

3) Signed permission of lease from Property Owner shall be provided to City Staff for review

This Resolution is hereby approved by the Isanti City Council this 7th day of June, 2022

FINDINGS OF FACT AND CONCLUSION

Interim Use Permit for a Tattoo Parlor – 303 Credit Union Dr NE, Ste 5

Prepared by Community Development Specialist Ryan Saltis

Request

Request by Idle Hands Tattoo for an Interim Use Permit for a Tattoo Parlor located at 303 Credit Union Dr NE, Ste 5

Findings of Fact

1. The applicant is requesting approval of an Interim Use Permit for the property located at 303 Credit Union Dr NE, Ste 5.
2. The property is zoned "B-2" General Business District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on May 17, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on May 6, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 3: Interim Use Permits, Subdivision 5 of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing an Interim Use Permit request as well as Section 21, Article 3: Interim Use Permits, Subdivision 6 establishes additional conditions of approval that shall be used to evaluate any proposed Interim Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 3, Interim Use Permits Subdivision 5; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed use shall meet the applicable zoning regulations
   The existing Tattoo Parlor is not expected to negatively impact the health, safety, and general welfare of occupants of surrounding properties.

   B. The proposed use will not adversely impact implementation of the Comprehensive Plan
   The inclusion of a Tattoo Parlor within the Dual Square Mall has not limited or adversely impacted the implementation of the Comprehensive Plan.

   C. The proposed use will terminate upon a date or event that can be identified with certainty
   The Planning Commission and City Council shall set a reasonable timeline in which the proposed Interim Use Permit would expire. Staff suggests that the Interim Use Permit will expire in 3 years, which is consistent with the previous term of the IUP for this business.

   D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and

The Tattoo Parlor will not impose additional future costs on the public since it is within the Isanti Mall.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and
Idle Hands Tattoo has a signed lease with the owners of the Isanti Mall. City staff suggests that the applicant provides proof of a signed lease with the property owners as part of the IUP submittal requirements.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
Idle Hands Tattoo will be expected to meet any conditions set by the property owner, Planning Commission and City Council in order to operate their business in this location.

2. Section 21, Article 3, Subd. 6 addresses conditions for approval for an Interim Use Permit. The standards and staff responses *(italicized)* are below:

In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;
L. Controlling architectural appearance and functional design of the building or site;
M. Applicable performance standards of the zoning district in which such use is located are met and nonconformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

City staff does not expect there to be site issues resulting in the Tattoo Parlor's continued business operations since it is located within the Isanti Mall and the site has been previously designed to accommodate for tenants in this building.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on May 17, 2022. Planning Commission Recommendation: Motion by Collison seconded by Simon to recommend approval of the Interim Use Permit for a Tattoo Parlor located in the B-2 Zoning District at 303 Credit Union Dr NE, Motion passed 7-0.

The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: May 17, 2022

SUBJECT: Interim Use Permit to operate a Tattoo Parlor in the B-2 General Business District located at 303 Credit Union Dr NE, Ste 5

Overview/Background
The applicant, Idle Hands Tattoo was approved for an Interim Use Permit (IUP) in June of 2019, for a Tattoo Parlor at this proposed location within the B-2 General Business zoning district.
A Tattoo Parlor is considered an Interim Use within this zoning district, meaning that the use is permitted in this location given that the use is approved by the City Council within a specified time frame and given conditions of approval. The approved Interim Use Permit had been granted for a period of three years, and expires on June 30th, 2022. Idle Hands Tattoo has resubmitted an Interim Use Permit application to extend their eligibility for a Tattoo Parlor at this location.

Analysis of Application
Zoning: The subject property is located at 303 Credit Union Dr NE, and is part of the Isanti Mall. This property falls within the "B-2" General Business District. Within the zoning ordinances for this zoning district, a 'Tattoo Parlor' is considered an Interim Use.

Section 21, Article 3, Subd. 5 addresses criteria for granting an Interim Use Permit. The standards for an IUP are listed below with staff comments *Italicized*:

The Planning Commission and City Council shall consider the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding properties. The Planning Commission and City Council shall consider and make findings regarding the following factors:

A. The proposed use shall meet the applicable zoning regulations
The existing Tattoo Parlor is not expected to negatively impact the health, safety, and general welfare of occupants of surrounding properties.

B. The proposed use will not adversely impact implementation of the Comprehensive Plan
The inclusion of a Tattoo Parlor within the Dual Square Mall has not limited or adversely impacted the implementation of the Comprehensive Plan.

C. The proposed use will terminate upon a date or event that can be identified with certainty
The Planning Commission and City Council shall set a reasonable timeline in which the proposed Interim Use Permit would expire. Staff suggests that the Interim Use Permit will expire in 3 years, which is consistent with the previous term of the IUP for this business.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and
The Tattoo Parlor will not impose additional future costs on the public since it is within the Isanti Mall.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and
Idle Hands Tattoo has a signed lease with the owners of the Isanti Mall. City staff suggests that the applicant provides proof of a signed lease with the property owners as part of the IUP submittal requirements.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
Idle Hands Tattoo will be expected to meet any conditions set by the property owner, Planning Commission and City Council in order to operate their business in this location.

Subdivision 6: Conditions of Approval
In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;
L. Controlling architectural appearance and functional design of the building or site;

M. Applicable performance standards of the zoning district in which such use is located are met and nonconformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

City staff does not expect there to be site issues resulting in the Tattoo Parlor's continued business operations since it is located within the Isanti Mall and the site has been previously designed to accommodate for tenants in this building.

Staff Recommendation
Staff recommends approval with the following conditions:

1) Any applicable licensing and permits shall be obtained from the proper City, State, County, and Federal Governments as deemed necessary.

2) Any other recommendations from the Planning Commission

3) Signed permission of lease from Property Owner shall be provided to City Staff for review

Subject: Resolution 2022-XXX approving the Interim Use Permit for a Tattoo Parlor in the B-2 General Business District located at 401 E Dual Blvd NE, Ste 122

Overview/Background:
An Interim Use Permit application was submitted for a Tattoo Parlor at 401 E Dual Blvd NE, Ste 122 for Black Moon Tattoo. City Staff was notified that there was a tattoo shop operating within the Dual Square Mall without an Interim Use Permit and notified the owners.

During the May 17, 2022 Planning Commission Meeting, the topic was discussed during the public hearing. The applicant was present at the public hearing and was available for questioning from the Planning Commission. Mayor Johnson read aloud a letter that was submitted to him on behalf of Idle Hands Tattoo, located at 303 Credit Union Dr NE, Ste 5. The letter expressed concern for Black Moon Tattoo operating without the Interim Use Permit and without obtaining other licensing from the state that is necessary for operating a tattoo shop. The letter stated that the owner of Black Moon Tattoo did not do their due diligence when researching proper permitting and licensing. Staff pointed out that one of the conditions of approval for granting the IUP would be for the applicant to obtain the proper state licensing. Staff also mentioned that the length of the terms of the Interim Use Permit can be determined by the Planning Commission and City Council, and that if they feel that there is cause for concern, that they can shorten the length granted in the IUP. The Planning Commission recommended that the business will be given a 1-year term for the permit, and that the tattoo shop will have to stop business operations in this location until the Interim Use Permit is passed at the June 7th City Council Meeting. A cease-and-desist letter has been sent to the applicant and is attached to this memo.

The Planning Commission made a motion to approve the Interim Use Permit for a Tattoo Parlor with conditions listed in the May 17, 2022 staff report, the motion passed 7-0.

Request:
Approval of an Interim Use Permit for a Tattoo Parlor in the B-2 General Business District located at 303 Credit Union Dr NE, Ste 5 for Idle Hands Tattoo.

FINDINGS OF FACT AND CONCLUSION

Interim Use Permit for a Tattoo Parlor – 303 Credit Union Dr NE, Ste 5

Prepared by Community Development Specialist Ryan Saltis

Request

Request by Idle Hands Tattoo for an Interim Use Permit for a Tattoo Parlor located at 303 Credit Union Dr NE, Ste 5

Findings of Fact

1. The applicant is requesting approval of an Interim Use Permit for the property located at 303 Credit Union Dr NE, Ste 5.
2. The property is zoned "B-2" General Business District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on May 17, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on May 6, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 3: Interim Use Permits, Subdivision 5 of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing an Interim Use Permit request as well as Section 21, Article 3: Interim Use Permits, Subdivision 6 establishes additional conditions of approval that shall be used to evaluate any proposed Interim Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 3, Interim Use Permits Subdivision 5; the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed use shall meet the applicable zoning regulations
   The existing Tattoo Parlor is not expected to negatively impact the health, safety, and general welfare of occupants of surrounding properties.

   B. The proposed use will not adversely impact implementation of the Comprehensive Plan
   The inclusion of a Tattoo Parlor within the Dual Square Mall has not limited or adversely impacted the implementation of the Comprehensive Plan.

   C. The proposed use will terminate upon a date or event that can be identified with certainty
   The Planning Commission and City Council shall set a reasonable timeline in which the proposed Interim Use Permit would expire. Staff suggests that the Interim Use Permit will expire in 3 years, which is consistent with the previous term of the IUP for this business.

   D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and

The Tattoo Parlor will not impose additional future costs on the public since it is within the Isanti Mall.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and
Idle Hands Tattoo has a signed lease with the owners of the Isanti Mall. City staff suggests that the applicant provides proof of a signed lease with the property owners as part of the IUP submittal requirements.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
Idle Hands Tattoo will be expected to meet any conditions set by the property owner, Planning Commission and City Council in order to operate their business in this location.

2. Section 21, Article 3, Subd. 6 addresses conditions for approval for an Interim Use Permit. The standards and staff responses *(italicized)* are below:

In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;
L. Controlling architectural appearance and functional design of the building or site;
M. Applicable performance standards of the zoning district in which such use is located are met and nonconformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

City staff does not expect there to be site issues resulting in the Tattoo Parlor's continued business operations since it is located within the Isanti Mall and the site has been previously designed to accommodate for tenants in this building.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on May 17, 2022. Planning Commission Recommendation: Motion by Collison seconded by Simon to recommend approval of the Interim Use Permit for a Tattoo Parlor located in the B-2 Zoning District at 303 Credit Union Dr NE, Motion passed 7-0.

The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Re: Cease and Desist Tattoo Parlor Operations

Dear Mr. Morton,

On May 17, 2022 the Planning Commission reviewed the Interim Use Permit for Black Moon Tattoo located at 401 E Dual Blvd NE in Isanti, Minnesota.

The Planning Commission discussed the issue of Black Moon Tattoo operating without proper permitting within the City of Isanti, including the required Interim Use Permit from the City of Isanti, as well as an establishment license from the State of Minnesota Department of Health. The Planning Commission determined, with unanimous vote, to require Black Moon Tattoo to stop all operations until proper permitting and licensing has been received and confirmed.

The Planning Commission has recommended the approval of the Interim Use Permit to the City Council. The City Council will make a decision regarding the Interim Use Permit at the City Council meeting to be held on June 7, 2022 at 7:00pm located at Isanti City Hall. If approved, the applicant can forward documentation of the resolution confirming local zoning approval to the Minnesota Department of Health, as required by their establishment licensing as outlined in Minnesota State Statute Chapter 14B. Body Art. Once all required establishment licensing from the State of Minnesota (including a provisional license) has been presented to Community Development staff, Black Moon Tattoo will be able to resume operations as allowed under the Interim Use Permit described in the Zoning Ordinance (Isanti City Ordinance 445) Section 7: Article 2: Subdivision 4.

The Planning Commission has also recommended to Council that the Interim Use Permit expire in one (1) year from the date of approval if approved. At which time the applicant will be required to reapply for an Interim Use Permit from the City of Isanti.

Please let me know if you have any further questions or comments regarding this letter. I can be reached at shillesheim@cityofisanti.us or 763-444-5512.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: May 17, 2022

SUBJECT: Interim Use Permit to operate a Tattoo Parlor in the B-2 General Business District located at 401 E Dual Blvd NE, Ste 122

Overview/Background
City staff was notified of a tattoo shop operating inside the Dual Square Mall located at 401 E Dual Blvd NE. Staff was able to get ahold of the owners of the shop, and notify them that they will need an interim use permit to operate a tattoo parlor in this location.

The owners of Black Moon Tattoo cooperated with City Staff and submitted an Interim Use Permit in order to be compliant with City Zoning Ordinances. The applicant also submitted a letter to the city which is attached to this memo as an exhibit.

Analysis of Application
Zoning: The subject property is located at 401 E Dual Blvd NE, and is part of the Dual Square Mall. This property falls within the "B-2" General Business District. Within the zoning ordinances for this zoning district, a 'Tattoo Parlor' is considered an Interim Use.

Section 21, Article 3, Subd. 5 addresses criteria for granting an Interim Use Permit. The standards for an IUP are listed below with staff comments *Italicized*:

The Planning Commission and City Council shall consider the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding properties. The Planning Commission and City Council shall consider and make findings regarding the following factors:

A. The proposed use shall meet the applicable zoning regulations
The proposed Tattoo Parlor is not expected to negatively impact the health, safety, and general welfare of occupants of surrounding properties.

B. The proposed use will not adversely impact implementation of the Comprehensive Plan
The inclusion of a Tattoo Parlor within the Dual Square Mall does not limit or adversely impact the implementation of the Comprehensive Plan.

C. The proposed use will terminate upon a date or event that can be identified with certainty
The Planning Commission and City Council shall set a reasonable timeline in which the proposed Interim Use Permit would expire. Staff suggests that the Interim Use Permit will expire in 3 years, which is consistent with other Tattoo Parlor IUP's in the city.

D. The proposed use will not impose additional costs on the public if it is necessary for the public to take the property in the future; and
The Tattoo Parlor will not impose additional future costs on the public since it is within the Dual Square Mall.

E. The applicant has signed a consent agreement agreeing that the applicant, owner, operator, tenant and/or user has no entitlement to future re-approval of the Interim Use Permit; and
Black Moon Tattoo has signed a lease with the owners of the Dual Square Mall which will expire at the end of 2022. Black Moon Tattoo will have to renew the lease with the Dual Square Mall in order to keep the proposed Interim Use Permit, IUP's don't transfer with the business if they were to move locations.

F. The proposed use will be subjected to, by agreement with the property owner, any conditions that the City Council deems appropriate for permission of the proposed interim use, including a condition that the owner may be required to provide an appropriate surety to cover the cost of removing the interim use and any interim structures upon the expiration of the interim use.
Black Moon Tattoo will be expected to meet any conditions set by the property owner, Planning Commission and City Council in order to operate their business in this location.

Subdivision 6: Conditions of Approval
In permitting a new interim use permit or amending an existing interim use permit, the Planning Commission may recommend and the City Council may impose, in addition to the standards and requirements expressly specified by this section, additional conditions which the Planning Commission and/or City Council consider necessary to protect the best interest of the surrounding area or the community as a whole. These conditions may include, but are not limited to, the following:

A. Increasing the required lot size or yard dimensions;
B. Limiting the height, size, or location of buildings;
C. Controlling the location and number of vehicles access points;
D. Increasing the street width;
E. Increasing the number of required off-street parking spaces;
F. Limiting the number, size, location or lighting of signs;
G. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property;
H. Designation of open space;
I. Obtaining the necessary licenses as required by the City of Isanti, Isanti County or State of Minnesota;
J. Restrictions on the hours of operation;
K. Exterior lighting is limited to protect adjacent or nearby property;

L. Controlling architectural appearance and functional design of the building or site;
M. Applicable performance standards of the zoning district in which such use is located are met and nonconformities are eliminated;
N. Annual review, if deemed appropriate by the City Council.
O. Any additional stipulations, pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public, health, safety, and welfare, can be served as well or better by modifying or expanding upon the conditions set forth herein.

City staff does not expect there to be site issues resulting in the Tattoo Parlor's business operations since it is located within the Dual Square Mall and the site has been previously designed to accommodate for tenants in this building. The floor plans show two procedure rooms, a lobby and an office and is not intended to hold many occupants at once, as most clients are encouraged to schedule appointments online or over the phone. The only expected changes to the building or site would be potential signs that are on the building or within the windows of the business. City Staff suggests that the applicant submit a sign permit and follow City Zoning Ordinances Section 16: Signs, if there is any proposed signage added for advertisement of the business.

Staff Recommendation
Staff recommends approval with the following conditions:

1) Any applicable licensing and permits shall be obtained from the proper City, State, County, and Federal Governments as deemed necessary.

2) Signage to be applied for and reviewed by the city prior to installation.

3) Any other recommendations from the Planning Commission

I am entirely new to owning a business. I was initially unaware that body art establishments needed a city permit in district B2. I thought I had checked the zoning laws. But, when I submitted my State Establishment License Application, I quickly learned that I was mistaken, and that I needed an interim usage permit from the city. I apologize for doing this in the incorrect order. I want to make sure I'm doing everything properly.

My interest is to operate a "Tattoo Parlor" in suite 122 of the Dual Square Mall, as semi-private tattoo studio, and art studio. That means we would be a small studio that will be open to the public, but we prefer all client inquires and appointments be made online or over the phone. It will only be myself and one other technician. We don't do piercings, or any other body modifications. We will also have our paintings and other artwork on display inside the shop, such as realistic wildlife art that my relatives paint.

My family and I reside locally and have lived in this area most our lives. Hannah, the other artist that will work here, is also an Isanti local as well. I have been tattooing 12 years and have worked in many high-end tattoo studios around the Northern Metro. I've won numerous awards for my art. I have a long list of clients that travel from all over the state, and some from out of state. The other artist that will work along with me will be handling most the requests from new, local patrons.

I am married and have 3 children. I don't fit the negative stereotype that is sometimes associated with tattoo artists, nor will my shop resemble that in any way. My clients are all respectable adults. My focus is on art and professionalism. I believe I will bring a positive business presence to Isanti. I would be happy and willing to participate in any local business events or organizations. I've met many of the nearby business owners and employees. They are all very friendly people, and say they're exited to see a tattoo shop in the building.

My lease for this space with Bullseye Properties expires on 12-31-2022. I haven't decided whether I would want to stay here or move to a bigger space at that time, so I believe it would make sense to request an interim permit until that date. If I wish to stay in this location past that date, I can reapply prior to that time.

Thank you!

Gabriel Morton

MEMORANDUM

Date: June 9, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North –Letter of Credit Adjustment 4
City of Isanti, MN
Project No.: 0R1.125451

The Developer of the Fairway Greens North subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is a different process than we have used in the past.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 20% of the requested amounts of non-permanent items is held to ensure the temporary items are removed at the end of the project, and 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached are the invoices from the contractor for unpaid work to date in the amount of $298,208.66. The winter conditions change order ($9,275) was not included in the original letter of credit balance and there for should not be included in the amount of reduction.

The materials have been found to be in compliance with city standards and all tests have passed to date.

Following city standard retainage practices, we recommend releasing 95% of the eligible items in the amount of $274,486.98.

Once the City receives verification that the owner has paid the engineering invoices to date, we recommend approving the reduction of the Letter of Credit in the amount of **$274,486.98** for materials incorporated into the project. This would hold $14,446.68 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

Community Development Director Stephanie Hillesheim

1. **Resolution 2022-112** Vacating Certain Drainage and Utility Easement Dedicated to the City of Isanti
   Community Development Director Stephanie Hillesheim shared this is a resolution vacating certain drainage and utility easement dedicated to the City of Isanti. This vacation will allow the City of Isanti to plat the industrial lots to meet the needs of the new layout. The Planning Commission approved it at the May 17, 2022 meeting.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion carried unanimously.

2. **Resolution 2022-113** Approving the Final Plat for Isanti Railview North Industrial Park
   Community Development Director Stephanie Hillesheim shared this is for the approval of the final plat for Isanti Railview North Industrial Park which the EDA currently owns and is requested to be platted for future industrial development.

   Motion by Lundeen, seconded by Collison to approve resolution as presented. Motion carried unanimously.

3. **Resolution 2022-114** Approving the Preliminary Plat for a Planned Unit Development Labeled Rum River Villas Located at PID 16.111.0600
   Community Development Director Stephanie Hillesheim shared this is a request from Semler Construction for a Preliminary Plat. Generally, it usually comes to a final plat but Semler is waiting until the Spring to start construction. Semler has one (1) year to get a Preliminary Plat extension. The Planning Commission recommended approval on May 17, 2022.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion carried unanimously.

4. **Resolution 2022-115** Approving a Special Event Permit Application for Cambridge-Isanti Soccer Rec Tournament
   Community Development Director Stephanie Hillesheim shared this is for the Cambridge-Isanti Soccer Recreation Club. The organization is requesting a special event permit for their recreation tournament on June 25, 2022 from 8:00 a.m. to 5:00 p.m. The event will take place at the Soccer Complex.

   Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion carried unanimously.

5. **Resolution 2022-116** Approving a Special Event Permit Application for 2022 Jubilee Days
   Community Development Director Stephanie Hillesheim shared this is a special event permit request from the North 65 Chamber of Commerce for 2022 Isanti Rodeo Jubilee Days for July 7th from 3:00 p.m. to 10:00 p.m. and July 9th from 7:00 a.m. to 4:00 p.m.

   Mayor Jeff Johnson shared safety concerns about traffic and cars trying to get through the area last year.

   Melissa Bettendorf, North 65 Chamber of Commerce, shared that there is a change this year that when the music begins at 4:00 p.m., the two (2) blocks of Main Street between 2nd and the railroad tracks will be closed to prevent cars from driving through.

Motion by Lundeen, seconded by Bergley to approve resolution as presented. Motion carried unanimously.

6. **Resolution 2022-117** Approving an Interim Use Permit for a Tattoo Parlor Located at 303 Credit Union Dr NE, Ste 5 for Idle Hands Tattoo
   Community Development Director shared this is an Interim Use Permit application from Idle Hands Tattoo. The Planning Commission recommended approval of this application for three (3) years.

   Motion by Lundeen, seconded by Gordon to approve resolution as presented. Motion carried unanimously.

7. **Resolution 2022-118** Approving an Interim Use Permit for a Tattoo Parlor Located at 401 E Dual Blvd NE, Ste 122 for Black Moon Tattoo
   Community Development Director Stephanie Hillesheim shared this is a request for an Interim Use Permit for Black Moon Tattoo Parlor. They received a cease and desist letter after the May 17, 2022 Planning Commission meeting and have been cooperating with those requests as well as working with the State for their location license for moving forward with getting permitted from the MN Department of Health. Black Moon Tattoo has provided documentation that the other tattoo artist is licensed by the State of MN. The Planning Commission recommended approval to move forward for one (1) year for an Interim Use Permit once the City has the approved license from the State of MN but this is the first step in getting the approval.

   Motion by Bergley, seconded by Gordon to approve resolution as presented. Motion carried unanimously.

L. Approve Consent Agenda

1. Payroll in the Amount of $125,353.21 and Accounts Payable in the Amount of $723,864.71
2. **Resolution 2022-119** Accepting Resignation of Liquor Store Clerk II Jennafer Horgen
3. **Resolution 2022-120** Approving Sale of Forfeited Property at Public Auction
4. **Resolution 2022-121** Declaring Election Judge Wages for 2022 Elections
5. Approval for Advertising for Crop Lease Bids for EDA/City Owned Land

   Motion by Lundeen, seconded by Bergley to approve consent agenda as presented. Motion carried unanimously.

For consideration, please fill out the below information along with the attached conflict of interest statement signed and dated by you. Please submit all the information to:

City Clerk Jaden Strand. PO Box 428, Isanti, MN 55040 or
Jstrand@cityofisanti.us, 763-444-5512

Name: Madisson Masucci E-mail: [redacted]

Address: [redacted]

Phone Number: [redacted]

Board Seat for which you are applying for:

(Parks, Recreation, and Culture Board) Economic Development Authority Planning Commission

For Consideration on the Board you must circle at least one:

(City of Isanti Resident) Non-Resident of Isanti

State:

Education and/or Knowledge that will be useful to the Board:

Bachelors of Forest Science, Masters of Natural Sciences and Environmental Education. I currently am the Metro Cooperative Forester for the Minnesota Department of Natural Resources and work with Private Landowners, Communities, and Schools to manage natural areas and educate the public on environmental topics.

Why you are interested on being on the Board?

I have a passion for connecting people with the outdoors and have recreated in many of our natural spaces and parks in Isanti. I love the diversity of outdoor recreation opportunities that we have and would love to contribute to continuing to establish and enhance our city parks and natural areas for the citizens of Isanti.

What is your vision of Isanti?

My vision of Isanti would be a continuation of maintaining our current parks and natural spaces while looking for additional opportunities to expand our park programming to be more accessible and diverse. Increased programming could help our city increase visitors to our parks and encourage more engagement with the parks. I would also like to establish a volunteer network to help with removal of invasive species in our natural areas.

Any other pertinent information that might to be taken into consideration. You may attach additional pages.

Subject: Consider Resolution Authorizing the Purchase of Snow Plow Truck Equipment Package

---

Background:

The City Council authorized the replacement of a Snow Plow Truck and Equipment in the amount of $218,565.00 when adopting the 2022 budget. This vehicle would be replacing the 2007 Sterling snow plow truck. Council already approved the plow truck at the May 3rd Council meeting and the remaining is the equipment package. Staff received state contract pricing for the snowplow equipment package in the amount of $150,078.00. Due to unforeseen price increases when including the budgeted CIP amount the truck and equipment package are $47,002.64 overbudget. The finance Director will make the necessary budget adjustments with the funding source was identified as Streets (500). Delaying the purchase of the snow plow truck equipment package would result in the new snow plow being inoperable for the 2022-2023 season to wait until next year to purchase the package; J-Craft is projecting the package would be higher if we wait.

Recommendation:

Staff is recommending to accept the quote from J-Craft for the Snow Plow Truck Equipment Package.

Request:

Staff is requesting action on this item.

RESOLUTION 2022-XXX

AUTHORIZING THE PURCHASE OF SNOW PLOW TRUCK EQUIPMENT PACKAGE

WHEREAS, Public Works is in need of replacing a 2007 Sterling Snow Plow Truck with equipment package; and,

WHEREAS, the Capital Improvement Plan has $218,565.00 available for the purchase; and,

WHEREAS, staff received state contract pricing for the equipment package from J-Craft in the amount of $150,078.00; and,

WHEREAS, due to unforeseen price increases since setting the budget the purchase is $47,002.64 overbudget, and;

WHEREAS, the Finance Director will make the necessary budget adjustments, and;

WHEREAS, a funding source identified as Streets (920) fund balance, increasing budget expenditures to 920-43100-500 capital outlay;

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISANTI, MINNESOTA to accept the quote from J-craft for the equipment package in the amount of $150,078.00, to allow the City Administrator to sign the required documentation and allow the Finance Director to make the necessary budget adjustments based on actual final costs with the funding source identified 920-43100-500.

This resolution was duly adopted by the Isanti City Council the 21st day of June 2022.

MEMO for Council Action

To: **Mayor Johnson and Members of the City Council**
From: Stephanie Hillesheim, Community Development Director
Date: June 16, 2022
Subject: Resolution to Approve Special Event Permit for Isanti Firefighters Rodeo Association

---

Background

Isanti Firefighters Rodeo Association has submitted a special event permit application to host a five-day PRCA Rodeo event to be held at the Isanti Firefighters Rodeo Association Grounds on July 9, 10, 2022. With three days of set-up prior to the event.

No road closures are being requested, but "Slow Crossing" sign on 3rd and 1st Ave are being requested as well as possible orange traffic cones for the cross walk between Isanti Primary School and Unity Park.

Additional parking will be needed for event. A map included with the event requests the use of parking at the following locations: Isanti Primary School, Unity Park and Unity Park Ballfield, BMX blacktop/grass area, Isanti Firefighters Rodeo Grounds, West Side of Police/Fire Station Grass. City Staff did discuss the use of the BMX blacktop and grass area for parking, and due to the use agreement with BMX would recommend against the use of those parking areas for this event.

An outdoor audio system will be used for the announcer of the rodeo for both days, as well as a live band on both Friday and Saturday nights.

Five (5) additional restrooms will be brought in.

The complete application along with departmental review are attached.

Submitted with the Special Event Permit Application was a request for Waiver of fees for the following: $100 cleanup deposit fee and the $50 Temporary Sign Permit Application Fee.

The Isanti Firefighter Rodeo Association is also requesting to waive the proof of written notification to property owners within 350 feet of the event, as they are heavily advertising this large event on social media, paper flyers, radio stations, signs and parade trucks.

Staff Request

City staff is requesting approval of the Isanti Firefighters Rodeo Association Special Event Permit application and attachments.

RESOLUTION 2022-XXX

APPROVING A SPECIAL EVENT PERMIT APPLICATION FOR THE 2022 ISANTI FIREFIGHTERS PRCA RODEO

WHEREAS, Isanti Firefighter Rodeo Association (IFRA), has submitted a Special Event application requesting a permit to host the 2022 Isanti Firefighters PRCA Rodeo on the Isanti Rodeo Grounds; and,

WHEREAS, the event is scheduled for July 6 through July 10, 2022; and,

WHEREAS, the estimated number of people to be in attendance over that time period is 11,000; and,

WHEREAS, IFRA is requesting parking to be allowed at City of Isanti owned and privately owned properties; and,

WHEREAS, City of Isanti property requested for parking use is Unity Park (420 3rd Ave NW), including the ballfield and grass area outside of the ballfield; and,

WHEREAS, City of Isanti will turn on Unity Park lights in the ballfield for overnight use on Friday, July 9th and Saturday, July 10th from sunset to sunrise for security/safety; and,

WHEREAS, all parking on the grass at Bluebird Park is prohibited; and,

WHEREAS, additional lots will be used for spectator parking including the Isanti Primary School, the Cambridge-Isanti bus lot, and Isanti Civic Arena; the IFRA has on file letters from each property owner granting permission to use the lots; and,

WHEREAS, throughout the event, public addressing systems and amplifiers will be used, including dances following the rodeo performances on Friday and Saturday; and,

WHEREAS, the applicant will be required to provide additional restrooms for the event and will bring additional units to parking areas; and,

WHEREAS, a liquor license has been submitted separately for this event; and,

WHEREAS, the Special Event Permit application requires a $100 clean up deposit, and the associated Temporary Sign Permit requires a $50 fee which the organizers have requested be waived for this event; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, to hereby approve the special event permit for the 2022 Isanti Firefighters PRCA Rodeo with the following conditions:

- A $100 Cleanup Deposit Fee and $50 Sign Permit Fee are waived for the event.
- A Certificate of Insurance has been submitted for the event and lists the City of Isanti as the additionally insured.
- IFRA will be responsible for repairing any damage to grass, trails, sidewalks, or curbing

due to parking, or other event activities.

BE IT FURTHER RESOLVED, by the City Council of the City of Isanti, Minnesota, that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this 21st day of June 2022.

Data Practices Advisory
Tennessen Warning – Special Event Permit

You are being asked to answer questions and provide information pursuant to the special event permit application process that is required by the City of Isanti, Minnesota city code. The purpose and intended use of the requested data is to verify that each applicant meets the requirements for state statues and city code provisions and, if the license or permit is approved, to verify that all required data remains current. The following data collected, created, or maintained is classified under the Minnesota Government Data Practices Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (other than names and designated addresses)
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action
3. Entire record concerning any disciplinary proceeding
4. License numbers
5. License status

The following data collected, created, or maintained is classified under the Act as private data (Minn. Stat. § 13.41, subd. 2):

1. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure
2. The nature or content of unsubstantiated complaints when the information is not maintained in anticipation of legal action
3. Inactive investigative data relating to violations of statutes or rules
4. Record of disciplinary proceedings, except as limited by the provisions above

The following data collected, created, or maintained is classified under the Act as confidential data ((Minn. Stat. § 13.41, subd. 4) :

1. Active investigative data relating to complaints against any license.

Under law, private data may be shared with licensing and inspection employees, approval authorities, insurance providers, law enforcement employees, contracted inspection officials, city officials who have a bona fide need for it, or as required by court order. The City of Isanti may make any data classified as private or confidential accessible to an appropriate person or agency if the licensing agency determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety.

We ask that you complete or provide all data requested on the application form(s) unless we have noted that it is not required. Refusal to supply required information may mean that your application cannot be processed.

Parking Impact

Parking locations are outlined on the map provided on the second page. IFRA graciously requests the use of Unity Park, the baseball field at Unity Park, the west side of the police/fire station on the grass, and the BMX blacktop/grass area for parking. We will also be parking vehicles on the west side parking lot of the rodeo grounds, east rodeo grounds lot (old bus lot), and the Isanti primary school. Permission letters are provided. We expect heavy traffic as past years.

Our priority is to keep traffic flowing from Heritage Boulevard on to 3rd avenue & 1st Avenue into parking lots keeping the traffic from stopping on Heritage Boulevard before the rodeo starts. We will also have parking lot attendants in the parking areas after the rodeo performance to help push as much traffic north on 3rd avenue to Isanti Parkway towards Hwy 65 for a speedy exit of the parking areas.

IFRA requests for the City of Isanti:

1) IFRA graciously seeks to have all the fees the City of Isanti charges for the permits waived, along with the task of handing out the “notice of the event” to all property owners around IFRA grounds. We will be advertising the event on our website, Facebook, paper flyers, FM radio stations, parade trucks, & signs.

2) We would like to request Unity Park baseball field lights to stay on all Friday and Saturday night of the rodeo performances for safety/security reasons (as we did last year with the testing completed prior to). Preferably from sunset to sunrise the next morning.

9th Annual MMBA "Support OUR Troops" Drive

2022 Support Our Troops Program

- In the continuing effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA, in partnership with Anheuser-Busch, is coordinating the *Annual Municipal "Support OUR Troops" Drive* **benefiting your local military personnel and their families.**

- This is an effort to support military personnel in Minnesota. We'll be raising funds for the Folds of Honor organization. Donations will go to support scholarships to families of fallen or wounded soldiers in Minnesota.

About Folds of Honor

ABOUT FOLDS OF HONOR

HONOR THEIR SACRIFICE. EDUCATE THEIR LEGACY.

Folds of Honor is a 501(C)(3) nonprofit organization, rated a four-star charity by Charity Navigator and platinum on GuideStar, that provides educational scholarships to the families of military men and women who have fallen or been disabled while on active duty in the United States armed forces. Our educational scholarships support private educational tuition and tutoring for children in grades K-12, as well as higher education tuition assistance for spouses and dependents. Founded in 2007 by Major Dan Rooney, a PGA Professional and F-16 fighter pilot in the Air Force Reserves who served three tours of duty in Iraq, Folds of Honor is proud to have awarded approximately 24,500 scholarships in all 50 states and some US territories, including over 4,500 in 2019 alone. For more information or to donate in support of a Folds of Honor scholarship, please visit foldsofhonor.org

Additional Details

- The Drive will run from June 15th – July 31st, 2022.

- Each participating MMBA member will collect money. Each member will send a check payable to the Folds of Honor to MMBA office upon conclusion of fundraiser. Please send an email to Kevin Karel and Paul Kaspszak upon completion of fundraiser. Each members collection will be imputed into a tracker to find out total amount raised.

- The member who raises the most, will be asked to join in a ceremony with the Folds of Honor team.

- Wholesalers will provide ***customized*** signage, assist with designing and building displays to fit retailer needs and provide collection bin/box to collect items.
    - Displays should include the Budweiser Patriotic pack along with signage calling attention to the #THANKAVET Program.

- Anheuser-Busch will be donating a $1 per case of Budweiser sold to the national Folds of Honor fundraiser.

MEMO

To: Mayor Johnson and Members of City Council
From: Stephanie Hillesheim, Community Development Director
Date: April 5, 2022
Subject: Amendment to Fairway Greens North Development Agreements for Phase I and Phase II

The City of Isanti started receiving building permit applications for the Fairway Greens North Phase I development. Through the staff's review of the permits and the requirements of the PUD it has come to our attention that the lot sizes do not allow for the 720 sq. ft. garages required of the R-1 Single Family Residential District. In all other PUDs within the district the garage minimums are set at 600 sq. ft. City Staff recommend amending the Development Agreement to coincide with the precedent set throughout all of the existing PUDs in the R-1 Single Family Residential District which will fit within the setbacks of the lot sizes within the development. We recommend this change for both phases that have been approved for this development.

Additionally, there are few smaller lots platted in the development labeled "villa lots." These homes are required to be slab on grad patio homes. Due to the lot size and setback requirements, we are requesting these lots as identified in the attached resolutions have a minimum garage requirement of 400 sq. ft., which is the standard for lots of this nature throughout the City of Isanti.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, approve the attached resolutions amending the development agreements for Fairway Greens North Phase I and Phase II.

RESOLUTION 2022-xxx

SECOND AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH (PHASE I)

WHEREAS, the City Council approved the Master Development Agreement with HomePride, Inc., for Fairway Greens North (Phase I) on September 3, 2021; and,

WHEREAS, the miscellaneous provisions identified describes the square footage requirements of the allowed single-family structures as meeting the "R-1" Single Family Residential minimum of 720 square feet as outlined for that district in the Zoning Ordinance; and

WHEREAS, upon further review the garage size requirements should be adjusted to better fit the design and layout of the approved final plat; and,

WHEREAS, the standard garage size minimum for all sing-family residences shall be set at 600 square feet; and

WHEREAS, the standard garage size minimum for all lots identified as "Villa Lots" requiring slab on grade patio construction located in Block 4: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 and located in Block F: Lots 19, 20, 21 shall be 400 square feet;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the Development Agreement for Fairway Greens North (Phase I) be hereby **Amended** as to adjust the garage size minimums to better fit the design and layout of the approved Final Plat of Fairway Greens North (Phase I).

This Resolution was duly adopted by Isanti City Council this 21st day of June 2022.

CITY OF ISANTI
SECOND AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH (PHASE I)

The Amendment is by and between the City of Isanti, a Minnesota Municipal corporation and HomePride, Inc., (the "Developer").

Recitals

A. The miscellaneous provisions identified in the MASTER DEVELOPMENT AGREEMENT FAIRWAY GREENS NORTH (PHASE I) approved by City of Isanti Resolution 21-021 describes the square footage requirements for the allowed single-family structures as meeting the "R-1" Single Family Residential minimum of 720 square feet as outlined in the Zoning Ordinance.

B. Upon further review of the lot sizes and setback requirements in Fairway Greens North Phase I, the garage size requirements should be adjusted to meet the following requirements for the development:

    i. 600 square feet minimum for all single-family residences located in Phase I in Fairway Greens North.
    ii. The following lots in Fairway Greens North Phase I are slab on grade villa lots and will be required to have garages with a 400 square foot minimum:

RESOLUTION 2022-xxx

FIRST AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH (PHASE II)

WHEREAS, the City Council approved the Development Agreement with HomePride, Inc., for Fairway Greens North (Phase II) on May 3, 2022; and,

WHEREAS, the miscellaneous provisions identified describes the square footage requirements of the allowed single-family structures as meeting the "R-1" Single Family Residential minimum of 720 square feet as outlined for that district in the Zoning Ordinance; and

WHEREAS, upon further review the garage size requirements should be adjusted to better fit the design and layout of the approved final plat; and,

WHEREAS, the standard garage size minimum for all sing-family residences shall be set at 600 square feet; and

WHEREAS, the standard garage size minimum for all lots identified as "Villa Lots" requiring slab on grade patio construction shall be 400 square feet;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the Development Agreement for Fairway Greens North (Phase II) be hereby **Amended** as to adjust the garage size minimums to better fit the design and layout of the approved Final Plat of Fairway Greens North (Phase II).

This Resolution was duly adopted by Isanti City Council this 21st day of June 2022.

CITY OF ISANTI
FIRST AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH (PHASE II)

The Amendment is by and between the City of Isanti, a Minnesota Municipal corporation and HomePride, Inc., (the "Developer").

Recitals

A. The miscellaneous provisions identified in the MASTER DEVELOPMENT AGREEMENT FAIRWAY GREENS NORTH (PHASE I) approved by City of Isanti Resolution 2022-089 describes the square footage requirements for the allowed single-family structures as meeting the "R-1" Single Family Residential minimum of 720 square feet as outlined in the Zoning Ordinance.

B. Upon further review of the lot sizes and setback requirements in Fairway Greens North Phase II, the garage size requirements should be adjusted to meet the following requirements for the development:

    i. 600 square feet minimum for all single-family residences located in Phase II in Fairway Greens North.
    ii. Alternatively, the parcels that require slab on grade construction and identified as "Villa Lots" in Fairway Greens North Phase II will be required to have garages with a 400 square foot minimum.

C.

I. Council Committee Reports

Councilor Lundeen shared that he missed the last Fire District meeting.

City Administrator Josi Wood updated the Council that the study that was performed by an independent party on behalf of the Sheriff's Department to put communication equipment on the water tower came back good. It needed to be verified that new equipment on the water tower would not negatively impact the equipment that is already on there. Wood further stated that this will be moving forward and the communication company will be pulling a permit soon with anticipation the work will be completed when the funding works for the County.

Mayor Johnson asked Councilor Gordon if there were any updates on Union negotiations.

Councilor Gordon shared there was not anything to report at this time.

J. Public Hearings

None

K. Business Items

1. Interview Applicant Madisson Masucci for the Vacant Parks, Recreation and Culture Board Seat
    a. **Resolution 2022-122** Amending Resolution 2022-001 Designating Committees and Representative City Commissions and Advisory Boards For Year 2022

Applicant Madisson Masucci was interviewed by Mayor Johnson. Masucci was asked questions specific to Parks, Recreation and Culture.

A motion was made by Bergley to appoint Madisson Masucci to the Parks, Recreation and Culture Board, seconded by Gordon. Motion carried unanimously.

City Administrator Josi Wood

2. **Resolution 2022-123** Authorizing the Purchase of Snow Plow Truck Equipment Package

City Administrator Josi Wood shared that City Council authorized to purchase a snow plow truck with equipment to replace the 2007 Sterling snow plow truck within the 2022 CIP budget. Council had already approved the plow truck at the May 3rd City Council meeting and this is to equip the truck with the necessary equipment. However, with unforeseen costs being higher than anticipated the cost for the truck and equipment are over budget by approximately $47,000.00. It is anticipated that the cost will continue to rise versus dropping down. Staff's recommendation is to move forward and purchase the equipment.

Motion by Bergley, seconded by Lundeen to approve resolution as presented. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

3. **Resolution 2022-124** Approving a Special Event Permit for the 2022 Isanti Firefighters PRCA Rodeo

Community Development Director Stephanie Hillesheim shared Isanti Firefighters Rodeo Association submitted a special event permit application to host their annual event on the Rodeo Grounds. Additional parking will be needed for the event. A map included with the event requests the use of parking at the following locations: Isanti Primary School, Unity Park and Unity Park Ballfield, BMX blacktop/grass area, Isanti Firefighters Rodeo Grounds, West Side of Police/Fire Station Grass. City Staff did discuss the use of the BMX blacktop and grass area for parking, and due to the use agreement with BMX would recommend against the use of those parking areas for this event. An outdoor audio system will be used for the announcer of the rodeo both days, as well as a live band on both Friday and Saturday nights. Five additional restrooms will be brought in.

Submitted with the special event permit application was a request for waiver of the fees for the following: $100.00 cleanup deposit fee and the $50.00 temporary sign permit application fee.

IFRA also requested to waive the proof of written notification to property owners within 350 feet of the event, as they are heavily advertising this large event on social media, paper flyers, radio stations, sign and parade trucks.

Motion to approve the special event permit with additional conditions that IFRA may use the grass area adjacent to the Isanti Indoor Arena for parking at no cost, but all damage to the grass must be repaired by IFRA at no cost to the City of Isanti. IFRA must request permission to use the paved parking lot at the Isanti Indoor Arena from Rum River BMX for the event and access to the grass area by Lundeen, seconded by Bergley. Motion carried unanimously.

L. Approve Consent Agenda

1. Payroll in the Amount of $131,267.36 and Accounts Payable in the Amount of $381,908.32
2. **Resolution 2022-125** Approving a Donation Box at Liquor Store

E. Committee Meeting Items

1. Agenda Request *(Scott Boecker)*
Scott Boecker shared that he received a citation from the Code Enforcement Officer for parking on the grass at his property. Boecker continued to share that the previous owners had semi-trailers parked in that location and requested to do the same if he put down gravel.

Consensus from Committee is for staff to draft a resolution for City Council consideration with language to include that Mr. Boecker will put down gravel within a month and that impervious surface improvements need to be made if the property is ever under new ownership.

2. Public Works Updates
Crews ran into a delay filling pothole this Spring. The asphalt plants where they normally get the fine material used to fill shallower potholes were doing upgrades and stopped making it for most of May.

Staff will be out painting the curb lines with yellow traffic paint this year. The white traffic paint used to paint crosswalks, stop bars and parking lots is unavailable and on backorder through vendors.

The 2022 Lighting In-fill will be completed soon. Connexus Energy has called in locates for them.

All of the streets have been swept as part of Spring clean-up. The street sweeper had a main broom pump go bad and has been getting repaired. The repair has been completed and will be back out in preparation for Jubilee Days.

A storm drain on Railroad Ave between Palomino Rd and Pond Street has not been draining correctly. The storm drain repair will be completed during this year's Pavement Management Project.

There is another storm drain on the Southside of the Rum River BMX building that is creating some sink holes near the storm pond. That repair will be completed this summer.

The lift station pumps have been ordered and PW is waiting on the contractor to install.

The Air Release Valves have been ordered and should be received mid-July.

It was discovered that an airline is leaking from the blower building to the aeration ponds. This is likely a gasket that is failing due to heat from the blowers. PW is waiting on quotes to have that repair made.

The water meter change out continues to be on hold. PW is waiting to receive the data collectors for the fixed network. Once it is received and installed, residents can be notified and start the water meter changeout.

Hydrant Flushing went very well this Spring. PW will be changing the map for next year with the growth that has taken in certain areas.

The Community Garden had a makeover this Spring with the addition of more raised garden beds. Black dirt was added to the plots and a fresh layer of mulch was added to all the walking areas.

PW is waiting for some grading to take place at the Archery Range. Once that is completed the Archery Range will start to take form.

PW crews have been prepping for the first street dance that took place last Saturday.

3. Parking on Unity Blvd Discussion *(Jimmy Gordon)*
Councilor Jimmy Gordon shared parking concerns as it gets tight on Unity Blvd with ball games, etc.in this area.

Consensus from Committee is to draft an Ordinance amendment that addresses no parking along the North side of Unity Blvd with language to include allowance of the staging or picking up or dropping off of students and post for the required 10 days and bring to City Council for consideration.

4. Filling Pools Discussion *(Jimmy Gordon)*
   Councilor Jimmy Gordon shared that Cambridge allows residents to call the City and Public Works will come out and read the meter prior to filling a pool and then PW will go out and read the meter after filling the pool and only charge them for water and not sewer.

   Consensus from Committee is to revisit this in twelve (12) months when new meter reading equipment is installed and bring back to Committee of the Whole for further discussion.

5. Dynamic Sign Discussion *(Steve Lundeen)*
   Councilor Lundeen shared some townships such as Athens have a dynamic sign in their community.

   City staff requested Committee share their timeline, aggregate cost and consensus to being preliminary planning of potential sites.

   Consensus from Committee is to secure a piece of property for the sign with a timeline of three (3) years and an aggregate cost of $150,000.00 or less.

6. East Central Regional Library Link Sign Discussion *(Paul Bergley)*
   Councilor Bergley shared that Friends of the Isanti Area Library have requested a sign on the front door with times of operation of the Library in City Hall.

   Committee further discussed if there should be a library sign on the outside of the room as the room is currently labeled as a conference room.

   Consensus from Committee is for staff to work with Friends of the Isanti Area Library to post a decal on the front door of City Hall and sign for outside the Library room provided by Friends of the Isanti Area Library.

7. Volleyball Court in Bluebird Park *(Mayor Johnson)*
   Mayor Johnson shared residents have inquired about a potential Volleyball Court in Bluebird Park by the Basketball Court.

   No was no further recommendation from Committee.

8. Outdoor DNR Grant Update
   Community Development Director Stephanie Hillesheim updated the Committee that the City received notification that Isanti will be receiving $300,000.00 from the State of Minnesota for the Splash Park and Bathroom Project in Bluebird Park. This amount covers half of the project costs.

9. Hwy 65 Overlay *(Jimmy Gordon)*

Councilmember Gordon shared businesses in the Hwy 65 Overlay District such as Isanti Ready-Mix, Knife River, John Deere Dealership and Strike Funeral Home are unable to expand their businesses and asked for discussion if the area should change to a B-2 District.

Consensus from Committee is to leave the zoning district as is and take each business on a case by case basis if they look to expand.

F. Adjournment

Motion by Lundeen, seconded by Bergley to adjourn. Motion carried unanimously.

Meeting was adjourned at 6:20 p.m.

Respectfully Submitted.

Subject: Resolution 2022-XXX approving the Site Plan Review for a Light Manufacturing Building for RK Unlimited Welding at 605 East Dual Blvd NE

Overview/Background:
Site Plans were submitted for a Light Manufacturing Building for RK Unlimited Welding at 605 East Dual Blvd NE. This item was discussed at the June 21, 2022 Planning Commission Meeting. The applicants representing RK Unlimited Welding were present at the meeting and available for questions from the Planning Commission. The applicants explained that they are currently located in Ham Lake and that they plan on expanding their business with hiring 10-15 new employees and moving their operations to Isanti. There was no one else present to speak at the public hearing. The Planning Commission made a motion to approve site plans with conditions listed in the June 21st, 2022 staff report and City Engineer's Memo dated June 3, 2022, the motion passed 5-0.

Staff recommends approval of the Industrial building located at 605 East Dual Blvd NE with the following conditions:

1. The site shall provide at least 3 handicap accessible parking stalls per ADA requirements
2. A trash enclosure shall be provided on site plans and reviewed by city staff for location, building materials, lighting etc. The trash enclosure shall follow City Zoning Ordinances Section 14, Subd. 3.
3. Wainscoting shall be placed on the east and south sides of the building and shall follow Section 8, Subd. 13 of the City's Zoning Ordinances for exterior building materials
4. Landscaping Plans shall be submitted for review by city staff and follow Section 15 of the City's Zoning Ordinances
5. All lighting features on site shall be downlit and follow Section 14, Subd 5 Outdoor Lighting Design Standards
6. A downlit freestanding light pole shall be installed for the parking area in the middle of the site
7. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances

8. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
9. All conditions/comments listed in the City Engineer's memos dated 6/3/2022 shall be addressed

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: June 21, 2022

SUBJECT: Site Plan Review for an Industrial building located at 605 E Dual Blvd NE for RK Unlimited Welding

---

Request: The applicant, RK Unlimited Welding is requesting site plan approval for an Industrial building located at 605 E Dual Blvd NE.

Overview/Background: The applicant proposes to construct a 30,000 sq ft building on a 5.01-acre vacant lot located at 605 E Dual Blvd NE in the City's Industrial Park. This is a shovel ready site and was once part of a 15.03-acre parcel until it was split into three separate 5.01-acre parcels.

These parcels are currently zoned I-1 Industrial Park District in which "Light Manufacturing" and "Warehousing" are permitted uses. The proposed building is intended to be 30,000 sq ft and include offices, a conference and break room, six bathrooms and a large 25,000 square foot warehousing space. The site is proposed to provide 52 total parking stalls.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Setbacks – Principal Building

Minimum Front Yard Setback	There shall be a front yard having a depth of not less than thirty (30) feet between building and the street right-of-way line.
Minimum Side Yard Setback	There shall be two (2) side yards, one on each side of a building. Each side yard shall be not less than fifteen feet in width.
Minimum Rear Yard Setback	30 feet

The proposed buildings will be located over 30 ft from the front property line and will be setback over the required 15 ft minimum for the sides. The rear of the building will be at least 30 ft from the north property line. The proposed building will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

Twenty-five (25) percent of the total lot area shall consist of green space. Five (5) percent of the total lot area shall be green space within the parking perimeter.

Impervious surfaces on site will include the building, paved bituminous parking lot and concrete sidewalk surfaces. The total impervious area proposed on site is 93,700 square ft and total lot area is 218,160 square ft (93,700 / 218,160 = 43% impervious surface). The site will consist of roughly 57% green space and the impervious surface requirements will be met.

If future development or paving occurs on the site, the impervious surface maximum of 75% shall be considered again at the time of site plan review.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and driving surfaces are proposed to be surfaced with a Bituminous Material. Concrete sidewalks are proposed around the perimeter of the building.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the perimeter of the parking lot and paved area on site and proposes to end on the west. The city engineer addresses the curbing in their memo that it will have to extend around the full perimeter of the site.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

REQUIRED PARKING SPACES
OFFICE: 1 SPACE PER 250 SF - 5100 SF / 250 = 20 SPACES
WAREHOUSE: 1 SPACE PER 1500 SF - 24900 SF / 1500 = 17 SPACES

Based on the proposed use and total square footage of the proposed building, 37 parking spaces are required for the 30,000 square foot building. Three stalls are required to be handicap accessible based on the total number of proposed parking stalls. The site plans for the building shows 52 parking stalls total, in which two parking stalls are designated as handicap accessible. The site plans meet the required number of parking spaces for the proposed use but will have to add 1 more handicap accessible parking space to be compliant with ADA standards (1 space per 25 parking stalls).

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will have two-way traffic for the parking areas in front of the proposed building. Stall dimensions are shown as 9 feet in width and 20 feet in length and follow this requirement. The drive aisle widths around both parking areas are proposed at 24 feet. Based on the parking lot chart above, these drive aisle widths will need to be at minimum 26 feet. Staff suggests reducing the parking stall lengths from 20 ft to 19 ft on both sides to gain 2 more feet for the drive aisle width.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A photometrics plan was submitted for review of foot candle readings on site which measures intensity of proposed lighting upon neighboring properties. The photometrics plan meets the outdoor lighting standards for foot candle readings in that they do not exceed 5 foot candles measured at the street curb line or non-residential property line nearest the light source.

The photometric plan shows two lighting types that are proposed on site and include freestanding light poles and wall mounted sconces. All lighting types proposed shall be downlit and designed to reduce glare. Based on the lighting plan, there is a 0.0-foot candle reading over the interior parking stalls on the site. Staff requires a downlit freestanding light pole be installed to illuminate these parking stalls for safety.

All light sources proposed on site will have to meet criteria listed in Section 14, Subd. 5 of the City Zoning Ordinances.

Building Design and Construction

Exterior Building Materials

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

    1. Face brick

    2. Natural stone

    3. Glass

4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.

5. Factory fabricated, finished 26 Ga. Metal panel

6. Decorative concrete block approved by the City Council.

7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by the City Council. Minimum wainscot height shall be one-third of the sidewall height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials mostly include prefinished metal panels for the roofing and siding of the building. According to architectural plans, there is no proposed wainscoting to complement the metal panels for the exterior of the building. The wainscoting should be placed on the two sides that are facing the roadways, on the south and east of the building. Wainscoting is required to be one-third of the sidewall height and consist of face brick, natural stone, or decorative concrete block. Colors for the building materials were not specified on architectural plans but will need to complement surrounding structures in the Industrial District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If outside mechanical equipment is proposed it shall be displayed on site and landscaping plans to review the location and screening from adjacent properties.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   The exterior elevations on the south of the building show two garage doors that may be used for loading. The building orientation will be facing south toward the road and the east of the site will be facing East Dual Blvd. There are existing trees on the southwest of the site that will shield the building and loading area

from the business to the west of the site. There are no surrounding residential areas near the site and will not have to be shielded from view.

Landscaping

Non-Residential Requirements: In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations:

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at

least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

Landscaping plans were missing from the submittal package and were not submitted for review at this time. The City Landscaping Ordinance requires that the site have at least 1 tree per 50 ft of lot frontage. There is roughly 800 ft of street frontage on this corner lot (800 / 50 = 16 trees minimum). Trees should be various species and be in accordance with the City Tree Lists. All other areas on site that are disturbed by construction must include sod. All landscaping plans shall be consistent with Section 15 of the City Zoning Ordinances and submitted to staff to review compliance.

Refuse and Trash Receptacle Enclosures

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

There are no trash enclosures proposed on plans submitted. The location of the trash enclosure shall be designated on site plans for the review of city staff. Architectural plans of the trash enclosure shall also be submitted to ensure the building materials meet city ordinances. The trash enclosure will need to be illuminated for the safety of employees and the submitted photometrics plans will be reviewed to ensure proper lighting is used for the location of the enclosure. The trash enclosure will be reviewed to the standards set in Section 14, Subd. 3 of the City's Zoning Ordinances.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the Industrial building located at 605 East Dual Blvd NE with the following conditions:

1. The site shall provide at least 3 handicap accessible parking stalls per ADA requirements
2. A trash enclosure shall be provided on site plans and reviewed by city staff for location, building materials, lighting etc. The trash enclosure shall follow City Zoning Ordinances Section 14, Subd. 3.
3. Wainscoting shall be placed on the east and south sides of the building and shall follow Section 8, Subd. 13 of the City's Zoning Ordinances for exterior building materials
4. Landscaping Plans shall be submitted for review by city staff and follow Section 15 of the City's Zoning Ordinances
5. All lighting features on site shall be downlit and follow Section 14, Subd 5 Outdoor Lighting Design Standards
6. A downlit freestanding light pole shall be installed for the parking area in the middle of the site
7. All signs shall require a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
8. Applicant shall apply for all permits associated with the building including but not limited to a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
9. All conditions/comments listed in the City Engineer's memos dated 6/3/2022 shall be addressed

MEMORANDUM

Date: June 3, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: RK Unlimited Welding – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Unlimited Welding & Fabrication" with a preliminary check set date of 5/26/2022.

The plan includes the construction of a new building, parking lot and a storm sewer system with two ponds.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet CS 1 of 1 Site Plan:
    a. Curb & gutter shall be constructed around the full perimeter of the new pavement including the west side of the site. Either build the full parking lot now, or curb along the edge of the proposed limits of this phase.
    b. Construct valley gutter on East Dual Boulevard – (see attached detail)
2. Sheet C 3 of 6 – Grading & Drainage Plan:
    a. The storm water ponds will need to have an impervious liner to ensure no infiltration occurs and the dead storage is maintained.
    b. Submit engineered wall design to ensure future building expansion footing depth and wall anchoring will not conflict, Or will the wall not be constructed until the future building expansion occurs at which point it could be designed at that time.
3. Sheet C 4 of 6 – SWPPP Notes:
    a. Submit pond maintenance plan.
    b. Submit NPDES Permit to City prior to beginning work.
    c. Submit City SWPPP checklist (attached)
4. Sheet C 5 of 6 – SWPPP - Plan View:
    a. All turf establishment outside of the proposed pond embankment slopes shall be sod, not seed, per City standard.
5. Sheet C 6 of 6 – Utility Plan:

a. Connect to existing sanitary sewer stub to avoid cutting into street – (see attached record drawing)

6. Sheet A010 – Site Plan & Details
    a. Large "future parking and drive" area appears to be over existing ditch and drainage & utility easement. Confirm this is not needed for the future building expansion, or describe plan to maintain ditch flow with future parking expansion.

Stormwater Modeling:

1. Submit subcatchment maps for the existing and proposed models.
2. Confirm proposed ponds are sized for the ultimate build out of the site, not just the first phase.
3. Use Atlas-14 storm event modeling.
4. Submit summary table of 2, 10, and 100 year storm event flow rates pre and post development.

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: July 5, 2022
Subject: Resolution 2022-XXX approving the Site Plan Review and Conditional Use Permit for Gopher State Storage located at 501 W Dual Blvd NE

Overview/Background:
Site Plans and a Conditional Use Permit were submitted for a Self-Storage Facility for Gopher State Storage at 501 W Dual Blvd NE. This item was discussed at the June 21, 2022 Planning Commission Meeting. It was explained that a Conditional Use Permit is needed for a self-storage facility in the I-1 Industrial Park District. The applicant, John Henry of State Storage Group was present at the meeting and available for questions from the Planning Commission. The applicant explained the locations of other storage facilities that the group owns and the reputation that they have built around the area. The applicant mentioned a few modifications to the plans submitted regarding the storage unit location along the railroad tracks and the stormwater pond soils. Staff requested that these be submitted for their review. There was no one else from the public present to speak on this item. Motion was made to approve the Conditional Use Permit and Site Plans by Lundeen seconded by Bergley, motion passed 5-0.

Staff recommends approval of the conditional use permit and site plans for the self-storage facility located at 501 W Dual Blvd NE with the following conditions:

1. The applicants shall submit a site photometrics plan and the lighting designs used shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances.
2. All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances.
3. Landscaping shall follow Section 15, Subd. 5 of the City Zoning Ordinances for Turf Requirements.
4. Applicant shall apply for all permits associated with the building of the self-storage facilities including but not limited to a building permit, mechanical permit, plumbing permit and electrical permit.
5. A trash enclosure shall be included on site and reviewed by City Staff for the location and architecture of the enclosure. The trash enclosure shall follow Section 14, Subdivision 3 for Refuse and Trash Receptacle Enclosure standards.
6. Any comments requested in the City Engineer's Memo, dated June 3, 2022.

Request:
Approval of Site Plans with conditions of approval for an Industrial building for RK Unlimited Welding at 605 E Dual Blvd NE.

FINDINGS OF FACT AND CONCLUSION

Conditional Use Permit for Self-Storage Facilities – 501 W Dual Blvd NE

Prepared by Community Development Specialist Ryan Saltis

Request

Request by Gopher State Storage for a Conditional Use Permit for Self-Storage Facilities located at 501 W Dual Blvd NE.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for Self-Storage Facilities for the property located at 501 W Dual Blvd NE.
2. The Property is zoned I-1, Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on June 21, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on June 9, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

   The site is guided I-1 Industrial Park District and Self-storage is consistent with industrial development.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

The proposed use is adding self-storage to the site, the storage units meet the purpose and intent of the zoning ordinances found in the Industrial Park District.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public

The establishment will not be detrimental or endanger the public and will provide additional storage opportunities for residents, enhancing the look of the community in residential neighborhoods.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

The conditional use is not intended to diminish or impair surrounding property values in the Industrial Park Zoning District.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
The surrounding areas are already developed and the proposed self-storage facility shouldn't have an effect on the orderly development and improvement of surrounding property.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Self-Storage facilities need minimal city services for operations. The utility plans show hook ups available at the street if needed, and the site currently has electric for the existing building on the southwest corner.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The zoning criteria for the Industrial District will be met for the proposed use of self-storage.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The proposed self-storage facility meets the performance standards specified in this article.

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

   A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided.
   Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of this development.

   B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance.
   The proposed CUP for self-storage was designed for access and circulation. Staff suggests that the drive aisle on the west of the site be widened from the proposed 24 ft to at least 27 ft to meet city standards for circulation. The site will not feature designated parking stalls, but the drive aisles will be wide enough to park cars in front of units while maintaining proper circulation.

   C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles.
   Parking for the storage units does not impact pedestrian circulation.

   D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance.
   There are no off-street parking stalls provided on site for the self-storage facility since there will be loading and unloading areas in front of separate storage units. The proposed widths of the drive aisles for these parking/loading areas are consistent with Section 17 of this ordinance.

   E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance.
   The widths provided for drive aisle lanes in between buildings are adequate for circulation and are in compliance with Section 17 of the City's Zoning Ordinances. There are no residential areas that abut the site, and the position of the parcel is shielded from surrounding businesses.

   F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance.
   The site is surrounded by other I-1 properties and is not adjacent to a residential district.

   G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance.

The landscaping plan submitted will have enough trees and plantings on site to meet the landscaping ordinances set in Section 15 of the City's Zoning Ordinances. The landscaping plan shows the area around the curbing is proposed to be seeded. The city's turf requirements impose a regulation that these areas be sodded.

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance.
A site photometrics plan has not yet been submitted for review of lighting designs, locations and foot candle readings. A photometrics plan shall be submitted to staff to review compliance with Section 14 of the City's Zoning Ordinances.

I. The site drainage system shall be subject to the review and approval of the City Engineer.
This site has been reviewed for stormwater management and comments for the site can be found in the City Engineer's Memo dated June 3, 2022.

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment.
The proposed self-storage buildings are similar in appearance to surrounding buildings and other self-storage facilities within the city. The proposed building appearance is compliant with the City's Zoning Ordinances.

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance.
Proposed site plans do not indicate a location for a trash enclosure. Plans will need to show where a trash enclosure will be located on site and reviewed by city staff for approval. The enclosure shall follow Section 14, Subdivision 3 for Refuse and Trash Receptacle Enclosure standards.

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance.
All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City.
The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.

N. Any applicable business licenses mandated by City Code are approved and obtained.
The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district.
This site is located in the I-1 zoning district and does not abut a residential district.

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated.
This use complies with the performance standards of the I-1 Industrial Park zoning district.

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein.
Any additional stipulations will be included in the Conditional Use Permit approved by the City Council.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on June 21, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Bergley to recommend approval of the Conditional Use Permit.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: June 21, 2022

SUBJECT: Site Plan Review and Conditional Use Permit for Gopher State Storage located at 501 W Dual Blvd NE

Request: The applicant, State Storage Shafer, LLC is requesting Site Plan and Conditional Use Permit (CUP) approval for self-storage facilities located at 501 W Dual Blvd NE.

Overview/Background:
The City of Isanti received a site plan and conditional use permit application for a self-storage facility located at 501 W Dual Blvd NE in the Industrial Park District. The site currently has an existing building used as storage on the southwest corner and also holds a fiber optic tower just north of this building. Plans show that the applicant will coordinate with the private utility company to relocate electric fiber and gas.

A Conditional Use Permit is needed for "self-storage facilities" to operate in the I-1 Industrial Park District. CUP standards are set in Section 21 of the Zoning Ordinances and shall be followed to approve the CUP.

The site plans propose four buildings of various lengths and sizes. The buildings are planned to be 7,600 sq ft, 9400 sq ft, 11,600 sq ft, and 10,200 sq ft for a total of 38,800 sq ft of storage space. Based on the exterior elevation plans and garage door counts, there will be roughly 67 separate storage units.

Analysis of Application: The site plan for the storage units shall comply with the following requirements for the I-1 Industrial Park District:

Setbacks – Principal Building

Front Yard There shall be a front yard having a depth of not less than thirty (30) feet between building and the street right-of-way line.

Side Yard There shall be two (2) side yards, one on each side of a building. Each side yard shall be not less than fifteen feet in width.

Rear Yard There shall be a rear yard not less than thirty (30) feet in depth.

The orientation of the buildings will be vertical running north and south. This lot is unique based on the access point being on the southeast corner of the site, where West Dual Blvd turns into North Dual Blvd. The eastern most building maintains at least a 30 ft setback from the entrance/property line and a side setback of 15 ft from the east. The building on the far west of the site will be setback at least 30 ft from the property line near the BNSF rail line. The buildings as proposed will meet all setback requirements in the I-1 Industrial Park District.

Impervious Surface Coverage

The total ground area covered by all structures and uses (permitted, accessory, and conditional, including parking lots) on the lot shall not exceed seventy-five (75%) percent.

The site plans show a proposed impervious area total of roughly 62%. This total makes up the self-storage buildings and proposed bituminous surface. A large majority of the pervious surface will be for the stormwater pond on the north end of the site and grassed areas around the perimeter of the curbing.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The driving lanes on site are proposed to be a bituminous surface and are 30 ft in width. The driving lane on the far west of the site is currently proposed at 24 ft in width. City staff requires that this driving lane be widened to at least 27 ft to meet proper site circulation standards.

Fencing and Screening

Fencing and Screening for industrial uses shall be accomplished through the use of either a screening fencing or planning screen, which meets the requirements as stipulated within Section 15 of this Ordinance. The Planning Commission shall review and make a recommendation with final approval granted by the City Council.

There is a chain link fence proposed around the perimeter of the curbed area on site. The site is naturally shielded from surrounding businesses by the existing tree line along the west of the site. The location around the curve of W Dual Blvd along with added landscaping around the entrance makes the self-storage facility fairly hidden from the road and will be largely shielded from the business to the south. More intense shielding would be needed if the site was surrounded by a residential district, but the surrounding uses include the rail line, and two other Industrial businesses.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

A photometric plan was not submitted at the time of the application. A photometrics plan shall be provided to city staff to review lighting designs used on site and the locations of the lights. Lighting designs should follow City Ordinance Section 14, Subdivision 5 Outdoor Lighting Standards.

Building Design and Construction

The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

Exterior building materials include corrugated steel on all sides and the roofs of the storage units. The floors are wooden ribbed planks that are situated on the frame. The proposed new buildings match the existing self-storage buildings in the Industrial Park Zoning District.

Landscaping.

The site shall be landscaped in accordance with an approved landscape plan. All lots shall be sodded with four (4) inches of topsoil. One (1) tree shall be provided for every 10,000 square feet of lot or one (1) tree per fifty (50) feet of road frontage, whichever is greater.

The site landscaping plan provides a total of 33 new trees of multiple varieties including oaks, arborvitaes, and spruce. Based on the 1 tree per 10,000 square foot standard, the applicants would be required to provide at least 17 trees on the property:

(163,049 sq ft lot / 10,000 sq ft tree requirement = 16.3 trees) Calculation rounds up to 17 trees.

The applicants have provided enough trees and plantings on site to meet the landscaping ordinance.

Turf Requirements.

All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

According to the site landscaping plan, the area that is surrounding the curbing is proposed to be seeded. The city's turf requirements found in Section 15 of the Zoning Ordinances require areas disturbed by construction to be sodded.

Conditional Use Permit.

Self-storage facilities are a Conditional Use and must follow criteria prior to approval. The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The site is guided I-1 Industrial Park District and Self-storage is consistent with industrial development.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   The proposed use is adding self-storage to the site, the storage units meet the purpose and intent of the zoning ordinances found in the Industrial Park District.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   The establishment will not be detrimental or endanger the public and will provide additional storage opportunities for residents, enhancing the look of the community in residential neighborhoods.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   The conditional use is not intended to diminish or impair surrounding property values in the Industrial Park Zoning District.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
   The surrounding areas are already developed and the proposed self-storage facility shouldn't have an effect on the orderly development and improvement of surrounding property.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
   Self-Storage facilities need minimal city services for operations. The utility plans show hook ups available at the street if needed, and the site currently has electric for the existing building on the southwest corner.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The zoning criteria for the Industrial District will be met for the proposed use of self-storage.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.
The proposed self-storage facility meets the performance standards specified in this article.

Staff Recommendation: Staff recommends approval of the Site Plan and Conditional Use Permit for the self-storage facilities with the following conditions:

1. The applicants shall submit a site photometrics plan and the lighting designs used shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances.
2. All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances.
3. Landscaping shall follow Section 15, Subd. 5 of the City Zoning Ordinances for Turf Requirements.
4. Applicant shall apply for all permits associated with the building of the self-storage facilities including but not limited to a building permit, mechanical permit, plumbing permit and electrical permit.
5. A trash enclosure shall be included on site and reviewed by City Staff for the location and architecture of the enclosure. The trash enclosure shall follow Section 14, Subdivision 3 for Refuse and Trash Receptacle Enclosure standards.
6. Any comments requested in the City Engineer's Memo, dated June 3, 2022.

MEMORANDUM

Date: June 3, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Gopher State Storage – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Gopher State Storage" with a signature date of May 27, 2022.

The plan includes the construction of 4 new storage buildings, paved drive lanes and a storm sewer system with a pond.

An existing and proposed stormwater model was also submitted.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet C2.01 Site Layout:
    a. Western most drive lane shall be a minimum of 27' face of curb to building face to allow vehicle movements around stopped cars and fire truck access around buildings.
    b. Curb & gutter shall be constructed around the full perimeter of the new pavement including the SW area of the site.
    c. Reconstruct the existing driveway apron onto North Dual Boulevard to convey the storm water from the proposed curb & gutter draining to the street.
    d. General Comment: Relocating fiber optic lines can be difficult. This may delay construction or not be cost effective, may want to consider shortening the eastern most building to avoid the conflict.
2. Sheet C5.01 – Grading & Drainage Plan:
    a. Verify water will not be trapped on adjacent driveway to the south where proposed contour 938 appears to dam off low area onto adjacent property with no outlet.
    b. The storm water pond will need to have an impervious liner to ensure no infiltration occurs and the dead storage is maintained.
3. Sheet C6.01 – Erosion Control Plan:
    a. All turf establishment outside of the proposed pond embankment slopes shall be sod, not seed, per City standard.

Subject: Resolution 2022-XXX Approving Improvements to Pre-existing Driveway/Parking Area Downtown Located at 16 Main Street West

---

At the Committee of the Whole meeting held on June 21, 2022 Scott Boecker owner of My Jungle Gym on Main Street in Isanti, after receiving notice from the City of Isanti regarding a formal complaint, requested that his parking area be recognized as an existing parking space. The Committee recommended through consensus that this parking area has in fact been place since at least 1965 as an improved graveled parking area and that Mr. Boecker should have a specified timeline to repair the parking area with gravel as was previously in place. After further research City staff concur that a normal Zoning Permit be applied for, which can be administratively approved once all necessary attachments are received.

Request:
Staff is requesting action on the accompanying resolution on this matter.

Attachments:
- Resolution 2022-XXX Approving Improvements to Pre-existing Driveway/Parking Area Downtown Located at 16 Main Street West
- Zoning Permit Application

RESOLUTION 2022-XXX

APPROVING IMPROVEMENTS TO PRE-EXISTING DRIVEWAY/PARKING AREA DOWNTOWN LOCATED AT 16 MAIN STREET WEST

WHEREAS the City received an anonymous complaint about vehicles parked in the grass at 16 Main Street West; and,

WHEREAS, Council confirmed that the parking area/driveway located at the rear of the property was previously improved with Class 5 and pre-existing for a number of years; and,

WHEREAS, the Council requires the property owner to repair the driveway/parking area within 60 days of this approval; and,

WHEREAS, a Zoning Permit application will be required for the improvements; and,

WHEREAS, the current and future property owners will be required to maintain the driveway/parking area as identified on the permit to prevent weeds and grass from protruding the surface; and,

WHEREAS, parking area must be improved to meet updated City requirements if/when substantial site improvements are made on the property;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve to allow Class 5 to be installed to repair the pre-existing driveway/parking area at 16 Main Street West.

This Resolution is hereby approved by the Isanti City Council this July 5, 2022.

EDA Fund Operating Budget Summary (108)

	Title / Detail	PROPOSED 2023 BUDGET
TOTAL	**EDA REVENUES**	**134,175**
TOTAL	**EDA EXPENDITURES**	**110,670**
NET INCOME / (LOSS)		**23,505**

Primary revenue source is EDA Levy. This is a calculated amount limited by State Statute. Statute reads in part:

469.107 CITY MAY LEVY TAXES FOR ECONOMIC DEVELOPMENT AUTHORITY.
Subdivision 1.City tax levy. A city may, at the request of the authority, levy a tax in any year for the benefit of the authority. The tax must be not more than 0.01813 percent of estimated market value.

The single largest expenditure increase ($5,000) is in engineering fees. Increased interest in Shovel-Ready industrial sites and a lack of available industrial sites have corresponded to an increase in expenditures. Staff is recommending that those likely expenses be budgeted for, even if they are not a certainty.

RESOLUTION 2022-XXX

APPROVING APPLICATION FOR AN EXEMPT GAMBLING PERMIT FOR RUM RIVER BMX 50/50 RAFFLE FOR AUGUST 21, 2022

WHEREAS, the City has received an application for exempt gambling permit from Rum River BMX to hold an event on August 21, 2022 at Rum River BMX, Isanti, MN; and,

WHEREAS, the applicant estimates the value of prizes to be awarded is $3,000 for the event and will require state approval; and,

WHEREAS, the City of Isanti has no objection to the conduct of lawful gambling by the applicant, in accordance with law, at the designated location; and,

WHEREAS, the applicant, Jay Bossen, has successfully passed a background check by the Isanti Police Department;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that the applications for an exempt gambling permit is approved for the following date: August 21, 2022 at Rum River BMX;

This Resolution is hereby approved by the Isanti City Council this 19th day of July 2022.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: July 19th 2022
Subject: Authorizing Financial Planning Agreement for TIF Districts 9 & 10

Background:
Tax Increment Finance (TIF) District 9 (Fund 409) has accumulated $169,593.20 of increment revenue since its creation in 2005. This District is still generating increment. District 9 is a "Redevelopment District" under state statute.

TIF District 10 (Fund 410) has accumulated $57,523.57 of increment revenue since its creation in 2008. District 10 is no longer generating increment. District 10 is an "Economic Development District" under state statute.

All types of TIF Districts carry with them special rules and prescribed eligible uses for the increment that the district generates. However, a lack of ongoing institutional knowledge about each district and numerous changes in state statute since their establishment has left staff unable to make recommendations for the use of the increment that are conclusively compliant with state statute.

Recommendation:
Northland Securities, Inc., has provided a proposal to make recommendations about possible uses for the increment. Fees for service would not exceed $1,600 per district and would be billed at a rate of $200 per hour. This type of consulting is an eligible use of increment revenue and would be paid for as such.

Request:
Staff is recommending approval of the attached agreement by resolution.

RESOLUTION 2022-XXX

AUTHORIZING FINANCIAL PLANNING AGREEMENT FOR TAX INCREMENT FINANCE DISTRICTS 9 AND 10

WHEREAS, Northland Securities, Inc. has submitted a written proposal to provide financial planning for Tax Increment Finance (TIF) districts 9 and 10; and,

WHEREAS, the services rendered will provide recommendations related to the use of tax increment; and,

WHEREAS, TIF district 9 has a cash balance of $169,593.20 and TIF district 10 has a cash balance of $57,523.57; and,

WHEREAS, the City of Isanti seeks to enter into this agreement to provide for a better understanding of the possible uses of existing increment, if any, as allowed by state statute;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, to enter into an agreement with Northland Securities, Inc., to undertake the following tasks:

1. Review original TIF Plans and subsequent adopted modifications to confirm status of the District.
2. Complete an analysis of the available balance of tax increment derived from property and tax increment derived from other sources (i.e., real estate proceeds, lease revenue, interest income, etc.).
3. Determine whether further modification is required for the Districts and what amount, if any, of tax increment revenue may be available for potential expenditure on eligible projects.

This Resolution was duly adopted by Isanti City Council this 19th day of July 2022.

FINANCIAL PLANNING AGREEMENT

BY AND BETWEEN
THE CITY OF ISANTI, MN
AND
NORTHLAND SECURITIES, INC.
FINANCIAL PLANNING FOR TAX INCREMENT FINANCING DISTRICTS

This Agreement made and entered into by and between the City of Isanti, Minnesota (hereinafter "Client" or "City") and Northland Securities, Inc., of Minneapolis, Minnesota (hereinafter "NSI").

WITNESSETH

WHEREAS, the Client desires to use the services of NSI for financial planning assistance related the City's Tax Increment Financing Districts (the "Districts").

WHEREAS, the Project is intended solely for financial planning and NSI is not providing advice on the timing, terms, structure or similar matters related to a specific bond issue.

WHEREAS, NSI desires to furnish services to the Client as hereinafter described.

NOW, THEREFORE, it is agreed by and between the parties as follows:

SERVICES TO BE PROVIDED BY NSI

Northland will assist the Client with financial planning for the Districts and provide recommendations related to the use of tax increment.

NSI will undertake the following tasks:

1. Review original TIF Plans and subsequent adopted modifications to confirm status of the District.
2. Complete an analysis of the available balance of tax increment derived from property and tax increment derived from other sources (i.e., real estate proceeds, lease revenue, interest income, etc.).
3. Determine whether further modification is required for the Districts and what amount, if any, of tax increment revenue may be available for potential expenditure on eligible projects.

Following our review, NSI will provide the Client with a memorandum explaining findings and recommendations.

COMPENSATION

For the services specified, NSI will be paid an amount not to exceed $1,600 per TIF District evaluated. The amount is based on the estimated number of hours required to complete these tasks at an hourly billing rate of $200/hour plus reimbursable expenses for travel, printing and mailing. Northland will bill on a monthly basis for services performed and actual reimbursable expenses.

The Client may at its discretion authorize NSI to undertake additional tasks, including meeting attendance, drafting of modifications to TIF Plan(s) for the District(s), beyond the tasks listed above. Additional planning services will be billed monthly at a rate of $200 per hour.

Invoices will detail the work performed, requested compensation for the period and show amounts previously billed.

ASSIGINED NORTHLAND EMPLOYEE

The NSI employee responsible for providing services pursuant to this agreement and for the services performed is Jessica Green and/or Tammy Omdal.

SUCCESSORS OR ASSIGNS

The terms and provisions of this Agreement are binding upon and inure to the benefit of the Client and NSI and their successors or assigns.

DISCLAIMER

In performing service under this agreement, NSI is relying on the accuracy of information provided by the Client and the services provided by Northland are based on current State Law. The parties agree that the Minnesota property tax system and other laws may change and may affect the accuracy and validity of services provided by NSI. NSI will perform its work using the best available information. The Client recognizes and accepts that future property values, tax levies and tax rates may vary from the assumptions used by NSI and such changes may affect the work product produced and provided by NSI.

TERM OF THIS AGREEMENT

This Agreement may be terminated by thirty (30) days written notice by either the Client or NSI. In the event of early termination by the Client, NSI shall provide the Client with an itemized hourly statement of services already provided. All billable hours by NSI shall be billed at the stated compensation or hourly rates should early termination occur.

Dated this __ day of July, 2022.

MEMORANDUM

Date: July 13, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Project Status Report
Project No.: 0R1.126218

Please find listed below a status report of the current projects in the City of Isanti:

1) **2022 Pavement Management Project**
This project is scheduled to begin in July and be completed in August.

2) **Brookview South 1-4 Addition Rehabilitation**
This project is scheduled to be completed this month.

3) **Heritage Blvd & 8th Avenue Pedestrian Crossing**
We have submitted the concept layout and cost estimate to the County for review.

4) **Legacy Pines 3rd Addition**
This project is substantially complete. Turf establishment will be completed this month.

5) **Fairway Greens North Development**
The contractor will pave the first lift of pavement on 2nd addition this month. The sanitary sewer and watermain are installed, and they continue to construct the ponds and sidewalks.

6) **Fairway Greens South Development**
The owner has requested to extend the deadline to record the plat to this fall.

7) **MS4 Implementation**
We will continue to assist the City as requested to meet MS4 requirements.

8) **Main Street Reconstruction**
The dead sod has been replaced and the project is ready for final payment.

Please contact me if you have any questions.

City Administrator Josi Wood

1. ORD-XXX Amending Chapter 227; Parking and Storage
City Administrator Josi Wood shared that discussion was held on May 17th at the Committee of the Whole meeting in regards to no parking on 1st Ave NW. The recommendation from the Committee was to move forward with an ordinance amendment which would prohibit parking on both sides of the street.

Discussion was held at the June 21st Committee of the Whole meeting in regards to parking on the north side of Unity Blvd but allow for staging for the bus or pick up or drop off of students.

The ordinance amendment presented reflects both recommendations.

Patrick Ausmus and Melissa Burch, 218 Unity Blvd, shared their wishes to have no parking on the south side of Unity Blvd instead of the proposed north side.

Motion by Lundeen, seconded by Gordon to revise the ordinance amendment to reflect no parking on the south side and post for the required 10 days and bring back to City Council for consideration. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

2. Resolution 2022-136 Approving a Special Event Permit Application for Rum River BMX for the State BMX Finals
Community Development Director Stephanie Hillesheim shared that this is an application from Rum River BMX to host the Minnesota BMX State Finals on August 19th through the 21st. Friday 4:00 p.m.- 9:00 p.m., Saturday 1:00 p.m.- 6:00 p.m. and Sunday 9:00 a.m.- 5:00 p.m. No street closures or security needed, the event will be open to the public with an estimated 1,000-1,200 people in attendance. Overflow parking will be needed in Bluebird Park and the Soccer Fields. No parking signs will be posted in restricted areas. There will be paid camping allowed in the field south of the Isanti Indoor Arena per the agreement between RRBMX and the City. Four (4) additional portable restrooms will be brought in along with a roll off dumpster. Volunteers will clean up after the event.

Motion by Lundeen, seconded by Collison to approve the resolution as presented. Motion carried unanimously.

L. Approve Consent Agenda

E. Committee Meeting Items

1. Isanti Indoor Arena Restroom Request
Isanti Indoor Arena requested to take over responsibilities of the bathroom and warming house room attached to the building and close themto the public.

Recommendation from Committee is to close the use of the bathrooms and warming house room to the public and hand over responsibilities to Rum River BMX and bring to City Council later in the night for formal approval.

Committee further recommended staff work with RRBMX to discuss the possibility of RRBMX purchasing of the building.

2. Rental Inspection Timeline Discussion
City staff asked for consideration for revising Chapter 256-7 of City Code to change the annual expiration date of rental licenses to June 1st of each year, allowing for more time to conduct inspections in better weather.

Staff would also review all of Chapters 253 and 256 referencing Rental Inspections and Licensing to ensure any additional recommendations for change will be made at the same time.

Recommendation from Committee to change rental license expiration date to June 1st of each year and for staff to review all of Chapters 253 and 256 and bring to an upcoming City Council meeting for approval.

3. Police Updates and Discussion
Chief Muyres shared patrol shifts are from 4:00 a.m. to 4:00 p.m. The Chief, Lieutenant, Investigator and SRO primarily work day hours and assist patrol with priority calls. Night shift is scheduled with 2 officers on each shift. Day shift is scheduled one officer per shift.

When Isanti Police respond to a priority call procedure is to have minimum of 2 officers respond. When there is only one Isanti officer on duty the Isanti County Sheriff's Office assists.

In 2021 Isanti Police requested mutual aid assistance from Isanti County on 39 incidents. The average response time in 2021 to a priority call for Isanti Police was 3.8 minutes and the average response time in 2021 to a priority call for Isanti County was 9.2 minutes.

The Police Department has had one vacant position since January and went through two hiring processes, two background investigations however, has not hired for the position yet. Muyres said it is still being decided whether to post for the position now or wait until Union negotiations are over.

In addition, the Police Department is budgeted to add one officer in 2024 and one in 2028.

Finance Director Mike Betker recommended to stay with the plan of adding an officer in 2024 and one officer in 2028.

Committee had no further recommendation.

4. City Hall Entrance Apron Update
City Administrator Josi Wood updated the Committee that the cement apron leading into the City Hall parking lot is going to be replaced and the entrance will be closed Thursday through Sunday to cure.

5. THC Discussion
City Administrator Josi Wood shared that with the new laws that came about effective July 1st from the end of the 2022 legislative session for new edible and beverages that contain THC products. The Board of Pharmaceuticals is regulating it however, there were not a lot of things put in place on how local governments and cities shall regulate it. The League of MN Cities is working to help cities know what the options are.

Staff asked for discussion if the Committee would like staff to research to consider regulation like is done with tobacco or alcohol sales or if Committee would like a moratorium. A moratorium would give Council a year to put something in place.

Recommendation from Committee is to bring forward a moratorium draft to allow for more research on options in regards to regulation.

6. Tree Planting
   Councilor Steve Lundeen shared that a lot of other cities are doing things to promote trees.

   There was discussion with no further recommendation.

7. Street Dance
   There was discussion regarding the last street dance with no further recommendation.

F. Adjournment

Motion by Bergley, seconded by Lundeen to adjourn. Motion carried unanimously.

Meeting was adjourned at 6:15 p.m.

Respectfully Submitted.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: August 3, 2022
Subject: ORD-XXX An Ordinance Amending Chapter 227; Parking and Storage

---

Background:
Discussion was held at the May 17, 2022 Committee of the Whole meeting in regards to parking on 1st Ave NW. Recommendation from Committee was to move forward with an ordinance amendment with language to include no parking on both sides of the street.

Discussion was held at the June 21, 2022 Committee of the Whole meeting in regards to parking on Unity Blvd. Recommendation from Committee was to move forward with an ordinance amendment that addresses no parking along the north side of Unity Blvd with language to include allowance of staging for the pick up and drop off of students.

An ordinance amendment was presented at the July 19, 2022 City Council meeting for consideration with the above recommended changes. Two citizens spoke sharing their wishes to have no parking on the south side of Unity Blvd rather than the proposed north side. City Council recommended to revise the proposed ordinance amendment to include no parking on the south side of Unity Blvd instead and post for the required 10 days.

The attached ordinance amendment includes both the recommended changes to Chapter 227; Parking and Storage and has been posted for the required 10 days.

Request:
Staff is requesting action on this item.

MEMORANDUM

TO: Mayor and City Council

FROM: Stephanie Hillesheim, Community Development Director

DATE: August 3, 2022

SUBJECT: Ordinance Amending the City Zoning Ordinance Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'.

Request: Request by resident, Thomas Bowen, for amendment to City Ordinance 445, Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'. Said request is to include metal as an acceptable roofing material.

Overview/Background
At the June 21, 2022 Committee of the Whole meeting the Council directed staff to revise the Zoning Ordinance to allow metal as an acceptable roofing material for residential structures.

As required by State Statute, to amend the zoning ordinance a public hearing was called at the July 19, 2022 Planning Commission Meeting, no public comment was made. The Planning Commission recommends metal should be considered an acceptable roofing material in residential districts and should be added to the aforementioned Zoning Ordinance Section 6 Articles.

Staff Recommendation
Staff recommends approval of the amendment to the City Zoning Ordinance Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: August 3rd, 2022
Subject: Resolution 2022-XXX Approving Site Plans Review and Conditional Use Permit for a Dairy Queen Restaurant With a Drive-Thru Facilities and Outdoor Patio Located at 280 5th Ave NE

Background: A presentation was given at the July 19, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans and conditional use permit for the proposed Dairy Queen restaurant with a drive thru and outdoor patio located at 280 5th Ave NE. Discussion was had between Planning Commission Members regarding building materials and appearance, signage, maneuverability of vehicles, and general site design. The owner, James was present at the meeting and available for questions. Planning Commission members asked when the restaurant is planning to open and how many employees will be hired. The owner responded by saying that DQ corporate has set a deadline for opening in November of 2023, but they hope to start in the fall of 2022 and finish in the Spring of 2023. The number of employees is expected to be roughly 50-75 between full and part time workers. The Planning Commission asked if the requested conditions of approval could be met. The applicant said that the conditions requested by city staff can be met and are reasonable. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans and Conditional Use Permit for a Dairy Queen restaurant with drive-thru facilities and an outdoor patio with conditions at the July 19, 2022 Planning Commission meeting. Motion for approval with conditions passed 7-0.

Request: Consider adopting the resolution and findings of fact.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans. *The nature of the business and drive-thru service is consistent with the goals and objectives of Isanti's Comprehensive Plan. The subject property is serviced by city sewer and water.*

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Restaurants, Drive-Thru Facilities, and Outdoor Patios are Conditional Uses in the B-2 zoning district, applying for the CUP meets the purpose and intent.*

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment will not be detrimental or endanger the public.*

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional uses will not diminish or impair surrounding property values.*

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional uses will not impede on the normal and orderly development and improvement of surrounding property.*

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The site is served by City sewer and water, and will be able to reasonably accommodate the conditional use for the restaurant.*

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The conditional uses meet this requirement and follow the regulations set in the B-2 Zoning District.*

H. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional uses meet this requirement in which Drive-Thru Facilities and Outdoor Patio regulations are set in Section 13, Article 2 of the City's Zoning Ordinances.*

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided. *Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of the restaurant and drive-thru facilities.*

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance. *The proposed CUP for drive-thru facilities will have the capacity for 12 vehicles in the drive-thru lanes, as well as two waiting stalls to prevent traffic conflicts. The drive-thru and by-pass lanes will not interfere with parking on site. All parking is met under Section 17 of this Ordinance.*

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles. *Parking for this development does not impact pedestrian circulation.*

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance. *Adequate off-street parking is provided in accordance with section 17 of the City's Zoning Ordinances.*

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance. *The drive-thru will be located in a position that is away from off-street parking areas on site and will provide a by-pass lane around the perimeter. The site is not adjacent to a residential area.*

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance. *The site is surrounded by other B-2 properties and Highway 65 and is not adjacent to a residential district.*

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance. *The site is proposed to have plantings surrounding the outdoor patio area, along 5th Ave NE and around proposed signs. These plantings are in compliance with Section 15 of the City's Zoning Ordinance.*

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance. *Proposed lighting complies with the city's zoning code. This section is met.*

I. The site drainage system shall be subject to the review and approval of the City Engineer. *The site drainage has been reviewed by the City Engineer and has been approved.*

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment. *The building features 4-sided architecture with similar materials on all sides and is visually appealing.*

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance. *A trash enclosure is proposed in the parking lot to the northwest of the building and outdoor trash and recycling is proposed in the outdoor patio seating area.*

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance. *The applicant has submitted a sign package for review of*

the freestanding sign dimensions and location. Wall signage is included with the site plan review. All signage is intended to meet Section 16 of the City's Zoning Ordinances.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City. *The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.*

N. Any applicable business licenses mandated by City Code are approved and obtained. *The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.*

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district. *The site is not adjacent to a residential district.*

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated. *This use complies with the performance standards of the zoning district.*

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein. *Any additional stipulations will be included in the Conditional Use Permit approved by the City Council.*

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on July 19, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Bergley, seconded by Lundeen to recommend approval of the Conditional Use Permit for a Restaurant, Drive-Thru Facilities and Outdoor Patio at 280 5th Ave NE.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: July 19, 2022

SUBJECT: Site Plan Review and CUP Approval for a Dairy Queen building with a drive-thru and outdoor patio area located at 280 5th Ave NE

Request: The applicant, Marcus Construction is requesting site plan and CUP approval for a proposed building with a drive thru and outdoor patio area located at 280 5th Ave NE for a Dairy Queen restaurant.

Overview/Background: The applicant would like to construct a building on a 1.1-acre vacant lot located just south of the Alina Clinic. This parcel is currently zoned B-2 General Business and is also within the Highway 65 Corridor Overlay District. A "Restaurant", "Drive-Thru" and "Outdoor Patio" are all Conditional Uses in the B-2 General Business District.

The building is proposed to be 3225 square feet and will consist of an indoor dining area, two kitchen spaces, bathrooms, an office and a breakroom. An outdoor patio of roughly 750 square feet is proposed for use during seasons that would allow for customers to sit outside. The site is designed to accommodate twelve cars stacked in the drive-thru area, with a designated bypass lane running parallel to the drive-thru lane. There will be two drive-thru ordering lanes that will merge into one after ordering. Thirty-three parking stalls are displayed on the site plans, with twenty-four standard parking stalls, 3 bus parking stalls, 2 curbside pickup stalls, two drive-thru wait stalls and two handicap accessible stalls.

Analysis of Application: The site plan for the building shall comply with the following requirements for both the B-2 General Business District and the Highway 65 Corridor Overlay District:

Lot Requirements

- Lot Size 1 acre
- Minimum Building Size 15% of lot size

The area of the parcel is roughly 48,000 square feet or 1.1 acres in size. The proposed building on site is about 3,225 square feet and will not meet the minimum building size requirement (15%

of lot size) in the Highway 65 Overlay District. The area of the proposed building will be 6.7% of the total lot size.

Setbacks and Height Restrictions – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Street Side Yard Setback 20 feet
- Rear Yard Setback 15 feet
- Highway 65 Setback 100 feet
- Maximum Building Height 3 Stories or 45 ft, whichever is less

The proposed building will be located roughly in the middle of the lot and will meet all required setbacks. The building will be single story and will not exceed the 45 ft height requirement.

Impervious Surface Coverage

Twenty-five (25) percent of the total lot area shall consist of green space. Five (5) percent of the total lot area shall be green space within the parking perimeter. (Ord. No. 618)

The proposed development intends on having 73% impervious surface on site. The landscaping requirement of 25% of the total lot area as green space will be met.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Commercial Uses

Fast food, drive-thru restaurants	1 space for every 3 seats and 1 space for every employee on the peak shift, plus stacking space for 6 vehicles per service lane

Based on this number of required parking spaces standard and the use of the commercial building, the site will have a sufficient amount of parking stalls on site. The site plans indicate 33 parking stalls total, in which twenty-four are standard parking stalls, three are bus parking

stalls, two are curbside pickup stalls, two are drive-thru wait stalls and two are handicap accessible stalls. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet
75 degrees	9 feet	9 feet	20 feet	23 feet	24 feet
60 degrees	9 feet	10 feet	22 feet	18 feet	24 feet
45 degrees	9 feet	12 feet	25 feet	13 feet	24 feet

The site features both 90-degree parking and 45-degree parking stalls and will follow the required stall dimensions of 9 feet in width and 19 feet in length. The 45 degree-parking stalls will be lengthened to 22 ft. The drive aisle widths are proposed at 26 feet and meet the requirement for one-way vehicle circulation.

Handicapped Parking Requirements

The number of handicapped parking stalls required shall be in accordance with the following table:

Total Number of Parking Spaces in Lot	Required Minimum Number of Accessible Spaces
1 to 25	1

A. Each designated handicapped space shall be eight (8) feet in width with an adjacent five (5) foot wide access aisle. Total space width of thirteen (13) feet.

B. A designated van accessible space shall be eight (8) feet in width with an adjacent access aisle totaling eight (8) feet in width. Total space width of sixteen (16) feet.

C. Designated handicapped spaces shall be provided along an accessible route located as near as possible to an accessible entrance.

D. Each space shall contain signage with the international symbol of accessibility. Indicating that a permit is required and notifying of a two hundred (200) dollar maximum fine for violation.

The two designated handicapped stalls are proposed at 9 ft in width and will have a 9 ft wide access aisle in between the two stalls. The handicap stalls are located near the building and will have an accessible sidewalk with a curb ramp in the access aisle. Accessible parking signs are proposed in front of both handicap parking stalls.

Bicycle Parking

Bicycle parking is required for all new construction commercial developments in the city and is determined by the number of required car parking stalls. Since this site will have more than 20 parking stalls, the development is required to include at least 2 bike parking spaces. Bicycle parking is not indicated on submitted plans and will be a condition of approval for the site. City staff will review the location of the bike racks and proximity to the building in accordance with the standards set in Section 17, Subdivision 14 of the City's Zoning Ordinances.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and drive-thru lanes are proposed to be surfaced with light and heavy-duty bituminous pavement. Drive aprons around the site entrances, sidewalks and the outdoor seating patio will be surfaced with concrete.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

A photometrics plan was submitted with foot candle readings and lighting types used on the site. Based on the foot candle readings on the photometrics plan these light sources will meet most criteria listed in Section 14 of the City Zoning Ordinance. Some foot candle readings exceed the maximum 5 ft candles measured at a non-residential property line, but is not foreseen to impact the surrounding areas in which the light projects. Seven total downlit light poles are proposed to be placed around the parking areas and curbing.

Visibility

No sign shall be so located as to restrict the sight, orderly operation, and traffic movement within any parking area.

There is proposed signage near the south curb cut near 5th Ave NE. It is not expected that this proposed location of this sign would cause visibility issues for traffic movement since it is directionally a one-way street with vehicles entering the site from 5th Ave NE.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around all parking areas and the drive-thru/by-pass lanes.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) wide.

Four-inch-wide yellow striping will be used across the site for designated parking stalls.

Curb Cuts

The curb cuts proposed along 5th Avenue NE are 26 feet in width and comply with City Standards.

Exterior Building Materials

These standards are intended to ensure coordinated design of building exteriors, additions and accessory structure exteriors in order to prevent visual disharmony, minimize adverse impacts on adjacent properties from buildings which are or may become unsightly, and buildings that detract from the character and appearance of the area. It is not the intent of this division of unduly restrict design freedom when reviewing and approving project architecture in relationship to the proposed land use, and site characteristics.

A. The exterior wall finishes on any building shall be comprised of one or more of the following materials:

1. Face brick.
2. Natural stone.
3. Glass.
4. Decorative concrete block as approved by the City Council.
5. Specifically designed pre-cast concrete units; if the surfaces have been integrally treated with an applied decorative material or texture.
6. Masonry stucco.
7. Other comparable or superior material as recommended by the Planning Commission and approved by the City Council.
8. No more than 75% of the building sides visible from Highway 65 may be constructed of decorative concrete block, pre-cast concrete or stucco.
9. The exterior of the building shall have varied and interesting detailing. Large unadorned walls shall be prohibited (50’ or more). All large walls viewable from Highway 65 must be relieved by architectural detailing, such as change in materials, change in color, offsets, or other significant visual relief provided in a manner or at intervals in keeping with the size, mass and scale of the wall and its views from the public right-of-way.

10. Exterior building material colors shall be complimentary of other buildings within the district.

11. Exterior elevations of all sides of a proposed building noting the material and color of each component, to include exterior building materials, awnings, mechanical screening material, fencing and the like, shall be submitted with the site plan for determination of compliance with the above requirements.

12. Mechanical equipment

    a. Ground equipment shall be screened per Section 14, Subdivision 4 Mechanical Equipment.

    b. Rooftop mechanical equipment, and head-houses for elevators and stairs, shall be concealed from public view.

B. All subsequent additions and accessory buildings constructed after the erection of the original building or buildings, shall be constructed with exterior finishes comprised of the same materials as the original structure(s).

Exterior building materials include EIFS Stucco and metal panels in various colors. EIFS panels will be mostly neutral in color, with accent panels of the restaurants signature colors of orange, blue and maroon. Exterior building material colors in the Highway 65 District are to be complimentary of other buildings within the district; the blue and orange siding colors do not specifically match any surrounding buildings in the district but could be acceptable with flexibility and approval from the Planning Commission and City Council. Flexibility has been given for businesses in this district to keep their signature look so that it is recognizable. The exterior of the building has varied detailing with materials, colors and textures on all sides and is architecturally appealing.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If any outdoor mechanical equipment is proposed, the location must be reviewed by City Staff for the location and screening from surrounding properties.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are no loading and service areas displayed on site plans. A building of this size does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   The refuse and garbage receptacle will be completely screened from 5th Ave NE architecturally with a painted fence.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site does not surround a residential area.

B. Landscaping. The site shall be landscaped in accordance with an approved landscape plan. All lots shall be sodded with four (4) inches of topsoil. One (1) tree shall be provided for every 10,000 square feet of lot or one (1) tree per fifty (50) feet of road frontage, whichever is greater.

   A landscaping plan was not submitted with the application. A landscaping plan will need to be submitted to City Staff to review tree and planting locations, types and number of trees. The landscaping plan shall meet all landscaping criteria listed in Section 15 of the City's Zoning Ordinances. The City Landscaping Ordinance requires that the site have at least 8 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage).

Building Orientation

Building shall be oriented towards Highway 65 or, at a minimum, give the appearance of having a front facing Highway 65 (second front).

The building orientation is proposed to have the south elevation as the main storefront/entrance and will also have the east elevation as an entrance for the patio area. The east elevation of the building will face Highway 65 and have signage similar in appearance to the front of the restaurant.

Outdoor Seating

Food service businesses, including, but not limited to, bakeries, delicatessens, coffee shops, and restaurants, may provide temporary outdoor seating as an accessory use for their patrons, provided the following requirements are met:

A. An administrative permit shall be reviewed and approved by the City Planner or his/her designee. If the proposed outdoor seating area abuts a residential district, then a Conditional Use Permit is required.
   An administrative permit will not be needed for the outdoor seating area, as a CUP has been applied for and is being reviewed as part of this submittal.

B. Seating and furniture shall enhance the appearance of the business.
Outdoor seating arrangements will enhance the appearance of the restaurant. Renderings of the outdoor patio area show Adirondack chairs and a fireplace, creating an environment that is consistent with the area and surrounding businesses.

C. Seating areas shall be located in a controlled or cordoned area with at least one (1) opening to an acceptable pedestrian walk. When a liquor license is involved, an enclosure is required and the enclosure shall not be interrupted. Access to such area shall be through the principal building only. Signage shall be displayed that restricts the consumption of alcohol outside of the designated outdoor seating area.
The outdoor seating area will be accessible by an ADA accessible sidewalk from the parking area. The business will not serve alcoholic beverages and will not have to be completely closed off with the only access being from the inside of the building.

D. Seating shall be located and designed so as not to interfere with pedestrian and vehicular circulation.
The seating area will be positioned on the east side of the building and will not interfere with traffic or pedestrian circulation. The patio area will be in between the building and drive-thru lanes.

E. Seating areas shall be equipped with trash receptacles and shall be periodically reviewed for litter pick up.
A trash receptacle is not labeled on site plans but will need to be included for the seating area.

F. Seating areas shall not have loud speakers or audio equipment that is audible from adjacent property lines. All exterior sound equipment shall be shut off by ten (10) o'clock p.m.
Audio for the seating area is unknown but is not expected that it will be audible from adjacent property lines or played past 10 p.m.

G. Lighting shall be permitted to the extent that it only illuminates the designated seating area.
Downlit lights are provided according to exterior elevations and will not exceed 1 foot candle around this area according to photometrics plans.

H. Seating areas shall not obstruct required accesses, entrances, and exits into the business establishment; but shall be located adjacent to the principal use.

I. Seating shall not be located in such a manner as to obstruct parking spaces. No additional parking is required for thirty (30) seats or less. Any additional seating over thirty (30) seats shall provide required parking based on one (1) space per three (3) seats.

J. Any proposed outdoor seating plan over fifty (50) seats shall be reviewed as a Conditional Use Permit.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash enclosure is proposed to be located on the northwest corner of the site and will be screened architecturally from 5th Ave NE and the surrounding property to the north. The colors of the enclosure are consistent with the principal building on site. The trash enclosure is proposed to be illuminated with a light pole to the east for safety of employees.

Mechanical Equipment

Mechanical equipment shall be screened from the public right-of-way and from adjacent residential properties. Screening shall be compatible with the principal building and shall be provided in accordance with the regulations as provided within Section 15, Subdivision 3 of this Ordinance.

Mechanical equipment is not displayed on site plans. If any exterior mechanical equipment is proposed, it shall be labeled on the site plans and reviewed for location and screening.

Drive-Thru Facilities

Permitted by a Conditional Use Permit only as an accessory use to a business or restaurant providing the following requirements are met:

A. No drive-thru window shall be adjacent to a public street.

The proposed drive-thru windows will be located on the north side of the building and will not be directly adjacent to a public street.

B. Drive-thru facilities shall be limited to one (1) service window which is part of the principal structure and not more than two queuing lanes, unless approved along with additional landscaping, screening, or other pedestrian amenities such as fencing, seating, raised pedestrian crossings, etc.

The exterior building elevations display three drive-thru windows and two designated queuing lanes, with a bypass lane running parallel to the drive thru lane on the north side of the building. Staff believes that having more than one drive-thru window will speed up the drive-thru process and allow the business to have separate stations for money collection and food handling.

C. There shall not be any additional curb cuts on a public right-of-way exclusively for the use of drive-thru queuing or exit lanes. Drive-thru traffic shall enter and exit from internal circulation drives.

The curb cuts will be located on 5th Ave NE to access and exit the site. These curb cuts will not be used exclusively to enter the drive thru lanes. Traffic will circulate through the parking area to get to the queuing lanes.

D. Queuing space for at least four (4) cars or seventy (70) feet shall be provided per drive-thru service lane as measured from but, not including the first drive-thru window or teller station.

The drive-thru lanes will be able to accommodate 12 cars, with 2 additional waiting stalls ahead of the drive-thru windows.

E. Queuing space shall not interfere with parking spaces or traffic circulation with the parking lot or upon the public right-of-way.

Queuing space is located on the east side of the site and will wrap around the building, while the parking stalls are located on the south side of the building. Car piling near the drive-thru lane is not expected to impact vehicles coming in and out of parking stalls. The building will have two queuing lanes and three drive-thru windows to minimize wait times.

F. Alcoholic beverages shall not be served.

There will be no alcoholic beverages sold on site.

G. Exterior loud speakers shall be located a minimum of one hundred fifty (150) feet from any parcel containing a residential use and such speakers shall comply with the noise regulations as provided within Isanti City Code of Ordinances.

The site does not border a residential area.

H. A by-pass lane shall be provided, allowing autos to exit the drive-thru lane from the stacking lane.

A by-pass lane is provided that runs parallel to the drive thru lane, allowing vehicles to exit the drive-thru lane from the stacking lane.

I. Screening of automobile headlights must be provided. Screening shall be at least three (3) feet in height and fully opaque. Screening shall consist of a wall, fence, dense vegetation, berm or grade change or similar screening as determined to be acceptable by the City Council.

A landscaping plan was not submitted with the application. A landscaping plan will need to be submitted to City Staff to review tree and planting locations, types and number of trees. The landscaping plan shall meet all landscaping criteria listed in Section 15 of the City's Zoning Ordinances.

Signs

The site proposes wall signage on three sides of the building with the DQ logo and two freestanding pylon signs near Highway 65 and 5th Ave NE. These signs will need to follow criteria listed in both the B-2 General Business District as well as the Highway 65 Overlay District. According to the sign regulations found in Section 16 of the City's Zoning Ordinances, each site is allowed only one freestanding sign. The sign package for DQ is proposed to have one freestanding pylon sign facing Hwy 65 and another pylon sign facing 5th Ave NE. Since the sign package is completed with the submittal of the site plans, the Planning Commission and City Council can make recommendation to allow for two freestanding signs on site. Staff believes that two signs on this lot are reasonable since there are two road frontages. The sign plans show a dynamic sign with an electronic message board. Dynamic signs are permitted in the B-2 and TH 65 Overlay Zoning Districts. Specific regulations shall be followed for a dynamic sign found in Section 16, Subdivision 6 of the City's Zoning Ordinances. Menu boards for the drive thru are not proposed to exceed 60 square feet.

Staff Recommendation: Staff recommends approval of the proposed Dairy Queen building site plans and Conditional Use Permit located at 280 5th Ave NE with the following conditions:

Conditions:

- The site is required to provide at least 2 bike parking stalls in accordance with Section 17, Subd. 14 of Isanti's Zoning Ordinances
- A landscaping plan shall be provided for review by City Staff and shall meet all criteria listed in Section 15 of the City's Zoning Ordinances.
- One freestanding pylon sign is permitted on site, if the applicants would like a second pylon sign near the entrance, it must be approved by the City Council
- If the freestanding sign near 5th Ave NE is approved by the City Council, it must be located at least 10 ft from property lines
- The dynamic sign shall follow regulations found in Section 16, Subdivision 6 of the City's Zoning Ordinances
- A trash receptacle shall be placed within the outdoor seating area
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the City Engineer's memo, dated 7/7/2022.

MEMORANDUM

Date: July 7, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Dairy Queen – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Dairy Queen Grill & Chill" with a signature date of June 24, 2022.

The plan includes the construction of a new building, parking lot and a storm sewer system that connects to a regional pond.

We have reviewed the submitted documents and have the following comments:

1. Sheet C102 Removals Plan:
    a. Preserve large pines where possible along the south property line.
    b. Avoid cutting into the drive lanes on 5th Avenue, see comments on hydrant lead below.
    c. Cut a minimum 2-foot bit patch width along the curb.
2. Sheet C201 Civil Site Plan:
    a. Use the heavy duty pavement section on 5th Avenue.
    b. Clarify which "directional sign" will be used at the entrance and exit.
    c. Construct both entrances with the attached valley gutter detail. Add detail to plans.
    d. General Comment (not a requirement): allowing 90-degree parking on a one way road can be confusing and cause accidents. The single lane along the west side of the building would also not be need to exist if all angled parking were used.
3. Sheet C401 – Utility Plan:
    a. Call out a Neenah R-3347-A casting to replace the existing casting on the existing catch basin that will now fall in the driveway. Revise on C602 table as well.
    b. We do not want additional taps made onto the waterline, nor the full street being cut into and closed, therefor, show removing the existing hydrant and valve, adding 2 45-degree bends and reinstalling the hydrant and valve on the south side of the new exit, centered in the boulevard.

c. A large portion of the site in the NW area drains to the street, this needs to be collected on site. Move STMH-1 to the connection point of the existing storm stub and add a new Catch basin next to the trash enclosure.

4. Sheet 501 – Erosion Control Plan:
    a. All turf establishment shall be sod, not seed, per City standard.
5. Sheet C6.02 – SWPPP Narrative:
    a. Submit NPDES Permit to City prior to beginning work.
    b. Submit City SWPPP checklist (attached)

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

SWPPP Checklist

Construction Stormwater Permit Program

Doc Type: Stormwater Pollution Prevention Plan (SWPPP)

Background: This checklist is based on the checklist used by Minnesota Pollution Control Agency (MPCA) staff for Stormwater Pollution Prevention Plan (SWPPP) reviews.

Site Information

Applicant: _____ Project name: _____

Application date: _____ Reviewer name: _____

SWPPP Narrative

Yes	No	
☐	☐	Describe the nature of the construction activity?
☐	☐	Address the potential for a discharge of sediment and/or other potential pollutants from the site?
☐	☐	Propose erosion prevention and sediment control Best Management Practices (BMPs.
☐	☐	Identify the person knowledgeable and experienced who will oversee the implementation of the SWPPP.
☐	☐	Identify the entity (name or title) responsible for performing future Operations and Maintenance (O&M).
☐	☐	Identify the training requirements are satisfied.
☐	☐	Describe project phasing.
☐	☐	Describe final stabilization methods for all exposed areas? (may be in narrative or on plan sheets)
☐	☐	Identify stormwater management measures needed to mitigate impacts identified as a result of environmental, historical, archaeological, or rare species reviews conducted for the project?
☐	☐	Identify additional measures being taken to protect Drinking Water Supply Management Areas?
☐	☐	If site discharges to special water or impaired reach, identify any site areas discharging to the special or impaired reach?
☐	☐	Identify construction areas that are adjacent to and drain to Public Waters for which the Minnesota Department of Natural Resources (DNR) has promulgated "work in waters restrictions" during specified fish spawning time frames.
☐	☐	The SWPPP must account for expected amount, frequency, intensity, and duration of precipitation.
☐	☐	The SWPPP must account for nature of stormwater runoff and run-on at the site.
☐	☐	The SWPPP must account for the range of soil particle sizes expected to be present on the site.
☐	☐	For design requirements or SWPPP components where Permittee determines that compliance with the requirement is infeasible; the SWPPP must document that determination and the substitute BMPs.

SWPPP Plan Sheets

Yes	No	
☐	☐	Existing and final grades.
☐	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☐	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☐	☐	Impervious areas (Pre- and Post-Construction).
☐	☐	Soil types.
☐	☐	Locations of potential pollutant-generating activities.
☐	☐	Locations of areas not to be disturbed (buffer zones).
☐	☐	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☐	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☐	☐	Has appropriate construction phasing been implemented?
☐	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☐	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☐	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☐	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☐	Are all inlets protected?
☐	☐	Stockpiles have sediment control.
☐	☐	Construction site entrances minimize street tracking.
☐	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.
☐	☐	Is a dewatering plan required?
☐	☐	Storage, handling, and disposal of construction products, materials, and wastes.
☐	☐	Fueling and maintenance of equipment or vehicles; spill prevention and response.
☐	☐	Vehicle and equipment washing.
☐	☐	No engine degreasing allowed on site.
☐	☐	Containment of Concrete and other washout waste.
☐	☐	Portable toilets are positioned so that they are secure.
☐	☐	Stabilization by uniform perennial vegetative cover (70% density of its expected final growth).

Requirements of Appendix A

Yes	No	
☐	☐	Does this site drain to a discharge point on the project that is within one mile of a Special or Impaired Water?

Yes	No	
☐	☐	Stabilization initiated immediately and all soils protected in 7 days
☐	☐	Provide temp basin for five acres draining to common location.
☐	☐	100-foot buffer
☐	☐	Other as appropriate

Wetland Impacts

Yes	No	
☐	☐	Does this site have a discharge with the potential for adverse impact to wetlands:

Yes	No	
☐	☐	Does the SWPPP comply with the conditions of an approved Wetland Impact Permit?

RE: Dairy Queen

City of Isanti Planning Commissioners,

Isanti Fire District has reviewed the proposed Dairy Queen Grill & Chill by American Dairy Queen, constructed by Marcus Construction on PID 116.126.0060.

Isanti Fire supports the continuation as presented in the July 5, 2022 development review meeting providing that all State and City fire codes are conforming per City of Isanti Code 111-113: *Adoption of MN State Fire Code*.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

Memo for City Council

To. Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation & Events Coordinator
Date: August 3, 2022
Subject: Resolution 2022-XXX Amendment to the 2022 Budget

Background:
In spring of 2022 the City of Isanti decided to stop running the Isanti Family Farmers Market to allow a private group to host a new market in Isanti called the Neighborhood Market. Since the city is no longer running a farmers' market, city staff would like to make an adjustment to the City of Isanti 2022 Budget.

We are requesting to move the $2,200.00 in the Farmers Market account 101-45300-498 into the Recreation Program account 101-45300-491. The $2,200.00 can be used to supplement remaining Parks events and programs in 2022. Events that we would consider giving a boost to would be the Family Summer Entertainment Series on August 9th and 30th in the Bluebird Park Amphitheater as well as Family Day at Legacy Park on September 25th.

We are considering adding bounce house rentals for the Family Summer Event Series. Currently the events are 1 hour in duration and we'd like to add activities to help draw people into the park before the main performance each night. For Family Day we would like to purchase small pumpkins and paint kits to handout to kids. They will bring them home to decorate. When completed they can submit a photo of their completed pumpkin to the city Facebook page to enter in a contest for a chance to win a prize.

Staff is requesting action on this item.

- Resolution 2022-XXX - PARKS - BUDGET - Amendment to the 2022 Budget

RESOLUTION NO. 2022-XXX

RESOLUTION APPROVING AMENDMENT TO THE 2022 BUDGET

WHEREAS, on December 7, 2021 the City Council approved the City of Isanti 2022 Budget; and,

WHEREAS, the 2022 budget includes $2,200.00 for the Isanti Family Farmers Market; and,

WHEREAS, the Isanti Family Farmers Market was taken over as a private venture by The Neighborhood Market in the spring of 2022. The City of Isanti no longer has involvement in the market; and,

WHEREAS, the $2,200.00 will be moved into the Recreation Program fund to be used on upcoming programs and events for the remainder of 2022; and,

WHEREAS, the Isanti City Council authorizes the following amendment to the 2022 budget.

	CURRENT	PROPOSED	CHANGE
101-45300-498	$ 2,200.00	$ 0.00	$ (2,200.00)
101-45300-491	$ 11,875.00	$ 14,075.00	$ 2,200.00

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to amend the 2022 budget.

This Resolution is hereby approved by the Isanti City Council this 3rd day of August, 2022.

Attest: Mayor Jeff Johnson

Subject: Resolutions 2022-XXX Awarding Quote for the Lease of City/EDA Owned Crop Land

---

Background:

On June 1st the Council/EDA Directed Staff to publicly advertise for crop lease quotes for crop year 2023 for EDA owned land. City Staff opened the quotes at 11 AM on July 20, 2022 and read them aloud. The quotes were as follows:

Parcel A – 67 acres "more or less"
Wayne Calander, Calander Farms $6,800.00/year
This is $2,163.85 less than the 2022 lease. Staff is in the process of obtaining an updated appraisal for this parcel. The lease agreement will have a clause about selling the land. Mr. Calander's quote for the 2023 crop year would put that land valuing at $101.49 per acre. In 2022 Mr. Calander was awarded Parcel A, he paid $8,963.85 for the year, this put the land valuing at $108.39 per acre.

Based on the quotes received staff recommends the following awards:
Parcel A – 67 acres "more or less"
Wayne Calander, Calander Farms $6,800/year

Requested Action:

Staff recommends adoption of the attached resolutions and staff to execute the lease.

RESOLUTION 2022-XXX

AWARDING QUOTE FOR THE LEASE OF CITY OF ISANTI OWNED CROP LAND

WHEREAS, the City of Isanti has determined that certain property currently owned by the City of Isanti and the City of Isanti Economic Development Authority will not be needed in the near future for the intended public use; and,

WHEREAS, the City Council and EDA have identified the property to be leased/rented for crop production on the map attached Exhibit A as Parcel A for 67 acres "more or less", north and east of the City of Isanti Wastewater Treatment Facility and Public Works site, located to the east of 3rd Avenue North on the western boundary of lots 1, 2, 3, and 4 of Isanti Railview North Industrial Park, and south of 299th Avenue; and,

WHEREAS, the City Council and EDA advertised and obtained one quote from parties interested in farming the above stated property for the production of row crops for the 2023 Crop Year as follows:

Wayne Calander, Calander Farms $6,800/yr;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota

1. Hereby awards the bid as received for a period of one crop year to Wayne Calander, Calander Farms, for the amount of $6,800/annual rent for the 2023 crop year for the rental of approximately 67 acres "more or less" of EDA property for crop farming as described above.

2. That the annual rent of $6,800/yr. shall be due and paid to the City of Isanti Economic Development Authority according to the following schedule:
3.

On December 1, 2022	$3,400.00	(1st half of first year 2023 annual fee)
On December 1, 2023	$3,400.00	(2nd half of year 2023 annual fee)

4. The EDA reserves the right to develop the property at any time through the contract period. If the EDA exercises this right, the EDA shall compensate Mr. Calander for the fair market value of the crop destroyed, valued at the average market price per bushel as of the date of initial construction activity resulting in the removal of the crop, based upon the average per acre yield as established by the records maintained by USDA pertaining to the subject field or as available for similar fields located in Isanti Township, in the event such records are not available for the specific crop field herein.
5. That Mr. Calander shall have no right to rent the land for future crop years after year 2023 unless awarded the lease by the EDA through a bid process.

This resolution was duly adopted by the City of Isanti this 3rd day of August 2022.

APPROVING DONATION BOX AT LIQUOR STORE

WHEREAS, on June 2nd, 2009 City Council approved a donation box policy; and,

WHEREAS, Isanti Liquor is requesting use of a donation box at the liquor store in support of the "4th Annual MMBA Fire Department Fundraiser"; and,

WHEREAS, the Donation Policy has been reviewed and approval is recommended;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Isanti, Minnesota hereby approves placement of a donation box for the "4th Annual MMBA Fire Department Fundraiser" at the Isanti Liquor Store from August 4, 2022 through September 11, 2022, allow the Isanti Fire District to park fire equipment on-site at times within the dates of the fundraiser, and to also allow the Isanti Fire District to provide a prize or prizes to be given away during the fundraiser.

4th Annual MMBA Fire Department Fundraiser

In an effort to help your cities promote the Community Value of their Municipal Liquor Operation, the MMBA, in partnership with MolsonCoors, is coordinating the 4th annual fundraiser **benefiting your local fire departments.**

This is an effort to help raise additional $$ for local fire departments as many are running on very tight budgets. All funds raised will go directly to the local fire department that services your community.

In addition, for each store that participates, you will be part of a random drawing for 1 of 5 additional $500 donations for local fire departments! **Send in a photo of your display/participation to be entered.**

In appreciation for the largest donation gathered, MolsonCoors will also donate a case of Coors Banquet to each and every fire fighter at that cities department!

NEW in 2022*** Molson Coors will also be supporting a greater cause with every case of Coors Banquet sold (4/6/12 stubby bottles and 4/6/16 cans) We have selected MN Fire to receive a cents/case donation up to $15,000! This non-prof supports local MN firefighters with insurance, family needs and health benefits.

We will also have special packaging calling out firefighters too!!

Here are execution details for this program:

- The fundraiser will run from August 1 – Sept 11th, 2022. At the end of the event (Sept 11th), please take the collected cash to your local fire department while contacting Paul Kaspszak with your results.

- Each participating Municipal store will raise funds in various ways (suggestions noted below)

- POS to help Support the event

    - Signage will be available from your Coors Distributor – please contact them and determine exactly what you need and what you want the POS to communicate
        - Banners for front of store
        - Posters for inside store and above Coors/Coors Light display
        - Donation cards (To start, it is suggested that you get 100 donation cards with scannable UPC for ease of collection)

Here are some successful ideas to help promote the event and raise the most funds:

- ✓ Donation cards – every person who donates signs a card and the cards are proudly displayed in store (behind register, around Coors display, entry way – this helps to increase awareness as well as thank those that donate)
- ✓ Contact your local Fire Chief to gain their participation and more suggestions.
    - Plan a day or 2 when fire trucks can be parked in-front of the store
    - Have station donate items to be raffled in silent auction (ie signed helmet or boots)
    - Have firefighters in your store for photos and help with donations
    - Is there a piece of equipment the fire department is in need of? Set a goal and help them achieve it!
- ✓ Run a silent auction in-store to raise $$ - items could be donated by fire station, city, local businesses, breweries, distributors, etc
- ✓ Donate a portion of Coors/Coors Light sales for the month of August. $.50/case being a suggestion.

- ✓ At the end of the program, tally your funds and ask your local Coors distributor to mock up a large check. This is a great photo opp for your store/local paper and it can be then posted in your store thanking the community for their efforts.

Your Coors distributor will be asking about your participation and how they can help. They will also be incentivized to build large creative displays with Coors and Coors Light cases to help with your efforts.

Any and all additional display/feature consideration for Coors and Coors Light is greatly appreciated!

Send in all your photos of your participation to
Email: kaspszak@outlook.com and CC : jonathan.chance@molsoncoors.com

If you have any issues contacting your local distributor, please contact Jon Chance
Phone: 612-718-6862

Thanks for your participation!!!!!

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: August 3rd 2022
Subject: Resolution 2022-XXX Accepting Quote for Dell Poweredge T440 Server

---

Background:

The Server for City Hall is scheduled for replacement. The 2022 budget for Fund 614 included $12,621 for a new server. However, given rising prices and an ever expanding need for digital storage, especially video of public meetings, White Bear IT Solutions has quoted a price of $25,090. Finance Director Betker solicited a second quote online directly from Dell. That quote was more than $33,000.

In discussions with IT, staff is satisfied that this server will meet the needs of the City for at least the next 7 years. 2 years longer than the standard useful life assigned in our capital improvement plan. In addition to mitigating risk with redundant fans and power source the proposed server will also come with 4-hour On-Site support, provided by Dell, for 7 years.

The current server was originally purchased in 2016. When the current extended support contract runs out in April of 2023, no support/warranty contract options will available. Additionally the current server is down to less than 10% of its memory available.

Recommendation:

While this purchase would be well above budget and would likely leave Fund 614 with a negative cash balance at year end, staff is recommending moving forward with the purchase. The long run financial outlook for Fund 614 is still strong. And this purchase would mitigate substantial risk for at least 7 years and potentially 10 years.

Action Required:

If Council concurs with staff's recommendation, Council would motion to approve the attached Resolution.

RESOLUTION 2022-XXX

ACCEPTING QUOTE FOR DELL POWEREDGE T440 SERVER

WHEREAS, The city capital improvement plan, which is reviewed and adopted by the Council annually provides for the replacement of the existing City Hall Server; and,

WHEREAS, the current server is nearing the end of its support contract as well as limits on available memory; and,

WHEREAS, the city has received two quotes and Fund 614 is the identified funding source;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the quote from White Bear IT Solutions for Dell PowerEdge T440 Server in the amount of $25,090.

This Resolution is hereby approved by the Isanti City Council this 3rd day of August, 2022.

1. ORD-770 Amending Chapter 227; Parking and Storage

City Administrator Josi Wood shared that there was discussion held on May 17th as well as on June 21st to discuss parking along one side of Unity Blvd between 1st Ave and 3rd Ave. It was decided upon that it would be on the Southside would be no parking. The Ordinance draft was posted for the required 10 days and staff recommends approval.

Motion by Lundeen, seconded by Bergley to approve ordinance as presented. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

2. ORD-771 Amending the City Zoning Code, Ordinance Section 6, Articles 1, 2, 3, 4, 5 & 6 Under "Special Regulations"

Community Development Director Stephanie Hillesheim shared that this ordinance amendment is to include the word "metal" as an allowed roofing material. A public hearing was held by the Planning Commission on July 19th and recommended approval.

Motion by Lundeen, second by Gordon to approve ordinance as presented. Motion carried unanimously.

3. Resolution 2022-139 Approving Site Plans and Conditional Use Permit for a Dairy Queen Restaurant with Drive-Thru Facilities and Outdoor Patio Located at 280 5th Ave NE

Community Development Director Stephanie Hillesheim shared that this is a resolution to approve the site plan and conditional use permit for the Dairy Queen restaurant with drive-thru facility and outdoor patio. A public hearing was held by the Planning Commission on July 19th and recommend approval. A revised site plan was presented to Council with a couple changes. Changes include moving the location of the patio to the southwest corner of the restaurant and a few changes to alleviate some of the congestion of the parking and increase the flow of the parking lot.

Motion by Lundeen, second by Collison to approve ordinance as presented. Motion carried unanimously.

4. Resolution 2022-145 Approving a Conditional Use Permit Site Modifications to Allow Storage Containers for BP Metals

Motion by Lundeen, second by Bergley to approve resolution. Motion passed 4-1 with Collison voting nay.

Parks, Recreation and Events Coordinator Jordan Clementson

5. Resolution 2022-140 Approving Amendment to the 2022 Budget

Parks, Recreation and Events Coordinator Jordan Clementson shared that this is a request to amend the budget for 2022 with the Farmer's Market moving to a private group. Since the City is no longer running the Farmer's Market, city staff would like to make an adjustment to the City of Isanti 2022 budget.

The adjustment is requesting to move the $2,200.00 in the Farmer's Market account 101-45300-498 into the Recreation Program account 101-45300-491. The $2,200.00 can be used to supplement remaining Parks events and programs in 2022.

Motion by Lundeen, second by Collison to approve resolution as presented. Motion carried unanimously.

6. Collaborative Highway 65 Billboard Discussion

City Administrator Josi Wood shared an image of a mock draft of a billboard that was sent via email by the County Administrator, Julia Lines. The International Thought Leaders Team from the Orange Frog Program offered to pay for a billboard on Highway 65 when one comes available with multiple organizations. The billboard would be at no cost to the City. Lines inquired per the email if all three cities within Isanti County, Braham, Cambridge and Isanti would like to have their logo on the billboard.

Consensus from City Council is that they respectfully decline in having the City's logo on the billboard.

Rochelle Knight, 32360 Wake Street NE, Cambridge, MN 55008, shared that she believes the money that went to the Orange Frog Program could of went towards transportation instead.

4. **Resolution 2022-143** Approving Donation Box at Liquor Store
5. **Resolution 2022-144** Accept Quote for Dell Poweredge T440 Server

Councilor Jimmy Gordon asked if the EDA land will be discussed at EDA that night as well.

Community Development Director Stephanie Hillesheim responded that it will be discussed at both meetings because it is EDA land so both EDA and Council need to approve.

Gordon asked why it is less than years prior.

Hillesheim shared that the bid is based on bids received and it is 15 less acres due to platting 4 parcels.

Gordon shared the server was budgeted for $12,000.00 and it came out to $25,000.00. Gordon asked Finance Director Mike Betker the reasoning for the difference in amounts.

Finance Director Mike Betker shared that the $12,000.00 was based on a quote a couple years ago and the big part of it is supply chain and availability of semi-conductors. Betker further shared that the server is at the end of its useful life in the sense that a warranty is not available going forward with the current server. Betker also shared that this is a substantially larger server. The previous server did not account for meeting videos as that was not being done then and video takes up a significant amount of space.

Gordon asked if a different IT firm could be used to get better pricing.

Betker shared that he suspects White Bear IT Solutions received the same discounted quote from Dell that any other IT firm would receive.

Motion by Lundeen, second by Bergley. Motion carried unanimously.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation and Events Coordinator
Date: August 16, 2022
Subject: Approving SEP Application for Twin Cities Fantasy Factory Bicycle Skills Training Session

Background:
Twin Cities Fantasy Factory is requesting to hold a small event along side of the MN BMX State Finals on Saturday, August 20th from 4-8pm in the south end of the skatepark. They have professional riders that will be giving bicycle skills training to younger riders. They have a 12'x12' inflatable landing pad to jump bikes into. City staff have checked with Rum River BMX about the proposed event and they have no objections. They have worked with Fantasy Factory in prior events. This event will be drawing kids that are already participating in the state finals, so it should not have any additional impact on traffic, parking, or city resources. They anticipate 20-40 participants in their event.

Recommendation:
City staff is requesting approval of the Twin Cities Fantasy Factory special event permit application.

Request:
Staff is requesting action on this item.

Data Practices Advisory
Tennessen Warning – Special Event Permit

You are being asked to answer questions and provide information pursuant to the special event permit application process that is required by the City of Isanti, Minnesota city code. The purpose and intended use of the requested data is to verify that each applicant meets the requirements for state statues and city code provisions and, if the license or permit is approved, to verify that all required data remains current. The following data collected, created, or maintained is classified under the Minnesota Government Data Practices Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (other than names and designated addresses)
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action
3. Entire record concerning any disciplinary proceeding
4. License numbers
5. License status

The following data collected, created, or maintained is classified under the Act as private data (Minn. Stat. § 13.41, subd. 2):

1. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure
2. The nature or content of unsubstantiated complaints when the information is not maintained in anticipation of legal action
3. Inactive investigative data relating to violations of statutes or rules
4. Record of disciplinary proceedings, except as limited by the provisions above

The following data collected, created, or maintained is classified under the Act as confidential data (Minn. Stat. § 13.41, subd. 4) :

1. Active investigative data relating to complaints against any license.

Under law, private data may be shared with licensing and inspection employees, approval authorities, insurance providers, law enforcement employees, contracted inspection officials, city officials who have a bona fide need for it, or as required by court order. The City of Isanti may make any data classified as private or confidential accessible to an appropriate person or agency if the licensing agency determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety.

We ask that you complete or provide all data requested on the application form(s) unless we have noted that it is not required. Refusal to supply required information may mean that your application cannot be processed.

This would also be taking place during the BMX State Finals hosted by Rum River BMX. Rum River BMX is aware of this event and doesn't see any issues from their end. They know the Fantasy Factory crew and have worked with them on events before. Fantasy Factory will be drawing riders that are already at the State Finals, so it shouldn't have any impact on parking.

Let me know if you approve or have any comments by Wednesday, August 10th so it can be placed on agenda for city council meeting on 8/16.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation and Events Coordinator
Date: August 16, 2022
Subject: Approving SEP Application for Rum River BMX Gold Cup Finals

Background:
Rum River BMX is hosting the Gold Cup Finals September 23-25, 2022. It is estimated to have 1,500 people in attendance each day.

They are requesting a street closure on Isanti Parkway NW just east of 1st Ave NW and just west of the compost site entrance. This is due to the amount of foot and bicycle traffic anticipated crossing Isanti Parkway NW. Closure would be from 11am-9pm on 9/23, 7:30am-7pm on 9/24 and 8am-7pm on 9/25.

Parking will be at the Isanti Indoor Arena in the grass area south of the building accessed by the trail south of the skatepark. Additional parking at Bluebird Park in designated lots. No parking will be allowed at Bluebird Park's main lot in by the playground, or the dog park lot. Overflow parking will be available in the soccer field parking lot.

Allina Health Services ambulance will be onsite with first responders.

There will be a 40'x80' tent placed on the paved area on the Northwest side of the arena. Team pit areas will not be permitted to set up on the east side of the trail south of the dog park through the archery range.

Eight (8) portable restrooms are being placed onsite. Rum River BMX volunteers will be cleaning up the property after the event.

Recommendation:
City staff is requesting approval of the Rum River BMX Gold Cup Finals special event permit application.

Request:
Staff is requesting action on this item.

Special Event Permit Application from Rum River BMX with Equipment Request Form

RESOLUTION 2022-XXX

APPROVING SPECIAL EVENT PERMIT APPLICATION FOR RUM RIVER BMX GOLD CUP FINALS

WHEREAS, Rum River BMX has submitted a special event application to host the Gold Cup Finals; and,

WHEREAS, a three-day event is scheduled to take place in the Isanti Indoor Arena on Friday, September 23 1:00-9:00pm, and Saturday, September 24 7:30am-7:00pm, and Sunday, September 25 8:00am-7:00pm; and,

WHEREAS, the estimated number of people in attendance is 1,500 per day; and,

WHEREAS, the applicant will provide eight (8) additional portable restrooms for the event; and,

WHEREAS, paid parking will be allowed on the grass lot to the south of the arena as outlined in the parking agreement; additional parking during the event will be restricted to Isanti Indoor Arena parking lot, northeast and southeast lots in Bluebird Park, overflow parking in the soccer field lot, and no parking allowed at the dog park or Bluebird's main lot; and,

WHEREAS, team pit areas will not be allowed on the east side of the trail south of the dog park and archery range; and

WHEREAS, Allina personnel and ambulance will be on-site for emergency medical precautions; and,

WHEREAS, the applicant has submitted a complete request with the application materials; and,

WHEREAS, the equipment request has been received for seven (14) barricades, forty (40) "no-parking" signs, and two (2) "road closed" signs;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to hereby approve the special event permit request for Rum River BMX Gold Cup Finals;

AND FURTHERMORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota that this Resolution is hereby the "Permit" for the above stated Special Event.

This Resolution is hereby approved by the Isanti City Council this August 16, 2022.

One thing I noticed on their attached map is that they have team pit areas located in the new archery range that was just seeded last week. We were hoping to have the archery range fully open by the time of this event. That would require the range to be closed for that weekend or informing Rum River BMX that that space is not available to use for the event. Not sure we would want to close it down right after it opens or have that much traffic on new grass.

For reference BMX did not have that area marked as being used for their upcoming event on 8/19-8/21.

Jay from BMX called this morning to add to the request that they would like to have access to the grass parking south of the arena through the trail just south of the skatepark. (separate map attached)

I had a follow up conversation with Jay. He said in the past they have closed down that section of the road for national events, which is what this one is. USA BMX takes over their main parking lot during the event and they have two 18 wheel trucks and trailers that they run registration and awards out of for the weekend. There is so much foot/bicycle traffic across Isanti Parkway all weekend that they like to shut it down for safety. That is also the reason why they have asked to access the south grass parking area via the trail as the main parking lot will be shut down to vehicles with the presence of the semi's and trailers. They will have volunteers stationed at the access points controlling traffic and parking.

Jordan,
I do not believe we have that many barricades and small no parking (I'm assuming police order) signs.
We need to make sure we keep a couple barricades for our use if needed.

They will not be able to use the archery range area, that should be denied.

I prefer that they access the grassy area through their parking lot for park user safety which I believe was how they did it in the past. Is there a reason they are not doing that this time? I'm assuming because they want to close the road but I think that should be vetted out....what are your thoughts? Will they have a person "manning" that park trail entrance to ensure safety?

Thank you,
Josi

Subject: SEP - Rum River BMX 9/23-9/25

Attached is Rum River BMX's special event application for Gold Cup Finals September 23-25, 2022. They would like a road closure on Isanti Pkwy NW between 1st Ave and just west of compost site entrance for the duration of the event. One thing I noticed on their attached map is that they have team pit areas located in the new archery range that was just seeded last week. We were hoping to have the archery range fully open by the time of this event. That would require the range to be closed for that weekend or informing Rum River BMX that that space is not available to use for the event. Not sure we would want to close it down right after it opens or have that much traffic on new grass.

For reference BMX did not have that area marked as being used for their upcoming event on 8/19-8/21.

Jay from BMX called this morning to add to the request that they would like to have access to the grass parking south of the arena through the trail just south of the skatepark. (separate map attached)

Please give me approval or comments by Wednesday 8/10 to make on the agenda for city council on 8/16.

Project No.: 0R1.125451

The Developer of the Fairway Greens North subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is a different process than we have used in the past.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 20% of the requested amounts of non-permanent items is held to ensure the temporary items are removed at the end of the project, and 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached is the invoice from the contractor for unpaid work to date in the amount of $315,908.33 for this addition. the 2nd Addition costs will be processed through the Fairway Greens North 2nd Addition Letter of Credit separately.

The materials have been found to be in compliance with city standards and all tests have passed to date.

Following city standard retainage practices, we recommend releasing 95% of the eligible items in the amount of $300,112.91.

Once the City receives verification that the owner has paid the engineering invoices to date, we recommend approving the reduction of the Letter of Credit in the amount of **$300,112.91** for materials incorporated into the project. This would hold $15,795.42 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

MEMORANDUM

Date: August 9, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North 2nd Addition –Letter of Credit Adjustment 1
City of Isanti, MN
Project No.: 0R1.127175

The Developer of the Fairway Greens North 2nd Addition subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is the same process we are using on the 1st Addition of this development.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached is the invoice from the contractor for unpaid work to date in the amount of $185,614.00 for this addition. the 1st Addition costs will be processed through the Fairway Greens North 1st Addition Letter of Credit separately.

The materials have been found to be in compliance with city standards and all tests have passed to date.

Following city standard retainage practices, we recommend releasing 95% of the eligible items in the amount of $176,333.30.

Once the City receives verification that the owner has paid the engineering invoices to date, we recommend approving the reduction of the Letter of Credit in the amount of **$176,333.30** for materials incorporated into the project. This would hold $9,280.70 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation & Events Coordinator
Date: August 16, 2022
Subject: Resolution 2022-XXX Amendment to the Rum River BMX Lease Agreement

---

Background:
At the Committee of the Whole meeting on July 19, 2022 a representative of Rum River BMX requested discussion about the possibility of Rum River BMX taking over full control of the restroom and warming house room on the South side of the BMX Facility due to continued vandalism and lack of use during public hours. It was decided to give RUM River BMX full control of those areas.

Amendments to the Lease agreement are needed to update responsibilities of the City of Isanti and Rum River BMX regarding the restrooms and warming house on the South side of the BMX Facility now that Rum River BMX will have sole use of those areas. City staff will remove public bathroom signage from the exterior of the arena and Bluebird Park. Staff worked with Rum River BMX on updating the agreement. Please see the attachments to see what was changed. Below are the areas being modified.

Currently the agreement states:
Exhibit A - Section 6.1 Restrooms, Concessions and Warming House that The Landlord agrees to maintain restrooms and warming house as depicted on the construction plans and specifications on the South side of the building. Maintenance includes the cleaning, stocking of materials and general maintenance of facilities described.

Exhibit D – Maintenance – City of Isanti Responsibilities
1) The City will be responsible for stocking supplies, cleaning and maintenance of the South side restrooms within the BMX facility which shall also be open to the public during such hours as the City may specify.

3) The City will be responsible for all general and cleaning maintenance of the warming house on the South Side of the BMX Facility.

Exhibit D – Maintenance – Rum River BMX Association Responsibilities

City Clerk

Exhibit A

LEASE

This **Lease Agreement** made and entered into the 27th day of October, 2014, to take effect as of the 1st day of February, 2015, by and between, the City of Isanti, Minnesota, 110 1st Avenue NW, PO Box 428, Isanti, Minnesota 55040 (hereinafter "Landlord") and Rum River BMX Association, 101 Isanti Parkway NW, Isanti, MN 55040, (hereinafter "Tenant"). Section 6.1 of the Lease is amended on the 16th day of August, 2022, all other provisions withstanding.

WITNESSETH:

1. Demised Premises. The Landlord, in consideration of the rents and covenants at mutual promises herein contained, to be paid, kept and performed by the respective parties, the Landlord, does hereby demise, lease and let unto the Tenant, and the Tenant does hereby hire and take from the Landlord that certain property located at 101 Isanti Parkway NW, Isanti, Minnesota and legally described on Exhibit A attached hereto and made a part hereof (hereinafter "Premises"), including all, furniture, fixtures and equipment purchased or provided by Landlord and used in connection with the improvements located upon the subject Premises. Use of the parking lot is restricted as defined in section 29.

1.1 Building to be Constructed. Prior to February 1, 2015 Landlord will cause to be constructed upon the Premises a building approximately 73,125 square feet in size. The building is to be built to Landlord specifications and suitable for containment of existing BMX track.

1.2 Completion of Construction. Said construction shall be substantially completed by February 1, 2015. If for any reason certificate of occupancy enabling tenant to take possession of and occupy the building to be constructed upon the subject Premises as provided herein cannot be issued until after February 1, 2015, the effective date of this lease shall be delayed until the first day of the first calendar month following issuance of the certificate of occupancy. In such case, the term of this lease shall be deemed to be for forty (40) years thereafter commencing as of the first day of the first calendar month following the date of issuance of the certificate of occupancy. All other terms and conditions of this lease shall remain as herein provided save and except that the rental payment schedule set forth in Exhibit B attached hereto and made a part hereof shall be adjusted to comply with a new 40 year lease term as occasioned by any such delay in the effective date of the lease.

2. Term And Commencement.

2.1 Term. The term of this lease shall be from the Commencement Date until January 31, 2055.

2.2 Commencement Date. The Commencement Date shall be February 1, 2015.

3. Improvements. The Premises is being leased in an "**AS IS**" condition.

4. Use of the Demised Premises. It is agreed that the Premises shall be used by the Tenant for the sole and exclusive use of Tenant's charitable, educational and recreational purposes primarily being the construction, maintenance and operation of a BMX race track and facility and related events ("Business").

5. Rent; Taxes and Utilities. In addition to the payment of Rent, Tenant shall be responsible for the payment of all costs defined herein associated with the Premises during the term of this Lease.

5.1. Rent. During the term of this Lease Tenant shall pay rent to the Landlord in the amount of $1.00 per month payable on the first day of each calendar month for the period of February 1, 2015 to July 31, 2015. Rent will increase to $6,000 per month payable on the first day of each and every calendar month beginning on August 1, 2015. The rent shall be increased by 2.5% annually beginning on August 1, 2016 and continuing throughout the term of the lease. The Lease payment schedule is attached hereto as Exhibit B and made a part hereof.

5.2 Taxes. The Isanti County Assessor has provided a letter indicating that the proposed use on the Premises is tax exempt for property tax purposes. In the event that any action, use, or sublease by Tenant of the Premises changes the property tax status resulting in revocation of the tax exempt status for the Premises, Tenant shall be responsible for all real estate taxes which may be levied upon the Premises and improvements subsequent to the commencement Date, provided, that the Landlord has paid the taxes, if any, due in calendar year 2014 and Tenant shall have no responsibility for such taxes. In the event that action by the Landlord changes the property tax status resulting in revocation of the tax exempt status for the Premises, Landlord shall be responsible for all real estate taxes which may be levied upon the Premises and improvements subsequent to the Commencement Date. Landlord's authorization of use or sublease by Tenant through an amendment or otherwise, shall not constitute an act by Landlord under this Section. In the event that actions resulting in a revocation of the tax exempt status for the Premises is caused to occur by neither the Tenant, nor the Landlord, both parties will work together to seek remedy to restore property tax exempt status for the Premises.

5.3 Utilities. Tenant shall be responsible for the maintaining and payment of all utility charges, applicable to the Premises commencing on February 1, 2015, and thereafter for the term of this Lease. Utilities including but not necessarily limited, to Natural Gas, Propane, Electric, Phone, Cable Services, Wireless Services and Internet Services.

5.4 City Sewer and Water, and Storm Water Utilities. Tenant shall be responsible for payment of City Sewer and Water billed upon the Premises, commencing on February 1, 2015, and thereafter for the term of this Lease. Access to a separate water service will be provided by the city at no charge to the Tenant for the sole purposes of maintaining the BMX track. Water used for irrigation outside of the indoor BMX facility and applicable usage fees will not be a responsibility of the Tenant. Storm Water Fees applicable to Premises will not be a responsibility of the Tenant.

5.5 Tax Exempt Status of Tenant. Except as otherwise provided under this Agreement, the Premises will not be used, directly or indirectly, in any activities which constitutes an unrelated trade or business activity of Tenant, determined by applying Section 513(a) of the Internal Revenue Code of 1986, as amended ("Code"). "Section 501(c)(3)

Organization" means an organization that is exempt from federal income taxation pursuant to Section 501(a0 of the Code as a result of the application of Section 501(c)(3) of the Code. Tenant will promptly provide Landlord with full information as to any use of the Premises by anyone other than a Section 501(c)(3) Organization or an individual member of the general public. Nothing in this paragraph is intended to give Tenant rights to assign this Lease or sublease any portion of the Premises. Tenant is a Section 501(c)(3) Organization, and Tenant is not a "private foundation" as defined in Section 509(a) of the Code. There is no action, proceeding or investigation pending or threatened or any basis therefore by the IRS or authorities of the State of Minnesota which, if adversely determined, might result in a modification of the status of Tenant as a Section 501(c)(3) Organization.

5.6 Tax Exempt Status of Premises. The Isanti County Assessor has reviewed the Tenant Landlord relationship and status and has deemed the Premises to be Exempt from Property Taxes. See Exhibit C attached hereto and made a part hereof. The Tenant and Landlord agree to cooperate to maintain this status for the term of the lease.

6. Maintenance. Tenant shall have sole responsibility for the maintenance of all aspects of the Premises, excluding structural and mechanical items relating to the building structure, and will keep it in good condition, reasonable wear and tear and damage by fire and the elements excepted. Tenant will keep the Premises in an orderly, clean and sanitary condition as required by the laws and ordinances applicable thereto; will not do nor permit to be done on said Premises anything in violation of the laws or ordinances applicable thereto. Without limiting the foregoing, Tenant shall be responsible for all costs of janitorial services, snow removal, except snow removal from parking lot, of entrance to indoor facility, garbage removal and all other general maintenance of the Premises. Decorative landscaping including but not limited to flowers, shrubbery, decorative rock, and woodchips shall be kept in a neat and orderly condition by the Tenant as acceptable to Landlord. Landlord will be responsible for maintenance and snow plowing for the parking lot further defined in section 29 of this Lease.

6.1 Restrooms, Concessions and Warming House. The Tenant agrees to maintain restrooms, warming house room and concession stand within the building. Maintenance includes the cleaning, stocking of materials and general maintenance of facilities described.

7. Insurance.

7.1 Tenant shall maintain at Tenants sole expense comprehensive general liability insurance, naming the Landlord as an additional insured, with respect to accidents occurring on or about the Premises or arising out of the use thereof in reasonable amounts, but not less than $1,000,000 for injury or death to any person, $1,000,000 for injuries or deaths arising out of any one accident, and $1,000,000 for property damage, with reasonable deductible clauses, written by companies licensed to do business in the State of Minnesota and will deliver to the Landlord a certification of such insurance providing for fifteen (15) days written notice to Landlord prior to cancellation thereof. Said minimum insurance amounts shall be subject to increase for inflation upon written notice by Landlord to Tenant.

7.2 Landlord may maintain such insurance upon the Premises against loss by fire and extended coverage perils as Landlord may deem appropriate from time to time. Tenant may maintain such additional insurance covering Tenant's Interest in the property as Tenant may deem

appropriate. In the event the building to be constructed upon the Premises pursuant to paragraph 1.1 above is destroyed or damaged to the extent that continued occupancy by Tenant is not feasible, Landlord shall have the option to rebuild or repair said building to the same or better condition as existed prior to the occurrence of such damage, or to declare this lease terminated upon written notice given to Tenant within 90 days after any event which renders the building unusable. If Landlord elects to rebuild/repair such damage there shall be no abatement of rent for any period during which the building is unusable by Tenant. If Landlord elects not to repair/rebuild the lease shall be terminated, and no rent shall be payable from and after the date of occurrence of the event which rendered the Premises unusable by Tenant.

7.3 Subleases. Any subtenant authorized under the terms of this Lease, shall be required to comply with all provisions of Section 7 under the terms of any sublease.

8. Alterations and Liens.

8.1 Tenant shall not be allowed to add any improvements requiring a building permit nor to alter or remodel the Premises without the prior written consent of Landlord, which consent shall not be unreasonably withheld or delayed.

8.2 In the event of any construction on or alteration to the Premises, and at the request of Landlord, Tenant will post in a conspicuous place on the Premises a notice that Landlord is not liable for the payment of any costs of any such construction or improvement and that neither the Premises nor the Building shall be subject to lien therefore. In the event that a lien is placed against the Premises as a result of any construction or alteration done by or at the request of Tenant, Tenant shall satisfy or remove the same within ten (10) days of receipt of notice from Landlord. So long as the laws of this State shall provide for the filing of a statutory bond to eliminate the attachment of mechanic's or materialmen's liens to real estate, Tenant shall require that its contractor or itself shall take such steps as are provided by law for the filing of said statutory bond to remove any such lien in the event Tenant contests the validity of such lien. If the same is not removed within ten (10) days from the date of written notice from Landlord, Landlord shall have the right at Landlord's option of paying the same or any portion thereof and the amounts so paid, including attorney's fees and expenses connected therewith, shall be deemed to be additional rent due from Tenant to Landlord and shall be paid to Landlord immediately upon provision to Tenant of a bill for same. Tenant shall indemnify and save harmless Landlord from and against all losses, claims, damages, costs or expenses suffered by Landlord by reason of any repairs, installations or improvements made by Tenant.

9. Damage. In case said Premises be damaged or destroyed due to actions of the Tenant, the Tenant shall repair or replace the same to substantially the same condition as existed immediately prior to such damage or destruction.

10. Default.

10.1 In the event the Tenant should (a) default in the payment of any of the rentals within ten (10) days of notice that same is due hereunder or (b) default in the keeping or performing of any other term or condition of this Lease and fail to remove such default within thirty (30) days after receipt of notice in writing from the Landlord specifying the nature of such default, then and

in any such event the Landlord is hereby authorized to re-enter said Premises, to eject the Tenant, and take full possession of said Premises and to terminate this Lease at its option.

11. Condemnation.

11.1 If the whole of the Premises shall be taken by any public authority under the power of eminent domain, this Lease shall terminate when possession thereof shall be required by the appropriating or condemning authority, or when legal title to the Premises shall vest in the appropriating or condemning authority, whichever shall first occur. In the event only a portion of the Premises are taken, the Lease shall cease as to the part taken, and the rent herein reserved shall be adjusted for the remainder of the Premises so that the Tenant shall be required to pay for the balance of the term that portion of the rent herein reserved which the value of the part of the Premises remaining after condemnation bears to the value of the Premises, immediately prior to the date of condemnation. If, however, by reason of the condemnation there is not sufficient space left in the Premises for the Tenant to conduct business or the taking of parking and common area is so substantial as to render the Premises unsuitable and unfit for which they were rented, then and in such events the Lease shall terminate.

11.2 All compensation awarded or paid as a result of a total or partial condemnation shall belong to Landlord.

12. Subordination. It is expressly understood and agreed, at the option of the Landlord, this Lease shall be and is subordinated to any existing mortgages covering said Premises, any extension or renewal thereof, or to any new mortgages which may be placed thereon from time to time. Provided, however, any mortgage shall recognize the validity of this Lease and shall agree that this Lease remains in full force and effect as to Tenant in the event of a foreclosure of the Landlord's interest as long as Tenant shall not be in default under the terms of this Lease. Tenant agrees to make, execute and deliver any such instruments as may be reasonably required subordinating this Lease to such mortgage, subject to the conditions here before specified.

13. Assignment or Subletting.

A. Except as otherwise provided herein, Tenant will not assign this Lease, will not sublet any part of the Premises, or allow use of the Premises by anyone other than the Tenant without the express prior written approval of the City Council of the City of Isanti, as evidenced by a duly adopted Resolution of the City Council. Except as otherwise provided in this Section, any other user or sublessee shall be a Section 501(c)(3) Organization or governmental entity.

B. Tenant may sublet no more than 1,400 square feet of the Premises to Full Tilt Bike Co., LLC, a Minnesota limited liability company ("Full Tilt"). The sublease must be at fair market value and may not impact the current tax-exempt bond status of the bonds used to acquire the Premises. Tenant shall provide the Landlord with a copy of the proposed sublease together with any amendments for approval by the City Council prior to execution. The sublease must be annually renewing and subject to annual review and approval by the City Council. By May 1st of each year, Tenant shall provide an accounting of all lease payments and other fees and charges paid by Full Tilt for the previous year

C. Tenant may have vendors present at special events as long as the use of the Premises by vendors does not affect the current bond status of the Premises. Each vendor may only be allowed use of the Premises for a total of 50 days prior to February 2, 2030. All vendors must be a charged a fair market price for use of the Premises.

D. Tenant shall annually track the days and type of use of the Premises by each vendor and the fees charged for each vendor's use of the Premises. On or before May 1st of each year, Tenant shall provide to Landlord a report of the use and fees for the previous year.

E. Tenant shall be responsible for all costs, taxes, expenses, charges incurred by the Landlord in connection with the sublease or use of the Premises by vendors, including any costs associated with a change in the status of the current bonds used to finance acquisition of the Premises.

F. Tenant shall require subtenants and other vendors to comply with the terms of this Lease and include all relevant provisions in any sublease or contract for use of the Premises.

14. Indemnification.

14.1 The Tenant agrees to indemnify, defend and hold Landlord and its officers and employees harmless from and against any claim, loss or expense arising out of injury, death or property loss or damage occurring in the Premises, except to the extent caused by the negligent act or intentional misconduct of Landlord or its officers or employees.

14.2 The Landlord agrees to indemnify, defend and hold Tenant and its officers and employees harmless from and against any claim, loss or expense arising out of injury, death or property loss or damage occurring as a result of Landlord's acts or omissions, to the extent caused by the negligent act or intentional misconduct of Landlord or its officers or employees.

15. Signage and Advertising.

15.1 Subject to applicable laws and ordinances, Tenant shall have the right to erect, maintain and operate signs located on the inside of the building on Premises, and to place its usual signs, logos, lettering and notices customarily installed or used at Tenant's facilities, subject to the prior consent of Landlord. All signs visible from the outside of the building shall be subject to prior written approval of Landlord. Naming rights for the facility and exterior signage placed by the Landlord on the outside of the building are the sole property and responsibility of the Landlord.

16. Mutual Release. Landlord and Tenant hereby release one another and their respective officers and employees from any and all liability (to the other or anyone claiming through or under them by way of subrogation or otherwise) for any loss or damage covered by property insurance or coverable by a customary policy of insurance even if such loss or damage shall have been caused by the fault or negligence of the other party, or anyone for whom such party may be responsible.

17. Notices. All notices, consents, demands and requests which may be or are required to be given by either party to the other, shall be in writing, and shall be deemed given or served when deposited in the United States mail by registered or certified mail, postage prepaid, addressed as follows:

If to Landlord:

City of Isanti
110 1st Avenue NW
PO Box 428
Isanti, Minnesota 55040

If to Tenant: Rum River BMX Association
101 Isanti Parkway NW
Isanti, MN 55040

Such addresses may be changed from time to time by either party by serving notices as above provided.

18. Relationship of Parties. Nothing contained in this Lease shall be deemed or construed by the parties hereto or by any third party to create the relationship of principal and agent or of partnership or of joint venture or of any association whatsoever between Landlord and Tenant, it being expressly understood and agreed that neither the method of computation of rent nor any other provisions contained in this Lease nor any act or acts of the parties hereto shall be deemed to create any relationship between Landlord and Tenant other that the relationship of landlord and tenant.

19. Attorneys' Fees. In the event Landlord institutes legal action or proceedings arising out of or in any way connected with this Lease against Tenant, the Tenant shall reimburse the Landlord for all reasonable attorney fees and costs incurred in connection therewith.

20. All Agreements Included. This Lease and Operating Policy (the "Operating Policy") attached as Exhibit D and made a part hereof embody all of the agreements between the parties hereto respecting the premises hereby demised. All subsequent changes and modifications to be valid shall be embodied within a written instrument duly executed by the parties hereto.

21. Paragraph Headings. The headings of the several paragraphs contained herein are for convenience only and do not define, limit, or construe the contents, construction or meaning of the provisions of this Lease.

22. Laws of Minnesota. The laws of the State of Minnesota shall govern the validity, performance and enforcement of this Lease

23. Saving Clause. The invalidity or unenforceability of any provision of this Lease, including but not limited to the provisions of the Operating Agreement set forth in Exhibit D and made a part if this Lease, shall not affect or impair the validity of any other provision.

24. Successors and Assigns. All of the terms, covenants, provisions and conditions of this Lease shall be binding upon and inure to the benefit of the parties hereto, their respective successors and assigns.

25. Force Majeure. In the event either party shall be delayed or hindered in, or prevented from, the performance of any work, service or other act required under this Lease to be performed by such party and such delay or hindrance is due to: (i) strikes, lockouts, or other labor disputes; (ii) inability to obtain labor or materials or reasonable substitutes therefor; or, (iii) acts of God, governmental restrictions, enemy act, civil commotion, unavoidable fire or other casualty, or other causes of a like nature beyond the control of the party so delayed or hindered, then performance of such work, service or other act shall be excused for the period of such delay and the period for the performance of such work, service or other act shall be extended by a period equivalent to the

period of such delay; provided nothing in this section shall be interpreted to allow an extension of time for Tenant to any rent due pursuant to this lease.

26. Consents. Landlord and Tenant covenant and agree that whenever, pursuant to the terms of this Lease, consent, satisfaction, determination or approval is required or permitted of Landlord or Tenant, such consent, satisfaction, determination or approval shall not be unreasonably determined, withheld or delayed.

27. Hazardous Materials

27.1 Tenant shall not use, store, manufacture, dispose of or discharge any pollutants, contaminants, or harmful or hazardous substances from or on the Premises or otherwise occupy or permit the Premises to be occupied or used in a manner which:

27.1.1 violates any law, regulation, rule or other governmental requirement;

27.1.2 impairs the health, safety or condition of any person or property; or

27.1.3 adversely affects the use, enjoyment or value of the Premises or the surrounding property.

27.2 Tenant shall promptly notify Landlord of the breach, or the potential or threatened breach, of any of the provisions of this paragraph. Landlord shall have the right of access to the Premises to inspect, test and, in Landlord's sole discretion, remedy any potential environmental problem. Tenant shall indemnify and hold Landlord and Its officers, shareholders, partners, employees, and agents, harmless from any loss, claim, liability or expense (including, without limitation, attorneys' fees, court costs, consultant fees, expert fees, penalties, fines, removal, clean-up, transportation, disposal, restoration expenses, diminution in value of the Premises, damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, damages arising from any adverse impact on marketing of space) arising in connection with Tenant's failure to comply with the provisions of this paragraph.

27.3. Notwithstanding any other provision of this Lease, the liability of the City is limited by and subject to the limitations provided by Chapter 466 of the Minnesota Statutes regarding liability for municipalities

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation and Events Coordinator
Date: August 16, 2022
Subject: Accepting donation for the dog park

Background:
There is a citizen who would like to make a donation to the dog park. He would like to supply the City of Isanti with a "Doggie Stick Library". A Doggie Stick Library is a board where people can take or leave dog toys or sticks at the dog park. It is a similar concept to book libraries you see along sidewalks. The citizen will supply a 2'x8' piece of vinyl coated plywood with deer antlers for hooks to hang sticks and toys from. The city will have vinyl lettering applied to the board. To preserve the life of the board it will be removed in the winter and placed in storage. The city will be able to remove the board permanently at the end of its useful life.

Recommendation:
At the July Park Board meeting the Board unanimously recommended to accept this donation.

Request:
Staff is requesting action on this item.

DATA ACCESS AGREEMENT FOR RECORDS MANAGEMENT SYSTEM

This Data Access Agreement for Record Management System ("Agreement") dated _August 2, 2022_____ , is by and between the Isanti County Sheriff's Office ("ICSO"), on behalf of itself and the County of Isanti, and the City of Isanti Police Department ("IPD"), on behalf of itself, its personnel, and the City of Isanti.

WHEREAS, the Record Management System is a shared record information system for Records Data in Isanti County;

WHEREAS, pursuant to the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. § 13.82, subd. 24, a law enforcement agency may release any private or confidential data to any law enforcement agency if necessary for initiating, furthering, or completing an investigation (hereinafter, "law enforcement purposes"), except for not-public personnel data or Safe at Home participant data; and

WHEREAS, IPD is a law enforcement agency that wishes to share and access data, information, and records in the Record Management System as necessary for law enforcement purposes.

NOW, THEREFORE, IPD understands that by signing this Agreement, IPD and ICSO agrees to the following terms and condition so that IPD and its personnel may access Record Management System:

1. IPD may access, collect, and use data, information, and records in the Record Management System when necessary for law enforcement purposes. IPD's access to the Record Management System is restricted to IPD personnel who need access for law enforcement purposes and performance of their job duties related to initiating, furthering, or completing investigations.

2. IPD and its personnel must not disclose or share any username, password, code, or other login information with anyone, except authorized IPD personnel to the extent that employee needs access to the Record Management System for law enforcement purposes.

3. IPD will not use any data, information, or records in the Record Management System for personal or non-law enforcement purposes. IPD is responsible for its and its employees' access to and use of the Record Management System and any consequences or results from such access and use of the Record Management System. IPD and ICSO will not access each other's not-public personnel data or Safe at Home participant data.

4. IPD understands that any improper use or dissemination of data, information, or records in the Record Management System by IPD or any of its personnel is a violation of this Agreement and state and federal law and may result in the immediate suspension or cancellation of its access to the Record Management System and could result in criminal or civil penalties.

5. IPD must immediately report to ICSO any confirmed or suspected misuse of the Record Management System by any of its personnel. If necessary, ICSO will report any misuse to the appropriate law enforcement, government, or other authority. IPD's failure to report confirmed or suspected misuse of the Record Management System may result in suspension or cancellation of IPD's access to the Record Management System.

6. IPD must ensure that any access to the Record Management System by its personnel is protected and secure and that any data, information, or records they obtain from the Record Management System is protected and securely stored.

7. IPD must safely and securely destroy any and all data, information, or records from the Record Management System when no longer needed for law enforcement purposes and no longer subject to data retention policies or laws requiring preservation by IPD.

8. IPD is responsible for informing and training all of its personnel on the proper and legal use, storage, and dissemination of any data, information, or records in the Record Management System.

9. IPD must immediately terminate and disable access to the Record Management System by any individual who is no longer employed by IPD or no longer needs access to the Record Management System.

10. IPD and ICSO may allow each other to review and inspect any and all data, information, or records IPD or ICSO collects, uses, or maintains from the Record Management System upon each other's request for the purpose of confirming compliance with this Agreement.

11. IPD and ICSO must comply with the MGDPA and all other applicable state and federal laws that apply to the data accessed, created, collected, stored, used, maintained, or disseminated by IPD or ICSO under this Agreement.

12. ICSO and IPD may terminate this Agreement at any time and for any reason, with or without cause, upon 30 days' written notice to the other party.

IN WITNESS WHEREOF, ICSO and IPD have knowingly and voluntarily executed this Agreement as of the dates below.

INTERNATIONAL OVERDOSE AWARENESS DAY PROCLAMATION

August 31, 2022

WHEREAS, International Overdose Awareness Day is recognized globally on August 31 to raise awareness about the risks of overdosing, honor the individuals whose lives have been lost from overdosing, and acknowledge the grief felt by families, friends, and other communities; and,

WHEREAS, Overdose Awareness Day aims to publicly challenge the stigma associated with substance use disorders and overdosing; and,

WHEREAS, per the Minnesota Department of Health, in 2021, 1,286 Minnesotans died from a drug overdose, and of those, 924 were opioid-involved deaths; and,

WHEREAS, every human deserves our best efforts to prevent injury and death from overdose, and it is imperative to support overdose prevention policies and projects and to help the wider community understand that drug overdose is a social issue, which impacts the victim, families, friends and communities;

NOW, THEREFORE, I, JEFF JOHNSON, MAYOR OF THE CITY OF ISANTI, do hereby proclaim August 31, 2022 as **OVERDOSE AWARENESS DAY** in the City of Isanti, and I call this observance to the attention of all our citizens.

E. Committee Meeting Items

1. Agenda Request *(Amy and Richard Tschida)*
Discussion was held in regards to their water bill.

Consensus from Committee is to work with staff in regards to a payment plan.

2. Agenda Request- Tipicos Latinos Restaurant- *(Rina Carranza)*
The mobile food unit ordinance allows for mobile food units to operate in the same location for a time period not to exceed six (6) months.

Tipicos Latinos is currently waiting for a range hood for their kitchen with an unknown arrival date.

Discussion was held in regards to the restaurant using a mobile food unit to prepare food in while they wait for the arrival of the range hood.

With an unknown arrival date of the range hood and when the kitchen will become operational, it was requested to use a mobile food unit in the same location longer than six (6) months if needed.

Consensus from Committee is that Tipicos Latinos may use a mobile food unit in one location for an undisclosed amount of time until the kitchen becomes fully operational.

3. Liquor Updates
Gross Sales Numbers

- May 2022 = $502,009.71
  - 27.10% profit margin
  - + $106,414.32 vs 2021 (+27%)

- June 2022 = $529,302.45
  - 26.88% profit margin
  - + $133,856.44 vs 2021 (+34%)

- July 2022 = $586,930.67
  - 27.15% profit margin
  - + $142,4914.12 vs 2021 (+32%)

- YTD through July = $3,176,899.23
  - 27.34% Profit Margin
  - Averaging 27% sales increase per month vs last year

Sales by Category January through July

- Beer 49%
- Liquor 34%
- Wine 11%
- 6% Sales (Pop/Juice/Mix) 3%
- Tobacco 2%
- Non-Alcoholic 1%

Transaction Count YTD through July is 99,460.

The billboard on HWY 65 near Cooper's Corner helps to draw traffic off of the highway.

MMBA Community Drive for the Isanti Fire District is going well. For the first time, customers are given the option to "round up" their total to donate to the cause, and as a result, a large increase in donations.

Customer feedback, both in person and online has been very positive.

4. 3rd Party Payment Service Company Discussion
Discussion was held in regards to 3rd party payment processing. The City currently uses Payment Service Network (PSN) however, there has been no investment by PSN for infrastructure or platform to incorporate any new functionality for residents or city staff since their software was implemented, which has resulted numerous complaints from both residents and staff.

Staff proposed Xpress Bill Pay as an option.

Consensus from Committee is to move forward with Xpress Bill Pay and bring agreement to City Council for consideration.

Further consensus is if any late fees incurred due to resident's cross over to the new company, that staff is permitted to waive them.

5. City Hive Online Sales

Discussion was held in regards to the opportunity to add an online platform for the to purchase from the Isanti Liquor Store online and pickup when ready.

City staff proposed City Hive as an option.

Consensus from Committee is to move forward with City Hive and bring to City Council for consideration.

6. Consideration of Draft Interim Ordinance Imposing a Moratorium on the Sale of Certain Cannabis Products
Discussion was held in regards to adopting an interim moratorium ordinance to allow staff time to study the topic.

Consensus from Committee is to move forward with the interim ordinance and post for the required 10 days and bring to City Council for consideration.

7. Legacy Pines Tree Requirements Discussion
Discussion was held in regards to inconsistency between the development agreement stating trees will be planted according to ordinance 445 and staff following dated job processes and only requiring two (2) trees versus what the ordinance requires.

There was a request to have the tree section within the zoning ordinance reviewed for possible lowering the number of trees.

Staff recommended updates to the development agreement or conditions of the agreement to include Legacy Pines 3rd Addition Phase III will require two (2) trees per lot.

Consensus from Committee is to amend the development agreement to include Legacy Pines 3rd Addition Phase III will require two (2) trees per lot.

F. Adjournment
Motion by Bergley, seconded by Collison to adjourn. Motion carried unanimously.

Meeting was adjourned at 6:46 p.m.

Respectfully Submitted.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: September 6, 2022
Subject: ORD-XXX An Ordinance Imposing a Moratorium on the Sale of Certain Cannabis Products

---

Background:
Beginning on July 1, 2022, it became legal to sell certain products containing delta-9 THC ("THC Products") in Minnesota. The Act allows THC Products to be sold if certain requirements are met including that there are not more than 5mg of THC per dose and 50mg of THC per container; the purchaser is at least 21 years old; and the products are not marketed towards children.

The Minnesota Board of Pharmacy ("Board") is the state agency with oversight of THC Products. There is currently no state-level license required in order to sell THC Products and the Board does not test or approve products prior to their sale.

At the July 19th, 2022 Committee of the Whole meeting, Committee discussed the Act and ultimately decided that given there is a great deal of uncertainty regarding the new Act, it is in the City's best interest to discuss adoption of an interim moratorium ordinance to allow staff time to study the topic.

At the August 16th, 2022 Committee of the Whole meeting, a draft ordinance was presented to Committee for review where Committee recommended moving forward with the draft ordinance and bring to City Council for consideration.

Request:
Staff is requesting action on this item.

- ORD-XXX An Ordinance Imposing a Moratorium on the Sale of Certain Cannabis Products

ORDINANCE NO. XXX

AN INTERIM ORDINANCE AUTHORIZING STUDIES AND IMPOSING A MORATORIUM ON THE SALE OF CANNABIS PRODUCTS

The City Council of the City of Isanti does ordain as follows:

ARTICLE I. Legislative Findings

(a) There is a great deal of uncertainty regarding the effect of Minnesota Laws 2022, Chapter 98 ("Act") amending Minnesota Statutes, section 151.72 to allow the sale of edible and nonedible cannabinoid products that contain no more than 0.3% of tetrahydrocannabinol, commonly known as THC ("Cannabis Products").

(b) Because the proposal to allow the sale of Cannabis Products received little publicity until the Act went into effect on July 1, 2022, the City of Isanti ("City") did not have an opportunity to study and consider the potential impacts of the Act on the City. Nor did the City Council have sufficient time to engage in policy discussions regarding the regulations the City Council may elect to impose on the sale of Cannabis Products.

(c) The Act authorizes the Minnesota Board of Pharmacy to enforce the Act, but the Act does not provide for any licensing of manufacturers or of those who sell Cannabis Products. While the new law does enact some requirements for labeling and testing, the law provides no parameters regulating issues with as production, compliance checks, or sales of Cannabis Products. The Act is also silent regarding the enactment of local regulations related to Cannabis Products.

(d) The Legislature did not expressly prohibit or limit local regulations, and the regulations established in the Act clearly do not constitute the Legislature having occupied the field of regulation regarding the sale of Cannabis Products.

(e) The City Council finds the uncertainties associated with sale of Cannabis Products, and the options for local regulation, compels the need for a study to develop information the City Council can rely on as it engages in policy discussions related to potential regulation of Cannabis Products through the adoption of licensing and zoning controls.

(f) The City Council is authorized to adopt an interim ordinance "to regulate, restrict, or prohibit any use . . . within the jurisdiction or a portion thereof for a period not to exceed one year from the date it is effective." Minnesota Statutes, section 462.355, subdivision 4(a).

(g) The Minnesota Supreme Court in *Almquist v. Town of Marshan*, 245 N.W.2d 819 (Minn. 1976) upheld the enactment of a moratorium despite the lack of express statutory authority as being a power inherent in a broad legislative grant of power to municipalities. In most cases, the enactment of business licensing

requirements is based on a city's police powers, which is the broadest grant of power to cities. Inherent in that broad grant of authority is the power to temporarily place a moratorium on a business activity to study and potentially implement licensing regulations on that business activity.

(h) There are both licensing and zoning issues associated with the sale of Cannabis Products the City Council determines it needs time to study to consider the development and adoption of appropriate local regulations. In order to protect the planning process and the health, safety, and welfare of the residents while the City conducts its study and the City Council engages in policy discussions regarding possible regulations, the City Council determines it is in the best interests of the City to impose a temporary moratorium on the sale of Cannabis Products.

ARTICLE II. <u>Definitions</u>. For the purposes of this Ordinance, the following words, terms, and phrases shall have the meanings given them in this Article.

(a) "Act" means 2022 Minnesota Session Laws, Chapter 98 (H.F. No. 4065), amending Minnesota Statutes, section 151.72.

(b) "Cannabis Products" means Edible Cannabinoid Product and any other product that became lawful to sell for the first time in Minnesota effective July 1, 2022, as a result of the adoption of the Act.

(c) "City" means the City of Isanti.

(d) "City Code" means the Municipal Code of Isanti, Minnesota.

(e) "Edible Cannabinoid Product" has the same meaning given the term in Minnesota Statutes, section 151.72, subdivision 1(c).

(f) "Electronic Delivery Device" means an electronic product that is designed to use, or that uses, liquids or pre-loaded cartridges to simulate smoking in the delivery of nicotine or any other substance through inhalation of the aerosol or vapor produced from the substance.

(g) "Tobacco" means and includes cigarettes and any product containing, made, or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any component, part, or accessory of a tobacco product; cigars; cheroots; stogies; perique; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobaccos; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco. Tobacco excludes any tobacco product that has been approved by the United States Food and Drug Administration for sale as a tobacco cessation product, as a tobacco dependence product, or for other medical purposes, and is being marketed and sold solely for such an approved purpose.

(h) "Tobacco-Related Products" mean Tobacco and related materials and devices used in rolling, smoking, or storing Tobacco. The term includes Electronic Delivery Devices and the substances sold for use by such devices.

ARTICLE III. Study. The City Council hereby authorizes and directs the City Administrator to have City staff and City Attorney conduct a study on the following matters:

(a) Cannabis Products. The City shall conduct a study regarding Cannabis Products and provide the City Council a report on the potential regulations of such products. The report shall include the City staff's recommendations on whether the City Council should adopt regulations and, if so, the recommended types of regulations. The study shall consider, but is not limited to, the following:

(1) The potential impacts of the sale, testing, manufacturing, or distribution of Cannabis Products within the City;

(2) Licensing the sale, testing, manufacturing, or distribution of Cannabis Products and related regulations; and

(3) Zoning regulations related to the sale, manufacture, testing, and distribution of Cannabis Products as uses within the City.

ARTICLE IV. Moratorium. A moratorium is hereby imposed within the City on the following:

(a) No business, person, or entity may test, manufacture, distribute, or offer for sale or sell Cannabis Products to the public within the jurisdictional boundaries of the City for twelve (12) months from the effective date of this ordinance.

(b) The City shall not issue any license or permit related to Cannabis Products from twelve (12) months from the effective date of this ordinance. No license, application, site plan, building permit, zoning approval, or other permit of any kind, by any individual, establishment, organization, or business involved in the proposed sale, testing, manufacturing, or distribution of Cannabis Products within the City shall be accepted or considered for twelve (12) months from the effective date of this ordinance.

ARTICLE V. Violations. During the period of the moratorium, it is a violation of this Ordinance to do any of the following within the City:

(a) Test, manufacture, distribute, or offer for sale or sell Cannabis Products;

ARTICLE VI. Exceptions. The moratorium imposed by this Ordinance does not apply to the following:

(a) The sale of medical cannabis or hemp products that were lawful to sell prior to

the effective date of the Act; or

(b) Businesses engaged in the sale of Cannabis Products within the City prior to the effective date of this Ordinance.

ARTICLE VII. Enforcement. A violation of this Ordinance shall be a misdemeanor. In addition, the City may enforce this Ordinance by mandamus, injunction, other appropriate civil remedy in any court of competent jurisdiction, or through the City's administrative penalties program under Section 205 of the City Code.

ARTICLE VIII. Effective Date and Term. This Ordinance shall be effective upon the first day of publication after adoption and shall have a maximum term of 12 months. This Ordinance shall remain in effect until the expiration of the 12 month term, until it is expressly repealed by the City Council, or until the effective date of an ordinance amending the City Code to address Cannabis Products, whichever occurs first.

ARTICLE IX. General Provisions.

(a) Not Codified. This Ordinance is transitory in nature and shall not be codified into the City Code.

(b) Severability. Every section, provision, and part of this Ordinance is declared severable from every other article, section, provision, and part thereof. If any article, section, provision, or part of this Ordinance is held to be invalid by a court of competent jurisdiction, such judgment shall not invalidate any other article, section, provision, or part of this Ordinance.

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation, and Events Coordinator
Date: September 6, 2022
Subject: Consideration of Amendments to City Code Chapter 188 and Chapter 230 for the Outdoor Archery Range

---

Background:
At the February 15th City Council meeting it was approved to construct a small archery range on City of Isanti property just south of the dog park. After reviewing the city code, it was determined that two ordinances needed to be amended to allow for bows and arrows to be used on City land.

Chapter 188-2C. an exception was added to allow persons using bow and arrows as permitted at the designated archery range, within the designated shooting area.

Chapter 230-2L.1 was amended to add language that allows for the possession of bow and arrows as permitted at the designated archery range

Chapter 230-7 was added outlining rules and regulations for the archery range.

Chapter 230-8 and 230-9 were renumerated after adding in 230-7.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: September 6, 2022
Subject: Resolution 2022-XXX Approving a Conditional Use Permit for Installing a Paging Repeater and Antenna on the City Water Tower

---

Background:
A presentation was given at the August 16, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the conditional use permit for the Isanti County Sheriff's Department to install a VHF Paging Repeater and antenna on the City Water Tower located at PID 16.090.0150. It was explained that the proposed repeater would be placed on existing unused mounts on the water tower. The new telecommunications services will not cause any radio interference with existing wireless services on the tower, as they are on a different frequency. Mayor Johnson questioned why we require a building permit for this project. City staff responded that a building permit is needed to ensure that the system is mounted correctly. No one from the public spoke at the public hearing. Motion for approval of the CUP for installing a VHF Paging Repeater on the City Water Tower was made by Bergley and seconded by Collison, motion passed 4-0.

Request: Consider adopting the resolution and findings of fact.

FINDINGS OF FACT AND CONCLUSION

Request

Request by Isanti County Sheriff's Office for a Conditional Use Permit for approval to install a VHF Paging Repeater and antenna on the City Water Tower located at PID 16.090.0150.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for Telecommunications Facilities located at PID 16.090.0150.
2. The Property is zoned I-1, Industrial Park District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on August 16, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on August 4, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans. *The nature of the request is consistent with the goals and objectives of Isanti's Comprehensive Plan in that the proposed Telecommunications Services will improve public safety.*

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district. *Telecommunications Systems are Conditional Uses in the I-1 zoning district, applying for the CUP meets the purpose and intent.*

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The VHF Radio Paging Antenna will benefit the public and will not be detrimental or endanger the public.*

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional use will not impede on the normal and orderly development and improvement of surrounding property.*

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional use will not impede on the normal or orderly development and improvement of surrounding property.*

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The water tower currently has two unused mounts for the telecommunications services and has the capacity to provide and accommodate the proposed use.*

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The conditional uses meet this requirement and follow the regulations set in the I-1 Zoning District.*

H. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional use meets this requirement in which Telecommunication Facilities are set in Section 13, Article 2, Subd. 18 of the City's Zoning Ordinances.*

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on August 16, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Bergley, seconded by Collison to recommend approval of the Conditional Use Permit for Telecommunication Facilities at PID 16.090.0150.

DATE: August 16, 2022

SUBJECT: CUP approval for Installing Telecommunications Services on the City Water Tower

---

Request: The applicant, Isanti County Sheriff's Office is requesting CUP approval to install a VHF Paging Repeater and antenna on the City Water Tower located at PID 16.090.0150.

Overview/Background: The Isanti County Sheriff's Office needs to install a new VHF (Very High Frequency) radio repeater and associated antenna on the Water Tower in Isanti. This VHF repeater is needed to provide improved radio paging and emergency alerting capabilities for the fire and EMS agencies in the Isanti area. A water tower of this height provides a good location for the antenna and repeater, and eliminates the need for the construction of a new radio tower.

Analysis of Application: Telecommunication and Antenna Towers are regulated in Section 13, Subd. 18 of the City's Zoning Ordinances. These regulations are mostly for new telecommunications towers that would be constructed in the city. The regulations most relevant for adding antennas to an existing tower are the following:

c. Describes the tower's capacity, including the number and type of antennas that it accommodates;

d. Documents what steps the applicant will take to avoid interference with established public safety telecommunications;

The attached Isanti County VHF Radio Paging Antenna Planning Review document explains that the proposed repeater is not expected to impact current radio frequencies and the current wireless carriers on the water tower have stated "no objection" to the proposed VHF installation. This report also states that the antenna and transmitter operate in a different frequency spectrum than any of the wireless services on the water tower (T-Mobile Cellular, Genesis Wireless and WinWater Wireless). The proposed VHF transmitter will also not be operating continuously, as is the case with other wireless services. The transmitter will only be activated when emergency paging is needed. There are currently two unused mounting pipes on the water tower in which

either of these would support the proposed antenna for Isanti County. The Company who put the review together, RFCC Communications Consulting, has recommended that the City of Isanti approve the proposed VHF system installation which will allow important public safety radio service to be implemented in the area.

Conditional Use Permit Standards:

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The nature of the request is consistent with the goals and objectives of Isanti's Comprehensive Plan in that the proposed Telecommunications Services will improve public safety.

   B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
   Telecommunications Systems are Conditional Uses in the I-1 zoning district, applying for the CUP meets the purpose and intent.

   C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
   The VHF Radio Paging Antenna will benefit the public and will not be detrimental or endanger the public.

   D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
   The conditional uses will not diminish or impair surrounding property values.

   E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
   The conditional use will not impede on the normal and orderly development and improvement of surrounding property.

   F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
   The water tower currently has two unused mounts for telecommunications services and has the capacity to provide and accommodate the proposed use.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The conditional uses meet this requirement and follow the regulations set in the I-1 Industrial Park Zoning District.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The conditional use meets the requirements in which Telecommunication and Antenna Towers are set in Section 13, Subd. 18 of the City's Zoning Ordinances.

Staff Recommendation: Staff recommends approval of the Conditional Use Permit for the proposed VHF Paging Repeater on the City Water Tower located at PID 16.090.0150 with the following conditions:

Conditions:

- A Building Permit will be required for the installation of the Radio Repeater and Antenna
- Any other Conditions made by the City of Isanti Planning Commission and City Council

Isanti County MN – VHF Radio Paging Antenna Planning Review

June 14, 2022

Attn: Josi Wood, City of Isanti MN
City Administrator
110 1st Ave NW,
Isanti, MN 55040

***Subject*: Isanti County Sheriff Request to Install VHF Paging Repeater on City Water Tower**
Wireless Collocation Interference Review

The Isanti County Sheriff's Office needs to install a new VHF radio repeater and associated antenna on the City of Isanti water tower, located in the city. This VHF repeater is needed to provide improved radio paging and emergency alerting capabilities for the fire and EMS agencies in the City of Isanti area. A water tower of this height provides a good location for the antenna and repeater, and eliminates the need for the construction of a new radio tower.

This water tower is currently equipped with several different wireless service providers, including:

- ☐ T-Mobile (previously Sprint) Cellular
- ☐ Genesis Wireless (multiple wireless services for the City)
- ☐ WinWater Wireless (new/proposed 900 MHz meter reading system)

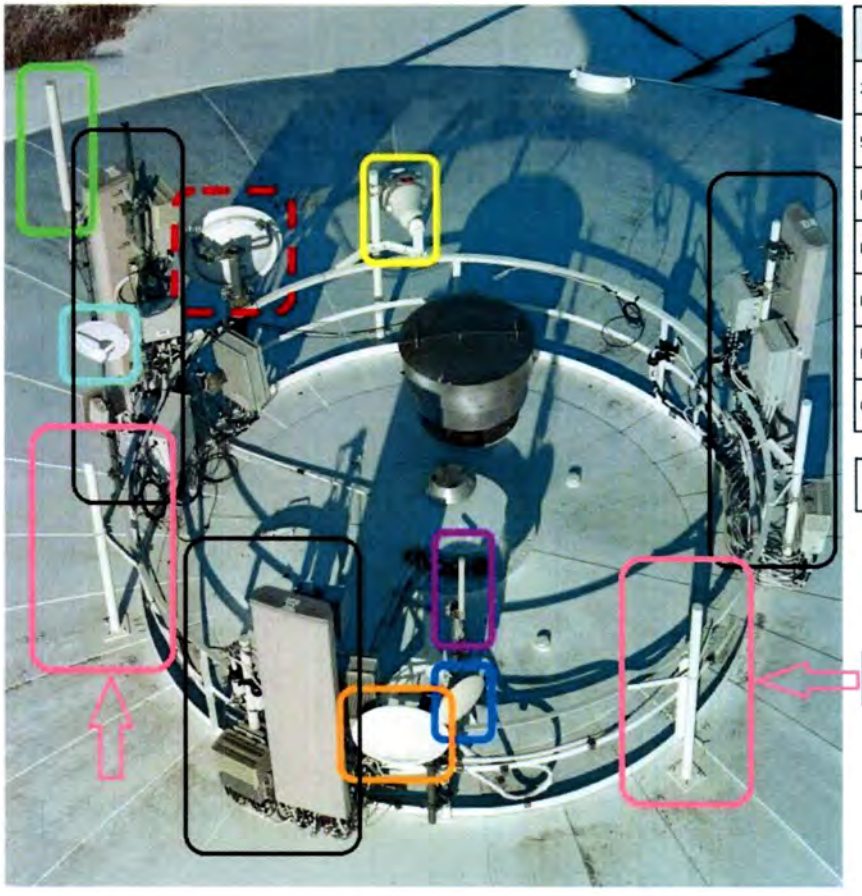
The Sheriff's Office has requested permission from the City of Isanti for the installation of the new VHF antenna on the water tower. It is our understanding that the City is willing to allow this installation, subject to verification that the proposed VHF antenna and repeater/transmitter will not cause any RFI (Radio Frequency Interference) to these existing and future wireless tenants.

RFCC has been enlisted by Isanti County to conduct a review of this proposed installation to determine if any RFI issues could be expected. This report provides the processes used, the technical data and findings of this work.

This process will demonstrate that NO Radio Frequency Interference is expected from the proposed VHF antenna installation, and all of the wireless carriers listed have stated "no objection" to the proposed VHF installation.

1. Technical Review

To begin the process, the Sheriff's Office used a drone to obtain a photo of the top of the water tower to determine the existing wireless equipment on it, along with the available antenna mounting options on the tank. This photo was then edited by the wireless tenants and RFCC to show the specific locations of the current wireless antennas:



Radio	Frequency	Channel Width
2.4 Omni (Green)	2,427 MHz	10 MHz
5.8 Omni (Purple)	5,805 MHz	20 MHz
PtP St. Francis (Orange)	5,835 MHz	20 MHz
PtP Coopers Corner (Blue)	5,200 MHz	20 MHz
PtP Cambridge (Yellow)	5,745 MHz	40 MHz
PtP Isanti PD (Aqua)	58,320 MHz	2,160 MHz
Old PtP Cambridge (Red)	Powered Off	
T-Mobile/Sprint (black)		

Proposed Isanti County Sheriff VHF Antenna Mounting Pipe (one of these two)

Each of the wireless tenants contacted by RFCC were provided with the specific technical data for the proposed Isanti County VHF antenna and transmitter as follows:

- ☐ 155.430 MHz, 12.5 KHz channel
- ☐ Spectra DB224 VHF Antenna, 6dB gain
- ☐ ~200 watts ERP
- ☐ 20-foot antenna height

A key technical element in this plan is that the proposed VHF antenna and transmitter operates in a completely different frequency spectrum than any of the wireless services on the water tower.

It was also noted that this VHF transmitter will not be operating "continuous duty" (as is the case with other wireless services) and will only be activated when emergency paging is needed, which is typically several times per day.

2. Wireless Tenant/Vendor Comments and Approvals

RFCC communicated with the various tenants via phone and email to discuss the proposed installation and project. All tenants stated "no concern" with the installation, and provided an email to confirm their approvals. The tenant contact information and a copy of each of these emails is provided as follows:

Hello Rey and Team

After reviewing this info, T-Mobile RF has no concerns with this installation and approves this. Please notify us once the Antenna installation is completed, so that we can review our noise floor for any significant changes. I appreciate that you are proactively notifying us and taking our input.

Thank you.

Subject: RFI Study for City of Isanti Water Tower
To: 'Rey Freeman', **Cc:** 'Dave Pieczynski'

Hi Rey,

The attached PDF outlines each of our radios on the Isanti water tower (photo with detail on previous page). The one with the red outline has recently been decommissioned and powered off. It used to be a link to a water tower in Cambridge that was recently taken down. We have a work order put in to remove it next time we're on that tower though.

I've never heard of VHF sources causing interference with 2.4GHz, 5GHz or 60GHz. I believe we're co-located on at least a couple towers that have VHF. There are also a couple high-power FM towers we're on that we don't experience any interference issues with. I'm on a Facebook group called "WISP Talk" (Wireless Internet Service Provider) and searched for VHF-related posts to see if others in the industry experienced interference. It doesn't appear to be an issue based on the comments I read.

Thank you,

genesis wireless

C. WinWater Wireless:

- ☐ Primary point of Contact: Todd Phillips; (612) 723-5497

WinWater is planning to install a 900 MHz unlicensed remote meter reading system for the City of Isanti. This system will use Spread-spectrum frequency hopping technology in the 902-928 MHz frequency range, with an 8-foot omnidirectional antenna.

This proposed system was discussed with Mr. Phillips via phone on 5-11-2022; he stated "no concerns" with potential interference between the planned 900 MHz system and the proposed VHF antenna for Isanti County. This is expected again due to the significant frequency spectrum difference between the two wireless systems. No email was received from Mr. Phillips.

D. **Total Control Wireless**

☐ Primary point of Contact: Al Doberstein; (320) 396-4442

Total Control maintains a 450 MHz SCADA wireless system for the City of Isanti. RFCC was directed to contact Mr. Doberstein regarding this system. In a phone call on 5-11-2022 Mr. Doberstein advised that the antennas for this wireless system are not located on the water tank; they are on the water systems building adjacent to the water tower. As such, no interference is possible between the two systems.

3. **Other Technical Planning Considerations**

There are currently two unused mounting pipes on the water tower; either of these would support the proposed VHF antenna for Isanti County.

There appears to be open cable conduit stubs on the top of the tank for the routing of the single VHF transmission line from the antenna down through the tank to the transmitter location.

RFCC has not been involved in any planning or review of the specific location of the VHF repeater/transmitter at the base of the water tower. This will be coordinated by Granite Electronics, the radio system vendor who maintains the Isanti County radio system equipment. They will coordinate with the City when conducting this work.

4. **Summary and Recommendation**

Based on the technical information and feedback from the wireless vendors outlined in this report, as well as an understanding of the completely different radio frequency spectrums being used by the existing and proposed wireless services, we believe that no Radio Frequency Interference will be experienced by the installation of the VHF repeater and antenna for the Isanti County Sheriff's Office.

We recommend that the City of Isanti approve the proposed VHF system installation for Isanti County, which will allow this important public safety radio service to be implemented in the area.

Also attached are the site map, insurance information, and the proof that we've sent emails or letters to businesses within 350 feet of our location. The final, signed application is in the mail with the $100 deposit check for the cleanup. Also, I have requested the written approval from the property management company and will forward upon receipt.

I think that is a great idea. I can forward your communication to all the tenants if you want me to. Do you want me to give all the tenants your contact information in my email to them?

I suggest you reach out to the tenants as well, particularly Amy from Rockstad and Relics. She may have some ideas to make it even better.

Subject: Dual-A-Palooza

Michelle and John,

So we're kind of in a waiting mode, waiting for the supply chain to free up our darn showers. That leaves us free to think about the Grand Opening.

Along those lines, we're considering having a festival that could occur annually, rather than simply a grand opening. We would need for the owner to agree, and for the other businesses to play, but here are some of our ideas:

- Food trucks. Can't have a festival without food trucks
- Pop ups - People who have services or crafts can set up their pop up tents and sell their wares
- Competition - Fundraiser for the First Responders
    - Isanti Sheriffs vs. the Cambridge Police
    - Isanti Fire Dept vs. the Cambridge Fire Dept
    - Winners take the donations
    - All participants get a free month at the gym
- Shriners, Scottish Rite, Knights of Columbus, and whoever, each team can be given an hour to come up with an 'event' for a fundraiser for their slotted time.
- RAFFLE! We'll give items from the mall as give-aways, and collect names and email addresses for us and our Dual neighbors.

Is this annual event something that the owner would be excited about? I'll bet that we could drum up some radio and print advertisements for it. Maybe we could put this together by October 1st.

Let us know your thoughts! =)

Data Practices Advisory
Tennessen Warning – Special Event Permit

You are being asked to answer questions and provide information pursuant to the special event permit application process that is required by the City of Isanti, Minnesota city code. The purpose and intended use of the requested data is to verify that each applicant meets the requirements for state statues and city code provisions and, if the license or permit is approved, to verify that all required data remains current. The following data collected, created, or maintained is classified under the Minnesota Government Data Practices Act as public data once a license has been approved (Minn. Stat. § 13.41, subd. 5):

1. Data submitted by applicants (other than names and designated addresses)
2. Orders for hearing, findings of fact, conclusions of law, and specification of any final disciplinary action
3. Entire record concerning any disciplinary proceeding
4. License numbers
5. License status

The following data collected, created, or maintained is classified under the Act as private data (Minn. Stat. § 13.41, subd. 2):

1. The identity of complainants who have made reports concerning licenses or applicants which appear in inactive complaint data unless the complainant consents to disclosure
2. The nature or content of unsubstantiated complaints when the information is not maintained in anticipation of legal action
3. Inactive investigative data relating to violations of statutes or rules
4. Record of disciplinary proceedings, except as limited by the provisions above

The following data collected, created, or maintained is classified under the Act as confidential data ((Minn. Stat. § 13.41, subd. 4) :

1. Active investigative data relating to complaints against any license.

Under law, private data may be shared with licensing and inspection employees, approval authorities, insurance providers, law enforcement employees, contracted inspection officials, city officials who have a bona fide need for it, or as required by court order. The City of Isanti may make any data classified as private or confidential accessible to an appropriate person or agency if the licensing agency determines that failure to make the data accessible is likely to create a clear and present danger to public health or safety.

We ask that you complete or provide all data requested on the application form(s) unless we have noted that it is not required. Refusal to supply required information may mean that your application cannot be processed.

MEMO

To: **Mayor Johnson & City Council Members**
From: Finance Director Betker
Date: September 6th 2022
Subject: 2023 Preliminary Budget and Levy Adoption

Background:

The proposed preliminary property tax levy is $4,042,954 and reflects an increase in the preliminary taxable market value for 2023 of 26.12%. The city will receive updated property tax values from the County in December.

The proposed preliminary property tax rate is 57.61%. A decrease of 2.37% from 2022. The 15-year average tax rate from 2008 thru 2022 is 66.70%

As discussed in prior work sessions, other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures thru June, actual maintenance agreements and contracted costs. All wages include an estimated COLA for 2023 due to ongoing labor negotiations and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/Liability/Volunteer Insurance, and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2022 and any necessary inflationary factor was applied.
Health Insurance is projected to increase 15.0%. Final renewal numbers on Health Insurance scheduled to be available early October.

The following has been updated since the last budget work session

DESCRIPTION	ACCT	FROM	TO	CASH
Cell Tower Lease Termination	101-34115	$ 66,700	$ 43,200	$ (23,500)

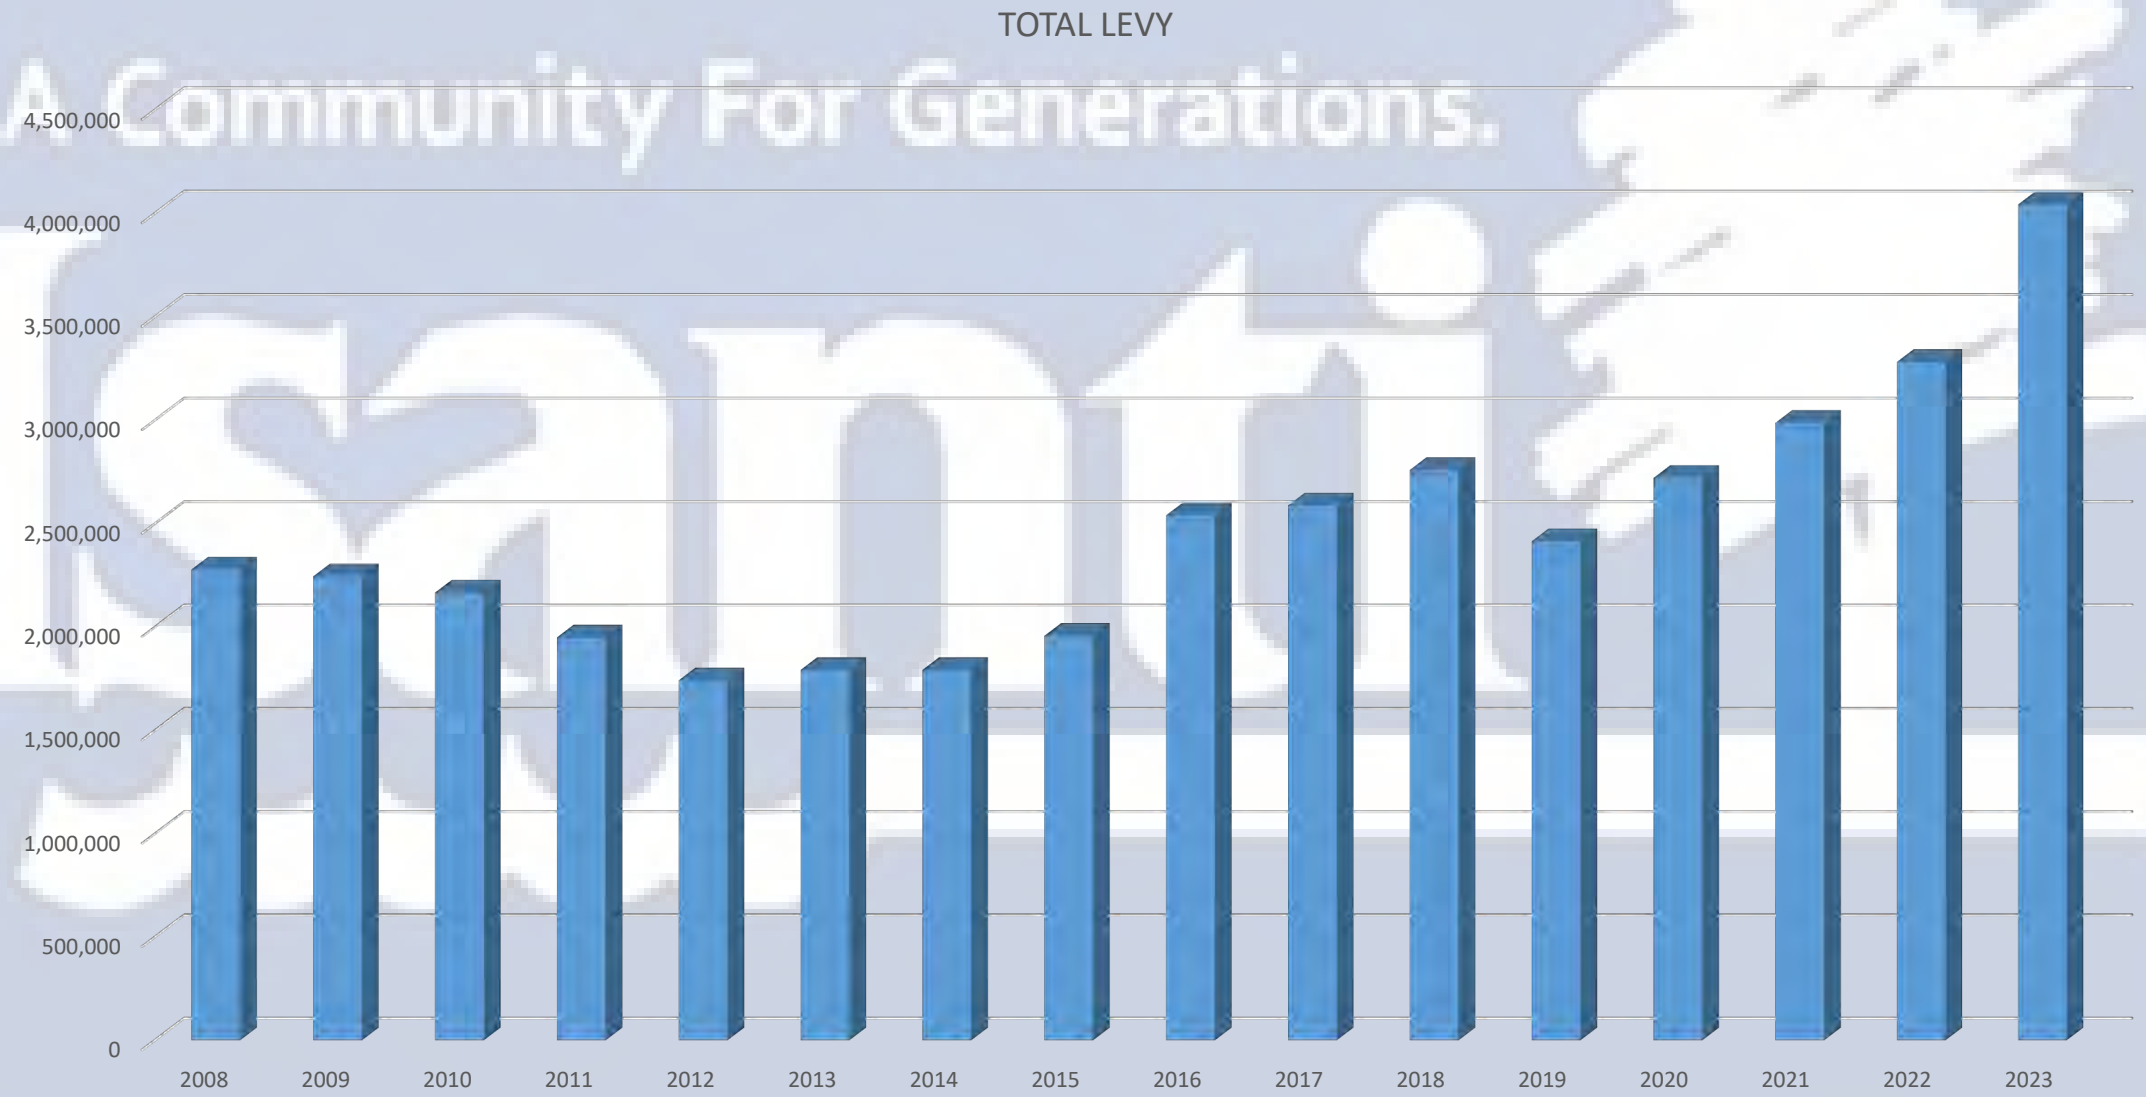
Levy History



Tax Rate History

Property Tax Calculation

- Why Tax Rate Is More Important Than Levy Amount
- Levy Will Always go up over time
- Tax Rate Provides Better Comparison Between Cities and Years
- Property Value X Tax Rate = Property Taxes

Subject: Resolution Approving Capital Improvement Plan Water Fund Amendment

---

Background:

The water heater at the Water Treatment Plant is scheduled to be replaced in 2023 per the Capital Improvement Plan (CIP). The water heater is currently leaking and is need of replacement. Because of the Emergency Eyewash Stations and Emergency Showers a commercial unit would need to be installed to meet OSHA requirements of 20gpm for 15 minutes. Staff received a quote from Sun Mechanical, contracted plumber, for a direct replacement in the amount of $11,182.63. Staff is requesting to amend the 2023 Capital Improvement Plan Water Fund 601-49400-500, and have the water heater replaced in 2022 with a direct replacement in the amount of $11,182.63.

Request:

Staff is requesting action on this item.

Gateway and Administrative Service Agreement

This Gateway and Administrative Service Agreement is entered into this ___ day of _____, 20__, by and between **Xpress Solutions, Inc.** ("Xpress") and **City of Isanti** ("Customer") upon such terms and conditions as are set forth below.

WHEREAS, Customer desires Xpress, and Xpress agrees to provide, Automated Clearing House (ACH) and other services to Customer as indicated in and subject to the terms and conditions of, this Agreement.

NOW THEREFORE, in consideration of the mutual covenants contained herein, and the receipt of consideration, the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1.0 Term and Renewal: The Initial Term (the "Initial Term") of this Agreement shall be thirty-six (36) months from the date of this Agreement. This Agreement shall automatically renew for an additional twelve (12) months at the end of the Initial Term or any subsequent renewal term by the Customer upon the receipt by Xpress of the applicable Fees and under the same terms and conditions set forth herein, so long as the Customer is not and has not been in default in any term or condition of this Agreement. If Customer is a political subdivision, the parties agree that an automatic renewal cannot occur if Customer's governing board does not budget for payment of the Fees set forth in Section 2.0 in any given fiscal year of Customer.

2.0 Fees and Payments: Customer shall pay to Xpress a one-time set-up Fee, monthly maintenance, support, and hosting Fees, and various transaction Fees as set forth in Exhibit A (collectively the "Fees"). Xpress reserves the right to change the Fees at any time so long as Customer is provided no less than 30 days advance notice of a change. Customer authorizes Xpress to initiate an electronic ACH Debit Entry from Customer's bank account provided in Exhibit C on or about the 5th day of each month for the amount of all Fees that accrued during the prior month for any service, support, or maintenance Fee that is due as described in Exhibit A. If there are insufficient funds in Customer's account to cover the Debit, Xpress will contact customer for resolution which will include resubmission up to 3 times. This authorization may be revoked only by notifying Xpress in writing, which revocation shall take effect no later than five (5) business days after receipt by Xpress. Any outstanding Fees that are not paid when due shall bear interest at the rate of 18% per annum until the outstanding balance and all accrued interest are paid in full.

3.0 Services Provided; Obligations of Customer to ODFI: Transactions are placed through Xpress as a third party sender of ACH transactions with Customer as the "originator" of those transactions under the Rules and Regulations described below. Xpress will send all transactions through an Originating Depository Financial Institution (ODFI) all in accordance with the terms of this Agreement, the Operating Rules of the National Automated Clearing House Association (NACHA) and the applicable Federal Regulations governing ACH transactions including, without limitation, the Electronic Funds Transfer Act and Regulation E (collectively the "Rules and Regulations"). Entry or Entries shall mean either a Credit Entry or a Debit Entry. Customer agrees to comply with Xpress's requests for record retention and signature authorization. Customer hereby grants to Xpress or its designee the right to audit these authorizations and Customer's record retention compliance, at no expense to Xpress.

Customer hereby agrees to, and otherwise assumes, all obligations under the Rules and Regulations as an originator to the ODFI with respect to all Entries, which includes without limitation the unconditional obligation of Customer to pay and indemnify the ODFI for all Entries that are returned by any Receiving Depository Financial Institution (RDFI) for whatever reason.

In addition to the other services referenced in this Agreement, Xpress will provide Customer with an internet payment system. Xpress has developed a web interface that can be used for payment of accounts using credit cards, or electronic funds transfers (EFT). Xpress acts as a payment gateway interface for Customer's account

holders (the "End Users") to make payments. Xpress will facilitate the acquisition of the necessary merchant service accounts for credit cards. Xpress will provide the EFT and Lockbox services directly using its established banking relationships. Customer hereby authorizes Xpress to endorse checks and other payment items on behalf of Customer into an Xpress deposit account and deposit funds as necessary for the clearing of payments received for Customer. Xpress reserves the right to invest idle funds in its possession for the sole benefit of Xpress. Only merchant service accounts and electronic funds transfer accounts that are certified by Xpress may be used.

4.0 Support Services and Service Levels: Xpress will provide technical support services, including telephone, email (seven days a week), or other technology support implemented by Xpress, from 7:00 am to 6:00 pm (MST or MDT) for customers within the continental United States. The maximum response time for service shall not exceed 5:00 pm (Customer local time) of the next business day following the request for service by Customer. This support will be limited to the actual use of the Xpress internet payment system.

5.0 Software or Hardware: Customer will not receive any hardware or software from Xpress under this Agreement except as specified in Exhibit B. Customer will use its own computers and agrees to have internet services through an internet service provider. Customer agrees that the computers it uses will have sufficient memory and capacity to run at least Internet Explorer 8 or Mozilla Fire Fox 2.0.

6.0 Debit Authorization: Customer, as originator under the Rules and Regulations, hereby authorizes Xpress, or its designees, to initiate Debit and/or Credit Entries to Customer's bank account in accordance with this Agreement. Xpress' authority will remain in full force and effect until either (a) 90 days after Xpress has received written notification from Customer of the termination of this Agreement to provide Xpress reasonable opportunity to act upon any outstanding liabilities; or (b) all obligations of the Customer to Xpress that have arisen from this Agreement have been paid in full, including, but not limited to, those obligations described in this Agreement.

7.0 Accepting Transactions: Xpress will accept all completed batches from the Customer. Xpress is responsible for accepting and processing only those Entries that have been received in a proper format and on a timely basis. Any Entry returned to Xpress will be re-presented in accordance with the Rules and Regulations.

8.0 Returned Entries: Xpress will apply returned Entries to Customer's account when they are received. All returns will be processed and available through Xpress software or by other means as agreed to by Xpress and the Customer. With respect to each Notification of Change ("NOC") Entry or Corrected Notification of Change ("Corrected NOC") Entry transmitted by Xpress, the parties shall ensure that changes requested by the NOC or Corrected NOC are made by, or on behalf of, the Customer within six (6) banking days of Xpress receipt of the NOC information from the ODFI or prior to initiating another Entry to the Receiver's account, whichever is later.

9.0 Reports: Xpress will provide a detailed report of all funds transfers collected as a result of any and all funds transfers. All reporting will be via the Internet.

10.0 Limits of Xpress Liability: Xpress will be responsible for Xpress' performance in processing ACH services as a third party sender of ODFI transactions in accordance with the terms of this Agreement, and the other applicable Rules and Regulations. Xpress does not accept responsibility for errors, acts or the failure of others to act, including, and among other entities, banks, communications carriers or clearing houses through which Entries may be originated or Xpress receives or transmits information, and no such entity shall be deemed Xpress' agent. Xpress shall not be responsible nor bear any loss, liability or delay caused by fires, earthquakes, wars, civil disturbances, power surges or failures, acts of government or God, labor disputes, failures in communication networks, legal constraints or other events beyond Xpress' control.

11.0 Representations and Warranties Regarding End Users: Customer warrants that it will provide Xpress with relevant billing information for End Users. Customer agrees to indemnify and hold Xpress harmless from any claim or liability relating to any inaccuracy in billing information provided to Xpress. Customer further represents and warrants with respect to all Entries processed for Customer by Xpress that: (a) Each End User has authorized the debiting and/or crediting of his, her, or its account, (b) each Entry is for an amount agreed

to by the End User, (c) each Entry is in accordance with the Rules and Regulations and properly authorized in all other respects. Customer agrees to defend, indemnify, and hold Xpress and all its agents harmless for any losses, liabilities, legal action costs or expenses incurred by Xpress as a result of any breach of these representations and warranties either intentionally or unintentionally by Customer. Customer shall cease initiating Entries immediately upon receiving actual or constructive notice of the termination or revocation by the End User of authority.

12.0 Regulatory Compliance: Customer will use its best efforts, and bears the final responsibility to ensure that Customer's policies and procedures meet the requirements of all applicable Rules and Regulations pertaining to ACH transactions of any kind. Xpress must and will also comply with all Rules and Regulations pertaining to ACH transactions. Without limiting the obligations of Customer to the ODFI under this Agreement and the Rules and Regulations for the payment of all returned Entries, Customer agrees to execute an origination agreement with the ODFI if required by the Rules and Regulations.

13.0 Record Keeping: Customer agrees to keep full and accurate data and records of its utilization of Xpress services and of the transactions giving rise to billing information for at least two (2) years after the date of the relevant transaction, or such longer period as required by the Rules and Regulations. Customer understands that Xpress and the ODFI will be required to participate in certain audits of Customer in connection with the credit card and electronic funds transfer services provided by Xpress. Customer agrees to cooperate with Xpress and ODFI in the performance of such audits, including providing information reasonably required in the course of such audits.

14.0 Compliance: Customer represents and warrants that all products and services offered, sold, or provided by Customer are offered, sold, or provided in compliance with all applicable laws and regulations. Customer agrees to comply with Xpress's Acceptable Use Policy as required by the Payment Card Industry Data Security Standard (PCI DSS) as provided in Exhibit D. Xpress will meet or exceed all applicable compliance requirements as required by current and future Payment Card Industry (PCI) rules of operation as well as the Rules and Regulations.

15.0 Termination: This Agreement may be terminated by either party upon not less than 30 days written notice to the other party specifying the effective date thereof. In the event this Agreement is terminated by Customer through no fault of Xpress, Xpress shall be paid for all services performed up to the date of termination.

16.0 Governing Law; Attorney' Fees: This Agreement shall be governed by and construed under the laws of the State of Utah. In the event suit or action is instituted to interpret or enforce the terms of this Agreement, the prevailing party shall be entitled to recover from the other party such sum as a court may adjudge reasonable as attorneys' fees at trial, on any appeal, and on any petition for review, in addition to other sums provided by law.

17.0 Independent Contractors: Both Customer and Xpress are acting hereunder as independent contractors and under no circumstances shall any of the employees of one party be deemed the employees of the other for any purpose. This Agreement shall not be construed as authority for either party to act for the other party in any agency or other capacity, or to make commitments of any kind for the account of or on behalf of the other, except to the extent and for the purposes provided for herein.

18.0 No Warranty: Xpress makes no warranty, expressed or implied, including warranties of merchantability and fitness for a particular purpose. Xpress shall have no liability with respect to its obligations under this agreement for consequential, special, direct, exemplary, punitive, or incidental damages to customer or to third parties dealing with customer even if Xpress has been advised of the possibility of such damages.

19.0 Entire Agreement: This Agreement and the exhibits hereto constitute the entire understanding and agreement among the parties with respect to the subject matter hereof, and there are no other agreements or understandings among the parties other than those contained herein. In the event any provision of this Agreement shall be held to be invalid, the same shall not affect in any respect the validity of the remainder of this Agreement.

Confidential. Protected under trade secret.

20.0 Successors and Assigns; Third Party Beneficiary: This Agreement shall be binding upon and inure to the benefit of the parties, and their respective heirs, successors and assigns. Neither party may assign its interest under this Agreement without the prior written consent of the other. The parties hereby agree that the ODFI with respect to any Entry, including Zion's First National Bank, a Utah state bank, shall have the right as a third-party beneficiary, in the event of a default under this Agreement or the agreement between Xpress and the ODFI, to enforce this Agreement directly and independently against Customer including the enforcement of Customer's liability to the ODFI as an originator under the Rules and Regulations.

21.0 Waiver: Failure of either party at any time to require performance of any provision of this Agreement shall not limit the parties' right to enforce the provision. Waiver of any breach of any provision shall not be waiver of any succeeding breach of the provision or a waiver of the provision itself or any other provision.

By signing below, Customer and Xpress shall be legally bound and agree to the terms of this Agreement and all of its Attachments.

Xpress Bill Pay is committed to providing high-quality payment services for its customers. This Acceptable Use Policy (the "Policy") is designed to assist in protecting the Service, our Users, and the Internet community as a whole from improper and/or illegal activity over the Internet. By using the Service, you acknowledge that you and your Users are responsible for compliance with the Policy. You are responsible for violations of this Policy by any User that accesses the Services through your account. The Policy will be updated and revised occasionally and posted to the Xpress Bill Pay website. The Company reserves the right to modify this Policy at any time, effective upon posting at www.xpressbillpay.com/adminPolicy.asp.

Purpose/Scope

The purpose of this Policy is to help protect the Company's network, each of the Company's clients and third-party users of the Internet, generally from harassing, deceptive, irresponsible and/or illegal activities.

The scope of this policy is all the Company's clients.

Policy

This Policy governs the usage of the Company's network by any person (regardless of whether that person is a Customer). Each person utilizing the Company network in any manner is responsible for complying with this Policy, and for providing assistance to the Company in furtherance of the objectives hereof, as the Company may request from time to time. The Company's Clients will be held solely responsible for the actions (or inactions) of any of their customers, downstream users, or third-party agents that use the Company's Network.

1.1 Prohibited Actions

It shall be prohibited by this Policy to utilize the Company network in any manner which, in the sole discretion of the Company, is (A) illegal, disruptive, harassing or deceptive, or (B) a risk to the Company's network, its stability or security, or (C) inconsistent with this Policy and/or the Company's Rules and Regulations and/or any rules or policies of upstream Company network service providers. Set forth below, is a non-exclusive list of certain actions, omissions, etc., which are expressly prohibited under this Policy:

- Transmitting, distributing or storing any material in violation of applicable law, code or regulation is prohibited. This includes, without limitation, material protected by copyright, trademark, trade secret, protective order, contract, or other intellectual property right used without proper authorization. Also prohibited is material that is obscene, libelous, defamatory, constitutes an illegal threat, and/or violates export control laws

- Sending unsolicited bulk email messages and/or other advertising material to individuals who did not specifically request such material. This includes, but is not limited to, messages sent as email, "Spam," ICQ traffic, instant message traffic, GSM/GPRS data, or posting the same or similar message to one or more newsgroups (excessive cross-posting or multiple-posting). The Company's accounts or services may not be used to solicit customers from, or collect replies to, messages sent from another Internet Service Provider where those messages violate this Policy or the policy of the other provider. The Company reserves the right, in its sole discretion, to determine whether commercial email on the Company's Network complies with this Policy.

- Utilizing the Company's network (or any relay, proxy or other network element in conjunction with the Company network) to (A) forge the signature, IP address or other identifying mark or code of any other person, (B) impersonate or assume the identity or any other person, or (C) engage in any other activity

(including "spoofing") to attempt to deceive or mislead other persons regarding the true identity of the user, including system identification information.

- Unauthorized attempts by a user to gain access to any account or computer resource not belonging to that user (e.g., "hacking" or "cracking"). This includes providing, or assisting in the provision of names, passwords or access codes to persons not authorized to receive such materials by the operator of the system requiring the password or access code.

- Obtaining or attempting to obtain service by any means or device with intent to avoid payment, violate policies or violate law. If a user is restricted or terminated from the Company's network, it is prohibited for a customer to make such services available to such user in an indirect manner.

- Unauthorized access, alteration, destruction, or any attempt thereof, of any information of the Company or any of the Company's clients or end-users by any means or device. This includes any deliberate or other attempt or activity to distribute or post any virus, worm, Trojan horse, or computer code intended to disrupt services, destroy data, destroy or damage equipment, or disrupt the operation of the Company's network or the network of a third-party;

- Knowingly engaging in any activities that will cause a denial-of-service (e.g., synchronized number sequence attacks) to users whether on the Company's network or on another provider's network.

- Advertising, transmitting, or otherwise making available any software, program, product, or service that is designed to violate this Policy or the Policy of any other Internet Service Provider, which includes, but is not limited to, the facilitation of the means to send e-mail spam, initiation of pinging, flooding, mail-bombing, denial of service attacks, and piracy of software.

- Using the Company's network in any manner which interferes with the use of the Company's network by other customers or authorized users.

- Utilize the Company's network in any manner that might subject the Company to unfavorable regulatory action, subject the Company to any liability for any reason, or adversely affect the Company's public image, reputation or goodwill, including, without limitation, sending or distributing obscene, hateful, vulgar, racially, ethnically or otherwise objectionable materials as determined by the Company in its sole discretion.

- Using the Company's network to host, access, promote or otherwise distribute any child pornography or obscenity.

- Causing or allowing the Company's network and/or the customer, its IP space or other elements of identification to be placed on so-called "SPAM Block Lists," "Spam Early Warning Systems," or other directories of spam or unsolicited bulk email originators and/or network abusers. It shall be incumbent upon each of the Company's Clients to monitor and modify their usage, and that of their users and customers, to insure compliance with this Policy generally, and also of this provision specifically.

1.2 Enforcement

The Company reserves the right, with or without notice, to restrict, block, modify or terminate services to any Client or user upon the threat or occurrence of a violation to the Policy. The Company reserves the right to cooperate with any court, law enforcement agency, investigator or network service provider in the investigation of threats to the integrity, stability, reliability and/or legality of the products and services offered by the Company and of any violations to the Policy.

1.3 Client Duties

Each Client is obligated to assist the Company in the investigation of any threatened, alleged or actual violation of this Policy. The Client shall cooperate with designees of the Company in this regard. Clients of the Company are responsible for immediately reporting to the Company any issue which could compromise the stability, service or security of any user or system connected to the Company's network.

1.4 Client Password Policy

The Company's clients are required to follow the payment industry's user identification (User ID) and password best practices to protect the Company's sensitive credit card data. Client User IDs and passwords must meet the following requirements:

- User IDs must be unique to an individual and forever connected with a single user to whom it has been assigned.
- User must never share their IDs and/or passwords.
- Users must choose easily remembered passwords that are, at the same time, difficult for unauthorized parties to guess.
- Passwords are required to have a minimum of seven (7) characters.
- Passwords must meet strong password requirements. Passwords will contain both alphabetic and numeric characters. Passwords will also utilize upper and lower case letters and symbols.

1.5 Reports and Complaints

Any reports or complaints about the use or misuse of the Company's products or services should be directed to:

1.6 Digital Millennium Copyright Act

Xpress Solutions, Inc. maintains a separate policy on the handling of complaints under the Digital Millennium Copyright Act, which is incorporated into this Policy hereby and which may viewed at www.xpressbillpay.com/copyright.

1.7 Handling Charges

The Company reserves the right to assess a handling fee, at its usual emergency project labor rate, to respond to abuse complaints incurred by the Company relating to a client and/or to handle, address, clean up and/or correct damage done to the operation of the Company's Network and business operations supported thereby. The fees will be billed in one (1) hour minimum increments. The Company hereby agrees to waive such fee for the first instance per customer of any such complaint, but shall impose the fee from and after the second such complaint.

Mayor's Proclamation

City of Isanti

Whereas Manufacturing is a dynamic and robust industry, crucial to the health and strength of Minnesota's diverse economy; and,

Whereas Manufacturing added $51.9 billion to Minnesota's economy in 2021 representing the second-largest contribution to the state's gross domestic product by any industry; and,

Whereas Minnesota manufacturing jobs in 2021 make up the second largest total payroll among private sector industries; and,

Whereas Manufactured exports brought $22 billion into the Minnesota economy in 2021; and,

Whereas Manufacturing in Minnesota pays an average annual wage of $74,626, 11% higher than across all industries in Minnesota; and,

Whereas More than 75,000 job openings for manufacturing positions are expected through 2030 in Minnesota as older workers retire.

Now, therefore, I, Jeff Johnson, Mayor of the City of Isanti, do hereby proclaim that October 2022 shall be observed as:

Manufacturing Month

in the City of Isanti on this 20th day of September, Two Thousand Twenty-two.

City Administrator Josi Wood requested that the Council take a brief three (3) minute recess.

A motion was made from Bergley, seconded by Gordon to enter into a three (3) minute recess. Motion carried 4-0.

A motion was made by Bergley to come out of recess, seconded by Collison. Motion carried 4-0.

Upon continuing meeting, Mayor Johnson shared that items that are brought to public comment are restricted for government topics. They are not a platform for private agendas, to make personal attacks, to air personal grievances, to make political endorsements or political campaign purposes. He apologized for the comments made during Public Comment as those should not have been allowed.

K. Business Items

<u>City Administrator Josi Wood</u>

1. **ORD-772** An Interim Ordinance Authorizing Studies and Imposing a Moratorium on the Sale of Cannabis Products

   City Administrator Josi Wood shared discussion was held at the July 19th and August 16th Committee of the Whole meetings regarding the recent legal ability to sell certain products containing delta-9 THC and other edible THC items in Minnesota. It was discussed at the Committee meetings that because the state does not have much regulation, staff will need to research the topic and see if it is in the best interest of the City, residents and businesses to have any kind of regulation.

   Staff drafted an interim ordinance imposing a moratorium of the sale of certain cannabis products and posted for the required ten (10) days. The interim ordinance does not have any impact on current businesses who are selling delta-9 products however, would not allow any new businesses to sell it until it has been decided upon through City Council on a permitted regulatory ordinance.

   Kappa Rourke shared that he represents businesses all over the state that sell these products and further shared his knowledge of the products.

   Councilmember Gordon shared that he did not want the Interim Ordinance to go on for too long. There was continued discussion regarding the length of time for the research.

   A motion was made by Bergley, seconded by Collison to approve the interim ordinance as presented. Motion carried 4-0.

2. Consideration of Amendments to City Code Chapter 188 and Chapter 230 for the Outdoor Archery Range
   a. **ORD-773** An Ordinance Amending Chapter 188; Hunting and Firearms
   b. **ORD-774** An Ordinance Amending Chapter 230; Parks and Recreation Areas

   City Administrator Josi Wood shared with the new archery range soon to open; it requires some amendments to City Code. 'C.' has been added to section 188-2 stating, "Persons using bow and arrows as permitted at the designated outdoor archery range, within the designated shooting area" and Chapter 230 for rules and regulations for the archery range area. The ordinances were reviewed by the Parks, Recreation and Culture Board Coordinator, Chief Muyres and CA Wood to ensure consistency with the items that will be used at the archery range. The rules and regulations will also

be posted at the Archery Range. The draft ordinance has been posted for the required ten (10) day requirement and staff recommends approval.

Councilmember Gordon pointed out a typo which was corrected in the Ordinance.

Motion by Collison, seconded by Gordon to approve K.2. a. and K.2. b. Motion carried 4-0.

3. **Resolution 2022-156** Approving a Conditional Use Permit for Installing a Paging Repeater and Antenna on the City Water Tower

City Administrator Josi Wood shared that a presentation was given at the August 16th Planning Commission meeting for a conditional use permit to help the Fire District and other emergency response partners from the County Sheriff's Office in allowing there to be a VHF paging repeater antenna placed on the City's water tower.

Motion by Bergley, seconded by Collison to approve resolution as presented. Motion carried 4-0.

4. **Resolution 2022-157** Approving a Special Event Permit Application for "Dual-A-Palooza"

City Administrator Josi Wood shared that Pump Republic is a new weight lifting gym that is open in the Dual Square Mall. They are requesting to hold a grand opening in the grassy area at the mall. The event is Saturday, October 1st from 10:00 a.m.-3:00 p.m. They plan to have giveaways, food, drinks and asking for a free will donation to give to the Isanti and Cambridge emergency response units. Republic is also trying to get a few vendors to come out to the event.

Motion by Bergley, seconded by Collison to approve resolution as presented. Motion carried 4-0.

Finance Director Mike Betker

5. **Resolution 2022-158** Setting the 2023 Final Budget and Levy Meeting
6. **Resolution 2022-159** Approving the 2023 Preliminary Budget for the City of Isanti
7. **Resolution 2022-160** Adopting the Proposed 2022 Tax Levy Collectible in 2023 for the City of Isanti

Finance Director Mike Betker shared the proposed preliminary property tax levy is $4,042,954 and reflects an increase in the preliminary taxable market value for 2023 of 26.1%. The City will receive updated property tax values in December from the County. The proposed preliminary property tax rate is 57.61%. A decrease of 2.37% from 2022. The 15-year average tax rate from 2008 through 2022 is 66.70%.

Betker further shared that as discussed in prior work sessions, other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures through June, actual maintenance agreements and contracts costs. All wages include an estimated COLA for 2023 due to ongoing labor negotiations and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/ Liability/ Volunteer Insurance and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2022 and any necessary inflationary factor was applied. Heath Insurance is projected to increase 15.0%. Final renewal numbers on Health Insurance scheduled to be available early October.

Motion by Bergley to approve K.5., K.6. and K.7., seconded by Collison. Motion carried 4-0.

L. Approve Consent Agenda

1. Payroll in the Amount of $260,110.64 and Accounts Payable in the Amount of $651,508.01
2. **Resolution 2022-161** Approving Resignation of Liquor Store Clerk II Kenneth Frost
3. **Resolution 2022-162** Approving Resignation of Part-Time Police Officer Kevin Stahl
4. **Resolution 2022-163** Removing Alexander Collins from the Planning Commission and to Advertise to Fill the Vacant Planning Commission Seat
5. **Resolution 2022-164** Extending the Site Plan Approval Regulated by the Conditional Use Permit as Approved in Resolution 2003-098 for Construction Purposes at the Isanti Primary School
6. **Resolution 2022-165** Approving the Site Plan for the Isanti Primary School to Allow the Addition of a Temporary Classroom as Allowed in the Conditional Use Permit Approved Through Resolution 2003-098
7. **Resolution 2022-166** Approving Capital Improvement Plan Fund Amendment
8. **Resolution 2022-167** Approving Agreement for Credit Card Payment Processing Service Provider

Mayor Johnson asked Council for discussion on if they would like to move forward with L.4.

City Administrator Josi Wood shared that per City Code 8-6. Planning Commission Section E (3) states: "Absence from any three meetings in a twelve-month period, unless excused in advance by the Chair, constitutes a vacancy. In the event of any vacancy, the City Council shall appoint a person to complete the unexpired term." Therefore, the City would post the vacancy and then go through Council to appoint an individual to the vacant seat.

Wood further shared that Mr. Collins has had more than three (3) unexcused absences as well as a number of excused absences. Therefore, staff felt it was time to bring to Council to term out the seat and open it up as a vacancy.

Councilmember Gordon asked if Mr. Collins had been made aware the he cannot miss more than three (3) meetings.

Wood shared that Collins was sent an email from staff informing him of the attendance requirements in City Code for the Planning Commission and that he may reapply for the Planning Commission if that is his desire.

Motion by Collison, seconded by Bergley to approve the consent agenda as presented. Motion carried 4-0.

RESOLUTION 2022-XXX

F.1.

RECOGNIZING NATIONAL PREGNANCY AND INFANT LOSS REMEMBRANCE DAY

WHEREAS, Infants Remembered In Silence, Inc. and many other nonprofit organizations work with thousands of parents all over the state of Minnesota, and across the United States, who have experienced the death of a child during pregnancy through early childhood; and; and,

WHEREAS, Many of these parents live in, deliver in, have a child die in, or a bury a child in our community; and,

WHEREAS, Infants Remembered In Silence, Inc. a 501(c)(3) nonprofit organization was founded 1987, 35 years ago, to offer support for parents whose child/children died from miscarriage, ectopic pregnancy, molar pregnancy, stillbirth, neo-natal death, birth defects, sudden unexplained death of a child (SUDC), sudden infant death syndrome (SIDS), illness, accidents, and all other types of infants and early childhood death; and,

WHEREAS, Bereaved parents around the world remember their children annually on October 15 with candle lighting at 7 pm. Some will remember their child/children in their homes while others will remember them in small gatherings around the state, across the nation and around the world; and this would unify these parents in tribute to their children; and,

WHEREAS, In 1988, President Ronald Reagan proclaimed October as National Pregnancy and Infant Loss Awareness month;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, In honor of the thousands of children that die each year in Minnesota, Infants Remembered In Silence, Inc. (IRIS) respectfully requests that October 15th, 2022 be recognized as Pregnancy and Infant Loss Remembrance Day.

This resolution was duly adopted by the Isanti City Council this 4th day of October 2022.

MEMO

To: **Mayor and City Council**
From: Stephanie Hillesheim, Community Development Director
Date: October 4, 2022
Subject: Amendment to Fairway Greens North Development Agreements for Phase I and Phase II

Through the staff's recent discussion with developer Josh Savageau and review of the permits and the requirements of the PUD it has come to our attention that the lot sizes do not allow for adequate backyards due to the setbacks required of the R-1 Single Family Residential District. City Staff recommend amending the Development Agreement to reduce the front yard setbacks on 12 specific lots to 20 feet due to wetland locations, to provide future residents with a better living experience after purchasing their homes.

Phase I: Block 2: Lots: 2, 3, 4, 5, 6
Phase II: Block 1: Lots 5, 6, 7, 8, 9, 10, 11

We recommend this change for both phases that have been approved for this development. Set back reductions have been reduced in other PUDs within Isanti to less than the 25 feet requirement as outlined for PUDs within the ordinance.

Request:
Staff is requesting action on this item.

Action Required:
If the Council concurs, it should by motion, approve the attached resolutions amending the development agreements for Fairway Greens North Phase I and Phase II.

Attachments:

- Resolution 2022-XXX Third Amendment to the Master Development Agreement for Fairway Greens North (Phase I)

RESOLUTION 2022-xxx

THIRD AMENDMENT TO THE DEVELOPMENT AGREEMENT FOR FAIRWAY GREENS NORTH (PHASE I)

WHEREAS, the City Council approved the Master Development Agreement with HomePride, Inc., for Fairway Greens North (Phase I) on September 3, 2021; and,

WHEREAS, the miscellaneous provisions identified describes the front yard setback requirements of the allowed single-family structures at 30 feet; and

WHEREAS, upon further review the setbacks for some of the yards could restrict the size of backyard use due to wetland restrictions; and,

WHEREAS, the ordinance allows PUDs to reduce setbacks; and

WHEREAS, the front yard setback should be reduced to 20 feet for the following lots located in Fairway Greens North (Phase I) Block 2: Lots 2, 3, 4, 5, 6;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that the Development Agreement for Fairway Greens North (Phase I) be hereby **Amended** as to adjust the front yard setbacks to better fit the design and layout of the approved Final Plat of Fairway Greens North (Phase I).

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: October 4th, 2022
Subject: Site Plan Approval for a commercial building with tenant spaces located at 108 Main St E

Background: A presentation was given at the September 20, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for the proposed commercial building with tenant spaces for Rockstad Relics and Wares located at 108 Main St E. It was explained that the site does not provide a parking area and that the Downtown Overlay District provides flexibility and encourages shared parking areas. Discussion was had regarding the setbacks for the building, in which the B-2 Zoning District allows zero lot line setbacks. Landscaping was discussed whether the applicants would have room for tree plantings. The Planning Commission members determined that there is not adequate space on the lot to include tree plantings. The applicants, Amy and Erick Rockstad, were present at the meeting and available for questions from the Planning Commission. The applicants further explained their business and plans for their building/site. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans for a commercial building with tenant spaces for Rockstad Relics and Wares with conditions at the September 20, 2022 Planning Commission meeting. Motion for approval with conditions passed 6-0.

Request: Consider adopting the resolution.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: September 20, 2022

SUBJECT: Site Plan approval for a Commercial building with tenant spaces for Rockstad Relics and Wares located at 108 Main St E

Request: The applicant, Amy Rockstad is requesting site plan approval for a proposed commercial building with tenant spaces located at 108 Main St E.

Overview/Background: The applicant would like to construct a commercial building on a 7,000 sq ft vacant lot located at 108 Main St E. This parcel is currently zoned B-1 Central Business District and is within the Downtown Overlay Zoning District in which a "General Retail Establishment" is a permitted use.

The building is proposed to be 5,160 square feet and will consist of the Rockstad Relics and Wares boutique retail space, and three tenant spaces on the east side of the building. Each tenant space will have a separate mechanical space and restroom area. The site does not feature any designated off-street parking areas; however, the Downtown Overlay District allows flexibility for shared parking and promotes pedestrian walkability between businesses.

Analysis of Application: The site plan for the building shall comply with the following requirements for the B-1 Central Business District and Downtown Overlay District:

Lot/Building Size Requirements

There is not a minimum lot size or building size requirement for the B-1 Central Business District or Downtown Overlay District. The building is proposed to be 5,160 sq ft and will be set on a 7,000 sq ft vacant lot. The building will be roughly 74% of the total lot surface.

MEMORANDUM

Date: September 7, 2022
To: Stephanie Hillesheim, Community Development Director
From: Jason W Cook, P.E.
City Engineer
Subject: Rockstad – Civil Plan Set - Engineering Review
City of Isanti, MN
Project No.: 0R1.123130

We have reviewed the plan set entitled "Rockstad Civil" dated August 17, 2022 and received on August 29, 2022. The project includes the construction of a new building with multiple tenant spaces. We have reviewed the submitted documents and have the following comments:

Utility Plan C-8:

1. Separate sewer and water service lines will be required with for each separate tenant space. The two sanitary sewer stubs that are shown on the east side of the lot may be used. The 3 separate water services may be able to tap onto the existing water stub that extends to the parcel, but each water service will need to have a curb stop at the ROW.
2. Proposed 2" sanitary line shown to west does not connect to the existing main located on the west side of Dahlin Avenue. If this sewer needs to connect to the main in Dahlin Avenue, the road will need to be closed and we will require a detour route plan be submitted for review prior to approval of this project. Also show patch area, curb and walk removal limits.
    a. If this 2" line is not a forcemain, it will be required to be a minimum 4" gravity pipe SDR 26 at a minimum slope of 1.5%.
3. An overhead line appears to cross the SE corner of the proposed building. Coordinate with this utility to relocate as needed.

Landscape Plan L-1-1:

4. All areas not planned to be landscaped shall receive 6" of topsoil and be sodded. An irrigation plan will also be needed.

We recommend approval of the plans once the above comments are addressed.

Bolton & Menk is an equal opportunity employer.

Setbacks – Principal Building

The following minimum requirements shall be observed in the Central Business District; subject to additional requirements, exceptions, and modifications as set forth within this Ordinance:

A. Setbacks and Height Restrictions – Principal Building.

Minimum Setback from a Railroad Right-of-Way	10 feet
Front, Side, and Rear Yards	Zero Lot Line Maximum
Building Height	Three (3) stories or forty-five (45) feet, whichever is less

The proposed building will be setback 3 ft from the front property line, 7 ft from the rear property line, 10 ft from the east property line and 4 ft from the west property line. These front, side and rear setbacks will meet the requirements of a zero-lot line maximum which would allow for the building to be placed directly on property lines. The building is proposed to be single story construction and will not exceed the forty-five ft height requirement in this Zoning District.

Streets and Sidewalk Network

A. Developments that include public or private streets shall connect with and provide for the future extension of the community's existing street network.
The development will utilize the existing streets of Main Street, Dahlin Ave NE and Elim Lane NE.

B. Sidewalks are required along all public and private streets within the Downtown Overlay District. The location and alignment of new sidewalks shall connect directly with the existing sidewalk network. The width of the sidewalk shall be consistent with City policy.
Existing Sidewalks will be utilized along the front and the west sides of the building, which will run parallel to the existing streets. Concrete pads will be placed from the sidewalk to the building's doors for entrances and easy accessibility.

C. On-street parking shall be incorporated with the street design within the Downtown Overlay District. Parking areas shall be defined by curbing.
On-street parking will be accessible to the building off of Dahlin Ave NE and a parking lot nearby on Main St.

D. The number and width of curb cuts shall be in conformance with City policy. Sites within the Downtown Overlay District that have multiple buildings shall have unified / joint access.
There are no curb cuts proposed on site for parking areas.

E. Street trees shall be placed, no less than one (1) tree per fifty (50) lineal feet of frontage on any street within the Downtown Overlay District. Where street trees cannot be planted, sidewalk planters are encouraged in these areas. Such trees or planters shall be coordinated as part of the streetscape design.
A landscaping plan was provided for review of plant locations and species types. There are no trees proposed on the site. Based on the 1 tree per 50 lineal feet of frontage requirement, the site would be required at least 5 trees (250 linear ft of street frontage on Main St, Dahlin Ave, and Elim Ln). The building setbacks on the front and west sides of the building are too small for tree plantings but the building has 10 ft setbacks from the eastern property line. Staff believes that this area should have at least two trees to make up for lost landscaping areas on all other sides of the building. Plantings of deciduous shrubs and perennials are proposed to be planted along the front and west side of the building.

F. All new utilities shall be encouraged to be placed underground. Compatible lines (e.g., electric, phone, cable) shall be placed in a common trench.
The utilities plan indicates underground connections for the site.

Parking Standards

Off-Street Parking Areas located within the Downtown Overlay District are intended to be a pedestrian-oriented place. The design, location, and availability of parking will be a critical component to ensure the success of redevelopment within this area. Parking must be conveniently located and easily accessible; however, parking areas should not negatively impact the pedestrian character of the area. The purpose of the off-street parking requirements within the Downtown Overlay District is to allow land uses to deviate from the parking requirements provided in Section 17 of this Ordinance. The deviation from these requirements is allowed in recognition of the unique character of the downtown area, which include mixed uses, pedestrian scale development, enhanced streetscape, and potential future availability of mass transit. The regulations of the Downtown Overlay District will allow for a reduction in the number of parking spaces and encourage shared parking.

A. General.

1. Off-street parking areas should not be located in front of buildings between the building and the street.

2. Off-street parking shall be provided where it is physically possible to do so.

3. Exception to those properties located along First Avenue NW or SW, 90-degree parking is permitted abutting the street when approved by the City Council.

4. Access points for rear and side parking lots should be designed to look like streets rather than driveways.

5. Parking areas should be well identified and easy to find.

6. On-street parking should be provided everywhere it is physically possible to do so.

C. Commercial standards.

1. If the required amounts of parking spaces cannot be fully provided on site, then parking may be provided in public or shared lots elsewhere within the Downtown Overlay District.

2. Shared parking facilities among commercial uses should be encouraged where peak hours, proximity, and other characteristics would make these types of facilities feasible.

3. Parking areas should flow together and should not contain barriers that would prevent cross connections between lots, as this should encourage the sharing of parking areas between uses.

4. Shared parking shall meet the requirements as stipulated within Section 17 of this Ordinance.

5. Employees of commercial establishments should be required to park in designated long-term parking areas.

6. When a non-residential use would require 100 or fewer parking spaces based upon the requirements of Section 17 of this Ordinance, the required number of parking spaces provided shall be 50 percent of the total number required.

The site does not provide any off-street parking. Parking is available in shared lots found on Main St and street parking is available on Dahlin Ave to the west of the proposed building. Staff believes that there will be plenty of parking options nearby and that a building with tenant spaces is a good use for this small 7,000 sq ft parcel, rather than a majority of it having to be a parking lot.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

    a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

    b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

A photometrics plan will need to be submitted with foot candle readings on the site. These foot candle readings will be based on light sources implemented on site and will have to meet all criteria listed in Section 14, Subd. 5 of the City Zoning Ordinance. Lighting will have to be downlit and not be a hazard for vehicular or pedestrian traffic. The trash enclosure must be illuminated for the safety of employees.

Exterior Building Materials

Acceptable Materials. Exterior building materials shall not be dissimilar to existing structures within the immediate area or the downtown area as a whole. Exterior building finishes shall consist of material comparable in grade and quality to the following:

1. Brick

2. Natural stone

3. Wood provided the surfaces are finished for exterior use and only woods of proven durability shall be used.

4. Glass, to include glass curtain wall panels.

5. Tilt up concrete panels that have a grid or block like appearance.

6. EIFS (Exterior Insulating and Finishing System) may be used but not as a primary material.

7. Metal may be used as an accent but not as a primary material.

Exterior building materials include metal siding and roofing, boulder creek stone, and aluminum windows and doors. Siding color is proposed to be colonial red and the roofing will be black. Boulder Creek stone is proposed to be the primary material on the south and west sides of the building and is expected to go up to the roof line on these sides. The exterior of the building has varied detailing with materials and colors and will be visually appealing in the downtown district.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

    1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

    2. Trash enclosures shall be lit.

    3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

There is not a trash enclosure indicated on site plans. An exterior trash enclosure will need to be included on site plans to verify the location will work on site. It is not identified on plans how the

trash receptacles will be enclosed and designed. The trash enclosure shall be designed so that it is architecturally harmonious with the principal structure on the site. The trash enclosure will also have to be illuminated for the safety of employees.

Signs

The exterior elevations show spaces for signs on the building. All signage on site will need to have a sign permit and be reviewed by city staff to ensure that the location, design and dimensions meet the requirements listed in Section 16 of the City Zoning Ordinances.

Staff Recommendation: Staff recommends approval of the proposed commercial building located at 108 Main St E with the following conditions:

Conditions:

- Lighting Designs shall be downlit and follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances
- Trash enclosure must be illuminated for the safety of employees
- Trash enclosure location must be included on site plans and design shall follow Section 14, subd.3 in the City's Zoning Ordinances for Trash Enclosure Standards
- All signs shall need a sign permit when applicable to determine dimensions, design and locations
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the City Engineer's memo, dated 9/7/2022.

Date: October 4th, 2022
Subject: Site Plan Approval for a manufacturing building for Special Tools Inc. located at PID 16.159.0010

Background: A presentation was given at the September 20, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for the proposed manufacturing building in the City's Industrial Park for Special Tools Inc. located at PID 16.159.0010. The design of the site was explained and the Planning Commission was shown the floor plans, exterior elevations and landscaping plans. Discussion was had regarding the wainscoting for the building, in which the I-1 Zoning District requires wainscoting of 1/3 wall height of the building. The Planning Commission members determined that this requirement would bring the stone up to the top of windows and doors of the building and would not make sense aesthetically. The applicants, Adam Klinker of Special Tools Inc and Doug Haechen of Structural Buildings, were present at the meeting and available for questions from the Planning Commission. The applicants further explained their business and plans for their building/site. Specifically, the trash enclosure location was discussed and will be implemented into site plans. The applicants agreed that the conditions of approval for the project are reasonable and can be met. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans for a manufacturing building for Special Tools Inc. with conditions at the September 20, 2022 Planning Commission meeting. Motion for approval with conditions passed 6-0.

Request: Consider adopting the resolution.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: September 20, 2022

SUBJECT: Site Plan Review for a manufacturing building for Special Tools Inc. located on a vacant lot in the Industrial Park District at PID 16.159.0010

Request: The applicant, Structural Buildings is requesting site plan approval for a proposed manufacturing building located at PID 16.159.0010 for Special Tools Inc.

Overview/Background: The applicant would like to construct a manufacturing building on a 2.5-acre vacant lot located in the Industrial Park District at PID 16.159.0010. This parcel is currently zoned I-1 Industrial Park District in which "light manufacturing" is a permitted use.

The building is intended to provide custom tool manufacturing services in a warehouse setting. The building is proposed to be 2 stories in height and roughly 12,000 square feet. The first floor will have the manufacturing floor space, offices, bathrooms, mechanical room, a break room and a conference room. Fourteen parking stalls are displayed on the site plans, with one of these stalls designated as handicap accessible.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Lot Requirements

- Lot Size Minimum .5 acre
- Minimum Width of Lot at ROW 100 ft
- Minimum landscaping 25% of total lot area

The area of the parcel is roughly 2.5 acres in size and exceeds the lot size minimum. The site will meet the minimum width of lot at the Right of Way and minimum landscaping requirements.

Setbacks – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Rear Yard Setback 30 feet

The proposed building will be located near the center of the parcel roughly 100 ft from the west property lines near East Dual Blvd NE and will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

There shall be a required minimum of twenty-five percent (25%) reservation of the total lot area for landscaping use. A landscaping plan must be submitted to and be approved by the Planning Commission or its designee.

Impervious surfaces on site will include the building, paved asphalt parking lot and driveway surfaces. Roughly 43% of the development is intended to be impervious surface. The landscaping requirement of 25% of the total lot area as green space will be met.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas are proposed to be surfaced with bituminous pavement. Concrete aprons and sidewalks are proposed around the front of the building near the parking stalls leading to the entrance and along the rear of the building.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the entire perimeter of the parking lot and paved area on site.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) wide.

Four-inch-wide white striping will be used across the site for designated parking stalls. One stall will be striped to indicate no parking for a handicap access stall.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from all property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

PARKING SPACE CALCULATION

REQUIRED PARKING SPACES
OFFICE: 1 SPACE PER 250 SF - 500 SF / 250 = 2 SPACES
MANUFACTURING: 1 SPACE PER 500 SF - 4950 SF / 500 = 10 SPACES
WAREHOUSE: 1 SPACE PER 1500 SF - 3550 SF / 1500 = 2 SPACES

TOTAL REQUIRED PARKING SPACES = **14 SPACES**

PROVIDED PARKING SPACES

TOTAL PROVIDED PARKING SPACES = **14 SPACES**

Based on this number of required parking spaces standard and the use of the industrial building, the site will be required at least 14 parking spaces in which one stall would need to be designated as handicap accessible. The site plans indicate 14 total parking stalls, in which one parking stall is designated as handicap accessible in the front of the building. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet

The site features 90-degree parking stalls and will have both one-way and two-way traffic. Stall dimensions are 10 ft in width and 20 ft in length and drive aisle width is 26 ft. The site will meet the required stall dimensions of 9 feet in width and 19 feet in length. The drive aisle widths shall be at least 26 feet and meet the requirement for two-way vehicle circulation.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

   a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

   b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

An exterior lighting plan was not included in the submittal. A lighting/photometrics plan is required that will show lighting types that are proposed on site. All lighting types proposed shall be downlit and designed to reduce glare. These light sources will have to meet all criteria listed in Section 14 of the City Zoning Ordinance.

Curb Cuts

There are two curb cuts proposed along East Dual Blvd NE. These two proposed curb cuts are spaced an adequate distance from each other and comply with City Standards.

Building Design and Construction

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

1. Face brick

2. Natural stone

3. Glass

4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.

5. Factory fabricated, finished 26 Ga. Metal panel

6. Decorative concrete block approved by the City Council.

7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by the City Council. Minimum wainscot height shall be one-third of the sidewall height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials include metal roofing and siding, and stone around the base of the South and West sides of the building. The exterior siding and stone will be a neutral tan color and will be consistent with will surrounding buildings in the Industrial Park District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If mechanical equipment is on the exterior of the building, site plans shall be altered to show the location of the equipment.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are three large garage doors on the building that can be used for loading and service areas. A building of this size (under 100,000 square ft) does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   An outdoor trash enclosure is required for this Industrial site. Site Plans do not show a location where this trash enclosure will be placed. Site plans must be modified to show the location of the enclosure for staff review. The enclosure shall meet performance standards set in Section 14, Subdivision 3 of the City Zoning Ordinances.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site is completely surrounded by Industrial properties and does not surround a residential area.

Landscaping

Non-Residential Requirements. In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations.

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

The landscaping plan proposes to include a total of 10 trees on the property near East Dual Blvd NE. These will be a mix of species including Sugar Maples, Scarlet Oaks, Norway Spruce, and Austrian Pines. The City Landscaping Ordinance requires that the site have at least 7 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage) and the proposed amount of 10 trees will meet this standard. Sod shall be planted on all areas not disturbed by new construction or not already covered by established lawn or turf.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the “R-1”, “R-2”, and “R-3A” Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle location is not designated on site plans. The receptacle will have to be enclosed, fenced or screened. The trash receptacle/enclosure shall follow the regulations set in Section 14, Subdivision 3 of the City's Zoning Ordinances. The trash enclosure shall also be illuminated for the safety of employees.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the proposed Special Tools manufacturing building located at PID 16.159.0010 with the following conditions:

Conditions:

- Trash enclosure shall be illuminated for the safety of employees
- Trash receptacle shall be designated on site plans and fenced or screened by a permanent structure in accordance with Section 14, Subdivision 3 of the City's Zoning Ordinances.
- Lighting Designs shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances
- All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the City Engineer's memo, dated 9/7/2022

MEMORANDUM

Date: September 7, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Special Tools – Civil Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the plan set entitled "Special Tools" received on August 29, 2022. The project includes the construction of a new building, a parking lot and a storm water pond. We have reviewed the submitted documents and have the following comments:

Utility Plan C 6 of 6:

1. Use existing sanitary sewer stub to avoid cutting into street. See attached record drawing. Verify depths and adjust site accordingly.

Landscaping Plan CL1 of 1:

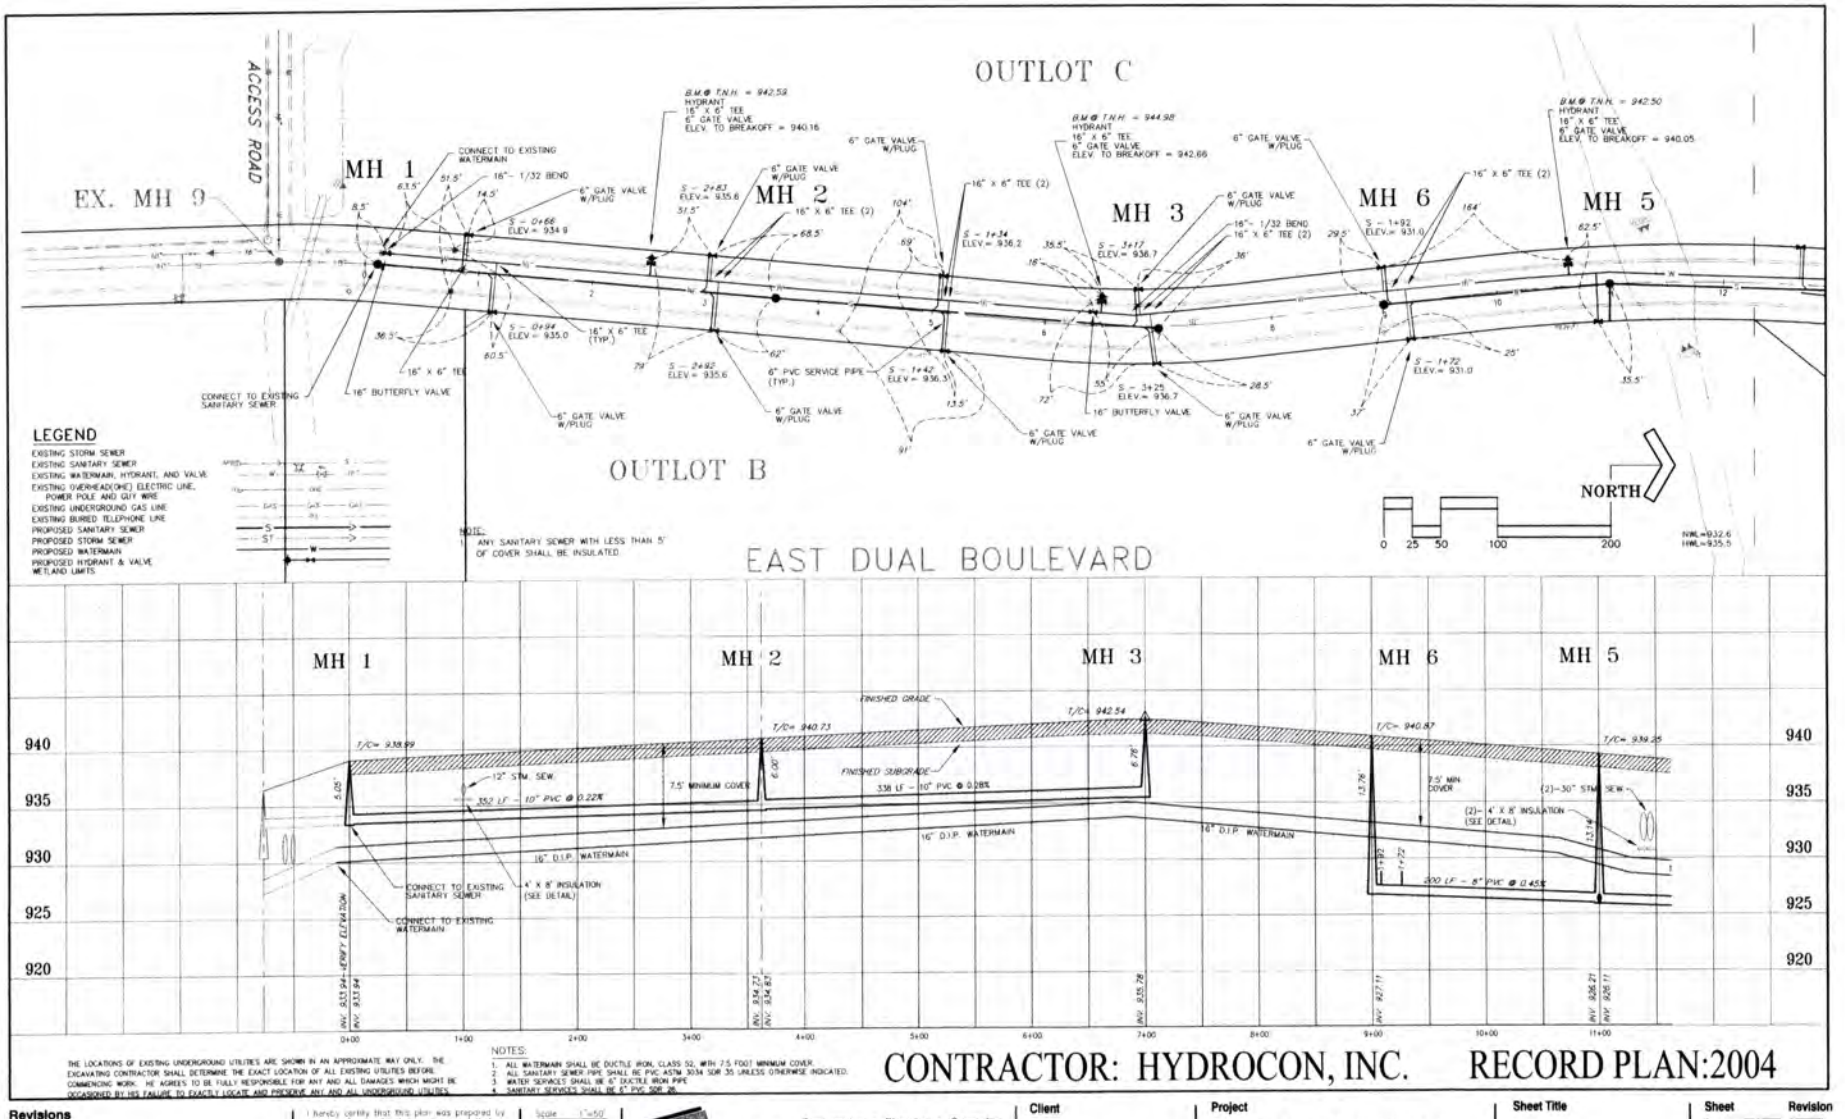
2. Sod all disturbed areas not intended for landscaping, or below normal water level of proposed pond.
3. Do not plan trees within 10 feet of the proposed sanitary sewer or water service lines.

Stormwater:

4. Submit Hydraulic Modeling of the storm system and wet pond sizing.
    a. Verify 2, 10, and 100 year event discharge rates will not be increased from existing.
5. See attached SWPPP checklist and make necessary revisions to address all missing items.
6. Submit NPDES permit to City prior to work beginning on site.

We recommend approval of the plans once the above comments are addressed.

Bolton & Menk is an equal opportunity employer.



THE LOCATIONS OF EXISTING UNDERGROUND UTILITIES ARE SHOWN IN AN APPROXIMATE WAY ONLY. THE EXCAVATING CONTRACTOR SHALL DETERMINE THE EXACT LOCATION OF ALL EXISTING UTILITIES BEFORE COMMENCING WORK. HE AGREES TO BE FULLY RESPONSIBLE FOR ANY AND ALL DAMAGES WHICH MIGHT BE OCCASIONED BY HIS FAILURE TO EXACTLY LOCATE AND PRESERVE ANY AND ALL UNDERGROUND UTILITIES.

NOTES:
1. ALL WATERMAIN SHALL BE DUCTILE IRON, CLASS 52, WITH 7.5 FOOT MINIMUM COVER.
2. ALL SANITARY SEWER PIPE SHALL BE PVC ASTM 3034 SDR 35 UNLESS OTHERWISE INDICATED.
3. WATER SERVICES SHALL BE 6" DUCTILE IRON PIPE
4. SANITARY SERVICES SHALL BE 6" PVC SDR 26.

15th Annual MMBA Food Drive Promotes Community Value

In an effort to help members Promote the Community Value of their Municipal Liquor Operation, MMBA and Miller Lite, in a new partnership with the Minnesota Vikings Foundation, are coordinating the *Fifteenth Annual Municipal Liquor Food Drive.*

This year's initiative has some changes foreshadowed at the 2022 MMBA Annual Conference.

Your effort WILL benefit your local food shelf OR the Minnesota Vikings Foundation.

It's YOUR Choice! Pick ONE!

For those benefitting your local food shelf, there will be two competition brackets, based on 2020 annual sales:

Facilities with $1,000,000 and Above in Sales & Facilities with $1,000,000 & Below in sales.

The individual facility (not city) in each category with the highest weight donated will earn a $1,000 donation to their local food shelf. ($1 donation =3 lb. of food)

Anything your food shelf will accept is eligible to be counted, including, but not limited to, field produce and canned / bottled water.

For those benefitting the Minnesota Vikings Foundation, there is a competition between both municipal & private retailers:

PRIZE LEVELS

Retailers will receive all prizes listed for each level that they achieve. For example, if a retailer raises $1000, they will receive everything listed for Levels 1, 2 and 3.

Level 1 (Raise $250) – Entry into a drawing for (4) lower-level tickets to the Vikings vs. Colts game on 12/17 or 12/18 (Game Date TBA per NFL)
Level 2 (Raise $500) – Autographed framed photo of a current Vikings player
Level 3 (Raise $1,000) – Vikings helmet autographed by current player
Level 4 (Raise $2,000) – Vikings jersey autographed by current player

OVERALL WINNERS

The top 5 overall retailers will each be able to select a prize from this list in ranking order:

- Trip for two (2) to a 2023 Vikings away game; includes travel and game tickets. Game is dependent on schedule
- Four (4) Tickets for the Vikings vs. Colts game on December 17th or 18th in the Molson Coors Turf Suite; includes game tickets with a field level view of sidelines, team bench, and the player tunnel, as well as all-inclusive suite hospitality
- Six (6) tickets for Vikings vs. Colts game on December 17th or 18th in Mystic Lake's Club Purple; includes game tickets on couch seats, as well as all-inclusive suite hospitality
- Vikings autographed framed jersey
- Two (2) spots in the 2023 MN Vikings Golf outing; includes two (2) playing spots with a Molson Coors foursome + Vikings players, food and beverage

IN ADDITION, THERE WILL BE A SEPARATE COMPETITON FOR THE TOP FIVE MMBA MEMBERS RAISING THE MOST MONEY FOR THE VIKINGS FOUNDATION:

- 2 Suite tickets for Vikes v Indy Dec 18th – Full food, beers, and great seats!
- 2 tickets to the Vikings v Giants on Dec 24th
- Autographed football by Vikings player
- Autographed jersey by Vikings player
- Vikings Grizzly Cooler

PLUS, the Vikings Foundation will reward the top 5 donating MMBA facilities with a commemorative parking lot logo!

FOR ALL MMBA PARTICIPANTS:

Through a random drawing of non-category winners, ten $100 donations will be made to either your local food shelf or the Vikings Foundation. So, everyone has a chance to win!

Here are additional details:

The program will run **October 3rd – November 25th**

There are many ways to activate donations:

ROUND UP - Retailers with round up capabilities already in place - can add our promotion to their system. *Round up to the nearest dollar at check out. (i.e. final ring is $19.79, customer can opt-in to 'rounding up for charity' to $20.00. $0.21 cents will go to the charity)*

PAPER HORNS FOR THE VIKINGS FOUNDATION - Tear pad with a UPC to scan for $1 available for retailers without round up capabilities ***Horn tear pads are available from your Miller Distributor!***

Consider a "cents per case" donation. For instance, $.50 donated on every case of Miller sold in Oct/Nov.

Hold a silent auction with 100% donations supporting the local food shelf / Vikings Foundation.

Coordinate signs with your Miller Lite Distributor.

From the Vikings Foundation, attached is a logo for advertising, a W9 if needed for donations, a copy of the horn with UPC if needed and a PPT about the program.

In addition to the deadlines listed in the PPT, send the MMBA office your results at: kaspszak@outlook.com.

MEMORANDUM

Date: September 26, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Fairway Greens North –Letter of Credit Adjustment 6
City of Isanti, MN
Project No.: 0R1.125451

The Developer of the Fairway Greens North subdivision has requested a reduction to the Letter of Credit (LOC) the City holds on the project.

The developer has established a system of payment to the Contractor where payment is only released once the City has authorized the reduction of the Letter of Credit to be used for payment. This is a different process than we have used in the past.

In order to maintain the agreed upon balances at the completion of the project and hold retainage to ensure work is finalized and accepted, we recommend following city standard retainage practices. On City led projects, 20% of the requested amounts of non-permanent items is held to ensure the temporary items are removed at the end of the project, and 5% of permanent items that have been installed is held until all tests are passed and the work is finalized. We recommend continuing to hold the 25% additional amount from the initial 125% of the construction cost LOC balance to cover possible overhead costs and the required balances at the end of the project for closeout and warranty (20% until all documents are closed out, and then 10% for the warranty period).

Attached is the invoice from the contractor for unpaid work to date in the amount of $21,246.75 for this addition. the 2nd Addition costs will be processed through the Fairway Greens North 2nd Addition Letter of Credit separately.

Following city standard retainage practices, we recommend releasing 95% of the turf establishment items and 80% of the erosion control items for a total amount of $19,698.53.

Once the City receives verification that the owner has paid the engineering invoices and sub-contractors to date, we recommend approving the reduction of the Letter of Credit in the amount of **$19,698.53** for materials incorporated into the project. This would hold $1,548.23 in retainage on this reduction following standard City contract practices.

The remaining balance of the Letter of Credit is anticipated to be sufficient to complete the project as proposed while covering all incurred overhead costs including testing, inspection, and contract administration.

Please contact me if you have any questions.

Bolton & Menk is an equal opportunity employer.

TO: Honorable Mayor and Council

FROM: Stephanie Hillesheim, Community Development Director

DATE: October 18, 2022

SUBJECT: Ordinance Amending the City Zoning Ordinance Section 15: FENCING, SCREENING, AND LANDSCAPING

Overview/Background
City staff has recently reviewed and worked on revisions of the Fencing, Screening and Landscaping ordinance to be more consistent throughout the section, clear up contradictions and clarify requirements for all zoning districts.

To amend the ordinance a public hearing was called and for public comment at the September 20, 2022 Planning Commission Meeting. The Planning Commission discussed the changes and recommended adoption of said changes as presented and reviewed by the City Attorney.

Staff Recommendation
Staff recommends recommendation of approval of the amendments to the City Zoning Ordinance Section 15.

Section 2- Amendment. Ordinance 445, Section 15: Fencing, Screening, and Landscaping are hereby amended as follows:

SECTION 15: FENCING, SCREENING, AND LANDSCAPING

Subdivision 1: General Provisions.
Except as otherwise provided herein, all fences and walls within the City shall be subject to the following general provisions:

A. Permit Required.
   1. Building Permit. Prior to the construction and/or installation of a fence and/or retaining wall over four (4) feet in height, an application for a building permit shall be obtained from the City and shall specify the intended location, character, and size of such fence or wall.
   2. Zoning Permit. For all other fences and retaining walls, not meeting the requirements for a building permit, a zoning permit must be obtained prior to construction on the property.

B. Maintenance. All fences and retaining walls shall be properly maintained, so as not to become unsightly, hazardous, or constitute a nuisance. Damaged and destroyed fences and retaining walls shall be removed and replaced within thirty (30) days upon written notice from the Community Development Director or his/ her designee. All ~~fences~~ structures shall be maintained at the property owner's expense. The persons, firms, corporations, or individuals constructing or causing the construction of such ~~fence~~ structures shall be responsible for maintaining that part of the property between the ~~fence~~ structure and the property line.

C. Installation.

1. The side of any fence or wall considered to be its "face" (finished side with no structural supports) shall face either the abutting property or the street right-of-way.
2. Upon installation of the ~~fence~~ structure, no physical damage shall occur to the abutting property owner unless it has been permitted under written agreement with the adjacent property owner.

~~D. Prohibited Materials. Fences shall not be constructed from chicken wire, welded wire, snow fence, branches, or materials originally intended for other purposes. Electric fencing and metal sheeting are also prohibited materials. Barbed wire fencing is prohibited in all non-industrial districts.~~

~~E. Setbacks.~~

~~1. On corner lots or lots adjacent to railroad right-of-ways, streets or public roads, no fence shall be located in the vision clearance triangle, as shown within Section 4 of this Ordinance.~~
~~2. Privacy fences shall be setback a minimum of two (2) feet from any street right-of-way.~~
~~3. Fences shall be located on the property of the owner. All posts and framework shall be placed within the property lines of the fence owner.~~
~~4. No fence shall enclose a water shutoff valve to the interior. A 12-inch minimum separation between the fence and the water shutoff valve must be maintained.~~
~~5. No fences shall be permitted within a stormwater flow path.~~
~~6. Fences within a storm pond drainage easement must provide for the free flow of water by using a material such as chain-link or by providing a minimum ground clearance of four (4) inches.~~
~~7. Fences located within storm pond drainage easements shall be reviewed by Public Works and/or The City Engineer. *(Ord. No. 647)*~~

~~F. Retaining Walls. Retaining walls exceeding four (4) feet in height, including staged walls which cumulatively exceed four (4) feet in height, must be constructed in accordance with plans prepared by a registered engineer or landscaped architect. Building permits for construction of a retaining wall over four (4) feet are required.~~

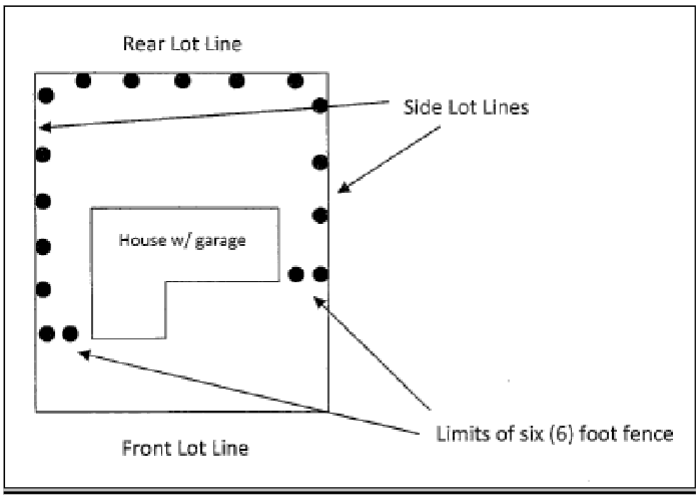
G. Property Owner Responsibility. Any ~~fence~~ structure located on the property line or within a drainage and utility easement shall be removed upon request of the City and at the expense of the property owner.

Subdivision 2: Residential Fences

The following regulations shall apply to all residential properties located within the City.

A. Maximum Height. Fences shall be no higher than three (3) feet when extended past the front corner of the home or garage of the principal structure. Fences shall be no higher than six (6) feet in the rear and side yards and shall not extend past the front corner of the principal structure. Fence height shall be measured from the finished grade level.

FIGURE 12: Fence Location



Note: Drawing has been provided to show the limitations on the location of a six (6) foot fence, in reference to the principal structure on an interior lot only. Corner lots must meet the requirements as provided within the text of this Ordinance.

B. Exceptions. The following exceptions apply to residential fences.

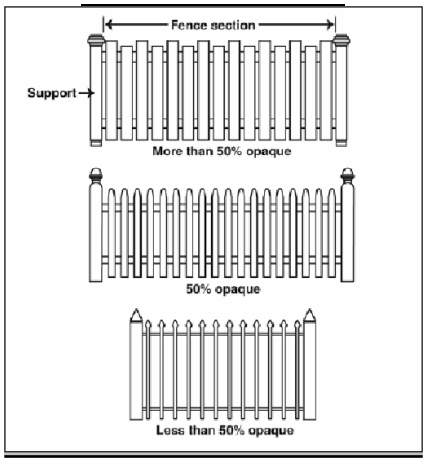
1. On corner lots, the street side setback may match the setback of the prevailing fence line of the corner lot immediately abutting such property. However, at no time shall the fence be within the right-of-way or the vision clearance triangle, as shown within Section 4 of this Ordinance. Such fence location shall be subject to approval by the Community Development Director or his / her designee. *(Ord. No. 623)*
2. On corner lots and through lots, a four (4) foot chain-link fence that is less than ten (10) percent opaque or ninety (90) percent transparent may be placed along the secondary street frontage.
3. Fences permitted past the front corner of the principal structure shall meet the height requirements as specified within this Section. Chain-link fences shall not be permitted within the front yard. A decorative fence is the only type of fence permitted past the front corner of the principal structure and shall have an opaqueness of no greater than 50%.
4. Screening fences, as required by Chapter 227, Article II of the City Code of the City of Isanti; for screening of stored recreational vehicles within the side or rear yard shall meet one of the following acceptable screening options: *(Ord. No. 608)*
    a. A fencing screen per Subdivision 4(A) of this Section and shall obscure from view at ground level any neighboring property or public street by at least 80% of the area.
    b. Installation of a planting screen. Where natural materials, such as trees or hedges are approved in lieu of required screening by means of walls or fences, density and species of planting shall be such to achieve 80% opaqueness year-round from view at ground level at any neighboring property or public street.
        (1) Acceptable plantings include arborvitae, upright juniper, upright yew, fountain hemlock, or other species approved by the Zoning Administrator.
        (2) Plants shall be 4'-5' in height when purchased for installation.
        (3) Plantings must be spaced within half the plants spread at maturity.

(4) Plant material centers shall not be located closer than three (3) fet from a side or rear property line or twelve (12) feet from a front property line and shall not be planted to conflict with public plantings, drainage and utility easements, sidewalks, trails, fences, parking areas, and driveways based on the judgment of the Community Development Director or his/her designee.

(5) All planting screens shall be reviewed and approved by the Community Development Director or his/her designee.

(6) Planting screens shall be maintained in a healthy condition. Dead material shall be removed and replaced within thirty (30) days upon written notice of the Community Development Director or his/her designee.

FIGURE 13: Fence Opacity



C. Prohibited Materials. Fences shall not be constructed from chicken wire, welded wire, snow fence, branches, or materials originally intended for other purposes. Electric fencing and metal sheeting are also prohibited materials. Barbed-wire fencing is prohibited in all non-industrial districts.

D. Setbacks.

a. On corner lots or lots adjacent to railroad right-of-ways, streets or public roads, no fence shall be located in the vision clearance triangle, as shown within Section 4 of this Ordinance.

b. Privacy fences shall be setback a minimum of two (2) feet from any street right-of-way.

c. Fences shall be located on the property of the owner. All posts and framework shall be placed within the property lines of the fence owner.

d. No fence shall enclose a water shutoff valve to the interior. A 12-inch minimum separation between the fence and the water shutoff valve must be maintained.

~~e.~~ Fences within a storm pond drainage easement **must provide sufficient ground clearance for the free flow of water or be made of chain-link material**. ~~by using a material such as chain-link or by providing a minimum ground clearance of four (4) inches.~~

f. Fences located within storm pond drainage easements shall be reviewed by Public Works and/or The City Engineer. *(Ord. No. 647)*

Subdivision 3: Non-Residential Fences

A. Commercial ~~and Industrial~~ properties located in the B-1, B-2, B-3, CBT-1, CBT-2 zoning districts may construct security fences up to six (6) feet in height. Fences in excess of six (6) feet shall require a conditional use permit. Properties located in the I-1 Industrial Park District may construct security fences up to ten (10) feet in height. Fences in excess of ten (10) feet shall require a conditional use permit.

B. Barbed-wire fencing is permitted in Industrial Districts only. Barbed wire security arms shall be constructed at a minimum of six (6) feet in height. The security arm shall be angled in such a manner that it does not overhang any lot lines.

C. Prohibited Materials. Fences shall not be constructed from chicken wire, welded wire, snow fence, branches, or materials originally intended for other purposes. Electric fencing and metal sheeting are also prohibited materials. Barbed-wire fencing is prohibited in all non-industrial districts.

E. Setbacks.

a. On corner lots or lots adjacent to railroad right-of-ways, streets or public roads, no fence shall be located in the vision clearance triangle, as shown within Section 4 of this Ordinance.

b. Privacy fences shall be setback a minimum of two (2) feet from any street right-of-way.

c. Fences shall be located on the property of the owner. All posts and framework shall be placed within the property lines of the fence owner.

d. No fence shall enclose a water shutoff valve to the interior. A 12-inch minimum separation between the fence and the water shutoff valve must be maintained.

~~e.~~ Fences within a storm pond drainage easement **must provide sufficient ground clearance for the free flow of water or be made of chain-link material**. ~~by using a material such as chain-link or by providing a minimum ground clearance of four (4) inches.~~

f. Fences located within storm pond drainage easements shall be reviewed by Public Works and/or The City Engineer. *(Ord. No. 647)*

Subdivision 4: Non-Residential Screening Fences and Planting Screens

All commercial and industrial uses and transitional lot areas as stipulated within this ordinance that are required to provide screening shall do so through the use of one of the following, subject to recommendation by the Planning Commission and approval by the City Council.

A. Screening Fence.

1. Screening fences on properties located in the B-1, B-2, B-3, RC, CBT-1, and CBT-2 zoning districts shall be a~~t~~ maximum of six (6) feet in height with a minimum opaqueness of 80 percent. Screening height shall be measured from the finished grade level.
2. Screening fences on properties located in the I-1 Industrial Park District shall be a maximum of ten (10) feet in height with a minimum opaqueness of 80 percent. Screening height shall be measured form the finished grade level.
3. Screening fences shall be constructed of masonry, brick, wood, chain-link or steel and shall be compatible with the principal building on the site and with the surrounding properties.
4. Screening fences or screening walls shall be setback five (5) feet from the property line.
5. If the property is not adjacent to a street right of way, screening may be placed on the

property line, providing mutual written consent has been granted by the abutting property owners and filed along with a copy of the certificate of survey to the City prior to construction.

~~6. Barbed-wire fencing is permitted in industrial districts the I-1 Industrial Park District only, and provided that the following conditions are met:~~

~~a. The fencing shall be constructed at a minimum of six (6) feet above ground level.~~

e. Deciduous trees shall be two and one half (2.5) inches in diameter at the trunk and Coniferous/Evergreen trees shall be six (6) feet in heigh above the root

ball at the time of installation.

4. Tree Location.
   a. Each tree shall be planted a minimum of five (5) feet from the public right-of-way.
   b. Trees should be planted in the front of the primary structure. If more than two trees are planted the majority of trees shall be planted in front of the primary structure. For corner lots, trees may be planted along the secondary street frontage.

~~5. Tree Substitutions.~~
   ~~a. Conifers and deciduous trees found on the City's Secondary Tree list may be substituted for a Primary Tree at a ratio of 3:2.~~
   ~~b. If smaller trees are utilized, one and one-half (1.5) inch Primary Trees may be substituted at a ratio of 2:1 for full-sized trees.~~
   c. ~~Secondary or Ornamental trees, one and one-half (1.5) inches in diameter or four (4) foot tall conifer trees may be substituted at a ratio of 3:1 for required full-sized Primary trees.~~

6. Maintenance of Landscaping.
   a. The owner or tenant shall be responsible for the maintenance of landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris.
   b. Trees and ground cover that are required by this Ordinance or by an approved site or landscape plan and which have died or have been removed shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

7. Decorative Landscaping. This includes flower beds, rock gardens and any planting(s) or structures other than established turf.
   a. Any planting or decorative items placed in any right of way and/or easement is the reasonability of the property owner to maintain.
   b. The City will not be held liable for any damage to any planting or decorative items placed in any right of way and/or easement. All costs associated with any damage or loss of such decorative landscaping shall be the responsibility of the property owner.
   c. The City may require the property owner to move landscaping due to unforeseen circumstances, If City must remove landscaping the property owner will incur all associated costs.
   d. Natural prairie grass must follow the recommendations listed on the MN Board of Water and Soil Resources website for Pollinator Lawns and must be approved by City staff prior to planting.

D. Non-Residential Requirements. In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations.

1. Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, professional hydro-seeding, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

2. Parking Lot Landscaping.
   ~~a.~~ All parking lots containing over fifty (50) stalls shall be designed to incorporate unpaved, landscape islands in number and dimension as

required by the City. ~~All landscape islands shall contain a minimum of 180 square feet.~~

b. Islands, which are necessary to promote the safe and efficient flow of traffic shall be in addition to those required for parking lots with over fifty (50) stalls and shall be required by the City when warranted.

c. Parking lot landscape areas, including landscape islands, shall be reasonably distributed throughout the parking lot area so as to break-up expanses of paved areas.

d. Parking lot landscape areas shall be provided with deciduous shade trees, ornamental trees, evergreen trees, ground cover, mulch and/or shrubbery as determined appropriate by the City Council. Parking lot landscaping shall be contained in planting beds bordered by raised concrete curbs. Alternative landscape options may include, but are not limited to natural prairie grass or rain gardens.

3. Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

4. Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

5. Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. ~~The Building Official may waive this requirement upon inspection of the property.~~

6. Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The City may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Deciduous trees shall be two and one halve (2.5) inches in diameter at the trunk and Coniferous/Evergreen trees shall be six (6) feet in height above the root ball at the time of installation.

e. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

E. Escrow Requirements.

1. The City of Isanti requires all required landscaping as defined in this ordinance to be completed prior to the issuance of a Certificate of Occupancy. If a Certificate of Occupancy is requested prior to completion of required landscaping, a landscape escrow in the amount adopted per the City fee schedule is required.
2. The City will deposit the money into an escrow account and hold until such time that work is completed, or 6 months, whichever comes first.
3. The escrow account is established through a receipt of escrow in which the aforementioned terms are stated and acknowledged by the payor.
4. Upon completion of the required work, the payor is required to contact the City to schedule required inspections. Once the City has approved the topsoil and the trees/yard inspections, the Finance Department is notified to release the escrow back to the party that posted it originally.
5. Upon failure to comply to landscape requirements within 6 months of receipt of the escrow payment, the City will complete landscaping as required using escrow funds. Any expenses inquired to complete the required topsoil, trees, and turf over and above the withheld escrow will be the responsibility of the escrow account holder and billed accordingly

Subject: Resolution 2022-XXX Acceptance of MN DNR Outdoor Recreation Grant

---

Background:

The DNR Outdoor Recreation Grant is an annual grant awarded to local units of government to cover up to 50% of costs associated with projects that continue development of local parks and recreation areas. Staff has completed an application to apply for the 2023 program with maximum award funding of $300,000 that would support the addition of amenities in Bluebird Park. We received confirmation that the City of Isanti was approved for an award of $300,000 in late summer and funds must be expended by December 31, 2022.

The grant application includes features that would have a total project cost of $736,000, with the $300,000 covered through the grant funding. The remaining project costs would include $436,000 allocated for restrooms and the splash pad with $218,000 budgeted in the CIP and $218,000 budgeted from Park Dedication funds.

Request:

Staff is requesting approval to accept the grant funds and enter into the MN DNR State of Minnesota Grant Contract Agreement for this park project.

City Clerk

STATE OF MINNESOTA
GRANT CONTRACT AGREEMENT

This grant contract is between the State of Minnesota, acting through its Commissioner of Natural Resources ("STATE") and City of Isanti, Unique Entity ID: JM6AQ71NK7J5,110 1st Ave NW, Isanti, MN 55040 ("GRANTEE").

Recitals

1. Under Minn. Stat. 84.026, the Commissioner of Natural Resources is authorized to enter into contractual agreements with any public or private entity for the provision of statutorily prescribed natural resources services by the department.

2. Pursuant to Minn. Stat. 84.0264, the state is empowered to receive and administer grants under the Land and Water Conservation Fund grant program authorized by Congress in the Land and Water Conservation Fund Act of 1965, as amended, and the Local Grants program authorized by the State of Minnesota. Fifty percent of the funds granted under subdivision 1 shall be distributed for projects to be acquired, developed, and maintained by local units of government, providing that any project approved is consistent with a statewide or a county or regional recreational plan and compatible with the statewide recreational plan. All money received by the commissioner for local units of government is appropriated annually to carry out the purposes for which the funds are received.

3. Under the Land and Water Conservation Fund, National Park Service, CFDA No. 15.916, Grant No. P22AP01788-00, the state received a federal award on September 25, 2022 for 27-01467 City of Isanti - Bluebird Park Splash Pad. This project is not a research and development project.

4. The Grantee has made application to the State for a portion of the allocation for the purpose of conducting the project entitled Bluebird Park.

5. The Grantee represents that it is duly qualified and agrees to perform all services described in this grant contract to the satisfaction of the State. Pursuant to Minn.Stat.16B.98, Subd.1, the Grantee agrees to minimize administrative costs as a condition of this grant.

Grant Contract Agreement

1 Term of Grant Contract Agreement

1.1 ***Effective date***

October 1, 2022, Notwithstanding Minnesota Statues, section 16A.41, the Commissioner may make payments for otherwise eligible grant-program expenditures that are made on or after the effective date of the appropriation. No payments will be made to the Grantee until this grant contract is fully executed.

1.2 ***Expiration date***

December 31, 2024, or until all obligations have been satisfactorily fulfilled, whichever occurs first.

1.3 ***Survival of Terms***

The following clauses survive the expiration or cancellation of this grant contract: 8. Liability; 9. State Audits; 10. Government Data Practices and Intellectual Property Rights; 12. Publicity and Endorsement; 13. Governing Law, Jurisdiction, and Venue, 15. Data Disclosure, 24. Land Retention

and Deed Restriction and 25. Resource Management and Protection.

2 Grantee's Duties

The Grantee, who is not a state employee, will:
Comply with required grants management policies and procedures set forth through Minn. Stat.16B.97 Subd. 4 (a) (1) and comply with Attachment A, Project Budget, which is incorporated and made a part of this contract.

The Grantee agrees to complete the project in accordance with the approved budget to the extent practicable and within the project period specified in the grant contract. Any material change in the scope of the project, budget or completion date shall require prior written approval by the State.

3 Time

The Grantee must comply with all the time requirements described in this grant contract agreement. In the performance of this grant contract agreement, time is of the essence.

4 Consideration and Payment

4.1 ***Consideration***

The State will pay for all services performed by the Grantee under this grant contract agreement as follows:

(a) Compensation

The Grantee will be paid for all services performed pursuant to this grant contract not to exceed $300,00.00.

(b) Matching Requirement

Grantee certifies that the following matching requirement for the Grant will be met by Grantee. The Grantee agrees to provide a nonstate match of a least $436,000.00. The total project cost is $736,000.00.

(c) Total Obligation

The total obligation of the State for all compensation and reimbursements to the Grantee under this grant contract agreement will not exceed $300,000.00.

(d) Indirect Cost Rate

Federal indirect costs are not eligible for reimbursement in the State's federal award or this sub-award agreement.

4.2 ***Payment***

(a) Reimbursement Requests

The State will promptly pay the Grantee after the Grantee presents a payment request and required expenditure documentation for the services actually performed and the State's Authorized Representative accepts the documentation. Invoices must be submitted timely and according to the following schedule: Upon completion of services or up to four requests during the contract period. A final reimbursement of no more than 10% may be withheld until final completion of services.

(b) Federal funds

Payments under this grant contract will be made from federal funds obtained by the State through the National Park Service of the United States Department of Interior, Land and Water Conservation Fund, 15.916, Act of 1965 as amended thereto. If at any time such funds become unavailable, this Grant Contract shall be terminated immediately upon written notice of such fact

by the State to the Grantee. In the event of such termination, Grantee shall be entitled to payment, determined on a pro rata basis, for services satisfactorily performed. The Grantee is responsible for compliance with all federal requirements imposed on these funds and accepts full financial responsibility for any requirements imposed by the Grantee's failure to comply with federal requirements.

4.3 ***Contracting and Bidding Requirements***

Per Minn. Stat. §471.345, grantees that are municipalities as defined in Subd. 1 must follow the law.

(a) For projects that include construction work of $25,000 or more, prevailing wage rules apply per Minn. Stat. §§177.41 through 177.44. These rules require that the wages of laborers and workers should be comparable to wages paid for similar work in the community as a whole.

(b) The grantee must not contract with vendors who are suspended or debarred in MN or by the Federal Government: http://www.mmd.admin.state.mn.us/debarredreport.asp

5 Conditions of Payment

All services provided by the Grantee under this grant contract agreement must be performed to the State's satisfaction, as determined at the sole discretion of the State's Authorized Representative and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations. The Grantee will not receive payment for work found by the State to be unsatisfactory or performed in violation of federal, state, or local law.

6 Authorized Representatives

The State's Authorized Representative is Mai Neng Moua, Grants Specialist Coordinator, Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155, mai.n.moua@state.mn.us, 651.259.5638 or her successor, and has the responsibility to monitor the Grantee's performance and the authority to accept the services provided under this grant contract agreement. If the services are satisfactory, the State's Authorized Representative will certify acceptance on each invoice submitted for payment.

The Grantee's Authorized Representative is Stephanie Hillesheim, Community Development Director, City of Isanti, 110 1st Avenue Northwest, Isanti, MN 55040, SHillesheim@cityofisanti.us, 763.762.5761 or her successor, and has the authority to accept the services provided under this grant contract agreement. If the Grantee's Authorized Representative changes at any time during this grant contract agreement, the Grantee must immediately notify the State.

7 Assignment Amendments, Waiver, and Grant Contract Agreement Complete

7.1 ***Assignment***

The Grantee shall neither assign nor transfer any rights or obligations under this grant contract agreement without the prior written consent of the State, approved by the same parties who executed and approved this grant contract agreement, or their successors in office.

7.2 ***Amendments***

Any amendments to this grant contract agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original grant contract, or their successors in office.

7.3 ***Waiver***

If the State fails to enforce any provision of this grant contract agreement, that failure does not waive the provision or the State's right to enforce it.

7.4 ***Grant Contract Agreement Complete***

This grant contract agreement contains all negotiations and agreements between the State and the Grantee. No other understanding regarding this grant contract, whether written or oral, may be used to bind either party.

8 Liability

The Grantee must indemnify, save, and hold the State, its agents, and employees harmless from any claims or causes of action, including attorney's fees incurred by the State, arising from the performance of this grant contract agreement by the Grantee or the Grantee's agents or employees. This clause will not be construed to bar any legal remedies the Grantee may have for the State's failure to fulfill its obligations under this grant contract agreement.

9 Audits (State and Single)

Under Minn. Stat. §16B.98, subd. 8 and 2 CFR 200.331, the Grantee's books, records, documents, and accounting procedures and practices of the Grantee or other party relevant to this grant contract agreement or transaction are subject to examination by the State and/or the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this grant contract agreement, receipt and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

All state and local governments, colleges and universities, and non-profit organizations that expend $750,000 or more of Federal awards in a fiscal year must have a single audit according to the new OMB Uniform Guidance: Cost Principles, Audit, and Administrative Awards Requirements for Federal Awards. This is $750,000 total Federal awards received from all sources. If an audit is completed, forward a copy of the report to both the State's Authorized Representative and the State Auditor.

10 Government Data Practices and Intellectual Property Rights

10.1 ***Government Data Practices***

The Grantee and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by the State under this grant contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Grantee under this grant contract agreement. The civil remedies of Minn. Stat. §13.08 apply to the release of the data referred to in this clause by either the Grantee or the State. If the Grantee receives a request to release the data referred to in this Clause, the Grantee must immediately notify the State. The State will give the Grantee instructions concerning the release of the data to the requesting party before the data is released. The Grantee's response to the request shall comply with applicable law

10.2 ***Intellectual Property Rights***

The State owns any intellectual property developed with these funds.

The federal awarding agency may receive royalty-free, non-exclusive and an irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so as noted in 2 CFR 200.315.

11 Workers Compensation

The Grantee certifies that it is in compliance with Minn. Stat. §176.181, Subd. 2, pertaining to workers' compensation insurance coverage. The Grantee's employees and agents will not be considered State employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the State's obligation or responsibility.

12 Publicity and Endorsement

12.1 ***Publicity***

Any publicity regarding the subject matter of this grant contract agreement must identify the State as

the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Grantee individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this grant contract. All projects primarily funded by state grant appropriations must publicly credit the State of Minnesota, including on the grantee's website when practicable.

12.2 ***Signage***

Any site funded by this grant contract shall display a sign at a prominent location at the entrance to the site and in a form approved by the State that acknowledges funding through this grant.

12.3 ***Endorsement***

The Grantee must not claim that the State endorses its products or services and the Grantee must adhere to the terms of 2 CFR 200.315.

13 Governing Law, Jurisdiction, and Venue

Minnesota law, without regard to its choice-of-law provisions, governs this grant contract agreement. Venue for all legal proceedings out of this grant contract agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

14 Termination

14.1 ***Termination by the State***

The State may immediately terminate this grant contract agreement with or without cause, upon 30 days' written notice to the Grantee. Upon termination, the Grantee will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

14.2 ***Termination for Cause***

The State may immediately terminate this grant contract agreement if the State finds that there has been a failure to comply with the provisions of this grant contract, that reasonable progress has not been made or that the purposes for which the funds were granted have not been or will not be fulfilled. The State may take action to protect the interests of the State of Minnesota, including the refusal to disburse additional funds and requiring the return of all or part of the funds already disbursed.

15 Data Disclosure

Under Minn. Stat. § 270C.65, Subd. 3, and other applicable law, the Grantee consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Grantee to file state tax returns and pay delinquent state tax liabilities, if any.

16 Affirmative Action and Non-Discrimination

(a) The grantee agrees not to discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, sex, marital status, status in regard to public assistance, membership or activity in a local commission, disability, sexual orientation, or age in regard to any position for which the employee or applicant for employment is qualified (Minn. Stat. 363A.02). The grantee agrees to take affirmative steps to employ, advance in employment, upgrade, train, and recruit minority persons, women, and persons with disabilities.

(b) The grantee must not discriminate against any employee or applicant for employment because of

physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The grantee agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship, (Minnesota Rules, part 5000.3500).

(c) The grantee agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

17 Americans with Disabilities Act and Final Guidelines for Outdoor Developed Areas

The Grantee is subject to complying with the Americans with Disabilities Act (ADA) of 1990 (42 U.S.C. 12101 et seq.) and all applicable regulations and guidelines. The Grantee must comply with the 2010 American Disabilities Act Standards for Accessible Design. The Grantee shall construct, operate, and maintain all facilities and programs in compliance with all state and federal accessibility laws, regulations, and guidelines including the Final Guidelines for Outdoor Developed Areas. Information on compliance with the Americans with Disabilities Act is available at U.S. Access Board.

18 Reporting

The Grantee shall submit a progress report, in a form prescribed by the State, by January 1 of each year during the term of this grant contract. A final report must be submitted with the request for final reimbursement. Forms will be provided by the State.

19 Inspections

The State's authorized representatives shall be allowed, at any time, to conduct periodic site visits and inspections to ensure work progress in accordance with this grant contract, including a final inspection upon project completion. Following closure of the project, the State's authorized representatives shall be allowed to conduct post-completion inspections of the site to ensure that the site is being properly operated and maintained and that no conversion of use has occurred.

20 Conflict of Interest

It is the policy of the State to work to deliberately avoid actual and potential conflict of interests related to grant making at both the individual and organizational levels.

A conflict of interest (actual or potential) occurs when a person has actual or apparent duty or loyalty to more than one organization and the competing duties or loyalties may result in actions which are adverse to one or both parties. A conflict of interest exists even if no unethical, improper, or illegal act results from it.

The Grantee, by signing this contract with the State, certifies it has read and understands the Office of Grants Management Conflict of Interest Policy 08-01, will maintain an adequate Conflict of Interest Policy and, throughout the term of the contract, monitor and report any actual or potential conflicts of interest to the State's Authorized Representative.

21 Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

21.1 The prospective lower tier participant certifies, by submission of this agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

21.2 Where the prospective lower tier participant is unable to certify to any of the statements in this

certification, such prospective participant shall attach an explanation to this agreement.

22 Non-Discrimination Requirements

No person in the United States must, on the ground of race, color, national origin, handicap, age, religion, or sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under, any program or activity receiving Federal financial assistance. Including but not limited to:

a) Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.) and DOC implementing regulations published at 15 C.F.R. Part 8 prohibiting discrimination on the grounds of race, color, or national origin under programs or activities receiving Federal financial assistance; Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 et seq.) prohibiting discrimination on the basis of sex under Federally assisted education programs or activities;

b) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794), and DOC implementing regulations published at 15 C.F.R. Part 8b prohibiting discrimination on the basis of handicap under any program or activity receiving or benefiting from Federal assistance.

c) The Age Discrimination Act of 1975, as amended (42 U.S.C. § 6101 et seq.), and DOC implementing regulations published at 15 C.F.R. Part 20 prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance.

d) Title II of the Americans with Disabilities Act (ADA) of 1990 which prohibits discrimination against qualified individuals with disabilities in services, programs, and activities of public entities.

e) Any other applicable non-discrimination law(s).

23 Minnesota Historical Sites Act and Minnesota Field Archaeology Act

For projects involving land acquisition and/or construction, the State Historic Preservation Office must review the project to determine if the site is a potential location for historical or archeological findings. If the State Historic Preservation Office determines that a survey is required, the survey would need to be completed prior to any site disturbance for development projects and prior to the final reimbursement of the grant funds for acquisition projects.

24 Land Retention and Deed Restriction

24.1 Land Retention

Any lands acquired or developed with assistance from the Outdoor Recreation grant program must be retained solely for public outdoor recreation use. The lands subject to this contract are shown in Attachment B – Boundary Map which is attached and incorporated into this contract. No other use can be made of these lands without prior written approval of the State and the Secretary of Interior. The State will consider requests to convert these lands to other uses only if all practical alternatives have been evaluated and rejected on a sound basis and replacement lands of equal or greater fair market value and reasonably equivalent usefulness are acquired and dedicated to public outdoor recreation use.

24.2 Deed Restriction

The Grantee shall have the following condition recorded with the deed to all lands within the park as described in Attachment B – Boundary Map and submit an attested copy of the deed and the condition to the State:

In order to comply with the Department of Natural Resources Outdoor Recreation Project Contract LW27-01467, the City of Isanti does hereby impose the following restrictions on the property described

in Attachment B to that contract:

1. The property shall be permanently managed and maintained for public outdoor recreation use.

2. The property has been acquired and/or developed with Land and Water Conservation Fund assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the State acting through its Commissioner of Natural Resources and the Secretary of the Interior.

25 Resource Management and Protection

The Grantee shall protect, manage and maintain, or cause to maintain, the property acquired and/or developed pursuant to this grant contract. Properties shall be kept reasonably safe for public use, if applicable. All state and federal accessibility laws, regulations and standards shall be adhered to. Vegetation management and similar safeguards and supervision shall be provided to the extent feasible. Buildings, roads, trails and other structures and improvements, if any, shall be kept in reasonable repair throughout their estimated lifetime to prevent undue deterioration.

The Grantee shall keep the facility open to the general public at reasonable hours and at times of the year consistent with the purpose and type of use of the property and appropriate management and protection of natural resources.

26 Invasive Species Prevention

Grantees and subcontractors must follow Minnesota DNR's Operational Order 113, which requires preventing or limiting the introduction, establishment and spread of invasive species during activities on public waters and DNR-administered lands. This applies to all activities performed on all lands under this grant agreement and is not limited to lands under DNR control or public waters. Operational Order 113 is incorporated into this contract by reference. The grantee shall prevent invasive species from entering into or spreading within a project site by cleaning equipment and clothing prior to arriving at the project site.

If the equipment or clothing arrives at the project site with soil, aggregate material, mulch, vegetation (including seeds) or animals, it shall be cleaned by Grantee furnished tool or equipment (brush/broom, compressed air or pressure washer) at the staging area. The Grantee or subcontractor shall dispose of material cleaned from equipment and clothing at a location determined by the Grantee or their representative. If the material cannot be disposed of onsite, secure material prior to transport (sealed container, covered truck, or wrap with tarp) and legally dispose of offsite.

27 Pollinator Best Management Practices

Habitat restorations and enhancements conducted on DNR lands and prairie restorations on state lands or on any lands using state funds are subject to pollinator best management practices and habitat restoration guidelines pursuant to Minn. Stat. 84.973. Practices and guidelines ensure an appropriate diversity of native species to provide habitat for pollinators through the growing season. Current specific practices and guidelines to be followed for contract and grant work can be found here: Link to December 2014 version.

28 Force Majeure

Neither party shall be responsible to the other or considered in default of its obligations within this Contract to the extent that performance of any such obligation is prevented or delayed by acts of God, war, riot, disruption of government, or other catastrophes beyond the reasonable control of the party unless the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party relying on this provision to excuse performance

must provide the other party prompt written notice of the inability to perform and take all necessary steps to bring about performance as soon as practicable.

28 Program Requirements

The grantee will comply with the provisions of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897), and Attachment C, Federal Land and Water Conservation Fund Program General and Special Provisions, attached and incorporated into this contract.

29 General and Special Provisions

1. **Department of Interior Standard (DOI) Terms and Conditions**. DOI Standard Terms and Conditions apply and are located at https://www.doi.gov/grants/doi-standard-terms-and-conditions (version effective December 19, 2019-revised June 19, 2020), except the provision related to the Davis-Bacon Act in Section VII.

2. **2 C.F.R. §200.92 Subaward; 200.101 Applicability; and 200.331 Subrecipients and contractor determinations**. Requirements for passthrough entities applies.

3. **Lobbying Prohibition**. 18 U.S.C. § 1913, Lobbying with Appropriated Moneys, as amended by Public Law 107–273, Nov. 2, 2002 Violations of this section shall constitute violations of section 1352(a) of title 31. In addition, the related restrictions on the use of appropriated funds found in Div. F, § 402 of the Omnibus Appropriations Act of 2008 (P.L. 110–161) also apply.

4. **Byrd Anti-Lobbying Amendment Certification and Disclosure: (If applicable – For Grants over $100,000)**
   a. The Grantee certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352
   b. The Grantee shall comply with Interim Final Rule, New Restrictions on Lobbying, found in Federal Register Vol. 55, No. 38, February 26, 1990, and any permanent rules that are adopted in place of the Interim Final Rule. The Interim Final Rule requires the Grantee to certify as to their lobbying activity. Further definition of lobbying can be found in 2 CFR 200.450.
   c. If the Grantee engages in lobbying activities with non-Federal funds that takes place in connection with obtaining any Federal award, they will promptly inform the authorized representative, and complete any certifications the authorized representative requires.

5. **Whistleblower Protection Rights**
   41 USC §4712, Enhancement of Recipient and Subrecipient Employee Whistleblower Protection

   (a) This award and employees working on this financial assistance agreement will be subject to the whistleblower rights and remedies in the pilot program on Award Recipient employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub.L. 112-239)

   (b) Recipients, their subrecipients, and their contractors awarded contracts over the simplified acquisition threshold related to this award, shall inform their employees in writing, in the predominant language of the workforce, of the employee whistleblower rights and protections under 41 USC 4712.

(c) The recipient shall insert this clause, including this paragraph (c), in all subawards and in contracts over the simplified acquisition threshold related to this award.

6. **Ensuring the future is made in all of America by all of America's Work**s per **E.O. 14005**. Per Executive Order 14005, entitled "Ensuring the Future Is Made in All of America by All of America's Workers," the Recipient shall maximize the use of goods, products, and materials produced in, and services offered in, the United States, and whenever possible, procure goods, products, materials, and services from sources that will help American businesses compete in strategic industries and help America's workers thrive.

7. **Build America, Buy America.** Note: This term effective as of January 13, 2023. For more information on DOI's approved waiver, see: https://www.doi.gov/grants/BuyAmerica/GeneralApplicabilityWaivers.

   As required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58, on or after May 14, 2022, none of the funds under a federal award that are part of Federal financial assistance program for infrastructure may be obligated for a project unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. The requirements of this section must be included in all subawards, including all contracts and purchase orders for work or products under this program. Recipients of an award of Federal financial assistance are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

   1. all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;

   2. all manufactured products used in the project are produced in the United States —this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and

   3. all construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.

   The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

   For further information on the Buy America preference, please visit https://www.doi.gov/grants/BuyAmerica. Additional information can also be found at the White House Made in America Office website: https://www.whitehouse.gov/omb/management/made-in-america.

Waivers

When necessary, recipients may apply for, and the Department of the Interior (DOI) may grant, a waiver from these requirements, subject to review by the Made in America Office. The DOI may waive the application of the domestic content procurement preference in any case in which it is determined that one of the below circumstances applies:

1. Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;

2. Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or

3. Public Interest Waiver: applying the domestic content procurement preference would be inconsistent with the public interest.

There may be instances where an award qualifies, in whole or in part, for an existing DOI general applicability waiver as described at: https://www.doi.gov/grants/BuyAmerica/GeneralApplicabilityWaivers.

If the specific financial assistance agreement, infrastructure project, or non-domestic materials meets the criteria of an existing general applicability waiver within the limitations defined within the waiver, the recipient is not required to request a separate waiver for non-domestic materials. If a general applicability waiver does not already apply, and a recipient believes that one of the above circumstances applies to an award, a request to waive the application of the domestic content procurement preference may be submitted to the financial assistance awarding officer in writing. Waiver requests shall include the below information. The waiver shall not include any Privacy Act information, sensitive data, or proprietary information within their waiver request. Waiver requests will be posted to https://www.doi.gov/grants/buyamerica and are subject to public comment periods of no less than 15 days. Waiver requests will also be reviewed by the Made in America Office.

1. Type of waiver requested (non-availability, unreasonable cost, or public interest)

2. Requesting entity and Unique Entity Identifier (UEI) submitting the request.

3. Department of Interior Bureau or Office who issued the award.

4. Federal financial assistance listing name and number (reference block 2 on DOI Notice of Award)

5. Financial assistance title of project (reference block 8 on DOI Notice of Award).

6. Federal Award Identification Number (FAIN).

7. Federal funding amount (reference block 11.m. on DO Notice of Award).

8. Total cost of Infrastructure expenditures (includes federal and non-federal funds to the extent known).

9. Infrastructure project description(s) and location(s) (to the extent known).

10. List of iron or steel item(s), manufactured goods, and construction material(s) the recipient seeks to waive from Buy America requirements. Include the name, cost, countries of origin (if known), and relevant PSC or NAICS code for each.

11. A certification that the recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with the prime contractor.

12. A statement of waiver justification, including a description of efforts made (e.g., market research, industry outreach) by the recipient, in an attempt to avoid the need for a waiver. Such a justification may cite, if applicable, the absence of any Buy America-compliant bids received in response to a solicitation.

13. Anticipated impact if no waiver is issued. Approved waivers will be posted at https://www.doi.gov/grants/BuyAmerica/ApprovedWaivers; recipients requesting a waiver will be notified of their waiver request determination by an awarding officer.

Questions pertaining to waivers should be directed to the financial assistance awarding officer.

Definitions
"Construction materials" includes an article, material, or supply that is or consists primarily of:

- non-ferrous metals;
- plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
- glass (including optic glass);
- lumber; or
- drywall.

"Construction Materials" does not include cement and cementitious materials, aggregates such as stone, sand, or gravel, or aggregate binding agents or additives.

"Domestic content procurement preference'' means all iron and steel used in the project are produced in the United States; the manufactured products used in the project are produced in the United States; or the construction materials used in the project are produced in the United States.

"Infrastructure" includes, at a minimum, the structures, facilities, and equipment for, in the United States, roads, highways, and bridges; public transportation; dams, ports, harbors, and other maritime facilities; intercity passenger and freight railroads; freight and intermodal facilities; airports; water systems, including drinking water and wastewater systems; electrical transmission facilities and systems; utilities; broadband infrastructure; and buildings and real property. Infrastructure includes facilities that generate, transport, and distribute energy.

''Project'' means the construction, alteration, maintenance, or repair of infrastructure in the United States

8. **Minority Business Enterprise Development**. Pursuant to Executive Order 12432 it is national policy to award a fair share of contracts to small and minority firms. NPS is strongly committed to the objectives of this policy and encourages all recipients of its Cooperative

Agreements to take affirmative steps to ensure such fairness by ensuring procurement procedures are carried out in accordance with the Executive Order.

9. **Program Income.** If the Grantee earns program income, as defined in 2 CFR § 200.80, during the period of performance of this agreement, to the extent available the Grantee must disburse funds available from program income, and interest earned on such funds, before requesting additional cash payments *(2 CFR § 200.305 (5)).* As allowed under 2 CFR § 200.307, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must be used for the purposes, and under the conditions of, the Federal award. Disposition of program income remaining after the end of the period of performance shall be negotiated as part of the agreement closeout process.

10. **Rights in Data.** The Grantee must grant the United States of America a royalty–free, non–exclusive and irrevocable license to publish, reproduce and use, and dispose of in any manner and for any purpose without limitation, and to authorize or ratify publication, reproduction or use by others, of all copyrightable material first produced or composed under this Agreement by the Recipient, its employees or any individual or concern specifically employed or assigned to originate and prepare such material.

11. Conflict of Interest

(a) Applicability

(1) This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements.

(2) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 2 CFR §200.318 apply.

(b) Requirements

(1) Non-Federal entities must avoid prohibited conflicts of interest, including any significant financial interests that could cause a reasonable person to question the recipient's ability to provide impartial, technically sound, and objective performance under or with respect to a Federal financial assistance agreement.

(2) In addition to any other prohibitions that may apply with respect to conflicts of interest, no key official of an actual or proposed recipient or subrecipient, who is substantially involved in the proposal or project, may have been a former Federal employee who, within the last one (1) year, participated personally and substantially in the evaluation, award, or administration of an award with respect to that recipient or subrecipient or in development of the requirement leading to the funding announcement.

(3) No actual or prospective recipient or subrecipient may solicit, obtain, or use non-public information regarding the evaluation, award, or administration of an award to that recipient or subrecipient or the development of a Federal financial assistance opportunity that may be of competitive interest to that recipient or subrecipient.

(c) Notification. Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass- through entity in accordance with 2 CFR § 200.112, Conflicts of interest.

(d) Grantees must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Financial Assistance Officer in writing of any conflicts of interest that may arise during the life of the award, including those that have been reported by subrecipients. Restrictions on Lobbying. Non-Federal entities are strictly prohibited from using funds under this grant or cooperative agreement for lobbying activities and must provide the required certifications and disclosures pursuant to 43 CFR Part 18 and 31 USC § 1352.

(e) Review Procedures. The Financial Assistance Officer will examine each conflict of interest disclosure on the basis of its particular facts and the nature of the proposed grant or cooperative agreement and will determine whether a significant potential conflict exists and, if it does, develop an appropriate means for resolving it.

(f) Enforcement. Failure to resolve conflicts of interest in a manner that satisfies the Government may be cause for termination of the award. Failure to make required disclosures may result in any of the remedies described in 2 CFR § 200.338, Remedies for Noncompliance, including suspension or debarment (see also 2 CFR Part 180).

ATTACHMENT C
LWCF GENERAL PROVISIONS

Part I – Definitions

A. The term "NPS" as used herein means the National Park Service, United States Department of the Interior (DOI).

B. The term "Director" as used herein means the Director of the National Park Service, or any representative lawfully delegated the authority to act for such Director.

C. The term "Secretary" as used herein means the Secretary of the Interior, or any representative lawfully delegated the authority to act for such Secretary.

D. The term "State" as used herein means the State, Territory, or District of Columbia that is a party to the grant agreement to which these general provisions are attached, and, when applicable, the political subdivision or other public agency to which funds are to be subawarded pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it applies solely to the State. For purposes of these provisions, the terms "State," "grantee," and "recipient" are deemed synonymous.

E. The term “Land and Water Conservation Fund” or “LWCF” as used herein means the Financial Assistance to States section of the LWCF Act (Public Law 88-578, 78 Stat 897, codified at 54 U.S.C. § 2003), which is administered by the NPS.

F. The term "Manual" as used herein means the Land and Water Conservation Fund State Assistance Program Manual, Volume 71 (March 11, 2021).

G. The term "project" as used herein refers to an LWCF grant, which is subject to the grant agreement and/or its subsequent amendments.

Part II - Continuing Assurances

The parties to the grant agreement specifically recognize that accepting LWCF assistance for the project creates an obligation to maintain the property described in the agreement and supporting application documentation consistent with the LWCF Act and the following requirements.

Further, it is the acknowledged intent of the parties hereto that recipients of LWCF assistance will use the monies granted hereunder for the purposes of this program, and that assistance granted from the LWCF will result in a net increase, commensurate at least with the Federal cost-share, in a participant's outdoor recreation.

It is intended by both parties hereto that the LWCF assistance will be added to, rather than replace or be substituted for, the State and/or local outdoor recreation funds.

A. The State agrees, as the recipient of the LWCF assistance, that it will meet these LWCF General Provisions, and the terms and provisions as contained or referenced in, or attached to, the NPS grant agreement and that it will further impose these terms and provisions upon any political subdivision or public agency to which funds are subawarded pursuant to the grant agreement. The State also agrees that it shall be responsible for compliance with the terms and provisions of the agreement by such a political subdivision or public agency and that failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply.

B. The State agrees that the property described in the grant agreement and depicted on the signed and dated project boundary map made part of that agreement is being acquired or developed with LWCF assistance, or is integral to such acquisition or development, and that, without the approval of the Secretary, it shall not be converted to other than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of property leased from a federal agency. The Secretary shall approve such a conversion only if it is found to be in accord with the then existing statewide comprehensive outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location (54 U.S.C. 200305(f)(3)). The LWCF post-completion compliance regulations at 36 C.F.R. Part 59 provide further requirements. The replacement land then becomes subject to LWCF protection. The approval of a conversion shall be at the sole discretion of the Secretary, or her/his designee.

   Prior to the completion of this project, the State and the Director may mutually agree to alter the area described in the grant agreement and depicted in the signed and dated project boundary map to provide the most satisfactory public outdoor recreation unit, except that acquired parcels are afforded LWCF protection as soon as reimbursement is provided.

   In the event the NPS provides LWCF assistance for the acquisition and/or development of property with full knowledge that the project is subject to reversionary rights and outstanding interests, conversion of said property to other than public outdoor recreation use as a result of such right or interest being exercised will occur. In receipt of this approval, the State agrees to notify the NPS of the potential conversion as soon as possible and to seek approval of replacement property in accord with the conditions set forth in these provisions and the program regulations. The provisions of this paragraph are also applicable to: leased properties developed with LWCF assistance where such lease is terminated prior to its full term due to the existence of provisions in such lease known and agreed to by the NPS; and properties subject to other outstanding rights and interests that may result in a conversion when known and agreed to by the NPS.

C. The State agrees that the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quality and quantity of public outdoor recreation facilities and resources that are available to the people of the State and of the United States, and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement. The State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended

under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement.

The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement or the submission and approval of a conversion request as described in Part II.B above.

D. The State agrees to comply with the policies and procedures set forth in the Manual. Provisions of said Manual are incorporated into and made a part of the grant agreement.

E. The State agrees that the property and facilities described in the grant agreement shall be operated and maintained as prescribed by Manual requirements and published post-completion compliance regulations (36 C.F.R Part 59).

F. The State agrees that a notice of the grant agreement shall be recorded in the public property records (e.g., registry of deeds or similar) of the jurisdiction in which the property is located, to the effect that the property described and shown in the scope of the grant agreement and the signed and dated project boundary map made part of that agreement, has been acquired or developed with LWCF assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the Secretary as described in Part II.B above.

G. Nondiscrimination

1. By signing the LWCF agreement, the State certifies that it will comply with all Federal laws relating to nondiscrimination as outlined in Section V of the Department of the Interior Standard Award Terms and Conditions.

2. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence, as set forth in 54 U.S.C. § 200305(i) and the Manual.

Part III - Project Assurances

A. Project Application

1. The Application for Federal Assistance bearing the same project number as the Grant Agreement and associated documents is by this reference made a part of the agreement.

2. The State possesses legal authority to apply for the grant, and to finance and construct the proposed facilities. A resolution, motion, or similar action has been duly adopted or passed authorizing the filing of the application, including all understandings and assurances contained herein, and directing and authorizing the person identified as the official representative of the State to act in connection with the application and to provide such additional information as may be required.

3. The State has the capability to finance the non-Federal share of the costs for the project. Sufficient funds will be available to assure effective operation and maintenance of the facilities acquired or developed by the project.

B. Project Execution

1. The State shall transfer to the project sponsor identified in the Application for Federal Assistance all funds granted hereunder except those reimbursed to the State to cover eligible expenses derived from a current approved negotiated indirect cost rate agreement.

2. The State will cause work on the project to start within a reasonable time after receipt of notification that funds have been approved and assure that the project will be implemented to completion with reasonable diligence.

3. The State shall secure completion of the work in accordance with approved construction plans and specifications, and shall secure compliance with all applicable Federal, State, and local laws and regulations.

4. The State will provide for and maintain competent and adequate architectural/engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the NPS may require.

5. In the event the project cannot be completed in accordance with the plans and specifications for the project, the State shall bring the project to a point of recreational usefulness agreed upon by the State and the Director or her/his designee in accord with Section III.C below.

6. As referenced in the DOI Standard Terms and Conditions, the State will ensure the project's compliance with applicable federal laws and their implementing regulations, including: the Architectural Barriers Act of 1968 (P.L. 90-480) and DOI's Section 504 Regulations (43 CFR Part 17); the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) and applicable regulations; and the Flood Disaster Protection Act of 1973 (P.L. 93-234).

7. The State will comply with the provisions of: Executive Order (EO) 11988, relating to evaluation of flood hazards; EO 11288, relating to the prevention, control, and abatement or water pollution, and EO 11990 relating to the protection of wetlands.

8. The State will assist the NPS in its compliance with Section 106 of the National Historic Preservation Act of 1966 (54 U.S.C. § 306108) and the Advisory Council on Historic Preservation regulations (36 C.F.R. Part 800) by adhering to procedural requirements while considering the effect of this grant award on historic properties. The Act requires federal agencies to take into account the effects of their undertaking (grant award) on historic properties by following the process outlined in regulations. That process includes (1) initiating the process through consultation with the State Historic Preservation Officer and others on the undertaking, as necessary, by (2) identifying historic properties listed on or eligible for inclusion on the National Register of Historic Places that are subject to effects by the undertaking, and notifying the NPS of the existence of any such properties, by (3) assessing the effects of the undertaking upon such properties, if present, and by (4)

resolving adverse effects through consultation and documentation according to 36 C.F.R. §800.11. If an unanticipated discovery is made during implementation of the undertaking, the State in coordination with NPS shall consult per provisions of 36 C.F.R. §800.13.

9. The State will assist the NPS in its compliance with the National Environmental Policy Act of 1969, as amended (42 U.S.C. §4321 et seq) and the CEQ regulations (40 C.F.R. §1500-1508), by adhering to procedural requirements while considering the consequences of this project on the human environment. This Act requires Federal agencies to take into account the reasonably foreseeable environmental consequences of all grant-supported activities. Grantees are required to provide the NPS with a description of any foreseeable impacts to the environment from grant-supported activities or demonstrate that no impacts will occur through documentation provided to the NPS. The applicant must submit an Application & Revision Form in order to assist the NPS in determining the appropriate NEPA pathway when grant-assisted development and other ground disturbing activities are expected. If a Categorical Exclusion (CE) is the appropriate NEPA pathway, the NPS will confirm which CE, according to NPS Director's Order 12, applies.

C. Project Termination

1. The Director may temporarily suspend Federal assistance under the project pending corrective action by the State or pending a decision to terminate the grant by the NPS.

2. The State may unilaterally terminate the project at any time prior to the first payment on the project. After the initial payment, the project may be terminated, modified, or amended by the State only by mutual agreement with the NPS.

3. The Director may terminate the project in whole, or in part, at any time before the date of completion whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Director will promptly notify the State in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the NPS under projects terminated for cause shall be in accord with the legal rights and liabilities of the parties.

4. The Director or State may terminate grants in whole or in part at any time before the date of completion when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible. The NPS may allow full credit to the State for the Federal share of the non-cancelable obligations, properly incurred by the grantee prior to termination.

5. Termination either for cause or for convenience requires that the project in question be brought to a state of recreational usefulness agreed upon by the State and the Director or that all funds provided by the NPS be returned.

D. Project Closeout

1. The State will determine that all applicable administrative actions, including financial, and all required work as described in the grant agreement has been completed by the end of the project's period of performance.

2. Within 120 calendar days after completing the project or following the Expiration Date of the period of performance, whichever comes first, the State will submit all required documentation as outlined in the Manual and the Federal Financial Report (SF-425) as outlined in Article XIV of this Agreement for approval by the NPS prior to requesting final reimbursement.

3. After review, including any adjustments, and approval from the NPS, the State will request through ASAP the final allowable payment of reimbursable costs. The State will submit a completed "LWCF Record of Electronic Payment" form to the NPS within 24 hours (before or after) of initiating the request for payment in ASAP.

4. The NPS retains the right to disallow costs and recover funds on the basis of later audit or other review within the record retention period.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: October 18, 2022
Subject: Resolution 2022-XXX Approving Contract for Commercial Liability Insurance Representative

---

Background:
The League of MN Cities requires members who participate in their property/ casualty program work through a licensed insurance agent.

The City's current commercial insurance representative agreement with Associated Benefits and Risk Consulting is set to expire October 31, 2022. Associated Benefits and Risk Consulting was acquired by USI Insurance Services LLC (USI) on June 30, 2020.

USI submitted a new proposed 3-year service agreement to begin 01/01/2023. The proposed agreement from USI is consistent with the previous agreement initiated with Associated Benefit and Risk Consulting with an annual fee of $6,500.00. USI will continue to provide agency services at no additional cost to the city from 10/31/2022 through 01/01/2023 when the new agreement becomes effective.

Staff has reviewed the proposed agreement from USI and is recommending approval. A resolution for your consideration is attached, as well as a copy of USI's proposed agreement.

RESOLUTION 2022-XXX

APPROVING CONTRACT FOR COMMERCIAL LIABILITY INSURANCE REPRESENTATIVE

WHEREAS, the City of Isanti approved Resolution 2017-276 on November 7th, 2017 entering into a service agreement with Associated Benefits and Risk Consulting for commercial liability insurance services as the City's agent of record which is set to expire October 31st, 2022; and,

WHEREAS, Associated Benefits and Risk Consulting was acquired by USI Insurance Services LLC (USI) on June 30th, 2020.

WHEREAS, the City is permitted to extend agreements without requesting new proposals as allowed by Statute; and,

WHEREAS, USI has provided a proposed agreement in the amount of $6,500.00 annually for three years (2023 through 2025); and,

WHEREAS, staff has reviewed the proposed agreement and recommends a three-year contract with USI is in the best interest of the City;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to approve a three-year contract with USI for commercial insurance representative and the City Administrator to sign all necessary documentation.

This resolution was duly adopted by the Isanti City Council this 18th day of October 2022.

CLIENT SERVICE AGREEMENT

This Client Service Agreement ("Agreement") is made and entered into this 01 day of January, 2023 ("Effective Date"), by and between USI Insurance Services LLC ("USI"), and City of Isanti ("Client").

WHEREAS, USI is duly licensed to engage in the insurance business for the purposes set forth herein, and;

WHEREAS, Client desires to engage the services of USI upon the terms and conditions hereinafter set forth;

NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein, the parties agree as follows:

1. LINES OF INSURANCE COVERAGE

This Agreement is entered into with respect to the following lines of insurance coverage and for which Client agrees to retain USI as its Broker of Record:

Commercial Package, Workers' Compensation and Liquor Liability

2. SERVICES

USI agrees to provide to Client the following insurance brokerage services:

Ongoing

- Negotiate coverage terms, premiums and the placement of coverages with insurers
- Oversee the quality and success in the delivery of all USI services
- Provide day-to-day consulting on servicing of insurance
- Review contracts related to insurance requirements
- Review the accuracy of each binder, certificate, endorsement, premium audit and other documents received from the insurers, and obtain necessary revisions
- Obtain from the insurers and promptly deliver to Client the requested insurance policies, endorsements and related documentation within the timeframes of our service level agreement
- Prepare certificates of insurance as requested by Client and as appropriate
- Monitor the finance strength of the insurer(s) providing Client's coverages, and inform Client in the event that the A.M. Best rating of such insurer(s) is reduced below "A-"
- Assist Client in developing and maintaining the underwriting-related information required to obtain insurance coverage, relying on the information provided by Client on the understanding that Client shall be responsible for the accuracy of such information

Claims services

- Provide detailed loss data to Client on a periodic basis, based on data from the insurers

- Monitor problematic claims regularly and advocate for Client

The above-referenced services shall be rendered by USI to Client pursuant to the terms of this Agreement. Any additional services requested by Client shall be negotiated by the parties under separate written agreement.

3. COMPENSATION

USI will be compensated for the services through payment of a fee by Client to USI as outlined in this Agreement. The [Annual] fee will be $6,500.00, payable and to be invoiced as follows, Yearly.

Describe details of payment plan.

Contingent, supplemental, or bonus commissions
It is possible that some of the insurance companies from which USI obtains coverage may pay it additional incentive commissions, sometimes referred to as contingent, supplemental, or bonus commissions, which may be based on the total volume of business we sell for them, and/or the growth rate of that business, retention rate, claims loss ratio, or other factors considering our entire book of business with an insurance company for a designated period of time. Such additional commissions, if any, would be in addition to any other compensation USI may receive. At your request, USI will provide you with a detailed statement regarding our compensation on your account and how the compensation is calculated.

Miscellaneous sources of compensation
In addition to the foregoing, USI may also receive income from the following sources:

- Interest earned on premiums received from you and forwarded to the insurance company through USI's bank accounts
- Payments from insurance companies to defray the cost of services provided for them, including advertising, training, certain employee compensation, and other expenses.
- Vendors and / or service providers

In the event there is a significant change in Client operations which affects the nature and scope of its insurance requirements, the parties agree to renegotiate USI's compensation as appropriate.

4. BROKERAGE INTERMEDIARIES

USI may utilize the services of other intermediaries, such as wholesale brokers, excess and surplus lines brokers, reinsurance intermediaries and underwriting managers, to assist in the marketing of Client insurance coverages, when in USI's professional judgment those services are necessary. Depending on the circumstances involved, it may be necessary to use an intermediary affiliated with USI. The compensation of such intermediaries is not included in USI's compensation under this Agreement and will be paid by insurers out of paid premiums. The compensation paid to USI's affiliates will be disclosed to Client prior to binding any coverage on your behalf.

5. TERM AND TERMINATION

5.1. Term. The term of this Agreement shall commence on 01/01/23 and shall terminate Three Year thereafter. The term may be extended by mutual written agreement of the parties. In the event of termination, USI will assist Client in arranging a smooth transition process. However, USI's obligation and the obligation of its affiliates to provide services to Client will cease upon the effective date of termination, unless otherwise agreed in writing.

5.2. Termination. Notwithstanding the term of this Agreement, either party shall have the right to terminate this Agreement upon 60 days' prior notice to the other. In the event of termination by the Client prior to expiration, USI's "annual" compensation will be deemed earned according to the following schedule:

- 60% at inception
- 75% after four months
- 100% after seven months

6. ACCURACY OF INFORMATION

USI's ability to provide Client with the services outlined in paragraph 2 above is conditioned upon USI's receipt of accurate and timely information from Client. USI will not independently verify or authenticate information provided by or on behalf of Client. Client shall be solely responsible for the accuracy and completeness of such information and other documentation furnished to USI.

7. SURPLUS LINES

In certain cases, placements that USI makes on Client's behalf may require the payment of surplus lines taxes and/or fees to state regulators, boards or associations, which Client agrees to pay. Such taxes will be identified on marketing results and invoices covering these placements.

8. BOOKS AND RECORDS

Client is entitled to copies of reports prepared by USI hereunder, contracts between Client and its carriers/administrators to the extent such contracts are in USI's possession and control, and communications between USI and Client's insurance carriers and employee benefits providers to the extent such books and records are maintained by USI with regard to its performance under this Agreement.

9. MISCELLANEOUS

To the extent required by applicable law, USI will implement and maintain reasonable security procedures and practices appropriate to the nature of the personal information it receives, and which are designed to help protect such information from unauthorized access, acquisition, destruction, use, modification, or disclosure.

In order to provide the services identified herein, it may be necessary for USI to receive from Client, or from a party on your behalf, information of a personal nature that may be protected by

various federal and state privacy or other laws. USI advises Client to consult with its legal counsel as to how these laws impact you and your employees, Client's plan, our contemplated engagement and disclosure of information to USI. Client represents that it has the authority and all rights, authorizations, approvals and consents required to disclose its employees' and their beneficiaries' information to USI for USI's use in performing its services for you and your employees. Client further represents that USI's use of this information to perform services for you and your employees does not and will not violate any privacy notice or other policy issued by you or any benefit program you maintain, or any applicable law.

Moreover, because USI is not engaged in the practice of law and the services provided hereunder are not intended as a substitute for legal advice, USI recommends that Client secure the advice of competent legal counsel with respect to any legal matters related to any plan subject to this agreement.

10. ENTIRE AGREEMENT

This Agreement contains the entire understanding of the parties with respect to the subject matter contained herein, superseding all prior agreements, understandings, and negotiations with respect to such matters. This Agreement may be modified or otherwise amended and the observance of any term of this Agreement may be waived only if such modification, amendment, or waiver is in writing and signed by the party to be charged with same. This Agreement shall be binding upon and inure to the benefit of the parties' respective successors. Neither party shall have any liability for any failure or delay in performance of its obligations under this Agreement because of circumstances beyond its reasonable control, including, without limitation, acts of God, fires, floods, earthquakes, acts of war or terrorism, civil disturbances, sabotage, accidents, unusually severe weather, governmental actions, power failures, computer/network viruses that are not preventable through generally available retail products, catastrophic hardware failures, or attacks on its server. The parties further agree that neither party shall have any liability for indirect, special, punitive, consequential, or incidental damages, including, without limitation, loss of profits.

11. GOVERNING LAW

This Agreement shall be governed by and construed in accordance with the laws of State of New York, without regard to its conflict of laws principles.

12. SELECTION OF ISSUING INSURANCE COMPANY

USI has no ownership interest in and is not under common control with the insurance company that is issuing the lines of insurance coverage described in this Agreement.

IN WITNESS THEREOF, the parties have hereunto set their hands on the date and year first above written for the purposes set forth in this Agreement:

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: November 1st, 2022
Subject: Ordinance Amending Chapter 87: "Keeping of Certain Animals" to include regulations for Horses

---

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist and explained the proposed regulations for Horses. City staff researched surrounding communities' regulations for horses and created specific regulations that would reflect Isanti's existing Zoning Districts and City Code language for other animals.

The added language to City Code Chapter 87 Article 1 includes the following:

§87-1.5 Horses

The City allows the keeping of horses on residential properties, subject to the following requirements:

A. Must be located in an R-1A Residential Rural Zoning District.
B. Must have at least 30 acres of land between 1 or more adjacent parcels under the same ownership.
C. There shall be no more than 1 horse per 2 acres of land.

Subject: Site Plan Approval for an Industrial building for American First CDL Academy, Inc. located on a vacant lot in the Industrial Park District at PID 16.029.1400

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for the CDL Truck Driving School located in the Industrial Park District at PID 16.029.1400. It was explained that the site will be accessed from an easement off of East Dual Blvd NW and will consist of a 7,000 sq ft building and a 100,000 sq ft driving practice area. Discussion was had between City Staff and Planning Commission Members regarding the easement access, parking stall lengths, driveway widths and surfacing.

A surrounding property owner, Becky Balk of 411 Hillock St NE was present at the public hearing and asked about potential noise from the truck driving school and potential hours of operation. Staff pointed out that a privacy fence will be required as a buffer in between the Residential and Industrial uses. The Planning Commission members assumed that the driving of trucks would most likely be limited to daylight hours. Staff confirmed that there is a noise section of City Code that would be in effect for the truck driving school. Staff pointed out several other conditions of approval that will protect surrounding residences. The applicants were not present at the meeting. No one else from the public spoke at the public hearing. Motion for approval of the site plans for a truck driving school was made by Bergley and seconded by Collison, motion passed 6-0.

Request: Consider adopting the resolution.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: October 18, 2022

SUBJECT: Site Plan Review for an Industrial building for American First CDL Academy, Inc. located on a vacant lot in the Industrial Park District at PID 16.029.1400

Request: The applicant, American First CDL Academy is requesting site plan approval for a proposed industrial building located at PID 16.029.1400 for a truck driving school.

Overview/Background: The applicant would like to construct an industrial building on a 4-acre vacant lot located in the Industrial Park District. This parcel is currently zoned I-1 Industrial Park District in which an "Office-Warehouse" and a "Motor Vehicle Repair Facility" are permitted uses. Access to the site will be from East Dual Blvd NE by way of a city-owned easement.

The building is intended to provide offices, classrooms and garage space for the Truck Driving School. The building is proposed to be single story in height and roughly 7,036 square feet. A majority of the site of roughly 100,000 square feet is proposed to be designated driving practice area. Eighteen parking stalls are displayed on the site plans, with these one-way parking stalls oriented at a 45-degree angle. A stormwater pond is shown on site plans near the north property line and will have three catch basins located in the parking lot and driving practice area. A 1 ft high retaining wall is proposed along the western perimeter of the site in between the building and the ditch.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Lot Requirements

- Lot Size Minimum .5 acre
- Minimum Width of Lot at ROW 100 ft
- Minimum landscaping 25% of total lot area

The area of the parcel is roughly 4 acres in size and exceeds the lot size minimum. The site will meet the minimum landscaping requirements and be under 75% impervious surface.

Setbacks – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Rear Yard Setback 30 feet

The proposed building will be located on the north east corner of the site and will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

There shall be a required minimum of twenty-five percent (25%) reservation of the total lot area for landscaping use. A landscaping plan must be submitted to and be approved by the Planning Commission or its designee.

Impervious surfaces on site will include the building, paved asphalt parking lot, concrete walkways and Class 5 gravel driving surfaces. Roughly 68% of the development is intended to be impervious surface. The landscaping requirement of 25% of the total lot area as green space will be met.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas are proposed to be surfaced with bituminous pavement. Concrete aprons and sidewalks are proposed around the front of the building leading to the entrance.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the perimeter of the parking lot and paved area leading to the site. Additional curbing comments can be found in the City Engineer's report attached to this memo.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from all property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

Industrial Uses	
Manufacturing, assembly, processing, research, experimental or testing stations	1.25 spaces for each employee on the major shift or 1 space for each 500 sq/ft whichever is greater *(Ord. No. 617)*
Wholesale business establishments	1.25 spaces for each employee on the major shift plus 1 space for each company vehicle
Warehouse / Storage	1 space per 1,500 square feet of floor area *(Ord. No. 617)*

Based on this number of required parking spaces standard and the use of the building, the site will be required at least 14 parking spaces (7,000 sf building / 500 sf per parking space) in which one stall would need to be designated as handicap accessible. The site plans indicate 18 total parking stalls, in which one parking stall will need to be designated as handicap accessible. A handicapped accessible sign and striping is required in this parking stall. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards:

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet
75 degrees	9 feet	9 feet	20 feet	23 feet	24 feet
60 degrees	9 feet	10 feet	22 feet	18 feet	24 feet
45 degrees	9 feet	12 feet	25 feet	13 feet	24 feet
0 degrees	9 feet	22 feet	19 feet	12 feet	24 feet

The site features 45-degree parking stalls and will have one-way traffic. Stall dimensions on site plans are not listed but will have to meet the requirements of 9 ft in width and 25 ft in length. The drive aisle width is 18 ft 2 in and will meet the required aisle width for one-way traffic of 13 ft. Directional striping will be required due to one way circulation of the 45-degree angled parking.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

    a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

    b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

An exterior lighting plan was not included in the submittal. A lighting/photometrics plan is required that will show lighting types that are proposed on site. All lighting types proposed shall be downlit and designed to reduce glare. These light sources will have to meet all criteria listed in Section 14 of the City Zoning Ordinance.

Building Design and Construction

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

1. Face brick

2. Natural stone

3. Glass

4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.

5. Factory fabricated, finished 26 Ga. Metal panel

6. Decorative concrete block approved by the City Council.

7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by

the City Council. Minimum wainscot height shall be one-third of the sidewall height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials were not included on plans but visuals were provided to understand the look of the building. From the architectural drawings, it appears that the building is proposed to have red metal roofing and neutral siding with concrete block around the base of all sides of the building. The exterior siding and wainscoting will be a neutral tan color and will be consistent with will surrounding buildings in the Industrial Park District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If mechanical equipment is on the exterior of the building, site plans shall be altered to show the location of the equipment.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are three large garage doors on the building that can be used for loading and service areas. A building of this size (under 100,000 square ft) does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site abuts a residential property to the east and a privacy fence will be required as screening.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   An outdoor trash enclosure is required for this Industrial site. Site Plans do not show a location where this trash enclosure will be placed. Site plans must be modified to show the location of the enclosure for staff review. The enclosure shall meet performance standards set in Section 14, Subdivision 3 of the City Zoning Ordinances.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site is adjacent to a residential property to the east of the site. Screening will need to be provided with a privacy fence to protect from glare of vehicle headlights.

Landscaping

Non-Residential Requirements. In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations.

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

There was not a separate landscaping plan submitted. Civil plans show plantings and trees proposed near the south entrance of the building. The City Landscaping Ordinance requires that the site have at least 8 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage). Tree and planting species shall comply with Section 15 of the City's Zoning Ordinances. Sod shall be planted on all areas not disturbed by new construction or not already covered by established lawn or turf.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle location is not designated on site plans. The receptacle will have to be enclosed, fenced or screened. The trash receptacle/enclosure shall follow the regulations set in Section 14, Subdivision 3 of the City's Zoning Ordinances. The trash enclosure shall also be illuminated for the safety of employees.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the proposed Special Tools manufacturing building located at PID 16.159.0010 with the following conditions:

Conditions:

- Privacy Fencing or screening shall be provided along the east property line for a buffer between this industrial property and abutting residential property
- A handicapped accessible parking stall is required and shall be designated using striping and signage
- Parking stalls shall be at least 9 ft in width and 25 ft in length to comply with the city's parking stall dimension chart found in Section 17 of the City Zoning Ordinances
- One-way drive aisle widths for 45-degree angle parking shall be at least 13 ft if the parking lot gets altered due to extended stall length requirements
- Directional striping is required for the paved parking area due to the 45-degree angled stalls and one way circulation
- Trash receptacle shall be designated on site plans and fenced or screened by a permanent structure in accordance with Section 14, Subdivision 3 of the City's Zoning Ordinances.
- Trash enclosure shall be illuminated for the safety of employees
- Lighting Designs shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances.
- Landscaping trees and plantings shall follow Section 15 of the City's Zoning Ordinances.
- All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the Fire Chief's memo, dated 9/30/2022
- All other conditions listed in the City Engineer's memo, dated 10/3/2022

Isanti, MN 55040

RE: American First CDL Academy, Inc

City of Isanti Planning Commissioners,

Isanti Fire District has reviewed the proposed truck driving school business to be built on parcel 1 60291 400 by American First CDL Academy, Inc.

Isanti Fire supports the conditions outlined in the September 21, 2022 plans ensuring the below, and all City fire codes are conforming per City of Isanti Code 111-113: *Adoption of MN State Fire Code.*

Due to the unique entrance to the facility, we seek compliance with Section 503 of the MN State Fire Code; *Fire Access Roads* and Appendix D, *Fire Apparatus Access Roads.* Continuing with a minimum 20' width with 28' radius **would require** signage per Appendix D, 103.6 *Fire Lane Signs.*

We request to confirm the entrance driveway radius dimensions prior to continuation.

Please contact me for further clarity if needed.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

MEMORANDUM

Date: October 3, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Truck Driving School – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Truck Driving School" with a preliminary stamp and dated of 9/21/2022.

The plan includes the construction of a new building, parking lot and a storm sewer system with a pond.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet C-2 Survey Plan:
    a. Survey topo will be needed along the entire entrance road and connection points.
2. Sheet C-3 – Civil Site Plan:
    a. Class 5 surface is considered impervious. Update the impervious area table and percentage.
    b. No curb is needed along the entrance road that falls within the City owned "Tract B".
        i. Survey and proposed grades are needed along the entrance road.
    c. The 1-foot tall wall along the west side of the site seems unnecessary and hazardous. Recommend a curb run along the entire west side to prevent vehicles from going into ditch.
    d. A perimeter privacy fence is required around the perimeter of the site if the entire drivable surface is not paved and perimeter curb installed.
    e. The 10-foot radius circles around the two inlets shall be paved (concrete or bituminous)
3. Sheet C-4 – Erosion & Sediment Control Plans:
    a. Show impervious lined pond as there is not 3 feet of separation from the water table.
        i. Show erosion control blanket and seed type where slopes are 4:1 or greater including around pond and embankment slopes down to ditch.
        ii. Show sod locations
        iii. Show silt fence along west side of wall at top of ditch slope.

b. The gravel surface cannot drain away from the site. The entire west side of the building appears to sheet drain directly to the ditch.

4. Sheet C-6 – SWPPP:
   a. Submit City SWPPP checklist (attached)
   b. Submit NPDES Permit to City prior to beginning work.
5. Sheet C-7 – Grading Plan:
   a. Show spot elevations on the proposed curb & gutter with slopes called out.
   b. Show slope labels on the proposed gravel and around the perimeter of the gravel on the proposed grass surfaces to match existing.
   c. Call out low elevation between the two inlets, it should not be more than 0.5' above the proposed rims.
   d. Call out low elevation along the north edge of the proposed gravel where the north inlet would overflow. It should not be more than 0.5' above the proposed rim.
   e. Call out EOF of pond to ditch, set at lowest rim elevation of structures in the parking lot.
   f. Show elevations, grades, and matching existing surfaces along the entire entrance drive.
6. Sheet C-8 – Utility Plan:
   a. Show how sewer and water services will connect to existing mains.
      i. Call out tee into existing watermain in street, add gate valve on east side of new tee.
      ii. Call out saddle wye onto existing sanitary sewer main or core & boot into manhole. Verify pipe size between manhole on Tract B and manhole in street.
   b. Keep utilities at least 5 feet from any property line. (2" sanitary clips close to property corner at entrance curve.)
   c. 2" sanitary is a forcemain, no cleanouts apply, may need air relief if high point after ditch. Call out inverts along forcemain keep 8 feet deep. Call out 8 feet below bottom of ditch at a minimum at the crossing.
   d. Call out water service inverts along service run. Keep 8 feet deep. Call out 8 feet below bottom of ditch at a minimum at the crossing.
      i. Does the building need an irrigation system? Will the 1.5" water service line provide enough water?
   e. Show curb stop where the water service crosses the property line before the ditch. Call out small casting to cover curb stop as it will be in the pavement.
   f. Call out 8" watermain inverts. Keep 8-feet deep.
   g. Call out hydrant finished ground elevation, valve, fittings, 6" wmn length, etc.

h. Water service to UPS will be hit from new main installation. See attached record drawing. Show reconnecting UPS service and installing curb stop at north property line of tract B where service crosses onto UPS property.

i. Storm sewer discharge pipe from the pond shall be a minimum 12" diameter. Install skimmer structure for rate control under 12" flow rates. Slope should also be at a minimum self-cleaning velocity.

j. The two inlet structures in gravel shall have a 2-foot sump to collect the class 5 sediment washout.

7. Sheet C-9 – Details:

   a. Call out gravel pavement section. Should not be less than 8".

   b. Use attached valley gutter detail.

   c. Submit City SWPPP checklist (attached)

   d. Submit NPDES Permit to City prior to beginning work.

Stormwater Modeling:

1. Submit subcatchment maps for the existing and proposed models. Need to catch all new impervious area created on the 4 acre parcel and run through pond prior to discharge to ditch.
2. Submit summary table of 2, 10, and 100 year storm event flow rates pre and post development.

We recommend approval of the site plan once the above items are addressed.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: November 1st, 2022
Subject: Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to Residential Rural and CUP approval for horse stables in the R-1A Zoning District.

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist and explained the zoning ordinance text amendment, comp plan text/map amendment and CUP approval for horse stables and why the changes need to be made for this request. Staff explained that they believe horses should be allowed with regulations within the R-1A Residential Rural Zoning District. Regulations for horses were discussed between staff and Planning Commission members. As presented, horses would be allowed on parcels of 30 or more acres within the R-1A zoning district and 1 horse would be allowed for every 2 acres of land. The parcel in question would also have to be rezoned from R-1 to R-1A to fit a Rural Residential designation. "Horse Stables" would be added as language under Conditional Uses within the R-1A zoning district. This would provide the applicants the ability to construct horse stables as the principal use on this parcel, and the horse stables would have to meet the minimum requirements for allowing a CUP. This would mean that each person who would like to have horse stables in the future will have to pass the Planning Commission and City Council to determine the location of the stables and that they don't negatively impact surrounding properties. The CUP regulations were analyzed for this specific request and location, and was determined that the stables would not negatively impact the area or surrounding properties/homeowners.

A surrounding property owner, Lynn Swanson was present at the public hearing. Mr. Swanson stated that he believes that this would be a good use for the parcel in that it is a rural area and horses should be allowed. The applicant Stephanie Neumann was also present at the meeting and available for questions from the Planning Commission. The Planning Commission asked what their goals are for the property altogether. Stephanie said that they hope to have private stables and an indoor riding barn along the north side of the parcel and could potentially build a house in the future. Planning Commission members asked if the regulations for horses are reasonable and make sense for what they are looking to accomplish. The applicant said that they could meet the regulations proposed to be put in place for horses. Motion for approval of the Zoning Ordinance Text Amendment, Comp Plan Text/Map Amendment and CUP for horse stables by Lundeen and seconded by Collison, motion passed 6-0.

Request: Consider adopting the attached resolutions.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING A COMPREHENSIVE LAND USE PLAN AMENDMENT FOR PID 16.021.0200 FROM R-1 SINGLE FAMILY RESIDENTIAL TO R-1A RESIDENTIAL RURAL DISTRICT

WHEREAS, Stephanie Neumann (applicant) has requested approval for a Comprehensive Land Use Plan Amendment for PID 16.021.0200; and,

WHEREAS, PID 16.021.0200 is currently guided in the Comprehensive Land Use Plan as R-1 Single Family Residential; and,

WHEREAS, the designation of these parcels shall be changed to be guided for R-1A Residential Rural District; and,

WHEREAS, under Isanti Zoning Code Section 21, Article 1 a Comprehensive Land Use Amendment is required to obtain approval of the Planning Commission and City Council; and,

WHEREAS, the Planning Commission and City Council have considered possible adverse effects of the proposed amendment and the judgement of the Planning Commission and City Council with regard to the application shall been based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
3. There is adequate infrastructure available to service the proposed action.
4. There is an adequate buffer or transition provided between potentially incompatible districts.

WHEREAS, the City of Isanti Planning Commission recommended approval of the Comprehensive Land Use Plan Amendment on October 18, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Comprehensive Land Use Plan Amendment at its regularly scheduled meeting on November 1, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Comprehensive Land Use Plan Amendment.

This Resolution is hereby approved by the Isanti City Council this 1st day of November, 2022

A RESOLUTION APPROVING THE CONDITIONAL USE PERMIT FOR HORSE STABLES WITHIN THE R-1A RESIDENTIAL RURAL ZONING DISTRICT LOCATED AT PID 16.021.0200

WHEREAS, Stephanie Neumann (applicant) has requested approval for a Conditional Use Permit for "Horse Stables" at PID 16.021.0200; and,

WHEREAS, the property has been rezoned from R-1 Single Family Residential to R-1A Residential Rural zoning district; and,

WHEREAS, the proposed Conditional Use Permit is contingent on the City Council passing the amended zoning ordinance text amendment which includes "Horse Stables" as a Conditional Use in the R-1A zoning district; and,

WHEREAS, Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request; and

WHEREAS, the proposed use for Horse Stables meets all of the General Performance Standards of the Zoning Ordinance; and,

WHEREAS, the City of Isanti Planning Commission recommended approval of a Conditional Use Permit for Horse Stables on October 18, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Conditional Use Permit at its regularly scheduled meeting on November 1, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Findings of Fact and Conclusion related to the requested Conditional Use Permit for Horse Stables at PID 16.021.0200;

BE IT FURTHER RESOLVED that the requested Conditional Use Permit be hereby APPROVED subject to the following conditions:

1. Applicant shall apply with the City for all permits associated with the horse stables
2. The proposed Zoning Ordinance Amendment to include "Horse Stables" as a Conditional Use in the R-1A Zoning District gets approved by the City Council
3. Proposed building and associated site construction shall conform with the current editions of the MN State Building and Fire Codes unless the structure and associated parcel are properly classified as agricultural to meet the agricultural building exemption.

4. Under an agricultural exemption, the building can only be used for private use and could not be considered as open to the public for boarding services and events such as; classes, trainings, seminars, etc.
5. A SWPPP (Stormwater Pollution Prevention Plan) shall be submitted if there is greater than 1 acre of land disturbed for construction.

FINDINGS OF FACT AND CONCLUSION

Request

Request by Stephanie Neumann for a Conditional Use Permit for Horse Stables located at PID 16.021.0200 within the R-1A Residential Rural District.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for Horse Stables for the property located at PID 16.021.0200.
2. The Property is zoned R-1A, Rural Residential District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on October 18, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on October 6, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The intended use of the parcel for horse stables and pasture will not bring major change to the area. A majority of the land will be used for pastures and grazing land for horses and a building for indoor horse stables is proposed on the north end of the property. While evaluating the request and comparing it to the goals of the City's Comprehensive Plan, the intended use does not negatively affect surrounding properties and there will be no change needed to public facilities and capital improvement plans.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposal of horse stables on this parcel will meet the purpose and intent of the R-1A Residential Rural zoning district in that the inclusion of the horse stables will keep this land for the enjoyment of a rural lifestyle and the indoor stables would consist of minor low-density development.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The stables will not be detrimental or endanger the public. Specific regulations for the keeping of horses (found in the Text Amendment section) will further protect the public for the upkeep and maintenance of the operation.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The stables will not impact the enjoyment of surrounding properties and is not expected to diminish or impair property values within the area.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
Due to the location of the parcel, it is not presumed that normal and orderly development and improvement would be affected by this conditional use.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Public facilities and services would not be negatively impacted and would be able to accommodate the use as necessary.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The stables will have to meet requirements found in the R-1A zoning district for setbacks for a principal building. Plans for the stables will need to be approved by city staff at the time of building permit submittal.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The proposed conditional use will comply with the general and specific performance standards specified within this Article.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on October 18, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Collison to recommend approval of the Conditional Use Permit for Horse Stables at PID 16.021.0200.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: October 18, 2022

SUBJECT: Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to Residential Rural and CUP approval for horse stables in the R-1A Zoning District.

Request: The applicant, Stephanie Neumann is requesting a Zoning Ordinance Text Amendment to allow for the keeping of horses in a R-1A zoning district, a comprehensive plan text/map amendment to rezone PID 16.021.0200 to R-1A Residential Rural and to approve a conditional use permit for a horse stable within the R-1A zoning district.

Overview/Background: The applicant would like to construct horse stables for private boarding on a 38.1-acre vacant lot located just within Isanti's limits along the northeast border. Currently, horses are considered prohibited animals in Isanti according to Chapter 87 of City Code. Staff have researched how surrounding municipalities regulate horses, and have discussed regulations that would be beneficial to the Isanti community. In order to fulfill the request for horse stables on this property, multiple changes have to be made within the City Zoning Ordinances and a section in city code will need to be added to allow and regulate the keeping of horses.

The parcel is currently zoned R-1 "Single Family Residential" and is proposed to be rezoned to the R-1A "Residential Rural Zoning District". The R-1A zoning district provides less restrictions than an R-1 district, due to the size and location of these parcels.

Analysis of Application: The analysis of the request is broken up in sections for the Rezoning, Comprehensive Plan/Zoning Text and Map Amendment, Conditional Use Permit and the proposed horse regulations in city code. Voting shall take place for each request as they are separate items.

Rezoning/Map Amendment

The current zoning of PID 16.021.0200 is R-1 "Single Family Residential" and is proposed to be rezoned to R-1A "Residential Rural Zoning District". The R-1A zoning district was created with the intent of providing residential development while keeping the enjoyment of a rural lifestyle. Staff believes that this zoning district would be the right designation for horses based on larger lot sizes and the location of the parcels on the exterior borders of city limits. The PID in question is just within city limits along the northeast border with Isanti Township. A Rezoning also constitutes a change to the current zoning map and also land use maps within the City's Comprehensive Plan.

A rezoning request is determined by the judgement of the Planning Commission and shall be based upon the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.

   The intended use of the parcel for horse stables and pasture will not bring major change to the area. A majority of the land will be used for pastures and grazing land for horses and a building for indoor horse stables is proposed on the north end of the property. While evaluating the request and comparing it to the goals of the City's Comprehensive Plan, the intended use does not negatively affect surrounding properties and there will be no change needed to public facilities and capital improvement plans.

2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.

   The parcel meets the minimum lot requirements for the R-1A "Residential Rural" zoning district in that it is over 1 acre in size. The R-1A requirements will need to be amended to allow horse stables as a Conditional Use to fulfill the intent of the rezoning and is analyzed in this report in a following CUP section.

3. There is adequate infrastructure available to service the proposed action.

   The intended use will not require infrastructure changes to accommodate the request.

4. There is an adequate buffer or transition provided between potentially incompatible districts.

   The parcel is completely surrounded by properties zoned R-1 "Single Family Residential". The golf course which is currently not operating surrounds the south and west boundaries. Vacant land and one residential property surround the parcel to the north and east. City staff believes that there is an adequate buffer and natural transition of surrounding uses based on the size of the parcels and locations of existing residences.

Conditional Use Permit – Horse Stables

Staff believes that horse stables shall require a Conditional Use Permit in the R-1A zoning district. Each request will be reviewed by the Planning Commission and City Council to ensure that the use is not detrimental to surrounding properties and to determine the suitability of the use in regards to the general welfare, public health and safety.

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

   Response found above in "Rezoning" section.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

   The proposal of horse stables on this parcel will meet the purpose and intent of the R-1A Residential Rural zoning district in that the inclusion of the horse stables will keep this land for the enjoyment of a rural lifestyle and the indoor stables would consist of minor low-density development.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

   The stables will not be detrimental or endanger the public. Specific regulations for the keeping of horses (found in the Text Amendment section) will further protect the public for the upkeep and maintenance of the operation.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

   The stables will not impact the enjoyment of surrounding properties and is not expected to diminish or impair property values within the area.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

   Due to the location of the parcel, it is not presumed that normal and orderly development and improvement would be affected by this conditional use.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

   Public facilities and services would not be negatively impacted and would be able to accommodate the use as necessary.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

   The stables will have to meet requirements found in the R-1A zoning district for setbacks for a principal building. Plans for the stables will need to be approved by city staff at the time of building permit submittal.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.

   The proposed conditional use will comply with the general and specific performance standards specified within this Article.

Text Amendments:

The request to keep horses and build stables on this property require amendments to both the zoning ordinances and also the city code. Changes to the text are indicated below either by having a line through the words if text is being removed and underlined if text is being added. These changes have been separated by zoning ordinance amendments and city code amendments and are analyzed below:

Zoning Ordinance Amendments:

- The term "Horse Stables" must be added to the list of Conditional Uses within the R-1A Zoning District:

  ARTICLE SIX: "R-1A" RESIDENTIAL RURAL DISTRICT

  Subdivision 4: Conditional Uses

  The following are conditional uses allowed in the "R-1A" Single-Family Residential Rural District and shall require a Conditional Use Permit based upon the procedures set forth and regulated by Section 21 of this Ordinance. Additional specific standards and criteria may be cited for respective conditional uses and a request shall be evaluated based upon those additional standards and criteria.

  I. Horse Stables

City Code Amendments:

- "Horses" must be regulated and added to Article 1 Keeping of Certain Animals within Chapter 87 of City Code:

§ 87-1.5 **Horses.**

The City allows the keeping of horses on residential properties, subject to the following requirements:

A. Must be located in an R-1A Residential Rural Zoning District.

B. Must have at least 30 acres of land between 1 or more adjacent parcels under the same ownership.

C. There shall be no more than 1 horse per 2 acres of land.

D. A Conditional Use Permit is required for horse stables within the R-1A Residential Rural Zoning District.

E. Stables are required and shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) The property owner shall maintain the stable such that they are in good shape, not unsightly and free from major defects.

F. The owner must keep the horses in a fenced area. Fence type shall be reviewed by City Staff.

G. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.

H. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.

I. Manure stockpiles shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.

(4) Have a management plan that meets requirements set by the Minnesota Pollution Control Agency.

J. No person may ride or drive an animal regulated under this article after sunset or below sunrise along or crossing a public way without appropriate lighting or reflectorized clothing.

K. No person, firm, or corporation will permit any animal regulated under this article to run at large within the city. Any such animal will be deemed "at large" when it is off the premises owned or rented by its owner and unattended by the owner or any agent or employee of the owner.

L. The animal control authority, any peace officer of the state, and any other personnel under the direction and control of the city, or any agent of the city, may impound any such animal found at large as regulated by Minn. Stats. § 374.14.

City staff have researched surrounding cities regulations for the keeping of horses and the regulations above have been modified to better fit the City of Isanti while staying consistent with language from other regulated animals within City Code.

Staff Recommendation: Staff recommends approval of the Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to R-1A Residential Rural and Conditional Use Permit approval for horse stables in the R-1A Zoning District.

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Katie Grotte, Human Resources Director
Date: November 1, 2022
Subject: Employee Personnel Policy- Updates

Background:

The below statement is red has been added to the personnel policy for clarification purposes only. Standard practice of job offers has not changed.

4.07 Selection Process

The selection process will be a cooperative effort between the City Administrator, Human Resources, and the Department Head, subject to final hiring approval of the City Council. All pre-employment job offers will be negotiated by the City Administrator prior to approval at a City Council meeting. Any, all, or none of the candidates may be interviewed. Selected candidate(s) for a position will be finalized by resolution indicating the title, anticipated start date, salary, and other applicable details.

The process for hiring seasonal and temporary employees may be delegated to the appropriate supervisor with each hire subject to final City Council approval. Except where prohibited by law, seasonal and temporary employees may be terminated by the supervisor at any time, subject to City Council approval.

The City has the right to make the final hiring decision based on qualifications, abilities, experience, and the City of Isanti's needs.

RESOLUTION 2022-XXX

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation, and Events Coordinator
Date: November 1, 2022
Subject: Eagle Scout Project Proposal - Gaga Ball Pit by Will Wood

Background:
On October 17th, 2022 City Staff received an Eagle Scout project request by Will Wood, Troop 16.

Will would like to build a Gaga Ball Pit to help the City add more recreation opportunities for youth in Bluebird Park. Having activities available will bring more youth of varying ages to the park. The project would be in the Spring with completion by end of May, 2023. Will plans to build a Gaga Ball Pit custom and use a local metal manufacturing Isanti business for the brackets. The cost to the City would be $600 or less.

An Eagle Scout Service Project is an opportunity for a Scout in Scouts of America to demonstrate service and leadership of others while performing a project for the benefit of a community or organization. The Scout must propose a plan, share the benefit and execute the project using skills they have gained throughout their scout journey.

Gaga is a fast paced, high energy sport played in an octagonal pit. The game is played with a soft foam or rubber ball and combines the skills of dodging, striking, running, and jumping, while trying to hit opponents with a ball below the knees. Players need to keep moving to avoid getting hit by the ball. This sport is becoming more and more popular and is often added to recreational areas within cities, churches, campgrounds, camps and more.

The Park, Recreation and Culture Board was in support of this project and voted 3-0 at its October 25th, 2022 meeting to move it to the City Council for their approval.

Staff is requesting action on this item.

RESOLUTION NO. 2022-XXX

A RESOLUTION AUTHORIZING WILL WOOD TO CONSTRUCT A GAGA BALL PIT IN BLUEBIRD PARK AS PART OF A 2023 EAGLE SCOUT PROJECT

WHEREAS, on October 17, 2022, the City of Isanti had received a request from Will Wood for the placement of a gaga ball pit located at 201 Isanti Parkway NW in Bluebird Park as part of his 2023 Eagle Scout Project; and,

WHEREAS, the City of Isanti owns the property located at 201 Isanti Parkway NW; and,

WHEREAS, Mr. Wood had prepared a written request outlining the specifications for what he intends to build; and,

WHEREAS, Mr. Wood would obtain all materials necessary to complete the project before the project begins; and,

WHEREAS, the Parks, Recreation, and Culture Board voted 3-0 to recommend moving this project forward for City Council approval,

WHEREAS, the Parks, Recreation, and Culture Board will select final placement of the gaga ball pit; and,

WHEREAS, the City Council must review and approve any improvements that would occur on City owned property as well as authorize any funding requests associated with such projects; and,

WHEREAS, the City of Isanti Public Works would maintain the gaga ball pit upon completion of the project; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorizes Will Wood to donate labor to construct a gaga ball pit located at 201 Isanti Parkway NW.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves the request for funding for such project, in an amount not to exceed $600.00 to be provided from 101-45300-404 Repairs/Maintenance/Machinery/Equipment.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: November 1st, 2022
Subject: Ordinance Amending Chapter 87: "Keeping of Certain Animals" to include regulations for Horses

---

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist and explained the proposed regulations for Horses. City staff researched surrounding communities' regulations for horses and created specific regulations that would reflect Isanti's existing Zoning Districts and City Code language for other animals.

The added language to City Code Chapter 87 Article 1 includes the following:

§87-1.5 Horses

The City allows the keeping of horses on residential properties, subject to the following requirements:

A. Must be located in an R-1A Residential Rural Zoning District.
B. Must have at least 30 acres of land between 1 or more adjacent parcels under the same ownership.
C. There shall be no more than 1 horse per 2 acres of land.
D. A Conditional Use Permit is required for horse stables within the R-1A Residential Rural Zoning District.
E. Stables are required and shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) The property owner shall maintain the stable such that they are in good shape, not unsightly and free from major defects.

F. The owner must keep the horses in a fenced area. Fence type shall be reviewed by City Staff.
G. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.

H. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.
I. Manure stockpiles shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) Have a management plan that meets requirements set by the Minnesota Pollution Control Agency.
J. No person may ride or drive an animal regulated under this article after sunset or below sunrise along or crossing a public way without appropriate lighting or reflectorized clothing.
K. No person, firm, or corporation will permit any animal regulated under this article to run at large within the city. Any such animal will be deemed "at large" when it is off the premises owned or rented by its owner and unattended by the owner or any agent or employee of the owner.
L. The animal control authority, any peace officer of the state, and any other personnel under the direction and control of the city, or any agent of the city, may impound any such animal found at large as regulated by Minn. Stats. § 374.14.

Request: Consider adopting the attached Ordinance Amendment

   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) The property owner shall maintain the stable such that they are in good shape, not unsightly and free from major defects.

F. The owner must keep the horses in a fenced area. Fence type shall be reviewed by City Staff.

G. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.

H. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.

I. Manure stockpiles shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) Have a management plan that meets requirements set by the Minnesota Pollution Control Agency.

J. No person may ride or drive an animal regulated under this article after sunset or below sunrise along or crossing a public way without appropriate lighting or reflectorized clothing.

K. No person, firm, or corporation will permit any animal regulated under this article to run at large within the city. Any such animal will be deemed "at large" when it is off the premises owned or rented by its owner and unattended by the owner or any agent or employee of the owner.

L. The animal control authority, any peace officer of the state, and any other personnel under the direction and control of the city, or any agent of the city, may impound any such animal found at large as regulated by Minn. Stats. § 374.14.

Section 2- Effective Date.
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 1st day of November 2022.

Subject: Site Plan Approval for an Industrial building for American First CDL Academy, Inc. located on a vacant lot in the Industrial Park District at PID 16.029.1400

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans for the CDL Truck Driving School located in the Industrial Park District at PID 16.029.1400. It was explained that the site will be accessed from an easement off of East Dual Blvd NW and will consist of a 7,000 sq ft building and a 100,000 sq ft driving practice area. Discussion was had between City Staff and Planning Commission Members regarding the easement access, parking stall lengths, driveway widths and surfacing.

A surrounding property owner, Becky Balk of 411 Hillock St NE was present at the public hearing and asked about potential noise from the truck driving school and potential hours of operation. Staff pointed out that a privacy fence will be required as a buffer in between the Residential and Industrial uses. The Planning Commission members assumed that the driving of trucks would most likely be limited to daylight hours. Staff confirmed that there is a noise section of City Code that would be in effect for the truck driving school. Staff pointed out several other conditions of approval that will protect surrounding residences. The applicants were not present at the meeting. No one else from the public spoke at the public hearing. Motion for approval of the site plans for a truck driving school was made by Bergley and seconded by Collison, motion passed 6-0.

Request: Consider adopting the resolution.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: October 18, 2022

SUBJECT: Site Plan Review for an Industrial building for American First CDL Academy, Inc. located on a vacant lot in the Industrial Park District at PID 16.029.1400

Request: The applicant, American First CDL Academy is requesting site plan approval for a proposed industrial building located at PID 16.029.1400 for a truck driving school.

Overview/Background: The applicant would like to construct an industrial building on a 4-acre vacant lot located in the Industrial Park District. This parcel is currently zoned I-1 Industrial Park District in which an "Office-Warehouse" and a "Motor Vehicle Repair Facility" are permitted uses. Access to the site will be from East Dual Blvd NE by way of a city-owned easement.

The building is intended to provide offices, classrooms and garage space for the Truck Driving School. The building is proposed to be single story in height and roughly 7,036 square feet. A majority of the site of roughly 100,000 square feet is proposed to be designated driving practice area. Eighteen parking stalls are displayed on the site plans, with these one-way parking stalls oriented at a 45-degree angle. A stormwater pond is shown on site plans near the north property line and will have three catch basins located in the parking lot and driving practice area. A 1 ft high retaining wall is proposed along the western perimeter of the site in between the building and the ditch.

Analysis of Application: The site plan for the building shall comply with the following requirements for the I-1 Industrial Park District:

Lot Requirements

- Lot Size Minimum .5 acre
- Minimum Width of Lot at ROW 100 ft
- Minimum landscaping 25% of total lot area

The area of the parcel is roughly 4 acres in size and exceeds the lot size minimum. The site will meet the minimum landscaping requirements and be under 75% impervious surface.

Setbacks – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Rear Yard Setback 30 feet

The proposed building will be located on the north east corner of the site and will meet all required setbacks for the I-1 zoning district.

Impervious Surface Coverage

There shall be a required minimum of twenty-five percent (25%) reservation of the total lot area for landscaping use. A landscaping plan must be submitted to and be approved by the Planning Commission or its designee.

Impervious surfaces on site will include the building, paved asphalt parking lot, concrete walkways and Class 5 gravel driving surfaces. Roughly 68% of the development is intended to be impervious surface. The landscaping requirement of 25% of the total lot area as green space will be met.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas are proposed to be surfaced with bituminous pavement. Concrete aprons and sidewalks are proposed around the front of the building leading to the entrance.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around the perimeter of the parking lot and paved area leading to the site. Additional curbing comments can be found in the City Engineer's report attached to this memo.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from all property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Industrial Uses

Industrial Uses	
Manufacturing, assembly, processing, research, experimental or testing stations	1.25 spaces for each employee on the major shift or 1 space for each 500 sq/ft whichever is greater *(Ord. No. 617)*
Wholesale business establishments	1.25 spaces for each employee on the major shift plus 1 space for each company vehicle
Warehouse / Storage	1 space per 1,500 square feet of floor area *(Ord. No. 617)*

Based on this number of required parking spaces standard and the use of the building, the site will be required at least 14 parking spaces (7,000 sf building / 500 sf per parking space) in which one stall would need to be designated as handicap accessible. The site plans indicate 18 total parking stalls, in which one parking stall will need to be designated as handicap accessible. A handicapped accessible sign and striping is required in this parking stall. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards:

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet
75 degrees	9 feet	9 feet	20 feet	23 feet	24 feet
60 degrees	9 feet	10 feet	22 feet	18 feet	24 feet
45 degrees	9 feet	12 feet	25 feet	13 feet	24 feet
0 degrees	9 feet	22 feet	19 feet	12 feet	24 feet

The site features 45-degree parking stalls and will have one-way traffic. Stall dimensions on site plans are not listed but will have to meet the requirements of 9 ft in width and 25 ft in length. The drive aisle width is 18 ft 2 in and will meet the required aisle width for one-way traffic of 13 ft. Directional striping will be required due to one way circulation of the 45-degree angled parking.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

    a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

    b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

An exterior lighting plan was not included in the submittal. A lighting/photometrics plan is required that will show lighting types that are proposed on site. All lighting types proposed shall be downlit and designed to reduce glare. These light sources will have to meet all criteria listed in Section 14 of the City Zoning Ordinance.

Building Design and Construction

A. The design and location of the buildings constructed on a lot shall be attractive and shall complement existing structures and the surrounding natural features and topography with respect to height, design finish, color, size and location.

B. Load bearing structural components shall be steel or structural concrete. Other materials of greater strength may be used if expressly allowed by the City Council.

C. Architecturally and aesthetically suitable building materials shall be applied to, or used on, all sides of all buildings that are adjacent to other existing or future structures or roads. Exterior walls of iron, aluminum, or wood will be permitted only with the specific written approval of the City Council. Exterior walls of masonry, concrete and glass are encouraged. Colors shall be harmonious and compatible with colors of the natural surroundings and other adjacent buildings.

D. All exterior wall finishes on any building shall be comprised of any one or a combination of the following materials:

1. Face brick

2. Natural stone

3. Glass

4. Specially designed pre-cast concrete units, if the surfaces have been integrally treated with an applied decorative material or texture.

5. Factory fabricated, finished 26 Ga. Metal panel

6. Decorative concrete block approved by the City Council.

7. Architectural metal accent panels, generally with a value greater than pre-cast concrete units, and as specifically approved by the City Council.

8. When material noted in (5) above is used, there shall be a wainscot of material noted in (1), (2.) or (6) above, Wainscot shall be located across a minimum of 50% of the linear perimeter of the building and shall be located where most visible from streets and as specifically approved by

the City Council. Minimum wainscot height shall be one-third of the sidewall height and/or specifically approved by the City Council.

9. Other materials as approved by the City Council and in conformance with existing design and character of the Property.

Exterior building materials were not included on plans but visuals were provided to understand the look of the building. From the architectural drawings, it appears that the building is proposed to have red metal roofing and neutral siding with concrete block around the base of all sides of the building. The exterior siding and wainscoting will be a neutral tan color and will be consistent with will surrounding buildings in the Industrial Park District.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If mechanical equipment is on the exterior of the building, site plans shall be altered to show the location of the equipment.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are three large garage doors on the building that can be used for loading and service areas. A building of this size (under 100,000 square ft) does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site abuts a residential property to the east and a privacy fence will be required as screening.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   An outdoor trash enclosure is required for this Industrial site. Site Plans do not show a location where this trash enclosure will be placed. Site plans must be modified to show the location of the enclosure for staff review. The enclosure shall meet performance standards set in Section 14, Subdivision 3 of the City Zoning Ordinances.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site is adjacent to a residential property to the east of the site. Screening will need to be provided with a privacy fence to protect from glare of vehicle headlights.

Landscaping

Non-Residential Requirements. In addition to the general requirements noted, properties located within non-residential districts, shall be subject to the following regulations.

Minimum Landscaping Requirements. All open areas of a lot which are not used or improved for required building areas, parking areas, building expansion areas, drives, sidewalks, storage, or similar hard surface materials shall be landscaped with a combination of sod, overstory trees, understory trees, shrubs, flowers, ground cover materials and/or other similar site design features or materials in a quantity acceptable to the City.

Maintenance of Landscaping. The owner, tenant, and their respective agents shall be responsible for the maintenance of all landscaping provided on the parcel(s) in a condition presenting a healthy, neat, and orderly appearance; free from refuse and debris. Plants and ground cover that are required by an approved site or landscape plan and which have died shall be replaced within three (3) months from receipt of notification by the City. The time for compliance may be extended to nine (9) months, due to seasonal weather conditions.

Soil Requirements. A minimum of four (4) inches of topsoil shall be provided upon all lots.

Turf Requirements. All areas disturbed by new construction or not covered by established lawn or turf shall be sodded. Those areas to be maintained as natural areas as provided for within a developer's agreement or any wetlands that may be located on the property are exempt from this provision. The Building Official may waive this requirement upon inspection of the property.

Tree Requirements.

a. Landscaping shall provide for an appropriate mix of plantings around the exterior footprint of all buildings. Landscaping shall improve the appearance of the structure and break up large unadorned building elevations. Plantings are not intended to obscure views of the building or accessory signage.

b. Where undeveloped or open areas of a site are located adjacent to a public right-of-way, the plan shall provide for deciduous trees. A minimum of one (1) tree per fifty (50) feet of street frontage is required. The city may approve an alternative if such alternative appears to meet the intent of this article.

c. In addition to deciduous and coniferous trees; shrubs, ornamental trees, perennials and annual flowers and bulbs as well as ornamental grasses and ground cover shall be used to compliment the landscape plan.

d. Trees shall be of varying species and shall be in accordance with the City Tree Lists, as presented within the Section. If four (4) or more trees are used, the trees shall be of at least three (3) different species. If seven (7) or more trees are planted, trees shall be of at least four (4) different species. Other types of trees not listed on the City Tree Lists may be permitted at the discretion of City Staff.

There was not a separate landscaping plan submitted. Civil plans show plantings and trees proposed near the south entrance of the building. The City Landscaping Ordinance requires that the site have at least 8 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage). Tree and planting species shall comply with Section 15 of the City's Zoning Ordinances. Sod shall be planted on all areas not disturbed by new construction or not already covered by established lawn or turf.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash receptacle location is not designated on site plans. The receptacle will have to be enclosed, fenced or screened. The trash receptacle/enclosure shall follow the regulations set in Section 14, Subdivision 3 of the City's Zoning Ordinances. The trash enclosure shall also be illuminated for the safety of employees.

Signs

Signs will need to be applied for separately from the site plans. All signs will need to follow criteria listed in Section 16 of the City's Zoning Ordinances. Permits will be needed for approval of location and dimensions determined at a later date.

Staff Recommendation: Staff recommends approval of the proposed Special Tools manufacturing building located at PID 16.159.0010 with the following conditions:

Conditions:

- Privacy Fencing or screening shall be provided along the east property line for a buffer between this industrial property and abutting residential property
- A handicapped accessible parking stall is required and shall be designated using striping and signage
- Parking stalls shall be at least 9 ft in width and 25 ft in length to comply with the city's parking stall dimension chart found in Section 17 of the City Zoning Ordinances
- One-way drive aisle widths for 45-degree angle parking shall be at least 13 ft if the parking lot gets altered due to extended stall length requirements
- Directional striping is required for the paved parking area due to the 45-degree angled stalls and one way circulation
- Trash receptacle shall be designated on site plans and fenced or screened by a permanent structure in accordance with Section 14, Subdivision 3 of the City's Zoning Ordinances.
- Trash enclosure shall be illuminated for the safety of employees
- Lighting Designs shall follow requirements in Subdivision 5 Outdoor Lighting Standards of Section 14 of Isanti's City Zoning Ordinances.
- Landscaping trees and plantings shall follow Section 15 of the City's Zoning Ordinances.
- All signs shall need a sign permit when applicable to determine dimensions and locations and shall follow Section 16 of the City's Zoning Ordinances
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the Fire Chief's memo, dated 9/30/2022
- All other conditions listed in the City Engineer's memo, dated 10/3/2022

Isanti, MN 55040

RE: American First CDL Academy, Inc

City of Isanti Planning Commissioners,

Isanti Fire District has reviewed the proposed truck driving school business to be built on parcel 1 60291 400 by American First CDL Academy, Inc.

Isanti Fire supports the conditions outlined in the September 21, 2022 plans ensuring the below, and all City fire codes are conforming per City of Isanti Code 111-113: *Adoption of MN State Fire Code.*

Due to the unique entrance to the facility, we seek compliance with Section 503 of the MN State Fire Code; *Fire Access Roads* and Appendix D, *Fire Apparatus Access Roads.* Continuing with a minimum 20' width with 28' radius **would require** signage per Appendix D, 103.6 *Fire Lane Signs.*

We request to confirm the entrance driveway radius dimensions prior to continuation.

Please contact me for further clarity if needed.

Sincerely,

Alan Jankovich | Fire Chief
Isanti Fire District

MEMORANDUM

Date: October 3, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Truck Driving School – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Truck Driving School" with a preliminary stamp and dated of 9/21/2022.

The plan includes the construction of a new building, parking lot and a storm sewer system with a pond.

We have reviewed the submitted documents and have the following comments:

Site Plan:

1. Sheet C-2 Survey Plan:
    a. Survey topo will be needed along the entire entrance road and connection points.
2. Sheet C-3 – Civil Site Plan:
    a. Class 5 surface is considered impervious. Update the impervious area table and percentage.
    b. No curb is needed along the entrance road that falls within the City owned "Tract B".
        i. Survey and proposed grades are needed along the entrance road.
    c. The 1-foot tall wall along the west side of the site seems unnecessary and hazardous. Recommend a curb run along the entire west side to prevent vehicles from going into ditch.
    d. A perimeter privacy fence is required around the perimeter of the site if the entire drivable surface is not paved and perimeter curb installed.
    e. The 10-foot radius circles around the two inlets shall be paved (concrete or bituminous)
3. Sheet C-4 – Erosion & Sediment Control Plans:
    a. Show impervious lined pond as there is not 3 feet of separation from the water table.
        i. Show erosion control blanket and seed type where slopes are 4:1 or greater including around pond and embankment slopes down to ditch.
        ii. Show sod locations
        iii. Show silt fence along west side of wall at top of ditch slope.

b. The gravel surface cannot drain away from the site. The entire west side of the building appears to sheet drain directly to the ditch.

4. Sheet C-6 – SWPPP:
   a. Submit City SWPPP checklist (attached)
   b. Submit NPDES Permit to City prior to beginning work.
5. Sheet C-7 – Grading Plan:
   a. Show spot elevations on the proposed curb & gutter with slopes called out.
   b. Show slope labels on the proposed gravel and around the perimeter of the gravel on the proposed grass surfaces to match existing.
   c. Call out low elevation between the two inlets, it should not be more than 0.5' above the proposed rims.
   d. Call out low elevation along the north edge of the proposed gravel where the north inlet would overflow. It should not be more than 0.5' above the proposed rim.
   e. Call out EOF of pond to ditch, set at lowest rim elevation of structures in the parking lot.
   f. Show elevations, grades, and matching existing surfaces along the entire entrance drive.
6. Sheet C-8 – Utility Plan:
   a. Show how sewer and water services will connect to existing mains.
      i. Call out tee into existing watermain in street, add gate valve on east side of new tee.
      ii. Call out saddle wye onto existing sanitary sewer main or core & boot into manhole. Verify pipe size between manhole on Tract B and manhole in street.
   b. Keep utilities at least 5 feet from any property line. (2" sanitary clips close to property corner at entrance curve.)
   c. 2" sanitary is a forcemain, no cleanouts apply, may need air relief if high point after ditch. Call out inverts along forcemain keep 8 feet deep. Call out 8 feet below bottom of ditch at a minimum at the crossing.
   d. Call out water service inverts along service run. Keep 8 feet deep. Call out 8 feet below bottom of ditch at a minimum at the crossing.
      i. Does the building need an irrigation system? Will the 1.5" water service line provide enough water?
   e. Show curb stop where the water service crosses the property line before the ditch. Call out small casting to cover curb stop as it will be in the pavement.
   f. Call out 8" watermain inverts. Keep 8-feet deep.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: November 1st, 2022
Subject: Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to Residential Rural and CUP approval for horse stables in the R-1A Zoning District.

Background:

A presentation was given at the October 18, 2022 Planning Commission Meeting by the City's Community Development Specialist and explained the zoning ordinance text amendment, comp plan text/map amendment and CUP approval for horse stables and why the changes need to be made for this request. Staff explained that they believe horses should be allowed with regulations within the R-1A Residential Rural Zoning District. Regulations for horses were discussed between staff and Planning Commission members. As presented, horses would be allowed on parcels of 30 or more acres within the R-1A zoning district and 1 horse would be allowed for every 2 acres of land. The parcel in question would also have to be rezoned from R-1 to R-1A to fit a Rural Residential designation. "Horse Stables" would be added as language under Conditional Uses within the R-1A zoning district. This would provide the applicants the ability to construct horse stables as the principal use on this parcel, and the horse stables would have to meet the minimum requirements for allowing a CUP. This would mean that each person who would like to have horse stables in the future will have to pass the Planning Commission and City Council to determine the location of the stables and that they don't negatively impact surrounding properties. The CUP regulations were analyzed for this specific request and location, and was determined that the stables would not negatively impact the area or surrounding properties/homeowners.

A surrounding property owner, Lynn Swanson was present at the public hearing. Mr. Swanson stated that he believes that this would be a good use for the parcel in that it is a rural area and horses should be allowed. The applicant Stephanie Neumann was also present at the meeting and available for questions from the Planning Commission. The Planning Commission asked what their goals are for the property altogether. Stephanie said that they hope to have private stables and an indoor riding barn along the north side of the parcel and could potentially build a house in the future. Planning Commission members asked if the regulations for horses are reasonable and make sense for what they are looking to accomplish. The applicant said that they could meet the regulations proposed to be put in place for horses. Motion for approval of the Zoning Ordinance Text Amendment, Comp Plan Text/Map Amendment and CUP for horse stables by Lundeen and seconded by Collison, motion passed 6-0.

Request: Consider adopting the attached resolutions.

RESOLUTION 2022-XXX

A RESOLUTION APPROVING A COMPREHENSIVE LAND USE PLAN AMENDMENT FOR PID 16.021.0200 FROM R-1 SINGLE FAMILY RESIDENTIAL TO R-1A RESIDENTIAL RURAL DISTRICT

WHEREAS, Stephanie Neumann (applicant) has requested approval for a Comprehensive Land Use Plan Amendment for PID 16.021.0200; and,

WHEREAS, PID 16.021.0200 is currently guided in the Comprehensive Land Use Plan as R-1 Single Family Residential; and,

WHEREAS, the designation of these parcels shall be changed to be guided for R-1A Residential Rural District; and,

WHEREAS, under Isanti Zoning Code Section 21, Article 1 a Comprehensive Land Use Amendment is required to obtain approval of the Planning Commission and City Council; and,

WHEREAS, the Planning Commission and City Council have considered possible adverse effects of the proposed amendment and the judgement of the Planning Commission and City Council with regard to the application shall been based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.
2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.
3. There is adequate infrastructure available to service the proposed action.
4. There is an adequate buffer or transition provided between potentially incompatible districts.

WHEREAS, the City of Isanti Planning Commission recommended approval of the Comprehensive Land Use Plan Amendment on October 18, 2022; and,

WHEREAS, the City of Isanti City Council reviewed the requested Comprehensive Land Use Plan Amendment at its regularly scheduled meeting on November 1, 2022;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, that it adopts the Comprehensive Land Use Plan Amendment.

FINDINGS OF FACT AND CONCLUSION

Request

Request by Stephanie Neumann for a Conditional Use Permit for Horse Stables located at PID 16.021.0200 within the R-1A Residential Rural District.

Findings of Fact

1. The applicant is requesting approval of a Conditional Use Permit for Horse Stables for the property located at PID 16.021.0200.
2. The Property is zoned R-1A, Rural Residential District.
3. A public hearing on the matter was scheduled before the City of Isanti Planning Commission on October 18, 2022 at 7:00 p.m. at City Hall within the City Council Chambers.
4. Notice of the Conditional Use Permit application was published with the *County Star* on October 6, 2022. Notices were sent to all property owners located within 350 feet of the aforementioned address.
5. Section 21, Article 2: Conditional Use Permits, Subdivision 3(D) of the Zoning Ordinance establishes factors that the judgement of the Planning Commission shall be based upon when reviewing a Conditional Use Permit request as well as Section 21, Article 2: Conditional Use Permits, Subdivision 4 General Performance Standards of the Zoning Ordinance establishes additional general standards that shall be used to evaluate any proposed Conditional Use Permit request.

Conclusions

1. In review of the standards established in Section 21, Article 2, Conditional Use (D); the following conclusions have been made (*conclusions to each requirement are shown in italics):*

   A. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.
   The intended use of the parcel for horse stables and pasture will not bring major change to the area. A majority of the land will be used for pastures and grazing land for horses and a building for indoor horse stables is proposed on the north end of the property. While evaluating the request and comparing it to the goals of the City's Comprehensive Plan, the intended use does not negatively affect surrounding properties and there will be no change needed to public facilities and capital improvement plans.

B. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.
The proposal of horse stables on this parcel will meet the purpose and intent of the R-1A Residential Rural zoning district in that the inclusion of the horse stables will keep this land for the enjoyment of a rural lifestyle and the indoor stables would consist of minor low-density development.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.
The stables will not be detrimental or endanger the public. Specific regulations for the keeping of horses (found in the Text Amendment section) will further protect the public for the upkeep and maintenance of the operation.

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.
The stables will not impact the enjoyment of surrounding properties and is not expected to diminish or impair property values within the area.

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
Due to the location of the parcel, it is not presumed that normal and orderly development and improvement would be affected by this conditional use.

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.
Public facilities and services would not be negatively impacted and would be able to accommodate the use as necessary.

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.
The stables will have to meet requirements found in the R-1A zoning district for setbacks for a principal building. Plans for the stables will need to be approved by city staff at the time of building permit submittal.

H. The conditional use complies with the general and specific performance standards as specified by within this Article.
The proposed conditional use will comply with the general and specific performance standards specified within this Article.

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on October 18, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Lundeen, seconded by Collison to recommend approval of the Conditional Use Permit for Horse Stables at PID 16.021.0200.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: October 18, 2022

SUBJECT: Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to Residential Rural and CUP approval for horse stables in the R-1A Zoning District.

Request: The applicant, Stephanie Neumann is requesting a Zoning Ordinance Text Amendment to allow for the keeping of horses in a R-1A zoning district, a comprehensive plan text/map amendment to rezone PID 16.021.0200 to R-1A Residential Rural and to approve a conditional use permit for a horse stable within the R-1A zoning district.

Overview/Background: The applicant would like to construct horse stables for private boarding on a 38.1-acre vacant lot located just within Isanti's limits along the northeast border. Currently, horses are considered prohibited animals in Isanti according to Chapter 87 of City Code. Staff have researched how surrounding municipalities regulate horses, and have discussed regulations that would be beneficial to the Isanti community. In order to fulfill the request for horse stables on this property, multiple changes have to be made within the City Zoning Ordinances and a section in city code will need to be added to allow and regulate the keeping of horses.

The parcel is currently zoned R-1 "Single Family Residential" and is proposed to be rezoned to the R-1A "Residential Rural Zoning District". The R-1A zoning district provides less restrictions than an R-1 district, due to the size and location of these parcels.

Analysis of Application: The analysis of the request is broken up in sections for the Rezoning, Comprehensive Plan/Zoning Text and Map Amendment, Conditional Use Permit and the proposed horse regulations in city code. Voting shall take place for each request as they are separate items.

Rezoning/Map Amendment

The current zoning of PID 16.021.0200 is R-1 "Single Family Residential" and is proposed to be rezoned to R-1A "Residential Rural Zoning District". The R-1A zoning district was created with the intent of providing residential development while keeping the enjoyment of a rural lifestyle. Staff believes that this zoning district would be the right designation for horses based on larger lot sizes and the location of the parcels on the exterior borders of city limits. The PID in question is just within city limits along the northeast border with Isanti Township. A Rezoning also constitutes a change to the current zoning map and also land use maps within the City's Comprehensive Plan.

A rezoning request is determined by the judgement of the Planning Commission and shall be based upon the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the City Comprehensive Plan, including public facilities and capital improvement plans.

   The intended use of the parcel for horse stables and pasture will not bring major change to the area. A majority of the land will be used for pastures and grazing land for horses and a building for indoor horse stables is proposed on the north end of the property. While evaluating the request and comparing it to the goals of the City's Comprehensive Plan, the intended use does not negatively affect surrounding properties and there will be no change needed to public facilities and capital improvement plans.

2. The proposed action meets the purpose and intent of this Ordinance or in the case of a map amendment; it meets the purpose and intent of the individual district.

   The parcel meets the minimum lot requirements for the R-1A "Residential Rural" zoning district in that it is over 1 acre in size. The R-1A requirements will need to be amended to allow horse stables as a Conditional Use to fulfill the intent of the rezoning and is analyzed in this report in a following CUP section.

3. There is adequate infrastructure available to service the proposed action.

   The intended use will not require infrastructure changes to accommodate the request.

4. There is an adequate buffer or transition provided between potentially incompatible districts.

   The parcel is completely surrounded by properties zoned R-1 "Single Family Residential". The golf course which is currently not operating surrounds the south and west boundaries. Vacant land and one residential property surround the parcel to the north and east. City staff believes that there is an adequate buffer and natural transition of surrounding uses based on the size of the parcels and locations of existing residences.

Conditional Use Permit – Horse Stables

Staff believes that horse stables shall require a Conditional Use Permit in the R-1A zoning district. Each request will be reviewed by the Planning Commission and City Council to ensure that the use is not detrimental to surrounding properties and to determine the suitability of the use in regards to the general welfare, public health and safety.

The Planning Commission shall hold a public hearing and consider possible adverse effects of the proposed Conditional Use. The judgment of the Planning Commission shall be based upon, but is not limited to the following factors:

1. The proposed action has been considered in relation to the specific policies and provisions of and has been found to be consistent with the goals and objectives of the Comprehensive Plan, including public facilities and capital improvement plans.

   Response found above in "Rezoning" section.

2. The proposed action meets the purpose and intent of this Ordinance and the underlying zoning district.

   The proposal of horse stables on this parcel will meet the purpose and intent of the R-1A Residential Rural zoning district in that the inclusion of the horse stables will keep this land for the enjoyment of a rural lifestyle and the indoor stables would consist of minor low-density development.

3. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort.

   The stables will not be detrimental or endanger the public. Specific regulations for the keeping of horses (found in the Text Amendment section) will further protect the public for the upkeep and maintenance of the operation.

4. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood.

   The stables will not impact the enjoyment of surrounding properties and is not expected to diminish or impair property values within the area.

5. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

   Due to the location of the parcel, it is not presumed that normal and orderly development and improvement would be affected by this conditional use.

6. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed.

   Public facilities and services would not be negatively impacted and would be able to accommodate the use as necessary.

7. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

   The stables will have to meet requirements found in the R-1A zoning district for setbacks for a principal building. Plans for the stables will need to be approved by city staff at the time of building permit submittal.

8. The conditional use complies with the general and specific performance standards as specified by within this Article.

   The proposed conditional use will comply with the general and specific performance standards specified within this Article.

Text Amendments:

The request to keep horses and build stables on this property require amendments to both the zoning ordinances and also the city code. Changes to the text are indicated below either by having a line through the words if text is being removed and underlined if text is being added. These changes have been separated by zoning ordinance amendments and city code amendments and are analyzed below:

Zoning Ordinance Amendments:

- The term "Horse Stables" must be added to the list of Conditional Uses within the R-1A Zoning District:

  ARTICLE SIX: "R-1A" RESIDENTIAL RURAL DISTRICT

  Subdivision 4: Conditional Uses

  The following are conditional uses allowed in the "R-1A" Single-Family Residential Rural District and shall require a Conditional Use Permit based upon the procedures set forth and regulated by Section 21 of this Ordinance. Additional specific standards and criteria may be cited for respective conditional uses and a request shall be evaluated based upon those additional standards and criteria.

  I. Horse Stables

City Code Amendments:

- "Horses" must be regulated and added to Article 1 Keeping of Certain Animals within Chapter 87 of City Code:

§ 87-1.5 **Horses.**

The City allows the keeping of horses on residential properties, subject to the following requirements:

A. Must be located in an R-1A Residential Rural Zoning District.

B. Must have at least 30 acres of land between 1 or more adjacent parcels under the same ownership.

C. There shall be no more than 1 horse per 2 acres of land.

D. A Conditional Use Permit is required for horse stables within the R-1A Residential Rural Zoning District.

E. Stables are required and shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.
   (4) The property owner shall maintain the stable such that they are in good shape, not unsightly and free from major defects.

F. The owner must keep the horses in a fenced area. Fence type shall be reviewed by City Staff.

G. The property owner shall properly store all animal feed such to ensure that it does not attract insect or rodents.

H. The property owner shall dispose of all animal waste in an appropriate manner on a weekly basis.

I. Manure stockpiles shall:
   (1) Be located at least 50 feet from a side or rear property line.
   (2) Not be located in a drainage or utility easement or in a shoreland protection area or in a wetland setback area.
   (3) Be at least 100 feet from any residential dwelling on any adjacent property.

(4) Have a management plan that meets requirements set by the Minnesota Pollution Control Agency.

J. No person may ride or drive an animal regulated under this article after sunset or below sunrise along or crossing a public way without appropriate lighting or reflectorized clothing.

K. No person, firm, or corporation will permit any animal regulated under this article to run at large within the city. Any such animal will be deemed "at large" when it is off the premises owned or rented by its owner and unattended by the owner or any agent or employee of the owner.

L. The animal control authority, any peace officer of the state, and any other personnel under the direction and control of the city, or any agent of the city, may impound any such animal found at large as regulated by Minn. Stats. § 374.14.

City staff have researched surrounding cities regulations for the keeping of horses and the regulations above have been modified to better fit the City of Isanti while staying consistent with language from other regulated animals within City Code.

Staff Recommendation: Staff recommends approval of the Zoning Ordinance Text Amendment to allow the keeping of horses in the R-1A zoning district, a rezoning of PID 16.021.0200 to R-1A Residential Rural and Conditional Use Permit approval for horse stables in the R-1A Zoning District.

Subject: Eagle Scout Project Proposal - Gaga Ball Pit by Will Wood

Background:
On October 17th, 2022 City Staff received an Eagle Scout project request by Will Wood, Troop 16.

Will would like to build a Gaga Ball Pit to help the City add more recreation opportunities for youth in Bluebird Park. Having activities available will bring more youth of varying ages to the park. The project would be in the Spring with completion by end of May, 2023. Will plans to build a Gaga Ball Pit custom and use a local metal manufacturing Isanti business for the brackets. The cost to the City would be $600 or less.

An Eagle Scout Service Project is an opportunity for a Scout in Scouts of America to demonstrate service and leadership of others while performing a project for the benefit of a community or organization. The Scout must propose a plan, share the benefit and execute the project using skills they have gained throughout their scout journey.

Gaga is a fast paced, high energy sport played in an octagonal pit. The game is played with a soft foam or rubber ball and combines the skills of dodging, striking, running, and jumping, while trying to hit opponents with a ball below the knees. Players need to keep moving to avoid getting hit by the ball. This sport is becoming more and more popular and is often added to recreational areas within cities, churches, campgrounds, camps and more.

The Park, Recreation and Culture Board was in support of this project and voted 3-0 at its October 25th, 2022 meeting to move it to the City Council for their approval.

RESOLUTION NO. 2022-XXX

A RESOLUTION AUTHORIZING WILL WOOD TO CONSTRUCT A GAGA BALL PIT IN BLUEBIRD PARK AS PART OF A 2023 EAGLE SCOUT PROJECT

WHEREAS, on October 17, 2022, the City of Isanti had received a request from Will Wood for the placement of a gaga ball pit located at 201 Isanti Parkway NW in Bluebird Park as part of his 2023 Eagle Scout Project; and,

WHEREAS, the City of Isanti owns the property located at 201 Isanti Parkway NW; and,

WHEREAS, Mr. Wood had prepared a written request outlining the specifications for what he intends to build; and,

WHEREAS, Mr. Wood would obtain all materials necessary to complete the project before the project begins; and,

WHEREAS, the Parks, Recreation, and Culture Board voted 3-0 to recommend moving this project forward for City Council approval,

WHEREAS, the Parks, Recreation, and Culture Board will select final placement of the gaga ball pit; and,

WHEREAS, the City Council must review and approve any improvements that would occur on City owned property as well as authorize any funding requests associated with such projects; and,

WHEREAS, the City of Isanti Public Works would maintain the gaga ball pit upon completion of the project; and,

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota authorizes Will Wood to donate labor to construct a gaga ball pit located at 201 Isanti Parkway NW.

BE IT FURTHER RESOLVED by the City Council of the City of Isanti, Minnesota hereby approves the request for funding for such project, in an amount not to exceed $600.00 to be provided from 101-45300-404 Repairs/Maintenance/Machinery/Equipment.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE CITY OF ISANTI
AND
LAW ENFORCEMENT LABOR SERVICES, INC. LOCAL #217

This Memorandum of Understanding ("MOU") is made by and between the City of Isanti, Minnesota ("City") and Law Enforcement Labor Services, Inc., Local #217 ("Union").

WHEREAS, the City and the Union are parties to a collective bargaining agreement ("CBA") effective January 1, 2023 through December 31, 2025, setting forth terms and conditions of employment for City police officers, including a provision for calculating longevity credit for prior law enforcement experience (Article 17.8); and,

WHEREAS, the City desires to calculate the prior experience of each officer the same for clarity and consistency as follows:

> Prior full-time work experience will be calculated using whole months that are equivalent to years (total months / 12). One (1) day or thirty-one (31) days in a single month will count as credit for an entire month. The longevity credit will be applied *(1-year prior full-time experience = 0.5 years longevity credit)*. Then years of longevity credit would always be rounded up.
>
> Example: 105 months of prior service equals 8.75 years. 0.5 years credit would be 4.38 years. Then the calculated years of longevity credit would be rounded up to the nearest whole number, 5 years.
>
> In this example, upon completion of the officer's 5th year of service with Isanti, they would have 10 years of service total, per this calculation method. Upon completion of the 10th, 15th and 20th year of service, which would include the calculated years of service credit detailed above, 2%, 4% or 6% longevity would be applied per the contract, Article 17.4, to the base wage for the respective officer.

NOW THEREFORE, the parties agree as follows:

1. Notwithstanding the language of Article 17.8, longevity shall be calculated using the following calculation method

   A. Prior full-time work experience will be calculated using whole months. One (1) day or thirty-one (31) days in a single month will count as credit for an entire month.

   B. The total number of whole months shall then be divided by 12 for purposes of determining the number of years to be used in the calculation.

   C. The number of years of longevity credit shall be rounded up.

   D. The rounded up years shall then be used to calculate the longevity credit *(e.g., 1-year prior full-time experience = 0.5 years longevity credit).*

2. This MOU constitutes the entire agreement between the parties relating to the matters identified herein. No party has relied upon any oral statements or promises that are not set forth in this document. No changes to this MOU will be valid unless they are in writing and signed by the parties.

3. This MOU shall be effective January 1, 2023- December 31, 2025, or until a successor collective bargaining agreement is ratified and approved, whichever is later

4. The parties agree that this MOU shall not be considered precedent setting, constitute a past practice, or be used as evidence in any proceeding involving the City and the Union other than for purposes of enforcement of this MOU.

5. This MOU shall for all purposes be deemed to have been mutually drafted.

IN WITNESS WHEREOF, the parties have caused this Memorandum of Understanding to be executed this _____ day of _____, 2022.

MEMORANDUM

Date: November 7, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: South Brookview Improvements Project – Final Assessment Hearing
City of Isanti, MN
BMI Project No. 0R1.126222

Attached is the final assessment roll for the South Brookview Improvements project.

The assessments for this project are based on 25% of the assessable street cost in accordance with City code 276.

The final assessments, based on the amount bid and quantities constructed, is $15.85 per assessable front footage. This is an average of $1,571.69 per parcel. The preliminary engineering report had an estimated average assessment of $1,825.54 per parcel. The average assessment on this project is $253.85 ***less*** than presented at the improvement hearing.

It is proposed to do a 10-year payment schedule levied on the property taxes with a 4.54% interest rate. beginning in 2023. This comes out to an average parcel cost of approximately $200/year.

The total cost proposed to be assessed to benefiting properties is $127,307.20.

We recommend approving the final assessment as presented.

Please contact me at (763) 200-2444 if you have any questions.

RESOLUTION 2022-XXX

ADOPTING ASSESSMENT FOR THE SOUTH BROOKVIEW IMPROVEMENTS PROJECT

WHEREAS, pursuant to proper notice duly given as required by law, the City Council has met, heard and considered any and all objections to the proposed assessment for the South Brookview Improvements Project, consisting of the improvement of: South Brookview Lane SW, Marion Street SW, Nina Street SW, Page Street SW and 8th Avenue SW between Whiskey Road and 6th Avenue SW. Said improvement consisted of the reconstruction of street, and curb and gutter repair. The proposed assessments are for the above described work.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ISANTI, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.

2. Such assessment shall be payable in equal annual installments extending over a period of ten (10) years, the first of the installments to be payable on or before May 15, 2023, and shall bear interest at the rate of 4.54 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from January 1, 2023 until December 31, 2023. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

3. The owner of any property so assessed may, at any time prior to certification of the assessment to the County Auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the City Treasurer, except that no interest shall be charged if the entire assessment is paid within 30 days and may, at any time thereafter, pay to the County of Isanti the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.

4. The City Clerk shall forthwith transmit a certified duplicate of this assessment to the County Auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution is hereby adopted by the City Council of Isanti, Minnesota this 15th day of November 2022.

ORDINANCE NO. XXX

AN ORDINANCE AMENDING ORDINANCE NO. 716 ADOPTED ON 1-7-2020 AND TITLED WATER

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 1- Amendment. Ordinance 716, codified in Chapter 325 of City Code, are hereby amended as follows:

Chapter 325

Water

ARTICLE III Private Wells

§325-13 Private wells; testing; water quality; condemnation.

The City Council recommends that private wells used for human consumption be tested on an annual basis and follow the State of Minnesota Department of Health guidance for health and safety. Private wells with water that is unfit for human consumption will be required to hook up to the public water system, if available.

A. Water quality standards. For the purposes of this article, in order for water from private wells located in the City of Isanti to be deemed fit for human consumption, the chemical analysis of such water must indicate that said water complies with the following standards:

(1) Bacteriological. The maximum contaminant level for coliform bacteria in water from private wells is zero.

(2) Nitrates. The concentration of nitrates (as N) in water from private wells shall not exceed 10 milligrams per liter.

B. Certain private wells condemned. All private wells used to provide water for human consumption in the City found to be unfit for human consumption as a result of chemical analysis of said water, are hereby declared to be a nuisance and are hereby condemned. Upon hearing and proper findings by the City Council, the owner of the building or premises served by such private well is required to apply for and hook up to the City water system. Upon failure or refusal by said owner to apply and hook up, the Council may order such hookup and assess the costs and interest as determined by the City Council, against the premises affected as a special assessment payable in one lump sum with the real estate taxes due the following year as per § 325-12 of this chapter.

Section 2- Effective Date.
This Ordinance takes effect upon its passage and publication in the official newspaper of the City of Isanti.

Adopted by the City Council this 15th day of November 2022.

RESOLUTION 2022-XXX

APPROVING CERTIFICATION OF DELINQUENT CHARGES FOR CITY SERVICES PAYABLE IN 2023

WHEREAS, pursuant to City Code § 262-7 B. and City Code § 281-5 B. (2), all accounts more than 30 days past due as of September 30, 2022, and the same having been properly billed to the owner or occupant of the premises served, may be certified by the City Clerk as unpaid and delinquent to the County Auditor;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota, as follows:

1. That the list of delinquent charges for city services (Attachment 'A'), a copy of which is attached hereto and made a part hereof, identifies the amount of the delinquent water, sewer, and storm water charges that are to be levied against said properties for taxes payable year 2023.

2. Per City Code Chapter 160 a $30.00 special assessment Fee shall be added to each of the delinquent accounts identified in Attachment A, upon presentation to the county auditor.

3. The City Clerk shall forthwith transmit a certified duplicate of these listings (delinquent charges for city services) to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

This resolution was duly adopted by the Isanti City Council this 15th day of November 2022.

Memo for City Council

To: Mayor Johnson and Members of the City Council
From: Josi Wood, City Administrator
Date: December 6, 2022
Subject: ORD-XXX An Ordinance Amending City Code Chapter 262; Sewer and Water Service Charges

Background:

The current residential equivalent connection (REC) assessment table was last updated in 2015. Staff completed a review of the REC assessment table and Chapter 262, Sewer and Water Service Charges, to determine if updates should be made.

Recommended changes were discussed at the Committee of the Whole meeting on November 15th, 2022. The most impactful revision was to food and drink establishments (formerly labeled as restaurants) going to a square foot calculation instead of the number of seats as well as giving a 75% discount calculation for outdoor seating. In addition to staff's recommendations, the miniature golf assessment was revised to one SAC/WAC charge instead of the current three. All other recommended changes by staff were in alignment for what the Committee thought was in the best interest of the City.

Staff made other changes to Chapter 262 for cleanup and to reduce redundancy as follows:

- Residential Equivalent Connection definition was added
- Section 262-4 (G) references the REC Assessment Table
- Section 262-4 (H) Allows for payments of large SAC/WAC charges not to exceed a certificate of occupancy or six months from time of building application is approved
- 262-Article III was removed in its entirety because it is included in the REC Table
- The REC Assessment Table was added to Chapter 262 as 'Attachment 3'

The Ordinance draft has been posted for the required 10 – day notice period.

Request:

Staff is requesting action on this item.

ORDINANCE NO. XXX

AN ORDINANCE TO AMEND ORDINANCE NO. 766, ADOPTED ON FEBRUARY 10, 2022, ORDINANCE NO. 763 ADOPTED ON JULY 20, 2021 AND ORDINANCE NO. 717, ADOPTED ON JANUARY 7, 2020 AND TITLED SEWER AND WATER SERVICE CHARGES

THE CITY COUNCIL OF THE CITY OF ISANTI DOES ORDAIN:

Section 1 – Amendment. Ordinance No. 766, Ordinance No. 763 and Ordinance No. 717 are hereby amended as follows:

Chapter 262

SEWER AND WATER SERVICE CHARGES

Section 262-1 Definitions.

Residential Equivalent Connection (REC) - a unit of measure for water impact fees and for sanitary sewer impact fees equivalent, respectively, to the amount of water capacity needed to supply one residential dwelling unit for consumption purposes, and such water capacity needed to service one residential dwelling unit as to wastewater.

Section 262-4 Sanitary Sewer and Water Rates.

G. Residential equivalent connection (REC).
REC units will be established by the City Council and be calculated as follows:

(1) Single-family houses and Duplex: 1.0 unit per SAC and WAC.

(2) Condominium and Townhomes: 1.0 unit per SAC and WAC.

(3) Apartments: see REC Table per SAC and WAC.

(4) Commercial and Industrial: see REC Table per SAC and WAC.

For REC Table see Chapter 262, Attachment 3. One SAC is based on 274 gallons per day of daily flow.

H. Payment for SAC/WAC REC Table Uses. Such Building Permit applicants may be approved to submit the SAC/WAC payment in equal installments, not to exceed six (6) months from time of approved building permit, subject to the City Administrator, or Designee's, approval. All fees must be paid prior to a temporary certificate of occupancy (CO) or CO being issued.

I. Trunk utility charges. Trunk utility charges have been established for new subdivided areas of the City that did not pay for the original sanitary sewer system and water system.

Chapter 262 - Article III, Sections 9-12 (removal).

Article III, Section 262-13

Violations and penalties. Any person violating any provision of this chapter shall, upon conviction thereof, be punished as provided by Chapter 1, Article I, of this Code of the City of Isanti. A separate offense shall be deemed committed for each day the violation shall continue.

MEMO

To: **Mayor Johnson & City Council Members**

From: Finance Director Betker

Date: December 6, 2022

Subject: 2023 Final Budget and Levy Adoption

Background:

The proposed final property tax levy is $4,042,954 and reflects an increase in the taxable market value for 2023 of 27.83%.

The proposed final property tax rate is 57.66%, a decrease of 2.30% from 2022 and a decrease of 27.57% from the 2018 tax rate of 79.60%. The 15-year average tax rate from 2008 thru 2022 is 66.70%

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures thru October, actual maintenance agreements and contracted costs. All wages include a 4% COLA for 2023 and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/Liability/Volunteer Insurance, and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2022 and any necessary inflationary factor was applied. Health Insurance premiums increased, depending on plan structure, between 28.5% and 29.6%.

The following changes have been made to the budget since last discussed at the October Committee of the Whole meeting.

RE: East Central Regional Arts Council (ECRAC) Arts and Cultural Heritage Fund (ACHF) Organization Grant #23-7E-109

Dear Mr. Clementson,

I am writing regarding your grant application for funding through the East Central Regional Arts Council Arts & Cultural Heritage Fund Organization Grant Program. On behalf of ECRAC, I am pleased to inform you that funding was approved in the amount of $15,000 for your project, *Bluebird Amphitheater.* Congratulations!

This is the Notification of Grant Award (NGA) Contract and the Request for Payment (RFP) form. Any special grant stipulations from the ECRAC board will be noted on the NGA. Within 45 days, please review, sign, and return the NGA with the completed and signed Request for Payment. A completed signed copy of the NGA/RFP will be emailed to you and is for your records. Checks cannot be issued until all forms are signed by both the Project Director and the Authorized Signer for the Organization.

Your grant final report was assigned on November 16, 2022, please reference the email from that date for additional information regarding your grant. For example, if you haven't already done so, please schedule Grant Management Training with Katina Eklund, Grant Program Officer by clicking here. Note that all emails can be found in the grant portal next to your applicant profile by clicking on the "Contact Email History" link.

I also want to remind you that if you anticipate any changes in your project from what you proposed in the application you should notify ECRAC, in writing, prior to making the grant project amendments. This includes any budget changes of more than 20% per line item. Additional information regarding project changes can be found by clicking here. If no changes are made, this grant funded project should be carried out as you proposed, and as the ECRAC Board Members approved.

The funding for this grant program comes directly from the Clean Water, Land and Legacy Amendment to the Minnesota Constitution. To ensure the continued availability of such funds, it is very important that Legislators know that state arts funds are being used in this region and to inform them of the types of activities that are being supported. We ask that you send a letter to your Legislators thanking them for their support of the arts, telling them about your ECRAC Arts & Cultural Heritage Fund project and, if applicable, inviting them to attend any project related activity. For your convenience, we will include a sample letter in your grant portal, documents section. Once you have completed your letters, send a copy to the ECRAC for our records.

You must ensure that the ECRAC funding credit line found in the grant guidelines and NGA contract below is legibly included in all publicity for this grant project. You will also need to use the logos for both ECRAC and the ACHF Legacy Fund, and use #ArtsLegacy and #ecrac for any social media. Failure to do so may jeopardize future funding from ECRAC for your organization. The logos are available on the ECRAC website by clicking here.

In addition, within your grant portal are the mailing addresses of the ECRAC Board Members. Please include them on your mailing distribution list. Finally, remember to email info@ecrac.org with your press release or public service announcements (text only) add your event(s) to the ECRAC online calendar https://www.ecrac.org/art-community/events-calendar. For your convenience, information on how to write a public service announcement can also be found on your grant dashboard.

In any future applications, the grantee is encouraged to: better explain the community planning for the proposed project; to consider a plan to support participants who may not be able to pay the entire participation fee for the proposed project; and to only include the Park, Rec, Culture budget rather than the entire City budget. (Per the guidelines.)

Please contact Grant Program Officer Katina Eklund with any questions or grant project change requests at (320) 591-7034, or via email at grantinfo@ecrac.org.

Sincerely,

Mary Minnick-Daniels

TERMS OF CONTRACT

Agreement between East Central Regional Arts Council (ECRAC) and City of Isanti.

In order to finalize the grant, you must, within 45 days, have the Grantee Project Director, and an authorized organization official, sign and return this contract; and also have the authorized organization official sign and return the Request for Payment (RFP).

In accepting and receiving these grant funds in the amount of $15,000, the Grantee agrees/certifies to the following terms and conditions:

1. That this funding will be used in implementation of East Central Regional Arts Council's grant program as outlined in the current guidelines and as proposed in the ECRAC approved grant application submitted by the Grantee. The approved grant proposal is incorporated herein and the funding is contingent on funding availability.
2. That any ECRAC Arts and Cultural Heritage Funds are spent only on activities that are directly related to and necessary to accomplish the intended grant program or project. Arts and Cultural Heritage Funds may not be spent on administrative costs, indirect costs, or other institutional overhead charges that are not directly related to and necessary for a specific program or project.
3. That the grant funded project will be carried out in compliance with the grantee's submitted and approved project description, budget, dates, and outcome evaluation, as the grantee set forth in the approved application; and, as reflected in the information contained in the terms of this contract (NGA) and the current ECRAC grant guidelines.
4. To notify ECRAC staff in writing, for prior approval, of any proposed changes to the grant project or any revision of the approved budget of 20% or greater per line item. The Regional Arts Council must preapprove significant changes in the project such as changes in dates, project goals or outcomes, and/or budget changes of 20% or greater (per line item). No revisions are allowed to this agreement or to the grant project without ECRAC prior approval.
5. That accurate financial documentation and records will be tracked separately from other accounts regarding the project and all costs.
6. That all eligible costs must be incurred during the approved project period of the grant contract.
7. That a project final report shall be forwarded to ECRAC on the format provided within 60 days following the project end date and all grant project proofs of payment (including copies of all supporting paid receipts or canceled checks; sales slips; and any vouchers for contributions – including in-kind contributions, if applicable) will be available per ECRAC request for 3 years after project ends.
8. That all project accounts and records shall be made available to ECRAC upon request and such accounts and records shall be retained for at least three (3) years following grant project completion. These obligations survive beyond the expiration date of this grant contract.
9. That access to participation in the project will not be limited on the basis of national origin, race, religion, age, gender or disability. ECRAC has information available regarding ADA compliance, if needed.
10. That the Grantee agrees to indemnify, save and hold harmless the East Central Regional Arts Council, the Board, its agents, and the employees from any and all claims or causes of action arising from or relating in any way to this agreement. This clause must not be construed to bar any legal remedies Grantee may have for the ECRAC's failure to fulfill its obligations pursuant to this agreement.
11. That the project will be publicized and advertised throughout the region (the 5 counties of Chisago, Isanti, Kanabec, Mille Lacs, and Pine, unless stated otherwise in the application). Any publicity (such as news releases, advertisements, posters and programs related to the project) is the sole responsibility of the Grantee.
12. That both the ECRAC and the ACHF logos will be used in all publicity. Also, that #ArtsLegacy and #ecrac will be used for social media, and that the following statement will be included legibly in all grant project publicity and programs:
    "This activity is made possible by the voters of Minnesota through a grant from the East Central Regional Arts Council, thanks to a legislative appropriation from the arts and cultural heritage fund."
13. That all grant project press releases, advertisements or public service announcements will be emailed to ECRAC (info@ecrac.org) at least one month prior to all scheduled events and submit each grant event to the ECRAC Event Calendar online.
14. That any grant activities occurring outside of Region 7E (unless part of the ECRAC approved grant proposal) and ALL travel outside of Minnesota are prohibited under this grant contract.
15. That any grant funds not expended by the Grantee in carrying out the project, or expended in violation of this contract, shall be returned to ECRAC when the Final Report is submitted.
16. That the Grantee will return the entire grant award to ECRAC in the event the project cannot be completed as stated.
17. That failure of the Grantee to comply with any of these terms of the grant award shall result in the suspension of the award pending ECRAC action.
18. That the distribution of grant funds will be determined by the amount of approved budget, the scope and time frame of the project, and by completion of financial and project reports as indicated.
19. Other conditions as described herein, if any: Grantee must provide confirmation that a signed/paid contract has not yet been executed prior to the earliest project start date ofJanuary 15, 2023. If so, this grant project is ineligible for ECRAC grant funding per the Grant Guidelines. Grantee must also confirm the earned income for the project is correct, $2,000 per the grant application narrative. Signing this contract will suffice for confirmation.
20. AWARD/FINAL REPORT SCHEDULE: Within 45 days of receipt of the completed and returned NGA/RFP, ECRAC will schedule an appointment with the Grantee to receive the full grant amount (unless otherwise stipulated above), final report form information, and training at the ECRAC office. The completed final report form must be submitted within 60 days of the approved project end date. Failure to submit the final report will result in the Grantee becoming ineligible for future ECRAC grant funding.
21. That the Grantee is responsible for complying with all applicable federal, state and local laws, rules, regulations, and ordinances in relation to the use of these funds. Failure to comply may result in termination or forfeiture of the grant.
22. That future grants will be contingent upon complete compliance with the terms of this contract.

ECRAC reserves the right for three years from the project end date to audit all accounting policies, procedures, and financial and program records of projects receiving grant funds, and the right to publicize the award.

This agreement must not be considered accepted, approved, or effective until all required signatures are affixed. The grantee is responsible for the obligations contained herein. If the terms of the agreement are not clearly understood the grantee is advised to seek assistance before signing.

For the purposes of execution, the signatures of two different grantee representatives are required: one of the grant project director and the other a corporate official having the authority to enter into a contract on the grantee's behalf.

1. Resolution 2022-209 Interview Applicant Alexander Collins for Vacant Planning Commission Seat

Applicant Alexander Collins was interviewed by Mayor Johnson for the vacant Planning Commission Seat. Johnson asked questions specific to Planning Commission.

A motion was made to approve Alexander Collins to fill the vacant seat by Gordon, the motion was seconded by Collison. Motion carried 4-0.

City Administrator Josi Wood

2. City Council, Boards and Commission Meeting Dates for 2023

City Administrator Josi Wood shared it was discussed at Committee of the Whole that Planning Commission meetings will begin at 6:00 p.m. beginning in the new year to ensure public hearings have a specific time. Wood continued to share that three meetings will be on Wednesdays in 2023. These dates are July 5th, August 2nd November 8th.

Motion by Bergley, seconded by Collison to approve meeting dates as presented. Motion carried 4-0.

3. ORD-779 An Ordinance Amending City Code Chapter 262; Sewer and Water Service Charges

City Administrator Josi Wood shared the current residential equivalent connection (REC) table was last updated in 2015. Staff did a comprehensive review of the REC table and Chapter 262, to determine if updates should be made. It was recommended by Staff and discussed at Committee of the Whole on November 15th to have some changes. Recommended changes have been made to the attached pending ordinance and was posted for the required 10 days.

Motion by Bergley, seconded by Collison to approve ordinance as presented. Motion carried 4-0.

4. ORD-780 An Ordinance Amending City Code Chapter 160; Fees

City Administrator Josi Wood shared that the fee schedule is reviewed annually to see if any changes are warranted. The changes include removing the farmer's market fees, update valve plate cover fee to $115.00, add $5.00 for copies on a USB and Cannabinoid License for $250.00. The pending ordinance was posted for the required 10 days.

Motion by Collison, seconded by Bergley to approve ordinance as presented. Motion carried 4-0.

5. Archery Range Discussion
Councilmember Gordon asked for discussion in regards to the archery range being open year-round.

Community Development Director Stephanie Hillesheim shared that Council originally decided to have the Archery Range open seasonally to save on wear and tear of the targets. However, if Council desires to have it open year-round it can be done but expectation is to replace and repair targets more frequently. Hillesheim shared that currently the city is not plowing paths through the Archery Range and if Council desires to have the Range open year-round, what the plowing expectation is and if Council desired to have a picnic table stay at the Archery Range.

Consensus from Council is for the picnic table to stay at the Archery Range year-round.

City Administrator Josi Wood shared that the Archery Range could be plowed as part of the second day rotation which is when sidewalks and trails are plowed.

Councilmember Collison asked about changing a range for Crossbow use.

Chief of Police Travis Muyres responded there is no issue with having a crossbow target but an ordinance amendment would need to be done to allow for such activity.

A motion was made by Gordon to leave targets up year-round, plow archery range as part of the second day rotation and amend Ordinance to reflect the Archery Range open year-round, the motion was seconded by Bergley. Motion carried 4-0.

7. **Resolution 2022-211** Adopting Final 2022 Tax Levy Collectible in 2023
8. **Resolution 2022-212** Adopting Final 2023 Enterprise Fund Budgets
9. **Resolution 2022-213** Approving a Cost-of-Living Adjustment (COLA) for Non-Union Employees

Finance Director Mike Betker shared a PowerPoint presentation in regards to the 2023 budget. Highlights from the presentation include the proposed levy amount of $4,042,954.00 and reflects a taxable market value for 2023 of 27.83%. A proposed property tax rate of $57.66%, a decrease of 2.30% from 2022 and a decrease of 27.57% from the 2018 tax rate of 79.60%.

Mayor Johnson opened the meeting for public comment at 7:50 p.m.

Rick Larson, 311 8th Ave SW, shared concerns of market value increase of 25%.

Jeff Duncan, 407 12th Ave NW, shared levy concerns and increasing City property taxes.

Luke Merrill, 223 Broadway St, shared concerns of too many amenities, tax rate going down and taxes going up as well as the cost of the Splash Pad and Water Tower Project.

Jason Burke, 208 Richard Ave, shared concerns of too many amenities.

Megan Olson, 501 6th Ave, commented that the cost to live in Isanti is getting tougher.

Leroy Johnson, 510 Main Street W, commented that he is not against amenities but ongoing and long-term costs should be considered when selecting new amenities.

Jeff Holmgren, 508 Park Brook Rd NW, shared concerns of the need to get word out to the community in regards to projects.

Al Garber, 1223 Blossom Blvd, commented that amenities are not bad but it needs to be the right time for them.

Nick Izzo, 1107 Maplewood Ave SW, commented that whatever decision is determined, it needs to be understood that it has been communicated that a Splash Pad is coming. If the decision is reversed it needs to be communicated correctly to the community.

Elaine Fischer, 508 Main Street W, shared concerns about future amenities.

City Council discussed options to lower the levy.

A motion was made by Bergley to approve K.6. through K.9. with notable changes of reducing the levy in Fund 920 and General Fund 101 by $70,000.00 each, transfer $70,000.00 from Fund 609 to the General Fund 101 and reduction of $218,000.00 in Fund 920 Levy, the motion was seconded by Gordon. Motion carried 4-0.

MEMO

To: **Honorable Mayor and City Council**
From: Stephanie Hillesheim, Community Development Director
Date: December 13, 2022
Subject: Request from Midcontinent Communications

The EDA recently decided to plat 4 industrial lots and create the plat for Isanti Railview North Industrial Park. Midcontinent Communications is interested in purchasing Lot 1 Block 1 Isanti Railview North Industrial Park and extend City services to their site.

Working with the City Engineer we have arrived at an estimated cost breakdown of the costs to extend City Sewer and Water services to the sites:

Purchase Price of $118,000 for the lot paid by Midco.
The total build out of infrastructure for all 4 sites- $598,650
Total paid infrastructure costs paid by Midco: $262,450
Total from markup on 3 parcels: ($112,066 each) $336,200

All costs for the project would be bore by the sites.

The Economic Development Authority recommends approval of this item.

Action:
A Public Hearing shall be called and Council should take action on this item.

PURCHASE AGREEMENT

This Agreement is entered into by and between the **Economic Development Authority of the City of Isanti,** a Minnesota municipal corporation ("Seller"), and **Midcontinent Communications** a general partnership under the laws of South Dakota ("Buyer").

1. **EFFECTIVE DATE.** The effective date of this Agreement is November 8, 2022 (the "Effective Date").

2. **SALE OF PROPERTY.** Seller agrees to sell to Buyer, and Buyer agrees to buy from Seller the Property legally described as follows:

Lot 1 Block 1 of Isanti Railview North Industrial Park, City of Isanti, County of Isanti, State of Minnesota

Isanti County PID Number: 16.xxx.xxxx

3. **PURCHASE PRICE.** The purchase price for the Property is $118,000 (the "Purchase Price").

4. **EARNEST MONEY.** $5,000.

5. **SURVEY.** Buyer may, at Buyer's expense, obtain a survey (the "Survey") from a duly licensed surveyor. If so obtained, a copy shall be provided to Seller within 30 days of receipt by Buyer.

6. **TITLE COMMITMENT.**

   a. Seller makes no representations or warranties with respect to the status of title to the Property. Within 30 business days after the Effective Date, Buyer may, at Buyer's expense, obtain a commitment from Escrow Agent to issue an owner's policy of title insurance insuring Buyer's title to the Property (the "Title Commitment") and deliver the Title Commitment and copies of or internet access to copies of all recorded documents referenced in the Title Commitment to Buyer.

   b. Buyer shall have until the date 30 days after the receipt of the Title Commitment to review Title and to give Seller written notice of (i) any defects in the marketability of Seller title to the Property or any encumbrances on Seller's title to the Property that are objectionable to Buyer, and (ii) the specific actions Buyer requests that Seller take with respect to each such defect or encumbrance (a "**Title Objection Notice**"). Any

defects in or encumbrances on Seller's title that Buyer does not identify in a timely Title Objection Notice are each a "**Permitted Exception**." Within three business days after Seller's receipt of a Title Objection Notice from Buyer, Seller will notify Buyer, in writing, of the actions, if any, that Seller is willing to take with respect to each of the matters identified in the Title Objection Notice and the time frame in which Seller will take those actions ("**Seller's Title Notice**"). If Seller's Title Notice indicates that Seller unconditionally agrees to make Seller's title to the Property marketable on or before the closing date established pursuant to Section 13, the parties shall proceed to closing pursuant to the terms of this Agreement. If Seller's Title Notice indicates that Seller does not unconditionally agree to make Seller's Title to the Property marketable on or before the closing date established in Section 13, Buyer may, at any time with three business days after Buyer's receipt of Seller's Title Notice, terminate this Agreement by written notice to Buyer in which case this Agreement is terminated ("**Buyer's Title Termination Notice**"). If Buyer does not deliver a Buyer's Title Termination Notice to Seller within the three business days after Buyer's receipt of Seller's Title Notice, than Seller must perform in accordance with Seller's Title Notice, Buyer shall be deemed to have waived Buyer's objections to the extent Seller has not agreed to address them in Seller's Title Notice, the matters to which Buyer objected and Seller did not agree to resolve are deemed Permitted Exceptions, and the parties shall proceed to Closing in accordance with the terms of this Agreement and the terms of Seller's Title Notice.

7. **RIGHT OF ENTRY.** Buyer (and its employees, agents, and contractors) may enter the Property for the purpose of conducting soil tests, environmental tests and additional survey work, subject to the following conditions:

    a. Within one week after the termination of this Agreement, if either Seller or Buyer terminate this Agreement in accordance with the provisions hereof prior to Closing, Buyer must repair and or restore any damage Buyer or its employees, agents or contractors cause to the Property and remove any personal property, refuse or debris Buyer or its employees, agents or contractors brought onto or authorized third parties to bring onto the Property.

    b. Buyer must defend and indemnify Seller from and against and hold Seller harmless Seller from all "Claims," as defined in Section 10, arising out of, resulting from or relating to any loss of or damage to any property or business or out of any injury to or death of any person, if the loss, damage, injury, or death arises or is alleged to arise either directly or indirectly and either wholly or in part from: (a) any action or omission of Buyer or its employees, agents, or contractors, while on the Property pursuant to this Section; or (b) actions or omissions of Buyer or Buyer's employees, agents, or contractors that cause or result in the release of any Hazardous Substance onto the Property or onto other property.

    c. Buyer must comply with and shall cause it employees, agents, and contractors to comply with all applicable laws, while on the Property.

d. Other than a standard Phase 1 environmental assessment, Buyer may not commence any environmental testing on the Property until Buyer submits a work plan for such testing to Seller and Seller approves the work plan, in writing. Seller may not unreasonably withhold, condition or delay Seller's approval of a work plan.

e. Buyer must, promptly and without demand from Seller, provide Seller with true and complete copies of all draft and final reports relating to Buyer's geotechnical and environmental investigations and testing of the Property including, without limitation, any reports relating to any Phase I Environmental Site Assessment of the Property.

f. The cost of any test or additional survey work will be borne solely by Buyer.

8. **PROPERTY SOLD AS IS.** Subject to Buyer's right to terminate this Agreement pursuant to Section 9, Buyer agrees to accept the Property in its current condition, including, without limitation, its current environmental and geological condition, and in an "AS-IS" and with "ALL FAULTS" condition. Buyer's payment of the Purchase Price at Closing constitutes Buyer's acknowledgment and agreement that:

a. Seller has not made any written or oral representations or warranties of any kind with respect to the Property (including without limitation express or implied warranties of title, merchantability, or fitness for a particular purpose);

b. Buyer has not relied on any written or oral representation or warranty made by Seller, its agents or employees with respect to the condition or value of the Property;

c. Buyer has had an adequate opportunity to inspect the condition of the Property, including without limitation any environmental testing, and to inspect documents applicable thereto, and Buyer is relying solely on such inspection and testing; and

d. The condition of the Property is fit for Buyer's intended use.

e. Buyer accepts all risk of Claims (including without limitation all Claims under any Environmental Law and all Claims arising at common law, in equity or under a federal, state or local statute, rule or regulation) whether past, present or future, existing or contingent, known or unknown, arising out of, resulting from or relating to the condition of the Property, known or unknown, contemplated or uncontemplated, suspected or unsuspected, including without limitation the presence of any Hazardous Substance on the Property, whether such Hazardous Substance is located on or under the Property, or has migrated from or to the Property.

9. INSPECTION PERIOD.

a. Except as otherwise provided in Section 6, Buyer shall have **90 days from the Effective Date** (the "**Inspection Period**") to investigate the Property and determine, in Buyer's sole judgment, whether (i) the condition of the Property is suitable to Buyer's intended use; and (ii) Buyer will be able to obtain all governmental approvals (including, but not limited to, approvals necessary to subdivide and re-plat the Property, if applicable) and utilities necessary for Buyer's intended use of the Property. Buyer acknowledges and agrees that Seller has not made any covenants, representations or warranties regarding Buyer's ability to obtain governmental approvals from the City of Isanti or any other governmental entity. The City of Isanti will review, consider and act on any applications Buyer submits to the City for governmental approvals in accordance with City Code.

b. Buyer may, at any time on or before 5:00 p.m. on the last day of the Inspection Period, terminate the Agreement by written notice to Seller based on Buyer's determination, in Buyer's sole and absolute discretion, that the condition of the Property is not suitable for Buyer's intended use or that Buyer may not be able to obtain all governmental approvals and utilities necessary for Buyer's intended use of the Property. In addition, this Agreement automatically terminates at 5:00 p.m. on the last day of the Inspection Period unless, prior to that time Buyer delivers a written notice of Buyer's intention to proceed (a "**Notice to Proceed**") to Seller.

10. DEFINITIONS. As used in this Agreement:

"**Claim**" or "**Claims**" means any and all liabilities, suits, claims, counterclaims, causes of action, demands, penalties, debts, obligations, promises, acts, fines, judgments, damages, consequential damages, losses, costs, and expenses of every kind (including without limitation any attorney's fees, consultant's fees, costs, remedial action costs, cleanup costs and expenses which may be related to any claims).

"**Environmental Law**" means the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9601 et seq., the Resource Conservation and Recovery Act, 42 U.S.C. § 6901 et seq., the Federal Water Pollution Control Act (the Clean Water Act), 33 U.S.C. § 1251 et seq. the Clean Air Act, 42 U.S.C. § 7401 et seq., and the Toxic Substances Control Act, 15 U.S.C. § 2601 et seq., all as amended from time to time, and any other federal, state, local or other governmental statute, regulation, rule, law or ordinance dealing with the protection of human health, safety, natural resources or the environment now existing or hereafter enacted.

"**Hazardous Substance**" or "**Hazardous Substances**" means any pollutant, contaminant, hazardous substance or waste, solid waste, petroleum product, distillate, or fraction, radioactive material, chemical known to cause cancer or reproductive toxicity, polychlorinated biphenyl or any other chemical, substance or material listed or identified in or regulated by any Environmental Law.

11. RELEASE. By accepting the deed to the Property, Buyer, for itself, its directors, officers, stockholders, divisions, agents, affiliates, subsidiaries, predecessors, successors, and assigns and anyone acting on its behalf or their behalf hereby fully releases and forever discharges Seller from any and all Claims (including without limitation all Claims arising under any Environmental Law and all Claims arising at common law, in equity or under a federal, state or local statute, rule or regulation), past, present and future, known and unknown, existing and contingent, arising out of, resulting from, or relating to the condition of the Property, and Buyer hereby waives any and all causes of action (including without limitation any right of contribution) Buyer had, has or may have against Seller and anyone acting on its behalf with respect to the condition of the Property, whether arising at common law, in equity or under a federal, state or local statute, rule or regulation. The foregoing shall apply to any condition of the Property, known or unknown, contemplated or uncontemplated, suspected or unsuspected, including without limitation the presence of any Hazardous Substance on the Property, whether such Hazardous Substance is located on or under the Property, or has migrated from or to the Property.

12. NOTICES. Notices permitted or required by this Agreement must be in writing and shall be deemed given when delivered in legible form to the party to whom addressed. Notices may be sent by certified mail or e-mail. Notices are effective two business days after they are mailed via certified mail, return receipt requested or, if sent by email, upon email transmission (provided that any email transmission that occurs after 5:00 pm Pacific Time will be deemed provided on the following day). If delivered at the Closing, a notice shall be deemed given when hand-delivered to the party's representative at the Closing. The business addresses of the parties are as follows:

Seller: Josi Wood
City Administrator
City of Isanti Economic Development Authority
110 1st Ave. N.W.
Isanti, MN 55040
Email: jwood@cityofisanti.us

Buyer: Midcontinent Communications
3901 N Louise Ave
Sioux Falls, SD 57107

Email: tony.zwart@midco.com
And: notices@midco.com

Notices not given in the manner or within the time limits set forth in this Agreement are of no effect and may be disregarded by the party to whom they are directed.

13. CLOSING. This transaction shall close within 30 days after Buyer delivers a Notice to Proceed to Seller or on such earlier date as Seller and Buyer may establish by mutual,

written agreement. The Closing shall take place at City offices or at some other place as the parties may mutually agree prior to such date. At the option of either Party, the executed closing documents, Purchase Price and closing costs may be deposited with the City to avoid the necessity for a Closing at which the Parties are present.

a. **Seller's Obligations at Closing.** At Closing, Seller must deliver to Escrow Agent, for delivery to Buyer:

    i. A limited warranty deed, duly executed and acknowledged on behalf of the City, conveying title to the Property, subject to (A) Building, Subdivision and Zoning Ordinances; (B) Matters that would be disclosed by an accurate survey of the Property; and (C) matters that constitute Permitted Exceptions pursuant to Section 6.

    ii. A certified copy of a duly adopted Resolution authorizing Seller's sale of the Property to Buyer; and

    iii. Seller's affidavits, well disclosure certificate (if required), settlement statement approved by Seller and Buyer, and any other documents required by the Escrow Agent.

b. **Buyer's Obligations at Closing.** At Closing, Buyer must:

    i. Provide the Purchase Price; and

    ii. File or cause Escrow Agent to file an Electronic Certificate of Real Estate Value, if required and necessary.

c. **Closing Costs.**

    i. At Closing, the following Seller closing costs and expenses must be paid from the Purchaser Price or, if the Purchase Price is not sufficient, paid by Seller:

        1. Seller's own attorney's fees.
        2. The cost of real estate broker commission fees as prescribed in Section 14, if any.

    ii. At Closing Buyer must pay the Purchase Price to Seller and the following costs and expenses:

        1. Property taxes payable 2022, if any.
        2. Buyer's own attorney's fees.
        3. All closing fees.
        4. Documentary and recording fees for the deed(s).
        5. State deed tax.

6. The cost of the title commitment.
7. The cost of the owner's title insurance policy, if Buyer elects to purchase an Owner's title insurance policy.

d. **Possession.** Seller must deliver possession of the Property to Buyer at Closing.

14. REAL ESTATE BROKERS. Seller and Buyer represent and warrant to each other that they have dealt with no brokers, real estate agents, finders or the like in connection with this transaction. Seller and Buyer agree to indemnify each other and to hold each other harmless against all claims, damages, costs or expenses of or for any broker's fees or commissions resulting for their actions or agreements regarding the execution or performance of this Agreement, other than the fees payable to Seller's Broker, and will pay all costs of defending any action or lawsuit brought to recover any such fees or commissions incurred by the other party, including reasonable attorney's fees.

15. ASSIGNMENT. This Agreement may not be assigned without the written consent of the non-assigning Party.

16. THIRD PARTY BENEFICIARY. There are no third-party beneficiaries of this Agreement, intended or otherwise.

17. JOINT VENTURE. Seller and Buyer, by entering into this Agreement and completing the transactions described herein, shall not be considered joint ventures or partners.

18. CAPTIONS. The paragraph headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement, and are not to be considered in interpreting this Agreement.

19. ENTIRE AGREEMENT / MODIFICATION. This written Agreement constitutes the complete agreement between the parties and supersedes any prior oral or written agreements between the parties regarding the Property. There are no verbal agreements that change this Agreement and no waiver or modification of any of its terms will be effective unless in writing executed by the parties.

20. BINDING EFFECT. This Agreement binds and benefits the Parties and their successors and assigns.

21. CONTROLLING LAW. This Agreement is made under the laws of the State of Minnesota and such laws will control its interpretation.

22. REMEDIES.

a. If Buyer fails to perform any of the terms or conditions of this Agreement within the specified time limits, Seller may declare this Agreement terminated pursuant to Minnesota Statutes section 559.21. Seller's sole remedy in the event of Buyer's default is retention of the Earnest Money, if any, unless Buyer defaults under Section 7 or 11 of this Agreement, in which case Seller may retain the Earnest money or suspend the performance of its obligations under this Agreement and commence an action in Isanti County District Court to recover its actual damages arising from the default.

b. If Seller fails to perform any of the terms or conditions of this Agreement within the specified time limits, Buyer may, as its sole remedy, declare this Agreement terminated, or, in the alternative, Buyer may have this Agreement specifically enforced and recover any incidental damages. Buyer waives all claims for consequential damages against Seller based on Seller's breach or alleged default hereunder.

23. WAIVER. Failure of Seller or Buyer to insist upon the performance of any of the covenants, agreements and/or conditions of this Agreement or to exercise any right or privilege herein shall not be deemed a waiver of any such covenant, condition or right.

24. SURVIVAL OF TERMS AND CONDITIONS. The terms and conditions of this Agreement shall survive and be in full force and effect after the delivery of the deed and shall not be deemed to have merged therein.

25. SEVERABILITY. Each provision of this Agreement shall apply to the extent permitted by applicable law and is intended to be severable. If any provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the legality or validity of the remainder of the Agreement.

26. CONSTRUCTION. The Parties acknowledge that this Agreement was initially prepared by Seller solely as a convenience and that all Parties and their counsel hereto have read and full negotiated all the language used in this Agreement. The Parties acknowledge that because all Parties and their counsel participated in negotiating and drafting this Agreement, no rule of construction shall apply to this Agreement to construe ambiguous or unclear language in favor of or against any Party.

27. COUNTERPARTS; DIGITAL COPIES. This Agreement may be executed in any number of counterparts and the signature pages of the separate counterparts combined into a single copy of this Agreement which will then constitute a fully executed version of this Agreement. A facsimile, .pdf file or digital copy of a signed counterpart or of an assemblage of counterparts of this Agreement shall be deemed to be an original thereof.

28. CONSTRUCTION DEADLINE. Buyer shall devote the Property to its intended use (Industrial) or begin work on the improvements to the Property to devote it to that use,

within two years after closing. In the event the above deadline is not met, Seller may cancel the sale and title shall return to Seller. Title to the Property may not be transferred by Buyer within one year of purchase without consent of Seller.

29. **TIME PERIODS.** The time for performance of any obligation or taking any action under this Agreement shall be deemed to expire at 5:00 p.m. Central Time on the last day of the applicable time period provided for in this Agreement. CITY OF ISANTI

DEVELOPMENT AGREEMENT FOR MIDCO

This Agreement (hereinafter the "Agreement") is entered into this ___st day of September, 2022 by and between the **City of Isanti**, a Minnesota municipal corporation (the "**City**") and Midcontinent Communications, a general partnership under the laws of South Dakota (the "**Developer**").

1. Subject Property. Developer is, or will be, the owner of the Subject Property legally described as Lot 1, Block 1, Isanti Railview North Industrial Park, County of Isanti, State of Minnesota, PID Number 16.xxx.xxxx

2. Conditions of Approval. The City approved development of the Subject Property, as subsidized by the City, subject to satisfaction of the following conditions:

   a. The Developer's Execution of this Agreement. That the Developer enters into this Agreement.

   b. Marketable Title. That the Developer obtain, and retain, title to the Subject Property through completion of development**.**

   c. Proof of Authority. That the Developer provide proof that its governing board authorized the Developer's execution of this Agreement. This proof of authority may be satisfied by providing the City with a certified copy of the minutes of the governing board.

   d. Site Plan. That Developer's site plans, as required by the Isanti City Code, be completed by Developer and reviewed and approved by the City.

3. The Plans. The term "Plans" as used in this Agreement means the Site Plans prepared by Developer. The Plans are subject to: (a) Planning Commission review; (b) approval of the City Council; and (c) such further revisions as the Developer may propose and the City approves. The Plans shall not be attached to this Agreement but are in the City's files.

4. Municipal Improvements. Upon execution of this agreement and payment of required escrows, the City will install sanitary sewer and water main improvements (Municipal Improvements) The developer shall pay $262,450 towards the cost of the Municipal Improvements. Said payment shall be submitted to the City in certified funds or wire transfer within ___ days of full execution of this Agreement. Said funds may be comingled with other City funds, but shall be accounted for separately by the City and used to defray the costs of the Municipal Improvements.

5. Required Private Improvements. The private improvements the Developer will construct or install are as follows:

   a. Sanitary sewer from the main stub onto the Subject Property as needed
   b. Water from the main line onto the Subject Property as needed
   a. Storm drainage facilities
   b. Parking lot
   c. Concrete curb and gutter
   d. Lot grading
   e. Landscaping

6. Payment of Development Fees. Developer shall, within ___ days following the execution of this Agreement, deposit with the City an escrow of $5,000 to cover the cost of legal fees, engineering fees, administrative expenses and other costs related to the Development. Any funds remaining in the escrow account(s) after the completion of the Development shall be refunded to the Developer. In the event the escrow account balance is reduced to $2,000 or less, the Developer shall post additional sums of money to replenish the account to always have a balance of no less than $2,000.00. The Developer shall be entitled, upon request, to an itemized statement of all costs and fees charged against the Developer's escrow account.

7. Developer Defaults. If the Developer defaults in the performance of one or more of the Developer's obligations under this Contract, i) the City gives the Developer 30 days' written notice of the default and ii) the Developer fails to cure the default within said 30 days, then the City may pursue any and all remedies available at law or in equity including, but not limited to, the following:

   a. The City may commence an action in Isanti County District Court to pursue any remedy available to the City at law or in equity including, but not limited to, injunctive relief;

   b. The City may refuse to grant building permits for improvements to be constructed on the Subject Property until the Developer has cured all of its defaults; and

   c. The City may draw upon all or any portion of the financial guaranty the Developer has provided to the City and (i) use all or any portion of the

proceeds from the financial guaranty to reimburse the City pursuant to subsection (a) above; (ii) use all or any portion of the proceeds from the financial guaranty to satisfy any judgment the City obtains against the Developer pursuant to subsection (b) above; (iii) use all or any portion of the proceeds to reimburse the City pursuant to Section 8 (j) below; and (iv) hold all or any portion of the proceeds for a reasonable time for the future application as described in subsections (i), (ii) and (iii) of this paragraph.

8. Miscellaneous Provisions.

a. Invalidity of Any Section. If any portion, section, subsection, sentence, clause, paragraph or phrase of this Agreement is for any reason invalid, such decision shall not affect the validity of the remaining portion of this Agreement.

b. Written Amendments Only. The action or inaction of the City or the Developer shall not constitute a waiver or amendment to the provisions of this Agreement. To be binding, amendments or waivers shall be in writing, signed by the parties, and approved by a resolution of the City Council. The City's or the Developer's failure to promptly take legal action to enforce this Agreement shall not be a waiver or release.

c. Agreement to Run with Land. The Developer agrees to record this Agreement among the land records of Isanti County, Minnesota contemporaneously within 14 days of its execution. The provisions of this Agreement shall run with the land and be binding upon the Developer and its successors in interest. Notwithstanding the foregoing, no conveyance of the Subject Property or any part thereof shall relieve the Developer of its personal liability for full performance of this Agreement unless the City expressly so releases the Developer in writing.

d. Release. Upon completion and approval of all work required herein and satisfaction of all of the Developer's obligations under this Agreement, the City agrees to execute a recordable instrument releasing the Property from the terms of this Agreement.

e. Compliance with Laws and Regulations. The Developer represents to the City that the Site Plan complies with all City, County, State, and Federal laws and regulations, including but not limited to: subdivision ordinances, zoning ordinances and environmental regulations. If the City determines that the site plan does not comply, the City may, at its option, refuse to allow any construction or development work on the Subject Property until the Developer does comply. Upon the City's demand Developer shall cease work until there is compliance.

f. Mailbox Locations. If the Developer desires to construct a mailbox within the public right of way, the Developer agrees that the placement of a

mailbox along public streets is subject to the approval by the Postmaster. Utility locates will be necessary.

g. Construction, Hours and Entrance Signs. The City restricts construction and delivery hours to Monday through Friday 7:00 a.m. to 9:00 p.m., weekends and holidays, 8:00 a.m. to 8:00 p.m. The Developer is required to provide a sign at each entrance point stating delivery and construction operation hours. Said signs are not to exceed 80 square feet in size and must be clearly visible at all times during the construction period.

h. Construction Site Maintenance. The Developer shall adhere to all of the City ordinances relating to, but not limited to, dumping of garbage, site development, construction debris, open burning, etc. The City reserves the right to withhold permits, inspections, or certificates of occupancy to correct violations relating to construction site maintenance.

i. Cost. It is understood and agreed that the cost of the Required Private Improvements are the sole responsibility of the Developer, including interest, engineering and legal fees related thereto.

j. Reimbursement to the City. The Developer agrees to reimburse the City for all costs incurred by the City in defense or enforcement of this Agreement, or any portion thereof, including court costs and reasonable engineering and attorney's fees.

k. Certificate of Occupancy. The term "Certificate of Occupancy" as used in this Agreement shall be defined as a document issued by the City's Building Official, which authorizes the structure to be used for its intended purposes.

l. Notices. Required notices shall be in writing, and shall be either hand delivered to the Parties, its employees or agents, or mailed to them by certified or registered mail at the following address:

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: December 20, 2022
Subject: Amending Ordinance 758, codified in Chapter 256 of the City Code to change expiration date of rental licenses

---

Background:

City staff are requesting that the expiration dates for rental licenses be changed from December 31st to June 1st. Currently with the December 31st due date, landlords or owners of the rental properties would have to turn in rental license renewal applications by the end of the year and receive an inspection of the property immediately following. This time of the year is difficult for the rental process for several reasons. With the holidays, many landlords or their tenants are away from home at this time and is difficult to reach out or schedule inspections to coordinate times that would work between all people involved. Staff has also noticed that there have been situations where bad weather has impacted the ability to meet with landlords if they are driving from longer distances than the immediate area. Snow gets brought into rental properties, inspections get canceled, and needing to reschedule puts the process on repeat which can frustrate landlords and tenants. Amending the expiration date for rental licenses will eliminate most of these variables that are out of the control of city staff.

Analysis:

The amended language to City Code Chapter 256 includes the following:

A. Required; period; renewal; enforcing against owner-occupant. To allow for the systematic enforcement of this chapter upon all dwellings, including rental dwellings, no person shall, after the enactment of this chapter, operate a rental dwelling without first having obtained a license to do so from the City, as provided in Chapter **253**, Rental Dwellings, of the Isanti City Code of Ordinances. Each such operating license shall be issued every two years and shall expire on June 1 of every other year. License renewals shall be filed at least 60 days prior to the license expiration date. If impairment should occur in an owner-occupied dwelling that threatens the health, safety, and welfare of the occupants or surrounding neighbors and property owners/renters, the City is empowered to enforce this chapter.

Request: Consider adopting the attached Ordinance Amendment

THE CITY COUNCIL OF ISANTI DOES ORDAIN:

Section 1 – Amendment. Ordinance 758, codified in Chapter 256 of the City Code, is hereby amended and replaced with the ordinance set forth below.

Section 2 – Ordinance. The following Section of Chapter 256 is hereby amended:

§ 256-7 **Licensing of rental units.**

A. Required; period; renewal; enforcing against owner-occupant. To allow for the systematic enforcement of this chapter upon all dwellings, including rental dwellings, no person shall, after the enactment of this chapter, operate a rental dwelling without first having obtained a license to do so from the City, as provided in Chapter **253**, Rental Dwellings, of the Isanti City Code of Ordinances. MEMORANDUM

Date: December 20, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Engineering Proposal for the 2023 Pavement Management Project.
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present these proposals for professional engineering services for the 2023 Pavement Management Project.

This project is the continuation of the City's pavement management program as identified in the 2022 Capital Improvement Plan and as shown in purple on the attached figure. The areas scheduled for pavement management in 2023 are generally described as the Isanti Meadows, Isanti Trail, Whisper Ridge 2nd Add, Deerhaven, and South Park developments.

Our scope of work will include the following:

- Evaluate need for seal-coat vs mill & overlay on each street in the project area.
- Identify failed concrete curb & gutter.
- Identify non-ADA compliant ped-ramps, crosswalks, and failed sidewalk panels.
- Prepare construction plans and specifications
- Establish a cost estimate for the proposed improvements & perform bidding services
- Perform construction inspection and construction administration.

We propose to complete the described scope of work for an hourly, not to exceed, fee of $43,627.

Thank you for the opportunity to present these proposals. Please contact me at (763) 200-2444 if you have any questions or need additional information.

MEMORANDUM

Date: December 20, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Engineering Proposal for Water Tower Coating Design & Construction Services
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services for the coatings rehabilitation of the City water tower. Our team includes coatings inspectors who are certified through NACE International, the worldwide corrosion authority that provides the most recognized inspector training program in the tank rehabilitation industry. Providing NACE-certificated inspectors ensures the city receives the maximum life expectancy from its new coatings system. Seventy-five percent of coatings failures are the result of poor surface preparation and application. We have invested in specialized training of our coatings inspectors. They are trained in all areas of protective coatings, including: Environmental Monitoring, Surface Preparation, Proper Mixing, Coatings Application, and Curing.

Below is a listing of the two major improvement options identified in the recent evaluation of the tower:

Option #1:

Interior Wet: Complete coating removal (abrasive blast) and replacement
Exterior: Pressure wash, spot repair (<10%), and overcoat exterior (two coats)
Interior Dry: Partial coating replacement & Spot repair (<5% total area)

Option #2:

Interior Wet: Complete coating removal (abrasive blast) and replacement
Exterior: Complete sandblast and paint exterior with full curtain containment
Interior Dry: Partial coating replacement & Spot repair (<5% total area)

As discussed at the previous council meeting, our work plan will consist of the following:

- Design Services (design both options)
- Bidding Services (bid both options as alternates and bring results to Council for review)
- Construction Services (Observation & Administration)

Based on initial conversations, construction would be targeted to begin in September to avoid the higher water use periods associated with summer months.

We propose to complete the described scope of work for design through bidding for an hourly, not to exceed, fee of $29,600.

We propose to complete the described scope of work for the construction services for an hourly, not to exceed, fee of $48,700. If Option 1 is selected, our inspection fees would likely come in under the not to exceed fee amount by approximately $5-$6,000.

Thank you for the opportunity to present this proposal. Please contact me at (763) 200-2444 if you have any questions or need additional information.

RESOLUTION 2022-XXX

AUTHORIZING ENGINEERING SERVICES FOR THE WATER TOWER COATING IMPROVEMENTS

WHEREAS, it is proposed to complete coating improvements on the city water tower; and,

WHEREAS, a report was completed in 2017 on the condition of the tower coatings and a re-assessment was completed in 2022 to determine improvement needs; and,

WHEREAS, Bolton & Menk, Inc. has submitted a fee proposal for Engineering Services to complete the design through bidding of this project for an hourly, not to exceed, fee of $29,600; and,

WHEREAS, Bolton & Menk, Inc. has submitted a fee proposal for Engineering Services to complete the construction services of this project for an hourly, not to exceed, fee of $48,700.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota as follows:

1. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall complete Design through Bidding engineering services as outlined in the fee proposal memo for an hourly, not to exceed, fee of $29,600

2. Bolton & Menk, Inc., as the City Engineer, is hereby designated as the engineer for this improvement and shall complete Construction engineering services as outlined in the fee proposal memo for an hourly, not to exceed, fee of $48,700.

MEMORANDUM

Date: December 20, 2022

To: Honorable Mayor Johnson and Members of the City Council

From: Jason W Cook, P.E.
City Engineer

Subject: Engineering Proposal for the Well Head Protection Plan (WHPP) Part 2
City of Isanti, MN

Bolton & Menk, Inc. is pleased to present this proposal for professional engineering services to assist the City in completing Part 2 of the Well Head Protection Plan (WHPP) update. Completing the WHPP is required every 10 years per the Minnesota Wellhead Protection Rule (Minnesota Rules parts 4720.5100 to 4720.5590). Part 1 of the WHPP update has recently been completed by the Minnesota Department of Health (MDH) and City Staff. That Part 1 update determined what elements of the Part 2 existing plan need to be updated.

Below is a listing of the major task items required for Part 2 of the WHPP update:

- Task 1 – Potential Contaminant Source of Inventory Within DWSMA
- Task 2 – Compilation of Required Elements and Assessment
  - Task 2a – Compilation of Data Elements about the Physical Environment
  - Task 2b – Compilation of Data Elements about Land Use
  - Task 2c – Compilation of Data Elements about Water Quantity
  - Task 2d – Compilation of Data Elements about Water Quality
- Task 3 - Evaluate the Impact of Changes on Public Water Supply Wells
- Task 4 – Evaluate Issues, Problems and Opportunities
- Task 5 – Recommend Wellhead Protection Goals
- Task 6 – Recommend Objectives and Prioritize Plan of Action
  - Task 6a – Management Plan of Action for Potential Contaminant Sources
- Task 7 - Recommend Evaluation Program to Evaluate Effectiveness of WHP Measures
- Task 8 – Recommend Alternative Water Supply Contingency Plan
- Task 9 – Draft Report Preparation
- Task 10 – Conduct Local Review and Public Hearings
- Task 11 – Prepare Final Report and Submit to MDH

Based on the MDH's letter from August 25, 2022, Part 2 of the WHPP must be approved by May 31, 2024. The approval process typically takes 9 to 12 months after submittal of the draft plan and therefore the MDH has requested that work begin immediately on Part 2. Due to the scope and complexity of these reports, we anticipate a 6-to-9-month schedule to complete the draft report and 18 months to obtain final approval from MDH.

We propose to complete the described scope of work for an hourly, not to exceed, fee of $32,500.

Thank you for the opportunity to present this proposal. Please contact me at (763) 200-2444 if you have any questions or need additional information.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Matt Sylvester, Public Services Director
Date: December 20, 2022
Subject: Resolution Authorizing the Replacement of Lift Station Pumps

---

Background:
Quotes were received as part of the 2022 Capital Improvement Plan to replace all the Lift Station Pumps. At the February 15, 2022 City Council Meeting Quality flow was awarded the replacement of the non-submersible self-priming pumps. Staff was recently informed by Quality Flow that they no longer have the time to install these pumps and suggested we reach out to a different Vendor for their replacement. Staff reached out to General Repair and received an updated quote in the amount of $37,986.00 to include parts and labor.

Recommendation:
Staff is recommending to accept the quote from General Repair in the amount of $37,986.00 for the Lift Station Pump Replacement.

Request:
Staff is requesting action on this item.

City Administrator Josi Wood

1. ORD-XXX Amending Chapter 227; Parking and Storage
City Administrator Josi Wood shared that discussion was held on May 17th at the Committee of the Whole meeting in regards to no parking on 1st Ave NW. The recommendation from the Committee was to move forward with an ordinance amendment which would prohibit parking on both sides of the street.

Discussion was held at the June 21st Committee of the Whole meeting in regards to parking on the north side of Unity Blvd but allow for staging for the bus or pick up or drop off of students.

The ordinance amendment presented reflects both recommendations.

Patrick Ausmus and Melissa Burch, 218 Unity Blvd, shared their wishes to have no parking on the south side of Unity Blvd instead of the proposed north side.

Motion by Lundeen, seconded by Gordon to revise the ordinance amendment to reflect no parking on the south side and post for the required 10 days and bring back to City Council for consideration. Motion carried unanimously.

Community Development Director Stephanie Hillesheim

2. Resolution 2022-136 Approving a Special Event Permit Application for Rum River BMX for the State BMX Finals
Community Development Director Stephanie Hillesheim shared that this is an application from Rum River BMX to host the Minnesota BMX State Finals on August 19th through the 21st. Friday 4:00 p.m.- 9:00 p.m., Saturday 1:00 p.m.- 6:00 p.m. and Sunday 9:00 a.m.- 5:00 p.m. No street closures or security needed, the event will be open to the public with an estimated 1,000-1,200 people in attendance. Overflow parking will be needed in Bluebird Park and the Soccer Fields. No parking signs will be posted in restricted areas. There will be paid camping allowed in the field south of the Isanti Indoor Arena per the agreement between RRBMX and the City. Four (4) additional portable restrooms will be brought in along with a roll off dumpster. Volunteers will clean up after the event.

Motion by Lundeen, seconded by Collison to approve the resolution as presented. Motion carried unanimously.

E. Committee Meeting Items

1. Isanti Indoor Arena Restroom Request
Isanti Indoor Arena requested to take over responsibilities of the bathroom and warming house room attached to the building and close themto the public.

Recommendation from Committee is to close the use of the bathrooms and warming house room to the public and hand over responsibilities to Rum River BMX and bring to City Council later in the night for formal approval.

Committee further recommended staff work with RRBMX to discuss the possibility of RRBMX purchasing of the building.

2. Rental Inspection Timeline Discussion
City staff asked for consideration for revising Chapter 256-7 of City Code to change the annual expiration date of rental licenses to June 1st of each year, allowing for more time to conduct inspections in better weather.

Staff would also review all of Chapters 253 and 256 referencing Rental Inspections and Licensing to ensure any additional recommendations for change will be made at the same time.

Recommendation from Committee to change rental license expiration date to June 1st of each year and for staff to review all of Chapters 253 and 256 and bring to an upcoming City Council meeting for approval.

3. Police Updates and Discussion
Chief Muyres shared patrol shifts are from 4:00 a.m. to 4:00 p.m. The Chief, Lieutenant, Investigator and SRO primarily work day hours and assist patrol with priority calls. Night shift is scheduled with 2 officers on each shift. Day shift is scheduled one officer per shift.

When Isanti Police respond to a priority call procedure is to have minimum of 2 officers respond. When there is only one Isanti officer on duty the Isanti County Sheriff's Office assists.

In 2021 Isanti Police requested mutual aid assistance from Isanti County on 39 incidents. The average response time in 2021 to a priority call for Isanti Police was 3.8 minutes and the average response time in 2021 to a priority call for Isanti County was 9.2 minutes.

The Police Department has had one vacant position since January and went through two hiring processes, two background investigations however, has not hired for the position yet. Muyres said it is still being decided whether to post for the position now or wait until Union negotiations are over.

In addition, the Police Department is budgeted to add one officer in 2024 and one in 2028.

Finance Director Mike Betker recommended to stay with the plan of adding an officer in 2024 and one officer in 2028.

Committee had no further recommendation.

4. City Hall Entrance Apron Update
City Administrator Josi Wood updated the Committee that the cement apron leading into the City Hall parking lot is going to be replaced and the entrance will be closed Thursday through Sunday to cure.

5. THC Discussion
City Administrator Josi Wood shared that with the new laws that came about effective July 1st from the end of the 2022 legislative session for new edible and beverages that contain THC products. The Board of Pharmaceuticals is regulating it however, there were not a lot of things put in place on how local governments and cities shall regulate it. The League of MN Cities is working to help cities know what the options are.

Staff asked for discussion if the Committee would like staff to research to consider regulation like is done with tobacco or alcohol sales or if Committee would like a moratorium. A moratorium would give Council a year to put something in place.

Recommendation from Committee is to bring forward a moratorium draft to allow for more research on options in regards to regulation.

6. Tree Planting
   Councilor Steve Lundeen shared that a lot of other cities are doing things to promote trees.

   There was discussion with no further recommendation.

7. Street Dance
   There was discussion regarding the last street dance with no further recommendation.

F. Adjournment

Motion by Bergley, seconded by Lundeen to adjourn. Motion carried unanimously.

Request for City Council Action

To: **Mayor Johnson and Members City Council**
From: Jaden Strand, City Clerk
Date: August 3, 2022
Subject: ORD-XXX An Ordinance Amending Chapter 227; Parking and Storage

---

Background:
Discussion was held at the May 17, 2022 Committee of the Whole meeting in regards to parking on 1st Ave NW. Recommendation from Committee was to move forward with an ordinance amendment with language to include no parking on both sides of the street.

Discussion was held at the June 21, 2022 Committee of the Whole meeting in regards to parking on Unity Blvd. Recommendation from Committee was to move forward with an ordinance amendment that addresses no parking along the north side of Unity Blvd with language to include allowance of staging for the pick up and drop off of students.

An ordinance amendment was presented at the July 19, 2022 City Council meeting for consideration with the above recommended changes. Two citizens spoke sharing their wishes to have no parking on the south side of Unity Blvd rather than the proposed north side. City Council recommended to revise the proposed ordinance amendment to include no parking on the south side of Unity Blvd instead and post for the required 10 days.

The attached ordinance amendment includes both the recommended changes to Chapter 227; Parking and Storage and has been posted for the required 10 days.

MEMORANDUM

TO: Mayor and City Council

FROM: Stephanie Hillesheim, Community Development Director

DATE: August 3, 2022

SUBJECT: Ordinance Amending the City Zoning Ordinance Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'.

Request: Request by resident, Thomas Bowen, for amendment to City Ordinance 445, Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'. Said request is to include metal as an acceptable roofing material.

Overview/Background
At the June 21, 2022 Committee of the Whole meeting the Council directed staff to revise the Zoning Ordinance to allow metal as an acceptable roofing material for residential structures.

As required by State Statute, to amend the zoning ordinance a public hearing was called at the July 19, 2022 Planning Commission Meeting, no public comment was made. The Planning Commission recommends metal should be considered an acceptable roofing material in residential districts and should be added to the aforementioned Zoning Ordinance Section 6 Articles.

Staff Recommendation
Staff recommends approval of the amendment to the City Zoning Ordinance Section 6, Articles 1, 2, 3, 4, 5, & 6 under 'Special Regulations'.

Request for City Council Action

To: Mayor Johnson and Members of City Council
From: Ryan Saltis, Community Development Specialist
Date: August 3rd, 2022
Subject: Resolution 2022-XXX Approving Site Plans Review and Conditional Use Permit for a Dairy Queen Restaurant With a Drive-Thru Facilities and Outdoor Patio Located at 280 5th Ave NE

Background: A presentation was given at the July 19, 2022 Planning Commission Meeting by the City's Community Development Specialist in regards to the site plans and conditional use permit for the proposed Dairy Queen restaurant with a drive thru and outdoor patio located at 280 5th Ave NE. Discussion was had between Planning Commission Members regarding building materials and appearance, signage, maneuverability of vehicles, and general site design. The owner, James was present at the meeting and available for questions. Planning Commission members asked when the restaurant is planning to open and how many employees will be hired. The owner responded by saying that DQ corporate has set a deadline for opening in November of 2023, but they hope to start in the fall of 2022 and finish in the Spring of 2023. The number of employees is expected to be roughly 50-75 between full and part time workers. The Planning Commission asked if the requested conditions of approval could be met. The applicant said that the conditions requested by city staff can be met and are reasonable. No one else from the public spoke at the public hearing.

The City of Isanti Planning Commission approved the Site Plans and Conditional Use Permit for a Dairy Queen restaurant with drive-thru facilities and an outdoor patio with conditions at the July 19, 2022 Planning Commission meeting. Motion for approval with conditions passed 7-0.

Request: Consider adopting the resolution and findings of fact.

C. The establishment, maintenance or operation of the conditional use will promote and enhance the general public welfare and will not be detrimental or endanger the public health, safety, morals, or comfort. *The establishment will not be detrimental or endanger the public.*

D. The conditional use will not be injurious to the use and enjoyment of other property within the immediate vicinity for the purposes already permitted; nor substantially diminish or impair property values within the neighborhood. *The conditional uses will not diminish or impair surrounding property values.*

E. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district. *The conditional uses will not impede on the normal and orderly development and improvement of surrounding property.*

F. Adequate public facilities and services are available or can be reasonably provided to accommodate the use which is proposed. *The site is served by City sewer and water, and will be able to reasonably accommodate the conditional use for the restaurant.*

G. The conditional use shall, in all other respects, conform to the applicable regulations of the district in which it is located. *The conditional uses meet this requirement and follow the regulations set in the B-2 Zoning District.*

H. The conditional use complies with the general and specific performance standards as specified by within this Article. *The conditional uses meet this requirement in which Drive-Thru Facilities and Outdoor Patio regulations are set in Section 13, Article 2 of the City's Zoning Ordinances.*

2. Section 21, Article 2, Subd. 4 addresses performance standards for Conditional Use Permit. The standards and staff responses *(italicized)* are below:

A. The use and the site in question shall be served by a street of sufficient capacity to accommodate the type and volume of traffic which would be generated an adequate public right-of-way shall be provided. *Staff believes that the existing street is of sufficient capacity to accommodate the type and volume of traffic as a result of the restaurant and drive-thru facilities.*

B. The site design for access and parking shall minimize internal as well as external traffic conflicts and shall be in compliance with Section 17 of this Ordinance. *The proposed CUP for drive-thru facilities will have the capacity for 12 vehicles in the drive-thru lanes, as well as two waiting stalls to prevent traffic conflicts. The drive-thru and by-pass lanes will not interfere with parking on site. All parking is met under Section 17 of this Ordinance.*

C. If applicable, a pedestrian circulation system shall be clearly defined and appropriate provisions made to protect such areas from encroachment by parked or moving vehicles. *Parking for this development does not impact pedestrian circulation.*

D. Adequate off-street parking and off-street loading shall be provided in compliance with Section 17 of this Ordinance. *Adequate off-street parking is provided in accordance with section 17 of the City's Zoning Ordinances.*

E. Loading areas and drive-thru facilities shall be positioned so as to minimize internal site access problems and maneuvering conflicts, to avoid visual or noise impacts on any adjacent residential use or district, and provided in compliance with Section 17 of this Ordinance. *The drive-thru will be located in a position that is away from off-street parking areas on site and will provide a by-pass lane around the perimeter. The site is not adjacent to a residential area.*

F. Whenever a non-residential use is adjacent to a residential use or district, a buffer area with screening and landscaping shall be provided in accordance with the provisions of Section 15 of this Ordinance. *The site is surrounded by other B-2 properties and Highway 65 and is not adjacent to a residential district.*

G. General site screening and landscaping shall be provided in compliance with Section 15 of this Ordinance. *The site is proposed to have plantings surrounding the outdoor patio area, along 5th Ave NE and around proposed signs. These plantings are in compliance with Section 15 of the City's Zoning Ordinance.*

H. All exterior lighting shall be directed so as not to cast glare toward or onto the public right-of-way or neighboring residential uses or districts, and shall be in compliance with Section 14 of this Ordinance. *Proposed lighting complies with the city's zoning code. This section is met.*

I. The site drainage system shall be subject to the review and approval of the City Engineer. *The site drainage has been reviewed by the City Engineer and has been approved.*

J. The architectural appearance and functional design of the building and site shall not be so dissimilar to the existing and potential buildings and area so as to cause a blighting influence. All sides of the principal and accessory structures are to have essentially the same or coordinated, harmonious exterior finish materials and treatment. *The building features 4-sided architecture with similar materials on all sides and is visually appealing.*

K. Provisions shall be made for daily litter control, an interior location for recycling and trash handling and storage or an outdoor, enclosed receptacle area shall be provided in compliance with Section 14 of this Ordinance. *A trash enclosure is proposed in the parking lot to the northwest of the building and outdoor trash and recycling is proposed in the outdoor patio seating area.*

L. All signs and informational or visual communication devices shall be in compliance with Section 16 of this Ordinance. *The applicant has submitted a sign package for review of*

the freestanding sign dimensions and location. Wall signage is included with the site plan review. All signage is intended to meet Section 16 of the City's Zoning Ordinances.

M. The use and site shall be in compliance with any federal, state, or county laws or regulations that are applicable and any related permits shall be obtained and documented to the City. *The applicant will be required to obtain all proper licensing from the City, State, County, and Federal Governments as deemed necessary.*

N. Any applicable business licenses mandated by City Code are approved and obtained. *The applicant may be required to obtain proper licensing from the City, State, County, and Federal Government as deemed necessary.*

O. The hours of operation may be restricted when there is judged to be an incompatibility with a residential use or district. *The site is not adjacent to a residential district.*

P. The use complies with the applicable performance standards of the zoning district in which it is located and where applicable, any non-conformities shall be eliminated. *This use complies with the performance standards of the zoning district.*

Q. Additional Stipulations. All conditions pertaining to a specific site are subject to change when the City Council, upon investigation in relation to a formal request, finds that the general public health, safety, and welfare, can be served as well or better by modifying or expanding the conditions set forth herein. *Any additional stipulations will be included in the Conditional Use Permit approved by the City Council.*

Decision

The City of Isanti Planning Commission reviewed the request after a public hearing was held on July 19, 2022. The staff memo, and attachments shall be made part of the Findings of Fact and Conclusion.

Planning Commission Recommendation: Motion by Bergley, seconded by Lundeen to recommend approval of the Conditional Use Permit for a Restaurant, Drive-Thru Facilities and Outdoor Patio at 280 5th Ave NE.

MEMORANDUM

TO: Planning Commission

FROM: Ryan Saltis, Community Development Specialist

DATE: July 19, 2022

SUBJECT: Site Plan Review and CUP Approval for a Dairy Queen building with a drive-thru and outdoor patio area located at 280 5th Ave NE

Request: The applicant, Marcus Construction is requesting site plan and CUP approval for a proposed building with a drive thru and outdoor patio area located at 280 5th Ave NE for a Dairy Queen restaurant.

Overview/Background: The applicant would like to construct a building on a 1.1-acre vacant lot located just south of the Alina Clinic. This parcel is currently zoned B-2 General Business and is also within the Highway 65 Corridor Overlay District. A "Restaurant", "Drive-Thru" and "Outdoor Patio" are all Conditional Uses in the B-2 General Business District.

The building is proposed to be 3225 square feet and will consist of an indoor dining area, two kitchen spaces, bathrooms, an office and a breakroom. An outdoor patio of roughly 750 square feet is proposed for use during seasons that would allow for customers to sit outside. The site is designed to accommodate twelve cars stacked in the drive-thru area, with a designated bypass lane running parallel to the drive-thru lane. There will be two drive-thru ordering lanes that will merge into one after ordering. Thirty-three parking stalls are displayed on the site plans, with twenty-four standard parking stalls, 3 bus parking stalls, 2 curbside pickup stalls, two drive-thru wait stalls and two handicap accessible stalls.

Analysis of Application: The site plan for the building shall comply with the following requirements for both the B-2 General Business District and the Highway 65 Corridor Overlay District:

Lot Requirements

- Lot Size 1 acre
- Minimum Building Size 15% of lot size

The area of the parcel is roughly 48,000 square feet or 1.1 acres in size. The proposed building on site is about 3,225 square feet and will not meet the minimum building size requirement (15%

of lot size) in the Highway 65 Overlay District. The area of the proposed building will be 6.7% of the total lot size.

Setbacks and Height Restrictions – Principal Building

- Front Yard Setback 30 feet
- Side Yard Setback 15 feet
- Street Side Yard Setback 20 feet
- Rear Yard Setback 15 feet
- Highway 65 Setback 100 feet
- Maximum Building Height 3 Stories or 45 ft, whichever is less

The proposed building will be located roughly in the middle of the lot and will meet all required setbacks. The building will be single story and will not exceed the 45 ft height requirement.

Impervious Surface Coverage

Twenty-five (25) percent of the total lot area shall consist of green space. Five (5) percent of the total lot area shall be green space within the parking perimeter. (Ord. No. 618)

The proposed development intends on having 73% impervious surface on site. The landscaping requirement of 25% of the total lot area as green space will be met.

Parking Lot Setbacks

- Front Yard Setback 10 feet
- Rear Yard Setback 10 feet
- Street Side Yard Setback 10 feet
- Side Yard Setback 10 feet

Parking areas on site will meet the required 10-foot setbacks from property lines.

Parking Standards

Number of Required Parking Spaces

The following minimum number of off-street parking and loading spaces shall be provided and maintained:

Commercial Uses

Fast food, drive-thru restaurants	1 space for every 3 seats and 1 space for every employee on the peak shift, plus stacking space for 6 vehicles per service lane

Based on this number of required parking spaces standard and the use of the commercial building, the site will have a sufficient amount of parking stalls on site. The site plans indicate 33 parking stalls total, in which twenty-four are standard parking stalls, three are bus parking

stalls, two are curbside pickup stalls, two are drive-thru wait stalls and two are handicap accessible stalls. The site plans meet the required number of parking spaces for the development.

Stall, Aisle and Driveway Design

A. Except in the case of single-family dwellings, two-family dwellings, and townhouses, parking areas shall be designed so that circulation between parking aisles or driveways occurs within the designated parking lot and does not depend upon a public street or alley, and such design does not require backing into the public street.

B. Except in the case of single family and two-family dwellings, and townhouses, parking areas shall comply with the following standards

TABLE 9: Parking Lot and Parking Stall Dimensions

Angle of Parking	Stall Width	Curb Length Per Car	Stall Length	Aisle Width One Way	Aisle Width Two Way
90 degrees	9 feet	9 feet	19 feet	26 feet	26 feet
75 degrees	9 feet	9 feet	20 feet	23 feet	24 feet
60 degrees	9 feet	10 feet	22 feet	18 feet	24 feet
45 degrees	9 feet	12 feet	25 feet	13 feet	24 feet

The site features both 90-degree parking and 45-degree parking stalls and will follow the required stall dimensions of 9 feet in width and 19 feet in length. The 45 degree-parking stalls will be lengthened to 22 ft. The drive aisle widths are proposed at 26 feet and meet the requirement for one-way vehicle circulation.

Handicapped Parking Requirements

The number of handicapped parking stalls required shall be in accordance with the following table:

Total Number of Parking Spaces in Lot	Required Minimum Number of Accessible Spaces
1 to 25	1

A. Each designated handicapped space shall be eight (8) feet in width with an adjacent five (5) foot wide access aisle. Total space width of thirteen (13) feet.

B. A designated van accessible space shall be eight (8) feet in width with an adjacent access aisle totaling eight (8) feet in width. Total space width of sixteen (16) feet.

C. Designated handicapped spaces shall be provided along an accessible route located as near as possible to an accessible entrance.

D. Each space shall contain signage with the international symbol of accessibility. Indicating that a permit is required and notifying of a two hundred (200) dollar maximum fine for violation.

The two designated handicapped stalls are proposed at 9 ft in width and will have a 9 ft wide access aisle in between the two stalls. The handicap stalls are located near the building and will have an accessible sidewalk with a curb ramp in the access aisle. Accessible parking signs are proposed in front of both handicap parking stalls.

Bicycle Parking

Bicycle parking is required for all new construction commercial developments in the city and is determined by the number of required car parking stalls. Since this site will have more than 20 parking stalls, the development is required to include at least 2 bike parking spaces. Bicycle parking is not indicated on submitted plans and will be a condition of approval for the site. City staff will review the location of the bike racks and proximity to the building in accordance with the standards set in Section 17, Subdivision 14 of the City's Zoning Ordinances.

Surfacing

All areas devoted for parking space and driveways shall be surfaced with asphalt, concrete, or other surface materials, as approved by the City Engineer, suitable to control dust and drainage. All parking areas shall be designed to control surface runoff to adjacent properties either with curbing or grading techniques.

The parking areas and drive-thru lanes are proposed to be surfaced with light and heavy-duty bituminous pavement. Drive aprons around the site entrances, sidewalks and the outdoor seating patio will be surfaced with concrete.

Lighting

Any lighting used to illuminate off-street parking areas, signage, or buildings shall be directed away from residential properties and shall meet the standards as stipulated within Section 14 of this Ordinance.

Outdoor Lighting Standards

A. Prohibited Lighting: No use or structure shall be operated or occupied as to create light or glare in such an amount or to such a degree or intensity as to constitute a hazardous condition, or as to unreasonably interfere with the use and enjoyment of property with by any person or normal sensitivities, or otherwise as to create a public nuisance.

B. Minimum Standards: All uses shall comply with the following standards except as otherwise provided in this section:

1. Lighting fixtures shall be effectively shielded and arranged so as not to shine directly on any residential property. Lighting fixtures not of a cutoff type shall be subject to the following:

a. Maximum initial lumens generated by each fixture shall not exceed two thousand (2,000) lumens (equivalent to a one hundred fifty (150) watt incandescent bulb).

b. Mounting heights of such fixtures shall not exceed fifteen (15) feet.

2. Lighting shall not create a sensation of brightness that is substantially greater than ambient lighting conditions so as to create annoyance, discomfort, or decreased visual performance or visibility.

3. Lighting shall not directly or indirectly cause illumination or glare in excess of one-half (1/2) foot candle measured at the closest residential property line and five (5) foot-candles measured at the street curb line or non-residential property line nearest the light source.

4. Lighting shall not create a hazard for vehicular or pedestrian traffic.

5. Lighting of building facades or roofs shall be located, aimed, and shielded so that light is directed only onto the façade or roof.

6. Lighting shall be maintained stationary and constant in intensity and color, and not be of a flashing, moving, or intermittent type.

7. Business and industrial zoned property must light the trash enclosure areas for the safety of their employees.

A photometrics plan was submitted with foot candle readings and lighting types used on the site. Based on the foot candle readings on the photometrics plan these light sources will meet most criteria listed in Section 14 of the City Zoning Ordinance. Some foot candle readings exceed the maximum 5 ft candles measured at a non-residential property line, but is not foreseen to impact the surrounding areas in which the light projects. Seven total downlit light poles are proposed to be placed around the parking areas and curbing.

Visibility

No sign shall be so located as to restrict the sight, orderly operation, and traffic movement within any parking area.

There is proposed signage near the south curb cut near 5th Ave NE. It is not expected that this proposed location of this sign would cause visibility issues for traffic movement since it is directionally a one-way street with vehicles entering the site from 5th Ave NE.

Curbing

Except for single-family dwellings, two-family dwellings, and townhouses, all parking areas located in the R-1, R-2, R-3, and R-4 as well as B-1, B-2, B-3, CBT, RC, I-1, or S-1 zoning districts must have curb and gutter around the perimeter of the parking lot.

Concrete curbing and gutters will extend around all parking areas and the drive-thru/by-pass lanes.

Striping

All parking stalls shall be marked with either yellow or white painted lines not less than four (4) wide.

Four-inch-wide yellow striping will be used across the site for designated parking stalls.

Curb Cuts

The curb cuts proposed along 5th Avenue NE are 26 feet in width and comply with City Standards.

Exterior Building Materials

These standards are intended to ensure coordinated design of building exteriors, additions and accessory structure exteriors in order to prevent visual disharmony, minimize adverse impacts on adjacent properties from buildings which are or may become unsightly, and buildings that detract from the character and appearance of the area. It is not the intent of this division of unduly restrict design freedom when reviewing and approving project architecture in relationship to the proposed land use, and site characteristics.

A. The exterior wall finishes on any building shall be comprised of one or more of the following materials:

1. Face brick.
2. Natural stone.
3. Glass.
4. Decorative concrete block as approved by the City Council.
5. Specifically designed pre-cast concrete units; if the surfaces have been integrally treated with an applied decorative material or texture.
6. Masonry stucco.
7. Other comparable or superior material as recommended by the Planning Commission and approved by the City Council.
8. No more than 75% of the building sides visible from Highway 65 may be constructed of decorative concrete block, pre-cast concrete or stucco.
9. The exterior of the building shall have varied and interesting detailing. Large unadorned walls shall be prohibited (50’ or more). All large walls viewable from Highway 65 must be relieved by architectural detailing, such as change in materials, change in color, offsets, or other significant visual relief provided in a manner or at intervals in keeping with the size, mass and scale of the wall and its views from the public right-of-way.

10. Exterior building material colors shall be complimentary of other buildings within the district.

11. Exterior elevations of all sides of a proposed building noting the material and color of each component, to include exterior building materials, awnings, mechanical screening material, fencing and the like, shall be submitted with the site plan for determination of compliance with the above requirements.

12. Mechanical equipment

    a. Ground equipment shall be screened per Section 14, Subdivision 4 Mechanical Equipment.

    b. Rooftop mechanical equipment, and head-houses for elevators and stairs, shall be concealed from public view.

B. All subsequent additions and accessory buildings constructed after the erection of the original building or buildings, shall be constructed with exterior finishes comprised of the same materials as the original structure(s).

Exterior building materials include EIFS Stucco and metal panels in various colors. EIFS panels will be mostly neutral in color, with accent panels of the restaurants signature colors of orange, blue and maroon. Exterior building material colors in the Highway 65 District are to be complimentary of other buildings within the district; the blue and orange siding colors do not specifically match any surrounding buildings in the district but could be acceptable with flexibility and approval from the Planning Commission and City Council. Flexibility has been given for businesses in this district to keep their signature look so that it is recognizable. The exterior of the building has varied detailing with materials, colors and textures on all sides and is architecturally appealing.

Screening, and Landscaping

A. Fencing and Screening. Fencing and screening of the following shall be in accordance with Section 15 of this Ordinance.

1. The ground level view of mechanical utilities shall be completely screened from adjacent properties and streets, or designed to be compatible with the architectural treatment of the principal structure.

   Mechanical equipment is not displayed on site plans. If any outdoor mechanical equipment is proposed, the location must be reviewed by City Staff for the location and screening from surrounding properties.

2. External loading and service areas shall be completely screened from the ground level view of adjacent residential and commercial properties, and adjacent streets.

   There are no loading and service areas displayed on site plans. A building of this size does not require a designated loading area.

3. When abutting or directly across the street from a Residential District, a fencing and/or screening is required.

   The site does not abut a residential area.

4. Refuse and Garbage receptacles shall be stored within the principal structure, within an attached structure accessible from the principal structure, or totally fenced or screened in accordance with this ordinance.

   The refuse and garbage receptacle will be completely screened from 5th Ave NE architecturally with a painted fence.

5. Light from automobile headlights and other sources shall be screened when adjacent to a residential district.

   The site does not surround a residential area.

B. Landscaping. The site shall be landscaped in accordance with an approved landscape plan. All lots shall be sodded with four (4) inches of topsoil. One (1) tree shall be provided for every 10,000 square feet of lot or one (1) tree per fifty (50) feet of road frontage, whichever is greater.

   A landscaping plan was not submitted with the application. A landscaping plan will need to be submitted to City Staff to review tree and planting locations, types and number of trees. The landscaping plan shall meet all landscaping criteria listed in Section 15 of the City's Zoning Ordinances. The City Landscaping Ordinance requires that the site have at least 8 trees based on the lot frontage calculation (1 tree per 50 ft of lot frontage).

Building Orientation

Building shall be oriented towards Highway 65 or, at a minimum, give the appearance of having a front facing Highway 65 (second front).

The building orientation is proposed to have the south elevation as the main storefront/entrance and will also have the east elevation as an entrance for the patio area. The east elevation of the building will face Highway 65 and have signage similar in appearance to the front of the restaurant.

Outdoor Seating

Food service businesses, including, but not limited to, bakeries, delicatessens, coffee shops, and restaurants, may provide temporary outdoor seating as an accessory use for their patrons, provided the following requirements are met:

A. An administrative permit shall be reviewed and approved by the City Planner or his/her designee. If the proposed outdoor seating area abuts a residential district, then a Conditional Use Permit is required.
   An administrative permit will not be needed for the outdoor seating area, as a CUP has been applied for and is being reviewed as part of this submittal.

B. Seating and furniture shall enhance the appearance of the business.
Outdoor seating arrangements will enhance the appearance of the restaurant. Renderings of the outdoor patio area show Adirondack chairs and a fireplace, creating an environment that is consistent with the area and surrounding businesses.

C. Seating areas shall be located in a controlled or cordoned area with at least one (1) opening to an acceptable pedestrian walk. When a liquor license is involved, an enclosure is required and the enclosure shall not be interrupted. Access to such area shall be through the principal building only. Signage shall be displayed that restricts the consumption of alcohol outside of the designated outdoor seating area.
The outdoor seating area will be accessible by an ADA accessible sidewalk from the parking area. The business will not serve alcoholic beverages and will not have to be completely closed off with the only access being from the inside of the building.

D. Seating shall be located and designed so as not to interfere with pedestrian and vehicular circulation.
The seating area will be positioned on the east side of the building and will not interfere with traffic or pedestrian circulation. The patio area will be in between the building and drive-thru lanes.

E. Seating areas shall be equipped with trash receptacles and shall be periodically reviewed for litter pick up.
A trash receptacle is not labeled on site plans but will need to be included for the seating area.

F. Seating areas shall not have loud speakers or audio equipment that is audible from adjacent property lines. All exterior sound equipment shall be shut off by ten (10) o'clock p.m.
Audio for the seating area is unknown but is not expected that it will be audible from adjacent property lines or played past 10 p.m.

G. Lighting shall be permitted to the extent that it only illuminates the designated seating area.
Downlit lights are provided according to exterior elevations and will not exceed 1 foot candle around this area according to photometrics plans.

H. Seating areas shall not obstruct required accesses, entrances, and exits into the business establishment; but shall be located adjacent to the principal use.

I. Seating shall not be located in such a manner as to obstruct parking spaces. No additional parking is required for thirty (30) seats or less. Any additional seating over thirty (30) seats shall provide required parking based on one (1) space per three (3) seats.

J. Any proposed outdoor seating plan over fifty (50) seats shall be reviewed as a Conditional Use Permit.

Refuse and Trash Receptacle Enclosures

A. Refuse. All lots within all zoning districts shall be maintained in a neat and orderly manner. No rubbish, salvage materials, junk, or miscellaneous refuse shall be openly stored or kept in the open when the same is construed by the City Council to be a menace or nuisance to the public health, safety, or general welfare of the City, or to have a depressing influence upon property in the area.

B. Trash Dumpsters and Garbage Receptacles Required: All new uses and buildings in all zoning districts, with the exception of the "R-1", "R-2", and "R-3A" Districts; shall have trash dumpsters or garbage receptacles provided on the parcel or lot and be adequately screened and enclosed. The location of trash dumpsters and garage receptacles shall be approved during the site plan approval process.

C. Standards for Trash Enclosures: Trash dumpsters and garbage receptacles shall be screened from all lot lines and public roadways, in accordance with the following provisions:

1. The screening devices shall be designed so that they are architecturally harmonious with the principal structures on the site and shall meet the requirements as specified in Section 15 of this Ordinance.

2. Trash enclosures shall be lit.

3. Trash enclosures shall be of an adequate size to accommodate all refuse and recyclables.

D. Enclosure and Receptacle Maintenance Required: Fencing and landscaping for trash dumpsters and garbage receptacles shall be maintained in good condition and shall be kept litter-free at all times.

The trash enclosure is proposed to be located on the northwest corner of the site and will be screened architecturally from 5th Ave NE and the surrounding property to the north. The colors of the enclosure are consistent with the principal building on site. The trash enclosure is proposed to be illuminated with a light pole to the east for safety of employees.

Mechanical Equipment

Mechanical equipment shall be screened from the public right-of-way and from adjacent residential properties. Screening shall be compatible with the principal building and shall be provided in accordance with the regulations as provided within Section 15, Subdivision 3 of this Ordinance.

Mechanical equipment is not displayed on site plans. If any exterior mechanical equipment is proposed, it shall be labeled on the site plans and reviewed for location and screening.

Drive-Thru Facilities

Permitted by a Conditional Use Permit only as an accessory use to a business or restaurant providing the following requirements are met:

A. No drive-thru window shall be adjacent to a public street.

The proposed drive-thru windows will be located on the north side of the building and will not be directly adjacent to a public street.

B. Drive-thru facilities shall be limited to one (1) service window which is part of the principal structure and not more than two queuing lanes, unless approved along with additional landscaping, screening, or other pedestrian amenities such as fencing, seating, raised pedestrian crossings, etc.

The exterior building elevations display three drive-thru windows and two designated queuing lanes, with a bypass lane running parallel to the drive thru lane on the north side of the building. Staff believes that having more than one drive-thru window will speed up the drive-thru process and allow the business to have separate stations for money collection and food handling.

C. There shall not be any additional curb cuts on a public right-of-way exclusively for the use of drive-thru queuing or exit lanes. Drive-thru traffic shall enter and exit from internal circulation drives.

The curb cuts will be located on 5th Ave NE to access and exit the site. These curb cuts will not be used exclusively to enter the drive thru lanes. Traffic will circulate through the parking area to get to the queuing lanes.

D. Queuing space for at least four (4) cars or seventy (70) feet shall be provided per drive-thru service lane as measured from but, not including the first drive-thru window or teller station.

The drive-thru lanes will be able to accommodate 12 cars, with 2 additional waiting stalls ahead of the drive-thru windows.

E. Queuing space shall not interfere with parking spaces or traffic circulation with the parking lot or upon the public right-of-way.

Queuing space is located on the east side of the site and will wrap around the building, while the parking stalls are located on the south side of the building. Car piling near the drive-thru lane is not expected to impact vehicles coming in and out of parking stalls. The building will have two queuing lanes and three drive-thru windows to minimize wait times.

F. Alcoholic beverages shall not be served.

There will be no alcoholic beverages sold on site.

G. Exterior loud speakers shall be located a minimum of one hundred fifty (150) feet from any parcel containing a residential use and such speakers shall comply with the noise regulations as provided within Isanti City Code of Ordinances.

The site does not border a residential area.

H. A by-pass lane shall be provided, allowing autos to exit the drive-thru lane from the stacking lane.

A by-pass lane is provided that runs parallel to the drive thru lane, allowing vehicles to exit the drive-thru lane from the stacking lane.

I. Screening of automobile headlights must be provided. Screening shall be at least three (3) feet in height and fully opaque. Screening shall consist of a wall, fence, dense vegetation, berm or grade change or similar screening as determined to be acceptable by the City Council.

A landscaping plan was not submitted with the application. A landscaping plan will need to be submitted to City Staff to review tree and planting locations, types and number of trees. The landscaping plan shall meet all landscaping criteria listed in Section 15 of the City's Zoning Ordinances.

Signs

The site proposes wall signage on three sides of the building with the DQ logo and two freestanding pylon signs near Highway 65 and 5th Ave NE. These signs will need to follow criteria listed in both the B-2 General Business District as well as the Highway 65 Overlay District. According to the sign regulations found in Section 16 of the City's Zoning Ordinances, each site is allowed only one freestanding sign. The sign package for DQ is proposed to have one freestanding pylon sign facing Hwy 65 and another pylon sign facing 5th Ave NE. Since the sign package is completed with the submittal of the site plans, the Planning Commission and City Council can make recommendation to allow for two freestanding signs on site. Staff believes that two signs on this lot are reasonable since there are two road frontages. The sign plans show a dynamic sign with an electronic message board. Dynamic signs are permitted in the B-2 and TH 65 Overlay Zoning Districts. Specific regulations shall be followed for a dynamic sign found in Section 16, Subdivision 6 of the City's Zoning Ordinances. Menu boards for the drive thru are not proposed to exceed 60 square feet.

Staff Recommendation: Staff recommends approval of the proposed Dairy Queen building site plans and Conditional Use Permit located at 280 5th Ave NE with the following conditions:

Conditions:

- The site is required to provide at least 2 bike parking stalls in accordance with Section 17, Subd. 14 of Isanti's Zoning Ordinances
- A landscaping plan shall be provided for review by City Staff and shall meet all criteria listed in Section 15 of the City's Zoning Ordinances.
- One freestanding pylon sign is permitted on site, if the applicants would like a second pylon sign near the entrance, it must be approved by the City Council
- If the freestanding sign near 5th Ave NE is approved by the City Council, it must be located at least 10 ft from property lines
- The dynamic sign shall follow regulations found in Section 16, Subdivision 6 of the City's Zoning Ordinances
- A trash receptacle shall be placed within the outdoor seating area
- Applicant shall apply for all permits associated with the building including a building permit, mechanical permit, plumbing permit, electrical permit, and sewer and water hookup.
- All other conditions listed in the City Engineer's memo, dated 7/7/2022.

MEMORANDUM

Date: July 7, 2022

To: Stephanie Hillesheim, Community Development Director

From: Jason W Cook, P.E.
City Engineer

Subject: Dairy Queen – Site Plan Review
City of Isanti, MN
Project No.: 0R1.126218

We have reviewed the Site Plan and supporting documents entitled "Dairy Queen Grill & Chill" with a signature date of June 24, 2022.

The plan includes the construction of a new building, parking lot and a storm sewer system that connects to a regional pond.

We have reviewed the submitted documents and have the following comments:

1. Sheet C102 Removals Plan:
    a. Preserve large pines where possible along the south property line.
    b. Avoid cutting into the drive lanes on 5th Avenue, see comments on hydrant lead below.
    c. Cut a minimum 2-foot bit patch width along the curb.
2. Sheet C201 Civil Site Plan:
    a. Use the heavy duty pavement section on 5th Avenue.
    b. Clarify which "directional sign" will be used at the entrance and exit.
    c. Construct both entrances with the attached valley gutter detail. Add detail to plans.
    d. General Comment (not a requirement): allowing 90-degree parking on a one way road can be confusing and cause accidents. The single lane along the west side of the building would also not be need to exist if all angled parking were used.
3. Sheet C401 – Utility Plan:
    a. Call out a Neenah R-3347-A casting to replace the existing casting on the existing catch basin that will now fall in the driveway. Revise on C602 table as well.
    b. We do not want additional taps made onto the waterline, nor the full street being cut into and closed, therefor, show removing the existing hydrant and valve, adding 2 45-degree bends and reinstalling the hydrant and valve on the south side of the new exit, centered in the boulevard.

c. A large portion of the site in the NW area drains to the street, this needs to be collected on site. Move STMH-1 to the connection point of the existing storm stub and add a new Catch basin next to the trash enclosure.

4. Sheet 501 – Erosion Control Plan:
    a. All turf establishment shall be sod, not seed, per City standard.
5. Sheet C6.02 – SWPPP Narrative:
    a. Submit NPDES Permit to City prior to beginning work.
    b. Submit City SWPPP checklist (attached)

We recommend approval of the site plan once the above items are addressed.

Please contact me if you have any questions.

NOTES:

1. THE LOCATIONS AND ELEVATIONS OF THE EXISTING UTILITIES SHOWN HEREIN ARE APPROXIMATE. THEY HAVE BEEN PLOTTED FROM AVAILABLE SURVEYS AND/ OR RECORDS. THE CONTRACTOR IS RESPONSIBLE FOR FIELD VERIFYING LOCATION AND ELEVATION TO ENSURE THAT ANY EXISTING UTILITIES (SHOWN OR NOT SHOWN) ARE NOT DAMAGED DURING CONSTRUCTION.
2. CONTRACTOR SHALL VERIFY AND COORDINATE BUILDING UTILITY CONNECTION SIZES, LOCATIONS, AND ELEVATIONS WITH PLUMBING, MECHANICAL, AND ELECTRICAL CONTRACTORS.
3. ALL EXCAVATION SHALL BE IN ACCORDANCE WITH THE CURRENT EDITION OF "STANDARD SPECIFICATIONS FOR TRENCH EXCAVATION AND BACKFILL/SURFACE RESTORATION" AS PREPARED BY THE CITY ENGINEERS ASSOCIATION OF MINNESOTA.
4. ALL WATER PIPING SHALL BE BURIED A MINIMUM OF 8'.
5. SEE WATER DETAILS FOR ADDITIONAL INFORMATION.
6. A MINIMUM VERTICAL SEPARATION OF 18 INCHES IS REQUIRED AT ALL WATER LINE CROSSINGS WITH SANITARY SEWER OR STORM SEWER. THE WATER LINE SHALL NOT HAVE JOINTS OR CONNECTIONS WITHIN 10 FEET OF THE CROSSING. INSULATE CROSSINGS WITH STORM SEWER.
7. SANITARY SEWER CLEANOUTS SHALL BE PROVIDED WITHIN 5' OF THE BUILDING FOR UNIT'S CONNECTION.
8. SANITARY SEWER CLEANOUT SPACING SHALL NOT EXCEED 90'.
9. SANITARY SEWER SERVICES SHALL HAVE A MINIMUM OF 2.00% GRADE.
10. SEE SANITARY SEWER DETAILS FOR ADDITIONAL INFORMATION.
11. ALL NONCONDUCTIVE PIPE SHALL BE INSTALLED WITH A LOCATE (TRACER) WIRE PER MINNESOTA RULES, PART 7560.0150
12. ALL CONSTRUCTION AND MATERIALS SHALL BE IN ACCORDANCE WITH THE MINNESOTA STATE PLUMBING CODE.
13. ALL PIPING SHALL BE TESTED IN ACCORDANCE WITH THE MINNESOTA STATE PLUMBING CODE.
14. ALL IMPROVEMENTS SHALL REMAIN VISIBLE FOR INSPECTION .

SWPPP Checklist

Construction Stormwater Permit Program

Doc Type: Stormwater Pollution Prevention Plan (SWPPP)

Background: This checklist is based on the checklist used by Minnesota Pollution Control Agency (MPCA) staff for Stormwater Pollution Prevention Plan (SWPPP) reviews.

Site Information

Applicant: _____ Project name: _____

Application date: _____ Reviewer name: _____

SWPPP Narrative

Yes	No	
☐	☐	Describe the nature of the construction activity?
☐	☐	Address the potential for a discharge of sediment and/or other potential pollutants from the site?
☐	☐	Propose erosion prevention and sediment control Best Management Practices (BMPs.
☐	☐	Identify the person knowledgeable and experienced who will oversee the implementation of the SWPPP.
☐	☐	Identify the entity (name or title) responsible for performing future Operations and Maintenance (O&M).
☐	☐	Identify the training requirements are satisfied.
☐	☐	Describe project phasing.
☐	☐	Describe final stabilization methods for all exposed areas? (may be in narrative or on plan sheets)
☐	☐	Identify stormwater management measures needed to mitigate impacts identified as a result of environmental, historical, archaeological, or rare species reviews conducted for the project?
☐	☐	Identify additional measures being taken to protect Drinking Water Supply Management Areas?
☐	☐	If site discharges to special water or impaired reach, identify any site areas discharging to the special or impaired reach?
☐	☐	Identify construction areas that are adjacent to and drain to Public Waters for which the Minnesota Department of Natural Resources (DNR) has promulgated "work in waters restrictions" during specified fish spawning time frames.
☐	☐	The SWPPP must account for expected amount, frequency, intensity, and duration of precipitation.
☐	☐	The SWPPP must account for nature of stormwater runoff and run-on at the site.
☐	☐	The SWPPP must account for the range of soil particle sizes expected to be present on the site.
☐	☐	For design requirements or SWPPP components where Permittee determines that compliance with the requirement is infeasible; the SWPPP must document that determination and the substitute BMPs.

SWPPP Plan Sheets

Yes	No	
☐	☐	Existing and final grades.
☐	☐	Locations and types of all temporary and permanent (including infiltration areas) ESC BMPs.
☐	☐	Stormwater flow directions and surface water divides for all pre- and post-construction drainage areas.
☐	☐	Impervious areas (Pre- and Post-Construction).
☐	☐	Soil types.
☐	☐	Locations of potential pollutant-generating activities.
☐	☐	Locations of areas not to be disturbed (buffer zones).
☐	☐	Tabulated quantities of all erosion prevention and sediment control BMPs.
☐	☐	Location of areas where construction will be phased to minimize duration of exposed soil areas.
☐	☐	Areas of steep (3:1 or greater slope).
☐	☐	Locations of all wetlands, surface waters, and storm ponds that will receive pre- or post-construction site runoff.

Stormwater Discharge Design

Yes	No	
☐	☐	For any stormwater flow that will be channelized at the site, the stormwater controls must be designed to control both peak flowrates and total stormwater volume to minimize erosion at outlets and to minimize downstream channel and streambank erosion.
☐	☐	Are Temporary Sediment Basins required on site?

Yes	No	
☐	☐	Adequately sized and appropriately located
☐	☐	Designed to prevent short circuiting?
☐	☐	Outlets designed to remove floating debris, withdraw from the surface, and allow complete drawdown?
☐	☐	Do outlets have energy dissipation?
☐	☐	Have a stabilized emergency spillway?

Which method of permanent stormwater treatment has been selected?

Yes	No	
☐	☐	Are calculations/computer model results included to demonstrate the design and adequacy?
☐	☐	Is adequate maintenance access provided?
☐	☐	Infiltration or filtration

Yes	No	
☐	☐	Is infiltration/filtration appropriate to the site and land uses?
☐	☐	Phasing to ensure excavation of infiltration system after drainage area stabilized?
☐	☐	Rigorous sediment and erosion controls to keep sediment and runoff away from the system?
☐	☐	Is a pretreatment device planned?

Yes	No	
☐	☐	Wet sedimentation basin:

Yes	No	
☐	☐	Configured so scour or resuspension is minimized and to prevent short circuiting.
☐	☐	Basin outlets designed to discharge at > 5.66 cubic feet per second (cfs) per acre of pond
☐	☐	Basin outlets designed to prevent discharge of floatables.
☐	☐	Stabilized emergency overflow.

Yes	No	
☐	☐	Regional ponds:

Yes	No	
☐	☐	Is written authorization from owner of regional pond included in SWPPP?
☐	☐	Does regional pond design conform to the permit requirements for wet sedimentation basin?

Other Requirements

Yes	No	
☐	☐	Plans show areas that are not to be disturbed or are areas where disturbance will be minimized.
☐	☐	Minimize disturbance or other techniques to minimize destabilization of steep slopes.
☐	☐	Has appropriate construction phasing been implemented?
☐	☐	Exposed soils have erosion protection/cover initiated immediately and finished within 14 days
☐	☐	Wetted perimeters of ditches stabilized within 200 feet of surface water within 24 hours.
☐	☐	Temporary or permanent ditches or swales that are being used as a sediment containment system during construction must be stabilized within 24 hours after no longer being used as a sediment containment system.
☐	☐	Pipe outlets have energy dissipation within 24 hours of connecting.
☐	☐	Discharges from stormwater controls are directed to vegetated areas of the site unless infeasible.
☐	☐	Are sediment control practices established on down gradient perimeters and upgradient of any buffer zones?
☐	☐	Are all inlets protected?
☐	☐	Stockpiles have sediment control.
☐	☐	Construction site entrances minimize street tracking.
☐	☐	Plans minimize soil compaction and preserve topsoil.
☐	☐	50 foot buffer or (if not feasible) redundant sediment control when adjacent and drains to a surface water.
☐	☐	Is a dewatering plan required?
☐	☐	Storage, handling, and disposal of construction products, materials, and wastes.
☐	☐	Fueling and maintenance of equipment or vehicles; spill prevention and response.
☐	☐	Vehicle and equipment washing.
☐	☐	No engine degreasing allowed on site.
☐	☐	Containment of Concrete and other washout waste.
☐	☐	Portable toilets are positioned so that they are secure.
☐	☐	Stabilization by uniform perennial vegetative cover (70% density of its expected final growth).

Requirements of Appendix A

Yes	No	
☐	☐	Does this site drain to a discharge point on the project that is within one mile of a Special or Impaired Water?

Yes	No	
☐	☐	Stabilization initiated immediately and all soils protected in 7 days
☐	☐	Provide temp basin for five acres draining to common location.
☐	☐	100-foot buffer
☐	☐	Other as appropriate

Wetland Impacts

Yes	No	
☐	☐	Does this site have a discharge with the potential for adverse impact to wetlands:

Yes	No	
☐	☐	Does the SWPPP comply with the conditions of an approved Wetland Impact Permit?

RE: Dairy Queen

City of Isanti Planning Commissioners,

Isanti Fire District has reviewed the proposed Dairy Queen Grill & Chill by American Dairy Queen, constructed by Marcus Construction on PID 116.126.0060.

Isanti Fire supports the continuation as presented in the July 5, 2022 development review meeting providing that all State and City fire codes are conforming per City of Isanti Code 111-113: *Adoption of MN State Fire Code*.

Sincerely,

Alan Jankovich | Fire Chief

Memo for City Council

To. Mayor Johnson and Members of the City Council
From: Jordan Clementson, Parks, Recreation & Events Coordinator
Date: August 3, 2022
Subject: Resolution 2022-XXX Amendment to the 2022 Budget

Background:
In spring of 2022 the City of Isanti decided to stop running the Isanti Family Farmers Market to allow a private group to host a new market in Isanti called the Neighborhood Market. Since the city is no longer running a farmers' market, city staff would like to make an adjustment to the City of Isanti 2022 Budget.

We are requesting to move the $2,200.00 in the Farmers Market account 101-45300-498 into the Recreation Program account 101-45300-491. The $2,200.00 can be used to supplement remaining Parks events and programs in 2022. Events that we would consider giving a boost to would be the Family Summer Entertainment Series on August 9th and 30th in the Bluebird Park Amphitheater as well as Family Day at Legacy Park on September 25th.

We are considering adding bounce house rentals for the Family Summer Event Series. Currently the events are 1 hour in duration and we'd like to add activities to help draw people into the park before the main performance each night. For Family Day we would like to purchase small pumpkins and paint kits to handout to kids. They will bring them home to decorate. When completed they can submit a photo of their completed pumpkin to the city Facebook page to enter in a contest for a chance to win a prize.

- Resolution 2022-XXX - PARKS - BUDGET - Amendment to the 2022 Budget

RESOLUTION NO. 2022-XXX

RESOLUTION APPROVING AMENDMENT TO THE 2022 BUDGET

WHEREAS, on December 7, 2021 the City Council approved the City of Isanti 2022 Budget; and,

WHEREAS, the 2022 budget includes $2,200.00 for the Isanti Family Farmers Market; and,

WHEREAS, the Isanti Family Farmers Market was taken over as a private venture by The Neighborhood Market in the spring of 2022. The City of Isanti no longer has involvement in the market; and,

WHEREAS, the $2,200.00 will be moved into the Recreation Program fund to be used on upcoming programs and events for the remainder of 2022; and,

WHEREAS, the Isanti City Council authorizes the following amendment to the 2022 budget.

	CURRENT	PROPOSED	CHANGE
101-45300-498	$ 2,200.00	$ 0.00	$ (2,200.00)
101-45300-491	$ 11,875.00	$ 14,075.00	$ 2,200.00

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to amend the 2022 budget.

This Resolution is hereby approved by the Isanti City Council this 3rd day of August, 2022.

Subject: Resolutions 2022-XXX Awarding Quote for the Lease of City/EDA Owned Crop Land

---

Background:

On June 1st the Council/EDA Directed Staff to publicly advertise for crop lease quotes for crop year 2023 for EDA owned land. City Staff opened the quotes at 11 AM on July 20, 2022 and read them aloud. The quotes were as follows:

Parcel A – 67 acres "more or less"
Wayne Calander, Calander Farms $6,800.00/year
This is $2,163.85 less than the 2022 lease. Staff is in the process of obtaining an updated appraisal for this parcel. The lease agreement will have a clause about selling the land. Mr. Calander's quote for the 2023 crop year would put that land valuing at $101.49 per acre. In 2022 Mr. Calander was awarded Parcel A, he paid $8,963.85 for the year, this put the land valuing at $108.39 per acre.

Based on the quotes received staff recommends the following awards:
Parcel A – 67 acres "more or less"
Wayne Calander, Calander Farms $6,800/year

Requested Action:

Staff recommends adoption of the attached resolutions and staff to execute the lease.

RESOLUTION 2022-XXX

AWARDING QUOTE FOR THE LEASE OF CITY OF ISANTI OWNED CROP LAND

WHEREAS, the City of Isanti has determined that certain property currently owned by the City of Isanti and the City of Isanti Economic Development Authority will not be needed in the near future for the intended public use; and,

WHEREAS, the City Council and EDA have identified the property to be leased/rented for crop production on the map attached Exhibit A as Parcel A for 67 acres "more or less", north and east of the City of Isanti Wastewater Treatment Facility and Public Works site, located to the east of 3rd Avenue North on the western boundary of lots 1, 2, 3, and 4 of Isanti Railview North Industrial Park, and south of 299th Avenue; and,

WHEREAS, the City Council and EDA advertised and obtained one quote from parties interested in farming the above stated property for the production of row crops for the 2023 Crop Year as follows:

Wayne Calander, Calander Farms $6,800/yr;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Isanti, Minnesota

1. Hereby awards the bid as received for a period of one crop year to Wayne Calander, Calander Farms, for the amount of $6,800/annual rent for the 2023 crop year for the rental of approximately 67 acres "more or less" of EDA property for crop farming as described above.

2. That the annual rent of $6,800/yr. shall be due and paid to the City of Isanti Economic Development Authority according to the following schedule:
3.

On December 1, 2022	$3,400.00	(1st half of first year 2023 annual fee)
On December 1, 2023	$3,400.00	(2nd half of year 2023 annual fee)

4. The EDA reserves the right to develop the property at any time through the contract period. If the EDA exercises this right, the EDA shall compensate Mr. Calander for the fair market value of the crop destroyed, valued at the average market price per bushel as of the date of initial construction activity resulting in the removal of the crop, based upon the average per acre yield as established by the records maintained by USDA pertaining to the subject field or as available for similar fields located in Isanti Township, in the event such records are not available for the specific crop field herein.
5. That Mr. Calander shall have no right to rent the land for future crop years after year 2023 unless awarded the lease by the EDA through a bid process.

This resolution was duly adopted by the City of Isanti this 3rd day of August 2022.

4th Annual MMBA Fire Department Fundraiser

In an effort to help your cities promote the Community Value of their Municipal Liquor Operation, the MMBA, in partnership with MolsonCoors, is coordinating the 4th annual fundraiser **benefiting your local fire departments.**

This is an effort to help raise additional $$ for local fire departments as many are running on very tight budgets. All funds raised will go directly to the local fire department that services your community.

In addition, for each store that participates, you will be part of a random drawing for 1 of 5 additional $500 donations for local fire departments! **Send in a photo of your display/participation to be entered.**

In appreciation for the largest donation gathered, MolsonCoors will also donate a case of Coors Banquet to each and every fire fighter at that cities department!

NEW in 2022*** Molson Coors will also be supporting a greater cause with every case of Coors Banquet sold (4/6/12 stubby bottles and 4/6/16 cans) We have selected MN Fire to receive a cents/case donation up to $15,000! This non-prof supports local MN firefighters with insurance, family needs and health benefits.

We will also have special packaging calling out firefighters too!!

Here are execution details for this program:

- The fundraiser will run from August 1 – Sept 11th, 2022. At the end of the event (Sept 11th), please take the collected cash to your local fire department while contacting Paul Kaspszak with your results.

- Each participating Municipal store will raise funds in various ways (suggestions noted below)

- POS to help Support the event

    - Signage will be available from your Coors Distributor – please contact them and determine exactly what you need and what you want the POS to communicate
        - Banners for front of store
        - Posters for inside store and above Coors/Coors Light display
        - Donation cards (To start, it is suggested that you get 100 donation cards with scannable UPC for ease of collection)

Here are some successful ideas to help promote the event and raise the most funds:

- ✓ Donation cards – every person who donates signs a card and the cards are proudly displayed in store (behind register, around Coors display, entry way – this helps to increase awareness as well as thank those that donate)
- ✓ Contact your local Fire Chief to gain their participation and more suggestions.
    - Plan a day or 2 when fire trucks can be parked in-front of the store
    - Have station donate items to be raffled in silent auction (ie signed helmet or boots)
    - Have firefighters in your store for photos and help with donations
    - Is there a piece of equipment the fire department is in need of? Set a goal and help them achieve it!
- ✓ Run a silent auction in-store to raise $$ - items could be donated by fire station, city, local businesses, breweries, distributors, etc
- ✓ Donate a portion of Coors/Coors Light sales for the month of August. $.50/case being a suggestion.

- ✓ At the end of the program, tally your funds and ask your local Coors distributor to mock up a large check. This is a great photo opp for your store/local paper and it can be then posted in your store thanking the community for their efforts.

Your Coors distributor will be asking about your participation and how they can help. They will also be incentivized to build large creative displays with Coors and Coors Light cases to help with your efforts.

Any and all additional display/feature consideration for Coors and Coors Light is greatly appreciated!

Send in all your photos of your participation to
Email: kaspszak@outlook.com and CC : jonathan.chance@molsoncoors.com

If you have any issues contacting your local distributor, please contact Jon Chance
Phone: 612-718-6862

Thanks for your participation!!!!!

Memo for Council Action

To: Mayor Johnson and Members of the City Council
From: Finance Director Betker
Date: August 3rd 2022
Subject: Resolution 2022-XXX Accepting Quote for Dell Poweredge T440 Server

---

Background:

The Server for City Hall is scheduled for replacement. The 2022 budget for Fund 614 included $12,621 for a new server. However, given rising prices and an ever expanding need for digital storage, especially video of public meetings, White Bear IT Solutions has quoted a price of $25,090. Finance Director Betker solicited a second quote online directly from Dell. That quote was more than $33,000.

In discussions with IT, staff is satisfied that this server will meet the needs of the City for at least the next 7 years. 2 years longer than the standard useful life assigned in our capital improvement plan. In addition to mitigating risk with redundant fans and power source the proposed server will also come with 4-hour On-Site support, provided by Dell, for 7 years.

The current server was originally purchased in 2016. When the current extended support contract runs out in April of 2023, no support/warranty contract options will available. Additionally the current server is down to less than 10% of its memory available.

Recommendation:

While this purchase would be well above budget and would likely leave Fund 614 with a negative cash balance at year end, staff is recommending moving forward with the purchase. The long run financial outlook for Fund 614 is still strong. And this purchase would mitigate substantial risk for at least 7 years and potentially 10 years.

Action Required:

If Council concurs with staff's recommendation, Council would motion to approve the attached Resolution.

RESOLUTION 2022-XXX

ACCEPTING QUOTE FOR DELL POWEREDGE T440 SERVER

WHEREAS, The city capital improvement plan, which is reviewed and adopted by the Council annually provides for the replacement of the existing City Hall Server; and,

WHEREAS, the current server is nearing the end of its support contract as well as limits on available memory; and,

WHEREAS, the city has received two quotes and Fund 614 is the identified funding source;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Isanti, Minnesota to accept the quote from White Bear IT Solutions for Dell PowerEdge T440 Server in the amount of $25,090.

This Resolution is hereby approved by the Isanti City Council this 3rd day of August, 2022.

SUMMARY OF TENTATIVE AGREEMENT

City of Isanti and LELS Local # 416 (Lieutenants)

1. Article 8 – Grievance Procedure

Section 8.4 is amended as follows to reflect legislative changes to arbitrator selection procedures:

> **Step 4.** A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1979 and Minnesota Statutes section 626.892, as amended.

2. Article 17 – Vacation

a. Section 17.1 is replaced in its entirety with the following language:

Vacation will accrue at the following rates:

Years of Service	Annual Accrual
First (1) year	6 days (48 hrs.)
Second (2) year	12 days (96 hours.)
Sixth (6) year	18 days (144 hrs.)
Tenth (10) year	24 days (192 hrs.)
Fifteenth (15) year	27 days (216 hrs.)

b. Section 17.2 is amended as follows:

~~48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.~~ Employees may carry accrued vacation leave up to a maximum of 480 hours.

3. Article 19 – Sick Leave

Section 19.4 is amended as follows:

> An employee who is drawing worker's compensation shall be allowed to use accumulated sick, vacation, or compensatory leave as necessary to

insure a full monthly paycheck, providing that employee shows documentation to the Employer.

4. Article 21 – Insurance

Article 21 is amended as follows:

21.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

21.1.a ~~Effective 01/01/2019 f~~For the duration of this Agreement, the Employer will provide a plan with coverage and benefits at least equivalent to the coverage provided under the Public Employee Insurance Program (PEIP). For the duration of the ~~2020-2022~~2023-2025 collective bargaining agreement, the Employer will offer Employees the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

21.1.b For the duration of the ~~2020-2022~~2023-2025 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. The amount will be pro-rated if less than a full year is worked. This provision shall sunset effective December 31, ~~2022~~2025.

21.1.c For the duration of the ~~2020-2022~~2023-2025 collective bargaining agreement only, the City will continue to offer a $443.75 per month taxable Opt- Out Waiver payment for those benefit-eligible employees not electing health insurance coverage, upon presentation of certification for proof of coverage pursuant to City policy. This provision shall sunset effective December 31, 2025~~2022~~.

21.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

21.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE CITY OF ISANTI
AND
LAW ENFORCEMENT LABOR SERVICES, INC. LOCAL #416

This Memorandum of Understanding (MOU) is entered into by and between the City of Isanti, Minnesota ("City"), Law Enforcement Labor Services, Inc., Local #416 ("Union"), and John McCarty ("Employee"). The City, the Union, and Employee are collectively referred to as the parties.

WHEREAS, Employee is employed by the City as a Lieutenant with the Police Department; and

WHEREAS, the Union is the exclusive representative of all licensed essential supervisory employees in the position of Lieutenant employed by the City; and

WHEREAS, the City and the Union are parties to a collective bargaining agreement effective January 1, 2023 through December 31, 2025 (CBA), which governs the terms and conditions of employment for City employees within the bargaining unit represented by the Union, including Employee; and

WHEREAS, the parties desire to enter into this Memorandum of Understanding for the purpose of recognizing Employee's experience as a law enforcement officer and the benefits that an experienced supervisory employee brings to the City.

NOW THEREFORE, the parties agree as follows:

1. **Longevity.** The City shall recognize Employee's years of full-time outside experience as a licensed peace officer in Minnesota prior to Employee's full-time employment with the City at a rate of 75% (1-year prior full-time experience = 0.75 years) for purposes of determining eligibility for longevity pay pursuant to Article 16.4 of the CBA.
2. **Duration.** This MOU shall remain in effect until Employee is no longer employed by the City as a full-time Lieutenant.
3. **Not Precedent Setting**. The parties agree that this MOU shall not be considered precedent setting, constitute a past practice, or be used as evidence in any proceeding involving the City and the Union other than for purposes of enforcement of this MOU.
4. **Mutual Drafting.** This MOU is the result of negotiations between the parties and, accordingly, shall not be construed for or against any party, regardless of which party drafted the MOU or any portion thereof. The MOU shall for all purposes be deemed to have been mutually drafted.

5. **Entire Agreement.** This MOU constitutes the entire agreement between the parties relating to the matters set forth herein. No party has relied upon any oral statements or promises that are not set forth in this document. No changes to this MOU will be valid unless they are in writing and signed by the parties.

IN WITNESS WHEREOF, the parties have entered into this MOU on the dates shown below.

By signing below, each party specifically acknowledges that it has read this Agreement and that it understands and voluntarily agrees to be legally bound by all terms of the Agreement.

ARTICLE 1 - PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 416 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 - RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed Essential Supervisory employees in the position of Lieutenant employed by the City of Isanti Police Department, Isanti, Minnesota who are public employees within in the meaning of Minn. Stat. l79A.03, subd.14 excluding confidential and all other employees.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 - DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No. 416.

3.2 EMPLOYER: The City of Isanti.

3.3 UNION MEMBERS: A member of Law Enforcement Labor Services, Inc., Local No. 416.

3.4 EMPLOYEE: A member of the exclusively recognized bargaining unit.

3.5 DEPARTMENT: The City of Isanti Police Department.

3.6 CHIEF: The Chief of Police of the City of Isanti Police Department.

3.7 BASE PAY RATE: The employee's hourly rate exclusive of any special allowances.

3.8 OVERTIME: Work performed in excess of an employee's scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses' father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.11 DAYS: Unless otherwise indicated, mean the City's regular business days.

3.12 EMERGENCY: A crisis situation or condition which reasonably may be expected to endanger life or prope1ty as defined by the Employer.

3.13 PROBATION PERIOD: Means one (1) calendar year from the employees' date of hire. The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.

3.14 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two-week notice, providing the employee has not been discharged for misconduct.

ARTICLE 4 - NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis prohibited by law.

ARTICLE 5 - UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 - EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 - SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request ofeither party.

ARTICLE 8 - EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representative designated by the Union as the grievance representative of the bargaining unit. The Union shall notify the Employer in writing of the name of such Union representative.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3. A grievance not resolved in Step 2, by mutual consent, may be mediated using the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 and Minnesota Statutes section 626.892, as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made, providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 - DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or more of the following forms:

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 - JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, and shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE 11 - HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;
d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 - OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

I2.3 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (l ½) to a maximum accumulation of eighty (80) hours.

12.4 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.5 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 - COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1 ½) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 ½ times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 - CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1-1/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum.

Call back time shall not include phone calls, must include employee reporting to work at the office or the scene of an incident.

ARTICLE 15 - SENIORITY

15.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full-time position.

15.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

15.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any jobs classifications in which employees are laid off who have recall rights.

15.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

ARTICLE 16 - COMPENSATION

16.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

16.2 Meals: Employees will be reimbursed for meals according to current policy.

16.3 The City shall pay the following lump sum payments to employees possessing a

valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms Qualifications	$300.00

16.4 Longevity: Longevity pay is based upon full length of service as a full-time officer/lieutenant in the City of Isanti from date of hire. Members will receive longevity in accordance with the following schedule:

10 Years of Service - Two Percent (2%) above base wage rate
15 Years of Service - Four Percent (4%) above base wage rate
20 Years of Service - Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

ARTICLE 17 - VACATION

17.1 Vacation will accrue at the following rates:

Years of Service	**Annual Accrual**
First (1) year	6 days (48 hrs.)
Second (2) year	12 days (96 hours.)
Sixth (6) year	18 days (144 hrs.)
Tenth (10) year	24 days (192 hrs.)
Fifteenth (15) year	27 days (216 hrs.)

17.2 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay. Employees may carry accrued vacation leave up to a maximum of 480 hours.

17.3 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

17.4 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 18 - LEAVES OF ABSENCE

18.1 Military Leave. Any military leave of absence shall be handled as provided by law.

18.2 Negotiating Committee. An employee elected to serve on the negotiating committee representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

18.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

18.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 19 - SICK LEAVE

19.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 hours.

19.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

19.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eighty (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

19.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick, vacation, or compensatory leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

19.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

19.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be

sold back under this provision up to six (6) days in any one year.

ARTICLE 20 - FUNERAL LEAVE

20.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

20.2 Funeral leave in an amount equal to three eight-hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

20.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 21 - INSURANCE

21.1 Health Insurance. The Employer will provide a health and medical care insurance program to all employees. The Employer will pay 100% of the premium for single coverage health insurance. Employees choosing dependent care health coverage will be required to pay according to current City policy applicable to all City employees. Essentially, Employee contributions toward the premium costs of dependent coverage will increase or decrease by the same percentages as the City's overall policy cost increase or decrease for the health care coverage for the duration of this Agreement.

21.1.a For the duration of this Agreement, the Employer will provide a plan with coverage and benefits at least equivalent to the coverage provided under the Public Employee Insurance Program (PEIP). For the duration of the 2023-2025 collective bargaining agreement, the Employer will offer Employees the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

21.1.b For the duration of the 2023-2025 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. The amount will be pro-rated if less than a full year is worked. This provision shall sunset effective December 31, 2025.

21.1.c For the duration of the 2023-2025 collective bargaining agreement only, the City will continue to offer a $443.75 per month taxable Opt- Out Waiver payment for those benefit-eligible employees not electing health insurance coverage, upon presentation of certification for proof of coverage pursuant to City policy. This provision shall sunset effective December 31, 2025.

21.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for,

life insurance in the amount of $25,000.00 for each full-time employee.

21.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

21.4 Dental Insurance. The Employer shall make dental insurance coverage available to employee and employee's dependents. The Employer will pay 100% of the premium for single coverage and 100% of the premium for dependent care coverage.

ARTICLE 22 - HOLIDAYS

22.1 Recognized Holidays. Holidays include the following:

New Year's Day
Presidents Day
Columbus Day
Independence Day
Veteran's Day
½ day Christmas Eve
Christmas Day
Martin Luther King
Day Memorial Day
Labor Day
Thanksgiving Day
Floating Holiday

22.2 During the month of December Employees will be paid a lump sum check at the employees' regular rate of pay for the above holidays or receive days off in lieu of payment. Days off must be scheduled with the employee's supervisor. Employees terminating employment during the calendar year will receive a pro-rated payment. In the event of a resignation occurring after payment of the lump sum check but before the occurrence of holidays set forth in this Article, the Employer is authorized to deduct any amounts paid for holidays occurring after the effective date of said resignation from the wages of a resigning Employee.

22.3 Employees who work on a recognized holiday shall be paid at one and one-half (1 ½) times their regular straight time rate for all hours worked, up to 12 hours pay depending on the length of the employee's normally scheduled work day, in addition to holiday pay as provided in Article 24.2. Holidays excluded from pay at the one and one-half (1 ½) times the regular straight time rate are the Floating Holiday and ½ Day for Christmas Eve which shall be paid at the regular straight time rate for all hours worked.

22.4 An employee utilizing the Floating Holiday will be allowed up to (12) hours pay, depending on the length of the employee's normally scheduled work day.

ARTICLE 23 - UNIFORMS

23.1 The Employer shall provide the initial uniform issue, as listed in Appendix B, for each permanent full-time employee.

23.2 Each employee shall receive a uniform allowance of $100.00 per month.

23.3 The Employer shall cover all costs of eyeglasses or other eyewear damaged or destroyed in the line of duty, except in those instances where the damage is loss or caused by the personal neglect of the employee.

23.4 The Employer shall pay for the repair or replacement of personal items of the individual employee which are damaged or destroyed in the line of duty, except in those instances where the damage or loss is caused by the personal neglect of the employee.

23.5 Employees terminating from the Police Department, with less than three (3) years of service, for any reason must return their entire uniform, including accessories, except for any items that were individually purchased by the officer using resources other than the uniform allowance. Regardless of the years of service, an employee terminating from the Police Department must return their body armor and other uniform accessories if originally paid for by the employer, and must return all uniform insignia and department "patches".

23.6 The Employer shall provide an annual stipend of $100 for the maintenance and replacement of the Officer's service firearm to each permanent full-time employee employed by the Departments as of December 31 of the preceding year. The payment shall be made in January of each contract year.

ARTICLE 24 - OUTSIDE EMPLOYMENT

Employees must receive prior written approval from the Chief and City Administrator before accepting outside employment.

ARTICLE 25 - WAIVER

25.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment to the extent inconsistent with the provisions of this AGREEMENT, arc hereby superseded.

25.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands with respect to any term or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in

this AGREEMENT. The Employer and the Union each voluntarily waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered by this AGREEMENT, although such terms or conditions may not have been within the knowledge or contemplation of either or both of the parties at the time that this contract was negotiated or executed.

ARTICLE 26 - DURATION

This AGREEMENT shall be in effect from January 1, 2023 until December 31, 2025, and shall remain in effect from year to year thereafter unless either party gives notice as may be required by state statute of their desire to amend this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have set their signatures.

Mayor's Proclamation

City of Isanti

Whereas Manufacturing is a dynamic and robust industry, crucial to the health and strength of Minnesota's diverse economy; and,

Whereas Manufacturing added $51.9 billion to Minnesota's economy in 2021 representing the second-largest contribution to the state's gross domestic product by any industry; and,

Whereas Minnesota manufacturing jobs in 2021 make up the second largest total payroll among private sector industries; and,

Whereas Manufactured exports brought $22 billion into the Minnesota economy in 2021; and,

Whereas Manufacturing in Minnesota pays an average annual wage of $74,626, 11% higher than across all industries in Minnesota; and,

Whereas More than 75,000 job openings for manufacturing positions are expected through 2030 in Minnesota as older workers retire.

Now, therefore, I, Jeff Johnson, Mayor of the City of Isanti, do hereby proclaim that October 2022 shall be observed as:

Manufacturing Month

in the City of Isanti on this 20th day of September, Two Thousand Twenty-two.

City Administrator Josi Wood requested that the Council take a brief three (3) minute recess.

A motion was made from Bergley, seconded by Gordon to enter into a three (3) minute recess. Motion carried 4-0.

A motion was made by Bergley to come out of recess, seconded by Collison. Motion carried 4-0.

Upon continuing meeting, Mayor Johnson shared that items that are brought to public comment are restricted for government topics. They are not a platform for private agendas, to make personal attacks, to air personal grievances, to make political endorsements or political campaign purposes. He apologized for the comments made during Public Comment as those should not have been allowed.

K. Business Items

<u>City Administrator Josi Wood</u>

1. **ORD-772** An Interim Ordinance Authorizing Studies and Imposing a Moratorium on the Sale of Cannabis Products

   City Administrator Josi Wood shared discussion was held at the July 19th and August 16th Committee of the Whole meetings regarding the recent legal ability to sell certain products containing delta-9 THC and other edible THC items in Minnesota. It was discussed at the Committee meetings that because the state does not have much regulation, staff will need to research the topic and see if it is in the best interest of the City, residents and businesses to have any kind of regulation.

   Staff drafted an interim ordinance imposing a moratorium of the sale of certain cannabis products and posted for the required ten (10) days. The interim ordinance does not have any impact on current businesses who are selling delta-9 products however, would not allow any new businesses to sell it until it has been decided upon through City Council on a permitted regulatory ordinance.

   Kappa Rourke shared that he represents businesses all over the state that sell these products and further shared his knowledge of the products.

   Councilmember Gordon shared that he did not want the Interim Ordinance to go on for too long. There was continued discussion regarding the length of time for the research.

   A motion was made by Bergley, seconded by Collison to approve the interim ordinance as presented. Motion carried 4-0.

2. Consideration of Amendments to City Code Chapter 188 and Chapter 230 for the Outdoor Archery Range
   a. **ORD-773** An Ordinance Amending Chapter 188; Hunting and Firearms
   b. **ORD-774** An Ordinance Amending Chapter 230; Parks and Recreation Areas

   City Administrator Josi Wood shared with the new archery range soon to open; it requires some amendments to City Code. 'C.' has been added to section 188-2 stating, "Persons using bow and arrows as permitted at the designated outdoor archery range, within the designated shooting area" and Chapter 230 for rules and regulations for the archery range area. The ordinances were reviewed by the Parks, Recreation and Culture Board Coordinator, Chief Muyres and CA Wood to ensure consistency with the items that will be used at the archery range. The rules and regulations will also

be posted at the Archery Range. The draft ordinance has been posted for the required ten (10) day requirement and staff recommends approval.

Councilmember Gordon pointed out a typo which was corrected in the Ordinance.

Motion by Collison, seconded by Gordon to approve K.2. a. and K.2. b. Motion carried 4-0.

3. **Resolution 2022-156** Approving a Conditional Use Permit for Installing a Paging Repeater and Antenna on the City Water Tower

City Administrator Josi Wood shared that a presentation was given at the August 16th Planning Commission meeting for a conditional use permit to help the Fire District and other emergency response partners from the County Sheriff's Office in allowing there to be a VHF paging repeater antenna placed on the City's water tower.

Motion by Bergley, seconded by Collison to approve resolution as presented. Motion carried 4-0.

4. **Resolution 2022-157** Approving a Special Event Permit Application for "Dual-A-Palooza"

City Administrator Josi Wood shared that Pump Republic is a new weight lifting gym that is open in the Dual Square Mall. They are requesting to hold a grand opening in the grassy area at the mall. The event is Saturday, October 1st from 10:00 a.m.-3:00 p.m. They plan to have giveaways, food, drinks and asking for a free will donation to give to the Isanti and Cambridge emergency response units. Republic is also trying to get a few vendors to come out to the event.

Motion by Bergley, seconded by Collison to approve resolution as presented. Motion carried 4-0.

Finance Director Mike Betker

5. **Resolution 2022-158** Setting the 2023 Final Budget and Levy Meeting
6. **Resolution 2022-159** Approving the 2023 Preliminary Budget for the City of Isanti
7. **Resolution 2022-160** Adopting the Proposed 2022 Tax Levy Collectible in 2023 for the City of Isanti

Finance Director Mike Betker shared the proposed preliminary property tax levy is $4,042,954 and reflects an increase in the preliminary taxable market value for 2023 of 26.1%. The City will receive updated property tax values in December from the County. The proposed preliminary property tax rate is 57.61%. A decrease of 2.37% from 2022. The 15-year average tax rate from 2008 through 2022 is 66.70%.

Betker further shared that as discussed in prior work sessions, other non-levy General Fund revenue sources have been adjusted to reflect prior year trends, rates per the fee schedule, and known agreements.

General Fund expenditures have been adjusted based on prior year actual costs, current year expenditures through June, actual maintenance agreements and contracts costs. All wages include an estimated COLA for 2023 due to ongoing labor negotiations and include the necessary step increases, where applicable. Dental Insurance, Worker's Compensation, Property/ Liability/ Volunteer Insurance and Life/AD&D Insurance have all been adjusted to reflect premiums paid in 2022 and any necessary inflationary factor was applied. Heath Insurance is projected to increase 15.0%. Final renewal numbers on Health Insurance scheduled to be available early October.

Motion by Bergley to approve K.5., K.6. and K.7., seconded by Collison. Motion carried 4-0.

L. Approve Consent Agenda

1. Payroll in the Amount of $260,110.64 and Accounts Payable in the Amount of $651,508.01
2. **Resolution 2022-161** Approving Resignation of Liquor Store Clerk II Kenneth Frost
3. **Resolution 2022-162** Approving Resignation of Part-Time Police Officer Kevin Stahl
4. **Resolution 2022-163** Removing Alexander Collins from the Planning Commission and to Advertise to Fill the Vacant Planning Commission Seat
5. **Resolution 2022-164** Extending the Site Plan Approval Regulated by the Conditional Use Permit as Approved in Resolution 2003-098 for Construction Purposes at the Isanti Primary School
6. **Resolution 2022-165** Approving the Site Plan for the Isanti Primary School to Allow the Addition of a Temporary Classroom as Allowed in the Conditional Use Permit Approved Through Resolution 2003-098
7. **Resolution 2022-166** Approving Capital Improvement Plan Fund Amendment
8. **Resolution 2022-167** Approving Agreement for Credit Card Payment Processing Service Provider

Mayor Johnson asked Council for discussion on if they would like to move forward with L.4.

City Administrator Josi Wood shared that per City Code 8-6. Planning Commission Section E (3) states: "Absence from any three meetings in a twelve-month period, unless excused in advance by the Chair, constitutes a vacancy. In the event of any vacancy, the City Council shall appoint a person to complete the unexpired term." Therefore, the City would post the vacancy and then go through Council to appoint an individual to the vacant seat.

Wood further shared that Mr. Collins has had more than three (3) unexcused absences as well as a number of excused absences. Therefore, staff felt it was time to bring to Council to term out the seat and open it up as a vacancy.

Councilmember Gordon asked if Mr. Collins had been made aware the he cannot miss more than three (3) meetings.

Wood shared that Collins was sent an email from staff informing him of the attendance requirements in City Code for the Planning Commission and that he may reapply for the Planning Commission if that is his desire.

Motion by Collison, seconded by Bergley to approve the consent agenda as presented. Motion carried 4-0.

SUMMARY OF TENTATIVE AGREEMENT

City of Isanti and International Union of Operating Engineers, Local 49

1. Articles 6.9, 13.1, 13.2 – Probation

The parties agree to increase the probationary period from six (6) months to one (1) year. This results in amendments to Articles 6.9, 13.1, and 13.2 as follows:

6.9 PROBATIONARY PERIOD: Means ~~six (6) months~~ one (1) year from the EMPLOYEE's date of hire. The probationary period for promoted or reassigned EMPLOYEEs will last for ~~six (6) months~~ one (1) year from date of promotion or reassignment.

***

13.1 All newly hired or rehired EMPLOYEEs will serve ~~six (6) months~~ one (1) year probationary period.

13.2 All EMPLOYEEs will serve a ~~six (6) month's~~ one (1) year probationary period in any job classification in which the EMPLOYEE has not served a probationary period.

2. Article 15.3 – Job Posting

15.3 The EMPLOYER has the right of final decision in the selection from all applicants (internal and external) to fill jobs based on qualifications, abilities and experience, as well as the right of final decision regarding initial placement on the salary schedule up to the Year 2 step.

(The parties also agree to enter into a MOU making the amended Article 15.3 effective to hires occurring prior to January 1, 2023.)

3. Article 17 – Health Insurance

Article 17 is replaced in its entirety with the following language:

17.1 Health Insurance. The EMPLOYER will provide a health and medical care insurance program to all full-time EMPLOYEEs. The EMPLOYER will pay 100% of the premium for single coverage health insurance. EMPLOYEEs choosing dependent care health coverage will be required to pay according to the current City policy in place as of 3/24/10. Essentially EMPLOYEE contributions toward the premium costs of dependent coverage will increase by the same percentages as the City's overall policy cost increase for the foreseeable future, however it is agreed that the current contribution policy will continue beyond the term of this AGREEMENT only if re-negotiated and agreed upon as part of any future labor agreement between the EMPLOYER and the UNION. Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week shall receive pro-rata health insurance benefits. The EMPLOYER shall have sole discretion in choosing and designating the health and medical care group insurance plan, provided that such plan shall be the same plan as available to non-union EMPLOYEEs of the City, and shall provide coverage and benefits at least equivalent to the coverages provided under the Public Employee Insurance Program (PEIP). For the duration of the 2023-2025 collective bargaining agreement, the EMPLOYER will offer EMPLOYEES the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

17.1.1 For the duration of the 2023-2025 collective bargaining agreement only, the City will contribute the annual IRS defined maximum to the employee's HSA account on a bi-annual basis in January and July of the calendar year for those benefit-eligible employees who are eligible to receive an HSA contribution and elect the PEIP HSA Compatible Plan. The amount will be pro-rated if less than a full year is worked. This provision shall sunset effective December 31, 2025.

17.1.2 For the duration of 2023-2025 collective bargaining agreement only, the City will continue to offer a $443.75 per month taxable Opt-Out Waiver payment for those benefit-eligible employees not electing health insurance coverage, upon presentation of certification for proof of coverage pursuant to City policy. This provision shall sunset effective December 31, 2025.

17.2 Life Insurance. The Employer will provide and pay the full cost of the premiums for, life insurance in the amount of $25,000.00 for each full-time employee.

17.3 Effective Date. The health and medical and term life insurance shall be in effect the first day of the first full month of employment.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is entered into by and between the City of Isanti ("City") and International Union of Operating Engineers, Local No 49 ("Union"). The City and the Union are hereinafter referred to collectively as the parties.

WHEREAS, the Union is the exclusive representative of all public works employees of the City who are public employees within the meaning of Minn. Stat. § 179A.03, subd. 14, excluding clerical, engineering, supervisory, confidential, and all other employees; and

WHEREAS, the parties have entered into a collective bargaining agreement ("CBA") covering the period of January 1, 2020 through December 31, 2022, which governs the terms and conditions of employment for City employees within the bargaining unit represented by the Union; and

WHEREAS, the parties have negotiated a successor collective bargaining agreement ("Successor CBA") covering the period of January 1, 2023 through December 31, 2025, which will govern the terms and conditions of employment for City employees within the bargaining unit represented by the Union effective January 1, 2023; and

WHEREAS, the Successor CBA contains new contract language pertaining to the probationary period for employees within the bargaining unit as well as the placement of newly hired employees on the salary schedule; and

WHEREAS, the City is currently engaged in the hiring process related to positions within the bargaining unit; and

WHEREAS, the parties wish to incorporate certain provisions contained in the Successor CBA into the CBA so that they are applicable to any hires related to positions within the bargaining unit occurring prior to January 1, 2023.

NOW, THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

1. **Immediate Implementation of Certain Contract Language from Successor CBA.** The parties agree that the certain contract language from the Successor CBA shall be implemented as follows, effective immediately upon execution of this MOU:

A. Article 6.9 is replaced with the following language:

6.9 PROBATIONARY PERIOD: Means one (1) year from the EMPLOYEE's date of hire. The probationary period for promoted or reassigned EMPLOYEEs will last for one (1) year from date of promotion or reassignment.

B. Articles 13.1 and 13.2 are replaced with the following language:

13.1 All newly hired or rehired EMPLOYEEs will serve a one (1) year probationary period.

13.2 All EMPLOYEEs will serve a one (1) year probationary period in any job classification in which the EMPLOYEE has not served a probationary period.

C. Article 15.3 is replaced with the following language:

15.3 The EMPLOYER has the right of final decision in the selection from all applicants (internal and external) to fill jobs based on qualifications, abilities and experience, as well as the right of final decision regarding initial placement on the salary schedule up to the Year 2 step.

2. **Duration.** This MOU shall remain in effect until January 1, 2023, at which time the Successor CBA becomes effective.

3. **Not Precedent Setting**. The parties agree that this MOU shall not be considered precedent setting, constitute a past practice, or be used as evidence in any proceeding involving the City and the Union other than for purposes of enforcement of this MOU.

4. **Mutual Drafting.** This MOU is the result of negotiations between the parties and, accordingly, shall not be construed for or against any party, regardless of which party drafted the MOU or any portion thereof. The MOU shall for all purposes be deemed to have been mutually drafted.

5. **Entire Agreement**. This MOU constitutes the entire agreement between the parties relating to the subjects set forth herein. No party has relied upon any oral statements or promises that are not set forth in this document. No changes to this MOU will be valid unless they are in writing and signed by the parties.

IN WITNESS WHEREOF, the parties have entered into this MOU on the dates shown below.

By signing below, each party specifically acknowledges that it has read this Agreement and that it understands and voluntarily agrees to be legally bound by all terms of the Agreement.

LABOR AGREEMENT
CITY OF ISANTI
And
INTERNATIONAL UNION OF OPERATING ENGINEERS
LOCAL NO. 49, ~~AFL-CIO~~

ARTICLE 1 PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti hereinafter called the EMPLOYER, and Local No. 49, International Union of Operating Engineers, ~~AFL-CIO,~~ hereinafter called the UNION.

The intent and purpose of this AGREEMENT IS TO:

1.1 Establish certain hours, wages and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENT'S interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties' agreement upon the terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 RECOGNITION

2.1 The EMPLOYER recognizes the UNION as the Exclusive Representative under Minnesota Statutes, Section 179.71, Subd. 3 for all public works EMPLOYEEs of the City of Isanti who are public EMPLOYEEs within the meaning of Minnesota Statute 179A.03, Subd. 14, excluding clerical, engineering, supervisory, confidential EMPLOYEEs, and all other EMPLOYEEs.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

2.3 Working Foreman/Leadman. The EMPLOYER and the Union recognize the job class of "Working Foreman/Leadman" as set forth in the job description reviewed and approved by the Bureau of Mediation Services, by its Unit Clarification Order dated February 13, 2009, BMS Case No. 09PCL0668, as a position included under the exclusive representation of the Union pursuant to the provisions of this Agreement.

ARTICLE 3 UNION SECURITY

In recognition of the UNION as the exclusive representative the EMPLOYER shall:

3.1 Deduct from each payroll period an amount sufficient to provide the payment of dues established by the UNION from the wages of all EMPLOYEEs authorizing in writing such deduction. The Union will inform the EMPLOYER of the applicable membership dues amount and initiation fees. These amounts will not change more than once per calendar year. Initiation fees, dues and other assessments shall commence thirty-one (31) days from the date of employment. The EMPLOYER shall provide a payroll deduction for EMPLOYEEs to make a voluntary donation to the Local 49 Political Action Fund.

3.2 Remit such deduction to the appropriate designated officer of the UNION.

3.3 The UNION may designate one EMPLOYEE from the bargaining unit to act as steward and shall inform the EMPLOYER in writing of such choice.

3.4 The UNION agrees to indemnify and hold the EMPLOYER harmless against any and all claims, suits, orders, or judgments brought or issued against the City as a result of any action taken or not taken by the City under the provisions of this Article.

3.5 The EMPLOYER agrees to make space available on the EMPLOYER bulletin board for posting of official UNION notice(s) and announcements.

3.6 The EMPLOYER agrees to make space available on the EMPLOYER'S premises to the UNION for meetings after business hours.

ARTICLE 4 EMPLOYER AUTHORITY

4.1 The EMPLOYER retains the full and unrestricted right to operate and manage all manpower, facilities, and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules; and to perform any inherent managerial function not specifically limited by this AGREEMENT.

4.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the EMPLOYER to modify, establish, or eliminate.

ARTICLE 5 EMPLOYEE RIGHTS – GRIEVANCE PROCEDURE

5.1 DEFINITION OF A GRIEVANCE
A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

5.2 UNION REPRESENTATIVES
The EMPLOYER will recognize representatives designated by the UNION as the grievance representatives of the bargaining unit having the duties and responsibilities established by this Article. The UNION shall notify the

EMPLOYER in writing of the names of such UNION representatives and of their successors when so designated.

5.3 PROCESSING OF A GRIEVANCE

It is recognized and accepted by the UNION and the EMPLOYER that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the EMPLOYEES and shall therefore be accomplished during normal working hours only when consistent with such EMPLOYEE duties and responsibilities. The aggrieved EMPLOYEE and the UNION REPRESENTATIVE shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the EMPLOYER during normal working hours provided the EMPLOYEE and the UNION REPRESENTATIVE have notified and received the approval of the designated supervisor who has determined that such absence is reasonable and would not be detrimental to the work programs of the EMPLOYER.

5.4 PROCEDURE

Grievances, as defined by Section 5.1, shall be resolved in conformance with the following procedure:

Step 1. An EMPLOYEE claiming a violation concerning the interpretation or application of this AGREEMENT shall within twenty-one (21) calendar days after such alleged violation has occurred, present such grievance to the EMPLOYEE'S supervisor as designated by the EMPLOYER. The EMPLOYER-designated representative will discuss and give an answer to such Step 1 grievance within ten (10) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it is based, the provision or provisions of the AGREEMENT allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the EMPLOYER-designated representative's final answer in Step 1. Any grievance not appealed in writing to Step 2 by the UNION within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the written grievance shall be presented by the UNION and discussed with the EMPLOYER-designated Step 2 representative. The EMPLOYER-designated representative shall give the UNION the EMPLOYER'S Step 2 answer in writing within ten (10) calendar days after receipt of such Step 2 grievance. A grievance not resolved in Step 2 may be appealed to Step 3 within the ten (10) calendar days following the EMPLOYER-designated representative's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the UNION within ten (10) calendar days shall be considered waived.

Step 3. The EMPLOYER and the Union, by mutual agreement, may utilize a grievance mediation process in an attempt to resolve a grievance before going to arbitration.

Step 4. A grievance unresolved in Step 3 and appealed in Step 4 may be submitted to arbitration. The EMPLOYER and the Union representative shall endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the parties cannot agree on an arbitrator, the selection of an arbitrator shall be made in accordance with the Rules established by the Bureau of Mediation Services.

The City and Union agree that a violation of the "On Call" provisions of the contract shall be considered a higher level violation and discipline shall begin at the written reprimand level.

5.5 ARBITRATOR'S AUTHORITY

A. The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the specific issues(s) submitted in writing by the EMPLOYER and the UNION, and shall have no authority to make a decision on any other issue not so submitted.

B. The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules, or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the EMPLOYER and the UNION and shall be based solely on the arbitrator's interpretation or application of the express terms of this AGREEMENT and to the facts of the grievance presented.

C. The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the EMPLOYER and the UNION provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made, providing it pays for the record. If both parties desire a verbatim record of the proceedings the cost shall be shared equally.

5.6 WAIVER

If a grievance is not presented within the time limits set forth above, it shall be considered "waived". If a grievance is not appealed to the next step within the specified time limit or any agreed extension thereof, it shall be considered settled on the basis of the EMPLOYER'S last answer. If the EMPLOYER does not answer a grievance or an appeal thereof within the specified time limits, the UNION may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each step may be extended by mutual agreement of the EMPLOYER and the UNION.

ARTICLE 6 DEFINITIONS

6.1 UNION: The International Union of Operating Engineers, Local No. 49~~, AFL-CIO.~~

6.2 EMPLOYER: The City of Isanti.

6.3 UNION MEMBER: A member of the International Union of Operating Engineers, Local No. 49~~. AFL-CIO~~

unavailable by phone to provide supervision and guidance. In the event the Public Services Director is absent and unavailable by phone; the Working Foreman will serve as the day to day supervisory Lead. In the absence of the Public Services Director and the Working Foreman, the assigned Utility Lead will serve as the day to day supervisory Lead. If the Public Services Director, the Foreman and the Utility Lead are all unavailable due to being out of town and unavailable by phone, then an appointed individual will serve as the supervisory Lead. This assignment will occur only when the Public Services Director, the Working Foreman and the Utility Lead are out of town or otherwise unavailable to supervise or provide work direction. When serving in the supervisory role as Lead, the appointed individual will receive Lead Pay as provided under the current Labor Agreement. This includes situations where the Public Services Director, Working Foreman, and the Utility Lead are on vacation over a weekend.

ARTICLE 7 SAVINGS CLAUSE

In the event any provision of this AGREEMENT shall be held to be contrary to law by a court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided, such provision shall be voided. All other provisions of the AGREEMENT shall continue in full force and effect. The voided provision may be renegotiated at the request of either party.

ARTICLE 8 WORK SCHEDULES

8.1 The sole authority in work schedules is the EMPLOYER.

8.2 The EMPLOYER will give seven (7) days advance notice to the EMPLOYEEs affected by the establishment of scheduled shifts different from the EMPLOYEE's normal scheduled shift. If a seven (7) day notice is not given prior to a scheduled shift change, all hours worked outside of the normal scheduled work day shall be paid at one and one-half (1 ½) times the EMPLOYEEs regular base pay.

8.3 In the event that work is required because of unusual circumstances such as (but not limited to) fire, flood, snow, sleet, or breakdown of municipal equipment or facilities, no advance notice need be given.

8.4 The normal work day shall be eight (8) consecutive hours of work. The normal work week shall be five (5) consecutive days within a 7-day period. There shall be a fifteen (15) minute coffee break (approximately 9:30) in the morning of the shift and a thirty (30) minute lunch break (approximately 12:00) at the midpoint of the shift and a fifteen (15) minute break (approximately 2:30) in the afternoon. The afternoon break may be combined with the lunch break at the midpoint of the shift, EMPLOYEEs will be allowed 10 minutes at the end of their shift for cleanup.

8.5 The EMPLOYER will establish a rotating schedule for on-call assignments. In the event of a change in this schedule, one (1) week's advance notice will be provided. The on-call EMPLOYEE will be available during that period for callbacks and the EMPLOYER will call that EMPLOYEE first should any call back be necessary.

The on-call EMPLOYEE shall be compensated one (1) hour at one and one-half (1 ½) times the EMPLOYEE's hourly base wage for each scheduled day, and three (3) hours at one and one-half (1 ½) times the EMPLOYEE's base wage per each rest day or holiday for scheduled daily rounds, if any. The on-call EMPLOYEE shall be compensated one (1) hour at one and one-half (1 ½) times the EMPLOYEE's base wage for any recognized holiday.

If a designated holiday is recognized on Monday, the on call EMPLOYEE shall carry the on-call phone/devices~~pager~~ through Monday and relinquish the on-call phone/devices ~~pager~~ on the Tuesday after the holiday.

The EMPLOYEE scheduled to be on call is required to have the City-provided on-call phone/devices~~cell phone/pager~~ with them at all times and must be able to respond to the City within 45 minutes.

It is the responsibility of the on-call EMPLOYEE to determine the need for backup help. If backup help is needed, the on-call EMPLOYEE will call in backup persons. The on-call EMPLOYEE must attempt to contact the Public ~~Works~~ Services Director.

If the on-call EMPLOYEE responds to perform work for the City, they shall be entitled to a call back as defined in Article 10 – Call Back. The EMPLOYEE will be compensated at one and one-half (1 ½) times their current wage for all hours over the two (2) hour call back.

EMPLOYEEs shall have the ability to monitor and reset SCADA monitoring software from home, EMPLOYEEs shall reset the system from home as needed and shall receive one (1) hours pay at one and one-half (1 ½) times their regular rate for each day they are on-call.

EMPLOYEEs shall have the option to receive compensatory time in lieu of pay, not to exceed six (6) hours, during each on-call week.

8.6 Calls for troubleshooting issues, that can be resolved remotely shall be compensated as overtime and paid to the nearest ¼ hour per call. This only applies when an employee does not qualify for Call Back under Article 10 for the same call or during their assigned week of on call duty.

8.7 Mandatory compensatory time payment shall be provided to the EMPLOYEE for EMPLOYER scheduled week-end (rest days) or holiday rounds at a rate of one and one-half (1 ½) times the hours worked for scheduled rounds to a maximum of 80 hours.

The City will offer and provide at city cost Hepatitis B Shots for all Public Works EMPLOYEEs during their probationary period.

ARTICLE 15 JOB POSTING

15.1 The EMPLOYER and the UNION agree that permanent job vacancies within the designated bargaining unit shall be filled based on the concept of promotion from within provided that internal applicants:

15.11 Have the necessary qualifications to meet the standards of the job vacancy; and

15.12 Have the ability to perform the duties and responsibilities of the job vacancy.

15.2 EMPLOYEEs filling a higher job class based on the provisions of this ARTICLE shall be subject to the conditions of ARTICLE 13 (PROBATIONARY PERIOD).

15.3 The EMPLOYER has the right of final decision in the selection from all applicants (internal and external) to fill jobs based on qualifications, abilities and experience, as well as the right of final decision regarding initial placement on the salary schedule up to the Year 2 step.

15.4 Job vacancies within the designated bargaining unit will be posted for five (5) work days so that members of the bargaining unit can be considered for such vacancies.

15.5 Upon receiving a promotion to a new classification, an employee's pay rate shall be adjusted to the first step in the new classification, which is higher than the employee's current rate.

ARTICLE 16 SENIORITY

16.1 Seniority will be the determining criterion for lay offs only when all job-relevant qualification factors are equal.

16.2 Seniority will be the determining criterion for recall when the job-relevant qualification factors are equal. Recall rights under this provision will continue for twelve (12) months after lay off. Recalled EMPLOYEEs shall have ten (10) working days after notification of recall by registered mail at the EMPLOYEE's last known address to report to work or forfeit all recall rights.

16.3 Seniority shall prevail in scheduling time off (comp or vacation) when put in before April 1 of calendar year for that year.

ARTICLE 17 HEALTH INSURANCE

17.1 Health Insurance. The EMPLOYER will provide a health and medical care insurance program to all full-time EMPLOYEEs. The EMPLOYER will pay 100% of the premium for single coverage health insurance. EMPLOYEEs choosing dependent care health coverage will be required to pay according to the current City policy in place as of 3/24/10. Essentially EMPLOYEE contributions toward the premium costs of dependent coverage will increase by the same percentages as the City's overall policy cost increase for the foreseeable future, however it is agreed that the current contribution policy will continue beyond the term of this AGREEMENT only if re-negotiated and agreed upon as part of any future labor agreement between the EMPLOYER and the UNION. Part-time EMPLOYEEs regularly scheduled to work thirty (30) hours or more per week shall receive pro-rata health insurance benefits. The EMPLOYER shall have sole discretion in choosing and designating the health and medical care group insurance plan, provided that such plan shall be the same plan as available to non-union EMPLOYEEs of the City, and shall provide coverage and benefits at least equivalent to the coverages provided under the Public Employee Insurance Program (PEIP). For the duration of the 2023-2025 collective bargaining agreement, the EMPLOYER will offer EMPLOYEES the choice of coverage pursuant to the PEIP Advantage Health Plan and the PEIP HSA Compatible Plan.

ARTICLE 25 UTILITY COMPUTER OR SPECIALIZED EQUIPMENT TRAINING

25.1 The City of Isanti will train all EMPLOYEEs in the use of utility computer and any other specialized equipment.

ARTICLE 26 LOSS OF COMMERCIAL DRIVER'S LICENSE

26.1 The purpose of this Article is to assist both Labor and Management in dealing with Commercial Driver's License (CDL) rules and suspension of licenses affecting EMPLOYEE'S ability to perform work duties.

The following conditions will apply to no more than one (1) Public Works employee in the Local 49 Bargaining Unit at any given time.

A. If an EMPLOYEE temporarily loses his/her driver's license and CDL, the EMPLOYER will accommodate the EMPLOYEE by assigning him/her to duties that do not require a driver's license/CDL, not to exceed twelve (12) months during the EMPLOYEE's tenure with the City, and not to exceed two (2) driver's license revocations, suspensions and/or withdrawals as a result of driving violations.

B. If the temporary loss of the EMPLOYEE's driver's license is the result of an alcohol-related offense, the EMPLOYEE will be required to comply with the recommendations of a Substance Abuse Professional. Proof of compliance with the Substance Abuse Professional recommendations will be provided to the EMPLOYER. Any second or subsequent loss of driver's license and/or

CDL privileges for drinking and driving offenses occurring during an EMPLOYEE's tenure with the City shall be deemed sufficient grounds for immediate termination of the offending EMPLOYEE's employment with the City.

C. The application of the provisions of this Article will begin for an individual as of the date of his/her license revocation, suspension or withdrawal regardless of subsequent procedures contesting the revocation suspension or withdrawal.

D. The provisions of this Article apply to driving violations outside the workplace.

E. The provisions of this Article do not apply to the Department of Transportation's required random testing.

F. A seventeen per cent (17%) decrease in pay will begin as of the revocation date. Any hourly wages not paid to an EMPLOYEE during the revocation of the EMPLOYEE's driver's license/CDL will not be reimbursed regardless of the outcome of any subsequent contesting of the revocation.

G. The EMPLOYEE must be able to obtain a State of Minnesota driver's license within 60 days.

ARTICLE 27 WAIVER

27.1 Any and all prior agreements, resolutions, practices, policies, rules and regulations regarding terms and conditions of employment, to the extent inconsistent with the provisions of this AGREEMENT, are hereby superseded.

27.2 The parties mutually acknowledge that during the negotiations which resulted in this AGREEMENT, each had the unlimited right and opportunity to make demands and proposals with respect to any terms or condition of employment not removed by law from bargaining. All agreements and understandings arrived at by the parties are set forth in writing in this AGREEMENT for the stipulated duration of this AGREEMENT. The EMPLOYER and the UNION each voluntarily and unqualifiedly waives the right to meet and negotiate regarding any and all terms and conditions of employment referred to or covered in this AGREEMENT or with respect to any term or condition of employment not specifically referred to or covered by this AGREEMENT, even though such terms or conditions may not have been within the knowledge or contemplation of either or both parties at the time this contract was negotiated or executed.

SUMMARY OF TENTATIVE AGREEMENT

City of Isanti and LELS Local # 217

1. Article 3 -- Definitions

Article 3 is amended to remove the definitions of "Promotion" and "Transfer," to add the new definition of "Special Assignment" and to modify the definition of "Probation Period" as follows:

SPECIAL ASSIGNMENT: The assignment of specialized work duties at the discretion of the Police Chief. Special Assignments are work assignments and shall not be considered a promotion or separation position or classification. Seniority shall not be impacted by time spent working Special Assignments.

PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. ~~The probationary period for promoted or reassigned employees will last for six (6) months from the date of promotion or reassignment.~~

2. Article 14 – Call Back Time

The following language is added to Article 14 to clarify that phone calls do not constitute a call back:

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (1-1/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum. Call back time shall not include phone calls, and must include the employee reporting to work at the office or the scene of an incident.

3. Article 16 – Seniority

Section 16.5 is removed in its entirety.

4. Article 17 – Compensation

Article 17 is modified as follows:

The following language is added to Article 17:

17.6 Police Investigator Special Assignment
Bargaining unit members may be appointed by assignment to the Police Investigator Special Assignment at the discretion of the Police Chief. Reassignment of a member from the Police Investigator Special Assignment shall not be considered a demotion nor disciplinary action, nor shall such reassignment be subject to the grievance procedures set forth in this Agreement. Members appointed to the Police Investigator Special Assignment shall be compensated as set forth in the Appendix A.

17.7 School Resource Officer (SRO) Special Assignment
Bargaining unit members may be appointed by assignment to the School Resource Officer (SRO) Special Assignment at the discretion of the Police Chief. Reassignment of a member from the School Resource Officer (SRO) Special Assignment shall not be considered a demotion nor disciplinary action, nor shall such reassignment be subject to the grievance procedures set forth in this Agreement. Members appointed to the School Resource Officer (SRO) Special Assignment shall be compensated as set forth in the Appendix A.

17.8 Longevity Credit for Prior Law Enforcement Experience
Outside experience as a full-time licensed peace officer in Minnesota prior to an Employee's full-time employment with the City shall be recognized at a rate of 50% (1-year prior full-time experience = 0.5 years longevity credit) for purposes of determining eligibility for longevity pay pursuant to Article 17.4. Longevity credit under this paragraph is capped at five (5) years.

5. Article 18 – Vacation

a. Section 18.1 is replaced in its entirety with the following language:

Vacation will accrue at the following rates:

ARTICLE ~~1~~ 1 -- PURPOSE OF AGREEMENT

This AGREEMENT is entered into between the City of Isanti, hereinafter called the Employer, and Local Number 217 of Law Enforcement Labor Services, Inc., hereinafter called the Union. The intent and purpose of this Agreement is to:

1.1 Establish certain hours, wages, and other conditions of employment;

1.2 Establish procedures for the resolution of disputes concerning this AGREEMENTS interpretation and/or application;

1.3 Specify the full and complete understanding of the parties; and

1.4 Place in written form the parties agreement upon terms and conditions of employment for the duration of this AGREEMENT.

The EMPLOYER and the UNION, through this AGREEMENT, continue their dedication to the highest quality of public service. Both parties recognize this AGREEMENT as a pledge of this dedication.

ARTICLE 2 -- RECOGNITION

2.1 The Employer recognizes the Union as the exclusive bargaining representative under Minnesota Statutes for all licensed peace officers as defined in Bureau of Mediation services Case No 96-PCE-1437, dated April 16, 1996.

2.2 In the event the EMPLOYER and the UNION are unable to agree as to the inclusion or exclusion of a new or modified job class, the issue shall be submitted to the Bureau of Mediation Services for determination.

ARTICLE 3 -- DEFINITIONS

3.1 UNION: Law Enforcement Labor Services, Inc., Local No. 217.

3.8 OVERTIME: Work performed in excess of an employees scheduled shift.

3.9 CALL BACK: Return of an employee to a specified work site to perform assigned duties at the express authorization of the Employer at a time other than a scheduled shift. An extension of or an early report to a scheduled shift is not a call back.

3.10 IMMEDIATE FAMILY: Immediate family shall include the employee's spouse, child, father, mother, spouse's mother, spouses father, grandchild, sibling-in-law, sibling, grandparent, grandparent-in-law, step parent, step brother/sister, step child.

3.11 DAYS: Unless otherwise indicated, mean the City's regular business days.

~~3.12 PROMOTION: A permanent change of an employee from a position in one work classification to a position in another work classification within the bargaining unit with more responsibility or duties and higher compensation.~~

~~3.13 TRANSFER: A change of employee from one position to another position in the same work classification or to another work classification, in the same compensation range within the bargaining unit, usually involving the performance of similar duties and requiring essentially the same basic qualifications.~~

3.~~14~~12 EMERGENCY: A crisis situation or condition which reasonably may be expected to endanger life or property as defined by the Employer.

3.~~15~~13 PROBATION PERIOD: Means one (1) calendar year from the employees date of hire. ~~The probationary period for promoted or reassigned employees will last for six (6) months from date of promotion or reassignment.~~

3.~~16~~14 RESIGNATION IN GOOD STANDING: An employee leaving service with the Employer after giving a two week notice, providing the employee has not been discharged for misconduct.

3.15 SPECIAL ASSIGNMENT: The assignment of specialized work duties at the discretion of the Police Chief. Special Assignments are work assignments and shall not be considered a promotion or separation position or classification. Seniority shall not be impacted by time spent working Special Assignments.

ARTICLE 4 -- NON-DISCRIMINATION

The Employer and the Union agree not to discriminate against any employee on any basis

prohibited by law.

ARTICLE 5 - UNION RIGHTS

In recognition of the Union as the Exclusive representative the Employer shall;

5.1 Deduct each payroll period an amount sufficient to provide the payment of dues established by the Union from the wages of all employees authorizing in writing such deduction; and

5.2 Remit such deduction to the appropriate designated officer of the Union.

5.3 The Union may designate certain employees from the bargaining unit to act as stewards and shall inform the Employer in writing of such choice.

5.4 The Employer shall make available to the Union mutually agreed upon facilities at reasonable times for the purposes of conducting Union business.

5.5 The Employer agrees to make space available on the Employer bulletin board for the posting of official Union notice(s) and announcements.

5.6 The Union agrees to indemnify and hold harmless the Employer against any claims, suits, orders, or judgments brought or issued against the Employer under the provisions of this article.

ARTICLE 6 -- EMPLOYER AUTHORITY

6.1 The Employer retains the full and unrestricted right to operate and manage all manpower, facilities and equipment; to establish functions and programs; to set and amend budgets; to determine the utilization of technology; to establish and modify the organizational structure; to select, direct and determine the number of personnel; to establish work schedules, and to perform any inherent managerial function not specifically limited by this AGREEMENT.

6.2 Any term and condition of employment not specifically established or modified by this AGREEMENT shall remain solely within the discretion of the Employer to modify, establish, or eliminate.

ARTICLE 7 -- SAVINGS CLAUSE

This AGREEMENT is subject to the law. In the event that any provision of this AGREEMENT shall be held to be contrary to the law by a Court of competent jurisdiction or administrative agency from whose final judgment or decree no appeal is made within the time provided, such provision shall be voided. All other provisions of this AGREEMENT shall continue in full force and effect. The voided provisions shall be renegotiated upon written request of either party.

ARTICLE 8 -- EMPLOYEE RIGHTS/GRIEVANCE PROCEDURE

8.1 A grievance is defined as a dispute or disagreement as to the interpretation or application of the specific terms and conditions of this AGREEMENT.

8.2 Union Representative. The Employer will recognize representatives designated by the Union as the grievance representatives of the bargaining unit. The Union shall notify the Employer in writing of the names of such Union representatives and of their successors when so designated.

8.3 Processing of a Grievance. It is recognized and accepted by the Union and the Employer that the processing of grievances as hereinafter provided is limited by the job duties and responsibilities of the employees and shall therefore be accomplished during normal working hours only when consistent with such employee duties and responsibilities. The aggrieved employee and the Union representative shall be allowed a reasonable amount of time without loss in pay when a grievance is investigated and presented to the Employer during normal working hours provided the employee and the Union Representative have notified and received the approval of the designated supervisor.

8.4 Procedure. Grievances, as defined by section 9.2, shall be resolved in conformance with the following procedure:

Step 1. An employee claiming a violation concerning the interpretation or application of this Agreement shall, within twenty-one (21) calendar days after such alleged violation has occurred or the employee through the use of reasonable diligence should have had knowledge of the occurrence of the alleged violation, present such grievance to the Police Chief At this step, the grievance may be presented either orally or in writing. The Police Chief will discuss and give an answer, in writing, to such Step 1 grievance within twenty-one (21) calendar days after receipt. A grievance not resolved in Step 1 and appealed to Step 2 shall be placed in writing setting forth the nature of the grievance, the facts on which it was based, the provision or provisions of the Agreement allegedly violated, and the remedy requested and shall be appealed to Step 2 within ten (10) calendar days after the Police Chiefs final answer in Step 1. Any grievance not appealed in writing to Step 2 by the Union within ten (10) calendar days shall be considered waived.

Step 2. If appealed, the grievance shall be in writing and presented by the Union to the City Administrator. The City Administrator will give the Union the

Employers Step 2 answer in writing within ten (10) calendar days. A grievance not resolved in Step 2 may be appealed to Step 3 within ten (10) calendar days following the Employer's final Step 2 answer. Any grievance not appealed in writing to Step 3 by the Union within ten (10) calendar days shall be considered waived.

Step 3 A grievance not resolved in Step 2, by mutual consent, may be mediated using the services of the Bureau of Mediations Services. A petition for mediation by either party stops all timelines. A grievance not resolved in mediation, may be appealed to Step 4.

Step 4. A grievance unresolved in Step 2 or Step 3 and appealed to Step 4 by the Union shall be submitted to arbitration subject to the provisions of the Public Employment Labor Relations Act of 1971 as amended.

The Union and the Employer will endeavor to select a mutually acceptable arbitrator to hear and decide the grievance. If the Union and the Employer are unable to agree on an arbitrator, they may request from the Director of the Bureau of Mediation Services a list of qualified arbitrators. The parties will alternately strike names from the list of arbitrators until only one (1) name remains. The remaining arbitrator will hear and decide the grievance. If the parties are unable to agree on who will strike the first name the question will be decided by the flip of a coin.

8.5 Arbitrator's Authority

8.5.1 The arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the terms and conditions of this AGREEMENT. The arbitrator shall consider and decide only the issue(s) submitted by the Employer and the Union in writing and shall have no authority to make a decision on any other issue not so submitted.

8.5.2 The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way the application of laws, rules or regulations having the force and effect of law. The arbitrator's decision shall be submitted in writing within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever be later, unless the parties agree to an extension. The decision shall be binding on both the Employer and the Union and shall be based solely on the arbitrator's interpretation or application of the express terms of this Agreement and to the facts of the grievance presented.

8.5.3 The fees and expenses for the arbitrator's services and proceedings shall be borne equally by the Employer and the Union provided that each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such record to be made,

providing it pays for the record. If both parties desire a verbatim record of proceedings the cost shall be shared equally.

8.6 Waiver. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the Employers last answer. If the Employer does not answer a grievance or an appeal thereof within the specified time limits, the Union may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each Step may be extended by mutual agreement of the Employer and the Union.

ARTICLE 9 -- DISCIPLINE

9.1 The Employer will discipline employees for just cause only. Discipline will be in one or more of the following forms

A. Oral reprimand
B. Written reprimand
C. Suspension
D. Demotion, or
E. Discharge

9.2 Suspension, demotions and discharges will be in written form.

9.3 Written reprimands, notices of suspensions, notices of demotion and notices of discharge which are to become part of an employee's personnel file will be read and acknowledged by signature of the employee. Employees and the Union will receive a copy of such reprimands and/or notices. Such documents more than twenty-four (24) months old may not be used for promotional evaluation or disciplinary action and shall be removed unless the original signed letter of discipline indicates otherwise.

9.4 Employees may examine their own individual personnel files at reasonable time under the direct supervision of the Employer.

9.5 Employees will not be questioned concerning an investigation of disciplinary action unless the employee has been given adequate opportunity to have a Union representative present at such questioning.

9.6 Grievances relating to this Article shall be initiated by the Union at Step 2 of the grievance procedure under Article 8 of this Agreement.

ARTICLE 10 -- JOB SAFETY TRAINING

10.1 The Employer agrees to provide employees with body armor as required by law.

10.2 The Employer will pay the cost of maintaining POST licensure.

10.3 The time an employee spends attending training, approved by the Chief and the City Administrator, shall be considered working hours for the purpose of computing wages and other benefits provided by this Agreement.

ARTICLE 11~~H~~ -- HOURS OF WORK

11.1 The normal work year is an average of two thousand eighty (2,080) hours to be accounted for by each employee through

a) hours worked on assigned shifts;
b) holidays;
c) assigned training;
d) authorized leave time.

11.2 Nothing contained in this or any other Article shall be interpreted to be a guarantee of a minimum or maximum number of hours the Employer may assign employees.

11.3 Scheduled shifts shall be bid by seniority prior to November 15th of each year.

ARTICLE 12 -- OVERTIME PAY

12.1 Hours worked in excess of the employee's scheduled shift will be compensated at one and one-half times the employee's regular base pay rate.

12.2 For the purpose of computing overtime compensation, overtime hours worked shall not be pyramided, compounded, or paid twice for the same hours worked.

12.3 Part-time employees will be scheduled to fill open shifts unless it results in the payment of overtime. Reimbursable contract overtime shall be offered to full-time employees prior to assigning part-time employees. Overtime shall be distributed as equally as practicable to the full-time members of the bargaining unit.

12.4 In lieu of monetary compensation, an employee may choose to receive compensatory time at the rate of time and one-half (l-l/2) to a maximum accumulation of eighty (80) hours.

12.5 Credit for overtime hours worked (pay and/or compensatory time off) shall only be given upon receipt of supervisor approved documentation as to the purpose and need for the overtime and must be approved by the City Administrator.

12.6 Overtime shall be paid to nearest 1/4 hour. Officers shall report their start time at the time

scheduled and any time worked over their shift as authorized by the Chief.

ARTICLE 13 -- COURT TIME

An employee who is required to appear in Court during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for a court appearance does not qualify the employee for the three (3) hour minimum. Overtime for court appearances shall be paid at the 1 1/2 times current rate of pay.

Court Standby: An off-duty employee who must remain available for a court hearing, and is required to call for verification that an appearance is necessary. An employee shall be compensated at the rate of $20.00 per day of standby only if no appearance is required. Compensation shall be paid for standby only on Tuesday, Wednesday, Thursday, and Friday. An employee may not receive standby pay and the court time minimum on the same day.

ARTICLE 14 -- CALL BACK TIME

An employee who is called to duty during the employee's scheduled off-duty time shall receive a minimum of three (3) hours pay at one and one-half (l-l/2) time the employee's base pay rate or for time worked, whichever is greater. An extension or early report to a regularly scheduled shift for duty does not qualify the employee for the three (3) hour minimum. Call back time shall not include phone calls, and must include the employee reporting to work at the office or the scene of an incident.

ARTICLE 15 -- STANDBY PAY

Employees required by the Employer to be on "stand-by" status will be compensated at the rate of one-half (1/2) their hourly base wages.

ARTICLE 16 -- SENIORITY

16.1 Definition: Seniority will be determined by an employee's length of continuous service with the Employer and posted in an appropriate location. Seniority rosters may be maintained by the Employer on the basis of time in grade and time within specific classifications. Full time employees shall always have seniority over part time employees. Seniority within the part time personnel shall not be transferable to a full time position.

16.2 Probationary Employees: During the probationary period, an employee may be discharged at the sole discretion of the Employer.

16.3 Lay-offs: Lay-offs are defined as separation from service by the Employer not related to discipline. Employees will be laid off by job classification seniority. Employees on layoff will have recall rights for one year after layoff. No employees will be hired in any job classification in which employees are laid off who have recall rights.

16.3.1 During a period when any employee is laid off under Article 16.2 the Employer agrees that overtime will not be used to subvert the need for the laid-off employee.

16.4 Vacancies: Job vacancies within the bargaining unit will be posted by the Employer in the department in a conspicuous place, for a period of ten (10) working days. An employee must apply for the position within the ten (10) working days posting time. An employee assigned to the posted job will be on probation for six (6) months, during which time the employee may be returned to their former position upon the request of the employee, without loss of seniority.

~~16.5 Transfers/Promotions: Seniority will be the determining criteria for transfer and promotions within the bargaining unit when the job-relevant qualifications are equal.~~

ARTICLE 17 -- COMPENSATION

17.1 Rates of Pay: Employees covered by this AGREEMENT shall be compensated in accordance with the Salary Schedule marked "Appendix A" attached hereto and made a part of this AGREEMENT.

17.2 Meals: Employees will be reimbursed for meals according to current policy.

17.3 The City shall pay the following lump sum payments to employees possessing a valid Post License and current Firearms Qualifications on December 31 of the preceding year. Payment shall be made in January of each contract year.

Post License	$325.00
Firearms qualifications	$300.00

17.4 Longevity
Longevity pay is based upon full length of service as a full-time officer in the City of Isanti from date of hire. Effective January 1, 2017, full time employees will receive longevity pay in accordance with the following schedule:

10 Years of Service – Two Percent (2%) above base wage rate
15 Years of Service – Four Percent (4%) above base wage rate
20 Years of Service – Six Percent (6%) above base wage rate

Longevity rates are applied to the base wage rate for full time employees for that year of tenure. The employee's anniversary date shall be the date used for the purpose of longevity increment movement.

17.5 Field Training Officer Pay at a rate of $2.00 per hour for hours when a Field Training Officer (FTO) is training a recruit. The EMPLOYER will designate who will be an FTO.

17.6 Police Investigator Special Assignment
Bargaining unit members may be appointed by assignment to the Police Investigator Special Assignment at the discretion of the Police Chief. Reassignment of a member from the Police Investigator Special Assignment shall not be considered a demotion nor disciplinary action, nor shall such reassignment be subject to the grievance procedures set forth in this Agreement. Members appointed to the Police Investigator Special Assignment shall be compensated as set forth in the Appendix A.

17.7 School Resource Officer (SRO) Special Assignment
Bargaining unit members may be appointed by assignment to the School Resource Officer (SRO) Special Assignment at the discretion of the Police Chief. Reassignment of a member from the School Resource Officer (SRO) Special Assignment shall not be considered a demotion nor disciplinary action, nor shall such reassignment be subject to the grievance procedures set forth in this Agreement. Members appointed to the School Resource Officer (SRO) Special Assignment shall be compensated as set forth in the Appendix A.

17.8 Longevity Credit for Prior Law Enforcement Experience
Outside experience as a licensed peace officer in Minnesota prior to an Employee's full-time employment with the City shall be recognized at a rate of 50% (1-year prior full-time experience = 0.5 years longevity credit) for purposes of determining eligibility for longevity pay pursuant to Article 17.4. Longevity credit under this paragraph is capped at five (5) years.

ARTICLE 18 -- VACATION

18. 1 Vacation will accrue at the following rates:

Years of Service	Annual Accrual
First (1) year	6 days (48 hrs.)
Second (2) year	12 days (96 hrs.)
Sixth (6) year	18 days (144 hrs.)
Tenth (10) year	24 days (192 hrs.)
Fifteenth (15) year	27 days (216 hrs.)
~~0 through 1 year~~	~~6 days / 48 hrs. / yr.~~
~~After two (2) years~~	~~12 days / 96 hrs. / yr.~~
~~After six (6) years~~	~~18 days / 144 hrs. / yr.~~
~~After ten (10) years~~	~~24 days / 192 hrs. / yr.~~
~~After fifteen (15) years~~	~~27 days / 216 hrs. / yr.~~

18.2 ~~48 hours of unused vacation and the Employee's annual accrual may be carried over from year to year.~~Employees may carry accrued vacation leave up to a maximum of 480 hours.

18.3 When an employee terminates employment with the City in good standing, the employee shall receive the value of 100% of vacation time earned but unused as severance pay.

18.4 Seniority shall apply on vacation scheduling up to March 1st of each year. After March 1st, vacation scheduling shall be on a first come, first serve basis.

18.5 Vacation Donation Option: An employee may voluntarily donate their accumulated vacation hours (up to a max of 2 days / or 24 hours) to other employees whose accumulated leave balances are exhausted and who would otherwise be subject to a loss of income during a continued absence from work due to illness or injury. Donations will not be paid until all types of paid leave are exhausted by the recipient. The donated time will be paid to the recipient at the recipient's regular rate of pay on an hour per hour basis, and there will be no consideration for differences in wage rates applied to the transfer.

ARTICLE 19 -- LEAVES OF ABSENCE

19.1 Military Leave. Any military leave of absence shall be handled as provided by law.

19.2 Negotiating Committee. An employee elected to serve on the negotiating committee representing the bargaining unit members shall suffer no loss of pay if negotiations are held during the employee's on-duty hours. The employee shall not be eligible for overtime or straight time if meetings are held during the employee's off-duty hours.

19.3 Jury Duty. Employees required to serve on jury duty will be compensated by the Employer for the difference between the employee's regular rate of pay and the amount paid for jury duty.

19.4 Parenting Leave. Unpaid parenting leave is available to employees pursuant to law.

ARTICLE 20 -- SICK LEAVE

20.1 All full-time employees shall be credited with 8 hours of sick leave for each month of service, with a maximum accumulation of 480 Hours.

20.2 Employees may use their accrued sick leave for an illness or injury of the employee, employee's immediate family, and or to attend the funeral of a fellow employee. "Immediate family" will be defined by, and limited by, Minnesota Statutes Section 181.9413.

20.3 Upon termination of an employee in good standing and with five years consecutive employment, the employee shall be reimbursed one-half pay for sick days not used to a maximum of four hundred eight (480) accumulated hours at the employee's current rate of pay; and the employee shall be reimbursed for any unused sick leave for hours accrued in the termination year at the rate of one-half (1/2) of the employee's daily salary based on a maximum of accrual of ninety-six (96) hours.

20.4 An employee who is drawing worker's compensation shall be allowed to use accumulated sick, vacation, or compensatory leave as necessary to insure a full monthly paycheck, providing that employee shows documentation to the Employer.

20.5 The Employer may require an employee to submit a medical certificate verifying that the employee may return to work.

20.6 At the employee's option, the employee may sell back to the Employer unused sick leave in excess of 480 Hours up to a maximum of six (6) days in any one year and receive for said sick days compensation at the normal rate of compensation then being received. In computing this option, each year's accumulation is added to the previous accumulation and of that total any portion in excess of 480 Hours may be sold back under this provision up to six (6) days in any one year.

ARTICLE 21 -- FUNERAL LEAVE

21.1 Funeral Leave is defined as paid leave not charged to an employee's sick leave or vacation leave, given in the event of a death in the employee's immediate family. (See Article 3.10)

21.2 Funeral leave in an amount equal to three eight hour work days or 24 work hours shall be granted to each employee in the event of a death in the Employees immediate family. Requests for funeral leave will not be denied if the Employer's needs can be accommodated during the proposed absence.

21.3 Additional days. Additional leave time may be taken only with the permission of the City Administrator. These additional days will be charged against accumulated sick leave or vacation leave at the employee's discretion.

ARTICLE 22 -- INSURANCE
