Public Notice

Due to our fantastic, dedicated staff and understanding residents, we've had the ability to not only offer essential services within the City of Isanti, but exceed to the level of offering all City services while we remained closed to the public. To observe the Governor's Order, we must limit groups of people for the safety of our staff and our residents, therefore, City Hall will remain closed to the public until May 29th. Beginning June 1st, we anticipate opening fully to the public and maintaining and observing social distancing and other Orders that are in place at that time.

Governor Walz shared at his May 13th press release that there is the possibility that the dial may get moved back and forth as MN opens more and more, therefore, I ask for your patience and cooperation as things may change as the information from our Governor is unknown for the future Orders.

Sincerely,

A handwritten signature in black ink that reads "Josi Wood". The signature is written in a cursive, flowing style.

Josi Wood
City Administrator
